

C246 Who's the Best Person to be the Boss

Zhang Dacheng led his men to surround Zhao Qian and the others. His aggressive attitude made it seem as if he was going to start a fight.

The workers below the stage were all staring in shock, not knowing what the big bosses were up to. Had they been gathered here to show them how to fight?

"It looks like they're going to attack?"

"Who exactly is the person next to Miss Ren?" Clearly, Vice President Zhang and the others are after him. "

"Is there even a need to ask? "Who doesn't know that Vice-President Zhang wants to become CEO Zhang? It's definitely this person who stole his boss away."

"Haha ..."

The workers whispered and laughed.

Ren Jiaxuan angrily asked Zhang Dacheng what he wanted to do. Did he want to make a move here?

Zhang Dacheng sneered and replied, "I am a civilized person and won't act. But you're not going to say anything to the workers. I'll also tell you that if I can't get it, I'd rather destroy it. None of us want it! "

Ren Jiaxuan asked angrily, "Zhang Dacheng, my dad was kind to you before, but did you do it out of conscience?"

Zhang Dacheng laughed and replied: "What's there to feel sorry about? Your

dad has always been paying a huge price for the company these past two years, and everyone has noticed it. "Why did you sell your stake to an unrelated person on your own?"

Ren Jiaxuan wanted to say more, but was pulled back by Zhao Qian. Right now, he was the boss of the technology industry, so he should solve all his problems instead of Ren Jiaxuan sticking her head out.

Zhao Qian also disdained tangling with Zhang Dacheng and the others and directly called the police.

Zhang Dacheng was furious and immediately scolded: "You little scarlet man, such a small matter is an internal matter of ours, do you have to call the police? So what if you call the police? I'm not breaking the law, so what can they do to me? "

Zhao Qian chuckled and replied, "I want to hold a meeting for the staff. You are deliberately disturbing the order of the venue so that the police can invite you away in case there is a physical conflict between us."

"Hehe ..." Funny. As the vice president and the second shareholder, shouldn't I be here? " Zhang Dacheng asked.

Zhao Qian nodded and replied, "Of course not. I'm the boss, what qualifications do you have to be on the stage when I speak? "

The others immediately tried to persuade Zhang Dacheng not to talk as much as they did, but when the police arrived, they wanted to see what they could do to them.

Zhang Dacheng smiled disdainfully, "I wasn't scared in the first place."

With that, he turned around, walked to the microphone, and shouted to the workers, "Everyone, each of us has contributed our best to the development

of technology. It can be said that each of us has made technology our home. First of all, the development of science and technology cannot be separated from us. However, Miss Ren unknowingly handed over the controlling shares to someone unrelated. Can you agree? "

The managers of each department immediately took the lead and shouted out that they didn't agree.

The managers shouted that they did not agree, and the workers, in order to curry favor with them, also quickly shouted that they did not agree.

Zhang Dacheng laughed happily and continued to shout, "First, technology belongs to everyone, everyone here is the owner. It is up to each of us to decide who gets control. Everyone, is that right? "

"Yes!"

"Right ..."

The workers jeered and shouted again and again.

Zhang Dacheng looked at Zhao Qian proudly, covered the microphone with his hand and asked with a smile, "How is it? Do you know what public opinion is? "You want to use technology to control it so easily? That's just wishful thinking."

Zhao Qian didn't say anything as he quietly watched Zhang Dacheng perform. No matter how much this old brat struggled, Zhao Qian was the majority shareholder now. The law was on his side, and Zhang Dacheng was just wasting his time.

Ren Jiaxuan quickly whispered to Zhao Qian, "What do we do? Shall I explain it to the workers? "

Zhao Qian shook his head and replied with a smile, "Don't bother with him. Let him cause a ruckus. We just care about watching a good show."

Ren Jiakuan nodded and watched quietly like Zhao Qian.

Zhang Dacheng thought the two of them had nothing to say, so he happily continued his performance.

"Since everyone thinks so, then I propose that everyone present put their hands up to vote on who should be in charge of managing the company. Does everyone think that's good? "

The department managers immediately responded positively.

"I think Vice President Zhang is right. For whom technology should be managed first, it should be for all of our employees to vote, not for someone else to decide. "

"I think so too. In his heart, he was a democratic society, so he would not say a word. Everyone could see Miss Ren's ability, she obviously couldn't continue to lead the company, and had to give shares to the most capable people. I think Vice President Zhang has the strongest ability, so he should be the one managing the company. What do you think? "

"I also think Vice President Zhang is the most suitable person to manage the company. He knows the most about the company and is also the most capable. He is definitely the most suitable person."

"I agree too!"

"Agreed ..."

Most of the workers expressed their support for Zhang Dacheng, which made him very happy.

Other shareholders who supported Zhang Dacheng also quickly congratulated him. With the support of all the employees, he could firmly take control of the company.

If Ren Jiaxuan and Zhao Qian were not convinced, the worst that could happen would be for the company to close down.

At this moment, the police arrived.

The lead policeman asked, "Who called the police?"

Zhao Qian raised his hand and replied, "I called the police. I'm the new CEO of the company, and I'm going to give a meeting to the staff. However, this group of people wanted to go up onto the stage and cause trouble. To avoid unnecessary physical conflict, I think it's better to call the police. I hope you can chase them down and not interfere with my meeting with the staff. "

The police immediately inquired about the identities of Zhang Dacheng and the others. After finding out that they were the shareholders, the police felt that they should not be so involved in this matter.

Corporate equity battles are normal, and as long as there is no real physical conflict, the police should not interfere too much.

Zhao Qian chuckled and went up to defeat Zhang Dacheng with a punch.

The police quickly stopped him and warned him not to be impulsive.

Zhang Dacheng was dizzy from the hit and his vision and consciousness were a bit blurry.

Zhao Qian asked with a smile, "Can we manage it now? You don't believe me when I say that there may be physical conflict. Are you all right now? Who will

bear the consequences? "Do the police take it?"

Everyone on the stage was shocked by Zhao Qian's words. This was the first time they saw a pengci police officer, he was too bold.

The leader of the police warned, "Don't cause any trouble, otherwise we'll lock you up and send you back. "Now that you are suspected of intentionally harming someone, we need to bring you back for investigation."

Zhao Qian nodded and replied, "It's alright, I can follow you guys back for investigation. But I have to make it clear in advance that you are not doing anything and are forcing me to use violence to solve the problem. I will definitely pursue this point to the end. "

With that, Zhao Qian walked in front of the microphone and said loudly: "Everyone doesn't move, I'll go to police station and return within an hour to continue the meeting."

Hearing Zhao Qian's arrogant words, the shareholders on stage were unhappy.

"You are too arrogant, beating Vice President Zhang to such a state, and you want him to come out within an hour? An intentional injury must be punished by imprisonment! "

"Comrade Police, this kind of person must be dealt with seriously! To ignore the law and to despise the police is abominable! "

"If he comes out within an hour, we will definitely investigate everything!"

The policemen were in a difficult position. These people were all rich people, who knew if they would have any high ranking friends.

Zhang Dacheng suddenly stood up and punched the back of Zhao Qian's head.

Fortunately, Zhao Qian reacted quickly and dodged a bit, so he was not severely beaten.

Zhao Qian was furious. He turned around and was about to fight with Zhang Dacheng.

C247 Go and Collect Your Salary by Your Own Volition

The police quickly pulled the two apart and warned them not to be impulsive, otherwise they would bring them back for investigation.

Zhang Dacheng asked angrily, "What do you mean by that? Are you not going to arrest him? "

The lead policeman replied, "I was going to arrest him and bring him back, but you just hit him too. Either that, or you guys can do it yourselves. Or we can take you both home for investigation. Which one do you think is better? "

Zhang Dacheng was a bit confused, this punch of his had even indirectly helped Zhao Qian. However, he felt that with his abilities, he would at most be able to leave after taking a trip to the police station. As long as he was active, Zhao Qian would be detained for ten days to half a month.

So Zhang Dacheng replied: "Okay, I can go back with you to be investigated. You can take him away. "

The lead policeman did not want things to go this way, so he advised, "I suggest that you all keep it private. It won't do any of you any good to go to the police station and leave a criminal record behind. Since you are fighting for control of the company, I guess it's not that simple. "Why should I discredit my resume?"

Zhang Dacheng chuckled and replied, "I don't care, hurry up and bring us back to investigate."

Zhao Qian is now very angry, he is not bullying the weak. However, Zhang Dacheng actually dared to sneak attack him.

Zhao Qian took a step towards Zhang Dacheng, scaring the police to the point

of stopping him.

He stared at Zhang Dacheng and replied calmly, "Officers, don't worry, I won't attack. I just wanted to remind Mr. Zhang not to take the night road and fall into the sewers. "

After saying that, Zhao Qian walked into the police car.

Zhang Dacheng followed another police car as he protested Zhao Qian's threats to him.

Zhao Qian sent a message to Yang Hu, telling him about the situation over here, telling him to quickly greet police station.

Yang Hu quickly did as he was told, and Zhao Qian was put down in the middle of the road. Zhang Dacheng was directly brought back to jail.

At this time, Chen Daxi was trying to reassure the staff that Director Zhao would be back soon.

The employees did not believe it, after beating Vice President Zhang and getting his police station grasped, he still wants to come out? They wouldn't be able to come out at all if they didn't close for ten to fifteen days.

"Manager Chen, stop lying to us. After that person beat up Vice President Zhang, he still wanted to come out within an hour? How is that possible? Then how awesome must he be! "

"Exactly! You think that police station is something that his family has? If you want to go, you can go. If you want to go back, you can go back? Besides, he was fighting Vice President Zhang. With Vice President Zhang's power, he still wants to come out so easily? "

"Manager Chen, we still have a lot of work to do. Let's go. "

"That's right! Let's go. "

" ... "

The staff were all impatiently shouting.

But just now Zhao Qian said that he would be back within an hour, and Ren Jiakuan absolutely believed him. Therefore, she told Chen Daxi to hold everyone back and wait for Zhao Qian to come back.

Chen Daxi shouted, "Everyone, quiet down. We need to believe Director Zhao's words. If he says he'll be back in an hour, he'll be back in an hour. "

The employees were still unwilling to cooperate, and they shouted as they left.

However, just as they stood up to leave, Zhao Qian walked over from the side. The entire audience was shocked, he really came back!

"Wah!" It can't be? He really came back! "

"That Vice President didn't ask for permission to mess with him?

"Impossible."

"Where's Vice President Zhang? I didn't see him come back. "

"Isn't that obvious enough? Clearly, this person was even stronger than Vice President Zhang. He came back as if he was fine, while Vice President Zhang was captured and went inside. "

"He's even stronger than Vice President Zhang? That was too amazing. I've never heard of this person, nor have I seen him before. "

"There are many people you haven't seen before. What's so strange about that?"

"..."

Zhao Qian returned to the stage amidst the whispers of discussion.

Ren Jiaxuan wasn't too surprised. After all, she had expected this to happen.

However, Chen Daxi was very surprised. He quickly asked, "Director Zhao, you're okay?"

Zhao Qian laughed and replied: "What can I do for you? "It's fine to begin with."

"Then... What about the vice president? " Chen Daxi asked again.

"Him? Hehe ... He was suspected of intentionally hurting someone and was brought back to be interrogated by the police. You all saw this. Why do you ask? " Zhao Qian replied with a smile.

Although Chen Daxi spoke with a relaxed expression, he was shocked when he heard this. This meant that even Vice President Zhang was not a match for Director Zhao. With such a powerful person controlling technology first, the company's future would definitely be limitless.

The staff offstage were all obediently sitting down now. The new boss was so awesome that they didn't dare to offend him.

Zhao Qian walked in front of the microphone and said loudly, "Everyone who supports Zhang Dacheng, please feel free to point out the salary. I will not say any unnecessary words to avoid embarrassment for everyone. "Okay?"

When the staff heard this, they were stunned. The new CEO was going to take

office. She was trying to eliminate her discord. However, they only supported Vice President Zhang because they saw that he was more powerful. They didn't truly think he was the most suitable for them.

Everyone quickly explained their previous actions and begged Zhao Qian to give them a chance.

Zhao Qian nodded and loudly said, "I believe that many of the ordinary employees have no choice but to show their support for Zhang Dacheng. But department managers, you're not the same. You have the right to choose, but all of you chose to support Zhang Dacheng. Then don't blame me for being heartless. If it were you, you would definitely not leave anyone unfaithful. Right? Therefore, all department managers, please give yourself face. "

The department managers also quickly explained.

"We were forced to do this because of helplessness. If Zhang Dacheng wins and we don't support him, the outcome will definitely be very miserable. "

"That's right!" We just want to work hard and not get involved in the equity fight. But there was no other way. We're all managers, so we have to say something. "

" ... "

Zhao Qian stopped them and said loudly: "Since it's a choice, you choose him instead of me. That means you're on the wrong side of the line. Since they were standing in the wrong team, they had to have the awareness of standing in the wrong team. You should know what the consequences are. Isn't it? "Go and collect your own wages, don't force me to give you face."

The managers were still unconvinced.

"Are you thinking about the company? If all the managers are fired, how can

the work be carried out? "

"Exactly! We are all managers of our departments, not ordinary employees. We can leave at will. Can anyone do the work we're doing? "

"You're not thinking about the company at all, it's all about your own selfish desires. Just because we didn't support you, you fired us all, regardless of the company's interests. Everyone, let's judge the situation. Is that what he did right? "

The staff did not dare make the wrong choice this time.

"Yes!" The boss will do anything right! "

"Yeah, if you guys don't like it, you can be the boss yourself. You can fire whoever you want."

"You guys are no different from us. You work for the boss. If we can be fired, why can't you? Is that true? "

"Exactly!"

"This is the truth ..."

Zhao Qian smiled in satisfaction. As long as the grassroots staff remain, the departure of the so-called manager will not affect the daily work. He could recruit a corresponding talent to be the manager, which was much better than these old foxes.

C248 Appointment of a Personnel Manager

Zhao Qian's attitude was so resolute that he had to eliminate Zhang Dacheng's power out of the company. Otherwise, if these people were ordered by Zhang Dacheng to cause trouble from time to time, would the company still need to do that?

Managers think they are part of the company's leadership, and the importance of the company goes without saying. Zhao Qian definitely wouldn't dare to kick them out.

But they were completely wrong. In Zhao Qian's view, the policy of the company is set by him, and the basic staff are responsible for daily business activities.

Heads of departments, such as managers, play no more than a bond. With them here, the communication would be smoother. Without them here, there wouldn't be any problems for a short period of time.

As long as there were no problems for a short period of time, he could slowly choose the right person to be the manager.

Seeing that there was no other way out, those department heads panicked. During their time as managers, they had taken quite a bit of Zhang Dacheng's benefits, and they had also taken quite a bit of advantage from him.

They naturally did not want to lose such a good job like this.

"Director Zhao, we know we're in the wrong. Just give us another chance."

"That's right! If we can't satisfy you in the future, you can chase us away. "Is that okay?"

"Director Zhao, please. We have the old, we have the young, we can't even stop the mortgage, we really can't lose our jobs. "

" ... "

Zhao Qian did not relent in the face of the managers' pleading. Their decision to support Zhang Dacheng just now was already a foregone conclusion. No wonder they could only blame themselves.

"Where are the security guards? Get all of these managers out. They don't belong to our company, they shouldn't be sitting here. "

With Zhao Qian's order, the security guards quickly stood up and did as they were told.

"Mr Wang, please." "Don't make things difficult for us."

"Mr Zhang, colleagues, don't make things difficult for us."

"Manager Li, please."

" ... "

The security guards were nothing in the eyes of these managers. They didn't have any use for words, so no one paid any attention to them.

Zhao Qian said angrily, "People who don't belong to our company, I won't be polite if they stay. Security, those who have not left for three times, please start blasting them out. Whoever dares to fight back, you will press him to the ground and beat him. I will bear all the consequences. I want to see just how much you can resist. "

From the looks of it, he really didn't have a chance. The faces of the managers immediately changed as they threatened Zhao Qian.

"You with the surname Zhao, don't be complacent." The company's customers and suppliers are in our hands, we can move them all away with a little skill. I want to see how you're going to keep the company going. "

"There's a big financial problem with the company. Just wait for the tax authorities to check on you. "Haha ..."

"The moment you take over, the company will have to close down and rectify itself. I want to see how you explain this to everyone."

"Haha ..." Worst case scenario, the fish will die and the net will fall apart. If you don't let us have it easy, you can forget about getting better! "

" ... "

Since they already had a falling out, Zhao Qian wasn't going to give them face anymore.

"Security, kick them all out!"

The security guards did not dare to slight the new boss' words. Furthermore, they had been bullied by these low profile managers for a long time. Now that they finally had the chance to take revenge, they were naturally very active.

"Hurry up and go!" Just now, I was showing you my dignity, yet you still want to act cool. Now that I've been chased away by the boss, are you feeling comfortable? "

"You have to know your own limits. You want to fight with the boss? What kind of joke is this? Zhang Dacheng isn't a match for you guys, so what are you guys even? "

"Hurry up and leave, don't force me to make a move." If you force us to take

action, it will not be good for you. New and old grudges will be settled with you guys! "

" ... "

The managers would never have thought that such a day would come. They were actually chased away and threatened by a group of security guards, but they didn't dare to resist.

Zhao Qian's face was extremely ugly to behold. They didn't dare to say another word. They were no match for someone that even Zhang Dacheng couldn't beat.

After all the department managers had been chased away, Zhao Qian asked Ren Jiakuan, "Do you want to be the company's HR manager?"

Ren Jiakuan replied with a little guilt, "The HR manager? This... I may not be able to. I've never been a manager before, and I'm worried that I won't be able to handle it. "

Zhao Qian smiled and comforted her, "You don't have to think too much. The HR manager didn't need skill. He only needed vision. Isn't it simple if you can see what this person is like when you hire people? "

Chen Daxi encouraged her, "Miss Ren, you have to believe in yourself. The company is in need of people right now, it would be great if you could come over. Being a manager was better than being made by someone unrelated. Right? "

"Sigh, Chen Daxi is right. You don't have to be so conflicted. The HR manager is you. It's settled like this. " Zhao Qian said in an commanding tone.

Ren Jiakuan did not decline. She herself needed a job. Now that she was directly in charge, she didn't need to find a job anymore.

Zhao Qian immediately announced to the staff: "Miss Ren will be the HR manager in the future. Everyone, please give her a round of applause."

The staff immediately applauded. They still approved of Ren Jiaxuan. After all, she was the daughter of the founder of the company.

Zhao Qian called Ren Jiaxuan over to say a few words to her. She was a bit embarrassed and waved her hand to refuse.

"Oh, they all know you, there's nothing to be shy about. "Come, say a few simple words."

With that, Zhao Qian walked up to Ren Jiaxuan and pulled her towards the microphone.

Ren Jiaxuan had no other choice but to say a few simple words.

"Thank you for everyone's acknowledgement. In the future, I will work hard and not disappoint everyone's trust in me."

With this brief explanation, Ren Jiaxuan was done.

Zhao Qian chuckled and announced that they were dismissed, so everyone went back to work.

Then Zhao Qian took Chen Daxi and Ren Jiaxuan to the Conference Room.

Zhao Qian asked, "Manager Chen, I want the most comprehensive information on the company. Including the current cooperation of the company's customers, research projects, etc. "

Chen Daxi nodded and quickly went to get the information.

Since the beginning of Ren Hai'an's life, he had been fighting for the rights of technology. Soon the project was forced to stop, causing the customer to cancel the order.

The research work on the project had almost all stopped, the employees of Technology Department had nothing to do every day, and were causing trouble everywhere. Because of this, the company had also expelled a group of people, and their Technology Department was currently extremely lacking in people.

Zhao Qian didn't say anything. He was carefully reading the document.

Before Ren Hai An disappeared, he was researching the 5G communication technology and the intelligent robot technology for the technology, and he even got some results.

It seemed that Ren Hai An was a very far-sighted person. The things he studied were the technologies of the future great heat.

Zhao Qian immediately told Chen Daxi and Ren Jiaxuan, "I've decided to restart the 5G and intelligent robotics project. Manager Ren, hurry to the talent market to recruit people. In addition to the manager, there's also a professional technical staff. "

Ren Jiaxuan's side was fine, but Chen Daxi raised a very realistic question. Where does the research fund come from when there is no liquidity on the company's books? The birth of a new technology was bound to cost a lot of research money.

