

## C91 It Is Difficult to Get out of the House

Yu Guifeng knew that her son didn't want to talk about inheriting the family's property, so she didn't mention it again. She walked around the yard before entering the house. She walked around the house once more to make sure that there was nothing wrong with her son's living environment.

"Son, I've gone around in a big circle, how come I didn't find any girl's things? You're not young anymore. Even if you're not in a hurry to get married, it's about time you found a girlfriend. Don't be silly at such a young age. When you're old enough, it'll be too late for a relationship. "

This was definitely his mother, otherwise she wouldn't have been able to say such words.

"I haven't met anyone that makes me want to get married at the moment, so let's let go of the matter of dating each other. "

"I heard that the girl you talked about earlier left you behind?"

"You asked even though you knew? Aren't you just trying to pick at my scars? "

"I want to peel off your scars! You are too useless, too embarrassing your father and me. How could you be dumped? If you want to shake someone off, it's you who should do so! "

His mother was his mother. He really had nothing to say.

"You really are my mother, you actually taught me this. Let's not talk about this anymore. It's been a long time since we last met, can't we talk about something warm and relaxed? "

"Hehehe ..." All right, all right. I came here with great difficulty, but tomorrow, I have to take you out to play. "

"Tomorrow, the company will have a team construction activity, let's go to the Chongdao to play. Why don't you go too. However, in order to hide things from others, I cannot accompany you. Thus, I can only secretly chat with you. "

Yu Guifeng was a little displeased. It had been so difficult to make this trip, but now she wanted to secretly meet him.

"I'm your mom. You still want to secretly touch me when you meet me? You're making me laugh."

"But I can't reveal my identity right now. You don't want me to be in danger, right?"

Yu Guifeng had no choice but to nod and reply, "Alright, I'll do as you say." What time tomorrow? "

"We'll leave the company at eight o'clock. You can come over later."

"All right. I'm hungry. Invite me to dinner. I heard that you often treat guests at Donghai Hotel, so I also have to go there to eat. "

"Haha ..." No problem. All of tonight's expenses will be paid by Young Master Zhao, you can spend whatever you want. "

"Haha ..."

The mother and son pair changed clothes and went to eat at Donghai Hotel.

The next day at eight in the morning, Faang Ni brought everyone on time to set out on their target's Chongdao.

Today, unfortunately, the weather was a bit gloomy, and it could rain at any time. However, everyone was in high spirits and Faang Ni found it embarrassing to cancel the event. The weather at the seaside was very changeable. Perhaps, it would become clear in a moment.

Zhao Qian found a seat at the back and sat down. Just as he wanted to send a message to his mother, Liu Mei came over and sat down. She still held the egg pancake in her hand and handed it to Zhao Qian.

"I bought too much, I can't finish it. Here, take it. You don't mind, do you? "

Zhao Qian was not stupid, he knew that she had brought him breakfast on purpose. He really wanted to reject her offer, but he was worried that Liu Mei would lose face under the gaze of so many people. After all, she was a girl, so she definitely had to take care of her pride.

"Thank you. Come to think of it, I'm a little hungry. It's been a long time since I've woken up so early, so I'm not used to it. In a hurry, I didn't have time to eat breakfast. "

"Hee hee ..." I knew you'd get up so early to have breakfast. "

When their colleagues heard their conversation, they immediately began to joke around.

"Yo!" Liu Mei, I haven't had breakfast either. Why didn't you bring me one? "

"What's the use of bringing you one, can you be a boyfriend?"

"Haha ..."

Zhao Qian laughed out loud and said to everyone, "I say, don't joke around! As a man, it doesn't matter to me. Liu Mei is still a little girl, so don't sully her

reputation. In the future, if she can't find someone, you all will have to take responsibility. "

"It's easy if you can't find a target! You're responsible for her! "

"Exactly! I already bought you breakfast, just wait and see. "

"Haha ..."

Liu Mei didn't say anything as she continued to laugh foolishly. Everyone felt that her reaction was tacit approval.

Zhao Qian couldn't accept this, so he quickly replied: "You guys are too boring. If you're joking, who will be your friend in the future?"

Everyone burst into laughter.

Zhang Yang, Wang Qiang, Zhang Yuan, and Jiang Xiaoqing all felt upset when they saw how popular Zhao Qian was right now. This was especially so for Jiang Xiaoqing. She was now regretting her decision to leave Zhao Qian.

After a while, Zhao Qian's phone rang. He took it out and looked at it. It was his mother.

"Hello, Mom."

"Son, I don't think the weather is good, so I won't go. I'll rest for two days at home. When you come back, I'll take you to the mall. "

"Sure." Then rest well, I'll come back early. "

"Yes." "Be careful."

"Alright."

After hanging up, Zhao Qian quickly ate his egg cake and leaned back on the seat pretending to sleep. Seeing that he had fallen asleep, everyone felt too embarrassed to disturb him. Very soon, the car became quiet and everyone quieted down.

Soon, the bus arrived at the ferry. Everyone got off the bus and it drove back.

"Aiya, it looks like it's going to rain soon. We have to hurry up and board the ship."

"Don't worry, we're almost there. We should be able to get on the ship."

"I hope so. If the rain is too heavy and the ship is going to be out of service, then we'll have come for nothing."

Everyone was anxiously waiting, afraid that they would not be able to board the ship.

After a while, it was finally the turn of Faang Ni's production staff to board the boat.

"Everyone, get on board quickly and find a place to shelter from the rain."

Faang Ni called out to everyone to get on the boat.

Half the men were on board when the ferry crew arrived and stopped the rest.

Faang Ni quickly asked, "What happened?" Why did you stop us? "

The staff member quickly explained, "I'm sorry, but there is an important person who needs to cut in line. The remaining people can only wait for the next shift."

Faang Ni was immediately angered when she heard this. Since they were already halfway through, how could she make the rest wait for the next shift?

At this moment, it began to rain.

The dispatcher ran out and shouted, "What are you doing? Get on the boat quickly! The weather forecast said there would be heavy rain later. This was the last ferry of the day. If you delay it any longer, no one will be able to escape! "

The people who had already boarded the boat immediately urged the people on the shore to get on board as soon as possible, so as to not delay their journey.

At this time, a young man ran over and asked the staff, "What happened to all of you? Why don't you hurry up and let them pass? Our family's old man is a little angry, if you keep delaying, you will have to bear the consequences! "

"I'm sorry, I'm sorry. I'm in the middle of a negotiation to communicate with you. I'm almost done."

"Yes." Hurry up and get out of the way! If you delay our travel, we won't end up well for you! "

The young man threatened Faang Ni and the others before hurriedly running back.

Zhao Qian looked over and saw that the young man had entered a Lincoln rooming car.

The ferry staff quickly told Faang Ni, "You all heard it. The other party is really a big shot. We can't afford to offend him, nor can you guys. You'd better cooperate and get out of the way. If there are any more empty spots, I will let you get on board first. "Is that okay?"

Faang Ni did not want to stir up any trouble. The most important thing was that half of the people on the boat were already on board. What if the ferry was stopped due to the heavy rain? What would happen to the employees on the boat after they got on the island?

"Director Faang, what do we do? What if the transport was stopped, what would happen to the colleagues who had already boarded the ship? No one has brought much money with them, and the island is expensive, so don't let them live on the streets. "

"Director Faang, why don't you go talk to the person in charge. "

Faang Ni nodded. As the boss, she had to stand up and solve the problem.

Zhang Yang felt that this was a good opportunity for him to show off. As long as he could solve the problem, his position in the company would skyrocket.

"I'll go talk to the person in charge. You guys wait here and don't give up your seats." As long as you do not allow it, the ship will not leave. "

Faang Ni immediately replied, "I'll go with you. "Wang Qiang, I'll leave this to you. Keep an eye on everyone!"

Wang Qiang quickly walked over and nodded, "Don't worry Director Faang, I will take good care of everyone."

Faang Ni nodded and left with Zhang Yang to find the person in charge of the ferry port.

Zhao Qian, who had already boarded the boat, took out his phone when he heard about what had happened at the shore. He was ready to call and solve the problem anytime.

## C92 Believe Him

Faang Ni and Zhang Yang had found the person in charge, but the other party did not communicate with them at all.

Zhang Yang became furious and questioned, "This ferry port is for a certain person? We didn't pay? Why is it that when we're halfway through, you won't let us continue? "

The person in charge immediately replied, "There are still VIP channels at the airport. Why don't you go and file a complaint? What about the bank and VIP windows? Are you going to file a complaint? Wasn't this a very common and normal phenomenon? "If you have the ability, then make yourself a person who can walk through the VIP passage. If you don't have the ability, then endure it. Otherwise, go home and sleep."

Zhang Yang was furious and shouted, "What's with your attitude? I'll complain and expose you! "

"Hehe ..." Let's complain, let's expose ourselves, we're not afraid. I have to work. Please get out of here! Where are the security guards?

Zhang Yang still wanted to argue, but he was pulled away by Faang Ni. She could see that the person in charge was very resolute and would not change his mind. This also showed the high status of the people who wanted to cut the queue to board the boat. Even the person in charge of this place did not dare to offend them.

"Hubby, forget it, let's go."

Zhang Yang didn't care at all about whether or not he could continue playing at Chongdao. What he cared about was that he wasn't able to solve the problem. Not to mention establishing his prestige in front of everyone, he

might even make them think that he was useless and couldn't do anything well.

Seeing Faang Ni and Zhang Yang come back with a face full of grievance, Zhao Qian knew that the two of them could not solve the problem. It seemed that he had to make this call.

