

His True Colors Novel Chapter 1395 - 1398

Chapter 1395

The reason why he agreed without hesitation was because Mo Yang believed in George Han. Since George Han regarded him as his brother, Mo Yang would naturally not have any reservations.

It's a pity that Mo Yang still doesn't know what George Han will let him do. Otherwise, he will definitely regret it.

Since George Han was reborn, he has been thinking about one thing, and that is whether the people around him can cultivate and whether he can go to Xuanyuan World with him in the future. After all, the life of a human being on earth only has a hasty for dozens of years, but if he can cultivate, if he could go to Xuanyuan World, he could extend his life span, so George Han began to ponder this matter.

But ordinary people want to cultivate, after all, it is not an easy task. For them, the process will inevitably be very difficult.

"This is what you promised me, don't forget." George Han said.

Mo Yang patted his chest and promised: "Don't worry, I'm Mo Yang's words. I can never be unbelievable. As long as you don't want me to do things that hurt the world, I will never frown."

George Han smiled and nodded, and stopped talking.

"Where are we going now?" Mo Yang asked curiously.

"Xiao Family." George Han said lightly.

Hearing the words Xiao family, Mo Yang became a little excited, couldn't help but flex his hands, and said, "Is it a bit too arrogant to just break into the ground snake's house like this?"

"Arrogant? Then let's be arrogant once." George Han smiled.

Although Mo Yang has been in the rivers and lakes for many years, he has never had such an exciting experience.

Two people broke into Xiao's house, how proud it was!

No one knows the Xiao family in Tongyang County, so it is not difficult to find out the address of the Xiao family. Soon, the two of them determined the location of the Xiao family.

In Tongyang County, there is only one Villa area, and this Villa area was also developed by the Xiao family. The Xiao family originally intended to build a Villa for their own home, but they felt too deserted, so they opened a Villa area. However, there are no other people living in this Villa area, even the people who bought the Villa to give the Xiao family face, did not live in.

The reason is very simple, no one wants to be neighbors with Xiao family, because they are like a bomb, and no one knows when it will explode.

Moreover, as a neighbor, once there was a conflict with the Xiao family, he was unlucky, so he didn't want anyone to move in.

The Xiao family doesn't mind this. After all, the Villa area can make money. As for whether people want to live, they don't bother to worry about it.

After arriving in the Villa area, George Han and Mo Yang were stopped by the security guard.

"I want to see Xiao Fu, let him get back quickly." Mo Yang said to the security guard.

The security guard looked at Mo Yang with eyes like an idiot. This is Tongyang County, the site of the Xiao family. This guy dared to let Xiao Fu roll back. What is this not an idiot?

"If you are sick, go to the hospital for treatment, don't come here to die." The security guard said to Mo Yang.

Mo Yang stepped forward and said with a gloomy expression: "Little brother, I don't want to take action against you. If you don't want to be injured, please inform Xiao's family quickly."

Mo Yang has been in the rivers and lakes for so many years, his aura is still there, and when he is full of hostility, he can still give people a certain amount of shock.

The security guard faced Mo Yang's eyes and was a little scared, and he said in a nonchalant manner: "I advise you not to make trouble here, the Xiao family is not easy to mess with."

"It's not easy to mess with, I want to try, how about you give me a chance, otherwise, I'll give you a chance to go to the hospital, you choose it yourself." After speaking, Mo Yang grabbed the security guard's collar, although He didn't have the strength to lift the security guard with one hand, but he still made the security immobile.

"Since you have to die, then I will fulfill you." said the security guard.

When Mo Yang released the security, the security returned to the pavilion and used the walkie-talkie to notify his leader.

After a while, a fat middle-aged man walked to the door shaking his body full of fat.

“Which thing that doesn’t have eyesight dare to make trouble here and want to die?” The fat middle-aged man walked up cursingly. When he saw Mo Yang with a child, his expression of disdain With a strong disgust.

“It’s you, a dog that doesn’t have eyes. Do you f*cking know where this is?” The fat middle-aged man pointed to Mo Yang’s nose and cursed.

Mo Yang stretched out his hand, broke the fingers of the fat middle-aged man, and said, “Who do you think is a dog?”

