

When His Eyes Opened Chapter 2756

Chapter 2756

Hazel was very surprised. She didn't know that her dad and sister were coming back today.

Holding her mobile phone, she said to the female classmate beside her, "Sorry! I have to go home now. Next time I have a chance, I will treat you to dinner."

The female classmate understood and said, "Then you go first! I will eat by myself."

"Hmm." Hazel responded and walked out of the cafeteria with her mobile phone.

"Little sister, who were you talking to just now?" Robert heard what Hazel said just now.

"A female classmate." Hazel replied, "Second brother, where are you now?"

"I'm almost at the gate of your University." Robert said calmly, "You met another new friend?"

"No, it's a coincidence. I asked the teacher to introduce me to a teacher who can help me make up lessons, and our teacher introduced one to me. It turned out that the teacher who gave me make up lessons was the aunt of this female classmate." Hazel simply told the second brother about the matter, "This female classmate feels pretty good, and she shouldn't be the kind of person who talks nonsense."

Robert himself was a man of the hour in University, and everyone knew that he had a lot of background, so Robert had never Hazel's troubles.

Robert stood in Hazel's position and said, "Anyway, don't trust others."

"I understood." When Hazel said this, she thought of her dad and sister, and the corners of her mouth suddenly rose, "Why didn't you tell me in advance when Dad and sister came back?"

"I only found out after they came back. Maybe they also decided to come back temporarily!" Robert said.

"How is sister? Has she recovered?" Hazel asked.

Robert: "I haven't seen them yet! Dad called me and asked me to take you home for dinner. When he called me, he had just got off the plane. I answered his call and asked for leave to pick you up."

Hazel: "You can ask the driver to pick them up!"

Robert: "The driver is picking them up."

Hazel: "Oh! I can take a taxi home by myself."

Robert: "Isn't it good for your brother to pick you up?"

Hazel laughed: "Of course. But you asked for leave to pick me up, didn't you delay your class?"

Robert: "Even if I don't come to pick you up, I still have to ask for leave to go home and have dinner with you! You don't have to worry about my study, my study is good! Even if I don't come to College every day, I can pass the class."

Hazel: "Why?"

"Because your brother is smart!" Robert laughed.

Hazel blushed in embarrassment: "Second brother, you look so stupid to me!"

The two of them asked for leave together to see their sister, but after returning to Aryadelle, she had to make up lessons every day to keep up with the progress of her studies, but the second brother did not care at all. As if affected.

After seeing her second brother return to Aryadelle, Hazel took part in various activities as usual and had a good time every day.

Because the second brother liked to post on Moments, Hazel knew.

"Little sister, of course you are not stupid. I know you have been admitted to a good university in Thopiavelle!" Robert boasted, "I have arrived at the gate of your university. Shall I get out of the car and wait for you?"

"Second brother, I recognize your car. It's cold outside, so you wait for me in the car." Hazel was almost at the university gate.

Robert: "I thought you didn't let me get out of the car because you were afraid of being recognized by your classmates! Haha!"

Hazel blushed slightly: "There are also considerations in this regard. If some classmates who know me see me getting into your car, they will talk behind my back."

"Will they say you found a rich boyfriend?" Robert teased.

Hazel: "Maybe! Anyway, they have very rich imaginations."

“Just say they are your relatives.” Robert gave her a suggestion, “Who doesn’t have one or two rich relatives!”

“That’s right. Then I’ll try next time.” Hazel came out from the university gate and saw her brother’s car at a glance.

She ran over quickly and got into the car.

....

Foster family.

After Elliot and Layla returned home, the maids immediately carried their luggage back to their respective rooms.

Layla turned on the phone and reported to Avery and Hayden that they were safe.

When His Eyes Opened Chapter 2757

Chapter 2757

Also Layla sent messages to her best friend, Daisy at the same time.

After her accident in Bregon, Daisy called her a lot and sent her a lot of messages.

When she was recuperating in Bridgedale, Daisy even wanted to visit her in Bridgedale, but she refused.

Now that she had returned home, she wanted to tell Daisy.

On the other side of the company, the executives were very concerned about her health, so she replied to the executives one by one with the news of her return to Aryadelle, so as to prevent them from thinking wildly.

