

## HIS FAVOR 36

### CHAPTER 36: SOLUTION

A hundred mouths to feed, no more than An Chu's situation at this time.

"Call the police, it can also return me to a clean ...." An Chu frowned for a moment opened his mouth and said, this pot no matter what she will not carry.

Zhong Wenya's idiotic eyes look at An Chu: "You think the police will be able to solve this matter? The necklace was found in your tent, you can't deny it in any case"

"Whatever you want, I didn't take your stuff anyway" An Chu spoke

"Hahahaha ~ really funny, you say did not steal, did not steal, then the prisoner said did not kill people will not be sentenced?" Zhong Wenya looked at An Chu with mockery

This is the staff also stood out and said, "Miss An, Miss Zhong, this matter you still solve it privately, the police words are indeed not very good influence ...."

The implication of this sentence is exactly An Chu is a thief.

Huo time direct cold eyes look over: "roll ~ will not speak do not say"

The staff silently closed their mouths.

"Little Chu, solve it privately ....." Official Hsingyuan also opened his mouth

"Xing Yuan brother? You also think it's me ...." An Chu looked at Guan Xing Yuan

"Isn't it obvious?" An Qiu, who was standing next to Guan Xinyuan, mocked

"No, Xiao Chu, I do not mean that, even if the police are called, it will not be able to clear your name, so this matter as a lesson learned..." Guan Xing Yuan explained. He was right, even if the police came and took the necklace, even if the necklace did not have An Chu's fingerprints on it, it was still found at An Chu's residence. This point can not be denied, so today this dumb loss, she is going to eat it.

An Chu does not speak, Huo Shi ponders, Du Ruan Lan Min face to face

"The company's main business is to provide a wide range of products and services to its customers. The police? I have two choices, one is to pay the original price, my necklace is worth two million, not a penny less, but as you wish, the police!

I believe that the police uncle will also be on my side as the victim, and then maybe there will be a record," Zhong Wenya said mockingly while making the appearance of a victim.

Anchu's gaze sunken, looking fixedly at Zhong Wenya: "I call the police, I believe the police will prove the innocence of an innocent person ....."

Huo Shi suddenly smiled down and spoke to An Chu: "An An, believe brother not?"

Anchu looked at Huo Shi in confusion then nodded.

The first thing you need to do is to take a step forward, protect An Chu behind you, and say to Zhong Wenya, "Two million, right?"

Zhong Wenya looked at the cold and handsome teenager in front of her, remembering how good she felt about him, and nodded with a pain in her heart.

"Half an hour, wait." Huo Shi finished and turned to look at An Chu, An Chu although he did not understand why Huo Shi would do so, but still chose to trust unconditionally.

The people around are a look at a good show, near the end of the year, did not expect to see such a good show, this time the winter camp is really not in vain to report.

"Huo brother, we really will not eat this dumb loss, right ...." Lan Min asked quietly.

Huo Shi gave him a white look: "What do you think?"

At that, Blue Min was seriously thinking for a while: "I think not, according to my usual experience, well ~ is the other side serve even if the other side does not serve will also fight until he serves"

After listening to Lan Min's exposition An Chu snickered: "You describe the brother seems to be the triad..."

"Cut, we will not do those classless things, is the blue two children this goods will not describe..." Du Ruan coolly received, despised looked at Blue Min.

Blue Min: "....." Damn, don't stop him, he wants to duel with Du San'er.

After they a gag, An Chu's heart also slowly sank, began to reflect on why they would her road, began to think if this matter without Huo Shi they were present how she was going to solve, or simply can not solve become a big joke?

Half an hour is very fast and very slow, so fast that An Chu felt that it was a daze of their own kung fu, but also slow to the point where everyone began to complain about the waste of their time and wanted to hurry down the mountain process.

A small helicopter rumbled to a stop in the open space around.

Attracted everyone's attention, showing a step ladder down, down dozens of people in black, neatly in two rows.

Finally came down a man about forty or fifty years old, An Chu recognized that it was Uncle Shen.

Just see Uncle Shen came down, just a glance towards them, and then continue to command these people in black from the helicopter carried down a huge box.

Then came towards them, walked in front of Huo Shi and bent down: "Young master, this is the 2.5 million cash you asked us to prepare."

Huo Shi nodded, then Uncle Shen slightly raised his hand, and the black-clad people behind him instantly opened that huge box, and then the brightly shining RMB was revealed in front of everyone.

Everyone was dumbfounded, although they also had so much money, not to mention that they could not ask for so much money from home for a short time and apply to the helicopter, but never seen so much cash, just like this in a big box, like loading garbage.

Then raising his eyes in looking at the indifferent and handsome teenager, his eyes began to become different.

Huo Shi seemed not to notice the gaze of the crowd, but walked straight towards Zhong Wenya, a slight smile and spoke: "Miss Zhong, this is 2.5 million, the extra 500,000 is considered compensation for you, what do you think?"

The number 250, Huo did not know whether it was intentional or unintentional, aggravated a little.

Zhong Wenya's face suddenly looked like a palette, and the little sisters beside her all silently took a step back.

Zhong Wenya was about to say something when Huo Shi spoke again, "When you go out, Miss Zhong's family might be worried about you, why not see how much your father cares about you?"

The company's main goal is to provide a comprehensive range of products and services to the market.

I found 17 missed calls, and countless text messages.

She roughly browsed through them, but her face became paler and paler.

The first was from her mother: "Ya Ya, don't mess with the wrong people, your father is thundering around looking for you ...."

The next is a lot of the father sent: "rebellious daughter, quickly give me back, committed should not commit things, you want the company bankruptcy?"

"How in the end you provoke the young master Huo, then quickly apologize hear, if the company is involved, careful I break your legs ....."

"Ya Ya, must be sober ah, our Zhong family has easily reached this point today, must not be ruined ah ...."

.....

Then there were a few more messages from several of her half-brothers.

"Damn girl, what exactly did you do that the Huo family in Kyoto personally came to condole? Are you trying to get us killed?"

"You're really a talent, come back and wait ...."

.....

Zhong Wenya finished reading it, then looked at Huo Shi with a pale face.

Huo Shi at this moment is like a gentleman prince who walked out of the Middle Ages, thoughtfully spoke: "Forgot to introduce myself, my surname is Huo, single name a word Shi."

Zhong Wenya's feet went limp and she wanted to go limp, but was held up by her little sister behind her

"You... You bully people with your power ....."

Huo Shi also did not have the slightest embarrassment of being poked, coolly said: "That is not Miss Zhong first? It's just a matter of returning the favor to the other side."

And then sigh-like opening: "Hey ~ we believe in socialist values as well, so I've changed my mind now, or call the police, they will certainly be fair and just to return us a clean slate ...."

"Don't~" Zhong Wenya has lost his arrogance and lowered his head and spoke, "What do you want?"
