

C116 A Problem That Cannot be Solved Without Money

The shop manager arrogantly asked Zhao Qian: "Handsome, what other tricks do you have? If you have the guts, keep adding money! I'd like to see how much money you have to put on airs. "

Xiao Hong was actually feeling conflicted. She really wanted that one million yuan, but she was worried that she would lose her life to spend it. The other employees were secretly glad that they didn't snatch Xiao Hong from her earlier. Otherwise, they would be in trouble.

Zhao Qian was expressionless. He didn't say anything and just signed a cheque for two million and put it on the table.

"Who has evidence of your boss's crime? Hand it over to the police and take the two million. I see that you guys are not locals either. Carrying two million back to your hometown will be enough for you to live and work in peace. "

It was true that there would always be brave men when there was a great reward and that no money could solve this problem. With two million in front of them, everyone was tempted. Xiao Hong was the first to grab the cheque.

"I... I think we should draw a clear line between our sins and ours.

"Handsome, just call the police. I have proof that the boss did something illegal."

The shop owner was enraged as he scolded, "You slut, do you really want me to make a move on you? Now hurry up and get your ass over here, your elder can still give you a chance. "Otherwise, I will guarantee that you will not have a good ending."

Xiao Hong's heart raced and she wanted to admit her loss. But looking at the two million check in her hand, she persevered.

"Chen Xiang, don't scare me like that. I know what you did. I don't believe that your cousin can cover the sky with one hand, even the police can't do anything to you. "

Chen Xiang wanted to curse again, but his cousin Xiao Li took the initiative and said, "Xiao Hong, do you know what you're saying? This store has my shares, as well as our manager's. Do you know the consequences of what you just said? You think you can get the two million? "

Zhao Qian didn't want to see the siblings act together, so he directly called the police.

Xiao Hong lowered her head and looked at the cheque in her hand, feeling conflicted.

Xiao Li had a calm and composed expression on her face. She was not afraid of Zhao Qian calling the police. She took out her cell phone and called the general manager, Wang Jian, to add extra details and report the situation here, asking him to come forward and tell the police about it.

Wang Jian immediately promised: "You guys are in the right in this matter, I will definitely help you. Don't worry, I'll call the station and tell them to take it easy. "

"Yes, thank you, Director Wang." For next month's dividends, we will definitely give a bit more to Director Wang. "

"Haha ..." "Sure, sure ..."

Xiao Li hung up the phone and walked back with a complacent expression. She made an OK gesture to her cousin, signaling him not to worry. Everything was settled.

With his cousin's guarantee, Chen Xiang became even more unbridled. He said to Xiao Hong with a vicious expression, "Just you wait, after this matter is settled, let's see how I will deal with you!" "If you dare to oppose this father, then you must think carefully about what will happen to you!"

Xiao Hong was immediately scared to the point of tears and apologized to Chen Xiang, "Boss, I'm sorry. You know my parents' situation. This 2 million is really very important to me. With these 2 million, I can at least help one of my parents change their kidneys. "I hope you don't mind if I work for you for five years."

Chen Xiang sneered. Just as he was about to reply, someone from the police station arrived. The leader was an old policeman. He looked to be almost fifty years old. He asked, "Who called the police?"

Zhao Qian raised his hand and told the police what had happened. Chen Xiang immediately took a bite back and denounced Zhao Qian's group for damaging, stealing and even trying to bribe the employees to take revenge on him.

The old policeman asked Zhao Qian if he had any evidence to prove his innocence. If he didn't, then he had to act according to the law. They have to pay the original price for damaging the store's goods. Stealing something is captured and needs to be returned to the police station for investigation.

Zhao Qian looked at Xiao Hong and asked, "What do you think? Should I continue to help the evil, be the villain of the tiger, or abandon the dark to the light? "

Xiao Hong hesitated. Chen Xiang threatened, "Xiao Hong, you have to think carefully before you speak. The police are present, and any words you say will be subject to legal responsibilities.

Xiao Hong looked at the cheque in her hand and thought back to how her parents had been tormented by illness. She was determined to draw a clear

line between her and Chen Xiang.

"Comrade Police, I can testify that Chen Xiang forges the price and often uses damaged items to falsely frame the customers, demanding a large amount of compensation. That silk handkerchief was originally bad. When he saw that the aunt and the three beauties were all relatively friendly, he wanted to make a move on them. "

Chen Xiang was furious. He stepped forward and wanted to hit Xiao Hong. Zhao Qian was quick to react. He pulled Xiao Hong behind him and pushed Chen Xiang away.

Zhao Qian reprimanded him, "Attacking in front of the police, how unreasonable are you normally! Do you think the police and the law can't control you? "

Chen Xiang tit for tat replied, "I manage my staff, can you do anything about it? She signed a labor agreement with me. It's still two years away. As the boss, is there a problem in reprimanding your employees? What law forbids the boss to reprimand the staff? "

Only now did Xiao Hong recall that she had signed a labor agreement with Chen Xiang. If she resigned without reason, she would have to pay him a year's salary. Thinking of this, she was terrified again. She couldn't bear to lose nearly 200,000 yuan to Chen Xiang.

Seeing that Xiao Hong wanted to back down again, Zhao Qian immediately comforted her, "Don't be afraid, if we can be sure that he did something illegal, then your labor agreement will be invalid. "Now, as long as you can prove that he has committed a crime, I can guarantee that you won't be harmed in the slightest!"

Xiao Hong nodded and immediately took out her phone.

"I've filmed a lot of videos. You'll understand once you see them."

The policeman took the phone and scanned the photos and videos.

These photos and videos were all taken by Xiao Hong while she was at work. Some of the scenes were created by them at the scene of the forgery. Many of the products in this store were made by Chen Xiang in a small workshop, and then he brought them back to be packaged. It is enough to match the invoice, customs declaration, etc.

The old policeman immediately signaled his colleagues to capture Chen Xiang and warned him in a very serious tone, "Chen Xiang, you are suspected of faking the price. We are going to take you back to be investigated." Your shop is temporarily going to be closed. Everyone, get out immediately! "

Seeing that the situation wasn't looking good, Xiao Li hurriedly called the general manager, Wang Jian.

"Director Wang, what's going on?" Why is the police still showing up?! They took my cousin away, and if you really look into it, the consequences will be very serious! "

"What?" What was going on with these stupid birds! Just you wait, I'll give their leader a call now and ask about the situation. "

The old policeman sealed the store. Just as he was about to leave with Chen Xiang, Wang Jian ran over in a hurry.

"What's going on? What right do you have to capture our merchants? There has to be a way to put it, right? "

The old policeman explained it to Wang Jian and reminded him that if he had any questions, he could go to the police station in the region and wait for the notice.

"Hehe ..." I'm old friends with your Superintendent Chen, why would you want to cause trouble for yourself? "

The old policeman immediately became displeased and replied very seriously, "I am a police officer. I am exercising the authority granted to me by the people. What do you mean by causing trouble for yourself? If you know our Superintendent, you can break the law? "

Wang Jian was embarrassed. With so many people watching, if he were to brazenly protect Chen Xiang, it would definitely bring about a bad effect to the shopping mall.

"Hehe ..." I mean, if there's any evidence, of course you can arrest him. If there is no evidence, then we cannot randomly arrest people. This will sully their reputation and in the future, how will they be able to do business? "

"I don't need you to remind me of this. Since I dared to capture him, I naturally have a legal basis for doing so." Alright, I won't tell you anymore. If you have any questions, you can go back to the station and wait for news! "

The old policeman signalled to the other policemen and they escorted Chen Xiang away.

Chen Xiang was extremely scared and kept begging for help from his cousin.

"Cousin, save me, save me ..."

Xiao Li quickly comforted, "Cousin, don't be afraid. You are innocent. The police will give you justice!"

Chen Xiang really wanted to scold her in his heart. Everyone was clear on whether or not he was innocent. Wasn't saying these words like farting?

After the police left, Xiao Li revealed a ferocious expression and angrily walked towards Zhao Qian.

C117 Bind Him in the Name of the Leopard

These words were true. With Wang Jian's support, Xiao Li naturally did not put Zhao Qian and the others in her eyes. This store gave her several million yuan per annum. Now that it was highly likely that it would close down, she naturally couldn't let Zhao Qian off the hook.

"If you dare to go against me, you will definitely not get anything good out of it! It doesn't matter if this shop is fine or not, you're not in a good mood! "

Zhao Qian was sure he wouldn't be scared by her and immediately replied: "Oh? Is that so? I don't really believe you're that good at turning black and white against the law. "

"Hehe ..." We'll see about that. "

After Xiao Li finished speaking, she gave Wang Jian a meaningful glance and the two of them went to Wang Jian's office in tacit understanding.

Xiao Li immediately snuck into Wang Jian's embrace and said coquettishly: "You must get revenge for us, we won't let that bastard off easy. This store will bring us millions of dollars a year, so we can't just close down. "

Wang Jian's eyes lit up as he rubbed Xiao Li's butt with his large hands. Xiao Li pouted coquettishly as she took his hand and said in an aggrieved manner, "What the hell do you mean? Why aren't you saying anything?"

"Haha ..." Was there even a need to say that? I will definitely help you. Rest assured, after work, I will personally pay a visit to Superintendent Chen. The matter will be reduced to a small one and it will become a trivial one. Nothing will happen to him. "

Xiao Li immediately beamed as she wrapped her arms around Wang Jian's

neck, praising him, "I knew you wouldn't let me down. That... Where's that bastard? You have to help me teach him a lesson. You have to let him know how good we are. "

"Don't worry, I won't let him go."

"That's good. "And my cousin, all these years he's been giving us a lot of money. You can't just ignore him."

"Don't worry, after work, I will go find Superintendent Chen and we will do it together." Your cousin is my cousin, I definitely can't watch him die. "

"Hee hee ..." I knew you were the best man in the world. "Wooo ..."