After a while, Robert’s car drove into the front yard.

Seeing the Hazel and Robert coming back, the maid asked Elliot if it was time to serve.

Elliot nodded and stood up from the sofa.

“Sister!” Hazel got out of the car, saw Layla coming out of the villa, and ran over immediately.

Layla gave Hazel a hug after she ran over.

Hazel: “Sister, let me take a look at you.”

"I have fully recovered." Layla turned around in front of Hazel.

"That's good." Hazel went to the door to change her shoes, and then dragged Layla into the house, "Dad!"

Elliot: "I heard you've been living outside recently."

"Well, I found a teacher to help me make up lessons. The house over there is more convenient." Hazel returned, "Dad, why didn't you tell us in advance when you came back?"

Elliot: "I want to give you a surprise."

Hearing his dad say this seriously, Hazel couldn't help but stop laughing.

"Let's eat first!" Elliot said to the children when he saw the maids bringing the food to the table.

"Dad, when is Mom going to come back?" Robert asked after taking his seat.

"We have to wait until after Eric's surgery." Elliot replied.

"Oh...is it so hard to find a donor?" Robert A little anxious.

"We need a type match." Elliot didn't know much, "I heard from the doctor that this kind of organ transplant usually has to wait."

Robert: "I hope to find a suitable donor before the end of the year. This way we can have a happy new year."

Elliot: "Yeah."

After dinner, Hazel went back to her room to make up lessons.

She couldn't make up lessons face-to-face today, so she would use video Call.

After the two connected the video call, the teacher saw the background of her room.

"Hazel, your room is so beautifully decorated. It's like the princess's room I saw on TV." The teacher said with a smile.

Hazel looked around the room. She got used to it by herself and didn't feel anything. But when she saw this room for the first time, she was also shocked.

Mom and Dad spoiled her like a princess.

So the decoration of the room was more luxurious and dreamy.

“Well, my parents love me more.” Hazel said lightly, “I saw your niece at University today, and today I have a class with her.”

The teacher: “Oh, she asked me about you But I didn’t say much. My niece is very nice, and she won’t tell you about your make-up lessons.”

“Well, I should make up two lessons so I don’t need to make up lessons.” Hazel said.

“If you have nothing else to do tonight, I can finish it for you tonight.” The make-up teacher said, “Actually, this professional theoretical knowledge is not the most important thing. The important thing is that you should practice more.”

...

Another room.

After taking a shower, Layla dialed Eric’s mother.

When His Eyes Opened Chapter 2758

Chapter 2758

The call was quickly connected.

“Auntie, I’m Layla.” Although Layla called Eric uncle before, she always called Mrs. Santos auntie.

Because Mrs. Santos was very beautiful. Even though she was old, she was charm.

Every time Layla went to Eric’s house and called Mrs. Santos auntie, she would not call Eric uncle, but just call him by his name.

If it was normal, Mrs. Santos would definitely be very enthusiastic and happy when she received a call from Layla.

But now, Eric had become like this, and she still didn’t know if the operation would be successful. Mrs. Santos’s heart was very heavy and sad.

Mrs. Santos didn’t have the energy and thought to force a smile on people.

After Mrs. Santos responded, Layla continued: “Auntie, I’m back in Aryadelle. I want to visit you and uncle tomorrow.”

Mrs. Santos hesitated, and then agreed.

“Then I won’t disturb your rest. See you tomorrow.” Layla finished talking on the phone and hung up.

Although Mrs. Santos didn’t blame Layla on the phone, Layla was already overwhelmed by guilt.

.....

Santos villa.

After talking on the phone with Layla, Mrs. Santos sat by the bed, weeping absentmindedly.

Mr. Santos took out a tissue and wiped his wife’s tears.

“Wife, don’t cry. It’s not Layla’s fault.” Mr. Santos sighed, “If our son didn’t have that kind of thought for Layla, could he be called to that place casually? It’s fate. Let’s accept our fate!”

Mrs. Santos: “I know this is fate... I don’t blame anyone... What right do I have to blame them? If Avery hadn’t rescued our son back then, Our son may have died long ago. He has lived for so many years, we are not at a loss.”

