

## HIS FAVOR 35

### CHAPTER 35: EVIDENCE

But Zhong Wenya's face showed indignation: "It must be her, who else can there be but her?"

An Chu heard from behind Huo Shi and spoke: "Miss Zhong, please don't spout blood, I didn't take your things and don't care to take them."

The people around also heard An Chu's meaning beyond words, and looked at Zhong Wenya again.

Zhong Wenya's face looked ugly for a moment, and then looked at the staff: "My necklace was stolen, if you are responsible for .... "

The staff heard Yan, face also showed a difficult

Scanning everyone once opened: "If everyone present happens to pick up Miss Zhong's necklace, please return it to her," he also had a headache, if her necklace was not found this time, they are bound to compensate, but compensation for such an expensive necklace, not to mention the other two months of his salary commission may be completely deducted.

The crowd is talking "I haven't seen it"

"Who will take her necklace ah"

"Still in a hurry to go home, is not just two million things? Need to waste so much of our time"

.....

At this time a voice spoke: "It would be nice if I could search, search mine to prove my innocence and then I can go..."

Zhong Wenya's eyes lit up and immediately looked at An Chu: "Do you dare let me search?"

An Chu frowned: "I did not take your things, why should I let you search?"

The word "search" is not reciprocal, she does not owe Zhong Wenya anything, so why should she lower her status?

The first thing you need to do is to get a good idea of what you are doing.

An Chu: "Why should I let an unrelated person search my things, I am not a prisoner ...."

Zhong Wenya bite down: "You stole my necklace"

An Chu spoke: "As you wish, the clearer you are, the clearer you are"

.....

The two of them were at a standstill for a while, Huo Shi they stood silently next to An Chu, Zhong Wenya stood on the opposite side of An Chu, a standstill.

That staff also left and right dilemma, looked at An Chu, carefully said: "Miss An, or you let her look for?" The thoughtful change of vocabulary.

Huo Shi frowned at the staff member, then looked at An Chu, making up his mind that he couldn't let An An be searched easily either.

"I refuse" An Chu spoke, if she gave in at this point, no matter what the result, she will be confirmed as a thief, a very simple reason, since you do not have a weak heart why you let others search, let others search is to prove their innocence, since you are innocent why do you want to let others search ....

This in itself is a contradictory statement, and she is not stupid.

The staff member saw that An Chu's attitude was also resolute, and for a moment did not know what to do.

Everyone also began to look at them with a look of eating melon.

An Chu at this time and Huo Shi glanced at each other, Huo Shi casually spoke: "Since Miss Zhong's necklace was "stolen", it is appropriate to search everyone's belongings, but - can not only search An An's, our An An is not a prisoner, why by some unknown species The word "stolen" was bitten by Huo.

The word "steal" was bitten extra hard by Huo Shi, obviously disdainful of Zhong Wenya.

The company's face was ugly, and everyone heard the meaning of the words.

Huo Shi then went on to speak: "I believe that everyone from childhood is also socialist values, should not disagree, then start with me, everyone is okay with it ....."

The two staff members immediately understood and went into Huo Shi's tent.

But a moment then came out and shook his head at everyone.

Perhaps we all feel that this matter has little to do with their own, simply sitting in twos and threes, waiting for the results to come out.

Huo Shi's tent is next to An Chu's, instantaneously, An Chu's tent happens to be the last one again.

An Chu looked at Zhong Wenya, but found her looking at herself, the corners of her mouth hooked up a sneer.

At once a not-so-good premonition came to her.

Four people sitting together, An Chu spoke: "Brother ~, I always have a not good feeling ...."

Indeed, today they went out to take pictures, if someone wants to enter their tent to do something or something easily.

Huo Shi looked at the Zhong Wenya then turned back to comfort An Chu: "An An, don't think too much, not we take, naturally it will be fine ~"

The company's main business is to provide a wide range of products and services.

Huo Shi then took out his phone and searched for the C City Zhong family, then put down his phone and proceeded to chat.

About half an hour, the search is almost done, the staff spoke: "Fortunately, Miss Zhong's necklace was found, however, unfortunately, this necklace was destroyed ....."

Zhong Wenya's eyes flashed with a malicious light: "Who in the end, in whose tent was the search?"

That staff's slightly stunned for a moment, then slowly pointed to An Chu.

An Chu reflex: "Not me."

Zhong Wenya immediately rushed to An Chu, was pushed away by Huo Shi: "I told you it was you, you are jealous of me, jealous of my so expensive necklace, you stole it even if it is, but also destroyed it, you are really vicious ...."

An Chu took a deep breath: "Miss Zhong, please calm down, although I do not know why the necklace appeared in my tent, but if I took it I should not be so stupid still break it ...."

The people also think it makes sense, some of them are even from the gentry, for this kind of small plan two natural is a glance to see through, but see through to see through, the evidence that will be another thing.

"Maybe you just want to cover your ears like this, anyway, the necklace is searched in your tent, any how you sophistry will not help ....."
