

C167 A Card will Shut You up

Zhao Qian did not want to have a conflict with Wang Ze. He felt that he was being too disrespectful. Even though Wang Xinxin was very polite to him, he didn't plan to reply.

However, Wang Ze didn't know what he was thinking and immediately said: "Why are you so excited? He has already been fired by the company, so he's no longer the person in charge of this crappy game. "

Wang Xinxin rolled her eyes at Wang Ze, then turned to Zhao Qian and said with a smile, "Ignore him. I don't think you have anything to do, why don't we go chat on the side, you teach me how to play this game." Many of the more outstanding heroes, I've practiced for a long time but haven't been able to do well. As the person in charge, you must be very familiar with the skills of every Hero. You must know a lot of techniques.

What Wang Xinxin said not only made Wang Ze angry, but also made Liao Xiaoyun angry.

"Wang Ze, mind your girlfriend. Being coquettish in broad daylight, do you have any shame?" Liao Xiaoyun said bluntly.

Wang Xinxin was unhappy and immediately pointed at Liao Xiaoyun and scolded, "Who are you scolding, you bitch? "Do you believe that I will tear your mouth apart!?"

"Don't you think that you're being coquettish? Wang Ze, your taste isn't that good. Look at the audience, is there anyone who would put on so much makeup like her? "Too vulgar!" Liao Xiaoyun said with a disdainful expression.

Actually, Wang Ze wasn't very satisfied with his girlfriend, it was just that his

refurbishing company still relied on his girlfriend's real estate company to get projects, so he had to accept her bad luck.

"Does my girlfriend have anything to do with you? No matter how bad she is, in my eyes, she is still the most perfect one."

Wang Ze said proudly and hugged his girlfriend.

The students were worried that the two of them would quarrel again, so they hurriedly tried to stop them, separating the two.

"Wang Ze, come here quickly, we're missing one person."

"Xiaoyun, come over here. Let me have a look at this necklace."

The two knew that their classmates were purposely shooing them away, so they obeyed and stayed far away from them.

But Wang Xinxin was already used to it, so she recognized Zhao Qian and came closer to him.

"Hey, handsome brother, don't be so stingy. Just teach me a few combo moves, and I'll treat you to a meal as a thank you later on. How about it?" Wang Xinxin said happily.

Zhao Qian wasn't interested in this kind of girl at all. He immediately rejected her coldly: "I'm only responsible for the production and I don't know how to play. The game community had an introduction on how to operate each hero. There are also many videos of Great God teaching online, you can go take a look. If it really doesn't work, you can go watch those anchors on Tianxiu broadcast live.

Wang Xinxin was still smiling, but in her heart, she was cursing Zhao Qian for not being able to appreciate his kindness. He actually dared to refuse her kind

offer? This was simply preposterous!

Lili could not bear to watch any longer and yelled at Wang Ze from between a dozen of her classmates, "Wang Ze, are you still shameless? Who cares about your girlfriend? With so many people present, and her constantly flirting, is this the most beautiful thing in your heart? "

Wang Ze couldn't take it anymore, this place was filled with his old classmates and their families. It was really too much for Wang Xinxin to not give him face.

"Wang Xinxin, didn't you say that you were going shopping with your best friend? "You can go. When I'm better, I'll come find you."

Wang Xinxin's face turned cold and asked, "What do you mean? Do you dislike me being in the way here? Or do you think I've disgraced you? Wang Ze, let me remind you, without my family, your company won't be able to function. You'd better figure out what's going on before you decide what to say to me! "

Wang Ze felt humiliated. Earlier, he had mocked Zhao Qian for being a pushover. Now, Wang Xinxin had personally confirmed that he was the one who was the one to be cheated.

But there was nothing he could do. Wang Xinxin's words were true. Without her family's real estate company, his decorating company would never be on this scale.

With the scale and strength of the Wang estate, if Wang Ze dared to anger Wang Xinxin, he could forget about any big projects in the future. At most, he could only take on the job of renovating his own family, earning three to five hundred thousand yuan a year.

If Wang Xinxin had used her father's power to issue a "ban on the martial arts

world" in her anger, he might have directly shut his doors.

"Don't misunderstand, that's not what I meant. I just thought you might be too bored to be here, so I didn't want to make you feel wronged." Wang Ze Qiang explained.

Wang Xinxin snorted coldly and replied, "So what if I don't feel aggrieved? As long as my heart is comfortable, there's no need for you to ask so much."

The students all cast a mocking and pitiful gaze at Wang Ze. They never thought that the former school grass would actually live in such a lowly manner.

Everyone thought that he had relied on his looks to find a rich beauty. Who knew that his status would be so low. It would be better for him to find an ordinary girl.

Wang Ze also felt everyone's weird gazes. His back was sweating and he felt very uncomfortable. The reunion didn't continue, he just wanted to find an excuse to leave.

After a while, Wang Ze's phone rang. It was the business manager of his company.

"Director Wang, good news!" "Earlier, I invited people from Yan Hai Development Co., Ltd., to a meal. They leaked that we have won the bid and that the fine equipment for 15 buildings in Jinghai District is ours!"

Wang Ze was overjoyed and loudly replied, "That's great! Haha ... "Hurry up and fulfill your promise. If you are certain that we won the bid, I will give you one million yuan for this year's year-end bonus!"

"Thank you, Director Wang. I will check as soon as possible!"

Wang Ze nodded and hung up. If he were to use a little bit of his brain, he would at least earn tens of millions.

Wang Ze felt like he was floating, so he didn't need to look at his girlfriend's face anymore.

When the students heard that he was going to give them one million yuan as his year-end bonus, they immediately asked him what was going on. Did he have some big business?

Wang Ze nodded with pride and replied, "Just now, the business manager called me and said we won the bid. We took down 15 buildings of Jinghai District. Haha ... Even if I did it normally, I'd still need at least ten million dollars in profits. If I think a little bit... "Haha ..."

It was obvious that Wang Ze was very happy and he had to laugh a few times before he could say anything.

Wang Xinxin immediately laughed happily, walked up to Wang Ze and kissed him, praising him, "That's great! When the project is finished, I want to go to France, okay? "

Wang Ze hugged his girlfriend proudly and replied, "Of course not. Anywhere is fine, we have plenty of time."

After all, he was an old classmate. Since Wang Ze had accepted the order, everyone was naturally happy for him.

"Boss Wang, Gou Fugui, don't forget!"

"Haha ..." If you have any chance in the future, remember to bring us along! "

These people were either those who didn't go to university or were in a professional college. Since they had already started working, they naturally

wanted to beg Wang Ze and the others for help.

People like Liao Xiaoyun, who were still in university, didn't need to ask him for help.

Wang Ze was beaming with joy and he replied with a smile: "For such a big project, I really need someone to help me. If you are interested, you can come and help me. "Let's not talk about anything else. Once this project is completed, I can guarantee that you will all be able to buy a car worth two hundred thousand dollars."

Liao Xiaoyun couldn't help but burst out laughing, "I thought you wanted to help them buy a house at Donghai City. You still have the nerve to say it out loud with a two hundred thousand dollar car?"

There was a reason why Liao Xiaoyun disliked Wang Ze so much. That year, Wang Ze relied on his handsome looks to launch a love attack on Liao Xiaoyun.

Unfortunately, Liao Xiaoyun looked down on him and rejected him in front of the whole class.

Wang Ze, who always had a high opinion of himself, naturally couldn't stand such humiliation. He spread the rumor that Liao Xiaoyun was rich and changed into famous clothes every few days because she had been taken care of.

Liao Xiaoyun had to explain this to everyone every day, but many people still believed that she was being taken care of.

To this day, Liao Xiaoyun could not forget the confusion she had suffered in the past. That was why she couldn't get used to Wang Ze.

If it was a few minutes ago, Wang Ze would have been embarrassed to face

Liao Xiaoyun. But now it was different. He was about to become a millionaire, so why should he continue to tolerate her?

Wang Ze sneered and said arrogantly with a disdainful expression, "Heh heh ..." I really don't have the ability to bring everyone to the Donghai City to buy a house. However, at least I can survive on my own and support dozens of people. It's better than you finding a pretty boy, right? Do you have enough money for both of you? If it's not enough, you can get him to work for me. I'll give him two thousand dollars a month. He's only worth this price, don't think that it's too little! "

C168 Mental Imbalance

"Liao Xiaoyun, why are the two of you only interested in eating? Why are you chatting with everyone about the recent situation?"

"That's right! Why does it feel like I'm starving to death? I haven't eaten before! "

"Tell me about your recent situation, and your graduation soon, what are your plans?"

Liao Xiaoyun wiped her mouth and replied, "I don't have any plans. Let's talk after I graduate."

"What about your boyfriend? What did he learn? What kind of job did he want? What if we can help? "

"That's right! Tell us what kind of work he wants to do, and he'll help us. "

"Xiaoyun's boyfriend, which university did you graduate from? Learn what? Is there work? "

Zhao Qian put down the cup and replied with a smile, "Thank you for your concern, but I won't trouble you with my work problem. I'd like to rest for a while and then go out and look for a job. "

The contractor Chen Cong smiled and said, "Xiaoyun's boyfriend, I really want to help you. If you don't mind, come help me. "From now on, you will work as a supervisor. It will be easy for you to do so. I'll give you five thousand yuan as your salary. Is that good enough for you?"

Liao Xiaoyun was unhappy without waiting for Zhao Qian to speak.

"Boss Chen, you sure know how to joke around. It's wishful thinking for you to ask him to work for five thousand dollars. "

What Liao Xiaoyun said was true. For the current Zhao Qian, not to mention five thousand yuan a month, even if it was five million, he still wouldn't be interested. Right now, he only wanted to follow his own thoughts and do what he wanted.

However, when others heard this, they would only think that Zhao Qian was someone who was overconfident and ambitious.

Chen Cong laughed heartily and said, "Five thousand is not a low price. Isn't it better than lying at home and eating for free? Xiaoyun, why don't you understand? Men have no job, sooner or later you will quarrel. It won't last long. "

Liao Xiaoyun chuckled and replied, "I thank you for your good intentions. We don't need it."

"Heh ..." I don't like the low salary. There was a job with a high salary, the key point was that he couldn't do it either. I need a big job here, and my salary is at least 10,000 yuan per month, will he be able to do it? " Chen Cong asked in disgust.

Zhao Qian didn't want to continue this topic, so he immediately said: "Thank you for your kind intentions, Boss Chen. Our department is not compatible, I really can't do it."

Chen Cong harrumphed and didn't say anything else.

"Bro, which university did you graduate from? What major do you study? So confident? I'm about to graduate, I'll follow you in the future. " Liu Xinyu said with a smile.

Zhao Qian knew he had ill intentions, but he still accepted talented people according to the principle of being merciful.

"Are you from the University of Finance? What department?" Zhao Qian asked seriously.

"Accounting. Can you bring me?" Liu Xinyu said with a mocking face.

"I can introduce you to an internship opportunity. Whether or not you can stay will depend on your own ability." Zhao Qian replied honestly.

Liu Xinyu laughed and asked: "What company? Was it the company where you used to work?"

Zhao Qian shook his head and replied, "No, it's my friend's company."

"Then why don't you go yourself? Is your friend's company any good?" Liu Xinyu asked mockingly.

Chen Cong was still very unhappy and immediately replied, "Definitely not much. If it's a good company and a good job, he would have gone to do it himself. Why would he leave it for you?"

Liu Xinyu continued, "I'm a student of the University of Finance and Economics after all. If the unit is too trash, I'll discredit the school. If the company that Mr Zhao introduced to me is a small workshop, then forget it."

Zhao Qian sneered and replied, "So what if you have graduated from the University of Finance? If I tell you to make a profit, will you do it? I told you to balance out the balance of payments of a company, will you do it? The company wants useful talent, but you have no education, no ability, what's the use?"

Liu Xinyu was a bit embarrassed, but in order to protect his face, he still

quibbled: "I don't have actual work experience yet, so there are some things that I shouldn't do. Even so, I don't go to any small company. "

Zhao Qian sneered, and replied: "Do you know about Tianxiu broadcast? Did you know about the Mr Qian Entertainment of the 《 Heaven Treading on 》 ? I know both managers, and I could have recommended you to any internship, but I don't see how you fit in. They need people who work on the ground and on the ground, not people who are overconfident and overambitious. "

The live broadcast of Tianxiu could be said to be the most popular live broadcast platform in the world.

As for 'Treading on the Sky', it was currently the hottest broadcast of the first season. The beginning and end of the TV show all had Mr Qian Entertainment products written on it, so who didn't know of this company?

Liu Xinyu was shocked and quickly apologized to Zhao Qian: "Mr Zhao, I'm really sorry, I didn't mean to be disrespectful to you. I just feel that I'm a graduate from the University of Finance after all, so I can't embarrass my alma mater. "

"You don't need to apologize to me, nor do you need an explanation. In any case, I won't introduce you." Zhao Qian said coldly.

Chen Cong laughed heartily and said, "Xinyu, you don't have to do this. He was just speaking on the surface. It was not certain that he would get to know the other party. Think about it for yourself. If he knew the managers of these two companies, why wouldn't he be out of work if he didn't work for himself?"

Liu Xin Yu felt that it made sense and immediately laughed.

"Mr Zhao really knows how to talk. I almost believed him."

Liu Xin Yu didn't believe it, but Zhao Qian didn't care at all.

At this moment, Liu Xiaoyuan, who was also from the University of Finance and Economics, spoke up.

"Xiaoyun's boyfriend, do you really know the managers of these two companies? Can you help me get an internship? "Thank you."

Chen Cong was very unhappy and quickly said, "Squad leader, you really believe his nonsense." He can't possibly know the managers of these two companies, otherwise I will wash my hair upside down! "Honestly, you actually believed that sort of thing."

Liu Xinyu didn't have the chance, and he didn't believe Zhao Qian could do it either.

"Squad leader, I think Chen Cong is right. Don't listen to his nonsense." If he had such connections, he wouldn't have lost his job and gotten paid for it. "

Liu Xiaoyuan immediately said to the two seriously, "Don't say it like that, he's Xiaoyun's boyfriend after all. Whether he has the ability or not, you should not do this to him. "Xiaoyun's boyfriend, don't mind it."

