Chapter 951

He probably felt that he had the responsibility to help Avery entertain female guests, so he always cooperated with the ladies to take photos, sign autographs, and chat.

After coming here, he didn't even have time to take a sip of water.

“Why don't you call Eric over to have something to eat!” Avery said to Mike.

“Don't be funny, they don't care about me at all.” Mike sighed, “Eric is so handsome, no wonder Elliot always has a sense of crisis.”

“How do you know that Elliot has a sense of crisis?” Avery didn't see it.

“Don't you think Elliot dressed up like a peacock today?” Mike teased, “Don't tell me that he is so handsome and compelling to show these little kids.”

Avery couldn't help laughing: “You Greet the little guests here and I'll go see Robert.”

“If Robert wakes up, take him to play!” Mike said.

“Well. He hasn't seen so many people yet! I don't know if he will be scared.” Avery said, and strode towards the exit of the banquet hall.

When she was about to come to the banquet hall with Robert in her arms, she met Jun and Tammy who were late.

“Avery, I’m sorry! We are late.” Jun said apologetically.

“You go first!” Tammy released Jun’s hand. She wanted to chat with Avery alone for a while.

Jun understood and strode into the banquet hall.

“You two last night...” Avery looked at Tammy’s face and hesitated.

“Hey! I drank some wine last night. I wanted to try it, to see if I could not be so scared when I was drunk, but...” Tammy shook her head.

Avery frowned, “Is it so serious? Tammy, don’t worry, it’s normal to have a psychological barrier. I believe you can overcome it slowly.”

Tammy said, “It’s not that serious... ..We both drank alcohol last night, so I’m not afraid, but Jun thought about it and said to play some music for me to soothe my mood. As a result, he played a song for me, and I was not so afraid. That’s it.”

Avery didn’t expect music to have such a magical effect.

“What song is it? I will Listen that song next time when I feel down.”

Tammy said, “A man carries his wife.”

Avery was silent.

Tammy said, “I feel like I think about it now. Outrageous! I don’t know how Jun would play this song for me... As soon as the song came out, we both laughed, and then... it was good.”

Avery sighed, “It’s amazing!”

“Although I succeeded last night, I’m sober now and I still feel that there is a hurdle in my heart. So I still have to receive psychotherapy.” Tammy said, poking Robert’s little face with her finger, “It’s a pity, I can’t have my own baby.”

Avery said, “Tammy, not necessarily. I showed your last examination result to a specialist in gynecology, and she said that you can’t. It’s just more difficult to conceive than ordinary people. It’s not completely impossible.”

Tammy was stunned for a moment, “Why didn’t you tell me earlier?”

Avery said, “Isn’t it impossible for you to have s-e-x with Jun? Now, you’re under more pressure.”

“Uuuu! Actually, I know why I’m so scared because I feel disgusted... As long as Jun touched me, I remembered that incident.” Tammy’s eyes were red, “but if I can still conceive myself, I can work harder to overcome.”

Avery coaxed, “Tammy, don’t cry. Everything will be fine. Go and eat first!”

Entering the banquet hall, Tammy went to eat, while Avery carried the child and walked towards Elliot.

She only left for a short while, when Elliot actually went to the Playing-cards table.

“Elliot, can you play?” Avery looked a little awkward when she saw his gesture of touching Playing-cards.

“No,” Elliot looked at Avery tenderly and the child in her arms, comforting, “I just need to give the money.”

Chapter 952

Someone next to him laughed and said, “Mr. Foster’s assistant has gone to get him cash. It seems that Mr. Foster is going to bleed a lot today!”

Everyone burst into laughter.

Avery’s cheeks were slightly red. She didn’t expect Elliot to work so hard to accompany the guests.

“Don’t play too much.” Avery reminded.

“Avery, you just started to feel sorry for Mr. Foster’s wallet?”
Everyone laughed again.

Elliot looked at her meaningfully and asked, “Would you like to sit next to me and be my military advisor?”

Avery avoided his deep eyes and said to others, “You can play, don’t be merciful to him.”

When she finished speaking, she walked away with the child in her arms.

Jun walked over from the buffet area with his plate. “Avery, don’t worry about Elliot. He won’t lose money.”