Xiao Li happily kissed Wang Jian and the two of them became entangled.

On the other side, Zhao Qian was trying to console his mother not to get angry. There was no need to get angry over such a small matter. However, it was true that Yu Guifeng was very angry. She was not someone who could be persuaded with just a few words.

Zhao Qian was worried that Mom would use their family relationship on impulse, so it wouldn't be good for him to stay in the Donghai City. He told Wang Jing and the others to return first while he took Mom home alone.

As soon as she arrived home, Yu Guifeng was so furious that she wanted to call the director of Xin Hong's base office to inquire about her crimes. Zhao Qian hurriedly stopped her.

"Mom, there's no need to look for the boss for such a small matter. If you call me personally, this matter will be very serious. "

"I'm about to be angered to death, isn't this matter serious? "Then what do you call serious?"

Zhao Qian quickly stepped forward to massage Mom's shoulders and advised, "I know you are angry, I will avenge you." Besides, you can't make it too serious, even if it's for my safety. If others find out that our identities are extraordinary, then how am I supposed to survive in the East China Sea? "Maybe another Zhang Ziqiang would kidnap me and your dad and ask for ransom?"

"Go!" "Nonsense!"

"Then if you reveal my identity, what I said might turn out to be true. There are a lot of people in this society who don't care about money, not to mention kidnapping, they can even kill people and set fires. "

Yu Guifeng was frightened by her son's words and hurriedly nodded to agree not to call Boss Xin. Leave this matter to him, as long as he can teach that damned boss a lesson.

Zhao Qian hurriedly assured Mom with a smile, "We will follow Mommy's orders and teach him a ruthless lesson."

"Yes." I'll be going back to the Yanjing tomorrow. Do you have anything to say to your father? "

"There's nothing much to say, just ask my dad to pay more attention to my dad. And tell him not to worry about me. I'll do better than he does. "

"Haha ..." "Alright, that's what I'll tell your dad."

"Have a good rest at home then. I'll go out and choose a present for my dad."

Yu Guifeng nodded and went upstairs to bed.

Zhao Qian quickly went out to pick out gifts for his father. After buying them,

he called Yang Hu.

"Mr Hu, just rely on your relationship to inform the police station of the National Gold Center. We can't easily let that guy called Chen Xiang go. He must be severely punished."

"Understood. Do you need me to do it? "

"Not at the moment. We'll see how the police handle this matter. If I'm satisfied with the result, you don't have to do anything. If I'm not satisfied, it's not too late for you to make a move. "Also, check out the General Manager of the National Gold Center, Wang Jian, and his assistant, Xiao Li. I want to know as soon as possible. The more detailed the better."

"Understood, immediately send someone to do it. "Does Young Master have any other orders?"

Zhao Qian hesitated for a moment and continued, "There should be a professional killer attacking Yang Ming recently, help me take note. As long as he does it, whether he succeeds or not, he must find a way to get caught by the police. "

"Understood."

"Yes." "It's okay, you're busy."

"Goodbye, Young Master."

Zhao Qian hung up the phone and was about to drive home when Wang Jing called him.

"What are you doing?"

"If I said I missed you, would you believe me?"

"Go, I won't believe it. You must be trying to persuade your mother not to be angry. "

"You're asking when you know it, and trying to find something to talk about. You must be in love with me, right?"

Wang Jing speechlessly rolled her eyes. She didn't continue the conversation with Zhao Qian and went straight to the point.

"What exactly does your family do? Tell me the truth, I don't want you to lie to me. From your mother's attitude towards luxury goods, your family is definitely not simple. "

"Haha ..." My mother didn't know any luxury goods at all, of course, but she was very calm. I gave her all the money. Right, the few hundred million that you gave me, I gave it all to her. That's why she's so rich. "

"Really?"

"Of course it's true! "If my family is as awesome as your family, I would also go home to inherit my family business. Why would I have to come out and fight from the beginning to the end?"

Wang Jing acknowledged that Zhao Qian's words were reasonable, but she also felt that it was a little strange, as if he was deliberately hiding something.

After hanging up, Zhao Qian quickly went home. Mom was leaving tomorrow, so he would bring her to eat a good meal tonight. The two of them went back to the Donghai Hotel.

Halfway through their meal, Yang Hu called Zhao Qian. Zhao Qian hurriedly went out to answer the phone, asking Yang Hu what was the matter.

"Young Master, the killer you mentioned has made his move. However, Yang Cheng was already prepared long ago to serve as his son's bodyguard. He was unable to succeed and his hands and feet were broken, thus he was sent to the police station. "

"Hehe ..." Yang Ming's fate was quite good. This time, he was able to escape calamity. However, he couldn't just let the matter of him asking a professional killer to deal with me go like this. He got some unknown brothers to tie him up and ask Yang Cheng for a ransom of 20 million. "If you don't give it up, throw it into the river. Life and death will be decided by fate. "

"No problem." It's just that Liu Bao just kidnapped Yang Cheng, if we make a move now, it might be a little risky. If the police are paying attention to protecting father and son of Yang Family, we might get into trouble. "

"Hehe ..." "What's there to be afraid of? You can just do it in the name of Liu Bao."

"Haha ..." Understood. "As soon as possible."

"Yes."

After hanging up, Zhao Qian went to the toilet. On the way back, Yang Ming called him.

Zhao Qian picked up the phone and asked, "Young Master Yang, why are you looking for me so late at night?"

"Zhao Qian, you are f * cking ruthless, you actually spent 100 million to bribe him to turn around and kill me!" Fortunately, my dad had the foresight to assign me a bodyguard, otherwise, he would have really succeeded! "

"Young Master Yang, what do you mean by that? Why can't I understand it! "

"Stop f * cking playing dumb with me. Remember this. We're not done yet, so I'll definitely make you pay."

"Young Master Yang doesn't even need an excuse to deal with me, why do you have to accuse me so wrongly? Is there anything else? If there's nothing else, I'll hang up. I still have to eat with Jing. After dinner, we still have to get a room. "

"You ..."

"Haha ..."

Zhao Qian hung up the phone and the corner of his mouth curled into a sneer. When Yang Hu tied up Yang Ming, he would definitely let him know what it meant to have a life worse than death.

Yang Ming threw his phone to the side gloomily. He turned on the recording and wanted to say something, but he didn't expect Zhao Qian to be so cautious. Right now, he wanted to find evidence to prove that Zhao Qian spent money to hire people to kill him, so he could call the police to arrest him.

C118 20 Million

When Zhao Qian returned to the room, Mom immediately asked, "Who made the call? Why did you chat for so long?" Wang Jing? "

Zhao Qian smiled helplessly and replied, "Mom, you really like her?"

"Not really. I just think she's the best in your social circle. If he wanted to be a daughter-in-law, he would have to take strict examinations. At the very least, my family has a clean background, and without a relationship between men and women, my wife in Zhao Family cannot allow any problems with her reputation. "

"She is the eldest miss of the Huaying Group, her family background is not bad, right? As for the relationship between males and females, it should be alright. I just heard that Feiyu Group wanted to marry her, but was rejected. "

"Feiyu Group? Oh, that Flying Fish Platform, right? I heard that little guy is always going against you, is that true? "

Needless to say, Yang Hu must have reported the situation over here to Zhao Fu and told him about Yang Ming's situation as well.

Zhao Fu, after all, only had a son like Zhao Qian. Although he couldn't stay by his side often, he must always understand everything about him. At the very least, he had to know who was going against him.

Zhao Qian knew that he couldn't hide it from Mom, so he nodded in agreement.

Yu Guifeng was also a 'heroine in the middle', otherwise she wouldn't have become Zhao Fu's wife. She said in a very serious tone, "How are you going to mess with him? Your father and I can ignore it. "However, if his father dares

to interfere, then your father and I can't just stand by and watch. When the time comes, don't say that your father and I are nosy."

Zhao Qian nodded and replied, "When I really can't handle it, then you and my dad will do it. I am 24 years old and it is time for me to face the world on my own. If you leave with my dad in the future, can I still go in front of your tombstones and beg for your help? "

Yu Guifeng rolled her eyes at her son, but she felt that she was right. Parents had to leave sooner or later. Before leaving, they had to let their children learn to face all the hardships they faced.

The two chatted for a while longer before returning home to sleep.

The next morning, Zhao Qian saw Mom on the plane and rushed to the company. The moment he entered, he heard a ruckus coming from the Conference Room. From the sound of it, it was probably Wang Hanxu's roar. Presumably, it was for the shares.

Zhao Qian thought that this matter had something to do with him, so he walked over. He knocked on the door a few times, then Zhang Yang opened it. When Zhang Yang saw that it was Zhao Qian, he immediately became furious.

"You came at the perfect time. It's all because of you. You settle it yourself."

Zhao Qian replied with a face full of smiles, "Mr Zhang is actually so nervous. Is there anything else you can't solve?"

"Nonsense!" You can solve one for me! "

"Fine, then Mr Zhang will watch by the side. Let me show you how to solve this problem."

After Zhao Qian said that, he walked in. Wang Hanxu stared at him with

hostility. Faang Ni also had a bad face, but she didn't dare to lose her temper with Zhao Qian because she knew the company couldn't leave him.

Zhao Qian blinked at Wang Hanxu, purposely smiled mischievously, and asked, "Mr. Wang, how come you are so free today to come here and investigate?"

Wang Hanxu replied snappily: "What the f * ck do I want to inspect!? I'm here to find fault! I hear you want a 31% stake in the company, is that right? "

Zhao Qian nodded, indicating his tacit approval.

Wang Hanxu slammed the table angrily and shouted, "Do you know that I have the veto? You want to become a shareholder in the company, but I don't agree! "

Zhao Qian was still beaming with happiness and was not nervous at all as he replied, "If I didn't hear wrongly, Director Faang said that your veto means that no one else is allowed to invest without your permission, is that right?"