Mr. Santos nodded: “That’s the reason! And isn’t our son still dead? Isn’t Avery telling us about his situation every day? As long as he is not dead, there is still hope!”

Mrs. Santos leaned on her husband’s shoulder, said: “Why is our son so miserable! I feel sorry for him.”

Mr. Santos: “He’s not suffering. At least his career is going well. He told me that all the goals he wanted to achieve in his life have been achieved, even if he really passed away unfortunately, he shouldn’t be in pain.”

Mrs. Santos: “He is not in pain, but we are in pain!”

Mr. Santos pursed his lips and did not answer.

Although what Mr. Santos said was calm, why didn’t he feel pain in his heart?

The most painful thing in life was the loss of one’s mother in one’s early years and one’s son in one’s old age.

The next day, Mr. Santos and his wife went to the vegetable market early in the morning to buy vegetables.

Because Layla said last night that she would come today, Mrs. Santos planned to cook for herself.

After Layla had breakfast, she drove here by herself.

After she got off the car, she took out the gift she had brought.

The door of the villa was always open.

When Mr. Santos saw Layla's car stop, he immediately changed his shoes and came out to greet her.

When His Eyes Opened Chapter 2759

Chapter 2759

"Uncle," Layla shouted immediately when she saw Mr. Santos.

Mr. Santos responded, seeing that she came alone, so he asked, "Did you drive here by yourself?"

Layla: "Yes."

Mr. Santos took the gift from Layla's hand: "Your aunt is cooking in the kitchen. You like to eat She cooks the dishes, so she will cook herself later."

"It doesn't need to be so troublesome. We can go out to eat later." Layla didn't want to burden the two elders.

"I bought a lot of vegetables this morning, so let's eat at home!" Mr. Santos said, and brought a pair of clean slippers for Layla. "This is the pair you wore last time. It's clean after washing."

While Layla was changing her shoes, Mrs. Santos came out of the kitchen.

"Auntie." Layla changed her shoes and strode towards Mrs. Santos, "Auntie, I'm sorry. I came here today to apologize to you and uncle."

"Your parents called us and apologized too." Mrs. Santos suppressed her sadness, "Did he ask you to call us! Before he had an accident..."

Layla held Mrs. Santos's hand and sat on the sofa sit down.

Mr. Santos sat down on the other side and wanted to hear about the situation at that time.

“He asked me to take care of his property, and the money will be given to you and uncle for retirement.” Layla said truthfully, “But I don’t plan to do that. Because he will be fine. My mother said that as long as a suitable donor is found, she can perform an operation on him. The chance of success of the operation is very high. After the operation is successful, he will gradually return to normal. He will return to you and uncle, and will give you old age.”

Layla’s words made Mrs. Santos’s psychological defense collapsed, and her eyes were wet.

“Layla, we think so too.” Mr. Santos pulled out a smile, “He’s not dead yet, there’s still hope for everything.”

“Yeah. I went to see him before I went back to Aryadelle.” Layla paused after saying this, “He’s still alive. I saw the lines on the ECG monitor beating. That’s his heartbeat.”

Mrs. Santos Choked up and said: “I want to see him too. But your mother told me to go see him after the operation. In fact, we can also live in Bridgedale and wait...Wherever we wait, we always wait!”

“My mother is afraid You and uncle are close to him, and you feel more anxious.” Layla explained, “When I was in Bridgedale, I wanted to go to the hospital every day. But I couldn’t help at all by going to the hospital, and it would only make my mother follow her anxious.”

Mrs. Santos nodded: “I understand... I understand your mother’s feelings. If I go to Bridgedale with Mr. Santos, your mother will definitely be under great pressure. We’d better wait in Aryadelle. We trust your mother very much. With your mother watching Eric over there, we are very relieved.”

“Me too.” Layla took a deep breath and told them her plan, “Uncle, auntie, wait for Eric Wake up, I want to marry him. No matter what he looks like in the future, as long as he is alive, I will marry him. I want to use the rest of my life to make up for him and take care of him.”

Mrs. Santos and Mr. Santos were stunned.