Avery bit the bullet and explained, “I’m not worried about him.”

“Then why did they laugh so loudly just now?” Jun showed no mercy. He pierced Avery, “What did Tammy say to you outside? Shouldn’t she tell you what happened last night?”

Jun felt a little ashamed of what happened last night, so he didn’t want to be publicized. But based on what he knew about Tammy, he felt that Avery probably knew it.

“Uh...the playlist on your phone is unexpected.” Avery teased.

Jun sighed, “The system automatically recommends it, not the playlist I created.”

Avery smiled happily, “That’s because the system wants to help you. But you should try to drink less alcohol in the future. Tammy is still pregnant. It’s possible, don’t accidentally get pregnant and because you drink alcohol, something goes wrong with the fetus.”

The expression on Jun’s face suddenly froze.

Avery reminded, “But I suggest you don’t tell your parents that first. I’m afraid they have too much hope and think it’s an easy thing.”

Jun nodded again and again: “I’ve made up with my parents. They also apologized to Tammy. So Tammy was a little excited last night and had to try it.”

“That’s it.”

“Avery, Rou’were holding the child all the time, how tiring! Go and take a rest. After I finish eating, I will go to see Elliot and play cards!” After Jun finished speaking, he returned to the buffet area.

Avery held the child and prepared to go to Tammy’s side.

At this time, Layla suddenly ran over to hug her brother, Robert.

When Layla was at home, she hugged Robert. She could move, but not for too long.

“Mom, I want to take Robert to show my brother’s classmates!” Layla discussed with Avery, “I think my brother is better-looking than them! They will definitely feel inferior when they see my brother!”

Avery didn’t understand Layla: “Those big brothers like you very much! Why do you want them to feel inferior?”

Layla said, “I just want to show off my brother! My brother grows up, he is so handsome, when he grows up, Definitely the invincible handsome in the universe!”

Avery understood that Layla was playing with her vanity.

Mike came over and said, “Avery, it’s alright if I watch the child. You better go and relieve Eric!”

Avery nodded.

Mike put his hand on Layla’s shoulder. Layla hugged Robert and walked towards the children.

When the children saw Robert, they all showed curious eyes.

“Layla, is this your brother?” A classmate asked.

“That’s right! Isn’t my brother handsome?!” Layla looked smug.

“Your brother looks so strange...” Another classmate stared at Robert’s face without blinking, “He doesn’t look like you at all!”

Layla frowned, “My brother is not me. Of course he doesn’t look like me! He looks like my dad! My dad is handsome too!”

Chapter 953

Daniel said, “Why hasn’t your dad come yet?”

Layla said, “My dad has come a long time ago! He’s in the banquet hall now!”

Daniel grabbed his head and looked around.

“Which one is your father? Why doesn’t he come to play with you? Does he eat lazy and do nothing right every day, so your mother doesn’t stay with him? So you don’t like him either?”

Layla was stunned, but she just didn’t want to tell Daniel the truth, “My father is not good, lazy and not doing a good job! I just won’t tell you who my father is. Don’t you say you are better than my brother, then you go by yourself Look!”

Mike smiled, “Daniel, why do you want to know who Hayden and Layla’s father is?”

Daniel said, “I’m curious! My mother said Hayden’s father was Elliot, but my father said no. The two of them have argued several times about this.”

Mike laughed, “Then do you believe in your mother or your father?”

Daniel said, “I believe in my father. Because my father treats me better. If Hayden’s father was really Elliot, Hayden wouldn’t want this father! Elliot is so good! He is my idol!”

Hayden listened to Daniel’s words. He didn’t bother to argue with Daniel and walked away silently.

Not long after, there was a melodious piano sound in the banquet hall.

Seeing Eric playing the piano on the stage, Layla immediately handed over Robert to Mike, and then ran towards the stage.

Mike hugged Robert and stared at Hayden's classmates.

“Are you talented? Do you want to go on stage to perform?”
Mike was a little bored watching them stalk.

Everyone shook their heads, not interested in performing arts.

“You won't find a girlfriend in the future.” Mike scared them.

“My dad said that as long as he can make money, he will definitely find a girlfriend!” Daniel said sternly.

