

# His True Colors Chapter 1391-1394

## Chapter 1391

George Han's words made Mo Yang's eyes almost fall to the ground, because from his understanding, George Han wanted him to pretend to be his father?

First of all, not to mention whether Mo Yang had the guts to do so, as far as his age of two years was concerned, it seemed that he did not match.

Now Mo Yang is not yet middle-aged, how could he have a son as old as George Han.

"This...it's not so good, I...how young I am to be a father to have a son as old as you." Mo Yang vaguely said.

George Han glared, and said, "I mean, you are my brother now, and lead my younger brother to ask questions about tuition. Why, do you still want to be my dad?"

Mo Yang hurriedly shook his head and waved his hand, and said, "No, no, I didn't mean that. How dare I be your father."

George Han smiled. He knew that Mo Yang would want to be crooked, so he deliberately made it so unclear.

"Let's go, look at your future daughter-in-law, I am also curious if it is her." After George Han finished speaking, he walked to the cram school first.

At this time the cram school was in class, and the two of them did not dare to make much movement to avoid disturbing the child's cram school.

Mo Yang was obviously a little nervous and overwhelmed. He flinched, not even daring to straighten his neck.

This is a nightclub veteran, comparable to the existence of Sea King. The woman around him has never been missing, and it can even be said that he has never repeated it.

But now, he was afraid of a woman.

"What are you afraid of?" George Han asked incomprehensibly. With Mo Yang's experience, he wouldn't be frightened like this by a woman.

Mo Yang didn't know what he was worried about, but for him, this was something that would happen in the future, and because she had determined the idea of retreating from the rivers and lakes, this must be a very important thing in life for Mo Yang. An important person, because of this feeling, Mo Yang reacted with fear.

This is not to be afraid of Liu Fang, but to be afraid of unknown things.

Coming out of the classroom, when George Han saw Liu Fang on the podium clearly, he could almost confirm that this was Mo Yang's future woman, because George Han saw her before he was born again. Although he was older, his appearance was different from the present. Exactly the same.

Before the rebirth, Liu Fang has the charm of a mature woman, but now Liu Fang has a youthful and moving breath.

"Yes, is that her?" Mo Yang stammered.

"Yes." George Han replied in a positive tone.

Hearing this answer, Mo Yang's eyes stopped consciously on Liu Fang, but when he observed Liu Fang's eyes, he was not staring at other women so full of desire, and he didn't even think about Liu Fang in the first place. The body of Liu Fang kept his eyes in Liu Fang's eyes.

For Mo Yang, this is a very strange thing, because he looks at women, first for the figure, then for the face. Whether a woman can be favored by him, it must be both.

But now, Mo Yang seems to have ignored these.

"Are you sure it's her? She looks like a literati, how can you be with someone like me?" Mo Yang asked suspiciously.

George Han is also very curious about this question. How can two people who don't know how to get together?

Moreover, looking at Liu Fang and Mo Yang now, how unworthy they are, there would never be a line of intersection in their world.

"I don't know how she will be with you, but in the future you will indeed become husband and wife. As for the reason, I don't know." George Han said.

On the podium, Liu Fang's every move was gentle and gentle, and his voice was soft, which fully reflected the tenderness of a woman.

As for Mo Yang outside the window, even though he had already suppressed his blindness, the boss for many years still couldn't conceal the social atmosphere on him.

Before long, Liu Fang dismissed get out of class.

In fact, she had noticed the two people outside the window a long time ago, so she walked over to them the first time after class.

"Excuse me, do you have anything to do?" Liu Fang walked to Mo Yang and asked.

A faint floral fragrance came to his nose, and Mo Yang couldn't help taking a deep breath. George Han quickly coughed twice to remind Mo Yang to avoid this guy being ashamed and blind in front of Liu Fang.

Mo Yang stabilized his mind, and said to Liu Fang as a brother who had just discussed with George Han, "This is my brother. I want him to come to tuition. I don't know how much money you need to pay here."

Liu Fang smiled softly and said: "There are many types of tuition, and the price of each is different, so let's come with me and I will introduce it to you."

