

C11 Adultery

Zhao Qian quickly arrived at Sheraton Hotel, where Yang Hu was already waiting at the door.

After parking the car, Zhao Qian walked towards Yang Hu.

Yang Hu quickly greeted him and greeted him very respectfully.

"Young master, he hasn't come down yet, he's in room 608."

Zhao Qian nodded and asked, "Then do you have a way to get in?"

"That's too simple, I'm very familiar with the manager of this hotel, I can enter as soon as I say hello."

"Alright, then go and greet them."

Yang Hu nodded and quickly called the manager.

After a while, a man in a suit and tie came out.

He said to Yang Hu with a smile, "Mr Hu, why are you free today?"

Yang Hu smiled and replied, "How would I have the time to play? "I'm here for business, I want to enter room 608, is that alright?"

"Of course, I'll take you there now."

Yang Hu nodded and respectfully invited Zhao Qian to go first.

The hotel manager was shocked. What was the background of this unremarkable young man? Yang Hu was actually so polite to him!

The manager quickly took out his business card and handed it over to Zhao Qian. He said with a flattering smile, "How should I address this boss? My name is Wang Ming, please take care of me in the future. "

Yang Hu quickly took the business card and said to Wang Ming, "I will introduce the people you should know to you. If I don't introduce you, that means you shouldn't have known each other. Do you understand what that means? "

Wang Ming quickly explained with a smile and then led the way.

Yang Hu threw Wang Ming's name card into the trash can and gave Zhao Qian an apologetic look.

Zhao Qian smiled at him, indicating that he should not mind.

However, Yang Hu still complained to Wang Ming in his heart. Who the hell was he? What right did he have to know Zhao Qian?

Soon, the group of people arrived outside room 608. Wang Ming opened the door and the group of people immediately rushed inside.

"Ah!

"Who are you? What are you doing? "

There was a woman's scream, then a man's angry question.

Yang Hu's men closed the door and started filming with their cameras.

When Li Xing saw that it was Zhao Qian, he immediately covered his body with clothes and rushed down to hit him.

Yang Hu's lackey went up and pressed Li Xing down on the bed, warning him to be honest or his arm would be broken.

Li Xing could not bear the pain any longer and immediately begged for mercy.

"It hurts, it hurts, I'm not moving, soften ..."

Zhao Qian didn't want to waste time, so he directly asked: "I only ask the question once, why did the proposal I gave your company have a problem?"

Li Xing looked at the camera, hesitated for a moment, then told the truth.

"Zhang Yuan treated me to a meal, a massage, and asked me to change the plan. I think this is an internal conflict in your company, and it has nothing to do with me. We work with anyone, and we don't have to work with you. If he gives me the benefits, I'll accept it. "

Zhao Qian nodded and signaled Yang Hu and the rest to leave.

Li Xing quickly went up to stop him and begged, "I already told you the truth, so delete the video."

"Delete the video. What do I use to prove that Zhang Yuan is behind this?"

"Don't worry, this video will not be used for any other purposes."

With that, Zhao Qian broke away from Li Xing and walked out.

Li Xing wanted to go up and pull him, but he was forcefully thrown back by Yang Hu.

When Zhao Qian and the others left, Li Yang's wife quickly came out from under the blanket and asked anxiously, "What do we do? Why would they want to deal with you? "

"Sigh ..." "Don't ask these questions for now. Think about what my brother would do if he knew about this matter between us."

"I don't care, you were the one who seduced me. If your brother knows, you have to bear it all by yourself. Otherwise, he will definitely kill me. Do you have the heart to watch me die? "

Li Xing sighed and replied, "You speak as if my brother won't kill me! No, I can't just accept it like that. I have to hurry up and find Zhang Yuan to discuss it. Go back quickly and pretend like nothing happened. "

After saying that, Li Xing quickly put on his clothes and ran. He asked Zhang Yuan out to meet him and discuss how to deal with it.

However, as soon as he stepped out of the hotel, someone caught up with him.

In the darkness, Yang Hu laughed.

"Haha ..." "Young Master is really smart, he actually left that girl alone and came out. I just don't know if he went to find Zhang Yuan."

"At this time, he will definitely go find Zhang Yuan to discuss the countermeasures. I'll go back to sleep first. Just give me the video tomorrow. "

Yang Hu hurriedly and respectfully sent Zhao Qian off. After that, he returned.

By the time he woke up, it was already noon.

Zhao Qian turned on his cell phone and saw that Yang Hu had sent him a message saying that the video and audio had been obtained. The conversation between Li Xing and Zhang Yuan was very clear. They decided to accuse Zhao Qian of treating Li Xing to a meal to frame Zhang Yuan.

Zhao Qian gave Yang Hu a call, asking him to send the stuff over.

"Young Master, I'll be at the entrance of your villa. Come out and get it."

Zhao Qian put down the phone and went out. Yang Hu was really waiting at the door.

"Mr Hu, you really have nothing to say. "Haha ..."

"Hehe ..." It was only right for him to do something for his young master. There was nothing to praise him for. "Don't call me Mr Hu anymore, just call me Xiaohu."

"Alright!" I'll tell my dad and ask you to come over and talk to me. "

"Sigh!" Good! I will definitely do my best to work for Young Master. "

"Alright!" You can go back now. "

Yang Hu quickly nodded and happily got on the car to leave.

Zheng Ming went back to look at the recording. He paused for a moment, then smiled in satisfaction.

This Yang Hu is a retired Special Forces soldier, his brothers, quite a few of them are his comrades. To them, tracking, eavesdropping and surveillance were all a piece of cake.

After a while, Chen Hsing called Zhao Qian.

"Hey, do you have time? "Come out for a meal, let's have a good chat."

Zhao Qian already knew Chen Hsing's conspiracy, but still accepted the invitation. He just wanted to see how Chen Hsing and Zhang Yuanbai looked

like when they had a good time.

"Alright!" "Time and place."

"I'll see you at twelve o'clock at the Donghai Hotel."

"Yes, we'll meet later."

Zhao Qian hung up the phone and called Yang Hu.

"Little Tiger, send someone to the Donghai Hotel to record the entire process of Zhang Yuan and I meeting. Also, take a look around to see if anyone else is secretly taking pictures of us together. "

"Alright, I'll do it now."

After hanging up, Zhao Qian quickly got up and went to Donghai Hotel. By the time he did, Chen Hsing was already waiting at the door.

When Chen Hsing saw him get off the car, he quickly went up to him.

"Zhao Qian, I beg of you, can you delete the video?"

Zhao Qian smiled and replied, "Do you only use your mouth when you're begging someone? You call it begging without any actual indication? "

Chen Hsing quickly invited Zhao Qian in with a smile.

Zhao Qian purposely expressed his surprise and asked, "Are you sure you want to invite me in?"

"Of course. As long as you can delete the video or give it to me. "

"Alright, then I won't be polite."

"Sigh!" "There is no need to be courteous, there is no need to be courteous ..."

The two of them walked in. Li Xing chose a seat in the hall and ordered the most ordinary set meal.

Zhao Qian knew that the meal this time was a conspiracy, and the money was paid by Chen Hsing and Zhang Yuan together. Therefore, he wanted to take this opportunity to make Zhang Yuan bleed.

"Chen Hsing, you are too insincere. "Come here and treat me to this. I see that you don't want to take it back."

"Then... "Then what do you want to eat?"

"I won't make things difficult for you. If I order a few dishes, it will definitely not exceed a hundred thousand yuan."

Chen Hsing panicked when he heard that it couldn't be more than a hundred thousand. He wasn't willing to spend so much money to settle this matter.

"You are too ruthless!" At most, he wouldn't want it! "Humph!"

With that, Chen Hsing got up and left.

Zhao Qian smiled at his back and then went into the room to eat.

When Chen Hsing walked out of the restaurant, Zhang Yuan ran over with a video recorder in his hand.

C12 It Is Only Right to Ask for Money from Zhao

Zhang Yuan ran in front of Chen Hsing and immediately said, "OK, the process has been recorded. Tomorrow, let me play. "

Chen Hsing nodded and reminded Zhang Yuan to think of a good answer and not to reveal it.

Zhang Yuan shook the video recorder in his hand and said confidently, "There's a video as evidence, so there's definitely no problem. I'll go back first so that no one can see me. "

Chen Hsing nodded and quickly left with Zhang Yuan.

At the same time, the person Yang Hu had sent over had also ended the filming. He walked into the restaurant and handed the video to Zhao Qian.

Monday came.

Zhao Qian still arrived at the office early as usual, but Zhang Yuan arrived before him today.

"Yo!" Zhang Yuan, did you do something shameful and you can't fall asleep? Why are you here so early? It doesn't fit your style! "

Zhang Yuan chuckled and played the video that was taken yesterday for Zhao Qian to see.

"Zhao Qian, you are too immoral. The company is so nice to you, but you actually do such a thing. "

Zhao Qian laughed and ignored him.

However, Zhang Yuan thought that he was foolproof and he was being aggressive as he kept on talking on the side.

Soon, his colleagues took the bus to work. Seeing Zhang Yuan blaming Zhao Qian, everyone asked him what had happened.