Zhao Qian chuckled and replied, "You don't have to worry about money. You just have to promise to resume the project as soon as possible."

C249 Recycling Equity

Since the funding aspect can be resolved, then Chen Daxi won't have any problems with it and can immediately restart the 5G and intelligent robot projects.

Right now, the most important thing for him to do was to recruit a professional technician. Without a technician, how would he start the project?

Zhao Qian gave Ren Jiaxuan an order to let all departments in the company have people as soon as possible. Especially the Technology Department employees, no matter if they were recruiting or poaching, they had to recruit everyone as soon as possible.

Ren Jiaxuan asked anxiously, "Dig? "Then we have to pay a lot more than other families to get people."

Zhao Qian nodded and replied, "As long as it's reasonable, they will be taller than the other families. We have to see what the benefits of successful project research will bring to us. These two projects are about to bear fruit. Even if it means losing money, I have to do it. Do you understand my attitude? "

Ren Jiaxuan and Chen Daxi nodded in agreement.

While the three of them were chatting, the guard at the door called Chen Daxi, saying that the shareholders were coming to see Zhao Qian.

Chen Daxi quickly asked for Zhao Qian's opinion on whether to see those shareholders.

Zhao Qian really wanted to take back all the shares that were dispersed outside, so he nodded and replied: "Let them come."

Chen Daxi quickly got the guard room to let people in.

A few minutes later, that group of shareholders quietly walked into Conference Room.

Zhao Qian asked them to sit down with a serious expression. Everyone smiled awkwardly and quickly sat down.

Chen Daxi asked, "Everyone, what business do you have with Director Zhao?"

Everyone looked at each other, wanting to get someone else to speak. In the end, no one spoke.

Zhao Qian said majestically, "If you have something to say, then say it. If you have nothing to do, then leave. We're talking business!"

Everyone quickly spoke up.

"Director Zhao, we came to apologize to you. Previously, we thought that Zhang Dacheng wouldn't lose, so we supported him. "

"Director Zhao has a lot of manpower, so don't bother with us. As you can see, we are the minority shareholders, and we want to share the profits with the company. Let's not talk about the dividends these two years, we've invested quite a bit in it. In the future, Director Zhao will steer the company and make it better and better. We just have to be a small shareholder and not get involved in the management of the company. "

"Yes, that's what we all mean. I hope Director Zhao will give us a chance. "Is that okay?"

" ... "

Since Zhao Qian had accepted the technology for the first time, he also

predicted that he would be able to make a lot of money in the future. How could he still keep these shareholders? He had to find a way to take back the shares in their hands.

So he said to the shareholders, "I understand what you mean, but I'm sorry, I won't let Zhang Dacheng's people stay in the company. If it were you, I think you would do the same thing. So let's all be decent. I'll pay. You guys sell me your shares. Otherwise, if I increase the capital to dilute the shares in your hands, you'll lose even more. "

Shareholders had anticipated this situation before coming here. As Zhao Qian had said, no one would keep their opponent by their side.

Now that things have come to this, shareholders are no longer bowing and begging.

"Since that's the case, then Director Zhao, give a price."

"Right, let's bid. "Don't you dare try to force us into a corner. You must give us a reasonable price."

"..."

Zhao Qian laughed and replied, "When I, Zhao Qian, do things, I always respect virtue. I never try to take advantage of others. Selling it to me at a price of 1 million for every 1% of the shares, isn't that very generous? "

They had only taken a few hundred thousand to buy shares in the past, but now they could exchange for a few million. It was indeed worth it.

However, people are greedy. These people knew that they wouldn't be able to keep their security, so they would definitely take this opportunity to earn some money.

"No!" "Too little!"

"Yes!" You want to send us away with just a few million? Aren't you underestimating us a little too much? "

"Every 1% is priced at 1 million, we'll sell it to you immediately."

"Right, at least 1 million."

"..."

Zhao Qian's face darkened, he sneered and replied: "It seems that you still haven't figured out the situation. I need to remind you that I am the one in charge, not you. I gave you so much money out of the traditional virtue of peace and wealth. If I were to negotiate, then directly increase the capital to dilute your shares, how could you tolerate me? Even if I can afford to lose money, if I let the company lose money, you will have to lose money as well. I have too many ways to play you guys to death, so what right do you have to bargain with me? "

The group of people were rendered speechless by Zhao Qian. They were not convinced and were not willing to give up, but what Zhao Qian said was all true. If he were to do business with them, the shares in their hands would just be a decoration.

Everyone looked at each other. No one dared to say anything. At this time, whoever dared to be the first to accept it would be accepted by the others as well. However, no one was willing to take the lead. They were all afraid that if they sold themselves, others would blame them in the future.

Zhao Qian understood their thoughts, so he said: "Let's not waste time, just give them a straightforward answer and accept it. Accepted, signed the share transfer agreement, took the cheque. If you don't accept it, then we can just play a little bit more. I've been focusing on technology for a while, and I have

plenty of time to deal with you. "

The few of them hesitated, but in the end, they obediently accepted Zhao Qian's offer. After ten times that amount of time, he had made quite a profit.

Zhao Qian told Chen Daxi to get someone to prepare the share transfer agreement and let them sign it immediately.

Chen Daxi quickly went to do it. Ten minutes later, he came back with a bunch of stock transfer agreements.

Zhao Qian read it carefully and confirmed that there were no problems. He instructed: "Give each of them one serving."

Chen Daxi quickly distributed it to the shareholders.

Very soon, everyone signed and pressed their fingerprints, and the share transfer agreement officially entered into force.

Zhao Qian also signed a cheque that belonged to each shareholder according to the standard of 1 million for each 1% share price.

At this point, Wu shook hands with Technology 75% of the shares, the remaining 25% all concentrated in Zhang Dacheng's hands.

The shareholders took the check and left with a sigh.

At this moment, Yang Hu called Zhao Qian.

Zhao Qian answered the call and asked, "Hello." Mr Hu, what's the matter? "

Yang Hu quickly replied, "Young Master, just now, the city police called and asked if I could let Zhang Dacheng go. "What do you think?"

Zhao Qian didn't want to make things difficult for the police with such a small matter and it wasn't even at the stage of sentencing yet. He replied, "Let him go. However, find a few people to educate him. The back of my head is not for anyone to hit. Let him remember. When you educate him, tell him my name. Do you understand? "

"Ah?" Young Master, why did you say your name? "What if the old fogey takes revenge on you?" Yang Hu asked worriedly.

Zhao Qian laughed and replied, "I just want him to know that I have enough ability to deal with him. If he really dares to take revenge on me, you can just pay him back in double. I must beat up the disobedient. "

Yang Hu did not say anything else and quickly assured Zhao Qian, "Understood. I will send someone to follow him. If he really has anything, I will definitely deal with him immediately. "

Zhao Qian nodded and replied, "I'll leave it up to you. Is there anything else? "

"It's gone. I won't disturb Young Master anymore, I'll hang up first. "

"Yes. "

Yang Hu quickly greeted the city police and told them not to make things difficult for Zhang Dacheng.

However, Zhang Dacheng did not know what was good for him. The moment he stepped out of police station, he immediately called Zhao Qian to demonstrate his strength.

C250 I Won't Let You Get up Tonight

Zhao Qian was chatting with Ren Jiaxuan and Chen Daxi when Zhang Dacheng called. He did not go out to answer the call. Instead, he pressed speaker in front of the two of them.

Zhang Dacheng's arrogant voice immediately sounded.

"Haha ..." Brat, you think you can lock me up just because you sent me a gift? Your father's power is beyond your imagination. I'm out now, are you scared?"

Zhao Qian laughed and retorted: "What is there to be afraid of? If I can get you in once, I can get you in again. That's what you called me about?"

Zhang Dacheng did not hide his intention at all and replied, "That's right, I just want to tell you that I'm out. With your strength, you still can't trap me. Since your father has come out, I will definitely let you have your fill. "Just you wait."

Zhao Qian replied in disdain, "Sure. I waited. Are you free now? Come to the company. I'll wait for you at Conference Room. "

Zhang Dacheng didn't refuse and rushed over after hanging up the phone. Zhao Qian smiled and invited him to sit down.

"Cut the crap, why did you call me here?" Zhang Dacheng asked arrogantly.

Zhao Qian showed him the transfer certificate signed by the other shareholders and then asked, "How do you choose?"

Zhang Dacheng directly threw the share agreement to the side and replied: "You want me to sign this, dream on! I am Ren Hai An's first partner, and

without his permission, no one can chase me away. "

Zhao Qian laughed and replied, "I think you may have misunderstood me. I didn't mean to drive you away. I just asked for your opinion. If you're willing to sell me your stake, that's for the best. It doesn't matter if you don't want to. I can dilute your shares by increasing your capital.

Zhang Dacheng slammed the table in fury and cursed, "How old are you!? You dare to play this game with laozi! When laozi was playing with capital, you were still playing with mud! "

"You got angry with me just because of that? Looks like all these years you've lived for nothing, and you're as impulsive as a young man. " Zhao Qian mocked.

Zhang Dacheng didn't say anything, but his face was full of disapproval and anger. He initially invested 1 million in technology, but now he can exchange for 25 million. This is definitely a huge profit. He just couldn't accept that he lost to Zhao Qian.

Ren Jiaxuan hated Zhang Dacheng very much. She bluntly asked him, "Do you want to sell it or not? If you want to sell it, then sign it. If you don't, then hurry up and leave. You are not welcome here! "

Zhang Dacheng scolded angrily: "Who do you think you are? Your dad didn't even dare to chase me away, how dare you fart in front of me! "

Ren Jiaxuan was so angry that her face turned red, but she really couldn't do anything to Zhang Dacheng.

Zhao Qian did not allow Zhang Dacheng to act presumptuously in front of him.

"Zhang Dacheng, you don't want the face that I give you, right? I'll tell you

today that I want you to go to the hospital tonight. It's useless for you to hide at home. If you don't believe me, just wait and see. "

Zhang Dacheng laughed out loud, then turned around and scolded Zhao Qian, "Who the fuck do you think you are? If you dare to make a move on me, I won't kill you! This old man will eat both black and white, there are a hundred ways to kill you! "

Zhao Qian sneered and replied, "After tonight, you can still stand up and talk to me like that again. "Manager Chen, call the security over to send off our guest!"

Chen Daxi quickly did as he was told, called the security room, and told them to hurry over.

Zhang Dacheng roared: "Fuck, laozi is the company's second shareholder, don't you have the qualifications to be here? What right do you have to chase me away? "

Zhao Qian replied without a trace of politeness, "Since I'm the controlling shareholder, is there a sufficient reason for me to tell you to scam?"

Zhang Dacheng glared at Zhao Qian for a long time. In the end, he helplessly turned around and walked away. However, before he left, he sent a written challenge to Zhao Qian. He would wait and see who would fall first.

Ren Jiaxuan was worried about Zhao Qian's safety, so she said, "Director Zhao, even if you wanted to teach him a lesson, you should have just sneaked in. Why did you have to tell him in advance?"

Chen Daxi also thought so and said: "Also, you should tell him in advance that he will prepare himself to make it more difficult for you to take action."

Zhao Qian laughed and replied in unison, "I just want him to know that I did

it, or else he won't be able to intimidate me. "Don't worry, I know what I'm doing. There won't be any problems that you're worried about."

The two of them nodded without saying anything else.

"I'll leave the company to you two. I'll inspect it at any time. Don't screw it up for me." Call me if you have any problems, and I'll help you guys out. " Zhao Qian explained.

They quickly assured him that they would strictly follow the policies he had set for them.

Zhao Qian nodded, then left with the certificate.

The two of them escorted him onto the helicopter and watched him disappear into the sky.

Chen Daxi couldn't help but ask, "Miss Ren, do you know what Director Zhao does?"

Ren Jiaxuan shook her head and replied, "He doesn't want others to know too much about him. I asked and he angrily refused to answer. Since he was rich, he had a lot of subordinates and he could use a helicopter just like that. The company will definitely be fine in his hands, it will definitely develop very well. "

Chen Daxi's face was filled with shock as he said, "I didn't expect Director Zhao to be so formidable." Hearing you say that, Zhang Dacheng is definitely going to get screwed. "

Ren Jiaxuan coldly snorted and replied, "Of course, there is no doubt about that. The people Zhang Dacheng sent to stop me were all arrested by him. When will he return home? When will he release them? Zhang Dacheng wants to rely on rogue methods to deal with me, hmph, he met someone even more

rogue than him! Look, Zhang Dacheng will definitely die without a burial ground this time. "

The more the two chatted, the more they felt that Zhao Qian was amazing, and the more they felt that their future was filled with hope.

Zhao Qian quickly arrived at the house. Only then did he call Yang Hu and ask him to release all of Zhang Dacheng's men.

In order to ensure the safety of Zhao Qian, Yang Hu had already sent more than a dozen men to guard the vicinity of Zhao Qian's home. They can only leave after Zhang Dacheng is taken care of.

Zhang Dacheng was unwilling to accept the fact that he had suffered so much. That night, he had arranged for Liu Bao, Zhang Xiong, Qian Niu, Wu Ha and a few other big and small thugs to eat at Donghai Hotel.

Halfway through their meal, Zhang Dacheng revealed the purpose of the invitation.

"The reason I invited everyone to this meeting today is because I hope that you brothers can do me a favor and teach a person a lesson. His strength is not ordinary, and both black and white have some power, so I need you brothers to join hands in order to be absolutely certain of success. "

Hearing Zhang Dacheng's words, everyone was surprised. Who was so powerful in Donghai City that they would need the combined forces of a few of them to deal with it?

Amongst these hooligans, the power that lost to Liu Bao was the greatest. He asked, "Does Boss Zhang have any information on him? We really want to know what kind of godly person they are, to actually make Boss Zhang think so. "

"That's right!" We really want to know if this person has three heads and six arms.

"Boss Zhang, are there any pictures of him? We want to see what he looks like."

"..."

Zhang Dacheng nodded and motioned for everyone to quiet down. Then, he took out the photo of him secretly taking a picture of Zhao Qian for everyone to see.

C251 Abet

Zhao Qian had always kept a low profile. He tried his best to hide his identity so that he wouldn't attract unnecessary trouble. Therefore, not many people knew about him.

When the others saw the photo, they all said they didn't know this person, only Liu Bao's eyes lit up.

Seeing Liu Bao so agitated, Zhang Dacheng quickly asked, "I think Mr Bao knows this kid?"

It was more than just knowing each other. He was simply too familiar with her. Damn it, because of this kid, his subordinate had lost his finger.

However, Liu Bao didn't want to mention such a shameful thing. However, there was one thing that he was sure of. He could leave now. He couldn't take the job anymore.

So, Liu Bao stood up and said to Zhang Dacheng and the others, "Everyone, I'm really sorry. I still have urgent things to do. Please forgive me."

Zhang Dacheng and the rest were stunned. What did this mean? He quickly pulled Liu Bao back and asked, "Mr Bao, just what kind of background does this kid have? Even you are afraid?"

Liu Bao was embarrassed to say he was afraid, so he explained: "I'm not afraid of him, I don't want to have a fight to the death with Yang Hu. This brat's brain was very flexible. He would often go to Yang Hu's KTV for dozens of bottles of opened red wine. Yang Hu almost treated him as a big boss. Do you think I can touch him? "

Zhang Dacheng finally understood why he was rejected when he sent

someone to invite Yang Hu. It was because of this reason.

That was not easy to deal with. Yang Hu was slightly stronger than Liu Bao. If he protected Zhao Qian with his life, no one in the entire Donghai City would dare take on this job.

"F * ck, I was wondering why this brat was so arrogant." It turned out to be Yang Hu, the backer of the Proclamation of Liberation. F * ck! What about me? and yet you can't do anything about it? " Zhang Dacheng sighed.

Even Liu Bao wanted to run away, so the others didn't dare to do the job. Everyone was silent, no longer excited from the beginning.

However, Liu Bao was sinister. He suggested to Zhang Dacheng, "This won't do, you can find people from other places. I heard that last month, someone called Jiang Tian hired a professional killer from Xiangjiang to deal with him, but Yang Hu protected him with his life. If Boss Zhang really can't take this lying down, he can also get someone from Xiangjiang to kill him. "

Zhang Dacheng got scared the moment he heard that. Even the professional killers from Xiangjiang couldn't beat Zhao Qian, so he wasn't a match at all.

The other hooligans immediately found an excuse and said that they had urgent matters to attend to and left after hearing that the killer at Xiangjiang couldn't even deal with Zhao Qian.

Now, only Liu Bao was left.

Zhang Dacheng sat down dispiritedly as he tried to think of another way to deal with Zhao Qian.

Liu Bao had always been looking for an opportunity to kill Yang Hu. He felt that Yang Hu's luck was not always that good.

The last time Yang Hu was shot, he didn't die. He must have used up all his luck. If it happened again, he wouldn't be able to survive.

As long as Yang Hu died, his Donghai City would be the strongest.

Liu Bao sat down again, patted Zhang Dacheng's shoulder and comforted him: "Why are you so sad, Boss Zhang? "Only a small workshop in Jiang Tian dared to find someone to be his disciple. Is there a need to be afraid of a boss with a few hundred million yuan?"

Zhang Dacheng sighed and replied, "It's not that I'm afraid, but once we find someone from Xiangjiang, there will be no possibility for us to go back. "What if Yang Hu is willing to put his life on the line for him?"

Liu Bao just wanted Yang Hu to fight for Zhao Qian. Who knows, maybe he would die this time.

"What are you afraid of? As long as you don't leave any traces, no one will know that you hired someone to be him? If it really doesn't work, I can release the news that Jiang Tian is looking for the second batch. Aren't you fine? " Liu Bao continued to encourage him.

Zhang Dacheng was wholeheartedly thinking about revenge and did not notice that Liu Bao had led him into the trap step by step.

Liu Bao continued to persuade her: "Xiangjiang people are all very professional. As long as you accept the order, no matter what price you have to pay, you will definitely complete the mission. The target does not die and the task cannot be completed unless you notify them to cancel the order. Furthermore, they would keep it a secret from the customers. Even if their people were caught, they would never give up their customers. So you don't have to worry about security. "It's nothing more than a little extra money, your Boss Zhang doesn't lack that few million."

Zhang Dacheng was moved by Liu Bao's words. If the killer at Xiangjiang was really that professional, he could really give it a try. In any case, he didn't need that few million, as long as there was hope to get rid of Zhao Qian.

But now, there was another problem. He didn't have any connections, how could he contact the killer at Xiangjiang?

"Is there any contact between Mr Bao and Xiangjiang?" Can you introduce me? " Zhang Dacheng asked.

Liu Bao immediately replied happily: "That's for sure, otherwise I would have wasted my time." If you want to find someone, I can help you contact your friends over there and have them take the initiative to discuss the details. "How about it?"

Zhang Dacheng couldn't care so much anymore. In any case, if he didn't teach Zhao Qian a lesson, then most of his life would be wasted.

"Alright!" Then I'll be troubling Mr Bao. However, I don't want to kill him. It's fine as long as he is crippled. Let's see if he dares to hit me again in the future! "Damn!" Zhang Dacheng said fiercely.

Liu Bao's target was Yang Hu. As for whether Zhao Qian was alive or disabled, he didn't care. As long as Yang Hu fell, he could play with Zhao Qian however he wanted. No one could stop him.

So he immediately smiled and replied, "Of course you can, as long as you give them money, they will definitely do as you ask. If you want to make a cripple, you definitely won't kill them. If you want to make a cripple, you definitely won't do it. "

Zhang Dacheng nodded with satisfaction. He picked up his wine cup and said, "Here, I'll toast to Mr Bao. I'll have to trouble you with everything."

This fool, he was still helping to count the money after being sold. He was truly a pitiful bug.

Liu Bao quickly raised his glass with a smile. After clinking glasses with Zhang Dacheng, the two of them finished it in one gulp.

After the two of them said their goodbyes, Liu Bao immediately went home to contact his friends in Xiangjiang. This was a good opportunity to get rid of Yang Hu.

Zhang Dacheng left the hotel and was driven home by the driver.

As a tycoon with hundreds of millions of yuan, Zhang Dacheng's home was definitely a villa. But his villa was not like Wu's villa near the river, but rather in the suburbs.

