

## Hot Meets Cold Chapter 17

Soon, the maid brought up the breakfast and all four of them sat down and started to eat.

Ye ÒÒ looked at Si Yeh Han beside her, and then at Lin Lack and Xie Fei Zhi opposite her.

Sitting at the same table with these three golden bigwigs and eating at the same table gave her a particularly metaphysical feeling.

After all, these three would all be the most popular figures from all walks of life in the future.

There was no need to mention Si Yanghan, the future helmsman of the entire Si family.

As for Lin Liao, don't look at this guy now, he actually comes from a family with roots in military and politics, his grandfather was one of the founding fathers, General Lin Zhengrong, and seven years later, Lin Liao was also a vicious character who reigned in the political world.

However, because the Ye family is in the entertainment business, the one that Ye is most concerned about is the movie star, Xie Xiezhi.

Probably sensing the frequent glances of Ye ÒÒ, Xie Fei Zhi tilted his head and blinked at her with those soul-stirring peach blossom eyes, "Little Ye Zi, want an autograph?"

Shit! That glance, it was awesome!

This guy was like a male vixen, no wonder he had stolen the hearts of all the young girls in Z.

An autograph! Of course she wants it!

Xie Xie is a future Oscar winner, the first male actor to win an Oscar in Z! She could make a fortune selling this autograph!

Even now, Xie Xie has won numerous awards and is the most popular actor in the entertainment industry today, making young girls in Z the most crazy.

Not to mention his autograph, even the phone booth where he appears in one of his publicity photos can become a popular tourist spot, with countless fan girls lining up every day to take photos with it.

How could she treasure another man's autograph? Unless she didn't want to live!

Ye 000: "....."

Xie Yingdi, you've had enough! Tease me again and I'll flip out! Can't you see that perverted brother of yours has mushroom clouds above his head?

Next to him, Lin Yao glanced at Xie Xiezhi and grimaced in disgust, "Xie San, where's your modesty? I can't believe that you can even tease Ye 0000 down ....."

Xie Fei Zhi's fingers gently stroked the dewy rose petals inside the vase and said quietly, "All girls in this world are flowers and should be cherished and loved."

These words simply spoke to the heart of Ye 000, and Ye 000 immediately glared at Lin, saying, "Do you hear me? Learn from me, single dog!"

Lin Yao instantly exploded, "Shit! Who's talking about a single dog? You're the single dog!"

Ye 000 looked at Si Ye Han, "Honey, Lin Er called me a single dog! Tell me what he means, isn't this clearly cursing us to break up?"

Lin Yao instantly shrank into a ball of fear: "Brother Jiu, I'm wrong wining and dining ....."

Ye 00 you villain!

Xie Fei Zhi tilted his head towards Si Yanghan, his gaze deep as he looked at the girl with a thick makeup and green hair on top of her head across from him, "Heh, Ah Jiu, I haven't seen her for a few days, this little girl of yours is like a different person?"

Si Yanghan glanced towards the girl.

A changed person?

The only thing that had changed about her was that she had become slightly smarter and had changed her way of running away from him.

Seeing Si Yanghan's eyes instantly gloomy, Xie Fei Zhi raised her eyebrows with an expression of fear, "Tsk, since you know what she's up to, why do you still condone her? This is not like your character!"

"Eat up! I'm off to school!"

At this time, Ye 00 had already finished her breakfast, picked up her school bag and the suitcase on the side, and greeted Si Ye Han.

She was about to leave, but turned back when she was halfway there, stomping up to Si Yanghan's heels, carrying her schoolbag, her soft arms wrapped around Si Yanghan's neck, baring a kiss on the corner of the man's lips, "Remember to miss me!"

After saying that, leaving the dumbfounded three people behind, she bounced away.

Half a long time later, Si Yanghan leaned back on the seat behind him, his indifferent eyes glancing at his best friend at the side, "Now you know?"

That was the reason.

The reason that made him irresistible.