Zhang Yuan played the video to everyone and said, "Do you know why our collaboration with the boxers was cancelled? It was Zhao Qian who intentionally wreaked havoc, and even bribed the other party's employees to frame me. "Luckily, I suspect that he has a problem. I have been following him for the past two days. Otherwise, I wouldn't have mentioned that the company lost the order for some reason."

His colleagues immediately blamed Zhao Qian.

"Zhao Qian, what you're doing is wrong!" It's not as if you don't know how important this order is when the company is in a quandary. How can you betray the company at this time? "

"Exactly! Originally, on account of you treating me to a meal, I had even changed my opinion of you. Now it seems like you are still as bad as ever! "

"Our wages have been reduced by half, in part because of you. If this order is successful, we will be able to pay it in full! "

No matter what his colleagues said, Zhao Qian acted as if he didn't hear them. He poured a glass of water and leisurely turned on the computer.

Zhang Yuan immediately pointed at him and said to everyone, "Look at him, he doesn't look guilty at all! I say, let's join forces with Director Faang and ask her to expel him. "If we let him stay, who knows what else we might do to the company in the future."

Zhang Yuan's words were acknowledged by everyone and everyone nodded

their heads and said that it was no problem.

At this moment, Wang Qiang arrived with Jiang Xiaoqing in his arms. Jiang Xiaoqing didn't look happy and her expression was ugly.

"What's going on? What are you all doing surrounding Zhao Qian? "

Wang Qiang asked while walking.

Zhang Yuan quickly played the video back to Wang Qiang and Jiang Xiaoqing. When they saw it, the two of them started to curse.

"Zhao Qian, aren't you too immoral? Is your money paid for by someone else? I was wondering why you suddenly had to treat me to a meal, did you do something shameful and feel bad about it? "

Everyone felt that Wang Qiang's words made a lot of sense.

Why did he suddenly have so much money at such a coincidental moment? If it wasn't someone else buying his money, then what else could it be?

"Fallen!"

Jiang Xiaoqing cursed with her eyes before turning around and returning to her seat.

Zhao Qian's expression still did not change. Just as everyone was cursing at him, Faang Ni arrived with Wu Tie.

Early in the morning, Chen Hsing personally went to Faang Ni to complain to her that Zhao Qian had bribed him to change the contract. That was why the boxer company had cancelled the order with Faang Ni.

Faang Ni naturally did not believe him. However, Zhao Qian had told her not

to reveal his identity, so she could only play along.

"Zhao Qian, explain it to me clearly!" If you really want to take advantage of me, I'll call the police and capture you! "

Zhang Yuan and Chen Hsing were secretly delighted in their hearts. They wanted to see how Zhao Qian would turn the tables this time.

Zhao Qian drank a mouthful of water and opened up a video.

"You guys watch and listen to these videos and audio and then give your opinion."

Chen Hsing immediately said, "Zhao Qian spent money to invite me to work with him. He told me to frame Zhang Yuan, all of this is fake."

Zhao Qian smiled, turned on another video and played an audio recording. He then said, "What do you two think now? You were all bought by me? So, Zhang Yuan, are you an idiot? Was I the one who bribed you to frame yourself? "

Zhang Yuan tremblingly asked, "How did you get all these? You sent someone to follow me? "

"I don't really like the word stalking. It's an investigation, to be exact. I know what my own plan is. Not to mention the fighters, even their parent company's Xingyuan headquarters would not refuse. So I have to figure out what went wrong. "

Seeing that the matter was exposed, Chen Hsing quickly pushed all the blame onto Zhang Yuan.

"Sorry, sorry... It's all Zhang Yuan's fault. He said you stopped him from becoming the head of the planning department and wanted to kick you out of

the company. That's why he asked me to help. I also said yes because I didn't have the manpower and my mouth was soft. I'll apologize to you, okay? "

When Zhang Yuan heard that, he immediately pointed at Chen Hsing and scolded, "How the f * ck can you say that! If it wasn't for him who got hold of you, how could things have come to this? "

"F * ck!" Zhang Yuan, you're so f * * king brave! How dare you talk to me like that! Just you wait, I'll definitely teach you how to be a person! "

Chen Hsing said those harsh words, turned around and ran away.

Everyone looked at Zhang Yuan, waiting for his explanation.

At this point, Zhang Yuan did not dare to argue anymore. He quickly apologized to Faang Ni, "Director Faang, I'm sorry, I was in the wrong. I shouldn't have harmed the company for my own sake. "Please give me one more chance, I will definitely change my life and never do it again."

Faang Ni coldly snorted and said, "Because of you, the company has lost more than 3 million yuan." Do you know what three million means? Just because you said you're sorry doesn't mean it's okay? "What's more, you even hurt Zhao Qian, why don't you apologize to him?"

Zhang Yuan was stunned. He looked at Zhao Qian and apologized in a low voice.

Faang Ni continued, "Since you're so insincere, I think you should pack your things and scram! The company doesn't even need a single one of you! "

Zhang Yuan quickly pleaded with Faang Ni and said, "Director Faang, I really know I was wrong. I beg you to give me another chance. I still have a mortgage to pay off, I can't possibly not have a job. "

Faang Ni thought about it and replied, "Then please ask Zhao Qian. If he can forgive you, then I have nothing to say."

From the bottom of his heart, Zhang Yuan didn't want to beg Zhao Qian, so he quickly replied, "Director Faang, you're the boss, I'm fine begging you, there's no need to ask him. Besides, in a situation like mine, even if I begged him, he wouldn't forgive me. "Please Director Faang, just give me a chance."

Faang Ni's attitude was very firm. If Zhao Qian didn't nod, this matter could not be discussed.

Zhang Yuan had no choice but to turn around and face Zhao Qian.

Zhao Qian continued to drink his water contentedly, waiting for Zhang Yuan to beg him.

C13 I'll Go Ask for an Order

Zhang Yuan had no choice but to plead with Zhao Qian since he couldn't afford to lose his job.

"Zhao Qian, I'm sorry. It was my fault. Please forgive me."

Everyone sighed in their hearts.

How could Zhao Qian forgive Zhang Yuan for treating Zhao Qian like that? He would definitely use this opportunity to drive her away!

Zhao Qian put down his glass of water proudly. Just as he was about to speak, Jiang Xiaoqing couldn't help but mock him.

"A lowly person gets what he wants, he's completely oblivious to everything."

Faang Ni knew the grudge between Zhao Qian and Jiang Xiaoqing, so she didn't say anything.

Wu Tie rolled his eyes at Jiang Xiaoqing and ignored her. He turned to Zhang Yuan and said with a smile, "We're all colleagues, so let's not worry about these small matters. Since you've already opened your mouth to apologize, then I won't mind. "Don't make such mistakes again in the future. Personal grudges will never be able to compare with the collective interests."

As soon as these words were spoken, the entire audience was astounded.

No one expected Zhao Qian to be so magnanimous, actually forgiving Zhang Yuan. Many people had a better impression of him.

Faang Ni immediately praised, "You guys also learned from Zhao Qian. Where did all these scheming and scheming come from between colleagues?! If it

was you guys, you would definitely kill them all by now! "

Everyone was embarrassed by Faang Ni's words and lowered their heads, not daring to look at her.

"Enough, don't be embarrassed. I hope you all will remember what happened today." Zhang Yuan, although Zhao Qian doesn't care about you. But you really did cause the company to lose a large order, you can't not be held responsible. Thus, this month's salary was deducted. "Do you have any objections?"

Zhang Yuan quickly shook his head and said that he had no objections and thanked Faang Ni for her lenient treatment of him.

Faang Ni nodded and returned to her office. Everyone quickly returned to their seats and began working.

Wang Qiang was very unhappy. Director Faang had praised Zhao Qian in front of so many people just now.

He felt that praising Zhao Qian was like slapping his face, because his current girlfriend was Zhao Qian's ex-girlfriend. He couldn't let Jiang Xiaoqing think that he was inferior to Zhao Qian.

The more Wang Qiang thought about it, the angrier he got. He called Jiang Xiaoqing to come in.

"Xiaoqing, go call Zhao Qian over."

Jiang Xiaoqing immediately asked what he wanted to do.

"Nothing, just go and call him over."

"Oh, I'll go now."

Jiang Xiaoqing rushed out to Zhao Qian's side.

"Zhao Qian, Mr Wang wants to see you."

Jiang Xiaoqing had a high-spirited attitude and a bad attitude.

However, Zhao Qian didn't care, he didn't even look at her.

Soon, he arrived at Wang Qiang's office.

"Why is Mr Wang looking for me?"

Wang Qiang threw a stack of documents onto the table and said, "Help me copy these documents and print them backwards and forwards."

"I'm sorry, Mr Wang. I'm a schemer, not your assistant. "You should have done this to Jiang Xiaoqing, not me."

Wang Qiang was immediately annoyed. He slammed the table and shouted: "What's with your attitude? I'm the manager, is it that hard to get you to do something? I'll let you copy it, okay? "

Zhao Qian laughed and replied: "No! I'm a planner, and I'm not obliged to make copies of these things for you. Is there anything else? "If there's nothing else, I'll go out to work."