Mo Yang nodded dumbly. For him, a blind streamer, where he knew how to do tutoring, but being able to get in touch with Liu Fang up close, Mo Yang could only bite the bullet.

At this time, George Han discovered that although Liu Fang is not the kind of stunningly beautiful woman, her unique temperament is indeed very attractive to men. It is no wonder that Mo Yang, a flower veteran, is in the future. Will withdraw from the arena because of her.

Such a person, the deeper he touches, the more he can feel her beauty, and when a man finds a woman, doesn't it just need this kind of tenderness, and the little bird is in love with others?

After bringing Mo Yang to the office, Liu Fang introduced to Mo Yang many different courses and disciplines, from easy to difficult, in order of fees.

Mo Yang heard it in the clouds, like a heavenly book, although everyone knew what he meant separately, but when they were combined, he couldn't quite understand it.

When George Han discovered this, he couldn't understand that the two people would eventually come together. Their three views can fit together, and their lifestyle can be harmonious?

Literati, rascals, do not look like they can be matched successfully.

Mo Yang didn't know how to respond to Liu Fang's words, so he could only look at George Han for help.

George Han said helplessly, "Teacher, we have all written down what you said. Can we go back and discuss it with our parents?"

"Of course you can, if you are willing to learn, you can come early, there is nothing wrong with learning more knowledge." Liu Fang smiled gently.

Mo Yang's eyes were a little silly. In order to prevent Mo Yang from acting like an idiot in front of Liu Fang, George Han quickly said, "Teacher, we will go home first. After the discussion, My brother and I will come back to find you again."

“Let’s go, I’ll send you out.” Liu Fang didn’t wait to see the two people because of the unsuccessful selling of the class, but instead sent the two to the door of the cram school.

“Can you put away your idiot expression?” After Liu Fang left, George Han said to Mo Yang speechlessly.

## Chapter 1392

Mo Yang had always believed that only a woman in s\*xy clothes could attract his attention, and that she was well-dressed and twisted gracefully to be worthy of his favor as a big brother in Basin City.

But today, Mo Yang completely subverted his own thoughts. It turned out that a woman like Liu Fang was truly able to make his heart move.

Those coquettish goods can at best make Mo Yang desire, but Liu Fang makes Mo Yang want to truly own.

Now Mo Yang seemed to understand why he was willing to give up the position of the boss of Basin City for Liu Fang. Such a woman is worth giving up everything.

“What’s the matter, don’t speak?” George Han couldn’t help asking when seeing Mo Yang still in a daze.

After Mo Yang returned to his senses, he said to George Han, “I seem to fall in love with him.”

These words made George Han couldn’t help but laugh. It was the first time he met, and Mo Yang mentioned the word love, which was too exaggerated.

And this man who has countless female companions in countless nights, would he really fall in love with a woman so easily?

“Three thousand, don’t laugh at me, those women have never moved my heart before, but she seems to be different.” Mo Yang said with a serious expression.

George Han also put away his smile. In the future, Mo Yang will indeed fall in love with Liu Fang, and it seems that it is not unusual for him to behave like this now.

The two squatted across the street from the cram school, Mo Yang finally took out his cigarette and handed one to George Han.

This was the first time that George Han had smoked the cigarette that Mo Yang took out on his own initiative. Although he had no habit of smoking now, he still let Mo Yang spot it.

And for the current George Han, smoking can no longer harm his body, so there are not so many taboos.

In the eyes of passers-by, George Han smoked at a young age, which had a bad influence.

“You said, how can I catch her?” Mo Yang asked George Han.

If the two worlds are the same, George Han might be able to help Mo Yang think of a solution, but for the moment, George Han can't think of any possibility, because he feels that the two can finally come together. It was a miracle.

As for how this miracle was created, George Han could not imagine.

“Don't ask me this question. I don't think you are worthy of Liu Fang. I don't know how you will be together in the future.” George Han hit Mo Yang mercilessly.

Regarding these remarks, Mo Yang did not have the slightest opinion. From the perspective of social status, they are indeed out of place. How could a blind liuzi and a literati with eight scriptures be together.