“Your dad is right, you can find a girlfriend if you have money, but you can't find a rich, beautiful and talented girlfriend like Layla.”

All the little boys were silent.

The time flickered, and it was 4 p.m.

After the game ended, Elliot gained a lot of money.

Avery asked him: “Didn't you say you can't play cards? How can you win so much?”

Elliot said, “No matter what cards I play, they don't care. Are they afraid of me? Do I seem like such a careful person?”

Avery was speechless.

Elliot wanted to hug his son, so he asked, “Where’s Robert?”

Avery said, “Just fell asleep.”

Elliot continued. “Oh, where’s Layla?”

Avery responded, “With Eric.”

“Where’s Hayden?” Elliot knew that Hayden didn’t want to see him, but Elliot still wanted to know what he was doing.

Avery answered, “Being with Mike.”

Elliot frowned slightly, “Why is it similar to being at home? Aren’t the two of them not very gregarious?”

Avery said, “You are not gregarious, and I haven’t seen you well. Children don’t get along well. What’s the matter?”

Elliot looked at her helplessly and asked in a low voice, “Why are you so angry? I didn’t show a cold face to anyone today.”

Avery said, “Who let you win so much money alone? You saw it earlier. If others are afraid of you, you should end the game and make a substitution.”

Elliot was a little aggrieved, but after thinking about it, he felt that Avery was right.

Elliot promised, “I’ll pay attention later.”

“I haven’t finished today, what will I do in the future?” Avery felt hot in her heart, and turned around to leave.

Elliot big palm grabbed her slender arm, and his tone was a little hurried: “Avery, I’m going on a business trip tomorrow. When I get back from a business trip, let’s have a good talk!”

Chapter 954

“What to talk about? Can’t we talk now?” Avery asked, her heart like a mirror.

The misunderstanding between the two of them has been resolved, and all Elliot wants to talk about is to ask her to give him another chance.

Avery politely refused last time, and now she can’t agree.

It’s not that Avery hated him so much, but that she didn’t feel calm enough.

Moreover, the current relationship between the two of them, respecting each other, neither too close nor too distant, isn’t it good?

“If we talk now, we can’t talk about the outcome.” Elliot could guess what Avery was thinking just by looking at the expression on her face.

Avery felt unbelievable, “Do you think you’ll be able to talk about the outcome after you come back from a business trip? How long have you been on a business trip?”

“A week.”

“Oh, let’s talk about it in a week! Have you finished playing cards and haven’t washed your hands yet?”

Avery thought his hands were dirty.

Elliot’s was stunned for a moment, and led her to the bathroom:
“Then let’s wash our hands together!”

The two of them passed through the banquet hall under the watchful eyes of everyone.

“Have you noticed that their relationship has warmed up very quickly today?” Mike asked Eric.

Eric’s handsome face lacked interest. “I didn’t find it. Avery was forced to look at it.”

Mike sighed, “If another man forces her, see if it will succeed.”

Eric’s chin raised slightly. “I’m not optimistic about them. Don’t look at Elliot looking like a man now. In a few years, he won’t be able to do that.”

Mike sighed, “What’s the matter? Are old men like scraps here? If he still looks like a man now, could it be possible that he can transform into a woman in two years? Avery must not know that your mouth is so poisonous, right?”

Eric looked at him gently and explained, “I don’t discriminate against old men. I will grow old one day. But I discriminate against old cows like Elliot who have to eat young grass.”

Mike patted on his shoulder with a smile, “Don’t be sour. If Elliot is really bad after two years, I’m afraid Avery will not abandon him, but she will find a way to treat him. Have you forgotten Avery’s occupation?”

Eric frowned at his answer.

Chad saw that the two of them were chatting in secret, and came over with a smile: “What are you two talking about!”

Mike held back his smile: “He said your boss Elliot will die in two years.”

Chad understood in seconds.

The smile on Chad’s face suddenly solidified: “Eric, I know you don’t like my boss, but you don’t have to curse him like that. If he can’t do it, who will suffer? It’s Avery. If you are really good for Avery, you have to bless my boss when he is old and strong, and his sword is not old!”

Eric said, “Bless him, it is better to bless me to chase Avery earlier.”