Zhao Qian saw that Liu Xiaoyun was pretty good. A quiet girl should be someone with her feet on the ground.

At this moment, Liao Xiaoyun spoke up.

"Zhao Qian, why don't you introduce us to the class monitor?"

If even Liao Xiaoyun asked for help, that meant Liu Xiaoyun was indeed a reliable person.

Zhao Qian nodded and asked, "Which company do you want to work in?"

These two companies were very good, Liu Xiaoyuan didn't know which one she wanted to go to. After thinking for a few seconds, she chose Mr Qian Entertainment.

Zhao Qian nodded and wrote down Yuan Mi's name and cell phone number before handing them to Liu Xiaoyuan.

"Contact this person and tell them that I introduced her and she will arrange for you to go there for an interview. As long as you don't perform badly, you'll definitely get an internship. But I have to go ahead. "I can only give you the opportunity to seek an internship. Whether or not you can stay will depend on your own ability." Zhao Qian said honestly.

Liu Xiaoyun immediately nodded and expressed her gratitude, "Understood, understood ..." "Thank you for Mr Zhao's help. I will definitely perform well and not lose face for Mr Zhao."

"Hehe ..." It's not that it's embarrassing, I'm just casually recommending it. You guys continue eating, I'll go to the bathroom. "

With that, Zhao Qian got up and walked out.

Liu Xinyu felt extremely upset. This opportunity should have been his. Since he couldn't get it, then he might as well get himself into trouble. Otherwise, his heart was truly unbalanced.

"Class Rep, hurry up and call us to see if it's true." If he's lying, we can still help you talk about him. If you find out that everyone has left and you discover that it's fake, then all your joy will be for naught. " Liu Xinyu encouraged him.

Liu Xiaoyuan immediately shook her head and refused. "No need, I believe Xiaoyun's boyfriend. He would never do such a thing."

"Aiya, trying is not a problem. I'll help you! "

Liu Xinyu grabbed the paper and forcibly called Yuan Mi. In order for everyone to hear, he even pressed the hands-free button.

"Hello, who is this?" Yuan Mi's voice sounded.

"Hello, it was Zhao Qian who gave me the number. He told me to contact you and arranged for me to go to the Mr Qian Entertainment internship." Liu Xinyu said.

"Oh, then come tomorrow afternoon at 3 o'clock, room 1008 on the 10th floor of the Finance Building. Take your resume and take a one-inch photo without a crown. We'll talk about it in detail when we meet. " Yuan Mi replied.

Everyone at the table was stunned. Was that really Mr Qian Entertainment manager on the other side of the phone?

C169 Beveseride

Liu Xinyu refused to give up and continued to ask, "Are you really Manager Yuan of Mr Qian Entertainment?"

"Ah, what's wrong? You don't believe me?" Yuan Mi replied.

"Zhao Qian really knows the manager of Mr Qian Entertainment, that's impossible! He's out of work. If he knows the manager there, why doesn't he look for a job himself?" Liu Xinyu asked puzzledly.

Yuan Mi smiled and replied, "Zhao Qian has his own ambitions. He doesn't like our company. "I still have some work to do. If you have anything to say, come to the company at 3 o'clock tomorrow afternoon and we'll talk."

With that, Yuan Mi hung up the phone.

Liu Xinyu was dumbfounded, Chen Cong was stupefied, and everyone at the table was stunned.

Liao Xiaoyun chuckled and said to Chen Cong, "Boss Chen, do you believe what I just said now? Zhao Qian did not care about normal jobs at all. Liu Xinyu, whatever you're learning isn't good. You have to learn from the others and look down on them. "Now that's great. That good chance has been personally rejected by you."

At this moment, Zhao Qian returned.

Liu Xinyu quickly raised his wine cup and apologized to Zhao Qian: "Mr Zhao, I'm really sorry. Please forgive me. I apologize for my recklessness. I'm sorry!"

Liu Xinyu's actions were a bit too big, startling the other table.

"Xinyu, what's going on?"

"Why are you apologizing to him?"

"What happened?"

Liu Xinyu quickly smiled and said to everyone, "It's fine, it's fine. You guys continue. We're joking here."

"It's good that you're fine. Come over for a drink with Wang Ze. After you graduate, he might be able to introduce you to a good job."

"That's right! Everyone at your table, come and drink with Wang Ze. "

Other than Liao Xiaoyun, the rich second generation, the rest of them were either still students or were worse off than him. Naturally, everyone wanted to curry favor with him, the future millionaire.

Liu Xinyu felt embarrassed, so he could only hurry over to toast Wang Ze. The others also came over to drink with Wang Ze politely.

But Zhao Qian and Liao Xiaoyun didn't move.

"Boss Wang, if you have any good projects in the future, remember to bring us along."

"That's right! No matter how big or small, as long as he could earn money, it was fine. First, do it as a form of respect! "

"Come! First, do it as a form of respect! "

Everyone flattered Wang Ze.

Wang Ze raised his cup happily and said loudly, "Come, let's drink together!"

Wang Xinxin was overjoyed to see her boyfriend so popular. Her face was full of happiness.

Almost everyone had paid their respects to Wang Ze, only Zhao Qian and Liao Xiaoyun remained motionless. The two of them sat in their seats, one drinking and the other eating, as if everything the others did had nothing to do with them.

People who like to be cocky have a common disease. Anyone who doesn't kneel and lick them is guilty.

Wang Ze raised his glass, walked to Liao Xiaoyun and said with a smile, "Liao Xiaoyun, let's be classmates. I will drink with the others, you're the only one that's not suitable." "Come, let's have a drink."

"Scram!" Liao Xiaoyun replied cleanly.

The atmosphere suddenly became awkward. Wang Ze held his wine cup and didn't know what to do. Just a moment ago, he had been drunk, but now, he had been scolded awake by Liao Xiaoyun.

Seeing her boyfriend humiliated, Wang Xinxin was immediately unhappy. She walked over to Liao Xiaoyun and pushed her away, scolding, "Is there something wrong with you? He was kind enough to drink with you. If you don't drink, why are you cursing?!"

How could Liao Xiaoyun be willing to suffer a loss? She stood up and pushed Wang Xinxin, replying, "Who is he? Do I have to drink when he toasts? Who do you think you are to dare push me! Today is a classmate gathering, can I trouble you to clarify your identity?" "Look at how the other family members do it, don't you think you're playing too much?"

"Hey!" I'll tear your mouth apart! "

As she spoke, Wang Xinxin rushed towards Liao Xiaoyun, preparing to make her move.

At this time, Zhao Qian had to make a move. He could only quickly stand up and embrace Liao Xiaoyun. At the same time, he extended his hand to grab Wang Xinxin's hand.

Seeing that Zhao Qian dared to take advantage of his girlfriend in front of him, Wang Ze immediately rushed forward and punched the left side of Zhao Qian's face while drinking heavily.

Zhao Qian calmly lifted his foot and pressed it against Wang Ze's lower abdomen, preventing him from approaching. He waved his fist wildly, but was still unable to reach Zhao Qian.

Wang Ze was unconvinced. He still wanted to struggle against Zhao Qian, but was kicked away by Zhao Qian.

"Sigh!" What are you doing! Don't do it! "

"Exactly! What do you mean? Do you think we don't exist? "

"You must clarify whose student gathering this is. To dare to make a move here, you truly think you're some incredible figure!"

"... "

Liao Xiaoyun's classmates were also angry and started to criticize Zhao Qian. In the end, they were just classmates and Zhao Qian was just an outsider.

Liu Xiaoyuan pushed everyone away and reprimanded them, "What's wrong with you? Didn't you just say that no more conflicts were allowed? Such a

good gathering, did it have to turn into a meeting between enemies? If you all do this, who will be able to attend the gathering in the future!?"

"Squad leader, you can't blame us for this!" He's too arrogant, hitting Wang Ze right in front of us, he doesn't even put us in his eyes! "

"Exactly! Everyone saw that he didn't have a job, so they even kindly recommended one to him. And the result? It's fine if he doesn't appreciate your kindness, but to say such cold words, is there such a thing? "

" ... "

The people who were at the same table as Wang Ze did not know of Zhao Qian's power, so it was not strange for him to say these words.

Liu Xiaoyuan quickly explained to Zhao Qian, "You've all misunderstood. Mr Zhao really does not need the work that you guys have recommended. He doesn't even care about the Tianxiu Platform, so how could he even care about the work that you guys have introduced? "

Wang Ze's table immediately became happy when they heard that the Tianxiu Platform was so hot, how could he possibly think highly of Zhao Qian? He actually had the nerve to say that he didn't think much of Zhao Qian.

"Bro, your bullsh * t is a bit too much! You still don't like Tianxiu, can they even like you? " Wang Ze asked with a mocking expression.

Whenever Wang Ze spoke, Liao Xiaoyun couldn't help but want to argue with him.

"People like you naturally think that your Tianxiu is overpowered. However, to Zhao Qian, it was just an ordinary company. The pattern is different, it cannot be generalized. "

Wang Ze was not convinced, and continued: "Yo! If the pattern is different, then tell me, what pattern does he have? Eating soft food? "

Zhao Qian knew that if he didn't oppress Wang Ze, these people would continue to cause trouble for him.

"Wang Ze, right? You just took on a big order for coastal development, right?" Zhao Qian asked.

Wang Ze replied proudly, "Yeah! Is there a problem? "

Zhao Qian nodded and replied, "Of course there's a problem. I've met with Yan Hai's boss, Yan Guofeng, a few times, so I can speak up. You make me angry, and I don't want them to give you the project. "

Wang Ze and the others immediately laughed.

Yan Hai was a well-known domestic real estate company. According to the latest stock price estimates, its market value had exceeded 100 billion RMB.

It was laughable for an employee of the little game Production Company to boast shamelessly that he knew the boss even after losing his job.

"Liao Xiaoyun, this boyfriend of yours is really amazing!" This ability to boast is the strongest I've ever seen! "

"I also admire this bro's superb mental fortitude of not changing his facial expressions even when he's bragging!"

"No wonder he doesn't like the job you guys are introducing. With this kind of psychological quality, getting a retailer is still better than a monthly salary of 5000."

"Haha ..."

Liao Xiaoyun pouted and rolled her eyes. She turned to Zhao Qian and said, "Zhao Qian, you don't have to give me face. Take away his order, or else, he won't know his last name!"

Zhao Qian nodded and called Yan Guofeng.

"Hello, Director Yan. Is your Jinghai District's hardcover project being prepared for a company called Wang Ze?"

"I'm not sure. I have to ask. "Young Master, wait a moment, I'll get a reply for you when I get the information."

"Yes."

Zhao Qian hung up the phone and waited for Yan Guofeng's reply.

At this moment, Wang Ze's business manager called. He deliberately pressed his cell phone to let everyone hear what they were saying.

"Hey, Little Liu, what's the situation?" Wang Ze asked.

"Director Wang, I confirmed with Yan Hai that we won the bid. "The notice has been made. They have sent someone to deliver it. We'll be back soon."

"Haha ..." Good! Work hard, and I'll definitely give you a million dollars at the end of the year! "

"Thank you, Director Wang. I will definitely work hard!"

Wang Ze nodded and hung up the phone in satisfaction. Then he looked at Zhao Qian complacently.

C170 Is It That Powerful

Everyone had heard Wang Ze's business manager's words and confirmed that he had received the coastal development order.

"Director Wang, congratulations!" Taking down such a big project is enough for you to eat for three years!" Chen Cong said with a look of envy.

Wang Ze laughed and replied, "Thank you, we are all happy. "Come over to my place later. I can't finish such a big project by myself. If you're interested, you can do it together."

"Aiya, then I have to thank Director Wang first." "Haha ..." Chen Cong Gao replied.

For such a big project, just a random share of it was enough for Chen Cong to eat for two years.

Wang Xinxin asked Zhao Qian mockingly, "Handsome, do you still have anything else to say?"

Zhao Qian didn't answer, but Liao Xiaoyun helped him answer: "What are you smug about? As long as there is no formal signature from both sides, everything could change. "

Liao Xiaoyun's words not only offended Wang Ze and Wang Xinxin, it also offended the other students. Everyone was praising Wang Ze, but she insisted on going against their wishes when she said such words.

"Liao Xiaoyun, how did you become like this? "Indeed, those who get closer to the truth get darker. After making this kind of boyfriend, you have also become so impetuous!"

"Exactly! In the past, you were just willful, and everyone could still accept it. But now that you have become as fond of bragging and arrogant as your boyfriend, it's really hard for people to accept that! "

"If you continue like this, you'll be ruined!"

Liao Xiaoyun couldn't help but laugh when she saw her classmates talking earnestly and resentfully.

"Zhao Qian, they have mocked me. You must avenge me!" No matter what, we can't let Wang Ze do this project, no matter what you think! "

Zhao Qian nodded and replied, "Don't worry. "I know a few of them, but if we're on friendly terms, we'll surely be able to make things difficult for them."

Wang Ze said fiercely: "Sure! I'll see how you'll mess it up! The winning tender is already on its way to the company, can you still get them to send it back? You overestimate yourself! "

The others mocked Zhao Qian, as if they were watching a good show.

Zhao Qian did not have any reaction. He just quietly waited for Yan Guofeng's call.

Two minutes later, Yan Guofeng called.

"Hello, Young Master. That company is called Zexin Decoration Co., Ltd. The representative of the legal person is indeed called Wang Ze. "What does Young Master mean?"

"Switch!"

"Understood!" I will get someone to bring back the winning tender right now!"

"

"Yes."

After Zhao Qian hung up the phone, Wang Ze immediately smiled provocatively: "You're done pretending to be cool? How are you going to get them to return the winning tender?"

Zhao Qian sneered and replied, "You will know very soon. Don't worry."

"Pretend!" Let's see how you continue acting! " Wang Ze said in disdain.

"Alright, alright, ignore him. Let's continue drinking."

"Yes!" "Don't ruin the mood and atmosphere just for a mere act of posturing. Let's continue!"

"This is our classmate gathering, why would you be so upset over an outsider!"

The group of people started to talk and drink again. Wang Ze was still the center of attention as everyone begged him to "reward" them with food.

Liao Xiaoyun walked over to Zhao Qian and whispered, "Hey, are you sure? I really don't like Wang Ze's arrogant attitude, you have to teach him a good lesson! "

Zhao Qian smiled and asked back, "Why are you so attentive towards me? What if I can't do it?"