"How dare you! I want to see if you dare to leave! "

Wang Qiang stood up angrily.

Zhao Qian ignored him and walked out directly.

Wang Qiang couldn't contain his anger and immediately went to complain to

Faang Ni.

"Director Faang, that Zhao Qian just left after praising him a few times. I just asked him to print some papers for me. The clients are coming down. But he said he had no obligation to help me, so he just left. "Director Faang, do you think this person is despicable?"

Faang Ni put down the pen in her hand and bluntly replied, "I feel that Zhao Qian is right. He is scheming so he has no obligation to help you print out the documents. The company has paid for you to hire an assistant, and you are reluctant to use her because you feel sorry for her, right? Well, from now on, you pay her. "From now on, you can do whatever you want to her. I have nothing to say!"

Wang Qiang was stunned. He couldn't understand why Director Faang was suddenly so protective of Zhao Qian.

At this moment, Zhao Qian came over.

"Director Faang, I have some urgent matters to attend to. Can I ask for a leave of absence from you?"

"What is it?"

"I want to go to Xingyuan headquarters and get the orders from the fighters in their subsidiary companies."

Wang Qiang laughed when he heard that.

"Who do you think you are? They have such a big game Production Company, is the order something that you want? "

Zhao Qian turned around and looked at Wang Qiang as he asked with a smile, "Mr Wang doesn't seem to be optimistic about me!"

"Hehe ..." Do you think I can take a liking to you? The order is so easy to get, do you still need to work? He felt uncomfortable being the boss! Besides, if it was anyone else, I might have still held onto my hope. As for you, hehe ... "

"Then, does Mr Wang dare to make a bet with me? If I ask for the order back, you slap yourself in the face and then say you're sorry. "How about it?"

Wang Qiang replied without hesitation, "No problem! And if you don't want to come back? "

"As you wish. Even if you want to take my life, I won't let my family hold you accountable. "

Wang Qiang laughed and said it was a deal.

Faang Ni, who had been silent all this time, opened her mouth and said, "Zhao Qian, are you confident that you can take back the fighter's order?"

"Of course."

"Alright, I'll be on leave. As long as you can get the order back, you won't be coming to work.

"Then I have to thank Director Faang for her love." I'll leave first and wait for my good news. "

With that, Zhao Qian left.

Faang Ni didn't want to waste time with Wang Qiang and warned him, "You are a manager. In the future, you have to be careful when you do things. Do things that match your status." "OK?"

Wang Qiang nodded and left in a hurry. When he passed by the office,

everyone asked him what Zhao Qian had gone to talk to Director Faang about.

"Humph!" That brat said that he would go to Xingyuan to get back the order, is truly daydreaming! "

Everyone laughed and did not take it seriously.

What kind of company was Xingyuan? The number one game production and distribution company in the country. Even though the fighter is only one of its subsidiaries, his strength is also in the top five throughout the country.

Zhao Qian didn't know how many companies wanted to snatch the order from such a big company even if they didn't want to earn any money, but what was Zhao Qian trying to do if he wanted to send the order?

Jiang Xiaoqing sat quietly in her seat, secretly laughing to herself.

"Fortunately, I broke up with him a long time ago. Now, not only is he a diaosi, he is also overestimating himself. The Heavens were truly unfair. This kind of person who did not want to improve and did not work properly actually won the lottery! Humph! It must have taken all of his luck. "

Among all the people, the one who didn't believe Zhao Qian the most was Jiang Xiaoqing, and the one who didn't want Zhao Qian to do anything was also her.

This was because if Zhao Qian was really that awesome, she would suffer a huge loss. Let's go back and lose face. Besides, Zhao Qian might not be able to accept her. If she didn't look back, then she would see that he had gotten along well. In her heart, she was jealous.

No matter what his colleagues thought, Zhao Qian definitely wouldn't be running around empty-handed this time, because Xingyuan was his father's company.

C14 Sell Your Daughter

Zhao Qian quickly arrived at the office of Xingyuan Corporation located at the Lu family's financial center. He told the front desk to call the general manager and told him that Zhao Qian was looking for him.

When the front desk saw Zhao Qian's outfit, it didn't seem like someone who had face. If anyone came to disturb the general manager, would she still want to continue at the front desk?

So she replied, "Handsome, I'm sorry, Director Guo went out."

"Cut the crap, I just saw his car parked downstairs. I don't want to make things difficult for you, just call him and tell him that Zhao Qian is looking for him. If you continue to waste time like this, I won't be polite."

The front desk was unhappy and asked: "What about it? You still want to hit me? Who are you? Do you have an appointment? If someone wants to see the general manager, does he still want to work?"

"You have the time to talk so much nonsense with me, you've already finished the call. I can understand your work, but there is a limit to my patience. You'd better not cause yourself any trouble."

"Hehe ..." Security! Someone is causing trouble here!"

The actions of the front desk infuriated Zhao Qian, but there was no helping it, Guo Mingda was the only one who knew him within the Xingyuan.

The two security guards quickly ran over and asked Zhao Qian what he was doing. Don't cause trouble here.

Zhao Qian knew that it was useless to keep talking with these shrimp. He

could only send his dad a WeChat message asking for Guo Mingda's number.

He dialed his number and said angrily: "I-Zhao Qian, come out now, I'm at the front desk!"

Guo Mingda quickly ran out without even wearing his jacket.

"Aiyo, Young Master, why are you here?"

"Let's talk inside. The front desk opened up for me!"

Zhao Qian pointed at the receptionist and walked straight in.

Guo Mingda immediately said to the front desk, "Go to Finance and collect your salary. Good gathering and good separation, I'll give you a commutation of the year-end bonus. If you don't cooperate, nothing will happen. "

The front desk clerk was currently in a stupefied state. Just who was that person? Just one sentence was enough to make Director Guo obey orders!

Guo Mingda caught up with Zhao Qian and led him to the general manager's office.

"Young Master, please take a seat."

Guo Mingda invited Zhao Qian to his seat and then quickly poured tea.

Zhao Qian was here for official business, so he didn't want to make things difficult for him.

"Take a look at these videos and audio files."

Guo Mingda quickly nodded his head and took it, then inserted it into the computer to read.

"What does Young Master want me to see? "Who are those people here?"

"The skinnier one is called Chen Hsing, it's the younger brother of the boxer boss Chen Yang. The other one is my colleague from work right now, his name is Zhang Yuan. A recent version of the boxer's outsource package was made by my company, and they ruined it. Say hello to Chen Yang and return the order. "In addition, this Chen Hsing even slept with his sister-in-law. You can tell Chen Yang whether you want to know or not, depending on the situation."

"What?" Is this little bastard such a beast? Chen Yang was so f * * king pitiful! For the sake of his wife and brother, he worked all day and all night. He finally got a fighter, but the two of them actually did this sort of thing behind his back. "

Zhao Qian was in no mood to listen to Guo Mingda's words. He stood up and was about to leave.

Guo Mingda quickly stopped him and said with a smile, "It wasn't easy for Young Master to come. Let's have lunch together."

"No, I still have something to do. When I'm done, I'll ask you. You can do this for me. "

"Young Master, don't worry. I will definitely do it well for you."

Zhao Qian nodded, stood up and walked out.

The front desk girl was waiting at the door. When she saw him come out, she quickly came up and begged: "Handsome, sorry, I didn't know your identity was noble. I thought you were just an ordinary person. Sorry, sorry... Please forgive me once. "

Zhao Qian ignored her. He had insisted several times that he only needed a phone call, but she refused. People like him, who looked down on others with their dog eyes, would get into trouble sooner or later if they were to keep them.

After leaving Xingyuan, Zhao Qian immediately called Wu Xin and invited her out for a meal.

"I'm sorry, I can't go. My father has locked me up and I'm not allowed to see you again, or else he'll cut me off. Yang Ming also brought the so-called bridal gift, giving my dad five hundred thousand yuan. If I agree to be his girlfriend, I'll give my dad five hundred thousand dollars. I think my life is over. "

Zhao Qian was a bit angry when he heard that. There was actually such a fatherly person in the world.

"Holy sh * t!" Your father is selling his daughter! "If you ask him how much he wants to sell it to you, I'll buy it!"

"Go!" How can you say that! "

"I'm serious! Didn't I win the lottery? There's still a little money left, and it might be enough to satisfy your father's request. Keep your father from selling you out. "

Wu Xin thought this made sense, so she quickly gave her address and told Zhao Qian to hurry over.

Zhao Qian immediately hung up and drove over.

Wu Xin's family lived in a very ordinary neighborhood. Zhao Qian's riverside villa could buy at least ten houses.

He pulled over to the side of the road and went straight to Wu Xin's house.

Wu Xin was waiting at home. As soon as she heard the doorbell ring, she rushed over to check on the door.

"Hee hee ..." So soon! "Come in!"

Wu Xin quickly pulled Zhao Qian in. At this moment, her father, Wu Guoqing, came out of the study.