Rich people were always like this, pursuing the so-called rural life. But this was exactly what he regretted the most in his life.

When his car reached a part of the road where there were no lights, a van collided with it.

The driver shouted, "F * ck you! How dare you!"

After he finished, the driver unbuckled his seat belt, opened the door and went down to argue with the driver.

Zhang Dacheng also opened the car door and got out without thinking too much. He shouted, "Little Zhang, don't quarrel with them. There's no need. Let's just call the police. "

He turned to go back to the car. But at this moment, he felt his body twitch, and then he lost consciousness.

The van owner was also not a good person, he immediately pointed at the driver Xiao Zhang and scolded, "Don't f * cking talk so much. Wasn't it just a car crash? With traffic police and insurance, why are you cursing? It's just a dog driving, do you really think you're a human? "

Xiao Zhang could not tolerate this and immediately scolded, "F * ck your mother, who are you with? "You're the dog!"

The two of them started arguing just like that.

After arguing for about two minutes, Xiao Zhang angrily turned around and returned to the car.

"Director Zhang, I'm really sorry for delaying your return home to rest. I'll call the police right now, motherfucker. "

The driver Xiao Zhang muttered to himself as he took out his phone to call the police.

But then he realized something was wrong. He turned around and saw that the owner was not in the car.

C252 So What If I Did What I Did

The driver Xiao Zhang quickly got off the car to search for Zhang Dacheng, but he couldn't find anyone around. Only then did he realize that something was wrong. He quickly called the police.

At this moment, Zhang Dacheng was brought to a place not far from his home, and he had already woken up. His mouth was gagged and he could only groan. His eyes were also blindfolded, and he couldn't see who had kidnapped him.

"Mr Zhao asked us to greet you. In the future, he would have to keep a low profile. Don't be arrogant and despotic just because you have a few coins in your pocket. Some people are not people that you can mess with.

Zhang Dacheng only heard this and immediately felt a sharp pain coming from his legs.

"Mm ..."

Zhang Dacheng let out a long roar. Due to his mouth being blocked, the sound became a muffled groan. But one could hear the pain in his voice.

The people who kidnapped him were decisive and ruthless. In a single move, both of his legs were broken. This was definitely something that a person who had received strict training would be able to accomplish.

After who knows how long, the police found Zhang Dacheng and sent him to the hospital.

"It's Zhao Qian who buys the murderer, Zhao Qian who buys the murderer!"
Hurry and catch him, go and catch him... "My legs are in so much pain, did they break ..."

Zhang Dacheng never stopped talking along the way. He would urge the police to catch Zhao Qian, then scream out for pain, then urge the driver to drive faster, and quickly send him to the hospital for treatment. He was worried that if he went too late, his legs wouldn't be saved.

An hour later, the police found Zhao Qian's home and took him back to investigate.

The officers responsible for interrogating Zhao Qian were named Zhang Chu and Yang Xing.

Zhao Qian asked in a daze, "Mr. Police, why did you bring me here so late at night? That I bought someone to hurt? "What about the evidence?"

Zhang Chu immediately replied, "Zhang Dacheng is a witness."

Zhao Qian immediately laughed and asked back, "If I hit a wall now and then testify that Zhang Dacheng bribed you guys to force me into it, would that be okay?"

Zhang Chu and Yang Xing looked at each other speechlessly.

Zhao Qian smiled and continued, "Comrade Police, I admit that there is some friction between him and me. But during the day, we both resolved our grudge, or else I wouldn't have agreed to let him go. Isn't that right? "

Zhang Chu and Yang Xing also felt that this made sense, but Zhang Dacheng's legs were indeed broken by someone. As someone who had just clashed with him, Zhao Qian was naturally the biggest suspect.

Zhao Qian nodded his head, expressing his agreement, and replied: "What you guys said makes sense, but you shouldn't say such words. You're cops. You have to speak on evidence, don't you? You didn't have any evidence. You

just listened to him and brought me back here to investigate. Besides, this is the first time I've heard that someone can testify against me. "

Zhao Qian's question rendered Zhang Chu and Yang Xing speechless. They had no idea how to continue.

Seeing that the two of them weren't talking, Zhao Qian continued: "How about this, I'll go back first. When you have evidence to prove that I'm suspicious, I'll come back and cooperate with your investigation. Will you? I really can't stand not sleeping in the middle of the night, please. "

According to the rules, the police could force Zhao Qian to stay for 48 hours. However, they didn't think it was necessary. And really, they didn't dare.

Zhang Chu nodded and said, "Then go back first. However, you cannot leave the Donghai City without our permission. Otherwise, we will take compulsory custody of you in accordance with the law. "

Zhao Qian nodded and promised them, "Don't worry, I won't leave. But you have to hurry. In a few days, it will be the Mid-Autumn Festival. I promised my parents that I would go back to Yanjing for the holidays, you guys can't forbid me from going back. "

"Alright, I understand. You can just sign your name and go back. " Zhang Chu immediately replied.

Zhao Qian signed his name with a smile and immediately left.

Outside of police station, Zhao Qian immediately called Zhang Dacheng. He smiled and asked, "Boss Zhang, who have you offended to be beaten up like this?"

Zhang Dacheng was furious and immediately scolded: "You scum, your actions are too ruthless! At most, it's just a matter of business, but you

actually bought a murder victim. That's impossible. "

Zhang Dacheng pretty much yelled these words out so that the police outside the ward could hear him.

However, Zhao Qian wasn't afraid of being heard by the police at all. It wasn't like he did it himself, so why should he be afraid?

Zhao Qian not only wasn't afraid, but he retorted very arrogantly: "No matter how scum I am, I can't compare to you. You even said that it was a business conflict, yet you actually threatened to kill me. So what if I'm the one who asked someone to do it this time? Shouldn't you be taught a lesson? "

Zhang Dacheng still refused to accept it and replied: "Then I was just saying it, I didn't really make a move on you! But you? You're really going to get someone to f * cking deal with me, that's too hateful! "

Zhao Qian didn't care what he said at all. Even if the police heard, they wouldn't be afraid.

"Haha ..." You can slowly get angry. I have to open a bottle of wine to celebrate my victory. "

Zhao Qian let out a long mocking laugh, then hung up the phone.

Zhang Dacheng was so angry that he threw his phone away and cursed, "This bastard actually dares to call me to show off, how dare he do that!" If I do not take revenge, then I will not be a human! "

Zhang Dacheng's son, Zhang Xiaolong, was also a very arrogant and despotic person. He was used to it when he was in the circle of friends.

Both of his father's legs were broken. If he did not take revenge, would he still be considered a man? What right did he have to be someone's son?

Zhang Xiaolong found an excuse and left his dad's room. He immediately called his usual friends one by one and asked them to come out to play.

The circle of rich second generations was very simple. As long as they ate and drank, they would have fun, and everything would be fine.

However, they happened to play in the Night Pearl Bar and were recognized by Yang Hu's men.

Yang Hu quickly called Zhao Qian and reported the situation over, then asked, "Young Master, what do we do now? Do you want me to call someone to directly teach them a lesson? "

Zhao Qian didn't want to be injured by this kind of thing. He really wanted to solve the problem at once. Therefore, he agreed to Yang Hu's suggestion and directly sent people to teach Zhang Xiaolong a lesson.

While Zhang Xiaolong was dancing with his friends, someone suddenly gave him a punch. Before he could figure out what was going on, Dianfei pointed at him and yelled, "Are you f * cking blind? You stepped on me! "

Zhang Xiaolong was not a person who feared trouble. Now that he was at a disadvantage, how could he let it go?

He immediately called his friends over and surrounded the guy who hit him.

That person did not cower and warned, "You are bullying me with your numbers, right? Let me tell you, I'm not afraid of another hundred. Just you bunch of trash, I can fight ten each. Trash is trash, and it would not become useful just because of the quantity! "

Such naked provocation and humiliation, if he could still endure it, would he still be Zhang Dacheng's son, Zhang Xiaolong?

C253 You Are too Vicious

Relying on the presence of his friends, Zhang Xiaolong had too many people around him. He wanted to teach this ignorant guy a lesson.

"Brothers, hit him!"

After all, he ate and drank, so Zhang Xiaolong's friends were too embarrassed to not help. As soon as he gave the order, everyone rushed forward.

At this moment, Yang Hu's men rushed over and stopped the fight.

The guy who was beaten up by Zhang Xiaolong shouted, "Sun Thief, if you have the guts, go and fight me to the death! This was Mr Hu's place, so it wasn't convenient for him to make a move. Let's go out and find a place with no people, and properly resolve the conflict between us. "

With so many people watching, especially in front of so many friends, Zhang Xiaolong could not stand up to them. He immediately nodded and replied, "Sure! The one he was afraid of was his grandson! Brothers, let's go play with him. "

"Go!" "Do something to him!"

"Damn, this is the first time I've met such an arrogant person." "Since you want to die, then I'll satisfy you."

"..."

The group of people forced themselves to mutter as they followed the person who had suffered a loss. Under the guidance of that person, the group arrived at a deserted alley.

Relying on his numbers, Zhang Xiaolong asked fearlessly, "Do you think you can beat us all in another place?" "Fuck, I really admire you. You dared to fight against so many of us by yourself."

That person sneered and replied, "How do you know I'm the only one here?"

Knowing that they had fallen into his trap, Zhang Xiaolong and the others wanted to turn around and run away. However, at this time, a group of people came from the back with sticks and stuff in their hands, forcefully stopping them.

From the other side of the alley, another group of people walked out, also holding sticks in their hands.

Zhang Xiaolong panicked and quickly asked, "Who are you people? Why are you doing this to us?"

However, she didn't even talk to him and just swung her stick. Cries for help came from the chest, but soon it quieted down.

Then, suddenly, there was a long howl, and from the sound it was clear that the man must have been in pain.

When he woke up, he felt refreshed. Zhao Qian opened his phone and saw that Zhang Dacheng had sent a lot of messages and a lot of missed calls.

Zhao Qian chuckled and called Zhang Dacheng back.

"Hey, Boss Zhang, why are you in such a hurry to find me?" Zhao Qian asked with a smile.

Zhang Dacheng was instantly enraged and shouted: "You are too fucking ruthless! My son has no enmity with you, so why did you break his legs?"

Zhao Qian pretended not to understand and replied, "Boss Zhang, I don't understand your words. How can I break your son's leg when I've just woken up? The so-called upper beam is not correct, the lower beam is crooked. You are so arrogant, your son must be even more arrogant than you. Who knows what kind of person he provoked outside and got his revenge on? Why are you pushing yourself against me? "

Zhang Dacheng became even angrier and cursed: "Zhao Qian, what kind of man are you! You dare not to be worthy of being a man? "

Zhao Qian laughed and replied, "Boss Zhang's words are quite interesting. If I don't admit to something I've never done before, how can I be unworthy of doing it? If you have evidence that I broke your son's leg, you can sue me. If you don't have any proof, then don't speak such useless nonsense. Alright, if there's nothing else, I'll be hanging up. I still have things to do. "

Zhao Qian immediately hung up and called Yang Hu. He got Yang Hu to investigate Zhang Dacheng's background and warned them not to interfere. Also, he had to pay attention to Zhang Dacheng's movements. If this old man lost his temper, he might invite someone to take revenge like Jiang Tian.

Yang Hu hurriedly took orders and sent people to investigate and monitor Zhang Dacheng.

In two days, it would be the Mid-Autumn Festival, so Zhao Qian went to the Huaying Group to find Wang Jing. He had promised to take her home, so he had to let her prepare ahead of time.

Wang Jing was looking for him. Wang Lin had successfully performed surgery in the United States and would be back after a period of rest. So she wanted to thank him.

Wang Jing said to Zhao Qian with a smile, "Let's have dinner tonight, I'll treat you." The place is up to you, I'll pay for it in full. "

Zhao Qian walked in front of her, pinched her chin and asked, "What kind of good thing happened to you? Why did you suddenly invite me to dinner?" "Could it be that you've suddenly found out about my condition?"

Wang Jing opened Zhao Qian's hand and smiled, "I noticed your good points a long time ago. My mother called me to say that my father had had a very successful operation and would be back after a period of rest. Heehee ... Thank you. That's why I'm treating you to thank you. "

Zhao Qian embraced her, smiled evilly and said, "Since you want to thank me, then show some sincerity. As adults, we should do what adults should do. to eat and watch movies, that's what teenage kids do. "

Wang Jing looked extremely angry on the surface, but she did not feel any resistance in her heart. No matter how cold and aloof a goddess was, there would always be a time when she would be melted.

Seeing that she didn't refuse, Zhao Qian immediately pulled her away.

"Aiya, don't be in such a hurry!" There's something I haven't done yet. "You can sit on the side and talk after I finish what I'm doing."

With that, Wang Jing pushed Zhao Qian to the sofa and sat down. She turned around and went back to work.

Zhao Qian leaned on the sofa and looked at her. Suddenly, he felt that a serious woman was quite interesting. Back then, he had liked girls with long, flowing hair, gentle and kind. A cold goddess like Wang Jing was not his cup of tea. Unexpectedly, at this moment, he felt that Wang Jing was a good girl.

"You better take care of all the urgent matters in your hands. Come back to the Yanjing with me tomorrow. The day after tomorrow is the Mid-Autumn Festival, you can't go back on the day of the Mid-Autumn Festival. " Zhao

Qian said.

Wang Jing glanced at him and nodded with a smile. "Sure." "Since you helped my dad, you can make any request you want."

Zhao Qian immediately ran over and laid on the table, less than 10 centimeters away from her face.

"Is it really possible to ask for anything?" "Then give me a son."

Wang Jing immediately grabbed the folder next to her and smashed it onto his head, cursing, "Bastard, what you're thinking of is beautiful. It's already good that I'm giving you an advantage. You even want me to give you a son, how can you even dream about it! "

Zhao Qian returned to the sofa with a smile and replied, "Student Zhou Xing once said that if a person doesn't have a dream, what's the difference between that and a salted fish? If I didn't have a dream, how could I have ended up like this? "

Wang Jing was truly interested in the history of Zhao Qian's family. She immediately put down what she was doing and asked with a smile, "Hey, why don't you share with me your history of starting a business. "I would like to know how you went from a diaosi to where you are now in just over a year."

Seeing that she really wanted to know, Zhao Qian couldn't help but want to tease her.

"You want to know? Alright, we can talk slowly in a quiet hotel later. I can start from Pangu's World, and talk about how we'll be buried together in the future. "

Wang Jing immediately covered her mouth and laughed heartily. She then picked up the pen and started to review the documents.

Since she didn't refuse and was so happy, it meant that she accepted Zhao Qian's invitation to get a room.

C254 You're in Big Trouble Again

Wang Jing had obviously sped up her reading speed. Before, she had flipped through a page in almost two minutes, but now, she had flipped through a page in less than a minute. It was obvious that she wanted to meet Zhao Qian earlier.

Play is play, make a fuss, do not delay serious matters. Zhao Qian quickly reminded him, "It's still early, we have plenty of time, so you don't have to be in such a hurry. We still have to do our work seriously, otherwise we won't be able to buy a good cemetery in the future. "

Wang Jing giggled and slowed down her pace to read the document seriously.

An hour later, Wang Jing put down her pen, closed the folder, stretched, and quickly stood up.

"Let's go and eat. I'm hungry."

Wang Jing said as she packed her things.

Zhao Qian quickly got up, put his phone into his pocket and left the office with her.

Coincidentally, Yang Cheng and Yang Ming actually came at this time. Zhao Qian and Wang Jing ran into each other just as they were getting out of the elevator.

Although she didn't like Yang Ming, Wang Jing still respected Yang Chen a lot. She smiled and greeted him, "Uncle Yang, why have you come? What do you want to do? "

Yang Cheng didn't answer Wang Jing's question. Instead, he looked at Zhao

Qian and asked, "Why are you here?"

Zhao Qian embraced Wang Jing and replied with a smile, "Director Yang, do you think my explanation is clear enough?"

The faces of the Yang Family father and son both turned ugly. Wang Jing should have been their Yang Family's daughter-in-law, but she was cut off by this bastard.

However, this was not the time to talk about the affairs of their children. The Feiyu Group was in a precarious situation, borrowing money everywhere to pay their debts. Whether or not they could survive this crisis was not certain.

Today, father and son came over to properly discuss cooperation with Wang Jing. No matter what, for the sake of Yang Chen and Wang Lin's past, the Huaying Group must extend a hand to pull the Feiyu Group.

Yang Cheng said to Wang Jing with a smile, "Little niece, let's go to your office and sit down for a chat."

Wang Jing shook her head and replied, "Uncle Yang, if you have anything to say, just say it here. "I still need to go to dinner with Zhao Qian. If there's no urgent matter, just say it here."

Yang Ming couldn't stand his dad's humble appearance any longer and quickly said, "We came here this time to talk to you about the matter of the Infernal domain's copyright that was previously agreed upon. Uncle Wang and my dad have already agreed, so why did you suddenly cancel our cooperation? "

Wang Jing didn't want to explain anymore. She held onto Zhao Qian's waist and replied, "Is this explanation enough?"

Yang Ming sneered as he looked at Zhao Qian, "Hehe ..." I didn't expect that

going around and around is still a struggle between you and me. Zhao Qian, do you really think you can beat me? "

In terms of both parties' true strength, Zhao Qian never treated Yang Ming as an opponent because he was unworthy. However, Yang Ming himself did not know how powerful Zhao Qian was. He always thought that he was more awesome.

Zhao Qian lightly smiled and replied without a care: "What's the use of saying that you can't fight over it, in the end, it depends on your own ability. Jing and I are going to dinner. If there is nothing else, we will part ways here. I can tell you this very responsibly and definitely, that as long as Jing and I haven't broken off, it is impossible for Huaying to cooperate with Feiyu in any way. That's why, what do you mean you should look for other companies for their copyright cooperation? "

With that, Zhao Qian carried Wang Jing and walked away.

Yang Family and son felt a stinging pain on their face, and took the initiative to come over to request for cooperation. However, they were ruthlessly slapped.

Wu Tie was so angry that he clenched his fists. He gritted his teeth and said to his father, "Dad, I really can't take this lying down. I must make him pay." "I don't think we should just rely on selling projects to raise funds to repay our debts. Let Wang Hanxu's funds come in directly."

Yang Cheng didn't really want foreign capital to intervene in the company, especially if he asked them to invest in the company at this time. If he paid too much of a price in exchange for the company sailing again, Yang Chen felt that it wasn't worth it.

If it's possible, Yang Chen felt that it's safer to sell items. At least he could control the shares in his hands, and guarantee that Feiyu Group would forever

have the surname Yang.

Thus, Yang Chen seriously warned his son, unless it was absolutely necessary, he definitely couldn't bring in foreign capital into the company. Feiyu group couldn't do it, and Flying Fish live broadcast platform couldn't.

On the surface, Yang Ming said he knew, but he did not agree with it in his heart. He felt that his father was a pedant, unwilling to cooperate with foreigners for the sake of so-called national feelings.

In any case, when he took control of the Feiyu Group, no matter which country's capital it was, as long as he felt that it was worth it, he would not refuse any one of them. As long as he could make a lot of money, why would he care about his partner's background?

Wang Jing followed Zhao Qian to the side of his Jaguar. She didn't plan to drive today. She would take Zhao Qian's car and create all sorts of convenience for him. It all depended on whether he could handle it.

The two got into the car and Zhao Qian drove away.

After getting on the main road, Zhao Qian drove at a steady speed and asked, "Miss Wang, I want to interview you. What was the reason behind your refusal to cooperate with Feiyu Group despite your sick father's feelings? Is it love? "

Wang Jing covered her mouth and laughed. She hurriedly replied, "Don't mess around, drive properly. I want you to spend 4 billion to play with me, so I can't be completely ungrateful. Since you're unwilling to cooperate with Feiyu, then I will cancel it. I myself don't think that we have to cooperate with Feiyu at all, it's purely to take care of my father's feelings. "

Zhao Qian nodded, then continued to ask: "What was the reason that forced you to make up your mind to cancel the cooperation with Feiyu? It must be

because of a very important person, right? "

Wang Jing looked at Zhao Qian shyly. She knew what he wanted to hear, but she wouldn't tell him what he wanted to hear.