“It's a bit nerve-wracking, I don't have any interest in other women now. If I can't catch her, I'm afraid I will lose interest in everyone.” Mo Yang said with a sigh.

George Han can't understand Mo Yang's feelings. Logically speaking, love at first sight is actually just a sensation, but the way of describing it is even more cryptic.

However, George Han could feel that Mo Yang was not as simple as he was surprised.

At this time, a white Mercedes Benz stopped on the opposite street, and a young man quickly got out of the car with a bunch of flowers in his hand.

George Han and Mo Yang, who were also men, suddenly realized his purpose.

Mo Yang threw away his cigarette butt and stepped on his feet fiercely.

George Han smiled and said, “It seems that your competitors have appeared, and the family is not ordinary.”

Mo Yang gritted his teeth and said, “Dare to snatch a woman from Mo Yang, this guy doesn't know how to write dead words.”

After finishing speaking, Mo Yang was about to rush to the other side and beat the young man severely.

As the leader of the Tao, Mo Yang is the most direct and effective way to solve problems.

But George Han stopped Mo Yang.

For the Tao, speaking with a fist is the easiest.

But on this matter, Mo Yang couldn't do that. Otherwise, it would definitely arouse Liu Fang's disgust.

Women are not conquered by violence.

"What are you going to do?" George Han said to Mo Yang.

"This guy dared to stare at my woman, of course he was going to beat him up and make him disappear and get out of the way." Mo Yang said naturally.

"If you go up and hit someone and Liu Fang sees it, can she still have a good impression of you? She is not a little sister on the road. She likes you as a blind person who hits people." George Han said.

This sentence made Mo Yang sober up like a warning bell.

Yes.

Liu Fang is not a little sister, how could she like him such a blind stream of beating people at every turn?

"But... but I can't just watch this guy harass Liu Fang." Mo Yang gritted his teeth and said.

"Is it harassment? I'm not sure, maybe they are already lovers?" George Han said.

These words changed Mo Yang's expression. If the two people were together, the blow to him would be devastating, and he couldn't accept it.

"Three thousand, don't you make this kind of joke with me, didn't you say that she will be with me in the future? How could she be this guy's lover?" Mo Yang said bitterly.

"I'm just guessing, isn't it? I'll know when Liu Fang comes out, why are you in a hurry." George Han just casually said, in this regard, she was born as an intellectual like Liu Fang. It should be very reserved and conservative.

But this does not mean that Liu Fang cannot have other emotional experiences, so if you want to know the answer, you can only wait for Liu Fang to show up.

"If it is true, I must kill this guy." Mo Yang said viciously.

"Boss of Basin City, this is not Basin City. Don't you be afraid that this young man has a background in Tongyang County? Maybe he is also very powerful in the local area. Is it?" George Han said.

Mo Yang looked back at George Han.

If he were to be replaced by him, he would definitely not mess around in Tongyang County, because he knew better than anyone that Jianglong had only the truth in front of the earth snake.

But having George Han by his side is completely different. Mo Yang is not afraid of anyone, even if this young man is the deity of the local boss in Tongyang County?

“What are you looking at me doing?” George Han asked puzzledly.

“With you here, is there anything that can’t be solved? We are brothers, this is a small favor, don’t you help me.” Mo Yang said shamelessly.

George Han couldn’t laugh or cry, and said, “Mo Yang, can you not expose your shamelessness so quickly.”

“It doesn’t matter how fast it is, as long as the timing is right,” Mo Yang said.

George Han was completely speechless.

As expected, Mo Yang is still Mo Yang, no matter the future or the present, he is a shameless guy.

## **Chapter 1393**

Before long, Liu Fang finally finished class.

The moment Liu Fang walked out of the cram school, George Han clearly noticed that Mo Yang was tense, and even his breathing became much faster.

“What are you doing so nervously?” George Han asked.

“Can you not be nervous? This is my future happiness.” Mo Yang couldn’t bear to blink his eyes, for fear of missing every detail Liu Fang treated the man.

When the man saw Liu Fang, he held the flowers and walked up.

