## Chapter 1407

George Han, who left the hospital, didn't know what kind of sensation his actions would cause to the medical profession.

Coming to the school gate, waiting for Amelia Su to leave school as usual, this is the only thing George Han is worth looking forward to. After all, after rebirth, he has almost reached the state of desirelessness, and there is nothing that can really arouse his interest.

For George Han, the completion of the Fengqian Group is just a small game to kill boring time. What kind of development it will eventually have, George Han has not really cared about.

When school was over, Qi Yiyun and Amelia Su walked out of the school arm in arm.

It can be seen that the relationship between the two has developed very close, and it is estimated that they have reached the step of a girlfriend.

When Qi Yiyun saw George Han, he automatically let go of Amelia Su's hand, and then bid farewell to Amelia Su.

She was quite sensible in this regard. George Han walked to Amelia Su and asked, "Are you free tonight? I invite you to dinner."

Amelia Su shook her head directly and said, "I have something to go to the hospital. If you are hungry, you can eat by yourself."

This is not a question of whether you are hungry or not, and in George Han's current state, even if he does not eat, he will not feel hungry.

"Are you going to see the old man?" George Han asked.

Amelia Su nodded. Although she didn't have too much affection for her grandfather, she was also related by blood after all.

"Don't worry, the old man is already well, as long as he wants, he can be discharged at any time." George Han said.

Amelia Su looked at George Han with a wry smile, and said, "Don't lie to me. I know my grandfather's physical condition, and the doctor has said it can't be cured."

"The doctor did say so, but if he can't be cured, it doesn't mean that your grandfather will definitely die. I have cured him." George Han said.

“You!” Amelia Su looked at George Han in astonishment. How could this guy brag so much?

A disease that even doctors can't cure, he can cure it, isn't this a joke?

“Don't make me happy with this kind of thing, this joke is not funny at all.” Amelia Su said.

“I will accompany you to the hospital. If the old man is really well, he will have dinner with me tonight. How about it, dare you bet?” George Han said defiantly.

In Amelia Su's view, this is a bet that George Han must lose. How could he have won, so he agreed.

The two went to the hospital together again.

When he arrived at the entrance of the hospital, the attending doctor who was almost crazy, the moment he saw George Han, his whole body seemed to be beaten with blood, and ran to George Han's side.

“Little brother, how did you do it, please tell me how you did it.” The attending doctor pulled George Han and asked emotionally.

This scene made Amelia Su feel a little strange. Isn't this doctor the grandfather's attending doctor? What's wrong with him? How can he be crazy?

“No comment, if you don't let me go, don't blame me for being rude to you.” George Han said dissatisfied, but he wanted to take Amelia Su to see the old man, and then go to dinner as soon as possible. This guy is wasting time.

“As long as you tell me how you did it, I will let you go immediately.” said the attending doctor.

George Han waved his hand impatiently.

The attending doctor sat down on the ground. With his strength, how could he control George Han?

“Let's go.” George Han said to Amelia Su.

Amelia Su nodded in amazement. After walking not far away, she asked George Han, “What happened to him, what did you do?”

“Didn't I tell you just now that I cured your grandpa, he wanted to ask me how to cure it.” George Han said.

From the beginning, Amelia Su only took George Han's words as a joke, but when he saw the doctor's performance and listened to George Han's words, his feelings changed.

Could it be that Grandpa was really cured by him?

If not, the attending doctor, how could there be such a performance!

But... but he is not a doctor, how could he treat illnesses and save people.

Amelia Su still kept a bit of doubt, until she came to the ward and saw the old man in a very good state of mind, did she dispel the last worry in her heart.

Grandpa is really good!

And George Han cured it!

"Grandpa, are you...are you alright?" Amelia Su asked the old man in disbelief.

The old man didn't care much about Amelia Su's granddaughter before, but now, he regards her as the most important grandchild, because the Su family had the opportunity to talk about Fengqian's cooperation. He was able to heal from his illness because of George Han. And George Han did these things because of Amelia Su.

"Well, thanks to you." The old man said with a smile.

Amelia Su looked at a loss, she didn't help with this matter, how could it be thanks to her.

"If it weren't for three thousand, how could I be well, and three thousand, but because you will save me." The old man said with a smile, although he did not know whether George Han and Amelia Su had broken the last piece of paper, but in his heart, he absolutely hopes that the relationship between George Han and Amelia Su can be achieved, because George Han is extraordinary, and the Su family can only develop better by relying on George Han.

"Grandpa, what does it have to do with me?" Amelia Su said with a blushing face and lowered her head.

"How can it be okay? If you marry George in the future, Grandpa will be able to follow along." The old man said.

These words made Amelia Su even more shy, and she wanted to find a hole to get in. They were so old that they had already begun to discuss the issue of marriage.

"Master, when are you going to leave the hospital?" In order to avoid embarrassing Amelia Su, George Han changed the subject.