"Hee hee ..." Someone who can become friends with Fifth Uncle, I'm sure you're not simple. I know that you intentionally hid your identity and didn't want others to know about it, so I didn't ask. But I know one thing. You can do whatever I want you to do. " Liao Xiaoyun smiled confidently.

Zhao Qian chuckled, walked to the sofa at the side and sat down. Liao Xiaoyun was in no mood to continue eating. She walked over and sat beside him.

After a while, Wang Ze's phone rang. It was his business manager again. For the sake of posturing, he pressed the hands-free button again.

"Hello, Little Liu. What's the matter?" Wang Ze asked lazily.

"Hey, boss, it's bad. Something has happened. Yan Hai suddenly withdrew his winning bid, saying that we did not meet their standards and was mistaken."

"What?" How could this be? Wang Ze shouted.

"I asked the friends over there for information and said that it was their boss who personally ordered us to be replaced. He probably has someone to greet their boss, which is why they switched us out at the last minute! "

The moment he said that, everyone turned to look at Zhao Qian.

Wang Ze hung up the phone and angrily walked in front of Zhao Qian as he roared, "Did you do that?"

Zhao Qian replied calmly, "I told you that I wanted to change you, is there a need to ask?"

"You ... Impossible! How can you be so good at fighting!" Wang Ze asked in disbelief.

At this moment, Liao Xiaoyun interrupted.

"I've told you guys more than once, he looks down on companies like Tianxiu Platform, don't you understand what that means? This is to tell you that his

connections are not as strong as you can imagine. Talking with Yan Hai's boss is still a piece of cake? "

Only now did they realize how powerful Zhao Qian was. Even a large real estate company like Yan Hai was related to him. He was definitely not an ordinary person.

"I didn't expect him to be so powerful that he could change Yan Hai's mind."

"But so what? He was merely lucky enough to get to know the boss, it's not like he has the ability."

"But in the current society, connections are money. In the project, which one of you doesn't need contacts? "

Liao Xiaoyun's classmates all regretted making things difficult for Zhao Qian. They really wanted to apologize to him and ask him to introduce a few projects for them to do.

However, these people cared too much about face, so no one dared to apologize.

Seeing that the million level profit was about to disappear, Wang Ze couldn't care less and quickly found the money to apologize.

"Mr Zhao, I was in the wrong. I spoke without restraint, so I'm really sorry for the insolence in my words. Look, we paid too much for this order. Just when we were about to get it, it suddenly flew away. If my staff knew about this, they wouldn't be in the mood to work. I hope that Mr Zhao will be magnanimous. Don't bother with me and quickly give Yan Hai a call so that they can continue to deliver the winning tender. As thanks, I can give Mr Zhao five million as compensation! "How about it?"

It could be seen that Wang Ze was very sincere to directly give five million as a

thank you fee. However, Zhao Qian definitely wouldn't change his mind for the sake of five million. Such a small amount of money really didn't enter his eyes.

"Director Wang, no need to be so courteous, I can't possibly help you get the order back. If you want to blame someone, blame yourself for getting carried away. You can't blame anyone else." Zhao Qian replied firmly.

Wang Ze continued to apologize, but Zhao Qian was determined not to help him.

Wang Xinxin couldn't take it anymore. No matter what, Zhang Yang was her boyfriend. It was still up to the owner to hit the dog. If he dared to lay his hands on his boyfriend, then he must have the awareness of revenge.

"Wang Ze, you don't have to ask him." My dad and Director Yan of Yan Hai still have a bit of a relationship. I'll give him a call and have him talk to Director Yan. It shouldn't be a big problem.

Wang Ze felt that this made sense, so he decided to let his father-in-law try first. If he could solve this problem, everyone would naturally be overjoyed. If it couldn't be solved, then he would think of another way.

"Sure, then give your dad a call and let him know." Wang Ze said anxiously.

Wang Xinxin nodded and walked to the side to call her father. She added extra details on the situation over here and reported it to her father, begging him to definitely redress Wang Ze's grievances.

Wang Xinxin's father was called Wang Yuan, the boss of the Wang estate.

Wang Mu was also a rather arrogant person. Usually, he always had a haughty and aloof attitude, which made people very unhappy. Since his daughter's boyfriend was in trouble, he naturally couldn't stand idly by and watch.

"My daughter, don't be in such a hurry. I'll call Yan Hai right now." Whatever the reason, they must return the order! "

With her father's guarantee, Wang Xinxin was overjoyed and hung up the phone with a smile.

"Handsome, just you wait. It won't be long before Yan Hai sends the order back!" This project must be Zhao Qian's, nobody can take it away! " Wang Xinxin said with a proud expression.

C171 Hand-to-hand

Wang Ze laughed out happily. He pulled Wang Xinxinrou into his embrace and gave her a big kiss.

Then, he looked at Zhao Qian with a provocative look and said, "Do you think you can oppose me just by knowing a few people? "Your status is low. No matter what, Yan Hai will never offend my future father-in-law for you!"

Zhao Qian laughed and replied: "That may not be the case. Who can say for sure." No matter how awesome your father-in-law is, he is still a competitor for Yan Hai. If it was you, would you listen to the orders of your competitors? "

Hearing Zhao Qian's words, Wang Xinxin and Wang Ze felt a little guilty. If Yan Hai really did not give him face, then this project would really be over.

Wang Xinxin was very confident of her father and asked, "What do you know? We are competitors to Yan Hai, but we are also partners that could cooperate. The shopping mall was like a battlefield. There was no such thing as an eternal friend or foe. You definitely do not understand this logic, so it would be useless for me to tell you. "

Zhao Qian laughed and replied, "Then let's wait for the news."

Everyone quieted down, waiting for a message from Wang Xinxin's father.

Five minutes later, Wang Xinxin's cell phone rang. It was her father. She put the handset on the speakerphone and picked it up.

"Hey, Dad, how's it going? Has Yan Hai already sent someone to send back the winning tender? " Wang Xinxin asked confidently.

"Sigh ..." I called them, Director Yan, and spoke for a long time. But he didn't want to return the order and said he had made a mistake. Wang Ze's company didn't meet their requirements. Now it's just a correction. "

"What?" Who are you fooling with such idiotic words? Do you take us for fools! " Wang Xinxin roared.

"There's no other way. Tell Wang Ze that we can forget about this project." I'll introduce him to the other projects later. I have things to do, and I won't tell you. Remember to go home for dinner tonight. You are not allowed to stay outside! "

Wang Xinxin's father hung up after saying that.

Everyone was staring at Zhao Qian. They couldn't believe that all of this was real. How could an unemployed person decide the development of Yan Hai?

Liu Xiaoyuan rejoiced inside. She felt that she was right. Zhao Qian was a big shot who was hiding his strength, it would be beneficial for her to be friends with him.

Wang Ze still wasn't willing to give up. After all, the duck was already at the tip of his tongue, how could he let it fly away?

Right now, his only chance was to beg for Zhao Qian's forgiveness. As long as Zhao Qian was willing to say hello to Yan Hai, he still had a chance for the project.

"Mr Zhao, Mr Zhao..." You don't remember being a vile person, don't lower yourself to my level. "I apologize for my rudeness. I beg you to help me by asking Yan Hai for this project back."

Zhao Qian shook his head and replied, "Director Wang better save some energy. I can't possibly help you. What are your plans after this meal? "If

there's no projects, I'll be taking Xiaoyun away."

Liu Xiaoyuan quickly answered, "We plan to sing later. If Mr Zhao doesn't have time, he can leave first. If there's time, I still hope that you can come with us. "

Zhao Qian nodded, walked to the side and sat down.

Wang Ze still didn't want to give up and quickly begged Liao Xiaoyun.

"Liao Xiaoyun, we're classmates, you have to help me. "No matter what, I have always pursued you back then. Since I once deeply loved you, help me beg Mr Zhao."

Wang Ze was really too anxious. He actually wanted to use this matter to bridge the gap between him and Liao Xiaoyun.

However, Liao Xiaoyun had always been unhappy with him because of this matter. Wasn't it courting death to bring it up now?

The most important thing was that Wang Xinxin also heard it. She immediately gave up and shouted, "Alright! I was wondering why the two of you were so against each other, but it turns out that there was such a thing going on! Wang Ze! Didn't you say you never liked anyone? He even said that I was your first love, that I was just bullsh * t! Also, Liao Xiaoyun, you are such a bitch! "

Liao Xiaoyun was furious. She stepped forward to slap Wang Xinxin, but she dodged it.

Liao Xiaoyun did not give up. She turned her hand and pushed Wang Xinxin to the ground, cursing loudly, "You slut, you actually dared to scold me, and you still want to hit me!?" He's the one who cheated. I don't care about him at all, okay? Only a slut like you would accept him! You still have the face to talk

about others! Do you think everyone else is as tasteless and unsought after as you!?"

Wang Ze hurriedly apologized to Wang Xinxin, "Xin Xin, you misunderstood me. There's nothing going on between us. The reason why I said that, was because I wanted to pull her closer to me, so that she could help me plead with Mr Zhao. In fact, I've never liked her. It was just a rumor spread by others. I was wrongly accused."

"I believe you, damn you!" Wang Ze, I'll formally inform you now that you have been dumped! From now on, there is no relationship between you and me!"

Wang Xinxin bellowed, grabbed her things and ran off.

Wang Ze quickly chased after her. Without Wang Xinxin, his company would not be able to continue doing business here.

"Xin Xin, Xin Xin... Just listen to my explanation!"

"Scram!"

Wang Xinxin slapped Wang Ze away and ran away without looking back.

The distance from heaven to hell was so close. In just a short while, Wang Ze had already experienced the feeling from heaven to hell.

"That damnable Zhao Qian! If you don't agree to my conditions, I'll fight you to the death!"

Wang Ze muttered to himself. He wiped his face and ran back to the room.

"Zhao Qian, I want you to tell me whether or not you will help me with the project!" Wang Ze roared.

Zhao Qian sneered and asked, "What? You still want to use violence against me? "

"Hehe ..." You ruined my career and my love life. If you don't agree to my conditions, I'll fight you to the death! " Wang Ze replied fiercely.

Before Zhao Qian said anything, the others quickly tried to calm Wang Ze down.

"Wang Ze, calm down. I just didn't receive any orders, there's no need to do this."

"That's right, you didn't have this order before, so didn't you do it well as well?"

"There's no way I can earn all of the money. Take your time, don't be in such a hurry."

Wang Ze sneered and replied, "Wang Xinxin has already broken up with me. Without her, what can I take on the deal? How can I manage without a new order? It was all his fault. I lost my love and my career. I don't have any motivation to live anymore, so what else can I do other than fight him? "

Liao Xiaoyun held her stomach and laughed, saying, "Wang Ze, you really want me to die from laughter. If you were going to fight with someone at this level of strength, how weak would you be? "It's not that I'm looking down on you. You can't even get close to Zhao Qian with just your body alone. Wanting to fight him to the death is simply a joke."

Wang Ze was in an excited state. Hearing Liao Xiaoyun's words, he immediately rushed towards Zhao Qian with the bottle in his hand.

"Sigh!" Wang Ze, don't be rash! "

"Quick, hold him back!"

"Don't be rash ..."

The students quickly rushed forward to pull Wang Ze back, but he acted like he was crazy, waving the bottle and smashing it in a mess. No one dared to approach him.

"Don't come over!" Whoever dares to stop me, I will smash them! "

Wang Ze roared, his whole body was filled with ruthlessness.

Everyone still advised him to not be impulsive and to not talk about anything. But how could he listen? He turned around and charged at Zhao Qian again.

Liu Xiaoyuan shouted: "Wang Ze, don't be rash, stop it!"

It didn't matter who shouted now, Wang Ze wanted to smash the bottle of wine in his hand onto Zhao Qian's head.

Seeing Wang Ze rushing over, Zhao Qian stood up calmly and swept his leg. The bottle in Wang Ze's hand was kicked away cleanly and smoothly.

Wang Ze didn't care that much as he charged towards Zhao Qian with his bare hands.

Zhao Qian wanted to help him calm down. He jumped up and kicked his shoulder, forcing him to kneel on the ground.

Wang Ze felt a sharp pain from his shoulder, but he only pinched with his right hand and took the chance to squat to sweep his leg, wanting to knock down Zhao Qian.

Zhao Qian raised his foot and kicked his face. With a "bang", he crashed into the chair and fell down.

"Wang Ze ..."

Everyone rushed over to check on Wang Ze.

Just now, Zhao Qian had pushed Wang Ze a little, and these people were still trying to help him deal with Zhao Qian.

At this moment, Zhao Qian beat Wang Ze down to the ground, but no one dared to stand up for Wang Ze.

C172 Play Games

Wang Ze's head was hit, so he was much more clear-headed now. But the more awake he was, the more he couldn't stand it.

"Brothers and sisters, if he dares to hit me in front of you, you must avenge me! Let's attack together. We must teach him a good lesson! "

If Wang Ze had said these words just now, his classmates might have helped him. But now, everyone knew that Zhao Qian's personal relationship wasn't simple and no one dared to move against him.

"What are you doing? I'm your classmate! What's with your attitude? " Wang Ze roared at everyone in anger.

"Wang Ze, I think it's better to open up a little. What can you do to change what has already happened?

"That's right. As a person, the most important thing is to recognize reality. What we are most afraid of is not facing reality head on."

"We are originally just ordinary people, we are not the same as the rich second generation, separation is inevitable. If it's something that doesn't belong to you, it's useless for you to even grip it tightly. "

Wang Ze laughed out loud and shouted, "Fuck, you guys are still human! Just a moment ago, you were all kneeling and licking your father! How long has it been since you all had such a face?! "Damn!"

Everyone immediately went against Wang Ze. Zhao Qian was not interested in listening to them curse and loudly said, "Are you guys going to sing or not? "If you don't go, then we'll leave first."

Liao Xiaoyun had no interest in singing, so she immediately took Zhao Qian's arm and was about to leave.

Liu Xiaoyuan rushed forward to stop them, "Go, go. It's all settled. We definitely have to go." "All of you, stop arguing. Whoever wants to argue, just stay behind and argue slowly. The others can all go sing."