"You helped my father arrange for a specialist to perform an operation, so he definitely won't blame me for cancelling the collaboration with Feiyu. After all, the reason why I cancelled our cooperation was because of you.

Zhao Qian was really speechless. He talked a lot, but he just didn't say anything he wanted to hear. He said unhappily, "It's not interesting at all. I won't talk to you anymore. Just drive with peace of mind."

Wang Jing gently caressed his face and smiled. "I didn't expect you to be so cute when you were angry."

"What's the use of being cute, no one loves you!" Zhao Qian replied snappily.

Wang Jing replied with a smile, "How do you know no one loves you? Maybe your heart is too big to find out. After all, some girls are more shy, embarrassed to put love and love on the lips, you have to feel it with your heart. You don't have to be told clearly that you love her in front of you to know her feelings. "

Just as Zhao Qian wanted to reply, Zhao Fu called him. He quickly answered and asked, "Dad, what's the matter? I'm driving. Long story short. "

Zhao Fu said angrily, "Hmph! To make a long story short, do you know that you're in trouble again? "

Zhao Qian quickly stopped the car, turned off the hands-free function, and got off the car to talk.

Zhao Fu personally called to say that he was in trouble, that could only mean

that he was in real trouble. Therefore, he had to listen carefully and not let Wang Jing hear him, lest she got scared.

C255 Want to Win over Foreign Capital

Zhao Qian walked away from the car and whispered, "Dad, what do you mean by what you said just now?"

Zhao Fu didn't hide anything and immediately replied, "If I'm not mistaken, Zhang Dacheng probably hired an assassin from Xiangjiang to deal with you. Last time, I had told my partners in Xiangjiang that if anyone from the East China Sea comes to hire a hitman, they must inform me immediately. "That's why I knew it was so timely."

Wu Tie was so angry that he kicked the stairs on the side of the road. Since Zhang Dacheng wanted to risk his life, he would fulfill this wish of his.

However, as a civilized and law-abiding person, Zhao Qian certainly wouldn't abet people to kill people. He was going to use a legal method to force Zhang Dacheng to die.

Zhao Qian immediately asked, "Dad, get someone to investigate Zhang Dacheng's background. What business and business partners does he have?"

A wise man cannot be a father, "Zhao Fu replied with a smile." I knew you would investigate this and have already sent people to investigate. When there is news, I will immediately notify you. However, you are in danger now and can't continue to stay in the Eastern Ocean. You must return to Yanjing.

Zhao Qian knew his dad's temper. If they were to confront him, it would definitely be the opposite. He obeyed and replied, "Sure, I will definitely listen to my father. I'll go back tomorrow. Prepare to greet my mom and me."

Zhao Fu immediately laughed happily. It had been a long time since he had seen his son. However, it's not good for just his son to come back. The girl from Huaying Group must also come back.

Zhao Qian promised his dad that he would definitely bring Wang Jing back with him. However, he also emphasized that it was just an ordinary meeting. Don't make it too formal, lest it scare Wang Jing.

Zhao Fu laughed out loud and replied, "Alright, I know what to do. You make it sound as if I'm not that young."

"Even if you know, I still have to remind you. Alright, let's stop talking. I have to go eat. You should eat early and take care of your body. " Zhao Qian replied with a smile.

"Don't worry, I know what I'm doing. I think so. Be careful not to go out at night. I've already told Yang Hu to send more people to watch over you. In any case, you must be careful and not make any mistakes. " Zhao Fu warned.

Zhao Qian nodded and hung up.

In order to not worry Wang Jing, Zhao Qian changed his face into a smile and returned to the car.

Wang Jing immediately asked, "What's wrong?"

Zhao Qian forced a smile and replied, "Nothing, nothing. My dad called and told me to put you on tomorrow. If you don't go, I'll be beaten up when I go back. "

Wang Jing immediately covered her mouth and laughed, this means, as long as she doesn't follow, then wouldn't she be able to indirectly make Yang Chen leave?

This fellow had been giving her quite a bit of face all along. She had been looking for an opportunity to take revenge, but she was unable to find one. Now the opportunity had come.

Wang Jing pretended to be very sorry and said to Zhao Qian, "Aiya, I suddenly remembered that my mom arranged a blind date for me tomorrow. I can't delay such a life. I can't go to Yanjing. I'm really sorry, let's go next time. "

With just her thoughts, how could she deceive Zhao Qian?

Zhao Qian smiled and said: "Whatever you want." If you don't follow me back to the Yanjing, then you have violated the agreement that I came to you with. If you break the agreement, I have the right to cancel it. If there is no restriction in the agreement, the shares in Huaying in my hands will have to exercise administrative authority. "

Wang Jing was immediately terrified. No matter what, she could not lose control over the Huaying. She rolled her eyes at Zhao Qian and whispered, "Not at all. I can't tell that he is joking with you. "Iron Man!"

Zhao Qian just smiled and ignored him.

Very quickly, they arrived at Donghai Hotel.

Zhao Qian took out his Venerable VIP card, asked for the most luxurious private room, and brought Wang Jing there.

Wang Jing said unhappily, "It's just us eating dinner, do you need to open such a good room? "Wasting money for nothing."

Zhao Qian locked the door, and hugged Wang Jing from behind, and replied: "How would you waste your money? No matter how much money is spent on you, it's not a waste. "

"Are you for real?" Why can't I believe it? " Wang Jing replied with a look of disdain.

Although Wang Jing said she didn't believe him, she still put on a disdainful expression on the surface. But she was very happy. No matter if what Zhao Qian said was true or false, it was very comfortable listening to it.

The two of them had a good meal before swiping their cards and leaving.

Speaking of which, the moment the two of them got out of the elevator, Yang Ming walked over with Wang Hanxu and a foreigner.

Yang Ming didn't plan to pay any attention to the two, but Wang Hanxu took the initiative to greet Zhao Qian.

"Zhao Qian, what a coincidence. I haven't seen you around Faang Ni recently, are you giving up completely? "

Even though it was a greeting, it was more accurate to call it a mockery and provocation.

Zhao Qian only smiled and did not clash with him.

Yang Ming was silent at the side. Even Zhao Qian could not hold it in any longer. He said to Yang Ming, "Come on, I think you can do it. Under your lead, Feiyu Group will definitely go bankrupt even faster. "Haha ..."

Yang Ming shouted angrily, "Zhao Qian, don't go too far. I didn't provoke you, what right do you have to mock me? "

Zhao Qian was as calm and collected as ever, and calmly replied: "Look at you getting angry like this, how are you going to take over the Feiyu Group in the future. If you are so impulsive, the Feiyu Group will definitely be destroyed in your hands. "Don't think that pulling in foreigners' funds will save you. If the management doesn't have the ability, how much investment will be wasted."

Yang Ming and Wang Hanxu were so angry that they couldn't take it anymore.

Just as they wanted to join hands and counterattack, the foreigner that was with them spoke up.

"Hey! What's your name? My name is Jason Smith. "

Zhao Qian laughed and replied, "My name is Zhao Qian."

"Zhao Qian, Ok, listen. I don't care what thoughts you have towards us, as long as we invest in the Feiyu Group, we can definitely pull them out of their predicament. "So, please don't say anything that insults our strength, or else you will regret it in the future." Jason Smith said very impolitely.

Zhao Qian laughed heartily and left with Wang Jing in his arms, no longer paying any attention to them.

Wang Jing whispered, "Looks like there's really no other way out for Yang Family. To think that we would actually have to seek the capital of foreigners to cooperate with us. Like my dad, Yang Cheng is very reluctant to let foreign capital into the company. "How could he agree to let Yang Ming work with foreigners?"

Zhao Qian didn't pay attention to what she had said at all. At this moment, his mind was thinking of a way to make Yang Mingbai waste time.

Wang Jing saw Zhao Qian staring blankly at the ground, but didn't answer her. She pushed him away as soon as she was angry.

Zhao Qian woke up in a hurry, awkwardly smiled and asked: "What's wrong? What did you just say? "

Wang Jing glared at Zhao Qian and snorted.

I have to take her home tomorrow, but I can't quarrel with her at this hour. Zhao Qian could only hurry up and chase after her as he tried to coax Wang

Jing on the side.

"Aiya, since ancient times, you are the most beautiful girl. May I ask what happened to you? You're so beautiful, and you even have a frown on your face. Isn't it all for nothing that you have such a perfect face? "

Wang Jing shot a glance at him before snorting coldly and continuing to walk forward.

Zhao Qian could only continue to follow beside her and coax her. Unknowingly, the two of them had arrived at a hotel.

Zhao Qian was still trying to coax Wang Jing, but she stopped and did not leave.

"What's wrong?" Zhao Qian asked in confusion.

Wang Jing didn't say anything. Her eyes kept rolling until they were fixed on the door of the hotel.

Zhao Qian followed her line of sight and immediately smiled.

C256 Tracked

Zhao Qian was not stupid. He was well aware of what Wang Jing meant by standing at the hotel entrance and not leaving.

However, she was still a girl. There were some things that could be hinted at, but could not be said explicitly. At this time, Zhao Qian was the only one who needed to speak.

Zhao Qian said: "Why don't we go in and rest for a while? "I just finished eating, so it's not suitable for me to exercise. I should digest it."

Wang Jing nodded in agreement and replied, "You're right. We should have a good rest right after dinner. Then let's go in and rest for a while. I'm warning you, just rest for a bit and don't think too much about it. "

Zhao Qian quickly replied: "Of course, I also went to rest and didn't think of anything else."

Wang Jing pouted with a proud look, nodded and followed Zhao Qian inside.

The moment the two of them entered the room, Zhao Qian hugged her and kissed her.

Wang Jing quickly resisted and asked, "Didn't we agree that we're only going to rest? What are you doing? "

Zhao Qian pressed his forehead against Wang Jing's, and replied with a smile, "I'm afraid that you won't be able to sleep. I'll help you exercise first, but once you're tired, you'll be able to sleep quickly."

Wang Jing rolled her eyes and glared at him, but didn't say another word. If you don't say anything at this point, that would be tacit agreement.

Therefore, Zhao Qian was confident and boldly spurred his horse forward.

The two stayed in the hotel room until nine in the evening before leaving. After all, he had to go to Eyebrows tomorrow. He had to hurry back and pack his luggage.

Zhao Qian sent Wang Jing home and then drove himself back. He had not driven far when he noticed that a car was following him.

"Holy sh * t!" Could it be that Zhang Dacheng hired the killer? Wouldn't it be too dangerous if I passed a place where no one was? "

Zhao Qian muttered to himself. The more he thought, the more dangerous he felt. After passing a crossroad, he turned around and returned.

The other cars behind him also turned around and followed him. They were sure that they were coming towards him.

Even if he stayed at Wang Jing's house for the night, the matter was still not resolved. If he didn't take care of the people following him, something would happen sooner or later.

Zhao Qian then called Yang Hu, explained the situation, and told him to send someone over to deal with it.

Yang Hu did not dare to be slow. This person had already followed Young Master, this was his dereliction of duty. In order to make up for his mistake, he personally brought people over.

Zhao Qian returned to the entrance of Wang Jing's residential complex and called her.

"What?" So soon? " Wang Jing asked with a smile.

"No, I'm back. I think it's better to be with you tonight. " Zhao Qian replied.

Wang Jing quickly pulled open the curtains and looked towards the entrance of the residential complex. However, she could not see anything.

"You're not joking with me, are you? "It's really at the entrance of the sector?" Wang Jing asked again.

Zhao Qian pressed the horn a few times. Wang Jing immediately heard the horn at the entrance of the residential complex. At the same time, a voice came over the phone.

She quickly put on her clothes and ran to the entrance to get Zhao Qian.

"What's the matter with you? Why did you come back? " Wang Jing asked.

Zhao Qian definitely couldn't speak the truth, so he could only continue to hoodwink him.

"Why else? I miss you so much that I want to be with you tonight. That's the simple and crude reason. "

Wang Jing smiled gently, no longer doubting Zhao Qian's words.

Soon, Zhao Qian parked the car in Wang Jing's parking space. He purposely looked back to make sure that no one and no car were following him before feeling relieved.

Just when the two of them got off the car and were about to leave, a loud noise came from the entrance. It sounded like a guard was shouting not to enter.

Zhao Qian knew that something was wrong, his men must have barged in. This group of people wanted to make a move now.

Wang Jing was looking at the door when Zhao Qian suddenly picked her up and said with a smile, "Quickly go home and sleep."

Zhao Qian carried Wang Jing and ran back as fast as he could.

Wang Jing felt shy and whispered, "Why are you running so fast?" It's still early, so there's plenty of time. "

"No, I can't wait. I have to go to sleep. "I'm tired!"

Zhao Qian continued to run as he continued to coax. Only when the two of them entered the elevator did he feel slightly more at ease.

However, just as the elevator door was about to close, two young men rushed over. Just at that moment, Zhao Qian quickly threw the shoes out.

The two men instinctively avoided the shoes, taking advantage of this opportunity to close the elevator door.

Wang Jing saw that something was wrong with Zhao Qian and immediately asked: "What's wrong? Who were those two people just now? "

Zhao Qian continued to coax him, "I don't know him either. But I don't think they want to be nice. It's better not to let them in the elevator. "

Wang Jing did not believe him. She pulled him into the elevator as soon as she stepped out. Then she seriously asked: "Zhao Qian, I'm not joking with you, what's going on? You came back to find me because someone was following you, right? "

Zhao Qian nodded and laid down on the sofa.

Wang Jing was very worried about his safety. She wanted to know who he had offended. Why was there always someone who wanted to deal with him?

There were some things that Zhao Qian thought it would be better not to tell her. If she knew, she wouldn't be able to help, but it would instead make her worry.

Thus, he smiled and replied, "I don't know who I offended. Perhaps I was too arrogant and accidentally offended someone."

Wang Jing rolled her eyes. She was speechless at him. Since he knew that he was somewhat arrogant and was prone to offend people, why didn't he change?

Zhao Qian replied without a care, "I'm used to this, why should I change my mind?"

"But it's easy to offend people this way?" Do you have to be in trouble to realize what you did wrong? " Wang Jing reprimanded.

Zhao Qian got up and walked into the bedroom. He laid on the bed and was about to sleep. Wang Jing pulled him up and asked him very seriously if he could change it.

If she could, she would be his girlfriend. If he can't change it, he'll go now. She didn't want to hear about his tragic death on the street.

Zhao Qian understood Wang Jing's intentions. However, she did not understand that these things could not be avoided just because she wanted to.

However, he didn't want to say anything against Wang Jing's meaning at this time. Otherwise, the two of them would definitely start a fight.

Zhao Qian then changed the topic and asked with a smile: "What did you say just now? You want to be my girlfriend? Are you confessing to me? "

Wang Jing's face turned completely red and she quickly explained, "There is a prerequisite for me to do that. If you can get rid of your arrogant and despotic habit, I can consider being your girlfriend. "If you can't change it, then I won't."

"Yes, of course I can. But, shouldn't you give me some motivation? "

With that, Zhao Qian pulled Wang Jing into his embrace and started asking her for motivation.

However, at this moment, Yang Hu called him. Wordlessly, he let go of Wang Jing and went to the balcony to answer the phone.

Zhao Qian tried his best to suppress his anger and asked: "What is it?"

"Young Master, we have captured the man who was following you. I've already told him that it's Liu Bao's man." Yang Hu replied.

Zhao Qian didn't understand why Liu Bao would suddenly attack him.

C257 Decided to Clean up the Leopard

Thinking about it carefully, it had been a long time since Zhao Qian had interacted with Liu Bao. Why did he suddenly make trouble?

Zhao Qian then asked: "Then why did they say Liu Bao wanted to deal with me? I haven't had any conflicts with his people lately. "

How could these lackeys know why their Big Bro wanted them to deal with Zhao Qian? They only wanted to follow orders.

However, Yang Hu An's spy, who was at Liu Bao's place, sent a message back. The reason why Liu Bao attacked Zhao Qian was to blame Zhang Yucheng for forcing him to get a professional killer to come back from Xiangjiang to deal with Zhao Qian.

If Zhao Qian was in danger, Yang Hu would definitely not sit idly by. This meant that Yang Hu was going to risk his life against a professional killer.

Last time he risked his life, Yang Hu was seriously injured by the bullets, but he did not die. Liu Bao didn't believe that he would always be so lucky, and this time, he might even get beaten to death.

As long as Yang Hu died, Liu Bao's strength would be the strongest amongst the dark energy in the entire Donghai City. He was the Du Yuesheng of the past, Xu Wenqiang.

Hearing Yang Hu's words, Zhao Qian couldn't help but burst out laughing. Wanting to dominate Donghai City with Liu Bao's little intelligence was simply a dream.

Even without Yang Hu, there was still Zhang Hu, Zhao Hu, and Li Hu. In short, it wasn't Liu Bao's turn.

However, since Liu Bao had taken the initiative, there was no reason for Zhao Qian and Yang Hu to take the initiative and take the initiative. If you want to play, then play it big.

Zhao Qian gave Yang Hu an order to start preparing to destroy Liu Bao from now on.

Yang Hu himself was not really interested in the fight for power. He was just following orders. If it wasn't for Zhao Fu's request for him to manage the gray power of Donghai City, he would have rather been a bodyguard, to be able to stay by the side of Zhao Fu or Zhao Qian and be satisfied.

Since his interest wasn't in this, he naturally didn't know what to do. Yang Hu asked Zhao Qian to give clear instructions on what to do.

Zhao Qian then asked, "Do you know if Liu Bao's men gambled with poison?"

Yang Hu hurriedly replied, "Of course there is. They're not like us, trying to do decent business. They were trying their best to stir up trouble, and it was inevitable that they would bet on it. Young Master's intention is for me to start with the Yellow Ox Poison, first using the official's power to suppress Liu Bao, then finding a chance to fight him to the death?"

Zhao Qian burst into laughter. Yang Hu was experienced and experienced.

If he let Yang Hu fight with Liu Bao directly, he would definitely pay a heavy price. Perhaps the other weak ones would take the opportunity to make a comeback. That would be too much of a loss.

If he let the government attack Liu Bao's strength first, when they were too busy to take care of themselves, Yang Hu would attack without any warning. No matter how Liu Bao struggled, it was impossible for him to escape defeat.

Yang Hu immediately started to prepare to deal with Liu Bao.

Zhao Qian hung up the phone and hurried back to find Wang Jing. But she was no longer interested and went back to reply to the email.

Zhao Qian pulled up a chair, sat beside her, and said with a smile, "It's not good for the skin to work so late at night. We still have to go to Yanjing tomorrow, so let's quickly go to sleep. "

Wang Jing glanced at him sideways and replied, "I don't want to sleep. He went to the Yanjing tomorrow and finished changing his work today. Go to sleep, in the guest room. "

Zhao Qian immediately gave up. Tomorrow, he would go home to see his parents, it was a bit too much to ask him to go to a guest room.

But Wang Jing said, "So what?" As long as there was no certificate, it was illegal. If I wanted to, I would. If I didn't want to, it would be reasonable and legal. "

Zhao Qian was stunned for a moment and asked: "What constellation are you from? Why is his personality so split? It's still fine in front, but why did it suddenly become like this? "

Wang Jing pushed him away and replied coldly, "It has nothing to do with you. Quickly go to sleep, don't disturb my work. "

Zhao Qian glanced at the computer. She was indeed returning to work email, so he didn't disturb her and went to sleep on his own.

After an unknown period of time, Wang Jing finished her work and went to bed.

Zhao Qian immediately felt someone beside him, and with a flip of his body,

he pushed her down.

"What are you doing?" "Hurry up and get out of the way."

Wang Jing grumbled as she pushed Zhao Qian away. However, Zhao Qian intentionally pressed down on her, and no matter how hard she tried, she couldn't push him away. She couldn't get rid of Zhao Qian after struggling for a while, so she gave up on resisting.

Zhao Qian got what he wanted and spurred his horse forward.

The next morning, Zhao Qian woke Wang Jing up.

Wang Jing looked at the time. It was just past six o'clock, so she grumbled, "What are you doing? "What time is it? Why did you wake me up?"

"It's six o'clock, pack up. We still have to go to the airport." Zhao Qian replied.

"Oh my god, a 12 o'clock plane, you're going to get up and go over right now, you're crazy. I don't care, I want to sleep, who told you not to let me sleep last night. Don't disturb me, or I won't go. "

With that, Wang Jing rolled over to the other side of the bed and continued sleeping.

