

## Hot Meets Cold Chapter 4

In her previous life, Ye only felt that she had lost her virginity and done something wrong to Gu Yueze. She did not refute a single word of Gu Yueze's unpleasant words, and when she heard him say that her body could not help herself, she completely forgave him.

It was just plain stupid.

The fact is that this is just a man's pride playing tricks on him.

She was at least his fiancée, but now she was Si Yanhan's lover. If this kind of thing got out, where would he put his face?

The moment Gu Yueze said that he wanted her to go with him, Ye 00 felt the temperature around her suddenly cold down.

Just a few paces away from Ye 00, in the dark.

The man's face blended with the night, the hostile aura around him raging out of control, as if it would churn a person to pieces in the next second, devouring them to the point where not even bones were left.

The second-in-command beside Si Yanhan, Xu Yi, was already sweating like rain at the moment, his legs trembling constantly.

This was a fucked up life, actually catching the boss's woman eloping with a wild man late at night and cuckolding him!

Ever since this woman had appeared next to the boss, their men had never had a good day, and when the boss got angry, they all suffered.

And what this woman is best at is pissing off Si Yanhan.

This time, the level of someone's anger was enough to burn the whole empire to ashes!

Xu Yi closed his eyes in despair, without looking he could expect how green the boss's head would be next .....

When Gu Yueze saw Ye 00 not move, he looked slightly impatient and directly stretched out his hand towards her to pull her away.

Ye 00 took a sensitive step back and avoided the other party's touch.

"00?" Gu Yueze frowned.

Ye     looks slightly cold, "Gu Yueze, did I say I'm going with you?"

Gu Yueze's gaze was tinged with pity, "   , someone of Si Yehan's status is just playing with you, why do you have to trample yourself like this just to get back at me!"

"Trample yourself?"

As if she had heard some kind of joke, she sneered and said, "Si Yanghan is richer than you, more powerful than you, better looking than you, better built than you, even if you sleep with him once, it's still better than being with you for the rest of your life! Who gave you the confidence to say such things?"

"You ....." Gu Yueze didn't expect Ye     to say such words at all, his face brushed off and sank.

At the same time, the crazy and rampant aura around someone in the dark actually quieted down suddenly like a beast with its hair smoothed.

Xu Yi's face was full of life after the robbery, and he looked in the direction of Ye    .

Why was this Miss Ye so unusual today?

This was not at all like what she might say, didn't she love Gu Yueze to death?

She should have been eager to follow Gu Yueze and elope!

Was she just trying to catch him in a trap?

Gu Yueze was really angry this time, and his tone was extremely cold and stern as he warned, "   , don't be childish with me, Si Yehan's background is unfathomable, and he is a murderous man. Do you know how many lives he has under him? You don't want to die if you stay with such a person!"

In response to Gu Yueze's fierce warning, Ye only yawned lazily, and the next second, her eyes tilted sideways, saying quietly, "So what, if you die under the peony flower, you'll be a ghost too~"
