

## HIS FAVOR 17

### CHAPTER 17: THE TRUTH

Lan Min looking idiot face: "Isn't that what you were told to do?"

Huo Shi: "....."

Du Ruan snickered beside him, ending the topic and turning to the snacks Huo Shi took out, and immediately crouched

"Huo brother, you are too ungrateful, I and blue two came so many times, these snacks are not brought to entertain us, how An sister came to take out so much ...."

"Ah ~ this is my favorite little squirrel ....." Blue Min shouted, jumped into the pile of snacks, unwrapped directly into the mouth to eat while taking time to speak

Huo Shi: "That is the old man for An An prepared ...."

An Chu laughed: "Everyone together is good ~"

"Yes, sister An is right," Du Ruan also joined the ranks of Lan Min

Huo Shi: "...." These two douchebags, it's not too late to get rid of them

His world for two ah .... was spoiled

Then directly lowered his head and An Chu said something, An Chu laughed out loud

"Brother, is this good?"

"Hum, good, let them mix ....."

"An sister, help bring that little squirrel over there ....." Lan Min opened his mouth, while not forgetting to exchange tastes with Du Ruan

Huo Shi cold eyes: "own no long hands ah..."

Anchu sat next to Huo Shi, smiled lightly with low brows: "Good ~" then handed to Lan Min

"Huo has been getting more and more cranky lately, which girl will look at it?" Blue Min took it, while turning his head and Du Ruan said

Du Ruan: "....." You're on your own

Fruit of the Loom stood up: "Itchy skin, right, well ~ I let you know today why the flowers are so red ...."

"Ahhhhh~ help An sister ....." Blue Min shouted as he tried to stand up

"Forget it, brother ~" An Chu reached out and pulled Huo Shi's hand to stop him from going forward to punch someone

At this point Huo Shi is full of thoughts, An An pulled me, I go, or pull my hand, are pulling my hand, will I also have some good feelings? I am staying put, or holding her hand back, my God, what should I

do, do well is not the next time you can kiss, kiss after what to do, God is not about to become my girlfriend .....

"Brother?"

"Huo brother?"

The three people were confused at the same time, looking at Huo Shi who was frozen in place

Huo Shi reacted and found that the temperature in his hands was gone, and three pairs of eyes looked at himself in unison: "....."

"Uh... I just suddenly remembered one thing"

"So ah, Huo you do not know you just a face first shocked and then ecstatic and then sweet silly look, we all look stunned ...." Blue Min a look of understanding

"Huo brother what are you remembering that can make you excited like this?" Du Ruan joked

"Fuck you, it's nothing..."

None of the three had the slightly reddened tips of An Chu's ears at the moment

.....

A long time: "Uh ..... Good full," Lan Min spoke

"I am also ....."

"Brother Huo, sister An I see you did not eat much, why not eat ah, quite delicious ...."

Huo Shi smiled and spoke, "Because later on An An and I want to eat braised fish head, steamed fish, spicy fish, pickled fish. , fish head soup ....."

The two looked at each other, and the next second pounced on Huo Shi in unison

"Ah ah ah ~, brother Huo, why did not you say earlier to do the whole fish feast?"

"Say, did you do it on purpose"

Huo Shi pushed them both away, his smile deepened: "I just did it on purpose ....."

The two who were pushed away: "...."

"Du Saner, don't stop me, I want to find Huo to duel, I want to kill him, too bastard ah ah..."

Du Ruan: "I'm not stopping you"

Lan Min at once: "....." Angrily looked at Du San'er: "Why didn't you stop, are you going to watch me go get beaten up?"

Du San'er: ".... Right."

The two-man squad broke up

"Du Saner, you do not want revenge?"

"Actually, I only ate seven points full, I can still eat three more points ....."

Lan Min got even more angry: "You traitor ...."

Huo Shi looked down at the time and spoke, "There are still 40 minutes before the meal starts, you can still exercise to eliminate the food ...."

The first thing you need to do is to get your hands on a new one.

Huo Shi: "You will not have such a day"

Lan Min: "....." Then he looked at Du Ruan: "Go, Du Saner"

"What for?"

"Exercise! Don't you want to eat Uncle Shen's whole fish feast?"

Watching the two gradually running towards the back of the villa

An Chu looked at Huo Shi: "Brother, is it too much to do?"

"Well ..... I don't think so," disturbing his world of two, Huo Shi also feel light

"Brother, I don't mean that."

"Well, I know."

.....

By the afternoon, An Chu's make-up class naturally became one, turned into three

Huo Shi hated it with a passion

Blue Min Du Ruan a smug face: "Come on ah ~ hurt each other ah who fear who ....."

And then back to the An family, it was already late afternoon

An Yan Hua saw An Chu back, a kind face asked: "How was your day?"

"Pretty good."

"That's good, that's good ....." An Yan Hua seems to be very satisfied "The official family will also be back, at that time also to discuss your engagement..."

"Dad I've said it all, I don't want to be engaged to Xing Yuan brother, we are not suitable ...."

"What is inappropriate, GuanXingYuan comes from a famous family, the person is also excellent, with our An family match, naturally is the most suitable, this matter as long as GuanXingYuan agree, you obediently listen to Dad's arrangement on the line ....."

"But ...."

"No buts" then lowered his voice: "An's Group was founded by dad and your mother, now the company is running difficult, do you really want dad to go bankrupt? Look at your mother's initial hard work destroyed?"

Speaking of mom, An Chu's tone was not so strong: "But mom has been dead for many years ...."

"Do you know why your mother passed away?"

An Chu snapped his head up to look at An Yanhua

"When the company started difficult, your mother for the company's operation, often days and nights without sleep, in order to negotiate a contract, often and those manufacturers drink until the stomach bleeding, wait until the company's development and stability, your mother has become sick with strain, that's why you died when you were a few years old, can you really bear to let your mother's life for the An's ruined?"

Think about it yourself ...." An Yanhua finished leaving in a low voice, playing an emotional card

An Chu left standing in the same place, did not move a step for a long time, nails are about to pinch the palm

This is the truth about mom's death? She felt unworthy for her mother, yes unworthy

She had asked her mother why her grandparents didn't come to see them, and every time she heard this, she would shed tears and put the blame on herself.

She heard from her father that her mother had officially broken up with her family in order to be with him, and then she had her

The first thing you need to do is to get together with your mom for the sake of her family's power, and later on, you should look at your mom's talent, otherwise why would your mom be able to support An's with her own strength and become sick with work, while your dad is fine.

When she was young, she often could not see her mother for a few days but could see her father every day, did not understand at the time, but now understand

An Chu squatted down, holding his head, heart kept asking rhetorical questions, why dad can remarry, the scenery is unlimited, why Luo Fenghuan can be the main An family, why mom so good, dad still has a child older than her, why, why, what, this world is really unfair, so unfair .....

The tears are constantly leaving along the cheeks

I don't know how long it took, An Chu stood up from the ground, the heart already had a decision, she can not let her mother's hard work destroyed, at least she can not stand by and watch the destruction of the An