But at this moment, the Lincoln RV suddenly blew its horn, forcing the people in front of it to make way. After all, it was a luxury car. Ordinary people would not dare to cause trouble, so they could only give way quickly.

The Lincoln RV drove through the crowd. Just as it was about to board the ship, Zhao Qian suddenly walked over and blocked its path.

"Beep, beep, beep..."

The driver of the Lincoln RV honked and even stuck his head out and cursed, "Are you blind? You can't see such a big car?"

Zhao Qian replied without hesitation, "Then are you blind? You haven't seen such a big live person?"

The driver angrily said, "Where did this mottled brat come from, do you not want to live anymore? "Do you know who's in the car?"

Zhao Qian mocked back, "I don't care who's in your car. We all spent money on the ferry, why should you cut in line? I don't care if you guys want to cut into someone else's team, but my colleagues have to board the ship first.

The driver scolded angrily, "Damn it, are you courting death!?" "In the car ..."

The driver stopped talking before he could finish. A few seconds later, several people got out of the car and walked towards Zhao Qian.

Faang Ni and the rest saw that the situation was not looking good and quickly went forward to pull Zhao Qian away.

"Zhao Qian, are you crazy? What are you shouting at people that even the ferry port is afraid of?"

"That's right, let's retreat quickly. If we can't, we'll split into two groups."

"Don't be silly, these people have power and influence. Even if they beat you, the police wouldn't dare to do anything to them. At most, you'll just walk in and come out. Didn't you get beaten up for nothing?"

His colleagues were worried about Zhao Qian's safety and didn't want to see him get beaten up.

However, Wang Qiang was different from everyone else. He said, "Don't just want to show off. This is not a place where you can just spend money to treat others." "With one look at him, you can tell that he's not simple. If you try to act tough and get hit, you won't be injured."

Zhang Yuan also followed suit and ridiculed Zhao Qian, saying, "This is not a place for you to act cool. It's better to obediently board the boat and go first. We'll wait for the next one."

Zhao Qian sneered and replied, "You two better hide behind us and not make a sound. I will solve this problem."

This time, not only Zhang Yuan and Wang Qiang could not bear to watch it any longer, Zhang Yang could not stand it any longer.

"Where did you get the courage to say that? Faang Ni and I went over to talk to the person in charge. They said that someone important was going to board the ship, so we had to cut the queue. You think you're stronger than me and Faang Ni, that's something I can endure. You think you're more awesome

than the kind of person who drives this kind of car, that's a bit too much. If you get into big trouble, we'll all be implicated. "

Zhao Qian immediately replied, "Mr Zhang should also be hiding behind us. Let me solve this problem."

Just as Zhao Qian finished his words, those few people had already walked in front of Zhao Qian. One of them, a tall and sturdy man said to Zhao Qian, "Brother, please make way. Make way."

Zhao Qian was not afraid at all and replied: "First come first serve. Don't you understand such basic logic? We're here first, so we should get on board first. "

"Hehe ..." Brother, do you know who's in the car? "

"I don't know, and I'm not interested in knowing." But I can tell you very clearly that even if the mayor comes, I won't allow him to interrupt my team. At most, we'll just get into the media. I want to see which big shot is so awesome. My feet are not afraid of shoes, you guys can't scare me! "

"Hehe ..." Brother, then don't blame us for being impolite. "Pull him away, and if anyone dares to stand in his way, carry him away!"

The moment the man finished speaking, the few hulks behind him went up to Zhao Qian and tried to catch him.

Faang Ni and the rest quickly pulled Zhao Qian back and shouted, "Beat him up!" as they tried to protect Zhao Qian.

After all, there were a lot of people here. No matter who was in the car, if they allowed their subordinates to hit someone here, there would definitely be trouble.

At this moment, the driver of the Lincoln shouted, "Come back here."

With that, the hulks immediately turned around and left.

Zhang Yang immediately scolded Zhao Qian: "What are you pretending to be awesome for! If those people had attacked you just now, you would have already entered the hospital! Listen to me and split into two shifts. Those who have not boarded the ship will first find a place to shelter from the rain and wait for the next shift. "

Zhao Qian couldn't stand the incompetent Zhang Yang, who liked to lead blindly, so he quickly said to everyone, "Don't come down, I'll go talk to them." I guarantee that everyone will be able to get on this flight. "

After Zhao Qian said this, he walked towards the dispatch room. Everyone was calling for him to come back, but he directly walked over without looking back.

Zhang Yang said angrily, "Don't worry about him, just let him be like this and he'll know what social danger is. Let's hurry and find a place to shelter ourselves from the rain. Ignore him, the people on the boat should hurry and get off. "

The people on the boat were a little hesitant. Ever since Zhao Qian invited everyone to the Donghai Hotel for dinner, he had never let them down. Would they also not let everyone down this time?

Seeing that no one was getting off the boat, Wang Qiang shouted, "What are you doing? Didn't Mr Wang hear what he said? Get off the boat and find a place to stay out of the rain! You don't really think Zhao Qian can convince people, do you? Look at this car and the bodyguards behind it, do ordinary people even have this license plate? "Don't be silly, okay?"

Some people felt that Wang Qiang's words were quite right. When it came to

people with power and influence, money was useless as well. This time, Zhao Qian definitely wouldn't be able to solve the problem, so it was better for him to obediently disembark.

With someone taking the lead, the others also disembarked. However, there were two people left who didn't get off the boat. One was Liu Mei, and the other was Jiang Xiaoqing.

Wang Qiang was very angry and asked, "What are you two doing? It's rooted to the ground, and I can't move anymore, right? "

Liu Mei replied, "Wang Deputy Manager, I believe Zhao Qian can solve this problem. He never let us down, and this time I still believe in him. "

"Liu Mei, don't be stupid. This is different from the previous situation."

"You can't like him that much even if you like him. If you offend a big shot, you won't be able to take responsibility. "

"Hurry up and get down, don't make a mistake."

Her colleagues' persuasion was ineffective for Liu Mei, who insisted on her belief in Zhao Qian.

Wang Qiang angrily asked Jiang Xiaoqing what she meant, and now he also believed Zhao Qian?

Jiang Xiaoqing didn't know what was on her mind. In short, she felt that Zhao Qian could solve the problem. However, she was too embarrassed to say that in front of so many people. Thus, she changed her excuse.

"One more isn't a problem, one less isn't a problem. No matter how amazing a big shot he is, he shouldn't be strict enough to not be able to accommodate a girl like me, right?" I'll go over first to help everyone get to the front. "

Since Jiang Xiaoqing's reasoning was so honorable, Wang Qiang had nothing to say.

At this moment, the Lincoln RV started to move, ready to board.

However, at this moment, the person in charge of the ferry hurriedly ran out with security and other people behind him.

Everyone felt a chill in their hearts. Could it be that Zhao Qian had angered them, and they were going to beat him up?

## C93 A Few Words

"It's over! It's over! It's over! Zhao Qian definitely has a conflict with someone, they're going to beat us! "

Wang Qiang purposely threatened them, scaring everyone and making them stand up to run away.

Zhang Yang's face was filled with anger as he roared: "I knew this guy would cause trouble, is this a place where he can act cool? "Everyone, don't blame me for not protecting him. Later on, we will say that we don't know him, don't implicate us in his beating."

Faang Ni secretly touched Zhang Yang as if she was poking him, giving him a look, hinting him not to speak carelessly.

Zhang Yang knew what he said was inappropriate, but that was what he was really thinking.

Everyone was ready to run, but to their surprise, the ferry crew didn't rush them. Instead, they blocked the limousine.

The man in charge smiled obsequiously, said a few words to the man in the Lincoln, and then ordered them to line up in front of the Lincoln.

Faang Ni and the rest were stupefied. What did that mean? You don't want the big guys in the Lincoln on board?

The manager turned around and ran towards Faang Ni and her men. He scared them so much that they kept backing away, ready to run at any moment.

"Haha ..." I'm sorry, I'm sorry, I'm really sorry. I'm really sorry for the

trouble. All of you, hurry up and board the ship. From the looks of the rain, this is the last boat. to cause confusion, and I hope you'll forgive me. "

Everyone was stupefied. They suspected that they had heard wrongly.

Zhang Yang asked with uncertainty, "You..." You mean we can get on board? "

"Yes!" All aboard. "

"Then why didn't you just board the ship for us?"

"I was confused just now. After hearing Mr Zhao's words, I immediately realized that I shouldn't be afraid of power. Luckily, I met Mr Zhao today, otherwise I would have been wrong forever. This lady is his boss, right?"

"Congratulations on having such a good employee, and thank you for bringing him here for me to meet."

The supervisor was full of smiles as he shook hands with Faang Ni to express his gratitude. He then turned around and ran back.

Zhang Yang was dumbfounded, Wang Qiang was stunned, and Zhang Yuan was too afraid to speak. This Zhao Qian couldn't have persuaded the person in charge with those bland words again, could he? They couldn't understand why Zhao Qian's words were so effective, even though they were nothing special.

"Look, look. I told you that you shouldn't get off the ship. You should trust Zhao Qian."

"That's right, he has never let us down. We should not doubt his ability."

"Let's go, hurry up and board the ship to apologize to him. We have let down his expectations, we don't even have the least bit of trust in him."

With a few words from the staff members, all of them rushed to the boat.

The supervisor ran back to his office and found Zhao Qian sitting in his chair, drinking a drink.

"Young Master, we've settled the matter. Your people are already boarding the ship. "Young Master, the next time you come out to play, you need to pass by this place. You must tell me in advance so that I can arrange a ferry for Young Master."

