

HIS FAVOR 33

CHAPTER 33: FORGIVING THE COLOR OF TEA

After An Chu found the fruit of the bird, her confidence was suddenly boosted.

And then proceeded to look around, leaving Huo Shi completely behind.

Huo Shi only had to follow An Chu around blindly, and by the afternoon, Lan Min Du Ruan and they reunited with An Chu, and then added up all that they were looking for, a considerable amount.

So much so that the staff member looked at them with a flash of amazement.

Since it is a winter camp, it is bound to ensure the safety of each of them, is the night, An Chu lying in a single small tent

I heard a man outside greeting

"Can I come in, please?"

An Chu looked at the visitor is a girl, unknown: "Of course you can, please come in!"

The girl seems to be a familiar, just after a couple of conversations directly asked: "Is that little brother you teamed up with today your boyfriend?"

An Chu thought about it and spoke: "He is my brother"

"Is that so? That's great..." The girl's eyes lit up

Then opened: "Your brother is so handsome, so graceful, I want to chase your brother, can you give me your brother's contact information!"

An Chu frowned, can not say what the heart is feeling, directly refused: "can not..."

The girl also seems to have realized that she was too eager, coughing and coughing twice to speak: "Do not be angry, I do not mean that, I just want to make a friend with your brother"

An Chu looked at her calmly and spoke: "I'm not finished, he is my brother, but also my boyfriend"

The girl opened her mouth wide, seems to have not thought that there can be such a thing, reacted, realized that they seem to be played, some anger: "You crazy ah you, and tell you, there is no I can not pry the corner, he is my" After saying this, he went away in a direct rage.

And An Chu is still immersed in the sentence that he just said, is his boyfriend.

The girl left a short while ago, I heard Huo Shi call her at the door: "An An ~ An An ~"

An Chu is not sure: "What's wrong? Brother~"

"Nothing, it's just that we changed a bit of barbecue, come out to eat"

An Chu sniffed over and found that at some point the grill had been set up, and there was some grilled meat on the grill, chicken wing type things, although it was winter, but it didn't seem cold at all.

Huo Shi took the lead in grilling one, handed it to An Chu, An Chu tasted a bite, the seasoning is not enough, but unexpectedly delicious

"Brother ~, where did we get these grills?"

Smell Du Ruan spoke: "An sister, this you do not know, right? If this winter camp was really a boring wilderness survival, no one would come at all, do not believe you see?"

An Chu sniffed and looked, and found that the dozen or so people who came were almost all gathered in twos and threes, and like them, set up a barbecue.

The atmosphere was instantly up, An Chu looked down and smiled: "This winter camp is very special"

"Of course, do not see who is looking for"

Four people were eating, suddenly came a person, sweetly asked: "Little brother, can I join you?"

Anchu raised her eyes and found that it was the same girl who had just entered her tent, and the person who asked was none other than Huo Shi.

When asked, also provocative look at An Chu, Huo Shi frown was about to refuse, Lan Min directly happy to take over: "Yes, welcome"

Huo Shi: "....."

A short while later a sweet voice rang out to Huo Shi

"Little brother, my name is Zhong Wenya, you can call me Ya Ya, nice to meet you guys oh"

"Little brother, can you help me twist this teacup away? I don't seem to have the strength?"

Blue Min twisted it open

"Little brother, you look so handsome, huh?"

Du Ruan rounded off, "Aren't we handsome?"

"Little brother, how old are you?"

Huo Shi's expressionless face: "18"

"Little brother, can I be friends with you?"

"Little brother, you are so handsome, your girlfriend must be especially happy"

.....

An Chu was simply brainwashed by this roaming little brother, head slowly lowered, focusing on the barbecue in front of him.

Huo when looking at An Chu's barbecue is about to finish, and handed An Chu a string of chicken wings.

Then the exaggerated voice of the ears remembered: "Oh my God, little brother you are too sweet bah, Miss sister is too happy"

"If I look for a boyfriend in the future, I also hope to find one like you"

"Little brother really can not know a little?"

"Little brother"

Huo Shi only feel a fly in the ear incessantly buzzing, did not answer, only feel bored.

Blue Min also felt a face of embarrassment shock, this corner pry is also too obvious, there is also a sister An's combat power is simply 0 ah

Huo Shi glanced at blue Min, spoke: "You talk so much"

The girl seemed to realize that she was talking about herself, and the sweet expression on her face stared for a moment then returned to sweetness.

Then laughed: "Brother do not say so, I am a girl, you say so people will be sad"

The words fell, the chicken wings in An Chu's hand fell on the ground, and then hurried to pick them up.

Huo Shi took it aside and put it aside, then handed her two more skewers of grilled meat: "Eat this, I just grilled it, this chicken wing can't be eaten"

"Oh oh, okay" obviously distracted.

"Wow ~ sister so happy, surprisingly there is brother personally to her roast meat, brother can not give people also baked a, I think sister will not care is it" said looking at An Chu

Blue Min: "....." This he can also tolerate, about to speak, was Du Ruan pressed, then saw Du Ruan shook his head at him.

An Chu pursed his lips, did not speak, but was Huo Shi directly spoke to take over: "can not, I only give An An baked"

"Ah ~ so ah, brother is really eccentric it" Zhong Wenya opened her mouth, then opened her mouth to spill the beans: "Really can't? Sister didn't even say anything about it"

Lan Min: "....." Du Saner, you do not stop me, this diffuse green tea smell I can not stand it.

Huo Shi sniffed stared at Zhong Wenya and spoke, "You are not welcome here now, you go"

Poof ~ blue Min Du Ruan laughed out loud, sure enough, Huo's fighting power has not let them down.

"Why ah ah ah ~ brother I did something wrong? You say out people change OK?" The company's main business is to provide a wide range of products and services to its customers.

Huo Shi: "You have a problem with your eyes?"

This time An Chu also could not help but purse his lips and laugh, Zhong Wenya face can no longer hang open: "Who cares and you guys together," and then left in a huff.

The company's main business is to provide a wide range of products and services to the market.

Huo time remembered the voice of the pretentious, a bad chill: "damn still say, not the blue two children left behind"

Blue Min a face of innocence: "How do I know that looks a cute girl will be like this, I thought and An sister almost?"

"But then again, An sister your combat power simply no good? If not Huo is the universe's first has been, you suffer like this?"

An Chu sniffed and spoke: "I believe brother ~"

Huo time also spoke: "You're the fucking universe straight, that woman obviously has a heart"
