

When His Eyes Opened Chapter 2532

Chapter 2532

At 6:30 p.m.

A silver luxury car drove to Hogan's yard and stopped.

Siena stood in the courtyard of the auxiliary building, secretly watching the situation on the other side of the main building.

After she saw the silver luxury car stop, a tall, well-dressed young girl got out of the car.

From a distance not far away, Siena saw the exquisite makeup on the daughter of the Lawson family. She had long, smooth curly hair that naturally fell on the white fur on her body.

The girl should not be very old, but she was very fashionable and mature.

Underneath her white fur was a tight red dress.

On her feet were a pair of knee-high black leather boots.

The bag on her shoulder was shining brightly under the street lamp.

Crispy's nose suddenly became sour.

She was so envious!

She envied that Piper was wearing a beautiful cloth, carrying an expensive bag, and was holding a mobile phone.

Even Piper's mobile phone case was so bright that people couldn't take their eyes off it.

What she envied the most was actually that who Piper likes could say it openly and used family conditions to meet with the other party.

Master Hogan and his wife came out to welcome Piper into the house in person.

Siena watched the gate of the villa in the main building close, and the light in her eyes suddenly dimmed.

There was light snow in the sky, Siena stood in the snow and didn't feel cold.

When Lucas asked her to come back to work, she could get double wages, and she would be able to pay off her debts in a short time.

After paying off the debt, she would only have to earn her own tuition and living expenses in the future, and her life would definitely become easier.

It's not that she didn't know that the end point that some people could reach through a lifetime of struggle might be just the starting point for others.

She seldom envied others. Her mother-in-law taught her to live a good life and be safe and healthy, which was the greatest blessing. So she had been very optimistic.

But tonight, she was a little depressed.

It was probably when Master Hogan and Madam Hogan drove her away a few days ago, saying that she was a toad who wanted to eat swan meat, and told her not to miss Lucas.

Originally, she hadn't thought about this, but after being scolded by Master Hogan and Madam Hogan, she couldn't help thinking about it.

It's okay if she didn't want to, but it's sad to think about it.

Outsiders didn't know that the scars on her face were fake, aside from the fact that she was not ugly, she was not good enough for Lucas.

Unless Lucas was not the young master of the Hogan family.

But Lucas was the young master of the Hogan family, this assumption was not valid, so she and Lucas would never be possible.

When she came back this time, although she was very grateful to Lucas, she would always remind herself to keep in mind the propriety and maintain a good relationship between master and servant with Lucas.

Main building.

After seeing Lucas, Piper took the initiative to sit down beside him.

"You look more handsome than in the video." Piper did not hide her admiration for Lucas, "I have long disliked Austin Gagnon. I have already said that I don't like him, and he always sends me messages, in the end I couldn't take it anymore and blocked him. Who knows, he continued to add me with a trumpet. Hehe!"

After hearing Piper's words, Lucas didn't know how to answer her, so he didn't say a word.

Master Hogan became anxious, and immediately said with a smile: "Piper, is your family trying to match you and Austin?"

“Hehe! How is it possible! My dad doesn’t like Austin! I’m still in school, and my parents aren’t in a hurry to find a partner. I’m in a relationship now, and they don’t care about me.” Piper answered Master Hogan’s question then, looking at Lucas, “Have you gone to college yet?”

“He’s going to take the big exam soon. But he’s actually twenty years old, and his ID card is two years younger than his actual age.” Master Hogan hurriedly continued to talk, “You two are about the same age! We just have a topic to talk about.”