Zhao Qian smiled and screwed the cap back on, "I didn't want to trouble you at first, I didn't want to get onto the island in secret."

"I deserve to die. Since I delayed Young Master's journey, I will not complain about Young Master's casual punishments."

"You can't be blamed for this. It's understandable that you would do such a thing in the face of such a person. Well, you do your work, and I'm leaving. When I get the chance to meet with the person in charge of Yuanyang, I'll say a few good words for you, so that you can be transferred to the main company to work early. "

"Aiya, thank you so much Young Master. This little one will always remember Young Master's grace."

"No need to thank me. I won't specifically speak up for you, but I will when I meet you. You don't need to thank me." Oh right, my identity can't be known to a third person, do you understand? "

"Understood!" Understood! Understood! Young Master, don't worry, no one will know your identity. "

Zhao Qian nodded in satisfaction and took the unfinished drink out.

By this time the boat was full and the Lincoln was safely aboard.

"It's raining so heavily, why aren't you moving the boat?"

"Exactly! You want to drown me in the rain! "

"Quick, start the boat!"

The park visitors who were wearing the outfits could no longer suppress the anger in their hearts, and they all began shouting loudly.

The captain sent people to calm them down: "Everyone be quiet. There is one passenger who has yet to arrive. We need to wait a bit longer."

"Who is it!? Your face is so big! "

"Exactly! Why are you making so many of us wait for him? Who is he? "

The other passengers didn't know who it was. Everyone from Faang Ni's company knew that it was Zhao Qian.

Zhao Qian slowly walked over while drinking his drink.

Faang Ni's company welcomed Zhao Qian back as if he was a victorious general.

Zhao Qian finished his drink, threw the bottle into the trash can, and then calmly got on the boat.

"Who is this?" What right do you have to make us wait for him? "

"Exactly! Handsome guy, what are you doing? Why are you waiting for you to board the ship? "

"Are you the captain's relative? Which leader or rich merchant's son is he? "

Zhao Qian chuckled and replied, "I am not the leader's son, nor am I some rich second generation. I am the same as everyone, I am just a passenger who wants to visit Chongdao. "

Everyone could not understand. Since his identity was not that special, why did he ask everyone to wait for him alone?

Zhao Qian didn't want everyone to guess his identity, so he replied: "They're afraid of power, so they forced us to give up our seats to the person driving the Lincoln. If I reveal this information, they will definitely be investigated by the leaders and even the government. If you were the people in charge here, would you be afraid of me? Kids who cry have milk to eat, they have to make trouble when the time comes, do you understand? "

Everyone felt that Zhao Qian's words made a lot of sense. Originally, forcing others to give up their seats was something that was wrong. It was better to not make a fuss about it with them. However, if they were to really make a fuss about it, they would be the ones who would be in the wrong.

Zhang Yang and the rest felt a lot more balanced. It seemed that this wasn't Zhao Qian having any exceptional qualities, but just daring to cause trouble.

Liu Mei giggled and said to Zhao Qian, "I knew you would be able to solve the problem. They went down, so I didn't go down."

"Well, then, I must thank you for your trust in me. When we get to the island, pick out a gift and I'll pay for it. "

"Hee hee ..." "That's a deal."

Zhao Qian nodded. At this moment, Faang Ni came over.

"Zhao Qian, it's all thanks to you this time. Otherwise, we might not be able to make it here."

"Nothing, just a small matter."

"This is not a small matter, don't be too modest."

"It's really a small matter. It's just a matter of a few words. What big thing do you think it is?"

Zhang Yang was already depressed in his heart, but now he felt even more like Zhao Qian was deliberately humiliating him. A problem that could be solved with just a few words, yet he and Faang Ni couldn't solve it with just a few words. If this wasn't a humiliation, then what was?

"If you say it's that easy, who would believe it? Did you bribe them? Why else would they listen to you? Do you really think we can scare you with just a few threatening words? "

"Hehe ..." Mr Zhang doesn't believe it, so I can't do anything about it. Besides, why bother with this now? All we need is for everyone to be on board. "

Zhang Yang still wanted to argue with Zhao Qian, but Faang Ni quickly pulled him away. The two of them walked to a corner where no one was familiar with each other and quarreled.

"Zhang Yang, what are you doing? Can't Zhao Qian solve the problem? How do you care? Even if he really did bribe them with money, that would still be his money. He didn't want our money, is that not good enough? "

"I just can't bear to see him force himself to act cool."

"He's not going to stand up for us. It's all because we have no other choice. He has no choice but to take action!" "You have to figure out your own identity."

The company belongs to us. No matter what method Zhao Qian uses to solve the problem, it will definitely be beneficial to us. Why are you worrying about such trivial things?"

Zhang Yang felt that Faang Ni was right. The company was their family, and Zhao Qian was working for them. No matter what method Zhao Qian used to solve the problem, he was doing it for them. Thinking of this, his heart felt much better.

Faang Ni sighed in her heart. She had to find time to talk to Zhang Yang. If he continued like this, sooner or later, he wouldn't be able to stay in the company anymore.

## C94 Your Official Collusion

The passenger ship quickly arrived at Chongdao, and everyone quickly disembarked. It was strange to say that although it was raining in the East Sea, it was sunny on the island.

Faang Ni clapped her hands to let everyone gather in one place, then said, "Let's go to the hotel now, we'll settle down the room, put down the luggage, and then we'll go for dinner. In the afternoon, we arranged for real person CS and other games. Everyone must eat and drink well at noon, so that we won't have the strength to play games in the afternoon. "

The team majestically went to the hotel, and Zhang Yang had already booked a room on the internet.

Zhao Qian only carried a small backpack with a change of clothes inside. Therefore, he was not in a hurry to enter the room, so he walked around the room by himself.

When he returned, he found Zhang Yang arguing with the hotel staff.

Zhao Qian walked up to his colleagues and asked them what was the matter and why they were arguing again.

"Mr Zhang booked a room online, but the hotel said that there aren't that many. There are still five rooms missing."

Zhao Qian nodded and said, "That's very normal. What's there to argue about?" Reservations online did not mean that there were rooms in the store. This was something he did not understand. Wouldn't it be fine if the rest of the people went to another hotel? Why are they making a ruckus again?

"There are only two hotels on the island, and the other one is a cheap one.

Everyone can only live in this house.

"So it's like that. I'll go ask what's going on. "

With that, Zhao Qian walked over.

"Zhao Qian is here. The problem has been solved."

"Aren't you guys myths about him too much? The hotel doesn't have any rooms, what can he do? "

"Are you stupid!?" It wasn't even noon yet, how could he not have a room? They want to keep the room and wait for the high price at night. "

"Is that so? Zhao Qian will definitely be able to take care of it. He's the best at talking, so the manager definitely wouldn't dare to not give him a room. "

Zhang Yang felt extremely upset. He had talked for so long for everyone and his saliva had dried. No one thanked him. The moment Zhao Qian arrived, everyone immediately had high hopes for him.

Zhao Qian did not want to raise his head. After coming over, he did not say anything as he watched Zhang Yang and Faang Ni communicate with each other. If they could communicate well, he wouldn't have to stand up for them.

The hotel manager's attitude was very firm. Without a room, online booking did not necessarily mean that there would be a room in the restaurant. This point is stated on the Internet, everything to go to the shop, before the call to confirm. However, Zhang Yang couldn't blame the hotel for not confirming whether there was a room in advance.

Speaking of which, it was indeed Zhang Yang's problem. He had not made up his mind in advance whether there was a room, and the hotel had the right not to give it to him.

However, Zhang Yang did not care about this. He felt that as long as he booked a room, the hotel would have to give it to him. Otherwise, it would be a breach of contract, and he could sue the hotel.

The hotel manager replied with a smile, "Sir, I'm sorry, but the website we bought on the internet clearly stated that we must make a call in advance to confirm that there is a room. Sometimes, when there were many tourists, there would be situations where there were no rooms. "If you don't call ahead to confirm, we have the right to give priority to customers entering the store."

Zhang Yang was angry again and shouted: "Then why are you guys selling your ass online? You can only sell all of them in the shop!"

The hotel manager was still smiling, but he spoke with determination.

"This is our right and freedom, and it is not our duty to explain it to you. You can make a decision now. If you need a room, we'll open it for you as much as we can. If you don't need it, then go to the other hotels and have a look. "

"What's with your attitude?" Get rid of us! I'll call the police right now. I don't believe that you'll be so lawless! "

With that, Zhang Yang took out his phone and called the police. Even though Faang Nila couldn't stop him, he still called.

The hotel manager's face didn't change as he continued to smile: "It's up to you. If you want to call the police then call the police. If you want to complain then complain, then complain. It's your right and freedom."

Zhao Qian sighed helplessly and walked to the side to find a seat to sit down. Zhang Yang was still lacking in experience. Arguing about such a small matter and calling the police, what could they expect him to do in the future?

After a while, the policemen arrived. After asking about the situation, they asked the hotel to arrange as much as possible. If they couldn't be arranged, then they could only squeeze in. There was no other way.

The civilian police were there to settle things, and that was a reasonable way to do it. However, Zhang Yang was not satisfied because he wanted to fight for a right or wrong.

"Comrade Police, you can't do this! I booked a room online in advance. When I got to the store, I told them that I didn't have one. This is their fault. Why should we bear the consequences? "

"Didn't they already say it? I reminded you to call in advance to confirm that you had a room, but you didn't call in advance, and they didn't know if you were coming or not, so they called other customers. Since there's a reminder, then it's not considered a false advertisement. "

"You government merchants colluded with them and used you as a protective umbrella for them, right? I want to expose you! "

Zhang Yang really wanted to do one thing to prove his ability. Otherwise, everyone would think that he was useless and just a trash that only knew how to be a wife. However, the truth was not as he had expected. After suffering so many blows, he had already lost some of his rationality.