Surprisingly, Liu Fang did not show any joy, nor did he reach out to pick up the flowers. Instead, he shook his head and said something, but the distance was so far that Mo Yang couldn’t hear him.

“That’s right, it seems that they are not lovers.” The big stone in Mo Yang’s heart fell instantly, feeling a lot of comfort.

“Do you want to know what they are talking about?” George Han said.

Mo Yang was shocked for a moment, and felt that it is not unusual for George Han to do this. He curiously asked, “What did you say?”

“Liu Fang told this man not to come to him in the future, it is impossible between them.” George Han said.

Hearing this, Mo Yang was even more happy, and said disdainfully: “How can this guy be worthy of Liu Fang.”

George Han didn't know if Mo Yang had a look at himself when Mo Yang said this, he was a blind man, would he be worthy of Liu Fang?

However, George Han did not directly say that he would attack Mo Yang. He was his brother after all. Even if this matter seemed strange, the final result was good after all.

Liu Fang had already very obviously rejected the man, but he was still entangled, which made Mo Yang a little unbearable.

Daring to stalk his future women, one can imagine what mood Mo Yang would be like.

And he, a person who is on the road, does not have so many good tempers to bear.

This time, when Mo Yang went to the opposite side of the street, George Han did not stop him, but followed behind Mo Yang.

Liu Fang is harassed, and Mo Yang can act as a hero to save the beauty.

“Good teacher.” Mo Yang cared about his image in front of Liu Fang, so he deliberately acted like a gentleman.

I have to say that George Han is really not used to seeing Mo Yang's attitude.

“Have you left yet?” Liu Fang asked with a look of surprise when he saw Mo Yang.

And that man looked at Mo Yang hostilely. As a hunter, he felt a threat from Mo Yang for the first time, as if he was going to compete with him for prey.

“Who are you?” the man asked coldly.

“Teacher, I still have some questions I want to ask you. Is it convenient for you now?” Mo Yang ignored the man and asked Liu Fang.

“Are you blind? Of course it's inconvenient for her now. Get acquainted, and you can quickly roll aside.” The man said dissatisfiedly.

When Mo Yang heard these words, he turned his head contemptuously and asked, “What are you, do I know you?”

The man had a cold expression with a sneer on the corners of his mouth, and said, “What am I? You'd better go to Tongyang County to find out who I am, Xiao Fu, I advise you not to trouble yourself.”

Hearing these words, Liu Fang was obviously a little nervous. It seemed that he didn't want to cause unnecessary trouble to Mo Yang. He said to Mo Yang, "Or you should go first. This is my business card. What's the problem? You can call me for consultation."

Just when Mo Yang was about to take the business card, Xiao Fu stretched out his hand and took the lead and said, "Get out of here, otherwise, I won't be able to eat it."

At this time, Mo Yang had restrained his temper very much, but when his business card was snatched away, Mo Yang broke out.

He grabbed Xiao Fu by the collar and said with a frosty face: "What kind of thing do you dare to let me go?"

Faced with the sudden changes in Mo Yang, not only Xiao Fu was stunned, but even Liu Fang's expression changed a lot.

George Han sighed. Mo Yang's restrained image completely collapsed at this moment. I don't know how Liu Fang would feel about it. If he rejects Mo Yang because of this, his emotional path will be fine. It's not easy to leave.

"You are from a different place. It seems that you haven't heard of my Xiao Fu's name." Xiao Fu didn't show any fear on his face, but smiled, which shows that Xiao Fu is definitely not in Tongyang County. An ordinary person.

"Boy, what can I do, let me see and see." Mo Yang defiantly said.

Xiao Fu grabbed Mo Yang's wrist, trying to break free, but when he tried hard, he realized that he couldn't shake Mo Yang's power at all.

In front of the woman he pursued, Xiao Fu would never allow himself to lose face.

"Hurry up and let me go, otherwise, I will let you die in Tongyang County." Xiao Fu gritted his teeth and said.

Hearing the word death, Liu Fang was obviously panicked, and said to Mo Yang: "You should leave now. If you offend him, it will not end well for you."