Everyone immediately stopped arguing and followed Liu Xiaoyuan to sing. Of course, singing wasn't the most important thing to them right now. What was important was the chance to get closer to Zhao Qian.

Contacts were money. If Zhao Qian could introduce them to any projects, it would be enough for them to eat for several years.

Wang Ze was still unwilling to give up so he thought of taking advantage of the opportunity to sing and continued to beg Zhao Qian, so he quickly followed along.

The party this time was entirely organized by Liu Xiaoyuan. As a senior in her senior year, she naturally did not choose to spend too much.

Soon, they arrived at a quantitative KTV called "Exhaust Tube".

Liu Xiaoyuan booked a room on the internet. After the front desk was done with the formalities, the waiter brought everyone directly to the box.

"Mr Zhao, what song are you singing? I'll help you order some." Chen Cong said with a flattering smile.

Zhao Qian waved his hand and said, "No need, your reunion. Of course you can all sing. I'll just listen from the side."

"Don't! Those who were able to come here today were all their own, they shouldn't have been so clear about each other. Everyone, is that right?"

"Yes!" Chen Cong was right! Mr Zhao, you don't have to be so polite. I think we should choose a love song to sing, and let you and Xiaoyun sing a song together. "

"Good!" Hurry up and click on the song. Then, you will click on 'The Inwardly Lover'! "

The group of people jeered, making Zhao Qian feel a bit embarrassed.

Liao Xiaoyun was also a little shy and shouted to everyone, "You guys have had enough! We agreed on a classmate gathering, so don't mess with me. "

"I didn't do anything to you! Since we're already here, we have to sing a song! "

As Chen Cong said this, he handed the microphone to Zhao Qian and Liu Xiaoyuan passed the other microphone to Liao Xiaoyun.

The two of them had no choice but to sing.

Zhao Qian's singing didn't sound good, especially this kind of old song. He couldn't find the right tune, and he wasn't familiar with the lyrics either. It was simply spicy to the ear.

"Good!" Mr Zhao's singing is really nice to listen to. It seems like he really likes to sing normally! "

"Definitely! If you go with this technique and participate in The Voice, you'll at least be in the top three. "

"Xiaoyun's singing is not bad, it's a match made in heaven with Mr Zhao."

"..."

This time, Zhao Qian really wanted to laugh. He came as the relative of Liao Xiaoyun. Now that he was the main character, whose reunion was this?

Wang Ze came up again and took a bottle of wine. He said to Zhao Qian, "Mr Zhao, let me toast you with this bottle of wine. Please consider it again."

Zhao Qian ignored Wang Ze, his eyes were fixated on the big screen, and he didn't care what Wang Ze did.

Wang Ze knew that it was boring, so he went back to his seat and sat there motionlessly after drinking it.

After everyone had sung it once, Liu Xiaoyuan turned off the music and suggested, "Everyone is tired from singing. Let's take a break and play a game."

"Agreed!" "What game are you playing?"

"Mr Zhao, what game do you want to play?"

"Yes!" "Whatever game Mr Zhao wants to play, we'll play."

These people's flattery was first-rate, they all had to listen to Zhao Qian's opinion. They were all provoking Zhao Qian in the restaurant before.

Zhao Qian smiled and replied, "You are all too polite. This is your reunion, of course you all decide. I just came over to participate in the meeting on the way, you guys really don't have to care about what I think."

"Mr Zhao is too polite, we are all on the same side, don't think of yourself as an outsider!"

"That's right, you're Xiaoyun's boyfriend, so you're one of us. "If there's

anything in the future, just say it. We don't have much ability, but we can still back you up."

"Yes!" "Don't be shy, and don't be shy. If you need anything, just say it. We have people who want to help."

In the end, they just wanted to get into a relationship with Zhao Qian. They said that they could find them if there was anything that they needed, but they knew clearly in their hearts that they would not be able to solve the problem that Zhao Qian could not.

However, when they said this, they seemed to have a different meaning. If Zhao Qian had trouble, he could ask for their help. If they had trouble, he could also ask for Zhao Qian's help.

Zhao Qian naturally understood their thoughts and replied, "Hehe ..." Then I'll thank you all first. If you need any help in the future, I won't hold back. "

"Haha ..." That's right. "

"Don't mention it. We don't have any other abilities, and we have a height of 1.8 meters. It's alright if we put in some effort."

"We're all on the same side, helping each other."

Zhao Qian smiled and said: "Yes." As for what kind of game you want to play, that will be decided by the class monitor. "

Liu Xiaoyuan nodded and said loudly, "Then I'll make the decision. Just as we planned, pass the note! Everyone understood the rules. They could only use their mouths, not their hands. Whoever dares to continue the story will drink a bottle of beer. Does anyone have any objections? "

"This game is good! No one will object! "

"Anyway, I have no objections!"

"I have no objections either ..."

Everyone agreed, so Liu Xiaoyuan made everyone sit down. She took a piece of paper and put it between her lips, then began to spread it.

Liao Xiaoyun was on Zhao Qian's left, and Li Ling was on his right.

When the paper reached Li Ling's mouth, it only stuck out a little. She shyly turned to Zhao Qian and closed her eyes.

Since this was a game, he had to be able to afford it. Zhao Qian estimated that he should be able to bite the note safely and then take the opportunity to "educate" Liao Xiaoyun.

Zhao Qian slowly moved his mouth closer to the paper and dangerously bit it. He was about to tear the note away, but Li Ling was not sure if she was too nervous, but her body trembled a little and they kissed just like that.

Startled, Zhao Qian jerked his head back and brought out a bit of paper. As his movements were too fast, no one noticed whether he and Li Ling were engaged or not.

Zhao Qian was also panicking in his heart. In order to hide his panic, he quickly pouted his mouth to let Liao Xiaoyun bite the paper.

When Liao Xiaoyun saw that the note was almost all in Zhao Qian's mouth and couldn't be passed on, she said coquettishly, "Aiya, how can this be passed on?"

Zhao Qian spat out a bit of the paper slip and threw it away. He winked at Liao Xiaoyun, indicating that she should come if she had the guts.

Liao Xiaoyun was too embarrassed to continue. She reached out her hand to grab a glass of wine.

"Aiya, it's time to drink! If the paper were to stretch out so much, it would definitely succeed! Try it!" Chen Cong boomed.

The others also joined in the commotion, wanting to use this opportunity to curry favor with Zhao Qian.

"That's right! Stretching it out for so long, it's definitely going to be a success!"

"It's just a game after all. There's no point trying it out even if you don't dare!"

"Liao Xiaoyun, it can't be that you can't afford to play, right?"

"Who doesn't know that Liao Xiaoyun is the most free and easy person among us? How could she not be good?!"

Liao Xiaoyun was too embarrassed to pick up the wine cup and could only slowly move closer to Zhao Qian's mouth.

C173 They Wanted to be Close to Money

Anyone with a discerning eye would be able to tell that it was impossible for Liao Xiaoyun to bite the note out of Zhao Qian's mouth. Everyone was prepared. As long as the two of them kissed, they would press them together and take the opportunity to please Zhao Qian.

Normally speaking, boys would be happy to take advantage of this situation. As long as Zhao Qian was happy, they would have a chance to make a request to him.

Liao Xiaoyun moved closer to Zhao Qian's mouth, afraid to continue moving forward. She wasn't stupid, she knew that if she moved any closer, she would definitely kiss Zhao Qian.

Seeing that Liao Xiaoyun didn't dare to continue moving forward, Chen Cong pushed her from behind. Just like that, the two of them started kissing.

Seeing the two of them kissing, the crowd jeered and pressed their heads against each other. They even pushed Liao Xiaoyun into Zhao Qian's arms.

"Wah!" Liao Xiaoyun, you're going too far! It's just a game, but you're spouting dog food! "

"This is indeed going too far!" Is there a need to oppress us like this? "

"Liao Xiaoyun, you've changed. You dared to kiss in front of so many people."

"Haha ..."

"Don't say that, if I had a boyfriend as handsome as Mr Zhao, I would also want to kiss him."

"Haha ..."

Liao Xiaoyun quickly struggled out of Zhao Qian's embrace and complained, "You bunch of bastards, do you really need to mess with me like this? With your way of playing, just who would dare to come attend a gathering in the future!?"

Liao Xiaoyun complained, but her expression was bashful and happy. It was obvious that she wasn't angry, but a bit embarrassed.

"He's already an old couple, what's the point of being shy?"

"Exactly! Don't you dare tell us that you two have never kissed until now!"

"I don't believe it! A handsome guy and a beautiful girl, can the two of you bear with not making a move against each other just because you're the target?"

Liao Xiaoyun found it embarrassing to say that Zhao Qian was her fake boyfriend, so she could only accept the loss and replied, "How is that possible? We've done what a normal couple should do. However, this sort of thing was best done when two people were together. Sorry about that in front of so many people. You guys speak so enthusiastically, I think you guys should kiss your partner!"

Liao Xiaoyun then pressed her hand on the other couple's heads, allowing them to kiss. They were both real lovers. There was no need for her to force them to kiss at all.

After a long commotion, the second round of messages went on.

When the paper reached Li Ling's mouth, all that was left was one throw. Zhao Qian didn't want to take any more risks, so he picked up the bottle and started drinking.

"Wah!" "Mr Zhao is such a good man, I won't try if it's just a little risky."
Chen Cong praised.

"Liao Xiaoyun, you have good eyes! If you break up in the future, remember to tell me and I'll chase him." Li Ling joked.

"Haha ..."

Lili's other classmate, Wang Min said, "Xiaoyun, I really envy you. Mr Zhao, do you have any single boys among your friends? "Introduce him to me, and I'll treat him to a meal to express my gratitude."

The other girls also joined in the commotion and got Zhao Qian to introduce them. Some of them already had a target, so they didn't want to join in on the fun.

These girls were all realistic, they all thought that Zhao Qian was so awesome, his friends must be so awesome too. If he could find a boyfriend in his circle of friends, he would definitely have a bright future.

Zhao Qian knew what they were thinking, and he hated relying on men to get the upper hand, so he replied: "My friends circle have more outstanding people, basically, they all have partners. Even if they do not have a partner, they are already several tens of years old, and do not quite match up to you."

However, Wang Min said, "Love doesn't distinguish between noble and lowly, neither age nor race. As long as they looked at the right person, nothing would be a problem. "Introduce one to me. I'll have a chat first. It might be appropriate."

She almost said that she wanted to take advantage of the money, and Zhao Qian immediately showed his disgust.

"Forget it, you're not worthy of them."

Everyone could tell that Zhao Qian's expression was bad, so they quickly changed the topic and continued to sing and play.

But Wang Min did not want to give up. She had had enough of the hardships of her lower life. Even if she was supported by an old man, as long as the money was in place, she would accept it. If he could marry a rich old man, he wouldn't have to worry about him for the rest of his life.

Wang Min gave Liao Xiaoyun a meaningful glance and the two of them went out to chat.

Liao Xiaoyun also despised Wang Min's words and asked snappily, "What is it? You don't want me to introduce you to a large sum of money, do you? "

Now that her thoughts have been exposed, Wang Min didn't feel awkward. She giggled and replied, "It doesn't matter if it's a large amount of money. The key is to have high personal qualities. I'm old enough to get married and have to get along with a reliable man for a while, and I'm almost ready to get married. We're classmates, so we asked you for a favor. You wouldn't refuse, would you? "

"Oh, aren't you still looking for a large sum of money? Why do you have to speak in such a righteous manner? " Liao Xiaoyun said in disdain.

Wang Min covered her mouth and laughed. She replied, "Whatever you say, as long as you know what it means." Do you have someone like that with you? "

Liao Xiaoyun laughed coldly and replied, "Yes, of course. There was a sixty year old woman, who had just died. She had five rooms in Donghai City. Do you think it's appropriate? "

"60 years is a bit too much. Does his son have a wife?" Wang Min asked

awkwardly.

"Her son's family is harmonious and his life is blissful. Do you want to destroy his family? You want money, anyway, and it's better to find an older one. You've lived for ten or eight years, and once you've done that, you'll be able to inherit a lot of money. "

Liao Xiaoyun really did not want to continue the conversation with Wang Min. With a disdainful look, she opened the door and entered the box.

Wang Min stopped smiling and sneered.

"What are you being cocky for!" Without your father, who do you think you are! "If you push me too far, I'll go and seduce your father so that your entire family won't be at peace!"

Wang Min mumbled to herself and spat on the table.

Liao Xiaoyun went back to the box and sang another sweet song with Zhao Qian. It was already five o'clock.

Zhang Xiaoyuan turned off the music and said to everyone, "It's getting late, let's end it here today. The next time we meet, everyone will definitely come again. "If there's no way to contact them, then let's quickly leave one each other."

Just as Zhang Xiaoyuan finished her sentence, a funny scene happened. Liao Xiaoyun's classmates didn't leave any numbers with each other and all ran over to ask for Zhao Qian's contact number.

Zhao Qian was also helpless. He had only accompanied Liao Xiaoyun here to pretend that he was the main character.

Since so many people were asking for his contact information, Zhao Qian was

too embarrassed to refuse. He could only shout out his number and leave with Liao Xiaoyun.

The others quickly gave chase, flattering Zhao Qian all along the way. They only stopped after sending him and Liao Xiaoyun off.

After walking through a few streets, Zhao Qian stopped at the side of the road. Liao Xiaoyun also stopped and went into Zhao Qian's car.

"Hehe ..." I'm in a great mood today. " Liao Xiaoyun said happily.

"Then the two of us are even." Zhao Qian replied.

Hearing that, Liao Xiaoyun's smile disappeared and she asked, "What do you mean? Are you that afraid of getting involved with me? "

"That's not what I mean. We can continue to interact normally, but we don't owe each other anymore. Isn't it a bit easier to deal with this?" Zhao Qian explained.

"Humph!" Explaining was concealing, concealing was lying! I don't want to tell you! By the way, what's going on with your company? How did you get fired? " Liao Xiaoyun asked, puzzled.

Zhao Qian didn't want to talk about these things, so he shook his head and replied: "This has nothing to do with you, don't ask. How about it? Are we going home or are we going to eat? "

"Of course! Of course it's to eat! Hurry, let's go to Donghai Hotel. I want to eat yummy food. "

Liao Xiaoyun said happily. She quickly went back to her car and followed Zhao Qian to the Donghai Hotel.