The policeman was very angry. His bullshit and nonsense had seriously damaged his image as a police officer.

"Comrade, please be careful when you speak. You have the evidence, and you're welcome to report it. You have no proof, so don't spout nonsense. Otherwise we'll have to take you back for investigation. "

Zhang Yang still did not know how to rein himself in and roared: "Sure! Bring

me back for investigation! This just proves what I have said. You are colluding with the officials. "

The policeman could not stand the slander and immediately went up to catch Zhang Yang.

"The police beat him up! The police beat them up! "

Zhang Yang was shouting like a shrew.

The policemen felt wronged and quickly released him.

"We warn you once again, if you continue to cause trouble without any reason, then we have really taken measures against you!"

Seeing that they were scared, Zhang Yang became even more daring.

"Come on, catch me if you dare!" Don't think I don't know. When I was in the United States, I read a lot of domestic news. Your reputation has gone bad, and you still have the nerve to say that others are causing trouble for no reason! "

"Handcuffed!"

The policemen couldn't take it anymore, so they went up and cuffed Zhang Yang.

Faang Ni rushed forward to plead, but it was useless. The police insisted on bringing Zhang Yang back to be investigated.

Zhao Qian didn't care about Zhang Yang. However, he knew that if Zhang Yang was taken to the police station, everyone would not be in the mood to play. It was hard for them to make a trip out, so they couldn't ruin everyone's good mood.

The company in charge of developing the Chongdao Scenic Spot is called Hua Xia Yan Hai Construction Co., Ltd. Zhao Fu indirectly took a 60% stake in the company through the Sun Corporation of Wealth International. In other words, Chongdao was developed by the Wu family, and the right to manage the shops and attractions on the island was mainly concentrated in the hands of the clan.

Since it was a scenic area developed by Zhao Qian's family, and the necessary facilities for tourists such as hotels and restaurants, it was naturally managed by Zhao Qian's family. Eating, lodging, souvenirs, etc., are the main sources of income for the scenic area.

Zhao Qian described the situation to Wang Qi through WeChat and told her to inform the hotel manager and come out immediately to take care of things.

Wang Qi quickly did as she was told and called the shop manager, telling him to be careful and to come out and take care of things.

Zhao Qian walked in front of the manager and said, "Please call the manager out, I want to communicate with him."

The manager looked at Zhao Qian and shook his head with a smile. He said that since the shop manager wasn't here, he could tell her anything.

"Hehe ..." I don't want to tell you, I want to tell your shop manager. "

"I'm sorry, but the shop manager is not here. If you have anything to say, just tell me." "If you don't want to say it, then don't say it. The shop manager is not here anyway."

The manager was still smiling, but her smile made people feel uncomfortable and made them feel like they were laughing at her.

As the two of them were talking, the shop manager came out. With a serious face, he asked unhappily why the police were here.

The manager quickly explained to him and pushed all the blame onto Zhang Yang.

The shop manager nodded, then turned to Zhang Yang and said, "When you bought it, didn't you see the page prompts? We have the necessary explanation that you didn't notice, so you can only bear the consequences yourself. "Comrade Police, please take him away, don't affect our business."

## C95 It Was Still a Matter of a Few Words

Since the shop manager had made the request, the police would definitely fulfill it. After all, Zhang Yang was harassing the normal operation of the store.

Faang Ni hurried forward to plead with the police and had Zhang Yang apologize to the hotel. Just now, Zhang Yang had lost control of his emotions and said those words out of excitement. The police were serious now, and he was afraid.

However, even if he was afraid, with so many people watching, if he apologized, how could he continue staying in the company?

"I'm not wrong. Why should I apologize? The ones who should be apologizing are them! "

The shop manager chuckled and said to the police, "Comrade Police, you understand now. He doesn't know his own mistakes. You should take him back to the police station to teach him a lesson."

If Zhang Yang was taken away, everyone's mood would be affected. At this moment, Zhao Qian stood up. He said to the manager, "Mr. Manager, right? Hello, my name is Zhao Qian, I'm with them. Let's talk about it. "

The shop manager's eyes lit up. He smiled and nodded, saying that it was no problem. Then he quickly followed Zhao Qian to a place where no one was around to talk.

When he finally saw Young Master, the shop manager naturally had to kiss ass to him.

"I'm still thinking about what kind of person it is that can become our Young

Master. "Now that I look at it, Young Master is indeed a man of great character."

Zhao Qian chuckled. He put his arm around the shop manager's shoulders and whispered, "Keep your voice down, don't let others know my identity. Do you understand what I mean?"

"Understood. Those people with Young Master, they don't even know Young Master's identity?"

"I don't know." I'm afraid that there will be unnecessary trouble, and the less people know, the better. "

"Understood. Then I will be the peacemaker now and resolve the conflict between the two sides. Young Master will stop once he sees that guy, so stop pestering him. "

"Yes."

After the two had reached an agreement, they walked back while talking and laughing.

The shop manager purposely said loudly, "Sir is right. Business is about making money peacefully. It's best if it doesn't become a big deal. As for me, I will not pursue this mister any further. As for the problem of the room, I will do my best to solve it for you. Sir, do you think this is appropriate?"

Zhao Qian nodded in satisfaction and replied, "That's great, Mr. Manager is a real person. "Since you've already shown your sincerity, we will definitely show our sincerity as well. We definitely won't cause any trouble for the hotel."

"Haha ..." That's great. It's a deal. "Please check in first, how many people do you have left without a room? I'll personally arrange it so that everyone can

stay in this hotel."

Zhang Yang really wanted to die. After messing around for so long, the situation became more and more tense. He himself was even going to be taken to the police station. However, Zhao Qian and the shop manager had talked for some time, and everything had been resolved.

The more Zhang Yang thought about it, the more uncomfortable he felt. He wasn't willing to let this matter end so easily. He immediately asked: "Didn't the manager just say that there are no more rooms? Why did you, the shop manager, say that it could be arranged? Is it understandable that this fellow manager is looking for trouble? He clearly has a room, yet he said that he didn't want to give it to us?! "

Zhao Qian shook his head helplessly and said to everyone, "Let's hurry up and check in. We can forget about Mr Zhang's personal grudge with the hotel."

After saying that, Zhao Qian was the first to walk over to check in. The others quickly followed the line and went through the procedures, but no one bothered with Zhang Yang.

Faang Ni quickly apologized to the police and the shop manager, then pulled Zhang Yang out to talk.

"Hubby, what are you trying to do? Zhao Qian had communicated with the shop manager already, so stop messing around! "

Zhang Yang was annoyed and immediately replied: "What do you mean? You don't think I'm as good as him, do you? "He is just solving the problem for us, and I am just getting entangled with him, am I right?"

"Aiya, that's not what I meant! I mean, now that things are settled, we can settle down and stop wasting our time with them. We're here to play, not to fight. "Let's go and quickly put down our things. We can still rest after our

meal."

Zhang Yang didn't want to stay here, but he didn't have a room at another hotel, so he had to reluctantly follow Faang Ni to check in.

The front desk girl was still smiling as usual, but Zhang Yang felt like they were mocking him.

"Why are all of you laughing?"

The front desk girl was still smiling and replied: "Hello, sir, smiling service is our most basic request."

"Don't think that I don't know that all of you are really mocking me. Don't talk about such grand excuses!"

"Hee hee ..." Sir, if you insist on doing so, we can't help it. In any case, we're smiling at any customer, so we're not afraid of you complaining. "

Faang Ni quickly stopped Zhang Yang and said, "Aiya, okay, okay, stop messing around with them. "Hurry up and check us in, we need to rest."

"Okay. Please take out your ID cards. We need to check the information. "

Faang Ni quickly gave her ID card to the front desk, but Zhang Yang didn't want to give it to her. All she could do was take out his wallet and give his ID to the front desk.

No matter how unhappy Zhang Yang was, he still had to check in. He swore all the way to the room, then he started to criticize the facilities in the room.

Faang Ni became more and more dissatisfied with him. She felt that she was too impulsive back then. People can change.

Zhao Qian had a big bed. When he came out from the shower, someone knocked on the door. He looked through the peephole and saw that it was Jiang Xiaoqing.

Jiang Xiaoqing was very interested in Zhao Qian now. She wanted to know what happened to Zhao Qian and why he changed so much.

Zhao Qian hesitated for a moment, but didn't open the door. He asked through the door, "What's the matter?"

Jiang Xiaoqing immediately replied, "I have something to say to you. Open the door."

"If you have something to say, just say it. There's no need to open the door." I just finished my shower, so it's not convenient. "

"It's hard to say behind the door. Put on your clothes and let me in."

"Then forget it. I'm a bit tired, so I want to sleep for a while."

With that, Zhao Qian walked to the bedside and suddenly fell asleep.

Jiang Xiaoqing knocked on the door for a while longer, but didn't hear Zhao Qian's reply. She could only leave.

Just as Zhao Qian was about to fall asleep, there was another knock on the door. He shouted helplessly, "What are you trying to do?"

"Zhao Qian, it's me, Liu Mei."

Zhao Qian quickly got up and put on his clothes. He walked over to open the door and asked, "Liu Mei, what can I do for you?"