The obese middle-aged man bent his waist in pain, and was in distress: “You f*cking let go of me, believe it or not, I let you die here.”

“The tone is really not small, you are just the watchdog of the Xiao family, so crazy?” After speaking, Mo Yang suddenly used his force, and only listened to Kacha for a lifetime, he broke the fat middle-aged man’s finger.

The fat middle-aged man screamed in pain. He didn’t expect Mo Yang to slap him so hard, and he was still at the door of Xiao’s Villa.

“You... you’re f*cking looking for death, don’t want to leave here alive today.” The fat middle-aged man finished speaking and took out the phone.

Mo Yang didn’t stop it. After all, he did it to elicit the Xiao family.

“You wait for me to make trouble in Xiao’s house. I want you to know how serious the consequences are.” The obese middle-aged man continued.

“It’s a lot of nonsense, can you call it quickly,” Mo Yang said impatiently.

Hearing these words, the obese middle-aged man couldn’t help feeling a little strange. He wondered who this guy is, who made trouble in Xiao’s house so boldly and was not afraid at all. Is it possible that he was specifically looking for death, or that he really did. Can you put the Xiao family in your eyes?

Impossible, in Tongyang County, who could be better than the Xiao family?

“Boss, someone is making trouble, and he pointed out that he should look for Xiao’s family.” After the call was made, the fat middle-aged man said.

I don’t know what was said on the other end of the phone, the fat middle-aged man began to say sorry, I am a word in waste.

Soon, after hanging up the phone, the obese middle-aged man’s expression became gloomy, and he said, “Wait, my boss will be here soon. When he arrives, your death date will come.”

“In broad daylight, does he really dare to kill?” Mo Yang asked curiously.

“Haha.” The obese middle-aged man smiled gloomily and said, “You idiot, killing you and killing a dog, for the Xiao family, what is the difference, but this is your own death, no wonder others.”

Mo Yang nodded clearly, then looked at George Han.

If he were alone, he would definitely be worried in this situation. After all, the Xiao family’s land would not be his turn to go wild.

But with George Han here, Mo Yang can rest assured.

With a master like him, who can hurt them?

Chapter 1396

It didn’t take long for a middle-aged man with an inch to show up aggressively with a bunch of thugs, walking in a very domineering posture, and there was wind under his feet.

This person’s name is Xiao Guan, who is also Xiao Fu’s father. At present, in addition to the old man of the Xiao family, he is considered to be the person who holds the greatest rights of the Xiao family. It is also because of him that the Xiao family has become extremely rampant in recent years.

Because Xiao Guan himself was an arrogant person and never bothered to put anyone in his eyes, this led to the situation of talking about Xiao in Tongyang County.

After seeing Xiao Guan, the obese middle-aged man endured the pain, next to Xiao Guan on the runway, said in a low voice: “Brother Guan, this man made his move so hard that he broke my fingers.”

Xiao Guan didn’t see the miserable sales of the obese middle-aged people at all. Instead, he kicked and cursed: “Trash things, from now on, you can get out of the Xiao family. The Xiao family doesn’t support you. A useless dog.”

The obese middle-aged man froze in place as if he had lost his soul and was kicked out of the Xiao family. This was a big blow to him. After all, he had offended many people during the years he worked for the Xiao family. If those people know that he was kicked out of the Xiao family, his fate can be imagined.

“Brother Guan, I’m sorry, I’m useless, you must not drive me away.” The fat middle-aged man directly knelt on the ground begging for mercy.

But Xiao Guan didn’t even look at him.

At this time, Mo Yang had retreated to George Han's side, and he could fight with one or two people, but in this case, there was no chance for him to shoot.

"This guy really belongs to that kind of arrogant person at first glance." Mo Yang said.

"Tongyang County is such a small place, of course he has arrogant capital." George Han said lightly.

"Is the two of you trash making trouble in my Xiao's house?" Xiao Guan asked the two.

"Who are you Xiao Fu?" Mo Yang asked.

"my son."

"Let your son stop harassing Liu Fang. Otherwise, the Xiao family will be finished today." Mo Yang said.