"That's right!" "You know you're trying to get a stake in it?"

"Haha ..." No one is allowed to invest in shareholders without your permission. But I did not invest, but Director Faang rewarded me to make a huge contribution to the company, free transfer of 31% of the shares to me. This matter is not within the scope of your veto. You have no right to interfere with it, nor do you have any right to reject it. "

Wang Hanxu was stunned for a few seconds and then roared: "You're playing a word game, shameless!"

"What Mr. Wang said is incorrect. I respect your rights, and you should respect our freedom as well. Director Faang wanted to reward me with a stake in the company. It was her freedom. I get a reward from the company, this is

my right. "Without interfering with your rights, you should also not interfering with our rights."

"You ..."

Wang Hanxu was rendered speechless by Zhao Qian, but he just couldn't accept that Wu could get a 31% stake in the company. Now that he couldn't stop it with the so-called veto, he thought of another way.

"Alright!" "I can agree to give you 31% of the shares, but I have a condition that Director Faang must accept my continued capital injection to increase the stake to at least 32%."

Faang Ni shook her head and replied, "No, I can't sell any more shares. Otherwise, I'll lose control of the company."

"It can't be! You give me 32%, he has 31%, we only have 63%, you have 37% left. You are still the largest shareholder, as long as you don't give any other people any stakes in you. "

Actually, 2% more or 2% less wouldn't have much of an impact on Faang Ni's control. However, she didn't dare to agree to Wang Hanxu's request.

Zhao Qian smiled and said to Wang Hanxu, "It's not impossible for you to take an extra 2% of the shares, but the valuation of the company is different now. You need to take 100 million to exchange for 2% of the shares."

The moment he said this, the entire audience went into an uproar. A 2% share price of 100 million, wasn't this a robbery? This company is worth 5 billion?

Wang Hanxu roared, "What the f * * k do you think I am? "A fool?"

Zhao Qian laughed and replied: "If you can't afford it, then don't take the shares. The company was not worth that much money now, but it would soon

be more than that. "Now that I want 100 million from you, I'll give you 2% of the shares. You've already earned a lot."

"Do you think I'm stupid!? This company can achieve a market value of five billion and even the dumpster can be listed on the market for money! "

"It's up to you whether you want to believe it or not. Since you're not giving me that much money, don't think of taking any share rights."

Wang Hanxu didn't get along well with Zhao Qian, so he turned around and asked Faang Ni what she really wanted. Was this company hers or Zhao Qian's? Why couldn't she make the decision?

Faang Ni was embarrassed, but she knew that the company couldn't do without Zhao Qian. They had to listen to his opinion.

But before Zhang Yang realized this, he immediately answered for Faang Ni, "The company is called Faang Ni's Producer, of course it's Faang Ni's. However, if you want to get a share, you really have to get some money. We can't give it away for free. So, you bring ten million in and I'll give you two percent. "How about it?"

"Zhang Yang, I only voted for your company on account of my alumni. I just invested 20 million and you're going to give me 30% of the shares. Now you want me to buy 10 million for 2% of the shares?"

"At that moment, at that moment, the company is growing and expanding. The value of the company is no longer the same."

Zhao Qian was not interested in listening to the two argue, so he stood up to leave. He did not nod. There must be no change in the company's equity, or he would destroy the company.

This sentence was a reminder to Faang Ni not to be confused. As long as he

was willing, he would give a call to Xingyuan s and once the orders were withdrawn, Faang Ni's production would be in trouble again.

Zhang Yang and Wang Hanxu could not bear to hear this and immediately asked him what he meant by that. Did he treat them as the company's boss?

Zhao Qian was not interested in them, so he directly walked out and returned to his seat to read novels.

The ruckus within the Conference Room lasted for half an hour before it stopped. Then, Wang Hanxu angrily walked out. He glared fiercely at Zhao Qian and left immediately.

After a while, Zhang Yang walked to Zhao Qian's table and threw a folder down.

"Zhao Qian, didn't you say that the company would grow to several billion? Then our Xingyuan family clearly can't achieve this scale, we must develop a new customer. "You can go and get this company. If you can't do it, then you can resign."

Zhao Qian didn't even look at the folder and replied with a smile, "No problem."

Zhang Yang revealed a smirk and asked, "You don't even know which company it is, why are you so confident?"

Zhao Qian shook his hair and replied, "I'm just that confident when it comes to being gentle."

"Haha ..." "Alright, I hope you can live up to your confidence!"

With that, Zhang Yang went back to his office with a smile.

C119 You Are Not Qualified to Talk to Me

Actually, even without looking at the documents, Zhao Qian could guess that Zhang Yang would not arrange a company for him to talk about.

Zhao Qian opened the folder and looked at the company's information. He couldn't help but smile. No wonder Zhang Yang was so happy, it turned out that the company he wanted Zhao Qian to talk about was Xingyuan, a competitor of Xingyuan.

Huanyou were similar in strength to Xingyuan, but they did not belong to the rich world. It would indeed take Zhao Qian quite a bit of effort to develop this customer.

But no matter, Zhao Qian wanted to train himself right now, so it would be more difficult.

Zhang Yang was drinking his coffee happily in his office with a smile on his face.

At this moment, Wang Qiang came and asked, "Mr Zhang, did you give him the information?"

"Yes."

"What did he say?"

"He didn't even look at it. He just said it was fine."

"Haha ..." He was still so blind and arrogant. Huanyou are notorious for being hard to deal with, let's see how he comes to an agreement this time. "

"I told him that he might resign if things went wrong, and he did not refuse.

Let's just wait for the good news. "

"Haha ..."

The way the two of them colluded was very funny, as if Zhao Qian really couldn't handle it.

At around 3 in the afternoon, Yang Ming brought people over again. This time, he had a very strong momentum. He brought over a dozen technicians with him, saying that they would be testing the progress and effectiveness of the project in all aspects.

Wang Chuan became nervous again. What he was afraid of the most was Yang Ming coming to take the exam.

"Young Master Yang, come here ..."

"Scram to the side, don't get in my way."

Yang Ming didn't give any face at all and directly scolded Wang Chuan until he didn't dare to make a sound.

After cursing Wang Chuan, Yang Ming walked to Zhao Qian's side, coldly chuckled and asked: "I heard you became your company's second shareholder? Hehe ... Good. However, I am sorry to tell you that your stake will not bring you any profit, but only debt. "

Zhao Qian looked at Yang Ming and could not help but want to laugh. His head was wrapped in gauze and looked extremely ridiculous.

Yang Ming naturally couldn't stand Zhao Qian ridiculing him. He immediately scolded, "Laugh at your sister. Let's see if you can still laugh when the test results come out."

Zhao Qian didn't care at all. He replied, "Go ahead and take the test. If I'm a little nervous, it'll be my loss."

Yang Ming gritted his teeth and nodded without saying anything else. But that fierce expression said it all. He turned around and walked towards the Technology Department, to supervise the technician's inspection project.

Faang Ni, Zhang Yang, and Wang Qiang all rushed over and asked Zhao Qian what they should do now.

Zhao Qian leaned back in his chair and calmly replied, "Why are you guys so nervous? "With me here, Yang Ming won't be able to cause trouble."

Wang Qiang replied snappily: "Just because you're here, we're even more nervous. Perhaps the original project met his requirements, because of your personal grudge with him, he deliberately said that did not pass, then what to do? Isn't the company paying him back millions? "

Zhang Yang followed up, "I didn't even know you had a grudge with Yang Ming, you sure are capable. He is the successor of the Feiyu Group, who are you to have enmity with him? What right do you have to go against him? "

Wang Chuan quickly followed the two leaders and said, "Originally, the company could have made over a million from this deal. Because of you, the company might have to pay a few million now, so you should bear all the consequences."

Zhao Qian shook his head helplessly and replied at the same time, "Did I say I won't bear the consequences? Did I shirk my responsibilities? I already said not to be nervous, it was you guys who didn't understand the human language, blame me? "

Faang Ni was worried that Zhang Yang and the others might have angered Zhao Qian again, so she hurriedly interrupted their conversation.

"Alright, enough. Since Zhao Qian is confident enough that he can take care of it, there's no need for us to worry.

Zhang Yang asked in annoyance, "I say, why are you always acting like this again? "No matter what he says, you will believe him. What do you mean by that?"

Faang Ni had already explained it many times. She didn't want to explain anymore, so she replied, "I know him better than any of you. I believe he is that simple."

With that, Faang Ni returned to her office. Zhang Yang was very unhappy and chased after her. He wanted to ask Faang Ni if she treated him as her husband.

"Faang Ni, I think it's necessary for us to have a good chat. Otherwise, it will affect our relationship."

Faang Ni was really unhappy in her heart, but there was nothing she could do. After all, he was her husband. The people he had chosen could only bear what they had suffered.

"Sure, what do you want to talk about? Go ahead."

"I've always felt that your feelings for Zhao Qian are not ordinary. You will believe anything he says. If it's obviously the right thing, then you can trust him. But obviously he's wrong, and you still believe him. Do you believe it when you say that you have no feelings for him? "

"Zhang Yang, I've explained it to you many times. I believe in Zhao Qian's ability to carry no personal feelings with it. Besides, I can't help it if I don't want to believe him. The company has to rely on him to survive. If you have a way to make the company lose its Xingyuan, you can also develop rapidly. I can choose not to believe her. Can you do it? "

The greatest taboo between men was comparison. Especially when his wife compared him to other men, Zhang Yang was naturally unwilling to admit defeat.

"Good!" I'll prove it to you, and I can also get a high-quality order for the company to ensure its healthy and stable development. "

After saying that, Zhang Yang left angrily. He called Wang Qiang into the office and the two of them began to discuss how to beat Zhao Qian down.

Two hours later, Yang Ming brought the technicians out of the Technology Department and angrily went to Faang Ni's office.