"Why are you here? Didn't I say that you are not allowed to pester my daughter? You said that in a place like Donghai City, you could only earn two hundred thousand out of a hundred thousand in five years, how can you have the face to pester a girl like her? "

Without saying anything, Zheng Ming threw a cheque worth one million on the tea table.

"Here's one million yuan, I'll buy Wu Xin's marriage autonomy from you. After receiving the money, I will be the one to decide on her marriage. "

When Wu Guoqing heard that there was a million, he quickly picked up the cheque.

"Is your check true? It's not an empty cheque, right? "

"Hehe ..." You said it earlier, in a place like Donghai City, I only earned two hundred thousand in five years. If I am willing to do something illegal, do you think that it will take me five years to earn the two hundred thousand dollars? "

Wu Guoqing still didn't believe it, and requested to go to the bank to exchange. Zhao Qian nodded and told him to go ahead and exchange.

Wu Guoqing warned Wu Xin not to go out, or he would kick her out of the house, and then he hurried to the bank.

Wu Xin let out a heavy sigh and invited Zhao Qian to sit down.

"Thank you. However, I don't know when I'll be able to repay your two million. "

Zhao Qian chuckled and replied, "No need to return it. I may need your help recently, so don't decline when the time comes. "

Wu Xin immediately smiled and said that it was no problem. If there was anything she needed to do, she wouldn't decline even if she wanted to.

Zhao Qian smirked as he stared at her and whispered, "Do you really not want to decline anything?"

Wu Xin was stunned for a moment. She was worried that Zhao Qian would take the opportunity to ask for some indecent treatment. After a moment's hesitation, she tentatively asked, "What do you want me to do?"

C15 Diaosi You Are Courting Death

Seeing Wu Xin's face pale from fright, Zhao Qian felt too embarrassed to tease her.

So he said, "Don't worry, I won't take advantage of you, and I won't let you do anything illegal. However, we still have to keep this a secret, so you'll know when the time comes. "

Wu Xin nodded and didn't ask any further.

Half an hour later, Wu returned in a hurry. As soon as he entered the door, he tightly held onto the hand that was looking for money and excitedly said, "Aiyo, I really didn't notice that this young lad had gotten rich. In the future, you will be the one to decide on the marriage of Xiao Xin. "

"Hehe ..." Can I take her out to dinner? "

"No problem, you can bring it whenever you want."

Zhao Qian nodded and gestured for Wu Xin to follow him.

"Daughter, I want to go with your mother to your grandma's house tonight. There's no one at home! It's fine if you want to come back, and it's fine if you don't want to come back. "

What Wu Guoqing said made him want to see his daughter sleeping with Zhao Qian.

Wu Xin rolled her eyes, too embarrassed to answer her father.

It was lunch time, so Zhao Qian asked Wu Xin what she would like to eat.

Wu Xin immediately replied, "How could I let you treat? You've helped me so much. I should be the one treating." Say it, what do you want to eat? "

Wu Xin's family was just an ordinary family. Zhao Qian didn't want her to spend money, so he let her make the decision. He would eat anything she wanted, but he wasn't picky with food.

Wu Xin nodded and led Zhao Qian to a hotpot restaurant. After eating, the two walked out side by side.

The moment he walked out of the door, Yang Ming walked over to him with an online streamer in his arms.

Seeing Wu Xin together with a diaosi, Yang Ming was immediately enraged.

"Who is he? What's your relationship? "

Wu Xin coldly replied, "Does it have anything to do with you?"

With that, she pulled Zhao Qian away.

Yang Ming felt humiliated, so he immediately stopped Zhao Qian and bluntly said, "Where the hell did you come from? How dare you touch a girl that I like?" You don't want to live anymore, do you? "

Zhao Qian laughed and replied, "I don't want to live anymore. I wonder if you have the ability to help me."

"Hehe ..." Fine! I have been eating well and sleeping well recently, so I will soon fulfill your request. "

"I just came out of there and I ate very well. I don't need to sleep in there, I just need to sleep in Wu Xin.

With that, Zhao Qian purposely hugged Wu Xin and left.

How could Yang Ming endure such humiliation? He immediately wanted to chase up.

However, the girl next to him held him back and comforted him, "Aiya, why are you so out of control for a woman?" There's nothing special about her. "

Yang Ming forcefully shook her off and angrily shouted, "What the f * ck do you know? Was this simply a woman's question? This was a matter of face. I, Yang Ming, have never failed to get my hands on a woman that I like. Wu Xin has already angered me. This brat actually dared to touch me, which made me even more angry. "F * ck, just you wait, laozi will make him kneel in front of me and beg for forgiveness."

Sister Hong also had a temper, so she immediately asked him if he was going to eat the hotpot.

"Eat a chicken. Your elder's stomach is full of anger. I'll go to the hotel and let you eat a chicken."

"You're crazy!"

These words were too insulting in front of the crowd. The girl in red felt embarrassed and turned to leave.

Yang Ming chased after him angrily and slapped him.

"Did I let you go?" F * ck! "Come with laozi to the hotel to eat chicken!"

After saying that, Yang Ming forcefully pulled the Internet Cafe to get the car.

When Zhao Qian and Wu Xin got on the car, Wu Xin immediately laughed.

"How is it? How did it feel to hold me in front of him? Do you feel a sense of accomplishment? "

"Don't say it, it really feels different."

Wu Xin covered her mouth and giggled, then asked Zhao Qian where he was going now.

"Go to your brother's garage. I want to talk to him about cooperation."

Wu Xin nodded and Zhao Qian drove away.

As the car passed Yang Ming, Zhao Qian purposely honked a few times.

Yang Ming looked over and became even angrier.

"Damn it, a diaosi that can drive leopards actually dares to compete with me for a woman. You're courting death!" Just you wait, I'll see how you can kneel in front of me and beg for mercy! "

Soon, Zhao Qian and Wu Xin arrived at Wu Le's garage.

When Wu Le saw his sister with this brat again, he immediately got angry. However, he loved his sister dearly and couldn't bear to blame her, so he decided to vent his anger on Zhao Qian.

"Kid, do you take my words as fart?"

Wu Le said as he grabbed Zhao Qian's collar.

"Bro, what are you doing!"

Wu Xin quickly went up to support him, but Wu Le pushed her away.

"Stand by the side for me. I'll deal with you later!"

At this moment, Zhao Qian grabbed Wu Le's wrist and twisted it forcefully. Then, he cried out in pain.

"Aiyo, it hurts, it hurts, it hurts ..."

Zhao Qian said with a serious expression, "Don't be so impulsive."

"F * ck!" You beat me up at my place and told me not to be impulsive! Do you think that my brothers are vegetarians?! Brothers, come out, someone is throwing a tantrum! "

Hearing Wu Le's shout, everyone in the garage came out with their tools.

Some held a board, some a hammer, and some an electric saw ...

"Let go of Lego! Otherwise, I will chop off your hand! "

"Let go of Le Ge ..."

Wu Xin was worried that if these people really attacked, Zhao Qian would definitely suffer a great loss. Therefore, she quickly advised everyone not to be impulsive. Zhao Qian was here to negotiate cooperation.

Wu Le sneered and asked, "What cooperation can he come here to negotiate? To collect trash? "

"Brother!" How can you say that! Zhao Qian wants to talk about cooperation with you. He spent money to support you guys to return to the competition, but the price is that the team belongs to him in the future. "

Everyone quieted down, and the matters in their hands were put down.

Wu Le was stunned for a moment and then laughed.

"Do you think I'm a three-year-old child? For someone who only paid back two hundred thousand in five years, how could he have the nerve to say that he would support me in returning to the arena? "

Wu Xin quickly explained that Zhao Qian had recently won first place in the lottery and was worth several million.

Wu Le laughed again and said: "Do you know how much a normal racer costs per year? Conservative estimates put it at two million. I have three drivers in my shop, can you afford it? How many lottery tickets do you have to win!?"

Zhao Qian pretended to be scared by the 2 million and stammered, "This ... So much money! "

Wu Le replied with a mocking smile, "You just found out! Hurry up and stay away from my sister. In the future, if I see you pestering her again, I really won't hold back! "

A sad expression appeared on Wu Xin's face. Two million was indeed too much. Zhao Qian had just given her father one million yuan, so he definitely wouldn't be able to take out two million yuan now.

But at this moment, Zhao Qian took out a cheque book from his pocket and signed a cheque worth 2 million to Wu Le.

"This is all the bonuses I have left. Take it."

Wu Le was stunned. This brat really took out two million?

Wu Xin laughed out in surprise, because no one could stop her from being Zhao Qian's friend anymore.

Wu Le quickly reached for the cheque, but Zhao Qian held it in his hand again.

Wu Le was stunned and asked, "What? You're going back on your word? "

Zhao Qian chuckled and replied, "Since I took it out, I will definitely not regret it. However, I have a condition that you will not take the money for free. "

Wu Le asked him very carefully what his conditions were, so he wanted to hear them.

C16 Willing to Admit Defeat

Zhao Qian had two conditions. Firstly, the team would belong to him in the future. Secondly, Wu Le had to get the top three spots in the city level competition within a year.

These two conditions had to be met at the same time, or he would not be able to put any more money into it.