"Nothing, I just came to find you for dinner. And didn't you say you were

going to give me a present? It just so happens that I can go out and choose. "

"Is that so? Fine, wait for me for a while. I'll wash the clothes, or else I won't have any clothes to change tomorrow."

"Oh, then go sit for a while, I'll help you wash."

After Liu Mei said that, she walked into the bathroom, but Zhao Qian couldn't stop her. She could not continue like this. Liu Mei would sink deeper and deeper into the abyss. Zhao Qian felt the need to let her know that he wasn't interested in her.

But if he rejected her bluntly, it would definitely hurt her self-esteem. Zhao Qian thought for a while and finally thought of a solution. He sent a message on WeChat to Wang Jing, telling her to come to Chongdao immediately.

There was a promise between the two of them, Wang Jing had to come whenever she was called. She could only put down what she was doing and ride her boat to catch up.

## C96 What the Hell Do You Want

After a while, Liu Mei finished washing Zhao Qian's clothes and hung them on the windowsill.

Liu Mei clapped her hands and said proudly to Zhao Qian, "Alright, we can go now."

Zhao Qian nodded and walked out with Liu Mei. As soon as they left the house, Jiang Xiaoqing came again.

When Jiang Xiaoqing saw Liu Mei coming out of Zhao Qian's room, she immediately showed displeasure on her face. He didn't even open the door when he knocked. So it was because he had a good relationship with Liu Mei.

"The two of you are pretty fast!" "Then we'll share the same room."

Liu Mei quickly explained, "Don't spout nonsense. I was just looking for him to have a meal."

"Hehe ..." You all should be clear about whether or not I'm spouting nonsense. "

With a straight face, Zhao Qian asked, "Do we live in the same room, does it have anything to do with you? What's the point of saying all this weird stuff?"

Jiang Xiaoqing felt wronged and replied, "Yes, it has nothing to do with me. But if I wanted to talk to you, shouldn't you have the least amount of politeness? Why did you close the door and not see me?"

"How funny, who do you think you are, why do I have to talk to you if you want to talk to me? I don't have time to waste with you, we have to go eat. "

After Zhao Qian said that, he winked at Liu Mei. The two of them immediately turned around and went to the restaurant to eat. Jiang Xiaoqing followed closely behind and went to the restaurant as well.

It wasn't wrong for them to eat together in the restaurant, so Zhao Qian didn't say anything. However, Jiang Xiaoqing was sitting right next to him and Liu Mei, which made him feel very uncomfortable.

"Jiang Xiaoqing, there are so many seats at the side. Can you change seats a little? Don't you feel awkward about our relationship? "

Jiang Xiaoqing innocently shook her head and replied, "Why would I feel embarrassed? You eat mine, I'll eat mine, and we won't interfere in each other's business.

"No ..." What are you trying to do? "

"Eat!" What can I do? "

Zhao Qian chuckled and ignored him.

Liu Mei put down her chopsticks and said, "Why don't we change our seats?"

Zhao Qian nodded, picked up his plate and followed Liu Mei to a corner to sit down.

Jiang Xiaoqing was really looking for trouble. She picked up her plate as well and sat down behind the two of them. Since he was sure that she did it on purpose, Zhao Qian didn't want to waste any more time with her. He quickly finished his food and left.

Seeing that Zhao Qian had increased his speed, Liu Mei also increased her speed. After five minutes, the two finished eating and left.

At this time, Faang Ni and Zhang Yang happened to come over for dinner, so they asked, "Where are you two going?"

Liu Mei quickly replied, "Zhao Qian promised to give me a present, so let's go pick one right now. Right, Director Faang, when will our activities begin?"

"At two o'clock in the afternoon, everyone gather at the entrance of the CS Arena. Both of you, don't delay any longer. You can come back after you've bought the items."

"No problem, I definitely won't delay any longer."

Faang Ni smiled and nodded. She intentionally glanced at Zhao Qian and gave him a smile.

Zhang Yang was immediately jealous and asked, "Why are you smiling at him? What do you mean? That's what happens when you block my way!"

Faang Ni rolled her eyes and replied, "Nutjob, can't you see that they're up to no good?"

"They are the target? I don't think Zhao Qian is interested in her at all."

"Zhao Qian isn't interested in her, she's interested in Zhao Qian. You can't even tell? Zhao Qian is rich now, and he has a high position in the company and is handsome. Which single girl doesn't like him?"

"Then what you mean is, if you were single, would you also like her?"

Faang Ni speechlessly rolled her eyes and sped up her pace to get the meal. Zhang Yang was thinking about how to make use of Liu Mei to make Zhao Qian unable to stay in the company.

Zhao Qian brought Liu Mei to the shopping area on the island. Other than some local specialties, the items here were nothing special. However, the price was several times higher than the ones outside.

Liu Mei chose and chose, but she was not sure what she wanted. After walking around, the two of them arrived at a jewelry store that sold gold, silver, and jewelry.

Liu Mei had just graduated from university and her life was very simple. Since she didn't have a single piece of jewelry, Zhao Qian wanted to give her one.

"Why don't you choose a piece of jewelry? I'll give it to you."

Liu Mei was extremely happy, because she felt that men would not easily give jewelry to girls unless they were interested in her. However, she still politely refused.

"It's better not to. The things here are too expensive, I can't accept them."

"It's alright, if I say to pick one, then you can choose one. "Hurry up and see which one you like. We'll buy it immediately."

Liu Mei nodded happily. "You'll have to spend a lot of money then."

"Haha ..." "If I don't spend the money, then I will naturally fulfill my promise. There's no need to talk about whether I should pay the money or not."

Liu Mei nodded and immediately began to choose her accessories. Liu Mei selected an emerald bracelet as she sifted through it.

Zhao Qian saw that she was staring at the bracelet, so he asked the clerk to bring it out for her to try.

To be honest, it looked really good on Liu Mei. However, she didn't want it when she saw the price. Thirty thousand yuan each, that was enough for half a year of her salary.

"That's not good. Let's change it."

Liu Mei wanted to take the bracelet off, but after a few tries, she still couldn't take it off. Her hands were red, but she couldn't take them off.

At this moment, the clerk's face revealed an impatient expression.

"Let me help you. Next time, let's see if we can try again. Otherwise, if something like this happens, we'll all be in trouble. "

These words were not pleasant to hear. Zhao Qian immediately retorted: "Why would I want it if I don't try?"

The clerk said, "Whether you like it or not, you don't even need to try to know. I just don't think I can afford it after seeing the price. "

The clerk said this because he wanted to argue. However, Zhao Qian had no interest in bickering with her. After all, she was just a shop assistant.

Zhao Qian didn't really need the 30,000 yuan, so he said to Liu Mei, "I think we should just buy it. If you don't like it, go back and do it. We have limited time, so let's not waste it on such a trivial matter. "

"But 30,000 is too expensive." Three thousand is more or less it. "

Hearing Liu Mei's words, the clerk immediately laughed mockingly.

"Beauty, are you joking with me? If you want to buy the jade bracelet after three thousand, why don't I give you three thousand and you can buy one like this for me? "

Liu Mei was flustered by the clerk's words. She tried to take the bracelet off, but it was broken by her.

This time the clerk was furious. She shouted angrily, "What are you doing? If you can't afford it, you can don't have to. Why did you break it for me? "Then you must buy it now even if you don't want to!"

Liu Mei quickly explained, "I'm sorry, I'm sorry, I didn't do it on purpose. I just gently exerted a little force and it broke. "

"Oh, what do you mean? Say our bracelet quality is not good, do not want to compensate? Everyone came to take a look. These two thought it was too expensive, so they intentionally broke the bracelets. "Everyone, please come here to review our reasoning and help me prove it."

Originally, Zhao Qian wanted to compensate, so he didn't lack the thirty thousand yuan. However, the clerk's actions were too infuriating. She only wished for the world to be free from chaos. Since she wanted everyone to watch the show, she wanted to make it even better.

## C97 What a Coincidence

With the restaurant so noisy, the shop manager quickly ran out. After she understood the situation, she asked Zhao Qian and Liu Mei how they were going to deal with it.

Zhao Qian took out a card, pointed at the jade bracelet behind the counter and said, "I want all of the jade bracelets in here."

The clerk didn't believe that Zhao Qian had that much money, so he replied with a look of disdain, "We have over 3 million worth of goods on the counter, and you can't even afford 30 thousand yuan? And you still want to buy over 3 million yuan?"

Zhao Qian didn't give the damnable clerk any face and retorted, "It's only 3 million, I don't really care. Pack it up quickly, don't waste my time."

The clerk offered to swipe the card before packing the goods. First, he had to earn three million, then make up for it. Her face once again revealed a contemptuous smile. She thought to herself, I should stop acting cool now, right? How could a person who only thinks thirty thousand dollars could get three million from his card?

Zhao Qian nodded without hesitation.

The clerk was a little confused. Could he really have met an invisible tycoon? She brought Zhao Qian to the cashier counter and asked the cashier to transfer three million first.

At this moment, the shop manager, who had been silent all this time, stopped the cashier and took over Zhao Qian's card, returning it to Zhao Qian.

"Handsome, let's talk inside."

Zhao Qian didn't want to talk to her, and there was no need to. He immediately urged the cashier to swipe the card.

Without the shop manager's order, the cashier didn't dare to take the card.

The shop manager said with a smile, "Handsome, don't make things difficult for us workers. If there is any problem, we can go in and discuss it. If you have any requests, feel free to mention them. I will do my best to fulfill them."

"Is that so? I can see that you're pretty good-looking. Give me a kiss and I'll go in and have a chat with you. "Why don't you give me your card now, or else I won't be so easy to talk to."