Xiao Guan didn't know who Liu Fang was, and he didn't need to know, because this was the site of the Xiao family. No matter what Xiao Fu did, Xiao Guan would let him do whatever he wanted. In recent years, Xiao Fu has caused a lot of misfortunes. However, Xiao Guan came forward to solve them one by one. For Xiao Guan, even if Xiao Fu broke through the sky in Tongyang County, he still had a way to fill the hole.

"You should consider your own situation. As for whom my son wants to harass, that is his right. What qualifications do you have to give pointers?" Xiao Guan said coldly.

Hearing this, Mo Yang smiled helplessly. No wonder Xiao Fuhui is so arrogant. It is strange that there is a father who indulges him so much.

"This kind of person cannot live for two days in Basin City," Mo Yang said to George Han.

"But this is other people's territory." George Han said with a smile.

More than a dozen thugs brought by Xiao Guan have surrounded the two of them.

These people are the elites around Xiao Guan, all of them are experts, and they are extraordinary, almost all retired boxers, and it is precisely because of these people that Xiao Guan dare not put anyone in his eyes.

"Don't let them leave alive." After Xiao Guan said this, he turned around and prepared to leave, because he was not interested in watching the next thing, because the ending was the same every time.

The obese middle-aged man knew the danger of being kicked out of the Xiao family, so he had to ask Xiao Guan to forgive himself, kneel on the ground, keep kowtow, and said to Xiao Guan: "Brother Guan, please, give me more I have one chance, I really can't leave the Xiao family. Otherwise, I'm dead."

“Brother Guan, for the sake of my life for the Xiao family for so many years, you can give me another chance.”

Xiao Guan looked coldly and didn't care about the attitude of the obese middle-aged person.

There is a saying that there is no credit, there is hard work. The obese middle-aged man has worked in Xiao's family for so many years, and he can be regarded as doing his best.

But to Xiao Guan, what does this count as?

Useless waste, only to be kicked away in the end, because of his position, there are still many truly capable people coveting.

“You know, my Xiao family never raises waste. I will give you one day to leave Tongyang County. During this day, no one dares to move you.” Xiao Guan said.

The obese middle-aged man looked blank. He was from Tongyang County. After he left Tongyang County, there was nothing left. What's the difference between death?

At this moment, there was a sorrowful scream behind him. This is a matter of course, but Xiao Guan frowned because he found that those calls seemed familiar.

When Xiao Guan turned his head, his expression became extremely horrified. In just such a short time, all of his thugs fell down. This was unprecedented!

Moreover, Xiao Guan knows the skills of these people, and because of them, the Xiao family can have their current status in Tongyang County.

“How is it possible? How is it possible!” Xiao Guan muttered to himself in disbelief. He could treat obese middle-aged people as waste, but he would never think that the elite thugs he raised were waste. How could their ability be defeated? In the hands of one person.

“I said that the Xiao family will be finished today.” Mo Yang said to Xiao Guan with a smile on his face. There were more than a dozen people, but every one of them was hit by George Han, and they fell to the ground and no longer had any fighting power. George Han's strength was not beyond Mo Yang's expectations.

“Who are you!” Xiao Guan stared at Mo Yang, because George Han was just a child, so he subconsciously believed that these people were all defeated by Mo Yang.

“Basin City, Mo Yang.” Mo Yang declared his identity and wanted to give Xiao Guan a certain deterrent.

Xiao Guan's face gradually became ugly. He had heard the name of Basin City Moyang, but it was still a few hours' drive from Tongyang County, even if it was a dragon crossing the river to the site of Tongyang County, Also have to hold it.

“Mo Yang, you are very powerful in Basin City, I admit it, but don't forget, this is the site of my Xiao family, this is Tongyang County, if you make trouble here, are you afraid of losing your life back to Basin City?” Xiao Guan gritted his teeth and said.

Mo Yang looked at the thugs lying on the ground, couldn't help laughing, and said, “Xiao Guan, these people should be your strongest subordinates. Didn't you see their fate before you spoke? Let me tell you the truth, for this kind of character, it's useless if you call hundreds of people.”