Wu Le thought about it and replied, "You have no problem with the team, but you have to promise to invest at least 2 million every year. As for the top three places in the city level competition, I can assure you that it will definitely meet your requirements. "

Money was not a problem for Zhao Qian. As long as the team could become famous, the sponsor would deliver the money to them. Therefore, the key point was that compared to Wu Le's score, the rest was not a problem.

At this moment, Faang Ni called Zhao Qian.

"Hey, Director Zhao, you're awesome. Just now, the boxer boss, Chen Yang, called and said that he would do the order for me." How did you do it? "

"It's nothing. I'm going to talk big with him. He was moved by my sincerity."

"All right. When will you be back? Everyone in the company is going crazy with joy.

"I'll be right back."

Faang Ni nodded and hung up the phone.

Zhao Qian bid farewell to Wu Xin and co., then drove back to the company.

As soon as he entered, his colleagues hurriedly smiled and clapped to welcome him.

"Young Master Zhao, I didn't think that you would really return the order. From today on, I will not joke with you anymore. You are really Young Master Zhao in my heart."

"Me too, from now on you are my Young Master Zhao. Tonight's consumption will be paid for by Young Master Zhao."

"Haha ..."

Colleagues are really happy because the order could bring the company at least a million dollars in profits. This meant that their wages could be paid normally.

But if there were happy people, there would naturally be sad people. Zhang Yuan, Wang Qiang, Jiang Xiaoqing, and Wang Chuan, who thought he was no worse than Zhao Qian. The smiles on their faces were awkward, forced out like toothpaste.

Zhao Qian smiled and said, "Thank you, thank you..." As a member of the company, I should contribute my strength to the development of the company. "

"Zhao Qian, I was wrong about you before. I thought you were a loser who had no money but didn't want to improve. "Now that I look at it, you are actually pretty good."

Liu Mei had changed her attitude towards him after she was saved by Zhao Qian in the KTV.

Wang Juan, who had also been saved by Zhao Qian, said the same thing. She

also said that in the future, she would learn more about communicating with clients.

Wang Chuan's expression turned even more unsightly. He was jealous because his goddess, Wang Juan, was praising Zhao Qian.

Zhao Qian smiled at the two and said that it was only right for colleagues to help each other. In the future, they could have more interaction when they had time.

After all, the majority shareholder of the company was Zhao Qian, so of course he was willing to spend time to upgrade these employees.

Jiang Xiaoqing looked very uncomfortable. However, she felt that Zhao Qian got lucky this time and that it was definitely not his real strength.

Wang Qiang also couldn't stand it any longer, so he turned around and wanted to leave. Zhao Qian immediately stopped him.

"Mr Wang, you're leaving just like that?"

Wang Qiang stopped walking and turned around: "What do you want?"

Before Zhao Qian could say anything, Faang Ni spoke up for him.

"Before Zhao Qian went to Xingyuan, you said that it was impossible for him to get the order, so the two of you betted that if he could get the order back, you would slap yourself and apologize to him. If he fails, you can do whatever you want with him. Now that the order is back, shouldn't you keep your promise? "

Wang Qiang's entire body tensed up as he felt extremely embarrassed. With so many people watching, he definitely wasn't willing to slap himself.

Therefore, he awkwardly smiled and replied, "Director Faang is too serious, this is just a joke. I don't think Zhao Qian will even be serious. Why would Director Faang be so serious? "

To humiliate Wang Qiang was to humiliate Jiang Xiaoqing. Therefore, Zhao Qian had to be serious.

"Mr Wang's words really make people feel insecure. As a manager, your words don't mean much. Do we still need to continue to listen to your commands in the future? Everyone, is that right? "

"Yeah, the manager doesn't keep his word. He has a huge impact on the employees. In the future, if everyone didn't know which sentence of the manager they should or shouldn't believe, then how would they proceed? "

"We're all adults, and we're all willing to lose. This is the basic principle of being human."

"Now that the manager has lost, he just wants to beat around the bush. "If Zhao Qian lost, I reckon..."

Faang Ni saw that everyone's attitude was basically the same, so she said to Wang Qiang: "Wang Qiang, I do not allow people who affect the harmony of colleagues to exist here. Furthermore, he was even a manager. It could be said that "under one person, above tens of thousands of people". If you are unpopular, I would not dare to give you such an important position. "

The situation was clear now. Either Wang Qiang accepted his loss, or he would pack up and leave.

If it was just a normal employee, maybe Wang Qiang wouldn't care that much and left. But he was a manager. The salary and position of the company were very good. He couldn't bear to leave.

And now, the company had received an order for Xingyuan. According to the rules of Xingyuan, as long as they could fulfill their requirements, there would be orders for every year in the future. This meant that the company's benefits were guaranteed, and he was even more reluctant to leave.

However, if he didn't leave, he would have to slap himself. With so many people watching, especially with Jiang Xiaoqing still around, he really couldn't do such a thing.

"Zhao Qian, Young Master Zhao..." Heh heh ... Can we talk alone? "

"What are we chatting about!" "I'm willing to admit defeat, then I'll slowly chat with you again."

Zhao Qian would never be soft-hearted towards someone who had taken his girlfriend away from him. If it wasn't for the huge gap in status between the two of them, Zhao Qian would have already started beating him up. With a poor guy like Wang Qiang, it would be dishonorable for him to make a move against him.

Jiang Xiaoqing couldn't hold herself back anymore when she saw her boyfriend in such a predicament.

"Zhao Qian, do you really have to be like this?" It's just luck, it's not like you've really grown some skills, why do you have to be so unforgiving. "

Zhao Qian laughed and replied: "Since you care about him so much, why don't you help him pay back this slap? I feel that even if you truly loved him, you would not be able to watch him embarrass himself in front of so many people. Right? "

"You ..."

Jiang Xiaoqing was at a loss for words. She was even unable to back down.

If she honestly didn't help Wang Qiang, something would definitely go wrong with their relationship. Maybe Wang Qiang would put all the blame on her. Because she was Zhao Qian's ex-girlfriend, Zhao Qian must be making things difficult for him because of her.

However, if she helped Wang Qiang out, he would be slapped for no reason, and she didn't want to do it either.

Wang Qiang immediately grabbed Jiang Xiaoqing's hand and said affectionately, "Xiaoqing, just help me this once. Rest assured, I will definitely love you for life. "And ..."

Speaking to her, Wang Qiang continued to whisper very softly in Jiang Xiaoqing's ear, "I'm the manager, he's a small employee. I promise you, I will definitely repay you double, and make him regret what he did today. "

"I am the manager, he is a small employee." This sentence touched Jiang Xiaoqing's heart. Wasn't this the reason she was good to Wang Qiang? For the sake of his future, he would be able to live a good life.

"Pah!"

A crisp slap resounded through the office, and five finger marks appeared on Jiang Xiaoqing's face.

"Is that enough? Are you satisfied? "

Jiang Xiaoqing roared at Zhao Qian.

Zhao Qian was still beaming with happiness. He chuckled and replied, "Not bad, right?"

After saying that, Zhao Qian turned on the computer as if nothing had

happened.

The other colleagues all secretly laughed and returned to their seats.

Jiang Xiaoqing could only cry as she ran to the bathroom.

Wang Qiang felt embarrassed and hurried back to his office.

Zhao Qian laughed secretly. This was just the beginning, he still had more "slaps" for them in the future.

C17 Large-scale Year-end Bonus

Seeing that it was almost time to get off work, Zhao Qian came to Faang Ni's office.

"Director Zhao, you have something to talk to me about?"

Faang Ni quickly got up and made room.

Zhao Qian did not stand on ceremony with her and sat on the chair.

"Tell your colleague from Technology Department to work overtime from now on. Hurry up and complete the order for Xingyuan."

"Are you in a hurry regarding Xingyuan?"

"It's not that I'm in a hurry, it's that I'm in a hurry. Currently, there was no online match for the dueling game. It could be said that this was the phone version of the Hero Alliance. Once it was rolled out, it would definitely be on fire. Xingyuan and I are actually friends, we left each other's numbers, another day I'll invite him out for a meal or something, and see if we can get our company to buy shares in this game. If we make it earlier, we'll be able to make a profit earlier."

Faang Ni was grinning from ear to ear when she heard this. She hurriedly nodded and said that there was no problem, she would go and tell this matter to the employees of Technology Department right now.

Actually, it is common for programmers to work overtime to stay up late. The Technology Department employees definitely won't have any objection. However, Zhao Qian never forced others to do anything.

His name was Faang Ni, and she told the Technology Department staff that as

long as they could complete the game within half a year, each person's year-end bonus would be no less than six digits.

Faang Ni was a little unwilling. There were more than twenty people with Technology Department s that were not less than six digits in number. How could she possibly give them so much money?

Zhao Qian laughed and said, "I'm a major shareholder now, so these are not things you need to worry about. You just need to do as I say."

Faang Ni was stunned for a moment. She had even forgotten that she was no longer the boss of the company.

"Hee hee ..." I forgot you're the boss now. "Alright, that's what I'll tell them."