The shop manager's face immediately turned red as he hurriedly replied, "Handsome brother, don't play with me. I'm just a worker, don't make things difficult for me."

Zhao Qian smiled evilly, turned around and shouted to the tourists, "Everyone, come and see, I want to buy all the jade bracelets here, but they don't dare to sell them. What do you think this means?"

Everyone began discussing. What did this mean?

Zhao Qian shouted even louder: "This means that there are counterfeits in here, they don't dare to sell all of it to me! Otherwise, how can we explain their lack of money?"

"That makes sense. If it wasn't because of a guilty conscience, how could there be a business that wouldn't be doing it?"

"Do you sell counterfeit goods here?"

"I just bought a gold necklace, is it fake?!"

"I want to return the goods!"

"I want to return the goods as well ..."

The interior of the store instantly became chaotic. Those who bought things had to return the goods, while those who didn't, asked the manager to give an explanation as to whether there were any counterfeit goods in the store.

The head storekeeper hurriedly motioned for everyone to quiet down and loudly replied, "Everyone, listen to me. All of the goods in our shop have been confirmed by our specialized agencies. They are definitely authentic and not fake. This gentleman has had some trouble with our clerk, and he's talking nonsense to get even with us, so you mustn't believe him. "

After the shop manager finished, he immediately walked to Zhao Qian's side and whispered in his ear, "Handsome, I beg of you, can you come in to talk to me?" "You see, it's not easy for me to work for someone else. If something happens, I really can't afford to take responsibility."

The shop manager's meaning confirmed Zhao Qian's words. There was a fake product in these jades.

Zhao Qian didn't want to make things difficult for anyone, but selling fake goods on the island his family developed couldn't do that.

"Sure, I'll talk to you inside. However, you have to kiss me first. "

The shop manager was stunned for a moment before biting her lips. After hesitating for a while, she still tiptoed up and kissed Zhao Qian.

The crowd went into an uproar. The clerk couldn't understand. Was there something wrong with the shop manager's head? Why did he have to do this? She wanted to go in and talk to him, but he took advantage of her to bring her

in.

Liu Mei's eyebrows scrunched together. She was so angry that she wanted to throw this damned shop manager out.

The shop manager shyly asked, "Is it okay now ..."

Zhao Qian nodded with a smile and told Liu Mei to wait outside. He went in to have a chat with the shop manager.

How could Liu Mei let Zhao Qian follow in? She kissed him in front of so many people. When the two of them were alone again, there was no telling what might happen.

"I'm afraid to stay here alone. It's better if I stay with you."

Before Zhao Qian could say anything, the shop manager quickly said with a smile, "Don't worry, miss. We will be back soon. It won't take us too long."

Liu Mei still didn't want to let Zhao Qian in alone. She pulled his hand and said coquettishly, "Just take me with you. I'm really afraid that they will hit me."

Zhao Qian understood Liu Mei's intentions, so he replied, "Wait here, why don't you go back to the hotel?"

After saying that, Zhao Qian followed the shop manager into the back hall. Liu Mei's eyes were brimming with tears, feeling both sad and wronged. She felt that Zhao Qian must have gone in with the shop manager to do shameful things, otherwise he wouldn't have kicked her out.

Zhao Qian came to the manager's office and asked what she wanted to say.

The shop manager very politely gestured for Zhao Qian to sit down, poured

him some water and got down to business.

"Handsome brother, you are so generous, I will give you a real one at the cost." "Is that okay?"

"Hehe ..." "Then you admit to selling fake goods?"

"Actually, it can't really be called a fake either, it's just that some people use inferior goods and use B goods as their A goods. You bought so many in one go that I knew you were an expert. "This is the unwritten rule of the industry. Everyone does it, just wait for those who don't know how to buy it."

"Alright!" Since you're so honest, I won't make things difficult for you. "How's the one in my friend's hand?"

"That's definitely good stuff, I can assure you. If your friend has taken a fancy to it, I'll give you five thousand dollars. "

The price was set at 30,000 yuan, which was only 5000 yuan. This trade was really deep. If it was anywhere else, Zhao Qian wouldn't care so much. However, this was the tourist area developed by his family, so he would not allow anyone to cheat here.

"Since you admit that subtlety is good, then it is not that I wronged you. I've said that I won't make things difficult for you, so I definitely won't make things difficult for you. So, you call your boss and ask him to come over and talk to me. "

"Aiya, handsome brother, you called our boss over. Isn't this making things difficult for me? Look at how sincere I am, don't make things difficult for me. Why don't you just let me go when I treat you to a meal? "

Zhao Qian shook his head and was about to say something when someone knocked on the door. The shop manager walked over to open the door. She

was so shocked that she quickly bowed to greet him.

"Hello Chairman Zhang, why have you come?"

"My dad wanted to come out to relax, so I brought him here to play."

While they were talking, a man with a paunch walked in. When he saw Zhao Qian, his expression immediately turned serious.

Zhao Qian became serious when he saw the man looking at him like that. He asked, "What do you mean by looking at me like that, sir?"

"Hehe ..." I just think it's too much of a coincidence that I met you here. "

"Oh? "How come I have no impression of you, sir?"

"That's because I didn't get out of the car. Do you remember that Lincoln Rover? "

"Oh, so the people in that car were you and your dad. What do you mean by looking at me like that, sir? Trying to get some face for that matter? "

"Haha ..." You're really a smart person, I just want to get back at you! "

The man's eyes suddenly turned cold. It seemed like he wanted to teach Zhao Qian a lesson ...

## C98 Hurry up and Apologize

Since they were here to seek revenge, there would inevitably be a "vicious battle" going on today. Zhao Qian did not show any weakness and directly asked: "Then, mister, how do you plan on finding trouble? Are they going to make a move? "

"Haha ... " No one has ever dared to mess with me, Chen Guangyu, so you're the first one. I was already very angry at the ferry. If my father didn't stop me, I would definitely make things difficult for you. I didn't expect you to come to my place and cause trouble. Then don't blame me for being rude. "Yang Mei, call the security guards and the bodyguards I brought over."

Yang Mei was the shop manager. She quickly advised, "Boss, I think we should forget about it. We should make money peacefully." For her to be able to take out several million without blinking an eye meant that she definitely wasn't a simple person. Let's not be impulsive. If we were to offend some big shot, it would not be good for us either. "

Chen Guangyu laughed loudly and replied, "What kind of bullsh \* t big shot is that, he's just a staff member of a small company. Such a small company, I don't even put it in my eyes. Go and call everyone in! "

Yang Mei had no other choice but to run out and call the security guards and bodyguards in.

Liu Mei knew the situation was not going well and rushed back to the hotel for help.

Yang Mei's office was crowded with people. Chen Guangyu asked Zhao Qian if he had anything else he wanted to say.

Zhao Qian's expression did not change. He shook his head with a smile and

replied, "There's nothing much to say. I think it's better for you to say it."

Chen Guangyu's face immediately darkened and he scolded: "I'll give you a f\*cking chance to admit your wrongs. If you don't treasure it, then don't blame me for bullying the weak and bullying the weak. These brothers of mine are all retired soldiers, so it doesn't matter when we fight. If I can beat you up, I won't be responsible. "

Zhao Qian was about to speak when someone knocked on the door. Yang Mei went over to open the door and asked what was the matter.

"Mr. Manager, there are dozens of people outside saying that they want to see Zhao Qian." If we don't get him out of here soon, they'll call the police. "

Chen Guangyu was very bold. He sneered and told his men to bring Zhao Qian out first. He and Yang Mei conspired for a while and then followed him out.

When Faang Ni and the rest saw Zhao Qian come out, they immediately went up to him to ask how he was and if he had been beaten up.

Zhao Qian replied with a smile, "Do I look like I got beaten up? Don't worry, I'm fine. "

Zhang Yang and the rest were overjoyed. Finally, they had the chance to take advantage of Zhao Qian's misfortune.

Zhang Yuan laughed out in schadenfreude and asked, "Zhao Qian, how come you get into trouble wherever you go?"

Zhao Qian glanced at Zhang Yuan and ignored him. Liu Mei quickly explained for Zhao Qian, "We didn't cause any trouble, we just came to buy things. Zhao Qian said he would buy all the jade bracelets here, and this woman asked him to go to the back and talk to her alone. After a while, this person arrived and called a lot of people in. I was worried that Zhao Qian might be in danger, so I

hurriedly ran back to report to everyone. "

At this moment, the shop manager, Yang Mei, spoke up.

"It was not a big deal at first, but this mister insisted that we sell fake goods here, so we definitely could not accept that. I'll take him to the back and have a nice chat with him. We can make money and sell him a piece of jewelry at a cost, as long as he doesn't cause trouble. But he forced me to kiss him and threatened to keep the shop closed. Tell me, how can the boss not be angry? Many of my guests can testify to what I have said. Does he want me to kiss him when we're selling counterfeit goods? "

The surrounding park visitors began to speak one after another.

"That's right, we're all watching. He really forced this beauty to kiss him."

"Yes!" He even said that he was selling fake goods here, which scared me so much that I wanted to return the goods. "

"Looks like he's here to cause trouble. Serves him right!"

When his colleagues heard this, they started to blame Zhao Qian.

"Zhao Qian, what you did was wrong. "After all, we're here to play. It's not good if you intentionally cause trouble."

"Why don't you apologize to her quickly?"