C174 Can You Back off

Very quickly, Zhao Qian and Liao Xiaoyun reached the Donghai Hotel. Coincidentally, the two of them met Faang Ni and Zhang Yang at the entrance

Zhao Qian greeted politely, "Director Faang, Mr Zhang, I'm in a good mood today. I'm surprised that you're here for dinner."

Zhang Yang snorted and said, "Isn't it because of you? We are here to treat Lyou Owner and Young Noble to a meal! "

Faang Ni replied politely, "Don't mind him, he's like that. "Nice to meet you, Miss Liao. It's a pleasure to reach an agreement with your company."

Liao Xiaoyun snorted coldly and replied, "There's no need to thank me. I see that your husband is very unhappy and doesn't want to work with you guys anymore. The order has been cancelled. "

Surprised, Faang Ni quickly apologized to Liao Xiaoyun, "I'm sorry, but Miss Liao, please don't be angry. I asked him to apologize to you. Zhang Yang hurriedly apologized to Miss Liao. You are not allowed to speak again without my permission! "

Liao Xiaoyun waved her hand coldly and replied, "There's no need to apologize. I can't take it. "Let's go. The order has been cancelled and I've already notified you."

Zhang Yang was still stubborn and asked: "You think the contract is child's play? Canceling just like that? We can sue you in court! "

Faang Ni was furious and scolded, "Zhang Yang, shut up! "Enter!"

Zhang Yang was taught like a grandson and walked into the restaurant

unwillingly.

Faang Ni apologized again to Liao Xiaoyun, but she didn't accept it.

"No need to apologize, I said I would cancel the order. If you guys want to sue, just sue. I have plenty of time to play with you guys! However, all I'm afraid of is that in the end, all of your efforts will go to waste and you will not receive any compensation. Go back and look at the contract before you decide whether to tell me or not. Zhao Qian, let's go. "

After Liao Xiaoyun finished speaking, she pulled Zhao Qian into the restaurant. At this time, Leyou Boss Jiang Tian and his son, Chiang Tao, arrived.

Chiang Tao was still wounded. His head was wrapped in gauze, and his right hand was in a cast.

Seeing Liao Xiaoyun holding Zhao Qian's arm, Chiang Tao was furious.

"Sun Thief, you actually dare to appear in front of me. You are truly reckless!"

Chiang Tao cursed as he rushed towards Zhao Qian.

Zhao Qian looked at him with disdain, showing no fear.

Worried that his son would suffer a loss, Jiang Tian rushed forward to hug him and comforted him, "Little Tao, don't be impulsive. Don't be impulsive ..."

"Dad, the reason I'm doing this is all because of him! Why didn't you say anything? "You're my dad, so you have to avenge me!" Chiang Tao complained.

Jiang Tian was both upset and angry, but he had to restrain himself. If he

made a move on Zhao Qian, it would mean a falling out with Yang Hu. This was not a good thing.

At least currently, other than the officials, no one was willing to be sworn enemies with Yang Hu in Donghai City. It wasn't that they were weaker than him, but that once war broke out, both sides would surely perish together. If neither one of them was left with a good ending, what kind of fool would do such a foolish thing?

He couldn't do anything to Zhao Qian, he could always lose his temper at Faang Ni, right?

Jiang Tian cursed angrily, "Director Faang, what do you mean by this? You intentionally called him over to piss us off, right? It's okay if you don't want to fucking cooperate, you don't have to be so disgusting, do you? What do you take our Leyou to be? A small workshop that could be easily bullied? Your brain is so funny! "

Faang Ni quickly apologized to Jiang Tian, "Director Chiang, I'm sorry, I'm sorry... Coincidentally, I didn't call them. If you don't believe me, you can ask them.

"I don't care if it's a mistake or not, you make me angry!" I don't think you should do this order, or else we'll go on talking! We won't be able to eat anymore. We can't afford it!

With that, Jiang Tian pulled his son towards the entrance of the restaurant.

Chiang Tao was puzzled and asked, "Dad, didn't you say you won't eat anymore?"

"It's not like we can't afford to spend our own money to eat!" Jiang Tian replied angrily.

Faang Ni hurried over to apologize to Jiang Tian, "Director Chiang, I'm really sorry. Everything can be discussed."

"Negotiate? Alright! "If you cut the price in half, I'll have a good talk with you!" Jiang Tian replied with an evil smile on his face.

"Director Chiang, the price we gave you is already the most preferential one. "Our gross profit is less than 10 percent. We really can't go any further." Faang Ni said awkwardly.

"Then there's nothing to talk about!"

Jiang Tian ruthlessly replied as he pulled his son into the restaurant.

Chiang Tao was still full of hatred as he viciously waited for Zhao Qian and was forcefully pulled into the restaurant by his father.

After a while, the order for Huanyou and order for Leyou were both gone and Faang Ni's heart was about to break. She shifted her gaze back to Zhao Qian and pleaded, "Zhao Qian, can you help me?"

Zhao Qian sneered and replied, "Director Faang, when you said this, have you ever thought about it? Do you think I'll help you? "

"I ..."

Faang Ni was too embarrassed to continue. She would beg Zhao Qian when she needed him, chase him away when she didn't need him, and no one else would be happy.

Zhao Qian and Liao Xiaoyun also walked into the restaurant. They opened a private room on the seventh floor and ordered some dishes.

On the other side, Faang Ni and Zhang Yang were arguing.

"It's all your fault, why do you have to go against him? He did a good job, but the company benefited the most. Whose company is it? Mine! Ours! How come you can't make this turn?" Faang Ni shouted.

Zhang Yang smiled bitterly and replied, "You are only concerned with making money, have you ever thought about how I feel about it? I carry your husband's reputation, is still a turtle, but everywhere is inferior to him, how do people think of me? Pretty boy, eating soft food? To me, proving my worth is more important than earning money! Why can't you think about me?"

"But you guys could have gotten along peacefully! You do what you want, he does what he wants, and there's no conflict between them!" Faang Ni roared.

"As long as he is in the company, everyone will always pay attention to him! He's the one who almost always pulls in the orders for the company. What sense of existence do I have? Do I have a chance to show myself? I am an honorable and outstanding student, yet I am being pushed down by a country bumpkin. Do I have the nerve to do that?" Zhang Yang shouted with a wronged expression.

In the end, he was just too conceited. He thought he was too awesome just because he was beautiful. Others should be inferior to him.

Faang Ni was also helpless. No matter what, she couldn't explain it to him.

"Alright, let's stop talking. What do we do now? We've already given you the money to open the private room, and we've also ordered some dishes. Faang Ni asked with a pained heart.

Zhang Yang thought about it and replied, "I'll call the waiter over and ask if we can withdraw these dishes."

Zhang Yang did what he said, he really called the waiter in.

"Hello, how may I help you two?" the waiter asked politely.

Faang Ni felt embarrassed to say it out loud. However, she knew that Zhang Yang was determined to save face, so it was even more impossible for him to say it out loud. Besides, as a wife, she definitely had to give her husband some face outside, so she could only open her mouth.

"Hello, we haven't touched any of these dishes. Can you please take them back?"

The waiter was stunned when he heard this. He had never met such a customer before. The people who came here to eat were people who were not short on money. They were either rich or noble, who could do something so cheap?

"My apologies, but all of the dishes in our restaurant are based on the customers' orders. If you don't want them, there might not be any other customers who happen to have ordered them, so we'll have to scrap them. So... I am truly sorry, but I cannot retreat. " The waiter very sincerely said.

Zhang Yang couldn't help but ask, "How is that possible? We ordered all the food here, so it's impossible that no one did. We can always go back to eating in other places. Why can't it work here? "

The waiter no longer wanted to smile at them and replied expressionlessly: "Because we are in Donghai Hotel, one dish is enough for us to eat at other restaurants. Even if other places were to be scrapped, they would not have much money. However, we are different here. We can just waste a dish, but there will be hundreds less, and tens of thousands more. If there is nothing else, then I will not disturb your meal. "

After saying that, the waiter immediately turned around and left, completely ignoring them. Those customers who had the nerve to request a refund were

definitely not rich people, so there was no need to deal with them.

The two of them had no choice but to sit down and eat in anger.

At most, Faang Ni's heart ached for the three hundred thousand yuan, but Zhang Yang put all the blame on Zhao Qian.

If he hadn't just happened to appear out of the blue, the Jiang father and son wouldn't have ended up like this. If it wasn't for Zhao Qian offending the Jiang father and son, there was no need for him to treat them to make amends.

In the end, everything was Zhao Qian's fault.

C175 Good Temper

Zhang Yang complained as he ate, "All of this was done by Zhao Qian. It's all his fault."

Faang Ni rolled her eyes and didn't say anything.

After a short while, Jiang Tian called Faang Ni and started scolding her.

"Faang Ni, is there something wrong with your head? "If you let him cause trouble for me, I'll give you the order?"

Faang Ni was confused and asked, "What does Director Chiang mean by this? Why can't I understand it?"

"Still pretending! Zhao Qian just took out a card and told the restaurant not to let me and my son eat here. What? Do you think we have to go to your table just because of this? "In your dreams!" Jiang Tian said angrily.

Faang Ni quickly explained, "Director Chiang, you misunderstood. Zhao Qian is no longer an employee of my company. His actions have nothing to do with the company. "Director Chiang ..."

"Bullshit!" Why is it okay? He's worked at your company, so he'll help you. Don't think that I will compromise. The more petty your actions are, the more impossible it is for me to cooperate with you! " He scolded in anger.

Faang Ni was also helpless and knew that it was useless to explain. She could only ask, "Where is Director Chiang now? I'll go and take a look."

"No need!" Jiang Tian roared and hung up the phone.

Zhang Yang sneered and asked, "See, see." I said Zhao Qian was a jinx, and all

the faults were on him, but you still don't believe me, and you're still arguing for him. And now? What else is there to say? "

"Alright, wait here. I'll go ask Zhao Qian about the situation!"

After saying that, Faang Ni got up and walked out. She quickly called Zhao Qian.

How could Zhang Yang sit there? He immediately followed her out.

Zhao Qian picked up the phone and directly said, "This has nothing to do with you guys, it's a personal grudge between Chiang Tao and me."

Faang Ni replied, aggrieved, "Sigh ..." But he didn't believe it. He insisted that I let you do it on purpose, forcing them to come to my table. Zhao Qian, just because of the company, don't go against them today, okay? "

Zhao Qian laughed loudly and replied, "Director Faang isn't joking with me, right? What do I have to do with your company now? You asked me to look at the company's face, but what face does the company have? "

Faang Ni was left speechless. Zhang Yang had been sticking to his phone listening to what Zhao Qian had to say. When he heard it, he couldn't help himself anymore.

Zhang Yang snatched the phone over and cursed: "Zhao Qian, if you're a man, then use fair and square means, what's with all these little tricks? Back then, we agreed that you would resign and not make things difficult for the company. What do you mean now? You can't afford to lose? "

"Is there something wrong with your head? If I can't afford to lose, you can't stay at the company right now! This is a personal grudge between me and the Jiang father and son. It has nothing to do with you. Zhao Qian replied coldly and hung up the phone.

Faang Ni took the phone and reproached, "Zhang Yang, can you stop thinking that you're smart! There are a lot of things that are not going to go very badly at all, and yet you have to self-righteously let things go to an irrevocable extent! "

Zhang Yang felt wronged and asked, "Faang Ni, what did you tell me before receiving the certificate? Did you forget?"

"I didn't forget!" I told you to manage the company, I did it! But since I asked you to manage the company, if you didn't say it, I wouldn't care about it, and I didn't ask you to mess around either! " Faang Ni explained.

Zhang Yang sneered and replied, "Do you have the conscience to say that ever since I came to the company, do you have the opportunity to draw up an effective management plan? Previously, when I had Zhao Qian, I didn't even have a chance. Now that he's gone, I was going to throw my weight around, but you're giving me a lot of responsibility, and I'm going to take all the blame. Do you live up to your promise? Are you ashamed of our marriage? "

At this moment, a few waiters walked in. One of them was the one who served the two of them in the private room.

"Hey, hey, hey, it's the two of them who are going to leave. I'm really going to die from laughter."

"Ah, no? Seeing the two of them, it seems like they don't have any money, so why would they do such a disrespectful thing? "

"You don't understand this, do you? From the outside, you can't be sure who is rich and who is not. "

"Besides, some people are rich but aren't willing to spend it. Isn't that just a waste of money?"

Zhang Yang was angry, so he naturally couldn't stand these waiters talking about them.

"Why are you chewing your tongue!" This father can even eat here for a year! A group of waiters still have the face to talk about others.

Although it was a waiter, the Donghai Hotel was the highest class of restaurant. The waiters here all felt that they were superior, being even more noble than the owners of many enterprises. How could they stand Zhang Yang saying that about them?

"Are you crazy!?" You don't want me to tell you the truth? "

"Exactly! If I can do such a thing, why would I be afraid of others saying it? "

"If you're afraid of others, don't do it! "You'll have to admit it once you've done it!"

"You can even eat here for a year and you don't even know how to boast! Even the richest man in Donghai City can't afford it, and you even have more money than the richest man in Donghai City, right? "

Zhang Yang's pride was unbearable, even the waiter dared to look down on him.

Faang Ni felt it was too embarrassing, so she quickly pulled Zhang Yang back to the private room.

"Tsk ..." A boast without a rough draft. "

"No, I'm just bragging. I have to understand it."

"Haha ..."

A few waiters' mouths were also quite harsh. Not to mention someone as conceited as Zhang Yang, even someone with a good temper wouldn't be able to stand hearing them say that.

On the other side, the Jiang father and son duo were still arguing with the restaurant manager.

"It's not like we're not paying, so why aren't you giving us food?" Jiang Tian asked angrily.

The manager replied with a smile, "Mr Zhao is our Supreme VIP. He enjoys all the privileges that I can provide. He doesn't want you to eat here, so we can only apologize. "

"Fuck, isn't it just a VIP? I can do it! "Tell me, how much do you want?" Jiang Tian asked with a confident expression.

"Circulating assets above one hundred million is the basic requirement. After that, you can submit the information to our Boss Huang for verification. He felt that Director Chiang's conditions were suitable, so it was fine. If he felt that it was inappropriate, then he could only apologize. The approval period is one month, so no matter what, Director Chiang won't be able to eat here today. " The manager replied truthfully.