Faang Ni immediately went to talk to the Technology Department staff about working overtime. After they heard that the year-end bonus was no less than six digits, they all said happily that it was no problem.

The reason why Zhao Qian was willing to spend so much money was because he had high hopes for this game. Secondly, it was for Wu Xin. Third, it was for the live broadcast platform plan.

What was the most profitable streamer of every major broadcast platform right now? They were all famous hosts of various games.

How much money does singing make? The audience had too many choices. If they got tired of listening, they would choose a new player.

The key to the singing industry was to act coquettishly, even Wu Xin did not know how to do so.

The game's technical host was different. Technology wasn't something that anyone could learn. As long as Wu Xin could practice a good technique, she

would be set on fire. She didn't need to show off her skills, as long as she was skilled enough, people would pay for it.

It was difficult to operate games like the League of Legends, but mobile games were much simpler. As long as Wu Xin practiced hard enough, she would immediately get good at it during the game's open beta.

What did it mean for the streamer to be angry? This meant that the live broadcast platform had also gone viral. All sorts of props would be better if they were added to the water. To make a profit on the platform, it was still up to the audience to pay.

This was also the plan B of Zhao Qian's live broadcast platform. If he could not successfully purchase a well-known live broadcast platform such as Flying Fish, he was prepared to purchase a small platform, or he could even make one for himself.

The platform had been signed by Wu Xin to promote the game. With the excitement in the game, it should be easy for her to get up.

Therefore, this game is very important to Zhao Qian and must be done as soon as possible. This was also the reason why he was willing to give the technicians a high year-end bonus.

To him, the most important thing was to complete the task. As for how much he spent, he really didn't care at all.

With their family background, everything they did was to enjoy the joy of success and the sense of accomplishment. Those who didn't have money were no longer within their consideration.

After a while, Faang Ni came back and said with a smile, "When the technicians heard that the year-end bonus has at least six digits, they were ecstatic."

"Haha ..." That's good. I was afraid they wouldn't want to. "Then I won't bother you with your work anymore. Go ahead, get busy."

Zhao Qian stood up and was about to leave, but Faang Ni stopped him.

"Director Zhao, are you free tonight?" Let's have a meal together. I'd like to discuss the future of the company with you. "

Zhao Qian nodded and replied, "Sure, I'll wait for you at the entrance of the building after work."

Faang Ni nodded happily as she agreed. Then, she hurried to open the door for Zhao Qian as she watched him walk out. At this moment, the way she looked at Zhao Qian was completely different and full of love.

Faang Ni, who was thirty years old, had already been single for six years. She insisted on the principle that she would rather go without a partner, even if she was single to the point of death. She was going to wait, wait for someone who was worthy of her. Now that this person appeared, it was Zhao Qian.

"Hey, have you heard? Earlier, Director Faang had gone to Technology Department and said that she would start working overtime to make the Xingyuan orders from now on. As long as it's done within half a year, everyone's year-end bonus will be at least six digits. "

"Are you for real?" So high! Just the year-end bonus alone is enough for us to earn two years of salary! "

"It's more than two years! No less than six digits, which means that if things go well, it could be six digits beginning with nine, or seven digits. "

"This... This was way too high! I used to think programmers were pathetic, but now I realize that we are. "Had I known this would happen, I would have

learned how to edit programs, alas ..."

The staff of the planning department, marketing department, and other departments were all discussing in whispers. All of them were extremely envious.

Zhao Qian was worried that their moods would be affected, so he smiled and said: "Don't be envious, I've been working all night and I'm already bald. A 30 year old is like 50 years old, it's only right for me to earn more. Besides, didn't you find out the secret behind it? "

Everyone immediately asked what secret he had.

Zhang Yuan sneered and said, "Since you instill your thought of a salted fish into everyone, I would rather go bald and age than to have an annual bonus of over a million yuan. Only someone like you, who does not seek for improvement and is able to eat alone, and whose entire family does not need to worry, will feel that it's nothing. "

Zhao Qian glanced at him and chuckled, then ignored him and continued to speak with his other colleagues: "The company is currently short on funds, and Director Faang is still willing to pay such a heavy price to have Technology Department colleagues work overtime. "What does this mean?"

"What does it mean?"

Zhang Yuan asked bluntly: "That's right! What did it mean? "Come, let's see what tricks you can come up with!"

Zhao Qian still ignored Zhang Yuan and continued to talk to the others.

"Even the boss wants to earn money. Director Faang is willing to pay several million or even an annual bonus, which means that this game will bring the company at least twice the profit. "With the company's profits, our wages and

benefits, will we not increase along with it?"

With Zhao Qian's analysis, everyone laughed. Thinking about it this way, not only did the treatment of our colleagues in Technology Department increase, the treatment of everyone in the company also increased.

Everyone's minds had become much more balanced. All of them were satisfied and began working immediately.

Zhao Qian couldn't help but laugh as he looked at these cute employees.

Soon enough, it was time to get off work. The Technology Department employees quickly went out to eat, and then returned to work overtime.

Zhao Qian waited for Faang Ni at the entrance of the building.

"Director Faang, where do you want to go for dinner?"

"Whatever, you can make the decision. But I want to go home first, okay?"

"Yes. "Let's go."

"Then I won't drive. Take your car."

Zhao Qian nodded. He took Faang Ni to the parking lot to get the car and drove to her house.

At this moment, Wang Chuan, who was not far away, quickly drove his car and followed them.

Soon, they arrived at the entrance of Faang Ni's home.

"Director Zhao, why don't you stop the car by the roadside and go sit there for a while? You know girls need some time before they go out, so you might as

well go in and wait. "

"Alright."

Zhao Qian then stopped the car and went in with Faang Ni.

Wang Chuan continuously pressed the button on his phone and had already taken dozens of photos.

"I was wondering why Director Faang was so courteous to you all of a sudden." "Zhao Qian, oh Zhao Qian, I want to see how you're going to continue staying in the company."

Wang Chuan revealed an evil smile and quickly sent the photo to Zhang Yuan, Wang Qiang, and Jiang Xiaoqing.

C18 I'm Just Being Taken Care of

Jiang Xiaoqing and the others were both surprised and happy when they received Wang Chuan's photo.

Wang Chuan also sent the same voice messages to each of them.

"I happened to see the two of them come out together, and I thought it was strange, so I came over to see it, but I didn't expect to see it. I was wondering why he suddenly became so awesome. What bullsh * t about winning the lottery, Director Faang had actually taken care of him. That old girl Director Faang, who had been single for so long, must have had a terrible thirst. "It's not surprising that only Zhao Qian will accept the support within the company."

Wang Qiang and Zhang Yuan both laughed out loud. With these photos, how could Zhao Qian still have the face to continue staying in the company?

Jiang Xiaoqing's face was full of mockery as she muttered to herself, "I was right, he was just a piece of trash. To be able to do such a disgraceful thing, he didn't feel embarrassed at all. This Faang Ni had no foresight either, spending several million to keep such a trash. Humph! This old lady has slept for so long for free, nothing good will come of it! "

Wang Qiang immediately pulled up a discussion group, pulling Jiang Xiaoqing, Wang Chuan, and Zhang Yuan into it.

"What do you think of this?"

Zhang Yuan and Wang Chuan immediately said what else could they do. They were announcing the photos to let everyone in the company know about it.

Jiang Xiaoqing quickly stopped them.

"Don't mess around. This matter has an impact on Faang Ni as well." We can ignore Zhao Qian's feelings, we definitely can't ignore the boss's feelings. "

Wang Qiang and the other two felt that Jiang Xiaoqing's words made a lot of sense. They still had to rely on Faang Ni to pay their wages. They definitely couldn't anger her.

At this time, Zhang Yuan came up with a solution. They can post it anonymously and then guide their colleagues online to look at the photos.

Wang Qiang thought this was a good idea and decided to do it. He immediately registered a Tieba account number on the internet under the name of Zhao Qian, and then sent the photo up, saying that it was to record his good life with his boss.

After they were done, the four of them laughed happily.

At this moment, Zhao Qian was still sitting in Faang Ni's living room with her makeup on. Half an hour later, she finally came out.

Zhao Qian was shocked. It wasn't because he was attracted by Faang Ni's beauty, but it was just that he didn't expect her appearance to change so much. It was as if she had become a completely different person.

Seeing Zhao Qian staring at her, Faang Ni went up to him shyly and hit him, "What are you looking at?"

Zhao Qian laughed and replied: "Look at the pretty girls! Director Faang should be dressed like this, she's definitely the brightest star in our company."
"

"Hee hee ..." "Really?"

"Of course. Let's go eat. "

Faang Ni nodded with a smile, took her bag and followed Zhao Qian out.

Zhao Qian chose a very romantic western restaurant based on Faang Ni's dress. Only by doing this, he would be able to match her low-cut dress.

"Feel free to order anything you want, I'll treat you."

Faang Ni signaled the waiter to pass the menu to Zhao Qian.

Zhao Qian did not stand on ceremony and ordered steak, caviar, red wine, etc. Although the food wasn't much, it was very expensive. Faang Ni ate it directly for close to a hundred thousand yuan.