"Yes!" Hurry up and apologize, and ask for forgiveness. "

Zhao Qian chuckled and replied: "You guys said I forced her to kiss me, but I won't admit that. She was the one who begged me to go in and chat, and I said I wouldn't go unless she kissed me. Guests, don't you think so? "

Liu Mei was the first to stand out to support Zhao Qian's words. Some of the park visitors also helped to testify for Zhao Qian, the truth was indeed like that.

Zhao Qian continued, "As for selling counterfeit goods, it's not up to me to say, nor is it up to them to say. I think it's better to get a professional to appraise it. It is clear at a glance whether the authoritative test results are true or not. "

Yang Mei panicked. She knew that some of the goods in the shop could not be appraised. However, Chen Guangyu was not afraid at all. He felt that he had enough ability to deal with the appraisers.

Chen Guangyu was about to speak, but Zhang Yang impatiently said, "Zhao Qian, this is your fault. Why are you trying to cause trouble when you said you would buy things just because you came to buy them? Hurry up and apologize to him, and beg for his forgiveness! "

After he was done with Zhao Qian, Zhang Yang pretended to be a good person to apologize to Chen Guangyu.

"Sir, I am really sorry. I did not manage my employees properly and gave you trouble. I hope your lordship will remember not to lower himself to the same level as him. If he causes you any losses, I will make him pay in full. I will absolutely not let you suffer a loss. "

Wang Qiang also quickly followed suit and advised Zhao Qian to apologize quickly. Don't let the police take you away, it will ruin everyone's mood to play around.

The other colleagues also had the same intention. They wanted Zhao Qian to apologize and settle the matter peacefully. Even Liu Mei tried to persuade her to forget about it. She knew that she would suffer a loss, so she lowered her head to admit her mistake.

Don't mention Zhao Qian, even if he was in the wrong, he couldn't possibly admit it. This was the development of his family's scenic area, how could he apologize to others in his own home?

Chen Guangyu smiled complacently. He advised Zhao Qian to accept the suggestions from his colleagues and quickly bowed to apologize. Perhaps, he might be able to get away with it. Otherwise, just based on Zhao Qian's boasting and slandering them for selling fake goods, he had sufficient reasons to teach Zhao Qian a ruthless lesson.

Zhao Qian chuckled, showing that he did not place Chen Guangyu in his eyes.

"I see that your shop has also come to an end. It's time to make room for the law-abiding merchants."

Chen Guangyu burst into laughter, and then his face turned cold. He asked ferociously: "Who do you think you are, daring to say such words to me. Do you know who I am? "

Zhao Qian shook his head and replied, "I don't know. I don't want to know and I don't need to know. I only know one thing, you can't keep this shop open anymore. "

Not only could Chen Guangyu not listen to what Zhao Qian had to say. Zhang Yang, Wang Qiang, and all of Faang Ni's Production Company could not listen to what Sun Wei had to say. Why would a little diaosi like him be unable to keep his store open?

Zhang Yang shouted angrily, "Zhao Qian, have you had enough trouble? It'd be nice if we had to ruin everyone's mood, right? "

Everyone rushed forward to persuade Zhao Qian to apologize to the other party. This matter had been reduced to a minor one, a minor one at that. The

only person who was different from the rest was Jiang Xiaoqing. She actually supported Zhao Qian and Chen Guangyu going head to head against each other.

Others couldn't understand why she supported Zhao Qian at this time, but Zhao Qian knew. She just wanted to use Chen Guangyu's hand to deal with Zhao Qian and make a feud between Zhao Qian and Chen Guangyu.

However, Zhao Qian was not afraid either. He didn't care about a small Chen Guangyu at all.

Zhao Qian pretended to be moved and said to Jiang Xiaoqing, "Jiang Xiaoqing, I didn't expect you to support me when everyone else isn't supporting me. It's really touching. Although there are some grudges between us, I still have to thank you for supporting me at this time. "

Jiang Xiaoqing sneered in her heart as she cursed Zhao Qian as a retard. She was obviously scheming against him, but he thought that she was supporting him.

## C99 Perform Identification

Although Jiang Xiaoqing secretly laughed at Zhao Qian for being a retard, she still acted as if he didn't care about what was going on.

"Don't think too much into it. I just don't think that you would go after him for no reason at all. There must be a reason. No matter who it is, as long as he has reason, I will definitely support him. "

Faang Ni immediately pulled Jiang Xiaoqing away and scolded her, "Stop it! You should have advised him to be calm at this time. How could you have instigated him to go against his enemies? "Zhao Qian, don't listen to her. She's cheating you."

"Hehe ..." I don't think she tricked me. On the contrary, I think she was right. I'm in the right, why should I be afraid of him? Don't try to persuade him anymore, I've just reached the bottom of this matter with him! "

Chen Guangyu felt embarrassed and immediately called for his bodyguards to go up and grab Zhao Qian.

Zhao Qian did not resist and let them catch him.

Chen Guangyu laughed out loud and asked, "Brat, it's still too late for you to admit your wrongs now. Don't wait until your skin is ripped open before you know you're scared."

Zhao Qian chuckled and asked, "You still want to use private justice to abuse private punishments?"

"I'm not abusing lynchings, I'm just fighting back in self-defense. "You've already come to my shop to cause trouble, I can't just sit by and let you cause trouble, can I?"

"Is that so? I hope that you can still act so righteously later! "

"What do you mean?" Chen Guangyu asked with a bit of a guilty conscience.

Zhao Qian only smiled and did not answer him. A few seconds later, the staff of the Chongdao Market Supervisory Authority, as well as the management staff of Yan Hai Construction Co., Ltd., and the police of the island all ran over.

Chen Guangyu frowned and whispered, "Who called them here?"

The people around him shook their heads. They all said they didn't know.

Then, Chen Guangyu said to Zhao Qian, "Brat, you think that by calling them over, you will be fine? "Too young."

"Hehe ..." I am younger than you, that is true. I'm sure I'm okay, but you're in trouble. "

"He's trying to scare me! Your father is f \* \* king scared! "

Chen Guangyu was indeed not afraid at all. In his opinion, these people would definitely help him, not a diaosi like them.

The person in charge of the coastal construction was called Huang Qing, he approached and asked what was going on.

Chen Guangyu hurriedly complained about Zhao Qian's crime, asking them to avenge him and to return his innocence and fairness.

Huang Qing then asked Zhao Qian, what evidence can there be to prove that these things have a problem.

Zhao Qian replied, "If there's no problem, why don't you get a professional to come and examine it?" Just based on what I said, no one would believe it! "

Huang Qing discussed it with the Market Supervisor Bureau and the police station and sent someone to invite the staff of the only appraisal unit on the island. This is Yan Hai Construction Co., Ltd specially set up a small store to dispel the doubts of customers. If a visitor buys jewelry, jade, etc., and questions, they can go to this store for free appraisal.

Before today, this firm was for Chen Guangyu and other merchants, so it was basically colluding to cheat passengers. After all, Chen Guangyu and the rest of the merchants had paid a high rent, so the coastal construction would definitely go to them. However, the situation was different now. Chen Guangyu had offended Zhao Qian, so he was destined to have a tragedy today.

Soon, the appraisal staff arrived and did the appraisal in front of everyone.

Chen Guangyu was calm, and even quietly provoked Zhao Qian: "Brat, do you really think you can do anything to me? Don't even mention it being real, even if it was fake, they wouldn't say that it was fake. Do you think my annual rent of a few million dollars is paid for free? "

Faang Ni and the others heard Chen Guangyu's words and felt their hearts turn cold.

Zhang Yang said angrily: "I told you to apologize earlier, we can still go play happily. When you're in the police station, how could we have the mood to play? Why are you so selfish? Can't you think about it for everyone? "

Wang Qiang quickly added, "Mr Zhang, it's not like you don't know who he is. In order to act cool, he could afford to waste millions without batting an eye. For someone like him, how could it be possible for him to remain calm? I think Director Faang shouldn't have given him ten million. This is harming him, not helping him. If he didn't have that ten million, how would he dare be

so arrogant? "

Faang Ni felt that Wang Qiang's words made a lot of sense. If Zhao Qian didn't have the ten thousand yuan as a backing, he wouldn't have dared to be so arrogant. He thought about how low profile he was when he didn't have money in the past, and how he didn't even dare to retaliate when bullied. And now? Since others didn't bully him, he went and bullied them.

At this moment, Zhao Qian's phone rang. He took it out and checked it. It was Wang Jing. He answered and asked, "Where are you?"

"I've already landed on the island. Where are you now?"

"I was at Guang Yu Jewelry Shop when something happened. I had to wait for a while before I could go out. Why don't you come and find me? "

"Oh, sure. What happened? "

"A small matter. "Come over here."

Wang Jing hung up the phone and hurried over. Ten minutes later she was at the door, but she couldn't squeeze in. She called Zhao Qian and told him to go out and pick her up.

Zhao Qian acknowledged and hung up the phone. Then, he turned around and walked out. Chen Guangyu thought he was going to run, so he quickly ordered people to catch him.

Zhao Qian's eyes turned cold and said to Chen Guangyu, "What? Comrade Police Officer is still here, and you want to imprison me? Do you think they are decorations? "

The policeman immediately scolded Chen Guangyu for messing around and told his bodyguard to quickly let go of Zhao Qian. Chen Guangyu had no right

to restrict his personal freedom, let alone whether Zhao Qian was doing it on purpose or not.

Chen Guangyu was stunned for a moment. He wondered if these guys took the wrong medicine and didn't help him. He waved his hand, signaling his men to release Zhao Qian.

Zhao Qian sneered and went out to drag Wang Jing in. Seeing so many people present, Wang Jing asked Zhao Qian what had happened.

