

## HIS FAVOR 28

### CHAPTER 28: LET THEM GO

"Wait, brother ~" An Chu called Huo Shi Huang Mao closed his eyes ready to stay in the hospital for the next six months, suddenly heard An Chu's voice.

Huo Shi threw the yellow hair on the ground, looked at An Chu, eyes scarlet: "What's wrong An An?"

"Let them go, they did not do anything to me either ...." An Chu saw that if Huo Shi really put that punch down, the bones in Huang Mao's chest cavity could really shatter, and would probably get into trouble for that

"Brother, let them go ....."

"They kidnapped you, An An~" Huo Shih's tone was heavy

An Chu nodded: "I know, but they didn't do anything to me, and stopping me was merely an attempt to draw you in ....." They may really be gangsters, but their character is not a big fault, even if they stopped her is also let her stand in the corner, winter blocking the wind ~

And Huo Shi this fist, it is likely that Huang Mao will not really be able to participate in the college entrance examination, this time is not unusual, really may rewrite the fate of Huang Mao on this, and Huo Shi may become a sinner, she does not want him to carry this charge.

"Hum ~" Huo Shi opened his mouth, then stepped on the chest of yellow hair two times threatening to open: "read you did not hurt An An, this is a lesson, do not let me see you, otherwise ~" Huo Shi mouth corner up: "see once, beat Once"

I said also kicked the yellow hair: "also do not quickly go ~"

The yellow hair this time is really convinced, should be said is awe, just Huo Shi that punch really let him feel the original world really has the god of death exist.

Covering his chest to stand up, ten people supported each other, limping away, walking away from the distance, yellow hair turned back and said two words silently.

An Chu looked out, is thank you.

Smiled and did not say, perhaps she really did not have a holy mother's heart, but where stopping her hurt her a little, she did not know just now she could not let Huo Shi stop.

It is surprising that the shivering, An Chu gently back embrace, with a hand lightly caress Huo Shi's back, obviously was stopped is her, how feel Huo Shi was hurt.

The actual fact is that you can find a lot of people who are not able to get a good deal on a lot of things.

An Chu puzzled face: "What is wrong?"

"I should not listen to you, after class I will continue to protect you, follow you around, never leave the kind of ....."

An Chu: "....."

"Brother, you are sensitive"

"No, I said to follow the follow ....."

"OK, OK, OK, as long as you don't mind the trouble, together then together it ...." Anchu helpless, anyway, also soon after the winter holidays

Huo satisfied online: "This is what you said ah, not I forced ....."

"An An ah, what time we go to the amusement park ah ...."

An Chu: "..... I have time to go to the amusement park in the middle of winter?"

.....

The two of them walked back to the classroom together, laughing and joking, and had been paying attention to the situation outside, when Fei Fei Dai saw Huo Shi come back, side by side with An Chu, and thought wildly, really went to find An Chu, this time almost two hours later, right?

Now but part of the people are in the lunch break, Dai Fei Fei straight look at their eyes look especially obvious, Huo Shi frowned, this person is so strange ....

The gaze of Fei Fei Dai and Huo Shi relative, dodge flicker hurriedly lowered his head.

Later days, one after another is Huo Shi accompanied An Chu, named security

The time passed day by day, Pan Yuexiang's matter also high a period of time, a class teacher also changed into a math teacher Wu Liru, and the language teacher changed into a second class teacher concurrently.

On this day, in the campus, An Chu was walking normally in the school.

Hearing someone call her again behind her, An Chu turned around and found it was Pan Yuexiang, still greeting politely: "Teacher Pan ...."

Pan Yuexiang looked puzzled: "An Chu, can I talk to you?"

An Chu thought for a moment: "What do you have to do, teacher?"

Pan Yuexiang hid the color in her eye convergence: "Nothing much, just want to talk with you..."

"Then I think we should not have anything to talk about ...." An Chu refused, always felt that Pan Yuexiang where strange.

"An Chu, I have taught you for two years, even if I have done something wrong, but apart from the last briefing and criticism, has the teacher ever done anything to you? You are not even willing to talk to the teacher?"

An Chu pursed his lips for a moment: "Pan teacher then what do you want to talk about, talk here ....."

Pan Yuexiang looked around: "There are too many students in this place, do you want the two of us to be surrounded by spectators?"

"Then what do you want to do?"

"Find a place with fewer people ...." Pan Yuexiang spoke

An Chu thought for a moment also makes sense, so he nodded his head

In the school no one place recognized is the rooftop

The two of them are holding the railing and feeling the cold winter wind, An Chu shivered a little.

Pan Yuexiang spoke: "This is unbearable? Do you know how I spent so many days?"

An Chu spoke: "Teacher, that has nothing to do with me, it's your own doing"

Pan Yuexiang's expression changed slightly: "Self-inflicted, but isn't the cause that you spread the news that I had a child before?"

These days, Pan Yuexiang feels that she has been maligned by the world, her husband chose to divorce her, everyone is abusing and blaming her, she is now even going out will be pointed out, and even some people will deliberately run to her to curse

The more outrageous is that there are people to her door painted red, Pan Yuexiang is a beast such words, every day will also receive abuse her phone calls or messages.

Anchu looked serious: "But this is not the reason to cause the teacher's reputation to fall apart, is not it? In the beginning, most people were on your side, it was you who were bullying and suppressing ordinary people during your time as a teacher, attaching to rich families and accepting bribes from parents privately that caused everyone's anger, and-" An Chu's words were a beat

"You have a child this thing is also not I preach ...."

At that, Pan Yuexiang laughed, very loud: "Those people into my class would have been their lucky, originally lowly, learning and bad, and what is the difference between trash waste? And my teaching achievements over the years are obvious to all, what's wrong with me, why should I be expelled?"

An Chu direct sarcasm: "Teacher Pan, as a teacher look at not only the results, but also to respect the personality of students, according to the material, correct guidance.

Unfortunately, such a simple truth, the teacher thirty-something years old indeed still do not understand, not to mention, you do not even do the former ....."

Indeed, if you look at the teaching effect of Pan Yuexiang alone, for the rich and powerful people desperately bending over backwards to give their children extra lessons, open small stove, but the general family children do not care.

"Heh, An Chu, you are still sophomoric, this matter is caused by you, it is useless to say anything ....."

"Teacher Pan, this is the last time I call you that, more actions will kill you, if you and I want to talk about these things, I think we no longer have anything to talk about ....." After saying that An Chu like to turn around and leave

Pan Yuexiang hooked up a mocking smile: "Is that so?"

An Chu saw that the situation was not right, like turning around and running away, but it was already too late .....
