

## HIS FAVOR 32

### CHAPTER 32: WINTER CAMP

In the blink of an eye, it was finals week, and just like all senior students, everyone was busy preparing, An Chu was no exception; the tutorials for Huo Shi were also behind.

The company's main goal is to provide the best possible service to its customers.

The actual fact is that you can find a lot of people who have been in the business for a long time, so you have to come up with something, for this reason, Du Ruan and Lan Min also laughed for a long time.

Huo Shi looked at them both with a mocking face, even to the two of them to make up for the lack of people, looking at the thirty-something serious guy, the feeling must be more comfortable .....

Du Ruan Lan Min pawn: "....." said there was being connoted to.

.....

The last one, Huo Shi nimbly helped An Chu move books to organize things, naturally also took this Du Ruan and Lan Min caused a class of people's eyes red.

At that, An Chu's hand curled up slightly, she had forgotten that they did not belong to C City, but came from the imperial capital.

So now that they're on vacation, they're leaving?

Huo Shi reached out and jerked Du Ruan's head: "I'm not going back this year..."

Blue Min also picked up on the side: "My little uncle is estimated to go back to the imperial capital by New Year's Eve, I'll accompany him ...."

"Then what about our training?" Du Ruan opened his mouth to ask a question, then noticed An Chu with a puzzled look at them

At once touched his nose: "Physical training ....."

Huo time to speak: "Blue little uncle in!"

Du Ruan slapped his head: "Crap! Yeah, who wants to go back!!!" The thought of going back to the imperial capital and having to meet someone makes me even more reluctant to go back.

I don't know what came to mind, Lan Min suggested: "How about we join a winter camp ...."

The first thing you need to do is to ask for the opinion of An Chu. An Chu thought about the fact that there are still about 20 days before the New Year, so winter camp is indeed a good place to go and nodded.

When I thought of something, I said, "What about our training?"

"I'm going to talk to my little uncle, he spoils me the most, will certainly agree, big deal after the New Year to make up for it," Lan Min said with a proud face.

Huo Shi and Du Ruan naturally also thought of blue little uncle to blue Min's favor kind, instantly all the strange thoughts in the heart to remove, the elders to the younger generation favor,, should not be nothing .....

.....

Since the four people said yes, so everyone is ready to participate in the big book bag.

When they arrived at the destination, they found that even they included only a dozen people.

An Chu they reacted with hindsight: "Blue Er Er, what winter camp did you sign up for?"

Blue Min looked righteous: "Wilderness survival ah"

The first thing you need to do is to get your hands on a new one.

Huo Shi pinched his head: "I knew I couldn't rely on ....." They are also looking for a draw, so many years blue two er that thing to do not let them "surprise".

An Chu spoke: "Come all, so many years, or the first time to participate in this kind of winter camp."

But An Chu did not expect to see Guan Xinyuan and An Qiu here.

An Qiu is naturally not interested in talking to An Chu, An Chu will not take the initiative to find that uninteresting, but Guan Xing Yuan full of smiling generation to greet her.

"Little Chu, you're here too, I didn't expect you to report this?" Guan Xing Yuan was also slightly surprised

"I didn't expect it either."

"If you need anything, you can come to me, I used to participate in this kind of project abroad ...."  
The official Xing Yuan said cheerfully

"No need," Huo Shi said in a side a plate

Huo Shi don't look away and ignore.

The company's main goal is to provide the best possible service to its customers.

When Guan Xing Yuan walked away, An Chu angrily glanced at Huo Shi: "Brother ~"

Huo Shi dug his ears as if he didn't hear: "What's wrong ...."

An Chu: "....."

The staff came and took away all their backpacks and other things.

An Chu raised his eyes to look around the bare branches of the trees, although the winter of C City is not too cold, but everyone still has to wear winter clothes, how to whole.

Those staff imposing opening: "You do not worry, you this half month, no one will come in to disturb you, this hill has been wrapped up by us ....."

Du Ruan speechless opening: "even if not package will not be someone come in it"

The staff laughed awkwardly, really, he just said so casually.

Their backpacks were soon sent down again, Anchu turned over, the basic cotton clothing and what is not missing, but the food and what is inside were replaced, small water cups were also replaced with large-capacity camouflage water cups, but also some more of the lighter rod, iron ruler, and two shovels, and some what can not be said.

At once some people began to talk a lot.

Blue Min immediately quit: "Ah ah ah ~ my beef jerky where, pork store where, nuts where, small crispy meat where .....?"

Listening to Lan Min's item by item report, the crowd was suddenly a black line.

The staff member, a man about thirty years old, waited until everyone had calmed down and opened his mouth

"Each of you spend tens of thousands of dollars to participate in the wilderness survival, our winter camp naturally will not let you down, from today onwards we will not take the initiative to give you food, each of your food need to fight for yourself!

Of course, in order to ensure your safety, naturally you will not let you really eat wild fruits and vegetables on the mountain or something, but you must find these things in exchange for your food, water, supplies.

And the food you find, the staff will carefully determine whether it is edible, and then in the decision to give you the amount of supplies is issued, of course, if someone in the middle can not hold on, can take the initiative to find staff to give up this wilderness survival, then, the staff will naturally give you your things issued to you, and then you can leave.

But I still hope you can hold on to the end, to say the last word, wish everyone good luck."

When that staff member finished, the crowd naturally started to go to find some food supplies.

An Chu looked at the endless bare branches and began to wonder what this could find.

The four of them together to find food or something, naturally there is a little waste of time, but divided into two groups, Huo Shi and An Chu group, Lan Min naturally and Du Ruan group.

Huo Shi held An Chu's hand in one hand, while seriously looking for something. Obviously different from her, a rookie, An Chu drew his hand and spoke: "Brother, what should I look for?" She did not want to drag her feet.

Huo Shi felt the soft feeling in his hand disappear, there was a little disappointment, and then patiently spoke: "Find small birds winter mainly plant fruits and seeds, and part of the stay birds pecking in the bark of the tree overwintering larvae, part of picking berries and tree seeds, and some hares and what not, can be."

The words fell, Huo Shi found some larvae and seeds in a piece of bark, and then picked up a small bag carefully filled up.

The actual fact is that you can find a lot of people who have been in the wilderness before.

Huo Shi opened: "That's not true, but one winter, I and Du Saner blue two they were thrown to a deserted mountain, staged a real-life version of the wilderness survival ...."

"Ah?" An Chu surprised

"My parents carry out the thing that boys have to exercise more to the end, so almost any ordeal has been participated in ....." Huo Shi then spoke.

"But the benefits are also obvious, if they had not had these trials and tribulations for me, then what would I have today to protect the people I want to protect the most?"

An Chu's face reddened slightly, which means she is the person he wants to protect the most?

The words fell eyes bright: "Brother, look at this is not the fruit of the little bird ....." An Chu found some of the fruit in a bush, and there was a small bird's nest underneath.

Huo Shi nodded: "Yes, An Chu is awesome"