Seeing Liu Fang caring about him, Mo Yang actually smiled.

George Han couldn't help but cursed an idiot in his heart.

"Don't worry, I have no problem. If you are in a hurry, you can leave first and let me solve it." Mo Yang smiled and said to Liu Fang.

Under this circumstance, how could Liu Fang leave easily? After all, this matter started because of her, and she would never stand by and watch.

“Boy, you really don’t know how to repent when you die.” After speaking, Xiao Fu took out the phone and seemed to be ready to call someone.

Liu Fang was even more panicked when he saw this, and said to Xiao Fu quickly: “Xiao Fu, don’t do this, let this matter go, he doesn’t know you, why bother to make the matter?”

Xiao Fu smiled coldly and said, “Forget it, but you must promise to eat with me tonight, how about?”

At the moment when Liu Fang hesitated, Mo Yang hit Xiao Fu’s face with a punch.

Threatening Liu Fang and letting Liu Fang eat with him, how could Mo Yang agree to this kind of thing!

Xiao Fu screamed in pain, but Liu Fang was stunned.

She never expected that Mo Yang would dare to beat Xiao Fu.

The Xiao family is in Tongyang County, but it is very powerful, and everyone knows both black and white. If Xiao Fu is beaten, will he have a good end?

“You, you dare to hit me, you f\*cking dare to hit me!” Xiao Fu roared at Mo Yang.

Mo Yang smiled coldly. He can no longer care who Xiao Fu is in Tongyang County. Anyway, with George Han by his side, they will never be in danger.

“Trash, I hit you. If you have the ability, you will resist.” Mo Yang said with a mockery.

With Xiao Fu’s personal ability, he was obviously not Mo Yang’s opponent, and he didn’t even have the chance to fight back, which made Xiao Fu feel ashamed.

“You wait for me. You won’t die in Tongyang County. My last name is Xiao.”

## **Chapter 1394**

When Xiao Fu left angrily, Liu Fang’s expression became particularly ugly, because she knew very well what kind of person Xiao Fu was. The reason why she did not dare to turn her face on Xiao Fu’s stalker was also because of Xiao Fu’s identity. .

The Xiao family is very powerful in Tongyang County, and Xiao Fu is also a well-known person who must report to him. As long as he is provoked, he will usually not end well.

It can be said that Xiao Fu has brought the essence of the four words “Xiaodu Jichang” into full play.

“You’d better go home quickly, and it’s best to leave Tongyang County, otherwise, Xiao Fu will definitely find you.” Liu Fang said to Mo Yang.

In this situation, there is no retreat for Mo Yang. Although he is not from Tongyang County, he can leave. After returning to Basin City, it can be regarded as nothing happened, and Xiao Fu has absolutely no guts to go. Basin City takes revenge.

But Mo Yang couldn't leave Liu Fang so simply, and he knew that this guy would definitely embarrass Liu Fang.

This person in front of him, but his future woman, how could Mo Yang watch her fall into Xiao Fu's hands.

"Don't worry, even if he does find me, I am not afraid of him." Mo Yang said with a smile on his face.

Liu Fang really couldn't understand why Mo Yang could still laugh in this situation. Did he really not know who Xiao Fu was?

"Aren't you locals, otherwise, how could you not know Xiao Fu?" Liu Fang asked puzzledly. If they were locals, they should have heard of Xiao Fu. After all, Xiao Fu is in Tongyang County. Very famous.

But if they were not locals, how could they bring their younger brother to the cram school, so for Liu Fang, this is a very contradictory question.

"Uh...Actually, I am really not a local," Mo Yang said.

George Han couldn't help but stretched out his thumb. Mo Yang did not continue to make up lies. This is a very good situation. Because a lie needs more lies to support, and often the lie will collapse in the end, so it was the best time for Mo Yang to admit his identity at this time.

Liu Fang was stunned for a moment, and was too lazy to ask George Han why he went to a cram school in Tongyang County, and said: "Then you should leave here quickly. As long as you leave Tongyang County, you will be safe."

"I'm safe, how about you? Xiao Fu won't let you go, right?" Mo Yang said.