Seeing the situation, Faang Ni knew something was wrong. She quickly greeted him with a smile and asked, "Has Young Master Yang finished his test? How is it? Are you satisfied? "

Yang Ming sneered, he sat down on the chair and replied, "Where did you get your confidence from, to actually dare to say such words. How are the things you do, do you not have a B count in your heart? There's no need to speak any more nonsense. Let's just follow the contract. Triple the compensation, I won't ask for more than one cent. Otherwise we'll go to court, and I'll have plenty of time. "

The quality of the products was clear to Faang Ni. No matter how good the product was, Yang Ming would always ask for compensation.

Faang Ni became braver. She lowered her voice and said righteously, "It's not impossible for Young Master Yang to claim compensation. Why don't you explain in detail where he broke the contract?" "You can't claim your compensation the moment you open your mouth, right?"

Yang Ming didn't know how to use technology, so he asked the technician to

answer. The technicians were searching for the right answer, trying to figure out the problem. Small problems would become big problems, big problems would become serious problems. In short, it was to make this project a worthless piece of trash.

After hearing that Yang Ming had finished his testing and was communicating with Faang Ni, Zhang Yang and Wang Qiang also came over. Coincidentally, the two of them heard the question of the technician from Feiyu counting the items.

Zhang Yang and Wang Qiang didn't know much about technical problems, but they had heard the technician talk about some common sense stuff. Just the problems that the technician from Feiyu had mentioned were obviously nonsense.

Zhang Yang was as impatient as ever, and he went straight for Yang Ming.

"Young Master Yang is obviously trying to cause trouble. Although we can't compare to Feiyu Group, everyone is equal in front of the law. I don't believe that the court will award you with a victory just like that."

Yang Ming chuckled with disdain. He didn't even put Faang Ni in his eyes, much less Zhang Yang.

"What is it? You actually dared to talk to me in such a manner after getting so much confidence from eating soft food. Even your wife doesn't dare to confront me head on, who do you think you are to talk to me? "

Being humiliated in front of his wife and subordinates, Zhang Yang, who always had a high opinion of himself, naturally couldn't accept it.

"You ... You should be more polite when you speak. "We are doing business here. You give me money and I will give you the product. We don't owe anyone anything, so don't think of yourself as being superior!"

"Haha ..." I really want to die from laughter. I am indeed a level higher than you, do you have any objections? "

After saying that, Yang Ming looked at Zhang Yang mockingly and put his legs on Faang Ni's desk even more arrogantly.

Zhang Yang could not accept such humiliation.

"Get lost!" It's not time to turn in the order yet. When the time comes, we will turn in the order. "If you are not satisfied, you can go to the court and sue them. We will follow you to the end!"

Yang Ming stopped smiling and his expression gradually turned gloomy. He put his legs down and took out his cell phone to make a call.

"Hey, all of you come up!"

C120 Things That I Should Not be Involved in

Although he didn't know who Yang Ming was calling or who he was calling. But from his expression, it was obvious that he was going to use violence.

Faang Ni quickly apologized to Yang Ming, "Young Master Yang, don't be angry. When it comes to doing business, there will inevitably be some friction. After careful deliberation, it will be possible to find a solution to this problem."
"

Yang Ming came prepared, he didn't want to discuss it properly.

"What the fuck am I discussing with you!?" A month ago, I said that there was a problem with the project and asked you to follow my instructions and modify it, did you guys change it? F * ck, you think laozi's words are bullshit! You want to have a good discussion with your father now? Dream on! "Too late!"

Faang Ni panicked and asked, "Then what does Young Master Yang want to do?"

"It's simple. Either triple the compensation according to the contract, or I'm going to smash this place to death."

Hearing that he was going to smash this place, Zhang Yang became even more excited. He roared: "You dare! That's totally outrageous, isn't it? "

Yang Ming stared coldly at Zhang Yang and replied word by word, "Try it!"

At this moment, Jiang Xiaoqing ran in.

"Director Faang, not good. A group of people barged in, directly rushing into the Technology Department and was about to smash the computers."

"What?"

Faang Ni turned pale with fright. She immediately dashed out, followed by Zhang Yang and Wang Qiang.

A group of people ran over to the Technology Department. The interior was already a mess, and the employees of the Technology Department were fighting with the group.

Seeing that, Faang Ni shouted loudly, "Stop! Stop! "Who are you people? Why are you here to cause trouble?"

At this moment, Yang Ming's voice sounded from behind him.

"They are my men. I just said that either I would compensate them or I would destroy this place. The penalty is enough to compensate for your computers. If it really doesn't work, I still have some money on me, so it's definitely enough to compensate for your computers. "

"Yang Ming, don't go overboard!" Faang Ni shouted, so angry that her face turned red.

Seeing Faang Ni so angry, Yang Ming felt like a pervert, so he replied even more brazenly, "I'm just that outrageous. What can you do to me?"

Seeing his wife being bullied, Zhang Yang couldn't bear it any longer. However, he was helpless and could only give Wang Qiang a look. At any rate, Wang Qiang and Yang Ming had worked together before, so he should at least be able to build a good relationship, right?

Wang Qiang knew Yang Ming's character too well, knew that he had no weight in his heart at all. However, he didn't want to lose his favor in front of Zhang Yang, so he thought of a way to bring disaster to the east.

Wang Qiang said with a flattering smile, "The reason why Young Master Yang is so angry is not only because of the product itself, but also because of Zhao Qian. "How about we have him apologize to Young Master Yang? Everything can be discussed."

Yang Ming indeed wanted to take the opportunity to mess with Zhao Qian. However, his main goal was still to destroy Faang Ni's production, making Zhao Qian's stock worth nothing, and also having to bear the corresponding debt. Therefore, even if Zhao Qian were to admit his mistake now, he wouldn't give up just like that.

"Don't be f*cking self-righteous, I'm a person with a clear relationship with the public. I'm going to talk about work right now, don't talk about anything else for me. If you fail to complete the project as required by the contract, I have the right to claim compensation. "

After Yang Ming said this, he even gave Wang Qiang a push, humiliating him.

He couldn't even ask Zhao Qian to apologize. This meant that Yang Ming was really here because of the claim.

Faang Ni was at her wit's end. As her husband, Zhang Yang had to stand up for her.

"Yang Ming, you really think that we didn't do well, we can go to the court and sue you, but we can't do anything, this is illegal. Do you think you can just compensate for the cost of the computer? If you delay us from doing this project for Xingyuan, you will also have to bear the consequences of this loss!"

Yang Ming's face became even gloomier. He slowly walked in front of Zhang Yang and said with a look of disdain: "Okay, you can call the Xingyuan now. If they say they will help you, I'll leave immediately!"

Zhang Yang turned his head and told Wang Qiang to call Zhao Qian in, but Yang Ming stopped him: "You hit him, so it doesn't matter if he does or not. If you are able to call for Xingyuan to help you, I will leave immediately without saying anything else. "

Zhang Yang's face was full of anger, but there was nothing he could do. Yang Ming had called more than a dozen people over. If they really fought, it would only take a few minutes to destroy all the equipment in the Technology Department.

Although he knew that there wasn't much hope in his heart, Zhang Yang still called Xingyuan. The person who answered was Guo Mingda's secretary. After hearing the situation, he directly rejected him.

Zhang Yang didn't give up and continued, "If we don't have any problems here, your company's projects will definitely be affected. At that time, even if the delivery is affected, it will still be your loss. "

"Oh, you can't hand in the order on time, we can go to court and sue. This has nothing to do with us, and you still want to drag us into this conflict between you two? "

The secretary hung up.

Zhang Yang shook his head helplessly at Faang Ni.

Yang Ming laughed out loud, and said: "Then it means to ask for help from people who can't come to Xingyuan? "Then laozi doesn't have to be afraid of you guys anymore. Brothers, get ready to fight."

Faang Ni bellowed, "Wait! Wang Qiang, go call Zhao Qian over. "

Zhang Yang roared in anger, "Why don't you understand? He's here to cause

trouble, it's useless even if Zhao Qian comes!"

"Don't worry about it. Hurry up and call Zhao Qian over."

"Zhao Qian, Zhao Qian, Zhao Qian, I have to find him for everything. Are you related to him?"

"Enough!" Shut up! Wang Qiang, didn't you hear what I said? Or am I useless?"

Wang Qiang quickly nodded and ran out, not daring to be the slightest bit slow.

Zhao Qian was currently searching for information on Huanyou on the internet, so he needed more information before he could sell it on his door.

Wang Qiang ran over anxiously and shouted, "Zhao Qian, quickly go to Technology Department, Director Faang is calling for you."

Zhao Qian asked calmly, "What do you want to talk to me about?"

"Why ask when you already know!" Yang Ming is going crazy and the matter started because of you, so of course you have to go and solve it! "

"This is not something within my responsibility. If the company is in trouble, it should be settled by the leadership. Why are you looking for an employee like me?" "Not going!"

Wang Qiang was furious. He threatened, "You said you won't go. Don't complain when Director Faang blames you!"

Zhao Qian nodded and did not reply. He continued browsing the web.

Wang Qiang was so angry that he turned around and ran back to report to

Faang Ni, adding on, "Director Faang, Zhao Qian said it has nothing to do with him, he won't come. He also said that if the company was in trouble, it should be handled by the leader, who is just a small employee and has no obligation to help. "

Faang Ni knew that Zhao Qian definitely had conditions, so she immediately went to invite him.

"Zhao Qian, what are your thoughts? Tell me." Faang Ni said anxiously.