Chad said, “It seems that my boss is right, you The thief’s heart will not die.”

Eric said, “Your boss Toad wants to eat swan meat.”

Chad’s face suddenly became extremely gloomy.

Mike suddenly coughed dryly and reminded: “The toad is here.”

Chad and Eric looked to the side.

They saw Elliot come over with a refreshing look on his face.

It seems that Elliot's relationship with Avery has improved by leaps and bounds today.

“What are you talking about?” Eric asked lightly.

Chad didn't expect that after this question was asked, the expressions of the three of them showed varying degrees of embarrassment.

“Chad.” Elliot concentrated and put pressure on Chad.

Chad immediately cleared his throat and said, “Eric said that you are about to die.”

After a pause, he added, “You also said that your toad wants to eat swan meat.” .

Just when the war was about to start, Avery came over. “What are you talking about?”

When His Eyes Opened Chapter 955 | Simple Silence

Chapter 955

Avery knew that Elliot and Eric didn't have a good relationship, so it was strange to see them standing together.

“Nothing to talk about.” Elliot looked at Eric coldly and replied to Avery, “Eric is worried about your s-e-x. Mr. Foster, remind me to exercise more.”

“You guys are so boring!” Avery’s cheeks rose Red, angry and walk away.

When Eric saw Avery’s anger, the calmness on his face disappeared: “Elliot, you are so shameless!”

Elliot said, “I’m afraid I’m not as shameless as you. It’s not about your mouth. You don’t have to worry about it. I can’t, why don’t you find a woman to prove you can.”

Eric left angrily after his words!

Mike said to Elliot, “You’re screwed. When Layla finds out that you are mad at Eric, she will definitely be mad at you!”

Elliot felt a pain in his temple.

It’s impossible for him to chase Eric back. But he didn’t want to make Layla angry either.

Mike immediately came up with a plan, “I have a solution. You go too. That way Layla won’t be mad at you.”

Elliot frowned. He didn’t want to go! He’s going on a business trip soon, he won’t be able to see Robert for a week, and he wanted to spend a little more time with Robert.

After thinking about Mike’s proposal carefully, Chad persuaded: “Boss, why don’t you go first! Otherwise, you will make Layla angry, and it will take a long time to coax her well. Besides, Avery is also angry. “

Elliot’s eyes flashed a bit of chill.

Eric, a defeated general, dared to provoke him!

If Eric hadn't taken the initiative to provoke him, he would not have fought back.

After he left, Mike went to coax Avery, "They are gone. Don't be angry. So many guests are watching!"

Avery frowned and said resentfully, "You are too much."

"I swear, it has nothing to do with me, and it has nothing to do with Elliot. It was Eric's fire." Mike said, "Eric can't catch up with you, so he has a big opinion on Elliot. Of course, you don't have to blame him, he is young and energetic. It's inevitable that he's a little impulsive."

"He's impulsive, so are you impulsive?" Avery retorted, "If you don't fight for it, what can he do by himself?"

Mike laughed and changed the subject: "Did your relationship with Elliot improve today? I think you took the initiative to find him a few times."

Avery looked cold and followed his words: "Yes, we have an appointment to get married tomorrow."

Mike smiled, "I was wrong. I shouldn't have made fun of you. You calm down, I'll go see what the children are doing."

...

Foster family.

When Elliot returned home, Mrs. Scarlet wondered that he had come back so early, but did not dare to ask why.

“Sir, haven’t you eaten yet?”

“Yes.” Elliot unbuttoned his jacket and threw it on the sofa.

“You take a rest, I’ll cook now.” After Mrs. Scarlet finished speaking, she walked quickly towards the kitchen.

Elliot picked up the glass and took a glass of cold water to drink.

He loosened the collar of his shirt and strode toward the second floor.

After entering the bedroom, he walked to the window and closed the curtains, and with his slender fingers, he unbuttons the buttons of his shirt one by one.

At this moment, his eyes suddenly glanced at the printing paper on the bedside table.

It was sent by the bodyguard last night. The above prints the surveillance screenshot of the strange middle-aged man last night.

He strode over, turned on the light, and picked up the piece of paper.