Honestly, Faang Ni felt uncomfortable listening to him. Although she said she would treat, she couldn't do it like this. Her good impression of Zhao Qian was gone again.

Zhao Qian did it on purpose to make Faang Ni hate him. He wasn't stupid. He dressed up for a meal because he wanted to date Ye Zichen.

With Zhao Qian's conditions, he didn't know what kind of girl he should be looking for as a wife, but it definitely wouldn't be like Faang Ni's. Firstly, he didn't like girls who were a few years older than him, and secondly, Zhao Fu wouldn't allow him to marry a woman of that age.

Faang Ni had prepared a lot of words, but now she was unable to say them out loud. In order to alleviate the awkwardness, she started to discuss the company's development plans with Zhao Qian.

Zhao Qian had already made a plan, but his plan was made from the perspective of Wealth International Group, not from the perspective of Faang Ni's Production Company.

Thus, his plan could only be known by himself. No one else could know about it.

Therefore, he said to Faang Ni: "My plan is to first work with Xingyuan to develop the operation rights. When the company is stable and profitable, we will develop the project separately."

Faang Ni nodded and asked again, "Then, what percentage of certainty do you have to have the right to cooperate with Xingyuan?"

"That's hard to say. When I'm free another day, I'll have a meal with Guo Mingda and talk about it later."

Faang Ni nodded and didn't say anything else.

The two of them quickly finished dinner. Faang Ni had originally wanted to invite Zhao Qian to the movies, but now she was no longer in the mood.

Zhao Qian didn't want to be alone with her for too long, so he drove her home.

"Phew ..."

Zhao Qian let out a heavy sigh as he watched Faang Ni walk into the residential complex. It was a very uncomfortable feeling that he would never come out alone with her again.

After he went home to take a shower, Zhao Qian went to bed and prepared to sleep. But just as he was about to turn off the light, Faang Ni called him.

"What's the point of calling at this time? "It can't be that you want to confess to me, right?"

Zhao Qian muttered to himself. He was very conflicted about whether he

should pick up the phone.

Soon, the call ended, but a few moments later, Faang Ni called again. No matter what happened to her, she obviously had to accept it.

Zhao Qian could only take a deep breath and pick up the phone.

"Hello, Director Faang, is something the matter?"

"Zhao Qian, hurry up and log in. I just sent you a link, check it out." This is so infuriating, hurry up and take a look! "

"Oh. Good. "What is it?"

Zhao Qian asked as he opened WeChat.

Faang Ni replied, "You'll know when you see it."

Zhao Qian replied with an "oh" and clicked on the link. He was shocked by what he saw. It was a Weibo post with pictures of him and Faang Ni going to her house tonight.

After a moment of surprise, Zhao Qian laughed. He felt that it must be the doing of Wang Qiang and the others. Otherwise, he wouldn't be able to think of anyone who would target him.

Zhao Qian did not say anything. Faang Ni asked anxiously, "What happened? Say something. "

"Don't worry, I'll get someone to check the poster's IP address and see if I can lock in the poster."

"Can this be done? Can you really find the poster person? "

"Definitely."

"Sure. Hurry up and find him, I must cut him into ten thousand pieces! "

Faang Ni hung up the phone angrily. It sounded like she was very angry.

Zhao Qian calmly forwarded the connection to Wang Qi.

"Have the people from Technology Department check the IP addresses of the people who posted this post for me. It would be better if they can confirm his address. Immediately! "

"Understood. Young Master, please wait a moment. I'll contact the operations director of Weibo right now. "

Zhao Qian nodded and hung up.

No matter who posted this Weibo post, they were destined to be sad. Because Wealth International Group has taken over Weibo indirectly, it is too easy to find out the personal information of the registered account.

C19 So Angry

Wang Qi quickly called Zhao Qian back and even sent him the message about her Weibo account.

Looking at the familiar name and phone number, Zhao Qian smiled.

After a while, Faang Ni called Zhao Qian and asked him if he had found the person who posted the Weibo message.

"I found it. It was sent by Wang Qiang." You can do whatever you want with him, but don't drive him away. Do you understand what that means? "

"Understood!" I will definitely not let him off easy! "

Faang Ni angrily hung up the phone.

The next day at work, Zhao Qian deliberately went to the company with Faang Ni.

When his colleagues saw the two of them coming together, they firmly believed that the two of them had that kind of relationship.

Everyone was unhappy. Faang Ni had the money to support Zhao Qian, but she didn't have the money to pay him.

"Wang Qiang!" "Come out!"

Faang Ni shouted the moment she entered the office, scaring Wang Qiang so much that he ran out of the office in a hurry.

"Director Faang, what can I do for you?"

Wang Qiang was also guilty and did not dare to look into Faang Ni's eyes.

Faang Ni glared at him angrily for a moment before scolding, "I told you before, do you think my words are bullshit for doing what a manager like you should do?"

Wang Qiang acted like he was wronged and immediately asked: "Director Faang, what happened? I... What have I done wrong again? "

"Continue acting!" Do you think I don't know that you posted those photos on Weibo? I've already f * * king contacted the Weibo company and their technician has sent me the information for that account. The user's name and cell phone number are all yours, so don't tell me it's just a coincidence! "

Wang Qiang's heart instantly sank. How could Faang Ni know someone from Weibo company? He was such a big company, how could he have any dealings with the boss of a small workshop company? Wang Qiang thought that Faang Ni wasn't trying to trick him, right?

Zhang Yuan, Wang Chuan, and Jiang Xiaoqing felt their heartbeats quicken. If Wang Qiang exposed all three of them, Faang Ni definitely wouldn't let them off lightly.

Wang Qiang felt that it was better to persevere. If Faang Ni was lying to him, it was possible that she was cheating him.

"Director Faang, I swear to god, I didn't do that! You have to find out and not accuse me. Did Zhao Qian tell you I did it? "Don't believe him, I stole his girlfriend, he really wants to kill me."

Faang Ni was furious. She took out the printed information and threw it at Wang Qiang.

"You're still quibbling! I wanted to give you a chance, but it seems like there's

no need! "Hurry up and pack your stuff and get out of here!"

Wang Qiang quickly picked up the information and looked at it. Immediately, he became terrified. He looked at Wang Chuan and immediately said, "Director Faang, these photos were secretly taken by Wang Chuan and he urged me to post them online. He knew my relationship with Zhao Qian was strained, so he used me. Director Faang, you may not know this, but he has always disliked Zhao Qian and has always been looking for opportunities to teach him a lesson. "

Wang Chuan panicked and quickly denied that he did it. He even told Wang Qiang to take responsibility for his own work and not push the blame on others.

Fearing that Wang Qiang would reveal him, Zhang Yuan immediately followed Wang Chuan's words. "I think Wang Chuan is right. Manager, Director Faang already has evidence, so stop struggling. It's not good for you. Hurry up and apologize to Director Faang, and ask for her forgiveness. "

Jiang Xiaoqing also urged Wang Qiang to hurry up and apologize. If he said something was wrong, he had to bear the consequences, otherwise, how could he be the manager.

Wang Qiang really didn't know what to say anymore. However, he knew that he could only take the blame.

"Director Faang, I am truly sorry. It was my fault, I hope you can forgive me. In the future, I will definitely be a good person and will never make this kind of mistake again. "

Faang Ni snorted coldly and replied, "Is there any use apologizing? Zhao Qian and I have both lost our reputations! We treat our customers together for the company's order. Fine, fine, fine. If you can't help, then forget it. You even have to light a fire for me in the backyard. Is there any use in your fucking

apologizing? "

Everyone thought that Zhao Qian was really taken care of by Faang Ni just now. Now that they knew that they went out to accompany customers for the company's order, everyone started to blame themselves.

They didn't have the ability to bring such a big order to the company. Now that Zhao Qian could do it, they really shouldn't be wanting to see him make a joke.

"Mr Wang, I think you should apologize to Zhao Qian, and we should also apologize to him. We've been laughing at him for a long time. But what about him? He never explained, never minded, but silently fought for the company's interests. "

"Yes!" The company was in trouble and no one could save it, but he went to get the order on his own. One must know that a large company like Xingyuan definitely looks down on small companies like us. What kind of trouble would he have to go through to get the order back? "

"I agree that everyone should apologize to Zhao Qian. I'll go first! " Zhao Qian, I'm sorry, I was wrong before. From now on, you are the real Young Master Zhao in my heart."

"Young Master Zhao, I'm sorry ..."

His colleagues rushed to apologize to Zhao Qian. This made Jiang Xiaoqing and the others feel embarrassed.

Everyone apologized. The few of them couldn't do anything special.

However, they couldn't say it out loud. They felt their faces burning.

Now that things had come to this, there was no point in continuing to

stubbornly resist. Wang Qiang took the initiative to apologize to Zhao Qian, begging for forgiveness.

"Zhao Qian, I'm sorry. I was being careful. I hope you can give me another chance. I will definitely not make this mistake again! "

Since Wang Qiang had already apologized, Zhang Yuan and Wang Chuan did not dare to continue and hurriedly apologized to Zhao Qian as well.

