Chapter 2568

“Normal. If I were a man, I would see our daughter asking for marriage, and I couldn’t help sending an email to try.” After wiping her face, Avery walked to Elliot’s side and glanced at the computer screen.

Elliot just clicked on Cyrus Hogan’s email.

“This young man is quite well-behaved.” Avery casually glanced at Cyrus Hogan’s resume and then saw the red and bold phrase ‘Acceptable for marriage’, “Haha, this young man can marry for marriage!”

“He’s the toad who wants to eat swan meat! The man in this world who wants to marry into our family can go around the earth several times. He thinks that he can make me look different by adding this sentence in red and bold?! I suspect that he has a problem with IQ.” As Elliot said, he deleted Cyrus Hogan’s email.

“Honey, don’t read it. I’m afraid that if you read it for a while, you will lose sleep later.” Avery closed his notebook and took it away.

“Honey, what should I do if Layla can’t find a suitable partner?” Elliot wasn’t in a hurry at first, but after he started looking for a marriage for his daughter, his thoughts went to another extreme. “She’s all alone.”

“Isn’t there still Hayden and Robert? Why is she alone?” Avery took the notebook to the table and put it down, then went back to the bed and sat down next to Elliot.

“Will Hayden and Robert be able to take care of Layla after they marry their wives?” Elliot said worriedly, “I’m not worried about Robert. Robert will definitely find a wife in the future. I’m not worried about Hayden either. Even if Hayden doesn’t find a wife in the future, he must be able to arrange himself very well. I am worried about Layla...”

“You should worry about who will die first between the two of us in the future!” Avery felt that he was simply idle, “If you die first and leave me alone, what should I do?”

Elliot: “The three children will take care of you. If they don’t take good care of you, I’ll be a ghost, and I won’t let them go.”

Avery: “...”

It seemed a little heavy to talk about this topic at night.

“If you can take care of yourself, you don’t have to disturb the children.” After a few seconds of silence, Avery said, “If I leave first, will you look for me again?”

Elliot knew what Avery was talking about, but he didn’t want to answer the question: “I’ll leave as soon as you leave.”

Avery: “...”

Elliot: “So you have to live well.”

Avery: “Who would deliberately seek death. I’m using a metaphor.”

Elliot: “I can’t live without you.”

Avery: “Okay! Then let’s sleep! Don’t worry too much. Anxiety won’t do anything; it will only consume our energy. You see, we have been asking for so many years and Haze’s whereabouts are always disappointing... If anxiety can make me find Haze, I will not sleep tonight. Not only will I not sleep by myself, but I will drag you along to be anxious together.”

This was really a bad joke.

Elliot: “Maybe this child really left this world very early. Otherwise, there will be no news of her all the time.”

Avery sighed: “Yes! I hope she doesn’t suffer any pain when she leaves.”

Elliot: “I hope she has been reincarnated into a happy family.”

Avery: “Why does she have to be reincarnated?”

Elliot was stunned.

Avery: “I didn’t say it’s bad to be alive. I’ve been thinking about a question recently, such as where do people go after death and whether there are other planets with intelligent life outside our planet; Besides, is there a more vast mysterious space? If so, what would it be like?”

Elliot looked at Avery’s face and didn’t know what to say for a while.

“Actually, there are many things to think about in life. You don’t have to worry about your children’s marriage all day long.” Avery wanted Elliot to relax.

But Elliot raised his vigilance: “Did Eric tell you something? He asked you to speak for him?”