Call hundreds of people?

Xiao Guan smiled disdainfully. Although this guy is a bit real, but bragging is too boundless, can ten people be the same as a hundred people?

How much physical strength does he have to compete against a hundred people alone?

“Let Xiao Fu go home, today I want to solve this matter completely.” George Han said at this time.

Xiao Guan glanced at George Han disdainfully, and said, “Little devil, there is no place for you to speak, please close your mouth.”

Chapter 1397

Xiao Guan didn't see that it was George Han who defeated those thugs, so he didn't put George Han in his eyes at all, but was very vigilant towards Mo Yang.

Although he had heard of Mo Yang's name long ago, and knew that Mo Yang relied on ruthless methods to take the position of the boss of Basin City, he did not expect that Mo Yang's skills would be so strong, and he would easily fall down. All his thugs.

Of course, this does not mean that Xiao Guan will be afraid of Mo Yang. After all, this is Tongyang County, or his site. As long as he has a phone call, he can summon hundreds of younger brothers at any time.

“Xiao Guan, you'd better not use this attitude to talk to my brother. You guys were all downed by him. If he is unhappy to kill you, I can't stop him.” Mo Yang smiled. Xiao Guan said.

Upon hearing this, Xiao Guan frowned immediately.

His thugs were all defeated by this little guy?

how is this possible!

These are all professional boxers. Even adults can hardly contend. How could they be knocked down by a kid?

Xiao Guan stared at a beater. Before he could ask, he saw the beater nodding in pain, which made Xiao Guan horrified.

This is something to be done.

But... but just a kid, how could it be so powerful?

“Little guy, are you so good?” Xiao Guan asked questioningly.

“Do you want to try?” George Han said with a smile, and then walked towards Xiao Guan.

Xiao Guan took two steps subconsciously. Although he didn't know how George Han did it, he knew that George Han did it after receiving the confirmation information from the thugs.

This shows that George Han has extraordinary skills, and those thugs can't beat him, let alone him.

“What do you want to do?” Xiao Guan asked George Han vigilantly.

“Let Xiao Fu go home, didn't you hear what I just said?” George Han said coldly.

As the father of a calf, Xiao Guan would never let Xiao Fu go home now. He didn't want Xiao Fu to suffer any harm because of this incident. After all, the future Xiao family still needs this single seedling to inherit.

“Do you really think that you are really good after winning these wastes, so you can order me?” Xiao Guan said disdainfully.

George Han stopped and looked at the thugs who were still lying on the ground. These guys are indeed rubbish, but according to what Xiao Guan said, he seemed to have real masters.

“It seems that there are people who are more powerful than these guys around you. In this case, I will give you a chance to be impressive, and I want to convince you.” George Han said.

Xiao Guan did know a very tough person. He lived in Tongyang County. Xiao Guan didn't know what his identity was, but according to his men, the skill that the old man inadvertently showed was definitely a master. Perhaps only he can deal with George Han.

But Xiao Guan was not sure that he could call him. After all, that old man was not his subordinate, and in the two years since he came to Tongyang County, there was not much overlap between Xiao Guan and him.

“Okay, wait for me.” Xiao Guan finished speaking and walked to the obese middle-aged man.

“Don’t you want a chance?” Xiao Guan said to the obese middle-aged man.

The obese middle-aged man nodded repeatedly. He didn’t want to be driven out of the Xiao family, let alone being chased by his former enemies.

“Go to Yiyun Lane and find Ke Qi for me.” Xiao Guan said.

The obese middle-aged man didn’t think much, stood up and ran away. After all, this was his only chance. In any case, he had to seize it.

Yiyun Lane is not far from Xiao’s Villa, less than ten minutes’ drive away.

When the obese middle-aged man came here, he seemed a little uneasy.

He followed Xiao Guan here several times, but Ke Qi is an old man with a very strange personality, and sometimes even Xiao Guan does not even see him. It is definitely not an easy task for this old man with strange personality to come forward.

Knocking on the door, the fat middle-aged man waited quietly.

After a while, Ke Qicai opened the door.

His head was gray, his face looked very old with creases, his face was yellowish and thin, his body rickets, as if he was in a state of dying illness.