Zhao Qian replied innocently, "I don't have any thoughts. If the company has any problems, we should be the ones in charge to solve them. It's not up to a small employee like me to take action. You should be looking for Mr Zhang and Wang Deputy Manager, you shouldn't be looking for me. "

"They can't solve it, and I know you're the only one who can. If you have any conditions, just say them, I will definitely do so. "

At this time, Zhang Yang rushed over and pulled Faang Ni to the side. He said angrily, "Can you give me some face? You'll make people think I'm not as good as him! Find him whenever you have trouble, find him whenever you have trouble. Can you save me some face? I am your husband! "

Faang Ni also had enough of Zhang Yang causing trouble for no reason. She said in front of everyone: "Alright, then I'll give you a chance to prove yourself right now. If you have a way to get Yang Ming to scram, I'll listen to you from now on. If you have no other choice, don't say such words again. Otherwise, you can leave the company. I've had enough of your suspicions! "

Since the conversation had come to this, Zhang Yang didn't have any room to back off. If he couldn't solve this crisis, then there was no point in staying at the company in the future.

"Good!" I'll prove to you right now that I'm not worse than him! "

After saying that, Zhang Yang took out his phone and called Wang Hanxu. This was his only hope.

C121 Crosstalk

Soon, the call connected. Wang Hanxu asked impatiently, "What business do you have with me?"

Zhang Yang hurriedly replied, "Do you still remember the Yang Ming that I told you about last time? If he comes to the company to cause trouble, do you have any way to solve it? "

Wang Hanxu sneered and asked, "Why are you looking for me, Zhao Qian?" Didn't you all listen to him? Let him handle it! "

"He won't be able to solve it. This time, Yang Ming is going to destroy the company. If the company breaks down, your stake will go down the drain. " Zhang Yang replied helplessly.

No matter what, he definitely could not let Faang Ni's production collapse. At the very least, he had to reclaim the investment or transfer the ownership.

"I'll give him a call and have a chat."

With that, Wang Hanxu hung up the phone. Then he immediately called Yang Ming.

"Hey, Young Master Yang, are you busy with Faang Ni's production team?"

Yang Ming did not hide it at all and replied, "That's right, I'm here to hold them accountable."

"I was wrong before, I invested 20 million there. "You know that I have a main company up there. If I lose 20 million, I will be chased out of the company and my investment would be in vain."

Yang Ming hesitated. Recently, he has been discussing with Wang Hanxu about investing, and it has reached a critical stage. If he angered Wang Hanxu at this time, then there would be no hope for him to get into the capital anymore.

However, this opportunity was too great. If he did not take the opportunity to destroy Faang Ni's production, he might not have another chance in the future. Yang Ming really didn't want to give up.

After thinking for a while, Yang Ming walked out and went to a corner where no one could be seen to continue communicating with Wang Hanxu.

"I heard you say that Zhao Qian always wanted the shares produced by Faang Ni. Why don't you transfer the stocks over to him? This way, you don't have to worry about getting your investment back and you don't have to take offense at him. "

Wang Hanxu sighed and replied, "That was easy for you to say. I invested 20 million. Where did that brat get that much money to buy my share?"

"Ask him if he has a way to get the money. As long as you get rid of Faang Ni's production, we can work together to deal with Zhao Qian. That brat is truly too hateful. If we don't let him suffer a big loss, then my heart will feel uncomfortable. "

Wang Hanxu thought for a while and replied, "Alright, I'll go over now. Don't make a move first, wait for me to give you the signal before deciding whether you want to make a move or retreat. "

"Alright, I will give them a chance to delay your arrival."

Wang Hanxu nodded, hung up the phone and immediately rushed to Faang Ni's production.

Yang Ming purposely continued arguing with Faang Ni and the others until Wang Hanxu arrived.

Zhang Yang was extremely happy and quickly went up to welcome him.

"Hanxu, you finally came. Quickly go to Technology Department and send him away. "

Wang Hanxu shook his head and replied, "Let's not look for him for now. I want to talk to Zhao Qian."

"Hmm? Talk to him? What do you want to talk to him about? " Zhang Yang asked in confusion.

"This is my secret, there's no need to tell you."

Wang Hanxu replied coldly and immediately went to find Zhao Qian.

Zhang Yang was very nervous as he thought to himself, "What the hell is Wang Hanxu doing? What does he want to talk about with Zhao Qian?"

Wang Hanxu came to Zhao Qian's side, knocked on the table twice and said, "Zhao Qian, come out. Let's have a good talk."

Zhao Qian raised his head and looked at Wang Hanxu, then lowered his head and continued to read the documents, ignoring him.

Seeing this, Wang Hanxu was very angry. Suppressing his anger, he lowered his head and whispered into Zhao Qian's ear, "I want to talk to you about the share transfer. Are you not interested in talking about it?"

Wu steel closed the folder, stood up and walked out. Wang Hanxu followed closely behind them, and the two of them stopped at the window beside the corridor's entrance.

"Let's get straight to the point. Stop talking nonsense." Zhao Qian said straightforwardly.

Wang Hanxu nodded and spoke out his thoughts.

"I don't want my share, do you?"

Zhao Qian chuckled, shook his head and replied: "I want the shares, but I don't want the shares in your hands."

Wang Hanxu was puzzled and quickly asked: "Why? Could it be that I have a stake in it? "

"Haha ..." I don't know, I don't want it anyway. I bought 30% of the shares with 20 million, but I still sold it to you for 20 million, not even paying a single cent. "You don't want this?"

Zhao Qian shook his head and decided against it.

Since he couldn't get rid of the shares in his hands, Wang Hanxu had to protect Faang Ni's production. With a cold snort, he stormed off to talk to Yang Ming.

Yang Ming had already sent everyone out and was talking to Wang Hanxu in private.

"That brat Zhao Qian doesn't want my shares, you can't do anything to Faang Ni's production. I will find someone else as soon as possible to take care of the shares, and then you can do whatever you want with it. "

After Wang Hanxu said this, he even lit up a cigarette for Yang Ming, obviously trying to curry favor with him.

Yang Ming really didn't want to give up such a good opportunity. However, in order to obtain Wang Hanxu's funds, he had no choice but to temporarily spare Faang Ni's production.

"It's not that you can't, it's just that you have to agree to a condition of me that you inject your capital into the Flying Fish as soon as possible."

Wang Hanxu immediately patted his chest and promised, "Don't worry, I'll take care of this. Now, all he had to do was wait for the headquarters to sign on the contract and the funds would arrive soon. With the financial support of the flying fish, they could also crazily buy traffic like how they bought at Tianxiu. "When Flying Fish becomes the number one live broadcast platform, don't forget about my contributions."

Yang Ming was elated by Wang Hanxu's words and immediately shook hands with him. He also guaranteed, "Don't worry. If Flying Fish becomes the top student in this industry, I will definitely thank you handsomely. It is necessary to give you a house and a car, to say nothing of anything else."

Wang Hanxu nodded with satisfaction and continued, "You can continue to bring up the show later and cause some trouble for them. Let's take this opportunity to get some more benefits."

"Haha ..." "Understood." Yang Ming replied with a naughty smile.

The two of them immediately walked out. Everyone was waiting for them.

Seeing the serious expressions on Yang Ming and Wang Hanxu's faces, Faang Ni and the rest felt a chill down their spines. It seemed like they didn't have a deal, so they could only call the police.

Faang Ni took out her cell phone and was about to make a call when Yang Ming spoke.

"Who is Director Faang calling this time? You still have a backer? "

Faang Ni replied angrily, "I have no backer, I want to report this to the police! I don't believe that there's no justice at all! "

"Call the police? "Director Faang thinks that if the police intervene, you will be fine?" Yang Ming asked in disdain.

"If the police were to intervene, they would at least not allow you to commit an act without reason and demand a sky-high price." Faang Ni replied stubbornly.

At this time, Wang Hanxu acted like a good person and tried to smooth things over.

"Young Master Yang, since we are discussing cooperation, be magnanimous. "Is that okay?"

"It's not that I'm not giving you face, it's that they're really going too far. I always told them what the problem was, but they didn't change. In this case, since you've spoken, I can't not give you face. As long as Director Faang sets up a table at Donghai Hotel, I can give them time to fix it. If Director Faang is unwilling, then I will immediately terminate the contract and go to court to sue the claim. "

Everyone knew how high the consumption of Donghai Hotel was. There was a table there. If Yang Ming purposefully asked for more good wine and dishes, no one would be able to take them down without millions.

Faang Ni couldn't bear to spend so much money. She turned around and looked at Zhao Qian, preparing to try again for the last time. If he could get Zhao Qian to help, he might be able to change the current predicament. In the worst case, she would rather spend a million to find money for a meal than to invite Yang Ming.

C122 Talk Alone

Faang Ni walked in front of Zhao Qian and begged, "Zhao Qian, can you help me?"

"It's not that I can't, it's just that I'm too disappointed in the company's leadership. I have given so much, but I have not received the respect I deserve. If you want my help now, then you have to give me some benefits. If we can't get respect, then we can make up for it with actual benefits." Zhao Qian answered honestly.

At this time, he had a feeling that he was taking advantage of the situation. However, Faang Ni understood Zhao Qian's feelings very well. She didn't complain at all. She even felt that Zhao Qian's request was very reasonable.

"Then what do you want, do not hesitate to ask. As long as the price is not too high, I will definitely be satisfied." Faang Ni said in a fluster.

"Two options. First, whether you transfer or I invest, my shares will be raised to 40%, and I will have a veto on all matters concerning the company.

"Second, introduce new shareholders, increase the company's capital, and you and I will each choose a shareholder to enter the company." Zhao Qian said with a smile.

As long as Faang Ni wasn't stupid, she would definitely choose the second option. This was also the solution that Zhao Qian wanted her to choose.

Increase the capital of the company, introduce new shareholders, and Faang Ni and Wu Steel nominate shareholders. This can not only ensure that Faang Ni and Zhao Qian's shares are increasing, but also dilute Wang Hanxu's shares.

Zhao Qian's goal was clear, which was to let Wang Hanxu's shares slowly

decline in value.

According to the current share ratio, Mr Liu can split nearly a third of the company's profits each year.