In a place like Donghai City, the price of housing was ridiculously high, and there were hundreds of millions of fixed assets. However, if they had hundreds of millions of dollars in liquid assets, then they would have to eliminate a large number of people. Many company bosses may not have billions of liquid assets.

As the boss of Leyou, Jiang Tian's wealth was around five hundred million and his basic requirements were met. However, whether he could get a VIP card depended on Huang Ren's mood. He couldn't change the outcome on his own.

However, the Jiang father and son who had always been accustomed to this was truly unable to swallow their anger and made it clear that they had to eat here today no matter what. Otherwise, they would continue to cause trouble.

The manager couldn't handle it anymore, so he could only ask Huang Ren to step in.

Five minutes later, Huang Ren came out.

"Hehe ..." Director Chiang is really in a good mood. Why would he come to our place to quarrel when he wasn't home for the Mid-Autumn Festival? " Huang Ren asked with a mocking expression.

"Cut the crap!" I brought my son here to eat! Give me a word, are you going to let us eat here or not! " Jiang Tian asked rudely.

Huang Ren was not afraid of the boss of a small workshop. He shook his head resolutely and replied, "If we can't meet the requirements of the Venerable VIP card, then it would be meaningless for us to issue this kind of card. I represent the Donghai Hotel to officially announce to Director Chiang that you and your son won't be able to eat here today! If you are interested, you can continue to argue with our staff here. As long as we do not overdo it, we will not blame you. "

Jiang Tian was furious. He kicked a vase beside him and broke it into pieces.

"I've already done too much. What can you guys do to me?"

"Director Chiang is causing trouble for himself!" "Hmm?" Huang Ren said with a gloomy face.

At this moment, Zhao Qian and Liao Xiaoyun came out from their meal and saw Jiang Tian furiously kicking the vase into pieces.

"Yo!" Director Chiang's temper was quite bad! You dare to kick a vase from the Donghai Hotel, don't you know that the vases here are all antiques? "

Zhao Qian said loudly as he walked towards Jiang Tian and the others.

C176 Head down and Admit Fault

Jiang Tianzheng was filled with anger. Seeing that Zhao Qian had arrived, he was so excited that he wanted to rush forward and make a move.

Liao Xiaoyun was so scared that she quickly pulled Zhao Qian, wanting to hide. However, Zhao Qian held her in his arms and stood still on the spot with a smile on his face.

"Be careful!" Liao Xiaoyun said worriedly.

Zhao Qian was not afraid at all as he watched Jiang Tian rush over with a smile.

Huang Ren was frightened out of his wits. If Young Master was injured here, he wouldn't even bother to explain himself to Zhao Fu. Thus, he just threw himself at Jiang Tian, knocking him to the ground. Then, he called for the waiter to come over and hold Jiang Tian down.

The waiters were stunned. What was the boss doing? Was there a need to be so excited? It was true that Zhao Qian was a Supreme VIP, but he was not the only one with a Supreme VIP. He had never seen the Chief being so concerned about other Supreme VIP.

The weather was bad as Jiang Chen scolded, "Yellow surnamed person, you fucking went too far by daring to make a move!"

Wu Tie tidied up his clothes and hair, and replied angrily, "Director Chiang dared to attack me here, I'm afraid he didn't bring his brain here!" I didn't want to argue with you. However, since you dare to fight here, I will not be courteous to you! Call the security guards up here and throw them out!"

Jiang Tian never thought he would be thrown out and shouted angrily:

"Huang Ren, how dare you treat me like this, I will never let you go! "Just you wait, you'll regret it!"

"Hehe ..." Alright! I'll wait! "I hope that Director Chiang won't disappoint me. Give me some ability, and create some trouble for me." Huang Ren said with a look of contempt.

Jiang Tian had nothing to say since the conversation had come to this. Besides, there was no point in using such harsh words.

After a while, the security guards came rushing over and immediately forcefully brought the Jiang father and son out.

Zhao Qian applauded and applauded, "Director Huang, you've truly moved me. I knew that my choice wasn't wrong. Being able to enjoy the treatment here is something that I can't enjoy elsewhere. "

Huang Ren immediately replied with a smile, "Of course, Mr Zhao is our Supreme VIP. We should provide whatever services we can. "

Zhao Qian nodded in satisfaction and said, "Mhm, okay. I often come from now on. I wish you a prosperous business and happy Mid-Autumn Festival. "

Huang Ren was flattered and quickly replied, "Thank you, thank you. I also wish Mr Zhao a happy Mid-Autumn Festival. "

Zhao Qian acknowledged and left with Liao Xiaoyun.

The moment they walked into the elevator, Liao Xiaoyun couldn't help but ask, "Zhao Qian, tell me the truth, what kind of hidden background do you have? We're already friends, don't lie to me. "

Zhao Qian laughed loudly and replied, "What kind of background do I have? It's nothing more than throwing money around. If you are willing to spend

money to ruin our relationship, you can do the same. "

Liao Xiaoyun did not believe him and continued to ask, "The manager said just now that 100 million liquid assets is the basic threshold. Do you have that much money?"

"Are you stupid!? You have one hundred million, but you can only spend one million a year here. I only have ten million, but I can spend eight million a year here. If you were the boss here, who would you give the VIP qualification to? " Zhao Qian said.

Liao Xiaoyun thought about it and felt that it made a lot of sense. Even if a customer only had money, they wouldn't be willing to spend it. People like Zhao Qian, who are willing to spend eighty yuan here for one hundred yuan, that's the boss's favorite customer.

The elevator door opened and the two walked out. The Jiang father and son were still arguing with the security guards at the gate. It seemed like they still weren't willing to be driven away like this.

As the two of them walked out, Liao Xiaoyun couldn't help but say to Chiang Tao, "Chiang Tao, persuade your dad. If this continues, you will be the ones to embarrass yourselves. The boss and the manager won't see you, so I'll send you off with a group of security guards. Don't you think your argument with the security guards is off the mark? Those who come to eat here are all reputable figures, aren't you afraid of being seen by acquaintances? "

No matter what Liao Xiaoyun thought, her words made sense. However, Chiang Tao didn't appreciate her kindness, especially since she had Zhao Qian by her side.

"Does it have anything to do with you? Mind your own business! " Chiang Tao replied snappily.

Liao Xiaoyun coldly snorted and replied, "Who would be willing to care about you!? I was just annoyed by you two, father and son, and didn't want to see you again. Who do you think you are?"

Jiang Tian was filled with anger. How could a little girl dare to criticize him? This was truly hateful.

"Who do you think you are!?" Your father has to be polite even when he sees me, how dare you be so rude to me! " Jiang Tian scolded.

"Hehe ..." My father is polite to you because he is kind and approachable and not afraid of you. And I'm not that easy to get along with. There's no need to be polite with you! Furthermore, based on what you said just now, you're not worth it for me to be courteous to you! " Liao Xiaoyun replied without any trace of politeness.

Zhao Qian felt that there was no need to argue with them anymore, so he patted Liao Xiaoyun's shoulder, signaling her to leave quickly.

Jiang Tian shouted from behind him, "Zhao Qian, just you wait, you'll definitely pay the price!"

Zhao Qian saw Liao Xiaoyun off and said goodbye to her, "Drive slower, I won't drive you."

"Why don't you take me home? You don't have anything to do with it anyway. " Liao Xiaoyun pleaded.

"Today is the Mid-Autumn Festival. I have to send a video to my parents. You can't eat with them, you have to talk to them. " Zhao Qian replied.

Liao Xiaoyun reluctantly nodded and said, "Alright then. Then you should slow down on the way as well. I'm very happy today, thank you. "

"Yes." "Bye bye."

Zhao Qian replied with a smile, then got out of the car and went back to his own.

An hour later, Zhao Qian returned to the villa, showered, and immediately sent a video call request to his dad.

"I thought you had gone crazy and even forgot your parents!" Zhao Fu complained.

"Haha ..." How could that be possible! I forgot who, but I can't forget my parents! Today, I did go out to play. As soon as I came back, I sent you a video. What did you guys eat tonight? Where are my grandpa and grandma? "

Zhao Fu gave the camera to the dishes on the table and said, "Your grandpa and grandma both went to your aunt's house. I went to pick them up and they didn't want to come back. You should call grandpa later. It's been a long time since we last met.

"Got it!" I just happen to have some free time in the next few days. If there's nothing else, I'll head back to the Yanjing to visit Grandfather and Grandmother. "

"That's for the best. They think about you all day long. If it weren't for the inconvenience in their movements, the two of them would have gone to the East Sea to find you long ago. "

" ... "

The father and son duo chatted for more than half an hour before ending the conversation. Just as they hung up the video call, Faang Ni called Zhao Qian.

"Hello, Zhao Qian, is it convenient to speak?" Faang Ni asked.

Zhao Qian nodded and said, "What do you have to say for yourself?"

Faang Ni was silent for a moment. It was obvious that she was too embarrassed to speak.

Zhao Qian said impatiently, "If you have something to say, then say it. If you have nothing to say, then hang up. I have to sleep."

"Wait!" I wanted to ask if you could apologize to Jiang Tian for the sake of past friendships. I know it's unfair to you, but I can't help it. He says he can return the order if you bow your head and admit it. The company no longer has any new orders to make, so they must take down Huanyou and orders for them. "

Faang Ni felt guilty and didn't have the confidence to speak up.

Zhao Qian did not give Faang Ni any face and retorted, "Why have you become as shameless as Zhang Yang? How can you say these words? "

"I know, I know ..." I'm shameless, but I can't help it. We have to run the company. We can't do it without an order. You still have stakes in the company, don't you want them to appreciate? " Faang Ni quibbled.

Zhao Qian sneered and replied, "If you need me, come and beg me. If you don't need me, kick me away. You really have the guts to say those words. I got them for nothing, and even if they were worthless, I didn't feel sorry for them. I need to sleep, don't call back! "

Zhao Qian hung up and quickly called his grandpa.

Faang Ni was troubled. The last chance that Jiang Tian had given her was to make Zhao Qian lower his head and admit his mistake. Now that Zhao Qian had clearly refused, his only hope was gone.

After thinking for a while, Faang Ni called Jiang Tian.

"Hello, Director Chiang."

"Yes." What did he say? "

"He doesn't want to apologize, can Director Chiang make any other request?"

"Humph!" I just need him to lower his head and admit his mistake. If you can't do it, then forget it, don't even think about ordering! "

Jiang Tian immediately hung up the phone. Faang Ni threw her phone down in a dejected manner and lay down on the sofa. He was tired, but his heart was even more tired.

C177 Intended Redundancy

On the surface, Jiang Tian couldn't do anything about Zhao Qian. Thus, he twisted his mind and called someone from outside to mess with Zhao Qian.

The local dark forces did not dare to easily break all ties with Yang Hu, but they did not know much about the foreign forces. As long as the money was in place, there would be a lot of people willing to work.

Jiang Tian immediately relied on their relationship to get someone from Jinling to deal with Zhao Qian.

After the Mid-Autumn Festival, those who needed to go to work officially went back.

Not long after Faang Ni arrived at the company, a notification came from Xingyuan. In the future, all maintenance work for Glory Alliance would be taken over by Xingyuan's own technicians, and would no longer be made for Faang Ni.

Apart from that, all projects under discussion were suspended and all cooperation with Faang Ni was terminated.

Faang Ni panicked. The company relied on protecting the « Glory Alliance » and could even get a lot of compensation from Xingyuan. If Xingyuan were to be fully accepted and maintained, then Faang Ni would not be able to get even a single cent for her production.

There were a few projects under discussion and the contract was about to be signed, but it had now been terminated. This also meant that the Xingyuan and Faang Ni production had completely cut off all economic interaction.

The order for Huanyou and Leyou had yet to be placed, and the collaboration

for Xingyuan had already been terminated. Faang Ni's salary alone was enough to make her lose jobs.

Faang Ni walked into the office and shouted loudly, "Everyone, let's put aside what you're doing. Go to Conference Room. Everyone is going to participate."

Ten minutes later, the entire company's people were inside the Conference Room.

Looking at Faang Ni's heavy expression, everyone felt a little uneasy. Although he didn't know what had happened, it was definitely not a good thing.

Faang Ni sighed and said loudly, "Let me apologize to everyone first. My ability is limited and I have disappointed everyone's expectations. The company now had no orders to make and could not support so many people for the time being. So... I think we should cut our jobs."

With this said, everyone was stunned.

"Ah!" How could it be so sudden?

"Yeah, this is too sudden. "Not long ago, they even said that it would be enough to earn money for the next three years. Why did they say that they wouldn't be able to support so many people in such a short amount of time?"

"It can't be that he's trying to cut his staff and found an excuse, right?"

Zhang Yang couldn't accept being laid off. He was prepared to go on a rampage without enough staff to be the foundation, so how could he go on a rampage?

"Xiao Ni, why didn't you discuss it with me? If you say we're going to cut jobs, then cut them!" It's not clear yet. Maybe we can get it back. Besides, so what if

there were no orders from those companies? We can also work with other customers, and we can even develop our own games and no longer work as substitutes. This is just a problem that can be solved by changing the way you do business, so why should you cut jobs? "

Faang Ni explained, "I just wanted to let everyone know that I have that intention. I need to discuss with Zhao Qian and Wang Hanxu about whether I should cut the staff. "Be prepared. As long as two of us agree to cut jobs, we will cut jobs."

"Director Faang, look at how diligently and diligently we work. You can't just say that we cut jobs when we encounter some difficulties."

"That's right! Without merit, there's also hard work. You can't just give up on us like this. "

"Hold on a little longer. If it really doesn't work, we can invite Zhao Qian back. He has the means to get an order from Xingyuan anyways. "

"Yes!" I agree to invite Zhao Qian back. "

"I'm afraid I agree as well ..."

These people were selfish. They only cared about their own interests and never cared about the feelings of others. When they chased Zhao Qian away, they didn't hesitate at all. Now that he was in trouble, he wanted to bring him back.

Zhang Yang didn't want to do it. It was not easy to chase Zhao Qian away, so he definitely couldn't let him come back.