In Tongyang County, Liu Fang's family is definitely not bad. Grandpa is the principal and father is the director. The relationship background is very unusual, but even so, Mo Yang can still detect that Liu Fang is afraid of Xiao Fu. This shows that Xiao Fu is indeed somewhat capable, which made it even more impossible for Mo Yang to leave, and he wouldn't let Xiao Fu hurt Liu Fang.

Liu Fang did not speak. Since Xiao Fu started pursuing her, she had told her grandfather and father about this matter, but the attitude of the two elders was very obvious, let Liu Fang try not to offend Xiao Fu, because he could bring the Liu family. Trouble is unimaginable, so Liu Fang can only remember this and try not to anger Xiao Fu.

But Liu Fang knew that Xiao Fu would lose patience sooner or later. At that time, she would either sacrifice herself or the Liu family.

For Liu Fang, this is an ending with no choice at all.

Seeing how difficult Liu Fang's face was, Mo Yang continued, "I stay here and I can help you solve Xiao Fu's troubles. You don't want to be ruined by this kind of person."

Liu Fang smiled bitterly and shook his head. Who is Xiao Fu? That was a local bully in Tongyang County, and the Xiao family almost had the ability to cover the sky with one hand.

"You don't know how capable Xiao Fu is. I would advise you to leave as soon as possible. You can't be his opponent." Liu Fang said.

Mo Yang smiled, and didn't think Liu Fang looked down on him, but it was Liu Fang's relationship that made him warm.

"If I can solve this trouble, can you promise me one thing?" Mo Yang said.

Although in Liu Fang's cognition, it is absolutely impossible for Mo Yang to solve this matter, she was still curious about what kind of request Mo Yang would make, and asked, "What's the matter?"

"Take a meal with me, a simple dinner." After speaking, Mo Yang did not stay in place and waited for the answer. He didn't know if he was afraid of being rejected, or he deliberately tried to pretend to be unpredictable and just turned around and left. .

George Han followed Mo Yang and said in a low voice, "Mo Yang, you are a good method. She didn't give her the opportunity to refuse at all, and she also left herself a stalwart figure for Liu Fang to guess. I guess She sleeps tonight with you all in her head."

Mo Yang smiled triumphantly and said: "Three thousand, I am a veteran of many years of affair, this little trick is nothing, if there is a chance in the future, let you see more of my powerful methods."

"Hehe." George Han smiled stiffly, and said, "Give you some color, and you can still open a dyeing workshop. I want to see how you solve the Xiao family. Should you send troops from Basin City?"

Mo Yang smiled and looked at George Han with a flattering look.

To solve the Xiao family, Mo Yang never thought that he could solve it from the beginning. He dared to say that to Liu Fang because of George Han's presence.

Moreover, calling someone from Basin City is a very unrealistic thing. Mo Yang has nothing to do with Tongyang County and has no background. If you really want to make matters worse, it will be difficult to end it.

Moreover, this is the territory of the Xiao family, so you can raise your arms casually. I am afraid that there are more people who can appear than Mo Yang called. There is no way to compare.

“Three thousand, I know you won’t stand by.” Mo Yang said.

“Wrong.” George Han said categorically, “I didn’t intend to take care of this from the beginning. It’s you chasing a woman, not me, why should I help.”

When Mo Yang heard this, his expression was bitter. His personal ability was okay to deal with Xiao Fu. If Xiao Fu finds someone, how long can he hold on with his two fists and four hands.

The reason why he dared to speak up to help Liu Fang solve the trouble was completely because of the presence of George Han.

“Three thousand, this is a favor, you have to help me, otherwise the bullshit would really become bullshit.” Mo Yang said.

George Han smiled, with a hint of meaning in his eyes, and said: “Okay, it’s not impossible to ask me for help, but I also have a request.”

“What’s the request?” Mo Yang’s eyelids jumped, as if he had a foreboding that George Han’s request was not simple.

“From today, what do I say, what do you have to do, and listen to me completely, how about it?” George Han said.

Mo Yang thought it was something difficult, but he didn’t expect that it was such a simple request, and he immediately agreed.