Assuming his stake in the company is diluted to 10 per cent, Mr Liu can only share a tenth of the profits.

Wang Hanxu exploded and ran over to scold in a hurry: "Zhao Qian, what are you trying to do, you bastard? I was wondering why you didn't want my shares, so you wanted to cheat me! Without my consent, the company is not allowed to introduce new capital. This is written in the agreement, I want to see how you will dilute my shares! "

Faang Ni also said with a troubled expression, "We need his consent for this. Otherwise, we can't add new capital."

Zhao Qian, on the other hand, was full of smiles. He replied, "Your agreement didn't prohibit Director Faang from increasing her capital, right?"

"No!" Faang Ni shook her head firmly.

"None ..." Wang Hanxu replied guiltily.

"Isn't that simple? Director Faang is optimistic about the company's development. In order to meet the company's development needs, she has decided to increase her own capital. Later on, because of my and Mr Zhang's work performance, free transfer of the company equity. Mr. Wang, are you satisfied with my proposal? " Zhao Qian asked with an evil smile on his face.

Wang Hanxu was immediately enraged and scolded: "You are too f * cking ruthless, you are trying to force me to my death!"

Zhao Qian had an innocent look on his face as he cried out in injustice and

replied: "Mr. Wang is wrong, this is only the most common practice in the capital market. It's reasonable and legal for many listed companies to do this. "What do you mean, I want to force you to death?"

"Bullshit!" I have promised the company that I will see the profits within three years. If you dilute my stock like this, it will be difficult to return it back in three years. "Then how am I supposed to survive in the company?" Wang Hanxu roared.

"Hehe ..." That's not what I want to think about. " Zhao Qian replied with a relaxed expression.

If Wang Hanxu was fired, the investment in Flying Fish would be in vain. Yang Ming definitely wouldn't allow this to happen.

Yang Ming came in front of Zhao Qian and threatened him, "Zhao Qian, I advise you not to make things difficult for me. Otherwise, your fate will be miserable. You bribed a hitman to kill me, but I haven't done anything about it yet. "

When everyone heard that Zhao Qian actually dared to find an assassin to kill Yang Ming, they were all stunned.

How could Zhao Qian, who was always kind, do such a cruel thing?

Zhao Qian smiled and swept his eyes over everyone. He then said to Yang Ming, "Ask everyone here. Do you believe that I won't bribe the killer to kill you?"

Yang Ming laughed and replied, "I don't need to ask them. That killer said it himself. I know you have a connection. But if I want to blow it up, the police can't hold it back. When that happens, everyone will know that you bribed a killer to kill me. The police will definitely stop at nothing to stop you! Buying a murderer is equivalent to going to jail. "

Zhao Qian replied without a care, "Sure, just let everyone in the world know that I'm waiting for the police to arrest me. "To put it another way, we'll have to wait for Director Faang to decide what to do next."

This matter was of no harm to Faang Ni, so of course she was willing.

"No problem, I can promise you that in front of everyone. But I have one condition, and that is that I decide how much shares I want to transfer to you. But I promise it won't be less than 20% of the increase. "Is that okay?"

Zhao Qian was not in a hurry to increase his share price. Right now, he wanted to dilute Wang Hanxu's share price, so he replied: "No problem, I can accept that."

"Then I'm fine with it, drive Yang Ming away right now." Faang Ni said impatiently.

Zhao Qian nodded and signaled Yang Ming to go to Conference Room to chat.

Yang Ming sneered, and pulled Zhao Qian back, and said: "If you have something to say, say it in front of everyone, why go through the Conference Room? I'm not afraid of anyone overhearing me. What about you? Guilty, you don't dare to let everyone hear what you just said? "

The corner of Zhao Qian's mouth curled into a smile, lightly tapped Yang Ming's shoulder, and replied: "I advise you to go to Conference Room to speak, because this matter concerns the fate of Feiyu Group. If everyone heard this, even if I let you off, I wouldn't be able to guarantee that the news wouldn't leak out. You can't blame me for getting into big trouble with your Feiyu. "

Yang Ming was a bit nervous in his heart, but he felt that Feiyu Group was about to go public. Such a big company, how could it be so easily destroyed by

a diaosi?

"Aiya, I was so scared when you said that. Come, say it in front of everyone, I really want to know what kind of thing is causing the Feiyu to meet with big trouble." Yang Ming continued to ridicule him.

Zhao Qian nodded. Since he was being reckless, there was no need to leave him any chance of survival.

"Huang Daming and Li Xiaobing, are they artists from your company?"

"Nonsense, the two of them are famous stars, who doesn't know that they are people of Feiyu?" Yang Ming replied proudly.

"I heard they like skating, and they like to acknowledge godmother and godfather. Is that true?"

Yang Ming's face suddenly changed drastically as he hurriedly denied it: "Stop talking nonsense and sully my company's image as an artist."

"Hehe ..." You know better than to tarnish your image. I dare say there is. "Now tell me, do you want to continue talking to me here?"

After saying that, Zhao Qian smirked at Yang Ming and then looked at him with a smile.

Everyone pricked up their ears, waiting for Zhao Qian to release the information. Yang Ming looked at everyone's expression and immediately became terrified. He pulled Zhao Qian and hurried over to Conference Room.

"Who told you that, you bastard?" Yang Ming asked angrily.

Zhao Qian pulled up a chair and sat down. He coughed lightly and said, "I'm a bit thirsty and my legs are a bit numb. Can Young Master Yang pour me a

glass of water?

"You ..."

Yang Ming was so angry that his face turned red and sweat was still dripping from his forehead. It was unknown whether it was due to nervousness, fear, or anger.

No matter how unconvinced Yang Ming was, right now, Zhao Qian might have something that would change the fate of his Feiyu, so he had no choice but to submit.

Yang Ming walked out and personally poured a glass of water. Just as he was about to go back, Zhao Qian's voice sounded.

"Young Master Yang, I don't want to drink anymore, help me get a bottle of cola."

Everyone was dumbfounded. Was Yang Ming pouring water for Zhao Qian? And Zhao Qian still ordered him to trade for Coke? Then did he change it?

Yang Ming was so angry that he crushed the paper cup into a lump and threw it on the ground. Then he turned to Faang Ni and yelled, "Where's Cola?"

C123 Is to Humiliate You

Faang Ni pointed to the refrigerator at the side and replied, "There's cola inside."

Yang Ming snorted, walked over angrily and took out two bottles of cola, then rushed back to Conference Room. He felt ashamed even if he stayed outside for a second longer.

Yang Ming closed the Conference Room door, and put one bottle of cola in front of Zhao Qian, then opened the other bottle and drank.

Zhao Qian did not make a move, but said to Yang Ming, "Young Master Yang, help me to the end, help me open the bottle cap."

"Enough!" Is it that interesting? For a guy like you, why do you have to be so stubborn like a woman! " Yang Ming roared.

"Oh, it looks like Young Master Yang doesn't want to talk to me. "Alright, then I'll be going now."

After Zhao Qian said that, he stood up and was about to leave. Yang Ming quickly pulled him back and begged, "No no no, let's talk properly. It's just opening the cap, I'll do it. "

Yang Ming quickly opened the bottle and handed the cola to Zhao Qian. However, Zhao Qian did not drink the cola. Instead, he stood up with a smile and poured the cola onto Yang Ming's head.

Suddenly, a wave of coldness hit Yang Ming, scaring him so much that he shivered.

"Damn you ..."

"Don't move! Otherwise, I will have to go out! "

Before Yang Ming could finish his cursing, Zhao Qian's one sentence had scared him so much that he didn't dare to speak or move. He just let Zhao Qian pour a bottle of Cola onto Yang Ming's head.

Zhao Qian threw the bottle on the ground and ordered with a serious expression, "Pick up the bottle and throw it into the trash can outside."

Zhao Qian, don't go too far!" Leave a mark on everything so that we can meet again in the future. You've done it so far, and the dog knows how to jump over a wall when it's in a hurry, not to mention a human!

Zhao Qian was still calm and unperturbed as he replied with a smile: "Sure! Jump over a wall and let me see. "If you can jump off the wall, I won't bother with you."

Yang Ming clenched his fists and forced himself to endure. He closed his eyes and took several breaths. Then he crouched down and picked up the bottle and went out and threw it in the trash.

The people outside were even more surprised when they saw that he was covered from head to toe in cola. Zhao Qian, how dare you humiliate Yang Ming like this?

The people Yang Ming brought quickly rushed over.

"Young Master Ming, if he dares to do this to you, screw him!"

"Yes!" "Brothers, no one is allowed to treat Young Master Ming like this!"

"F * ck him!" "F * ck him ..."

Everyone shouted as they charged towards the Conference Room.

"Fuck you!"

Yang Ming cursed, and everyone quieted down.

"All of you, scram to the side!"

After being scolded by Yang Ming, everyone immediately walked back dejectedly like they were deflated.

The employees of Faang Ni's production all stared at Yang Ming. Some of them even revealed a mocking expression.

"What are you looking at? Go home and see your mom! "

Yang Ming scolded everyone and then rushed back to Conference Room.

"Hee hee ..." Zhao Qian is so powerful, and has made Yang Ming into such a state! "

"I have to admit that he is indeed bold, to actually dare to play with Yang Ming like this."

"I like Young Master Zhao more and more."

The colleagues discussed in whispers, their admiration for Zhao Qian clearly expressed.

Zhang Yang snorted coldly and said, "Do you think he's that awesome? He is just a diaosi, yet he offended Young Master of a large company. Do you think that he will have a good ending? "Just watch and see. There will be times when he cries."

Wang Qiang followed up, "Mr Zhang is right, we are all ordinary people, how can we compete with Young Master from a large company? You worship and praise him, not because you are good to him, but because you are harming him. In the future, he would be even more brazen and would even offend stronger people. Sooner or later, he will be killed by himself! "

The two bosses of the company spoke. No one dared to disobey them, so they could only shut their mouths.