"Everyone, quiet down! There's no need to make Zhao Qian come back. Like I said, changing the way we do business will solve the problem. I'll talk it over with Director Faang and you can all rest assured that I'll do my best to keep

everyone alive. As long as there was a glimmer of hope, he would definitely not let anyone lose their job! Let's all go back to work. Don't worry about it. "

Zhang Yang's words were like fart, no one listened. Faang Ni didn't say anything, so no one dared to move.

Faang Ni knew she had to discuss this with her husband, or else he would not support her decision. Thus, she nodded and waved her hand, indicating that everyone should return to work.

When everyone had walked out of the Conference Room, Zhang Yang immediately closed the door, blaming Faang Ni: "Xiao Ni, can you treat me as your husband? Shouldn't you have told me beforehand about such a huge matter? "

"I'm sorry, I wasn't thinking it through. I just need to let everyone know that whether or not this plan can be carried out will depend on what I discuss with the two of them. " Faang Ni said weakly.

"There is no need for discussion! I called Wang Hanxu and asked him to vote against it. Whether or not Liu supports or opposes, as long as you do not support redundancy. Can't you just give me a chance to prove myself? I beg you! " Zhang Yang said with a look of anticipation.

Faang Ni was in a dilemma. On one hand was money, and on the other was her husband. She had to choose between the two.

After a moment of hesitation, Faang Ni finally chose her husband. If she lost her money, she could earn more. If her husband disappeared, she would regret it for the rest of her life.

"Alright!" I'll give you half a year. As long as you can lead the company out of its predicament, or even if there are any good signs, the management rights of the company will be given to you in the future. I'll be out of the way for a

while, okay? "

Zhang Yang was overjoyed as he hugged Faang Ni and kissed her. Faang Ni bashfully resisted a few times before she was pressed down onto the desk by him.

"Stop messing around, this is Conference Room, what if someone comes in?" Faang Ni said shyly.

"Then we'll go to your office. "Let's go." Zhang Yang quickly pulled Faang Ni away.

Faang Ni said she didn't want to, but her body was very honest as she followed him back to the office.

As soon as he entered the office, Zhang Yang couldn't wait to carry Faang Ni and put her on the desk.

"Sui'er, Sui'er ..." Faang Ni said shyly.

Zhang Yang replied reluctantly, "Aiya, can I not have that? We've been married for some time, and it's time we had a child. "

Faang Ni firmly shook her head and rejected, "No, no ..." I'm not ready to have kids yet, and I'm not in the mood for the company right now. "

Zhang Yang was helpless and could only go back to his office to get some information. However, he twisted his head and deliberately broke the trap.

"Faang Ni, don't blame me. If you don't get pregnant and step behind the scenes, I'll never really be in charge! "Believe me, under my leadership, the company will definitely develop even better!"

Zhang Yang mumbled to himself and quickly ran off with Faang Ni to "create

a man".

The staff were all flustered and in no mood to work.

"Do you think Director Faang will cut any jobs?" I need 10,000 yuan a month for home loans and car loans. I can't suddenly lose my job. "

"That depends on Mr Zhang's position in the family. If he could suppress Director Faang, he probably wouldn't cut her job. If he can't, then let's hurry up and think of the next one. "

"Sigh ..." In the end, it's all our fault for chasing Zhao Qian away. Didn't you notice? As long as he left the company, it wouldn't be long before something went wrong with the company. As long as he comes back, the problem can be solved. As long as he is there, the company will definitely be able to develop in a healthy manner. "

"You don't have to say. It really is the case. Zhao Qian is our company's lucky star. "But we chased him away with our own hands, sigh ..."

The atmosphere in the office turned lifeless. Everyone regretted chasing Zhao Qian away.

"How about we join up our names and ask Director Faang to bring Zhao Qian back?"

"I think so! The last time we came out together, we invited him back. At most, we can go and beg him together. "

"Yes!" Zhao Qian had a kind heart and soft ears. As long as we are sincere enough and say some good words, he will definitely come back. "

"I'll do it, I'll go find Director Faang now!"

The group immediately headed for Faang Ni's office.

C178 Zhang Yang's Techniques

Everyone was very careful as they snuck into Faang Ni's office. An indescribable sound immediately came from inside, causing everyone to hurriedly retreat in fright.

"Holy sh * t!" This couple is so interesting, everyone is flustered and at a loss. The two of them actually snickered inside! "

"Hehe ..." "Maybe Mr Zhang is planning on using a beauty trap to feed Director Faang before he can suggest his thoughts."

"Makes sense, makes sense ..." Hearing Director Faang's voice, it's obvious that she's having a good time! "

"Hee hee ..."

The staff all covered their mouths and laughed, then quickly went back to their seats and waited for Zhang Yang to come out of Faang Ni's office.

On the other side, Zhao Fu had already arranged everything. He had already reached an agreement with all the shareholders other than Jiang Tian on Leyou. They were waiting for the moment they confirmed that they could control Leyou, then they would pay to transfer accounts.

However, Jiang Tian had 51% of the shares in the Leyou. If Zhao Fu wanted to control the Leyou, he had to think of a way to get more than 1% of the shares from him.

Jiang Tian was in his office looking at documents when his secretary ran over to him and said that someone had come from Fuhai Investment, and wanted to discuss a collaboration with him.

Once Jiang Tian heard that it was someone who invested in Fuhai, he hurriedly ran out to greet them. This was China's largest investment company, if he could work with them, Leyou would obtain sufficient funds, and chasing Xingyuan was just a matter of time.

The negotiation went smoothly, and both sides quickly reached an agreement on cooperation. However, Jiang Tian offered to transfer 5% of the shares to Fuhai for twenty million. This price was outrageously high, it had already seriously exceeded the actual value of Leyou.

However, having more money and less money was not important to investing in Fuhai. Even if it was one hundred million, they were willing to pay. This was because they wanted the shares of Leyou. As long as they got the shares, they could give them to Young Master to freely display later on.

So Fuhai investment did not haggle at all, both parties immediately signed the contract, and on the afternoon of the same day, they went through the procedures for the transfer of ownership.

In the Fuhai investment rankings, Jiang Tian felt that his company would soon become the industry's head. In order to show off his strength, he called Faang Ni.

"Hello, Director Faang, how are you?" Jiang Tian asked with a smile on his face.

Faang Ni thought that he had taken the initiative to call her, but the matter regarding the order seemed to have changed. She quickly replied with a smile, "Director Chiang must be joking, I'm in a hurry. How can I be any better?" Director Chiang should be in a good mood. Did something good happen? "

"Mm, you guessed right. I just signed a cooperation agreement with Fuhai Investment, so becoming number one in the industry is only a matter of time. Do you regret it? "Haha ..." Jiang Tian smiled proudly.

Faang Ni felt a little awkward, but there was nothing she could do. She couldn't afford to offend him.

"Director Chiang must be joking, what's there to regret?" I can only congratulate Director Chiang, the company is getting bigger and bigger. " Faang Ni replied uncomfortably.

"Say, if you ask Zhao Qian to lower his head and admit his wrongs, then we can continue to cooperate." My company is number one in the industry, what can your company do? Such a great opportunity was lost by your own hands. Don't you regret it? "

After Jiang Tian finished speaking, he started laughing loudly, he really shouldn't be too arrogant.

Faang Ni knew that he was here on purpose to show off his strength, so she didn't want to deal with him.

"Director Chiang is a big boss after all. I'm afraid that he won't be able to do anything big with such a small frame of mind. If there's nothing else, I'll hang up first. "

Faang Ni immediately hung up the phone, angrily throwing away all the documents on the table.

In a fit of anger, she was too petty to actually personally call and ridicule her. Faang Ni didn't persuade Zhao Qian to apologize to the Jiang father and son. Faang Ni's production had indeed missed a chance to ascend to the next level.

Zhang Yang was just beside them. Seeing his wife angry, he quickly asked worriedly: "What's wrong? What did that Jiang Tian say? "

"Humph!" He was simply a shameless person! He said that Fuhai Investment

had just formed a partnership with him and that he would soon become the industry's number one. He asked me if I regretted not cooperating with him later on. He's the boss of a company, what's the big deal with such a small organization? " Faang Ni said angrily.

Zhang Yang's heart moved upon hearing this. On the rankings, for investments in Fuhai, even if it was the Twilight Industry, they would quickly become the industry leaders.

Not only was the investment in Fuhai rich, there was also a very strong network of connections and economic resources. This was what the Leyou needed the most.

"Little Ni, don't be angry. It's not worth it. You stay at the company and watch. I'll bring Wang Qiang out to see a few more customers. It'll be better after all. " Zhang Yang comforted her.

Faang Ni nodded and warned Zhang Yang to be careful on the way.

Zhang Yang nodded and gave Faang Ni a kiss. Then, he immediately left with Wang Qiang and Jiang Xiaoqing.

Wang Qiang was puzzled. Why did he bring Jiang Xiaoqing along with him this time?

"Mr Zhang, we're fine, why did you bring her?" Wang Qiang asked doubtfully.

"I have my own intentions. When the time comes, just act according to my eyes." Zhang Yang replied.

"Oh, then where are we going now?" Wang Qiang continued to ask.

"Go to the Leyou, they have just invested and cooperated with the Fuhai, within three to five years, they will definitely become the head of the

industry. We have to work with them anyway, so we can grow fast," he said. Zhang Yang explained.

The three of them quickly arrived at Leyou and begged for half a day before finally seeing Jiang Tian.

Both sides were talking nonsense in front of them. After fighting for more than ten minutes, Zhang Yang gave his conditions.

"Director Chiang, as long as Leyou is willing to cooperate with us, we can sell a portion of the shares to Director Chiang at a low price. "In the future, our company will be like a processing plant for Leyou. Director Chiang only needs to do the distribution and later maintenance work, so the most boring development work will be left to us."

This condition was indeed very tempting. Jiang Tian smiled and asked, "Then how many shares do you plan to give me and how much do you want?"

Zhang Yang laughed heartily and replied, "Let Assistant Jiang discuss this issue with Director Chiang. I plan to hand over this project to her." Wang Deputy Manager and I will go out first.

After saying that, Zhang Yang signaled Wang Qiang with his eyes and brought him out.

Jiang Xiaoqing was stunned. This Zhang Yang was too much of a bastard. He actually wanted her to use a beauty trap to deal with Jiang Tian.

Jiang Tian had been in the mall for so long, he naturally knew what this was all about. Since it had already been delivered to his doorstep, he wouldn't be polite.

In his heart, Wang Qiang was not happy. He and Jiang Xiaoqing were still entangled with each other, so he said that it was not over yet. Zhang Yang was

giving him a green hat in front of him.

"Mr Zhang, what do you mean?" Wang Qiang asked angrily.

Zhang Yang patted Wang Qiang's shoulder and comforted him, "The two of you can't continue with your current situation. It would be better to let her exchange it for some benefits. As long as the company develops, you will benefit greatly. I can give you my guarantee right now, as long as we agree to cooperate with Leyou, I will immediately give you a three-bedroom apartment. If you are to do as you say, otherwise you will be struck by lightning and you will die a miserable death. "

Wang Qiang was speechless. In front of such a huge benefit, what's the big deal if he wore a green hat? What's more, she was a girlfriend that wanted to break up with him a long time ago.

Half an hour later, Jiang Xiaoqing and Jiang Tian walked out together.

Jiang Tian had a face full of smiles, looking very satisfied. He smiled and said to Zhang Yang, "Mr Zhang, your performance as an assistant is quite good. I appreciated her personal ability and wanted her to come and help me. "I wonder if Mr Zhang can bear it?"

Zhang Yang immediately acted like he was in a difficult situation and replied: "This ..."

"As long as you agree, I will immediately resume my cooperation with your company. As for the matter of giving me the shares, I will not treat you unfairly. 10 million, give me 10% of the shares. No problem, right? " Jiang Tian said with a mocking expression.

"Haha ..." "Since Director Chiang is so sincere, I can't not be tactful and follow his instructions." Zhang Yang replied happily.

"Good!" Then we will immediately prepare to sign the contract, the sooner the better. As for Assistant Jiang, I hope that she will come to work tomorrow. "Is that okay?"

"Of course not. "Then we'll go back first. I've already prepared the information, so I'll come and sign with Director Chiang right away."

"Yes."

Jiang Tian smiled at Jiang Xiaoqing as he watched her leave with Zhang Yang.

In their opinion, this was a situation where everyone won.

Wang Qiang got the house, Zhang Yang got the Leyou cooperation, and Jiang Tian got Jiang Xiaoqing's little lover. As for Jiang Xiaoqing, she was even more happy. Climbing onto a high branch like Jiang Tian, he no longer had to worry about living a life. He would have the chance to take revenge on Zhao Qian.

On the other side, Zhao Qian was comfortably waiting for many days and was ready to make a move against Leyou.

C179 Only Compromise

When Zhang Yang returned to the company, he immediately told the news to Faang Ni.

"Really? "How could Jiang Tian be so kind to agree to cooperate with us?" Faang Ni asked, puzzled.

Zhang Yang quickly explained, "I exchanged the shares in the company with him. He gave us 10 million in cash and we gave him 10% of the shares."

"What?" How are you going to make the decision for such a huge matter? "Why didn't you discuss it with me in advance?" Faang Ni reprimanded.

Zhang Yang immediately explained: "I'll discuss it with you, you definitely won't agree, I can only cut him down first and play later. Don't worry, we definitely won't lose this time. The fact that our Leyou is related to Hai Fu's investment also means that we are related to Hai Fu. Haifu invests in all walks of life around the world. This is our chance. I know you will not be happy, but believe me this time, I will definitely prove to you that I am the person you should trust the most! "

Faang Ni felt that this was not the way to conduct business, but rather, the way to do business steadily and steadily. Even if they could not earn a lot of money right now, they could at least survive in a place like Donghai City.

However, according to Zhang Yang's business philosophy, once it's done, the company can indeed rise to the next level. But if they failed, they would lose everything.

"Hubby, do you still have a chance to go back on your word?" Faang Ni asked.

Zhang Yang shook his head resolutely and replied, "No." I've already

promised Jiang Tian, if I go back on my word, he'll definitely take revenge on us. Originally, it was already difficult for us to move forward. However, if we were to encounter such a powerful opponent, we would have to wait for it to close. Now that the situation is clear, listen to me, we will have a beautiful future. If you continue to muddle along according to your thoughts, you are destined to fail and close the doors. "

It sounded like Faang Ni had a choice, but in reality, her only choice was to follow Zhang Yang's plan.