Zhao Qian was helpless and had to get out of bed first. He would go home and pack his things, then come back and wake her up.

Just when he went downstairs and got out of the elevator, Zhao Fu's phone call came in. Zhao Qian quickly picked it up.

"Hello, Dad, what's the matter?"

Zhao Fu laughed and replied, "Nothing, I just want to see if you are up yet, don't miss the flight. Your grandfather, your aunt, and your two uncles are all on their way. Your mom went to pick up your grandma and grandpa before daybreak, so you should be at your grandma's house by now. With so many people waiting, you'd better not come back alone. "

Zhao Qian was stunned when he heard this. He agreed to treat it as an ordinary meeting, so it couldn't be considered an official meeting. [Why does everyone know about this?]

It would be good if he married Wang Jing in the future, but if he didn't, how awkward would that be? After all, according to etiquette, the elders had to pay their respects to their elders for the first time.

If he failed this time, would Zhao Qian bring his girlfriend home next time? The relatives thought that he had colluded with the girl to cheat her of the gift.

Zhao Fu heard his son nagging so much and immediately started laughing out loud.

"My son, given our family's circumstances, it won't be a big deal to give them a few more gifts. The point is that your future concerns the future of dozens of families, so of course everyone cares about your other half. "

"I know what you mean, but I'm not sure I want to be with her. With all of you doing this, if I didn't want to be with her, I wouldn't even be able to say it out loud. It is because of the great responsibilities I will have to bear in the future that I have to be careful to choose the other half. Don't disturb me like this. "

Zhao Qian complained.

Zhao Fu was worried that his son wouldn't return after getting angry, so it would be a waste of their joy.

So he quickly comforted: "Don't worry, they are only observing the little girl's character and appearance in the Huaying family. They definitely won't ask anything that they shouldn't. "Alright, I won't tell you anymore. Hurry up and pack up to go to the airport."

Zhao Qian sighed and hung up the phone.

If Wang Jing knew about this, she would definitely be so scared that she wouldn't dare to go to Yanjing. Zhao Qian decided to hide it from her and let her be mentally prepared when they get there.

C258 Not Going

Zhao Qian hurried home to pack his stuff and then went back to Wang Jing's house.

Wang Jing unhappily got up and opened the door for him, grumbling, "Isn't it just going home? Is there really a need to get so excited? I started rushing you before dawn, and I've already given up on you. "

Zhao Qian put down his luggage and replied, "Big Sis, we are on a plane, not driving by ourselves. Wait at least two hours in advance at the airport. Get up, have you finished packing the things you wanted to bring? "

Wang Jing replied impatiently, "There's nothing to pack up. Just bring some clothes with you." I'm really too sleepy for a while longer. "

With that, Wang Jing walked back into the bedroom. Zhao Qian quickly hugged her and said, "Sis, you can go back to sleep when we get on the plane. Now pack up and go to the airport and wait. "OK?"

Wang Jing shook her head vigorously a few times and then pounded it a few times to clear her mind.

"I'm really going to be driven crazy by you! Go, go now! You go and pack my clothes for me, in that closet. I'll wash my face and brush my teeth. "Okay?"

Zhao Qian made an "OK" gesture and quickly went to help Wang Jing pack her clothes.

Wang Jing's wardrobe was amazing. There were over a hundred clothes inside, neatly arranged and densely packed. Not only his jacket, even his underwear were hung in dozens of different sets. If an ordinary person were to marry her, they wouldn't even be able to afford her clothes.

Zhao Qian picked out a few sets of clothes according to his preferences and quickly put them into his luggage. Then, he dragged the luggage out.

Meanwhile, Wang Jing was still brushing her teeth. At her current speed, she was definitely going to delay the flight.

"Hey sis, can you hold on tight? This is a flight, not a train. We have to be at least two hours early." Zhao Qian urged.

Wang Jing turned around and glanced at him, but didn't say anything. She continued to brush her teeth calmly.

Zhao Qian sighed helplessly and lay on the sofa to sulk.

After a while, Wang Jing came out and glanced at him. Seeing that he was a little unhappy, she sped up.

However, the girl had to take care of him before she left. No matter how fast she was, it would still take her nearly an hour to finish applying all sorts of lotions.

After dressing up, Wang Jing was worried about what to wear. Red, I think. Black bar, feel too old. Dress up. Too formal. It was just a casual look, but he felt like it wasn't important enough.

Just like that, another half an hour passed. At this moment, Zhao Qian fell asleep!

Zhao Qian woke up too early and laid down on the sofa. He fell asleep right away.

No one urged her on. Wang Jing patiently chose one for herself, not panicking at all. By the time she was done, it was ten-thirty.

Wang Jing pulled the suitcase over to the sofa in the living room and kicked Zhao Qian a few times to wake him up.

Zhao Qian quickly opened his eyes and stood up.

"We can finally leave! "Hurry up, hurry up and leave ..."

With that, Zhao Qian pulled his suitcase and was about to leave.

Wang Jing followed unhurriedly and asked, "It's already ten-thirty, is there still time?"

"What?" Ten thirty? Why did you take so long! I got up at six and didn't leave until ten-thirty. F * ck! Are you trying to cause trouble for me? " Zhao Qian shouted in dissatisfaction.

Wang Jing's temper was also irritable. She immediately retorted, "What are you yelling for? I fell asleep on the sofa, and now blame me? "

"If you'd gotten up at six like me, we would have been waiting in the departure lounge by now. It will take at least an hour to drive from here to the airport. " Zhao Qian continued to roar.

Wang Jing felt wronged in her heart. She had always been anxious to follow him home. It was fine if he didn't understand, but he was still shouting at her.

"Go back yourself!" I'm not going! "

Wang Jing was so angry that she threw away the bag in her hand and sat down on the sofa in a rage.

Zhao Qian was really annoyed. It was clearly a simple matter, and it was made so difficult by her. Moreover, this matter was an agreement between the two

of them to exchange their authority in Huaying Management. She had signed, and that had to be done.

"What do you mean?" Zhao Qian asked angrily.

"It's nothing, I just don't want to go." Wang Jing replied coldly.

Unlike her usual ice-cold self, Wang Jing was obviously a little nervous and frightened. Her hands rubbed at the corners of her clothes, and she lowered her proud head. Normally, she was extremely arrogant and haughty.

Zhao Qian could tell that she was afraid, so she deliberately delayed for time. Thus, he tried to calm himself down and comfort her.

Zhao Qian walked over, squatted in front of Wang Jing and said in a gentle voice, "Jing, are you afraid? This isn't like you. "Normally, you're always overbearing."

Wang Jing naturally wouldn't admit that she was afraid. She immediately denied it. "What am I afraid of? It's just that I don't want to go because I don't like you. "

"Oh, so you were angry with me. So, is there anything I can do about it? You are beautiful, and you must be beautiful. You can't make me go home and get scolded, can you? " Zhao Qian replied with a smile.

Wang Jing's gaze moved to his face. She thought for a moment, then suddenly laughed and replied: "It's fine if you want to fix it, but give me some shares in Mr Qian Entertainment. At least 10%, I can't ask for compensation yet. As long as you give it to me, I will immediately follow you back. "

Zhao Qian knew that Wang Jing had always wanted a stake in Mr Qian Entertainment. But he was annoyed by her threatening demand.

"Wang Jing, if you are such a person, then I won't let you go. I can give it to you, but you can't. Do you understand what that means?" Zhao Qian said angrily.

Wang Jing felt a little guilty, and she could tell from Zhao Qian's eyes that he was very angry. However, since she had already said so, there was no way she would admit defeat.

"You can give it, hehe ..." Will you give it to me? How many times have I told you, do you remember? I'm not a greedy person, but you won't give me a chance to exchange it. Since that's the case, I can only find an opportunity to ask for it. Now that the conversation has come to this, I'm not afraid of falling out with you. "Are you going to give me or not? Give me a straightforward answer!"

Wang Jing's aura as a strong woman had completely dissipated. At this moment, she treated Zhao Qian as a partner that was in the midst of discussing cooperation, and she was fighting for more benefits for herself.

As for Zhao Qian, it didn't matter how angry he was. Since he didn't meet her requirements, this cooperation was impossible.

Staring at Wang Jing, Zhao Qian let out a long breath, and replied: "You want me to take back my authority in Huaying right?"

Wang Jing snorted and replied, "We signed a contract, if you dare to break it, I will sue you. I promised to come to your house, but it wasn't written in the agreement. If I want to go back with you, I'll go back with you. If I don't want to go back with you, there's nothing you can do about it. "

It seemed that even now, Wang Jing still did not understand why Zhao Qian would need to spend 4 billion to control Huaying.

"Wang Jing, what you did to others is useless to me. I spent 4 billion, and you

think it's just a joke? I want to tell you that if I want you to submit, you must. Since you said that, then I won't waste time with you. Just you wait, I'll be back during the Mid-Autumn Festival, my Huaying will change to the surname of Zhao! "

With that, Zhao Qian pulled his suitcase and left.

Wang Jing was stunned. According to her past experiences, if she was so arrogant, the other party would definitely beg and coax her. Why is Zhao Qian different from others?

C259 Arguing Is a Good Thing

Wang Jing paid the price for her arrogance. Zhao Qian didn't even kneel down and lick her.

Now she felt awkward. According to Zhao Qian's temper, he would definitely keep his promise. When the Mid-Autumn Festival ended, he would definitely take back the authority to manage Huaying.

But if she caught up to him now, how would she have the face to see him in the future? Wouldn't he be completely suppressed in the future?

After careful consideration, Wang Jing decided not to chase after Zhao Qian. After all, she was a goddess that was being pursued by others, how could she do something so disrespectful?

Zhao Qian quickly drove his car to the airport. He could use the VIP entrance, so he should be able to make it in time.

After 40 minutes, Zhao Qian arrived at the airport and boarded the plane through the VIP channel. Soon, he found his seat and sat down.

There were still more than 20 minutes before the flight attendant came to remind everyone to turn off the electronic equipment and fasten their safety belts.

Zhao Qian looked at the screen in shock, his emotions were very complicated. He was very angry, but at the same time, he wanted to give Wang Jing a chance.

As the saying goes, love grows over time.

At this moment, the flight attendant walked to Zhao Qian's side and reminded

him very politely, "Sir, hello. For the safety of you and others, I'd like to trouble you to turn it off."

Zhao Qian looked up at the flight attendant and nodded with a smile. Then, his phone was still turned off.

But at this time, Wang Jing regretted. She wanted to apologize to Zhao Qian, so she quickly called him. Listening to the customer service prompt "The phone you dialed has been shut down", her heart broke.

However, she still had a chance to make amends. Hurry to the airport to change his signature and take the flight in an hour. Although she would arrive late at the Yanjing, as long as she went there, she would be able to express her attitude. With Zhao Qian's magnanimity, he definitely wouldn't argue with her again.

Wang Jing felt that this was the only way to ease the tension between her and Zhao Qian, so she quickly carried the suitcase out.

Soon, the plane that Zhao Qian was on took off. He was in a bad mood, so he leaned back in his chair and slept.

After two hours, the plane safely landed at Yanjing Airport.

The man Zhao Fu had sent was waiting at the exit with a sign in his hand. He was recognized the moment he came out.

"Young Master, over here!"

Zhao Qian looked towards the direction of the voice and saw a familiar person. It was Zhao Fu's driver, Wang Hai.

Zhao Qian walked over with a smile and greeted, "Uncle Wang, long time no see."

Wang Hai hurried forward to help him carry the suitcase and replied, "Haha ..." It had been a long time since they last saw each other. It had been almost five years. "Young Master is quite independent. If he doesn't want to go back, then so be it."

Zhao Qian laughed and said, "So what? At that time, my dad was too angry, I couldn't even go back. "

"I heard from the chairman that you have grown a lot in these few years. You are no longer the arrogant and domineering rich second generation like before. You want to be rich first generation? Is that right? " Wang Hai asked curiously.

From this, it could be seen that Zhao Fu was very satisfied with his son's performance. But apparently, he had exaggerated Zhao Qian's ability. Without the support of Wealth International, no matter how talented Zhao Qian was, he wouldn't be able to display his skills.

"My dad is just spouting nonsense. If I can become a fuerdai, why can't I do it?" "Haha ..."

"Haha ..."

The two chatted and laughed as they walked towards the exit, but not long after, Wang Hai immediately stopped and looked back. He asked puzzledly: "Young Master, didn't the chairman say you would bring your girlfriend back? Why didn't I see her? You two didn't fly on the same flight? "

The smile on Zhao Qian's face disappeared and Wang Hai immediately understood the situation. He quickly comforted, "It's nothing, it's nothing ..." We are all looking forward to Young Master's return, as long as you return. "

"Haha ..." Zhao Qian smiled awkwardly.

The two of them quickly got on the carriage and went straight to Zhao Family's villa.

As the boss of a large multinational company that couldn't be valued, Zhao Fu's home was naturally not simple. Zhao Family alone occupied a mountain. On the mountain, other than Zhao Family's villa, there were also Goff Stadium, etc.

There were guards at the foot of the mountain, so they needed Zhao Fu and Yu Guifeng's invitation letters to come in and out. Even the relatives, friends, or servants of Zhao Family were not allowed to bring people up the mountain without permission.

Zhao Fu and Yu Guifeng, along with Zhao Qian's aunts and aunts, were waiting at the foot of the mountain. After all, he was the future leader of Zhao Family and all these people, as well as their descendants, would depend on Zhao Qian for their future lives.

Soon, Zhao Qian's car turned around.

"It's here!" It's here! " Zhao Fu shouted excitedly.

He hadn't seen much of his son in the past few years, and most of the time he had only used video calls to contact his son. He had been waiting for this moment for many years, and he was extremely excited just thinking about it.

The group of people hurriedly walked toward the car. Zhao Qian also told the driver to hurry up and stop the car. As a junior, he didn't have the qualifications for the elders to welcome his car, so he had to walk over.

When everyone saw Zhao Qian get off the car, they all happily waved and greeted him.

Zhao Qian quickly ran over and greeted everyone with a laugh.

"Big money. He's skinnier than before." "But he's even more handsome now."

"This is because they are in a relationship, aren't they willing to eat? Look at how hungry you are. "I don't have any money, so I'm asking your dad for it. You're really serious with your dad."

"Where's your girlfriend? Hearing big brother say that she's the big miss of Huaying Group, I even specially searched for her picture on the internet. Tell her to get out of the car. I want to see if she's any prettier than the pictures. "

"..."

With a few words from the crowd, Zhao Qian did not even have a chance to interrupt them.

At this time, the driver also got out of the car, walked over to Zhao Fu and reported: "Chairman, only... "Only the young master came back alone ..."

The smiles on everyone's faces froze, especially Zhao Fu's. His family's closest relatives had all come, yet this brat was actually playing such a trick on him.

"What's going on?" Zhao Fu asked angrily.

Zhao Qian smiled awkwardly and hugged his dad's shoulder. He replied, "Dad, don't be angry. I finally came back, and I think I should spend a few days with everyone. If I bring her back and you all go see her, who would care about me? "When I come back next time, I'll bring her over to meet everyone in person."

"Stop bullshitting with me! Did he have a fight with someone? Not... I don't

understand. Why can't you tolerate it? Must you argue with her now?" Zhao Fu reprimanded.

Zhao Qian hurriedly explained, "Dad, what you said is wrong. After all, I am Zhao Fu's son. Besides, with my temper, I'm not someone I can tolerate. He had to retaliate, he couldn't afford to be careless! Wouldn't I have no status in the future? My mother had seen her and knew what a strong girl she was. Can I give in?"

Yu Guifeng hurriedly spoke up for her son: "I can bear witness to this. The little girl from the Huaying family is indeed very powerful, even better than me. That's why I like her. If she wanted to be my son's girlfriend, or even a wife, she had to have some sort of aura and be able to stand up to the scene. Brother Fu, what do you say?"

Hearing their words, it seemed to make sense. If it was a girl without a mind, then she wouldn't be able to help Zhao Qian in the future.

With such a large family business in Zhao Qian's hands, if his other half couldn't help share the pressure, then what was the use of it?

From generation to generation, he could spend money to find surrogate pregnancies and customize the descendants he wanted.

For personal needs, with Zhao Qian's identity, what kind of woman did he want? Why marry one?

Thinking like this, Zhao Fu felt that it was a good thing that Wang Jing and Zhao Qian had a conflict.

However, this was all a story in the future. Since his family and friends were here, he couldn't just leave. So he said to Zhao Qian in an commanding tone, "You should call her right now to prepare, I'll arrange for a plane to fly her here. No matter what reason you have, she must come to our house today."

C260 Voluntary Softening

Honestly, Zhao Qian didn't want to call Wang Jing at this time.

Firstly, he was worried that she wouldn't give him face and wouldn't come. Secondly, if she were to come and see so many relatives present, she would definitely blame him for deceiving her. With her personality, she didn't know what she would do.

Therefore, Zhao Qian tried to discuss it with his dad.

"Dad, why do you need to go through so much trouble? In another twenty days or so, it will be National Day. I'll bring her to see the parade. There was no reason for so many elders to wait for her. Don't you agree? "

Zhao Fu kicked him when he heard that, and scolded, "Stop f * cking playing games with me. Your father didn't even play with your IQ, and you still want to play with me? Call me honestly, or get out of here. I can chase you out for five years, but I don't care about another five years. "

Yu Guifeng quickly pulled her son away and advised him, "Son, how can you be stupid? This is your chance to have a good relationship with your dad. How can you go against his wishes? Tell Mom, what's going on? Why did she suddenly change her mind and stop coming? "

Zhao Qian also didn't understand that everything was fine. Who knew why Wang Jing would suddenly go crazy and suddenly stop coming?

In any case, this call could not be made. Zhao Qian replied: "Mom, if I call her at this time, wouldn't I have to ask her for help? It would be good if I didn't marry her, but if I did, what would she do if she forced me to marry her in this way? Then how am I supposed to live? You have to listen to her, or she'll force me. Do I agree to it or not? "

Yu Guifeng understood what her son meant. However, with so many relatives arriving, it would be unjustifiable for everyone to not be able to catch up.

Therefore, she thought of a way to save the country by making a phone call to Wang Jing to ask her about the situation, and then he would decide whether to make a call or not.

Zhao Qian didn't really want Mom to do this, so he made it seem like she had to lower her head and beg Wang Jing.

However, Yu Guifeng insisted on calling Wang Jing. Unfortunately, the customer service informed him that the phone was turned off.

Yu Guifeng sighed and said, "It looks like we're not fated to be family. Forget it. My son is a man of his word, and there is no doubt that he will find a better one. "Let's go, I'll go talk to your dad."

Zhao Qian nodded with a smile and followed behind Mom.

Zhao Fu still had an unsightly expression as he stared at Zhao Qian with a grave expression.

Yu Guifeng quickly spoke up for her son and said with a smile, "Brother Fu, don't be angry. That girl had temporarily changed her mind, showing that she was timid. They didn't even have the courage to meet their parents, and this kind of girl isn't worthy of our son. Don't you agree? "

Zhao Fu snorted and replied, "Do you think I'm a fool? Who is my son in love with, I will not investigate each other's personal situation? The little girl from Huaying was a rare girl who shared both looks and intelligence, a perfect match for her son. "This bastard must have had a grudge with her, and was so angry that she stopped coming.

Zhao Fu said this as if he was very satisfied with Wang Jing. Yu Guifeng immediately asked, "What do you mean? "Why do I feel like you have taken a fancy to that girl?!"

Zhao Fu rolled his eyes and reprimanded, "Nonsense!"

With that, Zhao Fu turned around and went back up the mountain.

In order to divert Zhao Fu's attention, he wanted to help his son. Yu Guifeng didn't give up and hurriedly chased after him.

"Zhao Fu, tell me clearly, have you fallen for that girl?"

"Don't talk nonsense. "How old am I? How could I have thought of such a thing?"

"Who can say? Men are very single-minded. No matter how old they are, they all like young girls. "

"Stop bullshitting. So many people are here."

The two argued as they walked up the mountain.

The relatives quickly comforted Zhao Qian and pulled him up the mountain.

Zhao Qian also felt very upset. Everyone was looking at his target in excitement, but in the end, they all failed.