Yang Ming returned to his Conference Room and was a little terrified. He asked: "Have you had enough fun? Now you can get down to business, right? "

"Business?" What business can I have with you?" Zhao Qian said with a contemptuous smile.

Zhao Qian was very vengeful. He would remember that Yang Ming dared to buy the criminal to deal with him for the rest of his life. Today, he was going to ruthlessly humiliate Yang Ming so that this grandson would never be able to forget his shame for the rest of his life.

"Zhao Qian, you're done!" This is getting out of hand. Can you be a bit more manly!?"

Yang Ming was about to collapse.

Zhao Qian, on the other hand, still looked happy and relaxed.

"Young Master Yang can't stand it anymore?" I wanted to play with you more. You can't take it anymore, how can I talk to you about proper business! "

Yang Ming nodded. He also knew that Zhao Qian was deliberately humiliating him. Thus, he directly asked, "If you say something good, how can we get to the bottom of this?" If you have any conditions, just say it. Don't drag it out

and waste everyone's time. Or do you have no proof at all? You're just playing catch. "

Zhao Qian didn't explain and just took out his phone to show Yang Ming a photo. In the photo, Huang Daming was sucking on a powder while a bunch of his friends were messing around with him. Some were shaking their heads while others directly kissed and caressed. All sorts of obscene actions could be seen.

As a popular celebrity, if this kind of photo were to be leaked, then Huang Daming would definitely be ruined. They are likely to be detained and even sentenced for criminal offences.

Huang Daming didn't care, the Feiyu Group could still nurture Zhang Daming and Li Daming.

The crux of the issue was that Huang Daming had nearly ten movies waiting to be broadcast. Once this kind of news broke out, these movies definitely wouldn't be shown and broadcast.

Forget about the scenes from the Feiyu Group, if other movie and television companies had such problems, they would definitely seek compensation from the Feiyu Group. At that time, Feiyu Group would have to compensate at least a billion, and that would be fatal.

This photo was Yang Ming's "death throttle", and Zhao Qian could play with him however he wanted.

"Does Young Master Yang still think that I'm joking with you?" Zhao Qian asked with a look of disdain.

"No ..." "I don't dare ..."

Yang Ming was completely terrified and even spoke in a hushed tone.

Zhao Qian nodded in satisfaction and continued, "It's good that you don't dare, it means that Young Master Yang understands. I'll give you a chance. If you can handle it well, we can discuss it. If you do not do it well, a large number of photos and videos will be exposed. "

"Whatever you want, just say it. I will do my best to fulfill your request." Yang Ming replied hurriedly.

"You should have heard that I just taught Faang Ni how to operate it, right?" Zhao Qian retracted his smile and asked with a serious face.

Yang Ming quickly nodded his head and asked, "What do you mean? You want me to screw Wang Hanxu over like Faang Ni? "

Zhao Qian laughed and gave Yang Ming a big thumbs up, praising, "Young Master Yang is really smart. I want you to eat as much of Wang Hanxu's capital as you can, then increase the capital and dilute his stake. "

Yang Ming was silent for a moment and then asked: "Then can I ask why you want to do this? You don't have anything to do with him, so why do you have such a huge grudge against him? "

"If I say it, you will hate him too." Zhao Qian laughed.

"Oh? Tell me about it. " Yang Ming replied in disbelief.

"Wang Hanxu and Wang Jing are alumni. He wants to pursue Wang Jing, but his goal is not simple. His goal in pursuing Wang Jing was to inherit the Huaying Group. "Tell me, can I make it happen?" Zhao Qian said somewhat angrily.

"What?" This grandson is such a bastard? " Yang Ming roared in anger.

Zhao Qian nodded and replied, "That's right, he is that bastard."

"Damn, this grandson knows how to think more than me." At the very least, I have the Feiyu Group backing me, he is just a working diaosi, he actually dares to have this kind of thought. This was so infuriating! If I knew this earlier, I would never have cooperated with him! "

Yang Ming couldn't wait to pin Wang Hanxu on the ground and rub him against the floor.

Zhao Qian relaxed his expression and asked with a smile, "Do you think we should cheat him?"

"That's right! He had to be tricked! You tricked him, this bastard! "

Yang Ming replied fiercely. The way he gritted his teeth was as if Wang Hanxu had a grudge against him for murdering his father and stealing his wife.

C124 Young Master Zhao Is Formidable

Zhao Qian was amused by Yang Ming's words and said, "Since Young Master Yang also thinks that he should be tricked, then I don't need to teach you how to do it, do I?"

Yang Ming immediately nodded and replied, "Understood. However, you must give me all of Huang Daming's photos and videos. You cannot keep any backups. "

"No problem." However, you'll have to do it well before you can give it to me. I'm the most trustworthy person here. All the photos and videos from before, I said I'd give them all to you. It's the same this time. As long as you follow my instructions, I'll give you everything. " Zhao Qian said honestly.

Yang Ming acknowledged and followed Zhao Qian out. The two of them walked side by side. They seemed to be old friends and not enemies that couldn't be matched.

"Director Faang, I'll give you another month. I'll let bygones be bygones after I've changed it." If you still haven't changed, don't blame me for being impolite! "Let's go!" Yang Ming Yi said righteously.

Yang Ming strode out, stunned. On the way here, he had clearly vowed to smash Faang Ni's production. What did that mean? What on earth had Zhao Qian talked to him about?

Wang Hanxu was also very confused and quickly chased after him, asking, "Young Master Yang, what's the situation? What did he say to you? Just leave. "

"I have no choice. This dog secretly took my video and threatened me. What do you think I should do? I don't want to be a Internet Red! " Yang Ming

replied helplessly.

"What?" This guy is so despicable, he even used such a method! " Wang Hanxu cursed angrily.

"That's right, this isn't the first time. The last time he secretly took a video of me having someone beat up Wang Qiang, I only let Faang Ni produce it once. This time, he secretly took other videos of me, so I can't not leave. "

After Yang Ming finished his sentence, he stomped his foot fiercely with dirty words.

Wang Hanxu nodded slightly. His impression of Zhao Qian had changed a bit. Previously, he only thought of Zhao Qian as a diaosi, but now, he felt that Zhao Qian was a diaosi that was ruthless and unscrupulous.

Faang Ni's production office.

"Zhao Qian, what did you do to Yang Ming? Why is he so afraid of you?"

"That's right! I saw that he was splashed from head to toe with cola. You did it, didn't you? Why are you so awesome? He didn't fight you to the death? "

"Hurry, tell me, tell me, we can't wait to know what happened inside the Conference Room."

The colleagues rushed to ask Zhao Qian questions, they were too curious as to how Zhao Qian managed to make the arrogant Yang Ming into such a mess.

Zhao Qian definitely couldn't tell the truth, so he said, "You guys know the reason."

"Ah?" I don't know why, do you? "

"I don't know ..."

Zhao Qian continued, "I often go to the Di Hao KTV to open a few bottles of wine. Since Di Hao's boss, Yang Hu, is already quite familiar with me. I just called Yang Hu, and Yang Ming was scared. You should have heard what kind of person Yang Hu is. Those rich people are all afraid of him. Yang Ming is just a fuerdai, how can he not be afraid? "

"Wah!" So, it's not a waste that you spend that much money. "At least I got into a relationship with Yang Hu."

"Before, I thought you were extravagant, but now, I realized that you had really good taste, spending money to buy such a relationship. With Yang Hu's protection, at least no one within the Donghai City will dare to touch you. "

"So it's good to be rich. "When I go buy a lottery ticket, if I also win the first prize, I can change my fate just like Young Master Zhao."

"Competing with others is infuriating. When can I become a rich and handsome man like Young Master Zhao!"

Jiang Xiaoqing's colleagues praised Zhao Qian fiercely. This made her feel extremely uncomfortable. The better Zhao Qian was now, the greater her losses would be. She seemed to hear people laughing at her lack of vision, picking up sesame seeds and throwing away watermelons.

Zhao Qian smiled and waved at everyone, signalling for them to be quiet, then said, "I was just lucky. If you guys don't win the lottery, you might get lucky in other areas. See if all of you have targets, I'll be single. "

"Forget it, don't you have a rich and beautiful friend?"

"That's right, we all saw it last time and even came back on her yacht. You can't even hide it if you want to! "

"How did you get to know that level of rich beauty?"

Zhao Qian laughed and replied, "Haha ..." This... Thanks to Jiang Xiaoqing, who brought us together. Alright, let's not talk about personal matters anymore. "It's almost time to get off work. Everyone, hurry up and finish your work and go home."

After Zhao Qian finished speaking, he returned to his seat and continued to search for information regarding Huanyou.

Faang Ni ordered everyone to return to their positions. Soon, everything became peaceful again.

After a while, it was time to get off work and everyone left. Zhao Qian checked the documents and was about to leave when Faang Ni came to invite him to the office.

Zhang Yang was also present, and the look in his eyes became even more unconvinced when he saw Zhao Qian.

"Zhao Qian, what proportion do you want to reduce Wang Hanxu's share price to?" Faang Ni asked seriously.

"No more than 10%, that's my bottom line." Zhao Qian also said very seriously.

When Zhang Yang heard that, his hair stood on end and he hurriedly said, "Do you really take yourself for a lord? Do you know Wang Hanxu's background? Besque, a Wall Street investment firm, used to be a Goldman Sachs executive. If your ability was strong and your connections were powerful, how could you fight against him? It was still just a small matter, so Wang Hanxu didn't report it to the main company in order to not cause him any trouble. If we force his stake below 10%, he has to report to headquarters. No one can

predict what kind of trouble we'll have. Can you afford the consequences? "

Let alone a Wall Street investment bank, even an investment bank based in China, Zhao Qian should handle them as long as it was up to them. What other consequences would they need to anticipate?