"Forget it, forget it ..." If I don't let you mess around, you'll never give up. I'll bet on the future of the company. If we win, we will reach great heights. If we lose, we'll be living the lives of ordinary people. " Faang Ni said helplessly.

Zhang Yang immediately pulled her into his embrace, forcefully kissed her and assured her, "Don't worry, if I can't lead the company up a level, you don't need to tell me. I will take the initiative to leave and help others raise you."

After taking care of Faang Ni, Zhang Yang could finally show off his skills.

On the other side, Zhao Qian received the news that Jiang Tian had invested in Faang Ni's production. On the contrary, he was no longer in a hurry to acquire Leyou.

That morning, as Zhao Qian was eating breakfast, Wu Le called him.

"Hey, boss, there's a competition at the International Racing Center tomorrow morning. Do you have time to watch it on the spot?" Wu Le asked.

"I have time. "You are finally going to participate in the official competition, I will definitely support you." Zhao Qian replied with a smile.

"Sure. I gave the ticket to my sister, you take it with her. Don't be late at 9

o'clock tomorrow morning. "

"Yes." I'll contact Wu Xin right now. Prepare yourself, don't get distracted and focus on the competition. " Zhao Qian warned.

"Don't worry." I am determined to win this match! " Wu Le said confidently.

After hanging up, Zhao Qian called Wu Xin.

"Hey, Wu Xin, where are you?"

"I'm at home reading the script. My brother gave me the tickets for tomorrow's match, do you have time to come over and get it? "

"Yes." Then you wait, I'll come right now. "I'll see you later."

Zhao Qian quickly finished his meal and rushed to Wu Xin's house.

He hadn't seen Wu Xin in real life for a while, he didn't expect her to be so pretty again.

"Superstar. It's been a long time since we last met. You have become even more beautiful now." Zhao Qian praised.

Wu Xin smiled happily and greeted, "Sit down quickly. What do you want to drink?"

"Whatever, as long as I can quench my thirst."

Wu Xin nodded and gave Zhao Qian a bottle of cola from the fridge. Then, she went to her room, took out the ticket for tomorrow's match and handed it to Zhao Qian.

"Why are there so many?" Zhao Qian asked.

"My brother said that you might have friends to go as well, so he prepared a few more for you. I also want to go, but I'm worried that it will cause unnecessary chaos, so I can only watch the live broadcast at home." Wu Xin said in disappointment.

Indeed, Wu Xin's popularity had skyrocketed since the broadcast of Treading on the Sky. Now that she had become a hot topic, a lot of production teams had sent her scripts for her to choose from. It could be said that she had a bright future ahead of her.

"You are a big star now, so naturally you can't travel like an ordinary person. You have to be careful of your words and actions and not give people a chance to discredit you." Zhao Qian reminded him.

Wu Xin chuckled and replied, "Don't worry, I won't go out when I have nothing to do. I definitely won't give anyone the chance to discredit me."

"Yes." This district is a bit old and has poor privacy. Zhao Qian suggested.

Wu Xin replied with a pained expression, "I'd like to change one too, but I don't have that much money to buy a new house right now. I don't want to mortgage, the interest is too high, I have to wait."

This was true. Although Wu Xin was angry, her pay was not high. Furthermore, the Mr Qian Entertainment was to be drawn according to the market price. After deducting another tax, there was actually not much left in her hands.

However, Wu Xinxing was a magnanimous person, Zhao Qian would not allow anything to happen to her. So he suggested, "You should be the number one sister of your company. You can make the request to the company. At most, the company will give you an advance, later from your salary slowly deduct. The security and privacy of this kind of residential complex is very poor. If

something were to happen to them, the losses wouldn't be as great as just eight million yuan. "

Wu Xin thought this made sense, but she didn't dare to make such a request to Yuan Mi.

"Forget it. I'll just be more careful. Nothing should happen to me."

Just as Wu Xin finished her sentence, there was a knock on the door. She ran to the door and opened it. It was a group of young men and women.

"Wah!" It's really Wu Xin! "

"Wu Xin really lives here. The money isn't spent in vain!"

"Wu Xin, we're your fans. Can you give us an autograph?"

"We've been driving here for hours. Can we take a picture with you?"

"... "

Wu Xin was confused and asked, "How did you know I was staying here?"

"We saw someone selling your message online, so we spent five hundred dollars on it. "I came here just to give it a try, but to think that you would really live here!"

"Did you only spend five hundred? Why did it take me a thousand years to buy it! "

"I'm also a thousand!" We've lost a lot, we've been killed by someone else for another five hundred! "

"As long as we can meet Wu Xin and take a photo with her, getting her

autograph, let alone a thousand, even ten thousand is worth it!"

" ... "

Seeing her fans being so enthusiastic, Wu Xin felt too embarrassed to chase them away, so she could only call for them to come in and talk.

"Hee hee ..." "Wu Xin, you're great."

"Baby Xin was kind to begin with. Otherwise, how could so many people like her?"

"We ..."

When the group of fans saw Zhao Qian, they all shut their mouths in fright.

Wu Xin was about to introduce Zhao Qian to them, but Zhao Qian took the initiative to greet everyone, "Hello everyone, I'm Wu Xin's cousin. A few of my colleagues liked her so much that they asked me to help with her signature photos. It seems like you guys are the same as me. We are family, so there's no need to be courteous. "

If Wu Xin introduced him, she would definitely say that Zhao Qian was her friend. The possibility of becoming friends increased. Celebrities were most afraid of their fans knowing that they were in a relationship. They definitely could not let these people misunderstand.

Upon hearing that it was Cousin Wu Xin, the fans were relieved and immediately smiled as they greeted him.

Wu Xin quickly took pictures with them and signed them. It took her nearly an hour to get rid of them all.

"Phew ..." I'm so tired! "

Wu Xin sighed and fell onto the sofa.

Zhao Qian smiled and asked, "Do you believe my words now? We have to change places, otherwise, many people will come to your house every day and ask for your autograph. "

Wu Xin suddenly sat up straight and nodded, "You're right. We have to change our residence as soon as possible. Come on, come with me to the house. "I know a small district is pretty good. Since the restaurant has just opened, there must be a lot of rooms to choose from."

Zhao Qian nodded and reminded him, "You must remember, I'm your cousin, don't introduce me wrongly."

"Hee hee ..." I know. "Let's go."

Wu Xin put on her hat, mask, and sunglasses and followed Zhao Qian out to look at the house.

C180 Isn't He a Fool

The new area Wu Xin was talking about was called the Pearl of the Sea. In a place like Donghai City, where every inch of land was extremely expensive, although it was not expensive, it was definitely not cheap either.

When the two of them arrived at Pearl's sales office at the sea, there were quite a few people looking at the house, but no one came to greet them.

About ten minutes later, the two of them had taken a fancy to a household model, so they called the real estate agent over to ask.

In order to conceal her identity, Wu Xin had intentionally put on ordinary clothes, even putting on a hat and mask. With a single glance, one could tell that she was a freak.

Zhao Qian was used to wearing street stalls, he didn't look like someone who could afford a flat house.

And there were a lot of people looking at the house today, so the sales lady didn't want to greet them.

"Go ahead and take a look. If you have any questions, ask my colleague." I'm very busy right now, so I don't have time to introduce. "

The sales lady said without any hesitation and walked past the two of them, calling out to the guests who had just entered the restaurant.

Zhao Qian didn't care too much about this. He was already used to being treated like this. But Wu Xin couldn't stand it. She was here to buy a house, so what right did she have to be so cold to her?

"What kind of service attitude is this!?" We're here to buy a house too, so why

aren't there any waiters? "

Zhao Qian quickly gave Wu Xin a tug and reminded her in a low voice, "Don't say anything, I'll just say it." "If you get recognized by someone and get your video taken and put it on the internet, you will be in trouble."

"Oh, okay, okay ..." Wu Xin replied in a flustered manner. She immediately shut her mouth and stopped talking.

At this moment, a male sales clerk walked over.

"You two, let me introduce you to the families that I've taken a fancy to. There's a lot of people here today, so I'm sorry I didn't manage to receive a good reception. "

Zhao Qian just wanted to get the house finalized and leave. If he stayed a minute longer, Lili might even be recognized.

"We've taken a fancy to Building 5, Room 302. How much is one square meter? " Zhao Qian asked.

"You two really have good eyes. This is the main account here. "All day long, space..."

Zhao Qian did not want to hear this nonsense and quickly interrupted: "Stop! Stop! Just answer whatever I ask. "How much is a flat?"

"Eighty-three thousand!" The sales clerk replied rudely.

"Can it still be used as a discount?" Zhao Qian asked.

"The lowest price, why are you asking so much? Wasting my time! "

The sales clerk rolled his eyes and turned away.

Zhao Qian was a bit confused. Buying a house and asking if there was a discount wasn't normal? As for being angry?

Wu Xin was disappointed and didn't want to buy the house here, so she said softly, "Forget it, let's change to a different neighborhood. They gave it to me for free, but I don't want to live here either! "

Zhao Qian nodded. He didn't want to get into a fight with a sales clerk, so he turned around to leave with Wu Xin.

At this moment, the sales clerk saw the two leave. She casually said, "They are indeed poor people. I just don't want to buy them. Fortunately, I didn't waste my time on them."

Perhaps she was just saying it casually and didn't have any ill intentions. Her voice was very soft, but it was heard by Zhao Qian and Wu Xin.

"Why do you have such a cheap mouth, woman? "I ..."

"There's no need to lower yourself to her level!"

Zhao Qian quickly stopped Wu Xin and pulled her towards the door.

The sales clerk wasn't happy. She chased after them and shouted, "You two, don't leave! You want to leave after cursing at others? How could there be such a good thing to do!"

The moment the sales clerk shouted this, everyone in the lobby looked over.

Zhao Qian was worried that Wu Xin would be recognized, so he quickly pulled her into the car.

"You're not allowed to go out in the car. I'll deal with them. Do you

remember?" Zhao Qian warned.

Wu Xin nodded and replied, "Understood. But you have to be careful, and don't make a move."

"Don't worry, I know what I'm doing. I won't fight with the sales clerk, it's too disrespectful."

With that, Zhao Qian closed the car door, turned around and walked back.

The sales clerk led her colleagues and chased after Zhao Qian.

"What about that woman? Let her come out, I want to ask her why she scolded me?" cried the saleswoman.

Zhao Qian sneered and replied, "What is it, I will take responsibility. There is no need to look for her. Why did she scold you, don't you know? You're not just talking about the internet, why would she scold you?"

"How can you say that? Causing trouble, right?"

"You were hired by another building, did you deliberately come here to cause trouble?"

"Hurry up and apologize to her. Otherwise, don't think about leaving today!"

The male salesmen all stood up to save the girls' lives, putting on a show for the female salesmen.

The saleswoman started crying. The villain complained, "I was just reminding you to walk slowly and I didn't say anything excessive. On what basis are you scolding me?"

Zhao Qian couldn't help but want to laugh. This woman was putting on too

much of a show. He didn't want to pester her any further, so he said, "Since you can act so well, it's too unfair for you to be a sales representative. Why don't you just go and be an actress? With your natural acting skills, you will definitely become famous in one shot. How about it? Are you interested? I can introduce you to a film and television company for an interview. "

The sales clerk frowned and looked in the direction of Zhao Qian's car. She seemed to be thinking about something.

Hearing Zhao Qian being so "bragging", those male salespeople couldn't take it anymore.

"Yo!" This bragging ability is really first-rate! And she even went to the studios, so why didn't you just say that you would give her the award! "

"With this outfit, you still know people from the film company?" And I even said that I know Liu Dewang! "

"He must have been sent by some other building to cause trouble. What's the point of telling him so much? Just call the police and deal with him!"

After the bunch of male sales staff finished talking, there was actually someone who took out their phone to call the police.

At this time, the sales clerk stopped her male colleagues and asked Zhao Qian: "You can really introduce me to a film company?"

This shamelessness frightened her colleagues.

"Xu Lili, you can't be? You believe that? If he knew a person from a film company, would he still think that our house is too expensive to afford? "

"Can we not dream? Even if he really does know a person from a film company, you still won't be able to become a celebrity! "

"Just be a real estate agent. What's the use of thinking so much!"

Xu Lili disagreed with her colleagues and argued, "If you don't have a dream, then what is the difference between you and a salted fish? Many celebrities are actually not as good-looking as me. Why can't they become celebrities? A lot of celebrities were born no better than me, but they still became celebrities. They can, why can't I? I still have a dream, but what if it comes true? "

Xu Lili's colleagues were completely speechless. If this woman had a dream, they would never wake her up.

Zhao Qian couldn't help but laugh. He had actually taken Xu Lili's words seriously. However, other than being a bit cheap, she was also quite optimistic, and it wasn't like she couldn't cultivate it.

Some people are born to be the main character, some people are born to be a supporting role. In every film and television piece, besides the male and female lead, there were also many supporting roles to set off the main characters. It just so happened that Xu Lili could be that malicious girl.

Zhao Qian said, "You all know about 'Treading the Sky', right? I know Yuan Mi, the manager of Mr Qian Entertainment for the production of "Heaven's Treading on". It's not impossible for me to introduce you, but right now, I'm in a very bad mood, so I don't want to help introduce you. "

Xu Lili immediately understood what he meant and quickly bowed to apologize to Zhao Qian, "Sorry, sorry, it was my fault. I did say something I shouldn't have. I apologize to you and the beauty for my rudeness. I hope you don't mind. "

"Xu Lili, what are you doing? Why are you so retarded? "

"I really admire you!" People always say that a person with a big chest and no brains was not wrong. "You really don't have any brains at all!"

"The problem is that her breasts aren't that big, so they're not scientific!"

Xu Lili turned around and scolded: "Can you all shut up? Are you polite? Do you have any qualities? Didn't the teachers and parents teach you to be polite? My breasts aren't big, does it have anything to do with you? Does this misunderstanding between me and this handsome guy require you to meddle in other people's business? "

Xu Lili's coquettish actions really shocked everyone, not only her colleagues were also stunned, even the surrounding housekeepers were also shocked.

Just because of a single sentence from Zhao Qian, she had brainlessly broken off her relationship with her colleagues. If she wasn't a fool, then what was she?