Ten minutes later, Zhao Qian finally returned home.

Grandfather was sitting on the wheelchair at the door. When he saw Zhao Qian return, he immediately stretched out his arms to hug him.

Zhao Qian quickly rushed over, bent down and hugged his grandpa.

"Money, you're finally back. Your dad is really cruel. If he says he doesn't want you, then he really doesn't want you." Grandfather said, trembling.

Zhao Qian was also so excited that he started crying and quickly replied, "I'm back, I'm back ..." "My dad is really bad. Grandfather, you have to avenge me and teach him a lesson."

Grandfather's eyes were filled with tears as he replied with a smile, "Alright! As long as I can see you every day, I'll do whatever you say." Rich, come over here. I'm going to teach you a lesson."

Zhao Fu was really pissed off by the grandfather-grandson pair. He quickly said coquettishly to his dad, "Dad, I'm your son, how can you be like this to others and not me?"

Zhao Qian immediately retorted: "Then I'm still your son, why aren't you facing me? You scolded me for a girl, do you take me for your son? We haven't met properly in a few years, and you're treating me like this?"

Zhao Fu was rendered speechless by his son. The others quickly tried to smooth things over so that Zhao Fu wouldn't feel awkward.

First aunt Zhao Qian smiled and said, "Alright, alright. The big money finally came back, so don't talk about these things that would ruin the atmosphere. Let's hurry into the house and chat for a bit."

Zhao Qian's little aunt quickly followed up, "Big Sis is right, if there's anything you want to say, go inside and say it slowly. What's the point of crammed at the door."

Zhao Fu nodded and ordered Zhao Qian to push his grandfather into the house.

On one side, the family was enjoying themselves, while on the other, Wang Jing had already checked in. Right now, she was feeling especially regretful, but at the same time, she was also very conflicted. In short, her feelings were very complicated.

Three thirty in the afternoon, as Zhao Qian was telling his family his experiences in Donghai City, Wang Jing called him.

Zhao Qian looked at it and hung up. He thought Wang Jing might have called to argue, and he didn't want to spoil the harmony.

Yu Guifeng's mind was more flexible. She hurriedly asked, "Did that girl call you?" Why didn't you answer? "

Zhao Qian didn't want everyone to talk about Wang Jing again, so he immediately denied it. "It's not him, it's a sales call. There's no need to answer it."

Yu Guifeng didn't believe him and immediately walked over to Zhao Qian to ask for her cell phone.

"Aiya, mom, just don't ruin this wonderful atmosphere, okay?" Zhao Qian complained.

Yu Guifeng ignored him. Since Wang Jing was able to take the initiative to call her, she probably regretted it. Girls give in first, men should no longer put on airs.

Zhao Qian couldn't beat his mother, so his phone was still snatched away. When Yu Guifeng saw that the newest caller ID was Wang Jing, she immediately returned the phone to her son and ordered, "Go out and call her back."

Zhao Qian didn't want to argue with Wang Jing and immediately refused.

Zhao Fu reprimanded, "Little bastard, that girl took the initiative to call you, what else do you want? Men should be magnanimous, especially towards their own women. If you have the ability to force others, what kind of skills do you have to put on airs with your own woman? "

Yu Guifeng immediately dialed the number and said, "If you don't want to tell her, then I will."

Zhao Qian sighed helplessly, stood up quickly and left with his phone.

C261 Awesome License Plate Number

Wang Jing answered the call but didn't say anything. She was waiting for Zhao Qian to speak first.

Zhao Qian also had the same thought. He didn't want to take the initiative to talk to her, so he waited for Wang Jing to take the initiative to speak first.

The two of them continued to waste time like this. But a few seconds later, Zhao Qian heard the radio at the Yanjing airport over the phone. He immediately became alert.

"You came to the Yanjing?" Zhao Qian asked tentatively.

Wang Jing felt wronged. She came over to ask for peace, but Zhao Qian still hung up on her. So she did not speak.

Zhao Qian was already very angry, but since she didn't say anything, he got even angrier.

"Why did you call if you didn't say anything?" Zhao Qian asked snappily.

No matter how strong Wang Jing was, she could not hold on any longer and burst into tears right away. Zhao Qian felt a bit guilty when she cried like this.

His parents were right. Girls were showing weakness. As men, they shouldn't put on airs anymore.

Zhao Qian quickly comforted her in a gentle tone, "Sorry. I just got scolded and I'm not in a good mood. If you have something to say, just say it, don't be embarrassed. Before I return to the Donghai City, I will still be able to help you. "

"I... I'm homeless... "Sob, sob ..." Wang Jing cried.

Zhao Qian quickly asked, "What do you mean homeless? Where are you? Is it at the Yanjing Airport? "

"Mm ..." "Sob, sob ..." Wang Jing continued to cry as she replied.

Zhao Qian's heart immediately softened. He immediately warned: "Wait for me at the airport. I'll pick you up right now!"

Wang Jing still cried as she replied, "Then come over quickly, I'm so sad ..." "Sob, sob ..."

Zhao Qian acknowledged and quickly hung up the phone. He ran into the house and shouted, "Dad, lend me your car, I'll pick her up at the airport."

Everyone immediately laughed out happily.

Zhao Fu quickly called the driver and told him to pick up Zhao Qian and bring him to the airport.

The driver immediately drove Zhao Qian to the airport.

Zhao Fu laughed out loud and said to Yu Guifeng, "Hurry up and get ready. The little girl flew over here, she definitely hasn't eaten yet. "Although our family's conditions are better than hers, we must not look down on others. We must have etiquette."

Yu Guifeng nodded with a smile and hurried to the kitchen to prepare the dishes.

An hour later, Zhao Qian found Wang Jing at the airport. She was squatting on the ground, her eyes swollen from crying.

Seeing her like this, Zhao Qian's heart melted and whatever anger he had was gone. He stepped forward and picked her up, holding her in his arms.

Wang Jing felt wronged in her heart. She pounded Zhao Qian's chest and cursed, "You bastard, I'm a girl after all. Can't you say something nice to me? You hectored me, and I'm sure I'm here with you. Do you have to force me to follow you?" Sob, sob ..."

Zhao Qian lightly patted Wang Jing's back, and said self-reproachfully, "It's my fault, it's my fault ..." I have also been used to being strong since I was young. Some things that I don't think carefully about are my fault. Don't be angry, everything is my fault. "

Wang Jing hugged Zhao Qian tightly and cried out in grievance.

At this moment, a man wearing a mask, sunglasses, and a peaked cap walked past and stopped by the side.

He was staring fixedly at Wang Jing, and it seemed as if there was a trace of a smile on his face.

Zhao Qian noticed this strange person and asked: "Bro, do you think my girlfriend is good-looking?"

"Haha ..." Good, very good. Otherwise, I wouldn't have stopped to take a look. "

Hearing this voice, Wang Jing immediately left Zhao Qian's embrace in excitement. She looked left and right, then asked softly, "You came out alone? Why didn't the assistant follow? You didn't even arrange for fans to pick you up? "

That person laughed and replied, "I came back to spend the Mid-Autumn Festival with my family. I didn't want to make such a big battle, so I didn't

arrange for my fans to pick me up. I sent my assistants home to spend the holidays with their families. Director Wang, your boyfriend is really handsome. "No wonder you don't want a celebrity as your boyfriend. It seems that your boyfriend isn't any worse than a celebrity."

Wang Jing smiled and quickly wiped her tears away.

Zhao Qian shook hands with the man and said, "Hello, my name is Zhao Qian. "What's your name?"

"Hogo."

Zhao Qian was stunned when he heard that. It was the famous celebrity, Hu Ge.

"Then the voices in your TV series are all matched with the voice of an acrobat, right? Your voice is completely different." Zhao Qian asked with a smile.

Hu Ge nodded and replied, "Yes, a lot of them are post-production. I wanted to use the original sound, but the director didn't think it would work. Someone who could get the attention of Director Wang definitely wasn't simple. "Just where is Mr Zhao high?"

"What do you mean 'haughty'? It's nothing more than making a living. Can I have your contact information? If there's a chance in the future, maybe we can work together. " Zhao Qian replied with a smile.

Since Huge could become an A-list celebrity, his brain was naturally very flexible. If Zhao Qian said that there would be a chance to work together in the future, then that would mean that he was also an insider. He must be the boss of a movie company that Director Wang took a fancy to.

If he could become friends with the studio owner, then he would have more

opportunities to work in the future. Huge hurriedly smiled and exchanged numbers with Zhao Qian. He even specifically reminded him, "If there's a chance in the future, Director Zhao must think of me."

Zhao Qian laughed and replied, "If there is a suitable project, I will contact you. But I have a question for you. "

Hu Ge nodded and said, "What problem?" "Please speak."

"Do you have a girlfriend? When will we get married?" "The fans are really worried about a young child like you." Zhao Qian said with a smile.

Huge laughed out loud and replied, "It's not convenient to leak information at the moment, but once it's settled, I will be the first to announce it to the officials."

Zhao Qian understood what Hu Ge meant. They had someone to date, but he wasn't sure if they should hang out together.

"Sure." "Then we will part ways here. Hopefully, we will meet again soon." Zhao Qian said politely.

Hu Ge also quickly replied politely, "I also hope to see Director Zhao again as soon as possible. At that time, we might have a chance to cooperate."

Zhao Qian nodded and turned to look at Wang Jing.

Wang Jing quickly waved goodbye to Hu Ge and left with Zhao Qian.

Zhao Qian brought Wang Jing out of the airport and got into his dad's car.

Wang Jing exclaimed, "This is your family's car?"

"Ah, what's wrong? Doesn't it look like it?" Zhao Qian asked.

Before she came here, Wang Jing had thought that Zhao Qian's family wasn't simple, it was most likely a wealthy family.

However, she did not expect Zhao Qian's family to be this powerful.

The car is Zhao Fu's car, custom-built by Rolls-Royce. Bulletproof is a small matter, and can resist mortar bombardment.

It could be said that as long as Zhao Fu didn't go to a place like the Middle East where war was taking place, no one would be able to hurt him.

What caused Wang Jing to be even more surprised was the license plate, which was actually the number of the car that started with Yanjing A plate at 88.

This license plate number had been discontinued for more than 20 years. Those who had this license plate, with the exception of a few government officials, were mostly the bosses of large military industrial enterprises.

In short, even if one was rich, one wouldn't be able to get such a license plate. Wang Jing's family could probably provide at least two billion, but she couldn't get the license plate.

However, Zhao Qian's dad's car actually only needed to be photographed, so what exactly was the background of his family? This was what surprised Wang Jing.

C262 Where Did You Get a Wife

Wang Jing asked with a little guilt, "Zhao Qian, tell me the truth, what exactly does your family do? Your father is the president of a military industrial enterprise? Or an important member of the government? "

Zhao Qian shook his head and replied with certainty: "No, my dad is just an ordinary businessman."

Wang Jing did not believe him. How could an ordinary businessman drive such a car and use such an overpowered license plate?

Zhao Qian asked with a smile, "What do you mean? Do you think my dad is awesome and is preparing to be his mistress? "

Wang Jing was infuriated. She grabbed Zhao Qian and smashed him with a hammer.

The driver also laughed at Zhao Qian's words.

Wang Jing felt really embarrassed. No matter what, she was the big miss of Huaying Group, and at Zhao Qian's side, she was like a little girl who had never seen the world. Even the driver could laugh at her.

Zhao Qian quickly apologized to Wang Jing, "Wrong, wrong, let's stop this ... "We need to hurry home. My mom made you some good food and is waiting for you to come over."

Wang Jing pouted and replied, "I don't believe you. Your mom is obviously a strong woman. I reckon that even your hands won't touch oil, so how could she cook for me? "

After all, in the future, you may be her daughter-in-law. In case you mistreat

her in the future and don't give her food to eat. " Zhao Qian joked.

Wang Jing burst into laughter as well, her mood a lot better.

The driver started the car and drove straight to Zhao Qian's house.

Soon, the car reached the foot of Zhao Qian's house. The driver asked, "Young master, do you want to walk or should I drive them up?"

Zhao Qian felt that his father and Mom usually walked up there on foot, and Wang Jing couldn't make things special to avoid giving them a bad impression. Thus, he replied, "Let's walk up by ourselves."

With that, he got out of the car and helped Wang Jing carry her luggage and led her up the mountain.

Wang Jing's heart started beating faster. Zhao Qian's family was exaggerating. He had occupied a mountain! Even without asking, she knew that Zhao Qian's family was definitely extraordinary. He might even be someone on the level of an ancient prince or a prince.

After walking for about five minutes, Wang Jing stopped Zhao Qian.

Zhao Qian looked back at her and asked, "What's wrong?" Tired? "

Wang Jing shook her head and didn't say anything. Seeing her like this, he knew she was scared again. This time, Zhao Qian didn't lose his temper and comforted her with a smile.

"My parents are looking forward to seeing you, so they won't make things difficult for you. Besides, there's me. If they make things difficult for you, I will be the first one to disagree. "

Wang Jing raised her head. She looked delicate and touching, completely

devoid of her usual queenly demeanor. No matter how strong a woman was, there was always a weak side to her.

"Just lie to me. They're your parents, how could you go against them for me? Don't forget, you were arguing with me this morning. "Anyway, I will remember this matter for the rest of my life. After that fight, you just left by yourself, not even bothering to pay attention to me." Wang Jing complained.

Zhao Qian could only put down the suitcase, embrace her and slowly comfort her.

At this moment, Zhao Qian's cousin came down the mountain. When she saw the two of them hugging each other and whispering to each other, she quickly took out her cellphone and made a live broadcast for Yu Guifeng and the others to see.

"Haha ..." Big brother, sister-in-law, this big money is really good at picking up girls. He's much stronger than my big brother. "

"Haha ..."

Zhao Fu also laughed awkwardly, he was indeed happy. After all, the pigs that he had raised for more than twenty years were finally full of cabbage.

Zhao Qian comforted Wang Jing and turned around with her in his arms. He saw his cousin pointing her phone at them from a short distance away.

Zhao Qian was alright, there was nothing to be embarrassed about. However, Wang Jing was so embarrassed that she quickly dodged and stayed three steps away from Zhao Qian.

His cousin laughed heartily and shouted, "Cousin, what are you being so shy for? Everyone saw it, haha ... "

Wang Jing's face immediately turned red. She stared at Zhao Qian angrily and reproached, "Didn't you say there were no outsiders?"

Zhao Qian nodded and replied, "Yes, there are no outsiders. They are all my relatives."

"But you said only your parents and grandpa belong to you!" Wang Jing continued.

Zhao Qian explained, "Originally, there were only my parents and grandpa, but you didn't come. I told my mother. Tomorrow is the Mid-Autumn Festival, they are coming to my house for a meal and a reunion. "

Wang Jing froze in place for a few seconds, then turned around and was about to leave the mountain.

Zhao Qian quickly went forward to stop her and asked, "What are you doing? Now that we're here, you're not going to run away, are you? "

"I'm not mentally prepared. If they ask me this, that, how am I supposed to answer them? It's all your fault. Since you didn't tell me on the way here, then I can prepare myself. " Wang Jing reprimanded.

Zhao Qian's cousin Yuan Fangfang ran over and stopped Wang Jing. She smiled and said, "Cousin, you went in the wrong direction. My cousin lives up there. "Come, I'll take you there."

After saying that, Yuan Fangfang forcefully pulled Wang Jing up the mountain, but she refused to do so no matter what.

If it was before Wang Jing came to the Yanjing alone, Zhao Qian would definitely be angry again. However, he could understand Wang Jing's nervousness now, so he didn't blame her, but rather patiently comforted her.

"Jing, you really don't need to think so much. Don't you think my cousin is easy to talk to? All my relatives are as easy to talk to as she is, so no one will deliberately make things difficult for you. "

Wang Jing still refused to go up the mountain and replied, "No, I'm really not mentally prepared. I'm too nervous. You... Your home in this kind of place is definitely not simple. If I don't prepare properly, your parents will definitely not like me. I'd better go down the mountain and get ready. "

Zhao Qian no longer had the patience. He said the same thing more than ten times, and she still did it. Instead of wasting time trying to enlighten her, he might as well just push her up.

Without saying anything, Zhao Qian bent down and carried Wang Jing on his shoulder.

Wang Jing exclaimed, "What are you doing?" Put me down. "

She kept patting Zhao Qian's back, but it was useless, he couldn't possibly let her down.

"Sister, I'll leave the luggage to you!"

Zhao Qian shouted and carried Wang Jing and ran up the mountain.

His cousin who was behind him laughed out loud and quickly chased after him with the suitcase in her hand. As she ran, she shouted, "Brother Qian, awesome! "He's simply my idol."

Zhao Qian ran up the mountain in one go. Yu Guifeng and Zhao Qian's aunts came out to greet him. Seeing him carrying Wang Jing and running over, everyone burst into laughter.

"Big money, where did you snatch a daughter-in-law from?"

"Haha ..." Brother Qian, where did you get a wife? Tell me, I'll go and get one as well. "

"Cousin, your domineering attitude is simply leaking!" "But this is my good brother, a man has to do this at a crucial moment!"

"..."

Zhao Qian ignored everyone and ran in a single breath in front of everyone. Then, he put Wang Jing down.

Wang Jing's face was flushed. It was unknown whether it was because she was bloodshot or because she was shy. She must have been nervous, though, because she was rubbing her clothes with both hands.

"Sister-in-law, big money isn't bad." The little girl is quite handsome, more beautiful than many celebrities. "

"Cousin, you are so good-looking."

"..."

Everyone immediately started praising Wang Jing, alleviating her nervousness.

Wang Jing let out a light breath and quickly adjusted her state of mind. Since things had already gone this way, it would be rude to continue being nervous and fearful. No matter what, she was the eldest miss of the Huaying Group, she could not lose too much face.

Wang Jing smiled and bowed as she greeted Yu Guifeng. "Greetings, Auntie. Long time no see."

Yu Guifeng laughed heartily and went forward to grab Wang Jing's hand, replying, "It has been a while since we last saw each other. The clothes you chose for me last time were very pretty, don't you think? "

Only now did Wang Jing realize that Yu Guifeng was wearing the exact same outfit she had chosen last time.

What did this mean? This meant that Yu Guifeng was extremely satisfied with her daughter-in-law.

Thinking of this, Wang Jing felt a lot more relaxed. She hurried to say hello to the others.

"Elders, peers, juniors, hello."

"Haha ..."

Everyone was laughing, and the atmosphere was harmonious.

C263 I Am the Heir to the Richest Man

Wang Jing's mood quickly eased up. Zhao Qian's family was indeed easy to get along with.

At this moment, Zhao Fu pushed the old man out.

Zhao Qian quickly said to Wang Jing, "My grandpa and dad are here."

Wang Jing immediately became cautious and quickly took the initiative to greet them. She hurriedly bowed to greet Zhao Fu and the old man when she was just a few steps away from them.

"Nice to meet you, grandpa. Hi, uncle. My name is Wang Jing. I'm Zhao Qian's friend."

The old man chuckled and replied slowly, "Good, good ..." You must be my grandson's girlfriend. "

Everyone laughed.

Wang Jing blushed as she stole a glance at Zhao Qian. Then, she quickly replied, "Grandpa has misunderstood, I'm not his girlfriend. Have you ever seen a boyfriend who leaves his girlfriend alone when he's angry? "

Zhao Qian was speechless and smiled helplessly.

The old man waved his hand, signaling Zhao Qian to come over.

Zhao Qian could only hurry over and ask with an embarrassed smile, "Grandpa is looking for me to give me money."

The old man raised the walking stick in his hand and lightly hit Zhao Qian a

few times, then scolded: "You bastard, you're the same as your dad. Back then, your father also left your mother after a quarrel, but it was me and your grandmother who went to comfort your mother, that was why you were here."
"

"Haha ..."

Zhao Fu and Yu Guifeng also laughed embarrassedly.

Zhao Qian looked at his dad and teased, "In that case, I have inherited dad's excellent genes perfectly." Even if we don't look at our faces, just based on our way of doing things, we can tell that we're father and son."

The crowd roared with laughter again.

Zhao Fu laughed as he kicked Zhao Qian's leg, then said to Wang Jing, "You're called Wang Jing, right? Come on, let's talk inside."

Wang Jing nodded respectfully.