Only Jiang Xiaoqing refused to apologize.

Wang Qiang's expression changed as he reprimanded, "Xiaoqing, quickly apologize to Zhao Qian. How come you don't have good eyesight!"

Jiang Xiaoqing insisted on her last bit of stubbornness and retorted immediately, "I didn't do anything wrong nor did I do anything wrong. Why should I apologize to him? "You guys have no guts. It's your business to like apologizing. Don't drag me in!"

With that, Jiang Xiaoqing returned to her seat.

Wang Qiang couldn't wake her up even if he shouted, so he could only apologise to Zhao Qian on her behalf in embarrassment.

"Hehe ..." "Zhao Qian, I'm sorry, she doesn't know anything, please don't take offense to it."

Zhao Qian laughed and replied, "It's alright, I'm used to it. Everybody work. From now on, I just need to personally see you not to spread rumors. "

Everyone promised Zhao Qian that in the future, they would not be provoked by these villains again. From now on, he was really Young Master Zhao in their hearts.

Zhao Qian nodded with a smile and went back to his seat.

Faang Ni was still angry and sent Wang Qiang to the office to scold him.

Zhang Yuan was so angry that he broke the pen. He had wanted to rely on these photos to embarrass Zhao Qian by staying at the company, but now he had become closer to his colleagues. What a bastard!

Zhao Qian did not care about it at all. After a while, he went to ask Faang Ni for a leave of absence and left the company.

Now, he had to busy himself with his own matters. An hour later, he arrived at the Feiyu Building.

Zhao Qian went straight to the tenth floor. In front of him, he said he wanted to see Flying Fish's CEO, or other executives.

The front desk asked him what he wanted from the CEO and if he had an appointment.

Zhao Qian shook his head and replied, "I don't have an appointment. I want to talk to him about cooperation. Could you give him a call and let him know?"

The receptionist nodded and called Flying Fish's CEO, Yang Jindong.

Yang Jindong heard that someone wanted to talk about cooperation, so he called for Zhao Qian to be brought to his office.

C20 He Might as Well Make One for Himself

Zhao Qian came to Yang Jindong's office and greeted him with a smile.

When Yang Jindong saw Zhao Qian's attire, he immediately realized that Zhao Qian wasn't here to talk about cooperation. He was definitely here to sell.

"Hello, my name is Yang Jindong, I'm Flying Fish's CEO. "I wonder which company you're from. What kind of projects do you want to work with us on?"

Zhao Qian smiled at him and replied, "I just want to cooperate with you Flying Fish by myself. It's fine for me to buy or buy shares."

Yang Jindong laughed when he heard this. He asked Zhao Qian if he knew how much a flying fish was worth.

Zhao Qian laughed and replied, "Of course I know that. "The current valuation is 800 million."

Yang Jindong shook his head and replied, "This is only a temporary valuation. Considering the speed at which the live broadcast industry is developing, Flying Fish's position in the industry will at least be worth tens of billions of dollars in the future. There is no need to talk about purchasing at your current valuation. "

Zhao Qian can hear Yang Jindong this is tactful refusal to buy. However, since he had come, he had to make things clear.

"Well, Mr. Yang, we don't waste each other's time. "You give me an exact number. How much do you need to become a major shareholder or buy it all?"

Yang Jindong saw that Zhao Qian did not seem to be joking, so he replied, "I don't dare to say that. "It's not appropriate for Mr Zhao to come alone and

ask about our business secrets, right?"

"Hehe ..." "Then how can Mr. Yang believe that I have the ability to purchase flying fish?"

Yang Jindong wanted to speak, but Yang Ming's voice came from outside.

"Yang Ming, I heard someone came to discuss cooperation. Who is it? What is it?"

When Yang Jindong heard it was Yang Ming, he quickly ran out to greet him.

"Why is Young Master free to come today?"

"Passing by, I came up to take a look." I heard from the front desk that someone came to talk to you about a collaboration? "Who is it?"

"Right inside, his tone is not small, he wants to buy our platform. How about Young Master go and have a chat with him? "

"Is that so? Who is it? His appetite was not small, he actually wanted to buy our flying fish! I really want to see, in a place like the Donghai City, who else is there that I don't know of! "

Yang Ming immediately walked into the Conference Room. At this time, Zhao Qian turned around and looked at him.

"It's you!" How dare you come here to die! I was looking for you! "

As Yang Ming said this, he went forward and grabbed Zhao Qian's collar.

Zhao Qian didn't stand on ceremony with him and also grabbed his collar, pushing him against the wall.

Yang Jindong quickly came over to stop them, and reminded Zhao Qian not to cause any trouble. This was not a place he could mess around in.

Zhao Qian ignored Yang Jindong and said to Yang Ming with a serious expression, "I'm here to discuss cooperation, not to play with you."

Yang Ming nodded, and replied with a vicious face: "Let's get down to business." "Sure, I'll talk to you!"

Zhao Qian nodded and released Yang Ming.

Yang Ming let out a cold snort and let go of Zhao Qian. He even made Yang Jindong busy outside, so he could deal with it here.

Yang Jindong didn't dare to disobey and hurried out.

Zhao Qian told Yang Ming what he had told Yang Jindong earlier and told him to give a price.

Yang Ming laughed out loud and said, "You are just a poor bastard, yet you still try to act cool here. If I quote a price, can you afford it? "

Zhao Qian looked at him with contempt and replied, "Quote as much as you want. If I think it's appropriate, I won't bargain! "Don't be such a sissy!"

"F * ck!" Fine! If you want to buy shares and become a major shareholder, then take 10 billion. If you want to buy it all, then 30 billion. "

"F * ck you!" A thing worth several hundred million, if you ask me for ten billion, I'll give your mom a hundred million, and you can ask her if she wants it! "

"F * ck!" You f * cking dare to say it again! "

Yang Ming wanted to hit Zhao Qian, but his wrist was grabbed.

Zhao Qian said with a look of contempt, "I can say it a few times, but if you go back and ask your mom if she wants it, I can give her 100 million. Twenty minutes. Ask her if she's satisfied! "

After saying that, Zhao Qian pushed Yang Ming away, turned around and left.

Yang Ming regarded him as underestimating his enemy, so he definitely wouldn't cooperate with him. Therefore, he felt that there was no need to waste his time here.

However, Yang Ming suffered a loss. This was his place, so how could he let Zhao Qian leave so easily?

Yang Ming chased after him and insulted Zhao Qian loudly. He even told the security guards to hurry over and catch him.

After all, this was Yang Ming's place, so the security guards definitely had to listen to him and quickly went over to stop Zhao Qian.

"Motherf * cker, you dare to mess with laozi in laozi's place? You're courting death! Beat him up until he can't even recognize his mother! "

The security guards immediately wanted to take action, but at this moment, Zhao Qian turned around and rushed in front of Yang Ming, grabbing his throat.

"Let me see who dares to move!"

The security guards did not dare to act rashly, and all of them were advising Zhao Qian not to act recklessly.

Yang Ming felt that he lost all his face, and threatened: "You're in big trouble.

If I don't kill you, I'll have the same surname as you from now on!"

However, Zhao Qian replied with a look of indifference: "Don't! You want to be my godfather, but I don't want you. "Don't casually use your father's surname!"

After saying that, Zhao Qian pulled Yang Ming and walked out.

Yang Ming's throat was locked, so he had no choice but to follow Zhao Qian out.

The security guards and the staff all quickly followed him out.

Just as he left the building, the police came.

Yang Jindong shouted, "Police comrade, there are robbers here, quickly save our young master!"

The police quickly warned Zhao Qian to release the person, otherwise, they would have already taken coercive measures.

After all, they had the authority to enforce the law. Even if they shot or killed someone, it would be reported to the police. So Zhao Qian let Yang Ming go.

Yang Ming was flustered and exasperated. He raised his hand and punched Zhao Qian.

How could Zhao Qian be at a disadvantage? He raised his foot and kicked his second brother.

The police hurried forward to separate the two, warning both sides not to act or to pull them back.

Yang Ming jumped back and forth clutching his crotch, his face red from the

pain.

"F * ck, if laozi doesn't kill you, I'll have the same surname as you!" Just you wait! This time, you won't be able to get out of this trap! "

Zhao Qian's expression was also ugly, it could be described as vicious.

"Yang Ming, remember this punch for laozi."

After saying that, Zhao Qian wanted to get on the car.

But the police won't let him go, they have to take him and Yang Ming back for questioning.

Yang Ming was in a lot of pain, so he yelled in annoyance, "I'm not going, I have to go to the hospital. Take him back and interrogate him. Without my order, you are not allowed to let him out! "

Although Yang Cheng did have some status in Donghai City. However, it was very inappropriate for them to openly order the police to do so in broad daylight.

The police reminded Yang Ming to be careful when he spoke, but they still told him to go to the hospital and only took Zhao Qian away.

Yang Ming immediately called his father and told him to call the bureau chief of the city police. He had to call Zhao Qian.

When Yang Cheng heard that his son's groin had been kicked, he flew into a rage and immediately called the bureau chief to complain, asking him to severely punish Zhao Qian.