Layla continued, “My parents won’t care about me anymore, so now I mainly ask for your consent. I’ve already considered this matter. If Eric dies, I will never marry for the rest of my life and will take care of you.”

Mrs. Santos held back tears and fell again: “Layla, you don’t need to be like this... really unnecessary. We don’t blame you... really don’t blame you. Eric can live to Now, it’s a blessing in misfortune. If your mother hadn’t kindly saved him, he would have left us long ago.”

“I don’t care about the matter between him and my mother. I only know that I-I want to marry him, and I will be with him in the future. If he stays in bed for the rest of his life, I will take care of him for the rest of his life. If he can return to normal, I will live with him...I want to give birth to his child, and then raise the child with him.” Layla had planned the future and made up her mind to do so.

She knew that Eric’s parents would not stop Eric.

Like Eric, his parents were kind-hearted and very talkative.

Mrs. Santos held Layla’s hand and sighed heavily: “We’ll talk about it when Eric wakes up. We won’t interfere with your affairs. As long as you are good, we can do whatever we want.”

Layla said with red eyes: “Auntie, I’m really sorry. I won’t be so willful and reckless in the future. I won’t torment him again.”

When His Eyes Opened Chapter 2760

Chapter 2760

Mrs. Santos: “Layla, I can be regarded as watching you grow up. You are very sensible and obedient. This accident was due to your bad luck, and it was not your intention. I don’t blame you. There is no need to apologize to me anymore. You stay and eat, and I will cook.”

Layla: “Let me help you!”

Mrs. Santos: “No. Your uncle will help me. You rest here. Only a few days had passed since your hospital discharge. You’ve not fully recovered.”

“I’ve recovered. Otherwise, my parents wouldn’t let me go out of the hospital.” Layla replied.

“It’s good... If you are like Eric, I will be even more sad.” Mrs. Santos looked at Layla’s face and said, her heart was completely untied, “Why don’t you watch TV for a while!”

Layla didn’t want to watch TV. So she asked: “Auntie, can I go to Eric’s room for a while?”

“Go!” Mrs. Santos replied.

Eric brought Layla to play before, and Layla knew which room Eric was in.

Apart from Mrs. Santos, Layla was the only one who had entered Eric’s room.

Eric hardly ever invited people of the opposite s-e-x over to the house.

Because he owned real estate outside, he usually invited friends to play at home, all of which were outside his real estate.

Those who could be brought back to their parents' house had a particularly good relationship.

After Mr. Santos and Mrs. Santos went to the kitchen, Layla walked towards Eric's room.

Every one or two months, Eric would return for a brief visit. However, it was very clean inside because his room was cleaned almost daily.

Layla pushed open the door and saw that the furnishings inside were almost the same as those she had seen a long time ago.

Wasn't there a display cabinet in Layla's room? Her display cabinet was constructed in accordance with Eric's room's display cabinet.

There were several display cabinets in Eric's room, which were filled with various trophies, which were very spectacular at first glance.

These were all Eric's hard work over the years.

Only he himself knew how much bitterness and blood and sweat he had experienced.

Layla walked to the display cabinet and looked at each trophy carefully.

After reading all the trophies, she walked to the desk by the window.

There was a bookshelf above the desk.

She looked up at the bookshelves, which were mostly magazines.

A large part of them were magazines he had photographed before.

There were also some books given to him by others.

Layla was a little tired from standing, so she sat down in the chair.

There was a laptop and an iPad on the desk.

This iPad was a bit dated, in stark contrast to the newest laptop next to it.

Layla felt that the iPad looked familiar, so she picked it up.

She pressed the power button, unexpectedly, it turned on the screen directly.

The iPad didn't even have a security passcode set up.

She turned on the iPad, looked at the modern interface, and felt that it was an electronic product left over from many years ago.

She casually clicked on the photo album, unexpectedly, she saw her own photo.

She turned over the photos one by one, her face getting redder.

Because these photos were taken by herself with her iPad. There was even a group photo of her forcing Eric to take a selfie together.

After flipping through the photos, she saw the video in it... and the protagonist of the video in it was also her.

Familiar memories suddenly flooded into her mind.

Her singing, dancing and other talents were basically taught by Eric from professional teachers.