“Old man Ke, Brother Guan has something to ask you for help.” The fat middle-aged man said cautiously.

Ke Qi coughed twice and said, “I’m an old dying thing, what can help him? You are looking for the wrong person.”

“Old man Ke, I know you are very powerful. Now that Brother Guan is in trouble, only you can help him.” said the fat middle-aged man.

Ke Qi smiled reluctantly and said: “I am an old man, even half of his life is almost gone. His trouble, how can I help, you should think of other ways.”

“There is no way.” The fat middle-aged man looked anxious. If he couldn’t get Ke Qi to come forward, his last chance would be shattered. He continued: “Guan’s thugs were all beaten down by a child. There is no other way, so I asked you for help. I know that you

are a hidden master and come to Tongyang County to enjoy your old age, but if you don't help with this matter, how can you still enjoy your old age?"

Ke Qi was not threatened by these words. After all, he wouldn't live for a few years, and he didn't care if Xiao Guan threatened him.

However, he aroused great curiosity about the children among the obese middle-aged population.

Ke Qi is very clear about the strength of the thugs around Xiao Guan. Although they are not really strong, they are also insurmountable masters for ordinary people. How could they be defeated by a child?

"You didn't joking with me, how could he lose to a kid because those people are so powerful," Ke Qi said.

"This is true, and a dozen thugs have never beaten him together. That kid, he solved everyone in less than two minutes. Otherwise, how come Brother Guan would let me come to you for help?" The middle-aged man said.

Ke Qi frowned slightly. If it was something else, he wouldn't be interested at all, but the fat middle-aged man gave him great curiosity.

Really have such a great kid?

It's not easy to be able to defeat the ten thugs of Xiao Guan, and it still happens to a child, it's even more difficult.

Although Ke Qi didn't intend to help Xiao Guan, it was okay if he didn't go and see to satisfy his curiosity.

"I can come with you, but if I can help, I dare not agree to it easily." Ke Qi said, the biggest reason he agreed to go is to satisfy his curiosity.

"Fine." The fat middle-aged man nodded repeatedly. He didn't care if Ke Qi could help. As long as he was willing to come forward, he would have completed the task that Xiao Guan explained.

Chapter 1398

After the obese middle-aged man left, Xiao Guan was also worried, because he knew better than anyone what kind of person Ke Qi was. Whether he would come forward because of this incident is even more unknown. If Ke Qi does not come, now For Xiao Guan, the situation is definitely not good news.

Of course, if Ke Qi came, Xiao Guan would not have to be afraid of George Han.

George Han's strength is indeed very strong if he can knock down his thugs, but in Xiao Guan's heart, he cannot be stronger than Ke Qi.

"I'm very curious about how my son provoke the two of them." By now, Xiao Guan didn't know what happened, so he asked George Han at this time.

George Han turned his head and looked at Mo Yang. Strictly speaking, this matter has nothing to do with him. After all, Liu Fang is the future woman of Mo Yang, and Mo Yang just helped Liu Fang drive away Xiao Fu, the donkey-head fly. That's it.

"Your son, the woman who harassed me." Mo Yang said.

It's because of women again.

The cause of almost every incident was due to women, for this, Xiao Guan was also very helpless.

Of course, it is only natural for men to be lustful, and there are no illegitimate men, but Xiao Fu spends too much time on women. This is also a point of Xiao Guan's helplessness. Even if he persuaded Xiao Fu, Xiao Fu changed a little. nothing.

"Are you married to her?" Xiao Guan asked.

"No." Mo Yang said, between him and Liu Fang, now even friends are not even considered to be married.

"Since he is not married, then my son has the right to compete, he should be right." Xiao Guan said lightly.

Mo Yang also understands this truth, but truth is one thing, reality is another.

"Xiao Guan, if you had an unmarried woman and I coveted it, how would you feel? Don't tell me about fair competition. Is it possible that people of our status are still allowed to compete?" Mo Yang Said disdainfully.

Xiao Guan was speechless for a while. If the woman he fell in love with had someone daring to get involved, maybe Xiao Guan could bury the other party alive. The so-called fair competition is just a joke.