Everyone had to listen to Zhao Fu's orders. Everyone crowded around Zhao Qian and Wang Jing as they entered the house.

Yu Guifeng told the kitchen to hurry up and bring the dishes up. She wanted Wang Jing to eat first before talking.

With so many people watching, Wang Jing felt embarrassed to eat it. But Zhao Qian said his mother made this on purpose, so Wang Jing couldn't not eat it. Therefore, she quickly ate a few mouthfuls to express her interest before wiping her mouth to tell everyone that she had eaten her fill.

Zhao Qian's aunt smiled and said, "Your body looks even better than a celebrity. So that's how you got it." Then you ate too little this time. Won't you be hungry?"

Zhao Qian quickly interrupted and introduced her to Wang Jing, "This is my aunt."

Wang Jing quickly replied, "Aunt, don't worry. I ate some on the plane, so I'm actually not very hungry." However, since Zhao Qian said that this was specially made for me by Auntie, I ate less.

"Haha ..."

The entire hall burst into laughter. Everyone was very satisfied with Wang Jing's EQ.

Zhao Qian watched from the side and let Wang Jing display her skills. He also knew clearly in his heart that if he wanted to be his woman, she would have to worry about all the big and small matters in this family in the future. It was impossible for one's IQ to be low or one's EQ to be low.

In terms of looks, Wu Xin, Liao Xiaoyun, and the others were about the same as Wang Jing. However, in terms of talent and ability to deal with people, Wang Jing had obviously won by a large margin.

With Zhao Qian's family background, the other half that he needs is naturally a girl like Wang Jing. Talented and good-looking, perfect EQ, all indispensable.

Wang Jing was initially very nervous, but as they chatted, she felt that it wasn't a big deal. It was nothing more than a matter of family matters and not too difficult to answer.

They all had a general understanding of Wang Jing and her family, and were basically satisfied.

After all, with Zhao Qian's family background, it would be difficult for him to

find a girl that was compatible with his family. Wang Jing's family was a bit worse off, but her personality was very good. That was the bonus mission.

At this moment, Wang Jing asked Zhao Fu a question in return.

"Uncle, may I ask what your family does? I have to know something about your family, too, don't I? "

Zhao Fu replied with a laugh, "Didn't Zhao Qian tell you about our family's situation?"

Wang Jing shook her head and replied, "No." He never mentioned anything to me about the family. However, after last time with auntie, I feel that your family must be either rich or wealthy. This was because the aura on Auntie's body was not something an ordinary person could possess. I didn't expect your family to be so powerful, to be able to settle down in this kind of place. Furthermore, his uncle's license plate was truly amazing. It wasn't something that an ordinary person could get. Even if my dad wanted it, we wouldn't have it. "So I guess your family must be pretty complicated. I need to know a rough idea."

Initially, everyone thought that the reason Wang Jing chose Zhao Qian was largely because of her Zhao Family.

But now, Wang Jing said that Zhao Qian didn't tell her about the family situation. Since she still fancied Zhao Qian, that meant she really fancied him.

To the rich, they abhor having other people who are close to them because of their money. Without a doubt, Wang Jing's performance gave him more points.

Zhao Fu replied happily: "I can't tell you the details, it won't be clear for a while. I can only tell you some of my family's businesses. Donghai Hotel, mine. The investment from Fuhai, mine. The ocean-going ships, mine.

Eastsea Electric Power, my family's ... "

Zhao Fu casually mentioned a dozen or so companies. The value of each company was equivalent to dozens or even hundreds of Huaying.

Wang Jing was so shocked that she did not dare to say anything. In that case, the person in front of her was the legendary Chairman of the Rich International, Zhao Fu.

These so-called rich lists were worth more than 200 billion, and more than 100 billion was enough to dominate the top three rankings. However, everyone knew that the legendary rich international bosses were the real rich ones.

It was just that it was impossible to determine how many properties there were under his name. As for how much wealth there was, that was just a concept. No one could figure it out.

Zhao Qian was Zhao Fu's only son, the only successor to the entire Zhao Family. Wouldn't he be a billionaire in the future?

Wang Jing looked at Zhao Qian with trembling hands. She couldn't believe that this bastard was the heir to the wealthiest man.

Zhao Qian smiled and asked, "Why are you looking at me like that? Did I suddenly feel that my image had become even bigger? Do you suddenly feel like you'll never be able to leave me again? "

Everyone roared with laughter again.

However, what Wang Jing did shocked everyone. She walked up to Zhao Qian and kicked him.

"Bastard, why are you hiding this? What do you want me to do? " Wang Jing

scolded.

Zhao Qian was confused and asked: "What do you mean, what should we do? In the TV series, the tyrannical CEO hid his identity and flirted with the goddess. When he revealed his identity, the goddess should be very happy, right? What's your reaction? "

Wang Jing immediately replied, "What domineering CEO? How can you believe those retarded dramas? If you reveal your identity earlier, I feel like I won't be able to control your family's situation, so I won't be nice to you. What do we do now? If I accept your family, what if I fail to withstand such a huge pressure in the future? If I don't accept it, then we ... Do you think it's your fault? "

So it was because of this that she was angry, and everyone laughed. They didn't blame her for kicking Zhao Qian in front of everyone, and instead felt that she was a very real and cute person.

C264 The Funds Are Burning

It was understandable for Wang Jing to be nervous and afraid. If it was anyone else, they would definitely be terrified when they suddenly knew that they would have to shoulder such a heavy responsibility in the future.

Everyone quickly comforted her.

"Little girl, I think you're pretty good. You can definitely take on a heavy responsibility."

"That's right. Cousin, I think highly of you."

"Sister-in-law, just because you're able to hold up the Huaying, I believe that you can definitely hold up our family as well."

"..."

The opinions of these people weren't really important. The key point was the attitude of Zhao Fu and Yu Guifeng. If they trusted Wang Jing, that would be the greatest certainty they could give her.

Yu Guifeng comforted her with a smile, "Jing, although I haven't been with you for long, you know? But I can feel that you are a talented and capable girl. Honestly, I was in the same mood as you. I'm not even as good as you are. As long as you have confidence in yourself, there will definitely be no problem."

Zhao Fu quickly followed: "Girl, since you managed our Huaying so well, I believe that you can manage our family properly. Besides, you and Zhao Qian won't be married in three or two years, and you still have plenty of time to prepare. So there's really no need to worry about being scared. You have plenty of time to do it yourself."

After saying that, Zhao Fu gave Zhao Qian a look, signaling his son to speak up.

Zhao Qian could only be like everyone else and consoled, "We all believe that you can, but you definitely can. Besides, don't you often look down on me? So why are you thinking so much? "If you don't want to marry me in the future, why worry so much now?"

Zhao Fu really wanted to beat up his son and let him comfort Wang Jing, but he didn't want to provoke her. How could they be so comforting?

The others also felt that Zhao Qian was too outrageous. How was this comforting? It was clearly a nonsense from an ignorant person.

Therefore, everyone quickly helped to smooth things over for Zhao Qian, so as to prevent Wang Jing from getting angry.

Wang Jing thought about it carefully for a moment, then said to Zhao Qian: "Then let me ask you, tell me the truth. Are you here with me on impulse or do you want to develop with me first? Have you ever thought of marrying me? Or is it just for fun? "

Zhao Fu looked at his son nervously. This kind of question shouldn't be hard to answer. A man with a brain could coax a girl to be happy.

However, his precious son was very different from others. The answer he gave made him so angry that he wanted to vomit blood.

Zhao Qian replied, "To be honest, I only wanted to play around at that time and didn't want to marry you. "I told you, you're not my type ..."

Before Zhao Qian could finish his words, Wang Jing's tears gushed out. She said to Zhao Fu and Yu Guifeng, "Uncle, Auntie, you heard it right? "I think I'll just leave. This place doesn't suit me at all."

With that, Wang Jing bowed to everyone and immediately turned to leave.

Yu Guifeng and the other girls hurriedly chased after her, pulling Wang Jing along with them as they refused to leave.

Zhao Fu was so angry that he kicked Zhao Qian's leg and scolded, "Did you read all these books for nothing? You don't even know how to talk? Just those questions, but any normal man would have answered them. What did you answer for laozi? "

Zhao Qian replied with a wronged expression, "I didn't say anything, I still have more to say."

Zhao Fu scolded, "What the hell are you talking about? You're wrong by answering like that, why are you still listening to my later words."

Zhao Qian's grandfather also chided him, "Money, what you said isn't right. You have to follow a woman's heart, you can't say what you want. "

"Look, your grandfather knows more than you do. I doubt if you're a young man, but why do you think you're so out of date? " Zhao Fu continued to blame him.

Zhao Qian really couldn't stand his family's behavior. He turned around and walked towards the door, pulling Wang Jing along with him.

Yu Guifeng shouted from behind him, "Son, speak properly. Don't be stubborn!"

Zhao Fu also shouted, "Bring that girl back for dinner tonight. If she doesn't come back, then don't come back either!"

Zhao Qian didn't care about what they said and directly brought Wang Jing

down the mountain.

Wang Jing pulled back her hand and asked, "What do you want to say to me? Just say it directly. I have to go back and get my suitcase later, don't go down any more. "

Zhao Qian replied innocently: "Nothing much, I just wanted to take you out for a play."

Wang Jing pouted and replied, "I'm not in the mood. You should get down to business."

"No ..." I have nothing serious to say. I just wanted to show you out. "Let's go, I'll take you for a stroll down the mountain."

With that, Zhao Qian pulled Wang Jing and continued walking down the stairs.

Wang Jing didn't say anything else and just followed Zhao Qian down the mountain to play.

This place was far away from downtown, so there wasn't much fun here. Perhaps the most fun was Zhao Qian's golf course.

Not too far away from the foot of the mountain was a small district, where there was a business district. Zhao Qian then took Wang Jing to go shopping.

The best way for a woman to be in a bad mood was to buy or buy. Regardless of whether or not the items were expensive, it was fine as long as they were purchased or not.

In next to no time, Wang Jing's mood was much better.

The two of them found a bench and sat down. They rested for a while before

returning.

Wang Jing asked carefully and sadly, "You don't like girls like me, why did you provoke me? Is it really just to sleep with me? "

Zhao Qian held Wang Jing's hand and replied, "You're too impatient. You didn't even give me a chance to finish my sentence. You couldn't help but express your opinion. At first, I really didn't like girls like you. But after we got along, I thought you were a nice girl. So, as long as there are no irreconcilable conflicts between me and you in the future, I should be able to reach the end. "

Wang Jing smiled happily and leaned on Zhao Qian's shoulder. The two of them just sat there quietly, watching the people coming and going, enjoying the beautiful afternoon.

After a while, Feng De suddenly called Wang Jing.

Wang Jing quickly answered the phone and asked, "Director Feng, what's the matter?"

Feng De replied in a hurry, "Director Wang, I can't really hold on to the funds anymore. I hope Director Wang can pay for it as soon as possible."

Wang Jing was stunned. Before she came, she just approved of Feng De's request and sent 5 million yuan to the production crew for filming.

In just three days, 5 million was gone. This was too fast.

Wang Jing asked, "Does Director Feng have some sort of background?" Why are the funds used so quickly? "

Feng De quickly reported the cost to Wang Jing. It all sounded reasonable, there was no point in wasting it.

However, according to Feng De's calculations, the original investment of 300 million RMB for movies would probably be 400 million RMB.

300 million investment and 400 million investment, the gap is really not small.

Wang Jing could not give her answer in a short amount of time, so she replied, "Take it easy and shoot. I will get Finance to send another 5 million to the movie account as soon as possible. But I have a request that you write a detailed report and submit it. I have to know where you spend your money. "

As long as you have the money to call me in, he replied immediately, "No problem. I will write a detailed report as soon as possible and give it to you. "I'm done, hurry up and transfer the money over."

Wang Jing sighed. Her brows were knitted tightly and she was at a loss for words.

C265 If You Can't Do It You'll Have to Go Home and Inherit a Billionaire's Fortune

Noticing that Wang Jing seemed a little unhappy, Zhao Qian quickly asked, "What's wrong?"

Wang Jing sighed and told Zhao Qian about Feng De's situation.

Zhao Qian felt that this was very normal. After all, this was a movie on the subject of racing, so they needed to rent a venue, professional cars, and so on. He also needed to hire many extras as spectators and professional racers as consultants. It would definitely be expensive.

As long as Feng De didn't spend money carelessly, it would be worth it to spend all his money where he should.

Wang Jing glanced at Zhao Qian speechlessly and replied, "You have a mine in your family, of course you wouldn't think that you spent too much money." Our budget for this project is 300 million. If we can get to 700 million, we can make money. At his rate of spending, the film would cost at least four hundred million. That means we have to go up another 200 million or so to make money. Do you know how hard it is to make a 1 billion - dollar movie? "

As Wang Jing calculated it, of course, it would not be a problem. This was also the current algorithm of many people. Whether a movie made money or not depended entirely on the box office.

However, since Zhao Qian didn't count that way, he had a long view. The benefits of a movie can include many parts, such as advertising placement, box office receipts, TV Internet copyright, and so on.

A movie with an investment of 400 million, even if the box office income was only 100 million, the studios would not lose. Why? Because the rights are in

the hands of the studios, they can sell TV and internet rights, they can also play VIP on the internet, and they can also earn money at the box office.

As long as he had the copyright in his hands, he would be able to recoup it with the copyright fee one day. It's just that some movies are not popular and take longer. However, no matter what, making a movie would definitely not be a loss. Even if it was a bad movie, there would be a day when the money would be repaid.

Wang Jing rolled her eyes speechlessly. Only Zhao Qian would dare to do that, because he was not in need of money. But investors can't do that. They've invested three hundred million, and they're going to make a profit in a year or two. Who had the time to wait for decades, or even longer?

Zhao Qian understood what Wang Jing meant, so he didn't force her and the investors to accept his business philosophy.

In order to dispel Wang Jing's concerns, Zhao Qian comforted her: "Like this, my Mr Qian Entertainment will be released. So if the box office is less than 1 billion, I'll make up for the difference. Okay? "

Wang Jing suddenly giggled. She held Zhao Qian's arm and said coquettishly, "Since you want to guarantee the release, why don't you do it a little higher? 1.5 billion, how about it? Above 1.5 billion, after the box office split, we will split three to seven points, you seven, I three. "If it's less than 1.5 billion, how much is the difference? How much are you going to make up for it?"

Zhao Qian rolled his eyes helplessly, but immediately smiled evily. She pinched Wang Jing's chin and said easily, "Are you stupid? If you marry me, my money will be yours. You're scam me now, and you'll have to split the money with the other shareholders. If I have this money, it will all be yours in the future. Do you want to calculate properly? "

Hearing Zhao Qian's words, Wang Jing suddenly felt that it made sense. If she

were to marry Zhao Qian in the future, wouldn't the money she stole from him today be her own?

No, who could do such a stupid thing? Take your own money and give it to someone else.

"Then you won't be able to guarantee the release, it's too much of a loss." Wang Jing said firmly.

Zhao Qian chuckled and retorted, "Then aren't you afraid that the movie will lose money?"

Wang Jing quickly replied, "Hmph! 'A loss means a loss, and it's not like I'm the only one to lose anything.' "If I ask you to keep your promise, then if you lose money, it'll be our own money."

Zhao Qian laughed out loud and pulled Wang Jing into his arms. He suddenly remembered a joke about an old man who owed money and used his daughter to pay it off. After her daughter got married, she woke up and said to her husband, "We have to get even with our father quickly. We can't just let it go like this."

Although it was just a joke, it really did resemble Wang Jing. Once a woman was with a man, she would focus all her attention on him. Everything that belonged to her belonged to this man. She would also feel that everything belonged to this man belonged to her.

After a while, Wang Jing suddenly said, "Why don't we go on a visit?" The filming crew just so happens to be taking the scenery at the Yanjing International Racing Arena, is this place very far away from there? "

It was almost six, and a big dinner was waiting for the two of them at home. This dinner couldn't be missed, so Zhao Qian suggested that they go again tomorrow.

Wang Jing nodded and stood up, saying, "Then let's go." We can't let everyone wait for us. "

Zhao Qian nodded, got up and took Wang Jing home with him.

When the two of them arrived home, the banquet had just been prepared. The banquet would be held in the great hall of Zhao Family, with the whole family, including the servants, participating in it. It was enough to see how much importance Zhao Family placed on Wang Jing, which also showed that they were indeed very satisfied with her and hoped that she could marry them in the future.

Wang Jing giggled and said to Yu Guifeng, "Auntie, you guys are making such a big fuss over nothing. I'm really nervous. If I don't get married in the future, I might never forget this dinner. "Then what should we do?"

Yu Guifeng laughed heartily and replied, "Then you should get along well with Zhao Qian. I hope that you guys can flower and bear fruit soon. Your uncle and I will definitely arrange a wedding for you."

Wang Jing was a smart person. She could hear the meaning behind Yu Guifeng's words. As long as she can get pregnant, no matter what Zhao Qian's attitude, Zhao Fu and Yu Guifen will make the decision to marry her and Zhao Qian.

Indeed, this was a common tactic used by many girls to marry into wealthy families. Simple and effective.

However, Wang Jing was not an ordinary person. She disdained marrying into the Wealthy Class by such a low-level means. If she were to marry him, it must be because she and Zhao Qian had fallen in love to a certain extent.

However, she could not say these words directly, as Yu Guifeng would not

misunderstand that she looked down on Zhao Family. She could only pretend that she didn't understand, and happily replied, "I also hope to get an answer from him as soon as possible. Alright, let's not chat anymore. Let everyone take a seat. "

Yu Guifeng nodded with a smile and quickly gestured for everyone to take their seats.

After everyone took their seats, they waited for Zhao Fu.

A few minutes later, Zhao Fu pushed the old man into the room and everyone immediately stood up to welcome him.

Zhao Qian quickly went up to greet him and pushed his grandpa in his place.

Zhao Fu went to his seat after settling down the old man. He laughed and said loudly, "Okay, everyone sit down. Today was just an ordinary family banquet, so it could be considered as welcoming Jing to our house as a guest. Sit down. "

With that, Zhao Fu sat down. He sat down before the others dared to sit down.

It had been a long time since he had a good time with his grandpa. Zhao Qian especially cherished this opportunity. He couldn't care less about eating. He had always been taking care of his grandfather for a meal. The old tutor's hands and feet hadn't changed, and his teeth weren't good either. Zhao Qian fed him spoonfuls after spoonfuls of egg soup and the like.

Zhao Fu was very pleased with his son's performance and asked with a smile, "Zhao Qian, when are you coming back? Even if you were to mess around outside, you won't be able to come up with anything big. "

Zhao Qian immediately put down his bowl and chopsticks and replied seriously, "Dad, don't hurt me like that. At least I've made some progress

now, so you have to encourage me. Grandfather, don't you agree? "

The old man chuckled and replied, "Yes, yes, yes ..." Young people should try. But when you're done, you have to come back and take over your family's business. "

Zhao Qian was helpless, it seemed like the old man didn't think he could pull any tricks.

"Sigh ..." "It's too hard for me. If I don't make it, I'll have to come back and inherit my billionaire fortune." Zhao Qian sighed helplessly.

Everyone burst into laughter.

Wang Jing was also grinning from ear to ear. Who would have thought that such a joke would actually come true for Zhao Qian.

C266 Destroy the Perfect Image

Speaking of which, Zhao Qian wasn't like the other rich second generations, who only ate and waited for death to come, or who could survive in their own businesses. He chose to go out and do his own work, relying on his own ability to achieve some results. Simply speaking, Zhao Qian had much more courage than most of the rich second generations, including Wang Jing.

Therefore, Wang Jing admired Zhao Qian quite a bit in her heart. At least he managed to show off the appearance she wanted. Unlike her, who had been raised according to the standards of Huaying, not living for herself at all.

The dinner lasted nearly two hours. Zhao Qian and Wang Jing would personally send all his relatives down the mountain.

When all his relatives had left, Zhao Qian took Wang Jing for a walk on the golf course on the mountain.

The two chatted for a while, then Zhao Qian suddenly thought of something, that was, the matter of Wang Qiang and Huanyou cooperating.

Liao Bi'er was trying to buy a stake from her brother, but Zhao Qian was sure that she wouldn't be able to buy much.