Zhao Qian told her the whole story, causing her to laugh out loud.

Chen Guangyu glanced at Wang Jing and asked, "Beautiful girl, what are you laughing about? Who are you and what does it have to do with you? "

Wang Jing took Zhao Qian's arm and replied, "What do you think is the relationship between us? As for why I'm smiling, you'll know soon enough. "

Liu Mei's heart skipped a beat and immediately started to ache. Could this girl be Zhao Qian's girlfriend? But I never heard him mention it.

Jiang Xiaoqing recognized Wang Jing at a glance. It was the girl who happened to be with Zhao Qian in the parking garage that night. She still remembered the scene of Yang Ming beating her up because of this girl.

If Jiang Xiaoqing was able to make Yang Ming like a girl, then she must be either rich or noble. Originally, she wanted to frame Zhao Qian, but she unexpectedly found a rich and beautiful friend for him.

The more Jiang Xiaoqing thought about it, the angrier she became. The corners of her clothes were all rolled up by her.

"No, we can't let Zhao Qian be good to this girl. Otherwise, I won't be able to deal with him in the future!" I have to break them apart! "

Jiang Xiaoqing thought to herself as she subconsciously stole a glance at Liu Mei. As long as the relationship between Liu Mei and Zhao Qian is revealed, this Bai Fumei will definitely leave Zhao Qian.

Hearing Wang Jing's words, Chen Guangyu burst into laughter and replied, "I don't care what your relationship is, so just don't cause trouble. Otherwise, you'll have to go with him to the police station for investigation. "

Wang Jing laughed again and replied, "Sure, I'll wait to go with him into the police station. I just don't know if these things of yours can be appraised. "If you can't pass the assessment, you will be the one to enter."

Chen Guangyu was full of confidence. Just as he was about to reply, the results of the appraisal came out.

## C100 Take My Money for Free

The appraiser showed the report to everyone and explained it to them.

"We checked a total of ten different types of accessories. Only two of them met the criteria, while the rest were all substandard. Some of them could even be used as counterfeit items."

The moment he said this, the entire hall went into an uproar. Chen Guangyu couldn't believe his ears. These idiots actually gave him a real appraisal report!

"You guys must be joking right? Could it be that there's been a mistake? Let's appraise it once more. "

"Mr. Chen, we are professionals, we won't make any mistakes. If you have any questions, you can apply for a review at another appraisal agency. However, I don't think that's necessary, because the results of the appraisal will not change. "

This was bad, the tourists who had already bought something in the store immediately exploded.

"Such a big shop actually sells counterfeit goods. Are there any laws?!" We want to return the goods, we want to file a complaint! "

"It's not as simple as returning goods. We have to return 1: 3!"

"Yes!" "One loss, one loss, three losses!"

"One down, three down ..."

The tourists shouted with their tickets, and the order on the scene went out of

control. The policemen quickly tried to calm everyone down. If there was a problem, they could resolve it through negotiation. There was no need to be so impulsive, and impulse could not solve it.

"You said it was light, but I spent a hundred thousand dollars to buy these two pieces of jade. If it's fake, do you take responsibility? "

"Exactly! "If we don't make a big fuss, no one will take care of it for us. Doesn't anyone know that?"

"Yes!" It would be best if it got onto the news, and let the entire country, and even the entire world, know that the jewelry stores on Chongdao were selling fake goods. Let's see who will come and play around in the future. Who will come and shop here? "

Chongdao was the main source of revenue for the Northern Sea Region. If something were to go wrong here, not to mention the tax revenue, even the surrounding economies would be affected. The consequences were so serious that no one dared to bear it.

Chen Guangyu had his eyes on this, so he was still struggling.

"Calm down everyone, our shop has been open for many years, but there has never been a problem with counterfeit goods. I think these staff members must have been careless and mistaken. This way, they would be able to appraise it again in front of everyone. Everyone, you have to be more careful this time. If the appraisal is wrong, you should know how serious the consequences are and how bad the effects are. "

The few appraisal staff could only comply with everyone's wishes and carry out another appraisal.

Before the results came out, Chen Guangyu called the manager of the Market Supervision Bureau and the manager of Yan Hai Construction to the back of

the hall to speak.

"What the hell are you guys doing? How did they come up with such an evaluation? "

Huang Qing, the person in charge of construction in Yan Hai immediately replied, "And you're still to be blamed? Look how big you've made it! With so many people watching, if we produce a fake appraisal report, once they go to another place to test it, we'll be in big trouble. At that time, it won't just be your family, your entire industry will be affected and your entire Chongdao will be affected as well. No one can bear the consequences like this. "

Chen Guangyu became angry as soon as he heard it, and shouted, "Oh, so you sacrificed me? I give you so much fucking money every year, and now you're telling me you're going to sacrifice me? "

Huang Qing sighed helplessly and comforted her, "There's no other way. Who asked you to make things worse this time? If they had closed the door and slowly discussed the solution, it wouldn't have ended up like this. I think you should hurry up and go back to exercise. There might be hope. "

Chen Guangyu scolded Huang Qing and the others for being ingrate. Every year, he would collect a lot of benefits from Huang Qing, sacrificing him at critical moments.

Huang Qing and the rest didn't want to explain too much to him, they had already said what needed to be said. As for what he should do, that was up to him.

"Boss Chen, we will be leaving first. You should think about it more carefully. "

After Huang Qing said that, he turned around and walked out, the others also followed him and left.

Chen Guangyu was so angry that he picked up the thing beside his hand and threw it up. As he fell, he scolded, "F \* ck, they're all ingrate! He had always taken advantage of me, but now he actually abandoned me! Your father's things are not things that you can touch as you please! "

Chen Guangyu smashed his stuff and walked out angrily. At this time, a portion of the second round of appraisal reports also came out. The results were exactly the same as the first round.

This time, the tourists who bought the items were completely unwilling. They wanted to return the goods, or else they would find a reporter to expose them.

Once the reporter was exposed, the impact on Chongdao would be devastating. Consider the news of the snowy countryside, Qingdao prawns and so on, which brought a great blow to the local reputation and tourism industry. No one could bear the consequences of this.

Chen Guangyu was angry, but he did not care about that and shouted: "Retreat what! If you say so, then let's retreat! My things are all real, and they must have appraised it wrongly. I request to go to the city and find a more professional appraisal organization to do appraise it. "

The park visitors didn't have time to wait for him to do the appraisal. They all shouted that they had to return the goods immediately, or they would call the reporters to inform them.

Chen Guangyu shouted, "You're exposing us! Would I be afraid of your exposure? Anyways, laozi doesn't want to open a shop here anymore, laozi isn't afraid of exposing myself! "

The angered park visitors quickly posted their messages on Weibo, voice chat, WeChat etc. This exposed the fact that they were selling fake goods here.

The people from the Market Supervisor Bureau were a little scared. The situation had developed to this point, and it seemed to have exceeded their expectations. They then asked Huang Qing if it was enough. If this went on, Chongdao's tourism industry would be ruined.

Huang Qing was also a bit guilty, but his leader had given him the order to clear out the jewelry store. He could not stop at this time. He still did not know that Zhao Qian was Young Master. If he had, he would not have hesitated.

After all, this was the development of his own home, so Zhao Qian naturally could not watch his Chongdao get destroyed. He gestured for everyone to quiet down, then said to everyone, "Everyone, calm down. This matter will definitely give everyone a satisfactory answer. The Chongdao Market Supervisory Authority and Yan Hai Construction Co., Ltd., together, had investigated and dealt with this dark shop. It was enough to see the determination of the authorities. He wasn't someone that he could dodge just because he was acting so arrogantly here! I picked this up, I'll get to the bottom of it. Mr. Huang, right? Can we talk alone? "

Huang Qing looked at Zhao Qian, nodded, and went into the back of the hall to talk with Zhao Qian.

Huang Qing didn't know Zhao Qian's identity and asked haughtily: "What do you want to talk about? Aren't you trying to blackmail me? "

"Hehe ..." You think too much. Call Yan Guofeng and tell him that I'm Zhao Qian. He'll tell you what to do. "

"You know our boss?"

"You call first, then we can talk."

Huang Qing nodded and called Yan Guofeng, the legal person representative

of Yan Hai Construction Co., Ltd.

"Hello, Director Yan. I have a person called Zhao Qian over here. He told me to call you and said that you would tell me what to do."

"Zhao Qian? That's Young Master, why is he at your place? "

"M ..." "Young Master?"

"Isn't our company controlled by Rich International? Zhao Qian is the son of Chairman Zhao Fu of Rich International. Listen to me. No matter what he wants you to do, do it. Even if he wants you to jump into the sea, you have to jump. I will give you the money to settle your worries. If you anger him, I'll kill you! "

"Ming..." "Understood ..."

"Give him the phone. I'll have a word with him."

Huang Qing looked at Zhao Qian with a face full of shock. With trembling hands, he handed the phone to Zhao Qian and stammered, "Young ..." Young Master... Yan ... Director Yan wants to talk to you. "

Zhao Qian took over the phone and asked, "Yan Guofeng, are you working well?"

"Aiya, thank you for Young Master's concern, everything is good. Young Master went to play at Chongdao? "

"Yes." Come and play. I still have something to take care of here, so I won't tell you. "

"Understood. "I've already told Huang Qing to listen to your commands. If he doesn't do well, I'll skin him later!"

"Haha ..." It's not that bad. Alright, enough. I'm hanging up. "

"Alright, Young Master, have fun."

"Yes."

Zhao Qian returned the phone to the stunned Huang Qing and told him what to do.