In this world, there has never been a fair situation.

"Mo Yang, isn't there a woman worthy of your heart in Basin City? You just want to come to my place." Xiao Guan said.

"Your site?" Mo Yang smiled disdainfully, and said, "Xiao Guan, you may not know your current situation. Believe it or not, Tongyang County will change your name and surname in two days. Have you really made yourself the leader? "

“What do you mean by this?” Xiao Guan frowned and said.

Mo Yang looked at George Han. He dared to say this. It was George Han’s confidence. Otherwise, it would be really difficult for him to deal with Xiao Guan.

“Destroying the Xiao family is an easy task for my brother, do you want to try it?” Mo Yang said.

It is difficult for Xiao Guan to understand why Mo Yang has such a strong confidence, and this confidence still comes from a child. Could it be that this kid is really that powerful?

At this time, the obese middle-aged man’s car came from afar.

Xiao Guan’s heartbeat speeded up a lot, because whether Ke Qi appeared or not, to a large extent determined his fate today.

After the obese middle-aged man started, he hurried to the back seat to open the door, Xiao Guan smiled, this action fully demonstrated that Ke Qi is here.

“Brother Guan, Elder Ke is here.” The fat middle-aged man ran to Xiao Guan and said.

Ke Qi nodded appreciatively, and said: “Since you have grasped this opportunity, today’s affairs have been completely wiped out.”

The obese middle-aged man finally breathed a sigh of relief. He nodded and said, “Thank you Guan, thank you Guan.”

Xiao Guan walked to Ke Qi and said respectfully: “Old Ke, today’s things are going to trouble you. If you have any needs in the future, Xiao Guan is absolutely obliged to do so.”

Ke Qi shook his head and said: “I am a dying old man, how can I have any needs, and I may not be able to help you with this matter.”

“Old Ke joked, using your ability to deal with a little kid is not more than enough.” Xiao Guan said.

As soon as he got out of the car, Ke Qi had noticed George Han. In his opinion, this was just an ordinary child. It really made him unable to imagine that this person would have the ten boxers who could defeat Xiao Guan. strength.

At the same time, George Han was also observing Ke Qi. He appeared to be sick on the surface, and even gave people a feeling that he would die at any time, but his steps were very heavy, and his body crouched. It gives people a feeling that a cheetah is waiting for an opportunity.

George Han knew that this old man must not be simple, but for him, what about it?

George Han, who possesses the God Realm, would not fear any opponent.

“Three thousand, this old man is also a master?” Mo Yang, who was standing next to him, asked George Han softly. He felt a little strange. How could Xiao Guan ask an old man who was dying to come forward to help. In this state, Mo Yang felt that You can do it yourself.

George Han nodded and said: “Don’t look at his sickly appearance, he is much better than those thugs.”

“Really?” Mo Yang looked surprised. He was surprised to receive such evaluation from George Han, and he believed in George Han’s vision. Since he said that, it shows that the old man is really capable.

“If you don’t believe me, you will know if you try it yourself.” George Han smiled.

Mo Yang shook his head quickly. Just now, he wanted to make a move by himself, but the strength of this old man was recognized by George Han, and Mo Yang gave up the idea of making a move in the first place.

“I’d better cheer for you, how can this kind of thing make me steal your limelight.” Mo Yang said with a smirk.

George Han sighed helplessly, Mo Yang’s shameless side was revealed all the time. I really don’t know how this guy got in the position of the boss of Basin City.

“Kid, it’s you who knocked down those people?” Ke Qi walked up to George Han and pointed to the thugs.

After the thugs slowed down, they were able to stand up, but because of the injuries, they lost all the spirits they had before.

“I advise you not to be nosy, otherwise you won’t be guaranteed in your old age.” George Han said lightly.

Ke Qi couldn’t help laughing. This little guy’s tone was really arrogant, but apart from his arrogant tone, Ke Qi couldn’t feel anything powerful about George Han.

“Children, do you have a master, where do you learn from?” Ke Qi continued to ask.

“Master?” George Han said with a smile: “In this world, no one is qualified to be my master.”