Therefore, Zhao Qian wanted Wang Jing to step in and buy a stake in Huanyou in the name of Huaying Group. If he could directly take control of Huanyou, that would be for the best.

As long as he controlled the Huanyou, Zhao Qian could store the net. He had spent so much money and laid out so much, it was about time for him to have an ending.

He told Wang Jing about his idea, and told her to prepare the negotiations

with Huanyou.

Wang Jing asked in puzzlement, "Why would you be interested in such a game company?"

Zhao Qian did not try to hide anything as he answered honestly, "I don't want a personal grudge to end easily."

"Ah?" Do you have to spend hundreds of millions of dollars on personal grudges? Aren't you being too willful? Although your family does not lack this money, your way of doing things and your attitude will sooner or later ruin your family's business. If you are like this, I won't dare to be nice to you. "With your large family business, once it goes bankrupt, the debt will be an astronomical figure. I can't afford to pay it back." Wang Jing reprimanded.

Zhao Qian was unhappy. What did he mean? Zhao Qian's family had millions of dollars, so she was willing to marry him. If Zhao Family were to fall, she would no longer be interested in it. Then did she love money, or Zhao Qian?

"Hehe ..." Gold Daughter! When I have money, you come with me. I don't have any money, so you don't care. "Hahaha!" Zhao Qian said in a cold voice.

Wang Jing realized she had said something wrong. Actually, she didn't mean it that way. It was just that she couldn't believe that she was carrying hundreds of billions or even more of a debt. How could she continue living then?

If Zhao Qian was an ordinary poor person, she would definitely not look down on the rich and the poor. As long as she really took a fancy to him, she would never despise him.

However, Zhao Qian didn't want to hear her explanation. Ye Zichen directly pulled her and walked back quickly without saying a word.

Wang Jing had no choice but to stand in front of Zhao Qian and apologize, "Don't be like this. I'm not what you mean. I just don't dare to think about the hundreds of billions, or even the debts, or how I'm going to survive. I don't care if you have money or not, but don't owe me that much money. "

Zhao Qian laughed and retorted: "What if we get married and I go bankrupt? Are you going to divorce me right away and leave me alone? "

Wang Jing was at a loss for words. She knew what she had said just now would make people think of this point, so she had no way to refute. She also knew that Zhao Qian was a more genuine person, so it was useless for her to explain.

Seeing that Wang Jing stopped talking, Zhao Qian continued to pull her back.

However, Wang Jing herself was a stubborn person. Under such circumstances, she definitely wouldn't go home with Zhao Qian.

Wang Jing abruptly retracted her hand and said, "Since you don't believe me, I think I should leave. There's no need for me to return with you."

"Hehe ..." You want to cause trouble for me again? " Zhao Qian asked angrily.

Wang Jing felt wronged again. Ever since she was young, she had always been a strong person and had almost never been wronged. This damned Zhao Qian had made her feel wronged again and again. It was truly hateful.

Wang Jing couldn't help but tear up again. She shouted at Zhao Qian: "Zhao Qian! Don't think that just because your family is rich that you can look down on me. My family doesn't have as much money as yours, but we have enough money to spend for the rest of our lives. I don't need to kneel down and lick you. I don't need to be afraid of you. Do you understand? "

Six years ago, Zhao Qian might have been a bully. However, after Wu Xin's

incident, he had matured quite a bit. Right now, he definitely wouldn't look down on anyone just because he was rich.

The reason why Zhao Qian was so angry was because Wang Jing had failed to satisfy his fantasies of a perfect woman. She was always a little flawed, destroying her image in his mind.

Zhao Qian felt that he still needed to understand and get along with Wang Jing. At the very least, it would not be suitable for marriage for a short period of time.

But the family was happy with Wang Jing, and he couldn't afford to start a fight with her again at this time, lest the family should worry about them again.

Therefore, Zhao Qian patiently explained to Wang Jing, "I didn't mean to look down on you. The image of you in my heart was originally a perfect one, but you always have all sorts of problems, little by little destroying that perfect image. Can you understand my feelings? I'm not angry because you can't compare to me, but because you can't be a perfect person. "

Wang Jing didn't know whether to be happy or sad at these words.

Zhao Qian treated her like a perfect person, which was worthy of her happiness. On the other hand, why did he expect her to be perfect? Gold has no bare feet, no one is perfect. She had to force herself to be a perfect person just to be with him? That's too demanding.

Wang Jing sneered and replied, "I'm not money, I can't make you flawless. If you think so, I think we'll have to examine each other for a while longer. If we were to be confused and end up together, who knows how we might regret it in the future. "

Zhao Qian nodded and agreed with Wang Jing's words.

Wang Jing suddenly felt a little sad. She felt a sense of loss when Zhao Qian rejected her. However, it didn't matter. She wasn't worried about not being able to get married.

Wang Jing continued, "I will do what you said just now. As long as Huanyou is willing to sell shares, I will buy as much as possible in the name of the company. At that time, I will transfer all the shares of Huanyou to you, and you can take your revenge however you want. "Okay?"

Zhao Qian nodded with a smile and replied, "Thank you. I still need to trouble you to follow me to the end. Tomorrow, after the Mid-Autumn Festival, we will immediately return to Donghai City, and you will be free. "Let's go back to sleep."

Wang Jing nodded and walked back while holding Zhao Qian's arm. She was willing to help him put on this act to the end.

Very quickly, the two of them returned home.

Yu Guifeng had already cleaned up the room for the two. They were all decorated in bright red tones. Except for the word 'joy', it was no different from a bridal chamber.

"Hehehe ..." You're back. It's getting late, hurry up and go to bed. "Good night." Yu Guifeng said with a smile.

Zhao Qian and Wang Jing saw her out and quickly closed the door. It was already awkward now. Both of them had said the same thing, so should they sleep together now?

C267 Hurry up and Bring out Your Grandsons

The two of them sat in silence for more than ten minutes, neither of them speaking, neither moving.

However, Zhao Qian was too sleepy to open his eyes, so he said to Wang Jing in a low voice, "How about we go to sleep first and argue when we have time." "This is too tiring. It's not fun at all."

Wang Jing yawned and replied, "Sure. I'm tired, too. Sleep."

With that, the two of them quickly fell asleep.

Yu Guifeng was listening in from the outside. It was very quiet inside, which broke her heart. She went back to her room a little angrily. Zhao Fu immediately asked her how was the situation?

"Don't mention it, this brat really doesn't know what to think. He really went to sleep." It's the same as in the past." Yu Guifeng complained.

Zhao Fu smiled awkwardly and scolded, "This scoundrel, why didn't you come out to my grandson and still have the mood to sleep? You are really pissing me off!"

After saying that, Zhao Fu took out his phone and called Zhao Qian.

Zhao Qian fumbled around for his phone, pressed the answer button, and asked: "Hello, who is it? "Won't you sleep in the middle of the night?"

Zhao Fu scolded, "Sleep my ass! Are you stupid? What was he supposed to sleep in at this time? What should I do? Don't I have any points in my heart?"

Zhao Qian felt like he was going to collapse soon. He really overdid it when he

was trying to urge people to do something like this.

"Dad, isn't this pipe of yours a bit too wide?" Zhao Qian complained.

Zhao Fu immediately reprimanded him seriously: "Who cares about the width of your words? Since you're already 25, shouldn't you be worried about personal matters? I only have one child, and I won't allow you to have only one child. Marry early and make me a few grandchildren. Your mom and I will retire and take care of the grandchildren. We don't care what you want to do in the future, okay? "

"Alright, I understand. "I'm hanging up!" Zhao Qian replied helplessly.

After hanging up, Zhao Qian went back to sleep. However, his sleepiness had already disappeared. After a while, he opened his eyes.

Zhao Qian looked at Wang Jing, who was lying beside him, and revealed a smile that could only be seen by men. He was about to lean over and hug Wang Jing when she suddenly said coldly, "Don't touch me!"

Zhao Qian was shocked and replied, "You're not sleeping? I thought you were asleep. Get up if you're not asleep, and we'll have a nice chat. "

Wang Jing replied with her eyes closed, "I have nothing to talk to you about. It's better to sleep comfortably."

With a beauty like her right now, she was still in the mood to sleep. Zhao Qian immediately pressed down on him.

Wang Jing quickly opened her eyes. She tried her best to push Zhao Qian away and reprimanded him, "What are you doing? Didn't we agree to put on an act? What are you doing? "

"Ah, yes! Acting! Play the entire set. "

With that, Zhao Qian kissed her.

Wang Jing protested a few times but still remained silent.

The next morning, Wang Jing woke up first and put on her clothes. After that, she got up and kicked Zhao Qian.

Zhao Qian was immediately awakened and asked with a confused face:
"What? What the heck is going on this early in the morning? "

Wang Jing ignored him and continued to beat him up. When she was done, she said, "What did you do last night? How can you be so shameless? While looking down on me, he also wanted to sleep with me. What do you take me for? "

Zhao Qian quickly explained, "Don't speak nonsense, I have never looked down on you. I said it because you destroyed the perfect image in my mind. I don't think it's an irreconcilable contradiction. It's just that we're both so proud right now that neither of us is willing to give in to the other. Perhaps, after a period of time, we will all mature, and won't have this kind of conflict anymore. "

This money sounded reasonable, but Wang Jing couldn't accept it. The relationship between the two of them had yet to be confirmed, moreover, there was still a huge conflict between them. Why did he say he was going to sleep with her?

Wang Jing said angrily, "Zhao Qian, I'm warning you, if you dare touch me again without my permission, I'll immediately report you to rape. "Humph!"

After she finished speaking, Wang Jing got out of bed and went to wash her face and rinse her mouth.

Zhao Qian chuckled, covered himself with the blanket and went back to sleep.

An hour later, Wang Jing finished her makeup and changed her clothes. She walked over and gave Zhao Qian another kick.

Zhao Qian suddenly woke up and scolded, "Are you crazy!?! What now? "

"What time is it? You're not up yet! We agreed to go to the set to take a look today. Wang Jing scolded back.

Zhao Qian helplessly rolled his eyes. Today is the Mid-Autumn Festival, the crew must be on vacation too.

Wang Jing did not care about that. Her idea was that if she wanted to go, she had to go. Whether or not the crew was on vacation had nothing to do with whether or not they were going.

Actually, Wang Jing only wanted to find an excuse to leave as she no longer wanted Zhao Family. After all, her relationship with Zhao Qian wasn't like the people from Zhao Family thought. She felt that it would be too hypocritical to deal with them again.

Zhao Qian was helpless. He couldn't stand Wang Jing's urging, so he had to get up quickly. By the time he was done, it was nine o'clock in the morning.

The two of them walked out of the room and into the living room.

While Zhao Fu was working, Yu Guifeng was in the kitchen directing the servants to prepare lunch.

Zhao Qian and Wang Jing directly went out and drove to Yanjing City's international racetrack.

They didn't come for nothing. The crew wasn't on holiday today, so they were

still on time. However, Zhao Qian did not dare to go in because he did not want Wu Xin to see him.

"I have a stomachache. I need to go to the toilet. You can go first."

After saying that, Zhao Qian covered his stomach and ran off.

Wang Jing rolled her eyes and stared at his back as she scolded him softly, "What a lazy person."

After scolding her, she went to the set alone.

Seeing that Wang Jing had arrived, Feng De hurriedly put down the loudspeaker and script in his hands and ran over to welcome her. Everyone stopped in their tracks, watching as the director humbly greeted the beauty.

"Hey, who do you think that woman is? The director is actually so afraid of her."

"Looking at how pretty she is, she's probably the director's girlfriend."

"Impossible. She was so pretty. If she was really the director's girlfriend, wouldn't he make her a celebrity? Furthermore, with the director's personality, he wouldn't be so petty in front of so many people."

"Then who could she be?"

"..."

The actors were all guessing Wang Jing's identity. At this moment, Feng De walked over with Wang Jing.

Feng De shouted, "Everyone stop what you're doing, let me introduce you to everyone. This is Director Wang from Production Company Group of our

movie. Everyone applauds Director Wang's coming to guide the work. "

Everyone immediately applauded.

"Wow, the boss of Huaying Group! Isn't this too young? "

"No wonder the director is so courteous to him. So it's because of the customer."

"I'm so envious of her. She's pretty and rich. Sigh ... We don't have that kind of life! "

" ... "

The actors clapped and whispered.

Wu Xin also admired Wang Jing. She wanted to live like this as well. Unfortunately, she didn't have such a life.

Wang Jing smiled to indicate for everyone to be quiet, then loudly said, "I was just about to come over because I have something to do, so I came over to take a look. Today was the Mid-Autumn Festival, and everyone still had to work overtime. It had truly been hard on them. So, lunch box I and another investor invited, must let everyone eat better. "Everyone, work hard. He and I will go and order a meal now.

Everyone immediately cheered and cheered for Director Wang.

Wang Jing smiled and nodded, once again signalling for everyone to quiet down. Then he asked Feng De, "Everything went smoothly, right?"

Feng De nodded and quickly replied, "Everything is going well. It's just that there were a few mistakes, and a few cars were damaged, so it cost a lot of maintenance. "

Wang Jing nodded and said, "Yes." Then you guys continue. I'll just watch from the side for a while, and while I'm at it, I'll also wait for Mr Qian Entertainment's Director Zhao. "

Feng De nodded and immediately continued filming.

Wang Jing walked to the side and sat down, watching them filming.

C268 I'll Treat You to a Good Meal

Half an hour had passed, but Zhao Qian still hadn't come over. Wang Jing was getting anxious and called him.

Zhao Qian picked up the phone, pretended to be still in the toilet to be convenient and asked, "What's wrong?"

Wang Jing said sarcastically, "Are you planning to spend the rest of your life in the toilet? You haven't recovered in such a long time? "

Zhao Qian quipped, "Don't mention it, there were too many people just now. I waited in line for five minutes before arriving. My stomach hurt so much I almost pulled my pants down. Just wait a minute. "If you can't wait any longer, you can come out first. I'll go out and find you in a while."

Wang Jing hung up the phone speechlessly. She continued to watch for a while and couldn't wait any longer. She got up and went to find Zhao Qian.

Soon, Wang Jing arrived outside the washroom and called Zhao Qian.

Zhao Qian picked up the phone and asked: "How is it? Are you out? "

"Nonsense!" I'm outside the washroom, hurry up and come out! " Wang Jing roared.

"Alright, alright, alright. I'm coming, I'm coming ..." Even going to the toilet to hurry it up, what a wonder! "

Zhao Qian hung up the phone and went out after washing his hands.

Wang Jing's face was livid as she glared at him.

Zhao Qian knew that he was in the wrong, so he quickly apologized with a smile.

"Hehe ..." Sorry, it's my fault, don't be angry. Come on, let's go home and eat. My mom just called me. Lunch is almost ready, so she told us to go back and eat. "

Wang Jing coldly snorted and replied, "What are you eating for, it's just that inky!" I just promised the crew a good meal. Come with me now and order a meal, and then you can go home and eat. "

Without saying anything, Zhao Qian immediately dragged Wang Jing away. She had already agreed to the film crew's request, so she couldn't go back on her word. Therefore, he hurriedly ordered his meal so that he wouldn't be held up when he returned home to eat.

The two of them arrived at a restaurant not far from the racetrack and went in to talk with the owner.

The boss was also a chef. As he wiped his hands, he asked with a smile, "What business do you two have with me?"

Zhao Qian replied, "It's like this, we are from a film company and we are currently filming in the racetrack. Today is the Mid-Autumn Festival, we want the crew to eat better. So we'd like to order a meal from here for you to deliver. "Is that okay?"

The owner immediately smiled and nodded, saying that there was no problem, "Then, what dishes do you two want?"

Zhao Qian looked at Wang Jing and asked, "Did you promise them what to eat?"

Wang Jing shook her head and replied, "No, I just said that I will treat them to

a good meal. This way, Boss, you can make enough meat, veal, vegetables, and soup for 300 people. As for how exactly to match it and how to cook it, that's up to you. "Is that okay?"

The boss was both happy and sad. Listening to Wang Jing's words, this meal could earn him a lot of money. However, the ingredients in his restaurant were not even enough for 300 people. It would already be good if he could barely feed two hundred people.

He told Zhao Qian and Wang Jing about his difficulties and asked if they could have less food and a little more rice. He could put the taste of the dishes a little heavier and eat even more. He was sure that he could eat with 300 people.

This was just fooling people. Zhao Qian could not let Wang Jing lose face. He promised to let everyone eat something good, but he used this method to deceive them.

Zhao Qian replied, "Then you just have to cook enough for 150 people. We went to a nearby restaurant and ordered another 150 people. By working together, you two can save time and ensure that your lunch is not delayed. Let me transfer 10,000 yuan from you first.

With that, Zhao Qian paid 10 thousand yuan to the boss using his cell phone.

The boss quickly gave the order to close the shop, and everyone came to prepare the order.

Zhao Qian and Wang Jing went to another restaurant not far away and also ordered lunch for 150 people. He had also paid ten thousand yuan first to make up for his loss.

The dishes in this kind of restaurant weren't expensive. On average, they would only be slightly over 20 years old, while there would only be over a

hundred big meat dishes. For 150 people to eat, 5000 would be enough.

Therefore, Zhao Qian had to pay 10,000 yuan in advance, which was definitely enough for the restaurant owner to be so enthusiastic about cooking.

Zhao Qian smiled and asked Wang Jing, "Can we go home to eat now?"

Wang Jing shook her head and replied, "I'll have to wait until they've finished cooking before we can send them in."

Zhao Qian replied helplessly: "After the restaurant is prepared, arrange someone to deliver the food, and we don't need your help. What are you doing here? Hurry up and go, do you have the nerve to make everyone wait for you to eat dinner alone? "

Wang Jing was also helpless. After a moment of hesitation, she nodded and agreed, returning to Zhao Family together with Zhao Qian.

While they were still on their way, Yu Guifeng called Zhao Qian.

"Hey, son, are you back yet? Lunch has been prepared. If you don't come back now, it will be cold. "

Zhao Qian quickly apologized to Mom, "Mom, I'm sorry. We're on our way, and we'll be home soon. "Why don't you guys eat first? Don't wait for us."

Yu Guifeng immediately reprimanded him, "Nonsense! If Jing doesn't come back, how can we eat first? Since it wasn't too late, he might as well wait a little longer. You should drive slower, and don't care about the situation, safety first. "

"Oh, okay, Mom. I'll be careful. I'll see you later. "

With that, Zhao Qian immediately hung up. To be honest, he was very

unhappy with Wang Jing. Even acting had to respect his family, especially his parents.

Mom only knew how to prepare lunch early in the morning, for whom? It was still Wang Jing. But what was her attitude? If he could drag it out, he would. In fact, he didn't even want to go back to eat.

Zhao Qian was getting more and more unsatisfied with Wang Jing. He had to reconsider their relationship when he returned to the East China Sea.

Wang Jing also knew that she didn't do well, or even wrong. But there was no other way. She had such a unique personality. Since her relationship with Zhao Qian was not clear, she had no obligation to deal with the Zhao Family people.

The two of them were speechless again. They didn't say a word until they reached the foot of Zhao Qian's house.

After getting off the car, Zhao Qian walked in front while Wang Jing followed behind. If someone who didn't know what was going on saw this, they wouldn't have thought that the two of them were lovers.

Just as they were about to reach the mountain, Zhao Qian stopped. When Wang Jing walked up to him, he put his arm around her waist.

Wang Jing was shocked and asked, "What are you doing? Let go! Did you forget what I told you this morning? If you dare touch me again without my permission, I'll immediately warn you about the rape. You think I'm joking with you? "

Zhao Qian snorted and replied, "I didn't forget. However, we are currently acting. If we don't act a little more lifelike, won't it be easy for people to see that there is a problem? Think of it as helping me. You can return to the Donghai City early tomorrow morning. "Okay?"

Wang Jing thought for a moment and nodded. She did not object to Zhao Qian hugging her waist.

Zhao Qian held Wang Jing and walked up slowly.

Yu Guifeng and her servants were waiting at the door. When they saw the person who had returned, a group of people immediately went to greet him.

Seeing Yu Guifeng being so polite, Wang Jing felt very upset. She was very satisfied with Gui Fen and Zhao Fu, and was willing to be their daughter-in-law. Unfortunately, Zhao Qian, that bastard, was always up to no good. She didn't know what their future would be like.