However, Zhao Qian still couldn't say anything to Zhang Yang and replied, "Why are you thinking so much? If you go out on the street, you might get a car accident. Are you not going out on the street? What more do you want from an American investment bank? Is there anything else? If there's nothing else, I'll go back. I'll go to Huanyou tomorrow, so I might not come to the company. No problem, right? "

Faang Ni nodded with a smile and said, "Of course not. You can do whatever you want without my permission. "I believe you won't mess around. You must be doing something."

Zhao Qian nodded, turned around and left.

Although Zhang Yang was very unhappy, he didn't dare to say it out loud. He could feel that Faang Ni was slightly dissatisfied with him. If she continued to dislike listening to him, it might anger her.

As a man, he relied on his ability to speak. Zhang Yang had already discussed it with Wang Qiang and decided to develop another customer that could compare to Huanyou. As long as he and Wang Qiang succeed, they can establish prestige in the company.

Zhao Qian packed his stuff and was about to leave when Wang Jing called.

"Hey, where are you?" Wang Jing asked impatiently.

Zhao Qian knows there's a ball tonight, so she must be angry that he hasn't found her yet.

"Just getting off work. Where are you? "

Wang Jing replied with an even more dissatisfied tone, "I'll be waiting for you at home." The ball will start in two hours. You haven't gotten off work yet. Is that interesting? "

"Don't we still have two hours? I definitely won't be late, so don't worry. " Zhao Qian guaranteed.

"Yes, there's still two hours. Don't you need to put on makeup?" It's not like you're going to a reunion at a ball, so can I trouble you to be more serious? "

Wang Jing's tone was clearly angry. She felt that Zhao Qian did not care about her at all.

Zhao Qian didn't want to explain too much to her, so he hung up the phone and drove to find her.

C125 Your Brother Is too Stupid

Wang Jing had never met anyone who dared to hang up on her, and this made her extremely angry. She immediately called Zhao Qian again, preparing to give him a good scolding.

Zhao Qian looked at his phone and hung up immediately.

"Damn Zhao Qian! Wait till you get here. See how I'll deal with you!"

Wang Jing hung up the phone, pinched her mobile as she spoke harshly.

Twenty minutes later, Zhao Qian arrived at Wang Jing's house. As soon as she saw him, she would rush up and give him a good beating.

"I told you not to take me seriously! "I told you not to take me seriously ..."

Wang Jing muttered as she fought.

Zhao Qian did not resist and stood there admiring her anger. Queen Fan was usually very aloof, and when she was angry, she actually had an indescribable beauty.

Wang Jing was soon tired, so she stopped.

"Enough? We won't have to go to any more dances. " Zhao Qian said with a smile.

Wang Jing remembered that she still had something to do and quickly dragged Zhao Qian into the bedroom.

"Change into this set of clothes. When you're done, call me. I'll help you put on some makeup." With that, Wang Jing turned and left.

Zhao Qian quickly pulled her back and said, "I'm not wearing this, it's too formal. I'm not used to it. Besides, I'm a master, what kind of makeup am I going to put on? If you get me these things, I won't go. "

"But we're going to the ball. If you don't dress up, people will laugh at us!" Wang Jing said seriously.

What he said actually made sense, it's just that Zhao Qian wasn't used to wearing this type of clothes.

Seeing that Zhao Qian was hesitating, Wang Jing quickly tried to persuade him, "I beg of you. Can you let me suffer for your sake?"

Since the girl had already said this much, Zhao Qian was too embarrassed to continue the stalemate, so he nodded in agreement.

Wang Jing nodded happily and left.

Zhao Qian quickly changed his clothes. To be fair, it really fit him well. It was almost as if it was custom-made for him.

"Wang Jing, come in." Zhao Qian shouted at the door.

Wang Jing hurriedly ran in, her eyes lighting up.

"Yo!" Not bad! Wearing the dragon robe made him look like a crown prince. "You obviously look good just by dressing up a little, but you insist on dressing up like a diaosi. What do you think?" Wang Jing asked, puzzled.

Zhao Qian smiled embarrassedly and replied, "I'm not used to wearing it like this. Before, I've had five years of tough times. It's already good enough to have clean and tidy clothes. How can I be so picky?"

Wang Jing suddenly became interested in Zhao Qian's past and asked, "Then tell me how you've been doing for the past five years."

Zhao Qian showed his watch to Wang Jing and said, "If I tell you more, you won't be able to finish it in three days and three nights. Are you sure you want to listen?"

"Oh, yes, there's a ball to attend. Can't you just let me put on some makeup?" Wang Jing asked wistfully.

Zhao Qian shook his head firmly and replied, "I definitely won't put on any makeup. If you force me, then I won't go."

"All right, all right. Let's go. "

After saying that, Wang Jing quickly grabbed her bag and went out with Zhao Qian.

Zhao Qian's glance at Wang Jing made her feel very uncomfortable.

"What are you doing?" If you want to watch, then look at it openly. Wang Jing grumbled in dissatisfaction.

Zhao Qian quickly looked straight ahead and smiled, "You, how should I put it? It's not nice to look at it in the open." There was an indescribable beauty in sneaking a few glances. It's probably because of your personality. You're too cold, so you can only watch from afar.

Wang Jing didn't know whether to be happy or sad, because she couldn't tell whether Zhao Qian was praising her or saying that she wasn't easy to get along with.

The two of them got into their respective cars and proceeded forward one after the other. Soon, they arrived at the banquet hall of the Pearl Hotel.

The owner of the Bright Pearl Hotel was called Zhao Yu. Judging from his surname, he knew it was related to Zhao Qian's family.

Wang Jing held Zhao Qian's arm and walked into the venue. After all, she was the Gao Leng Goddess who was famous for her Donghai City. The moment she entered the arena, she immediately attracted the attention of most people.

Zhao Qian looked around. Damn, there was no one that he recognized. After that, he quietly observed Wang Hanxu and Yang Ming.

Wang Jing should be coming to these kinds of occasions often, so someone came up to greet her.

A noble woman walked over with her man on her arm. She greeted Wang Jing, "Mr Wang, long time no see. "What have you been busy with recently?"

Wang Jing smiled and nodded as she replied, "What nonsense. Director Chen and Director Liao are getting younger and more energetic than the last time we met. "

"Haha ..."

The couple laughed heartily at Wang Jing's words.

The lady then looked at Zhao Qian and asked, "This handsome guy looks unfamiliar. Mr Wang, is this your boyfriend? "

Wang Jing shook her head and replied, "Not really. "You also know that I rarely have the time to socialize, so I can only find a partner to dance with."

The man surnamed Chen immediately extended his hand to greet Zhao Qian: "Hello, my name is Chen Guanghua, I'm the chairman of Donghai City Regeneration Resources Utilization Co., Ltd. I wonder where little brother is

high? "She can actually be friends with Mr Wang. She is famous for not easily making friends."

When Zhao Qian heard the words 'Chen Guanghua', he blurted out a question, "Boss Chen, do you know Chen Guangyu?"

"Yes, he is my younger brother." Chen Guanghua replied honestly.

"What is it? Little brother knows my little brother?" Chen Guanghua asked.

Zhao Qian laughed. It was really a coincidence.

"I've interacted with him before, I was the one who broke his shop on Chongdao."

With that said, the atmosphere became awkward.

Chen Guanghua's face turned serious as he coldly said, "So it's you." I was talking about someone who could destroy my brother's jewelry store, it turned out to be Mr Wang's friend. "Then I'm even more curious now. Just what is your background? Why are you so powerful?"

"Boss Chen, you must be joking. What's so good about me?" It's just that your brother is too stupid and doesn't know how to make public relations dangerous. He only does things on the spur of the moment. If it were someone else with a nimble mind, this situation would definitely not have happened. "

These words from Qian Chao didn't give any face at all. Humiliating his brother in front of his big brother, wasn't this a disguised humiliation?

Wang Jing smiled awkwardly and nudged Zhao Qian secretly, hoping he would shut up.

However, Zhao Qian would not give up just like that. Chen Guangyu was still

under investigation inside the police station and did not get a free hand. Once he was released, he would definitely take revenge on Zhao Qian.

Rather than "sitting still and waiting to die", it was better to take the initiative. If there was no way to avoid a battle, then it was better to be preemptive than to passively take a beating. This was Zhao Qian's principle in doing things.

Therefore, Zhao Qian ignored Wang Jing's hint and continued, "Director Chen, don't be angry. After this incident, your little brother will definitely grow up. "The shop can be reopened once it's gone. If a person doesn't grow up, something will happen to them sooner or later."

A man in his twenties was actually educating two men in their forties. This was humiliating.

"Little brother, didn't your mother teach you to be low-key? Since you're so arrogant, you better be careful not to lose out. " Chen Guanghua threatened.

As expected of Chen Guangyu's brother, his arrogant and despotic personality was very similar. He would threaten others at any time.

Wang Jing didn't dare to let Zhao Qian continue talking to Chen Guanghua. If there was a conflict between them, it would be terrible.

"Director Chen, Director Liao, you guys go busy yourselves. I'll go say hello to my dad." Wang Jing said apologetically.

"Hehe ..." "Alright." The lady replied with an embarrassed smile.

"Sure thing!" Chen Guanghua replied coldly.

Wang Jing didn't want to talk much with them, so she pulled Zhao Qian and walked towards her dad.

"Dad, let me introduce you. This is Zhao Qian, my friend. "Zhao Qian, this is my dad."

Wang Lin sized up Zhao Qian and then stretched out his hand with a chuckle.

"Zhao Qian, right? The boss of Mr Qian Entertainment company? "

Zhao Qian raised his hand and replied, "Director Wang is right, it's me. Speaking of which, we're still partners. "

"Hehe ..." "Cooperation is about winning together, you didn't let me win, you won it all."

Wang Lin's words were full of hostility towards Zhao Qian.