The old man is an old fox. He can clearly see George Han's attitude. This is helping Amelia Su to get out of the siege, so he will not continue this topic to avoid superfluous.

"The hospital is not a good place. I can stay here and try my best not to stay here. I am going to leave the hospital and go home today." The old man said.

George Han nodded. He is now in good condition, and it does not make much sense to stay in the hospital.

"In this case, you should hurry up and go through the formalities. I have something else with Amelia, and we have to leave first." George Han said.

Amelia Su looked at George Han with a look of confusion, and asked, "What else do we have."

"You won't forget our gambling game, backlash is not the work of a gentleman." George Han said.

Amelia Su only remembered the bet with George Han, but in front of her elders, she was somewhat restrained and said, "I am not a gentleman, I am just a little girl."

## Chapter 1408

Nothing can make George Han panic, but Amelia Su's words made George Han a little confused.

"No, you want to regret it?" George Han said with a wry smile.

Amelia Su pouted and did not speak.

When the old man saw that the situation was not right, he hurriedly said to Amelia Su: "Amelia, you have to say something. This is the most basic condition for being a human being. How can you go wrong?"

Amelia Su didn't even dare to breathe after hearing the old man's lesson.

Wilson Su also said to the side: "You two go quickly, don't disturb grandpa here, grandpa wants to go home and rest."

In desperation, Amelia Su had to follow George Han away.

When the two left the ward, the old man said to Wilson Su with a sigh: "You are not the future of the Su family, she is."

Wilson Su nodded undeniably, he himself understood this very well.

Everything that George Han did for the Su family was due to Amelia Su, so only Amelia Su was able to maintain this relationship.

What kind of height the Su family can reach in the future depends on Amelia Su.

“Dad, don’t worry, I will enlighten the summer.” Wilson Su said.

The old man nodded and said, “Although Amelia is still young, it’s not uncommon to have a puppy love now, and such an excellent person is not so easy to find, and there is nothing to miss.”

At the entrance of the hospital, Amelia Su looked at George Han with a solemn expression, making George Han a little at a loss for a while.

“What are you staring at me for?” George Han asked puzzledly.

“You are really amazing, even grandpa can help you speak.” Amelia Su said dissatisfied.

George Han couldn’t laugh or cry. Whether it was the old man or Wilson Su’s attitude, they all valued the help that George Han was able to form the Su family, but it was not as simple as just talking to him.

For these reasons, George Han still couldn’t explain to Amelia Su.

“Do you know what the problem is?” George Han asked.

Amelia Su shook her head subconsciously, she really didn’t know what the problem was.

“This shows that even your grandfather thinks we are a good match.” George Han said with a smile.

Amelia Su blushed immediately. For a girl her age, George Han’s remarks were already a very serious molesting. Her heart was like a deer bumping into her head.

“You are a lot of nonsense, do you want to eat? If you don’t eat, I will go home.” Amelia Su said.

“Eat, eat, of course, you have to eat. People are iron rice or steel, so how can they not eat?” George Han said quickly, then recruited and stopped a taxi.

The uncle driver saw that they were two children, and didn’t think much about it. He asked, “Where to go.”

“Go to the UFO Building.” George Han said.

At present, the UFO Building in Cloud City is not as prosperous as when George Han came to Cloud City before his rebirth, but it is considered to be a landmark place in Cloud City and also the place with the densest commerce.

At the beginning, George Han prepared a feast for Amelia Su in the crystal restaurant, which made all the women in Basin City jealous.

Today, the Crystal Restaurant is still the same, but George Han dare not mess around easily. After all, this kind of surprise is still somewhat unacceptable for Amelia Su's age.

Come to the restaurant.

When the receptionist saw that they were two children, they asked if they were looking for someone.

"Arrange me a place with the best night view." George Han said to the waiter.

"You two, do you want to eat?" The waiter said in surprise. This kind of restaurant usually caters to couples and has never encountered children coming to eat.

"Yes." George Han said.

The waiter was a little confused for a while. After all, the consumption of Crystal Restaurant is not low, and the other party is two children. God knows if they have the ability to pay.

When Amelia Su came to such a high-end place for the first time, she would inevitably appear a little nervous. She lowered her head and did not dare to look around. This made the waiter a little guilty. After all, he had to bear certain responsibilities as a clerk when he was eating a Bawang meal.

At this time, George Han took out his wallet and said, "If you are worried that I don't have money to pay the bill, there is no need at all."

Seeing the money, the waiter clearly showed a smile on his face, and quickly led George Han to the position by the window.

"It's expensive to eat here." After sitting in her seat, Amelia Su whispered to George Han.

George Han smiled faintly and said, "For me, money is just a number."

Amelia Su narrowed her mouth. This guy always spoke with such a big tone, and she didn't know if it was true or not.

At this moment, a little boy suddenly came over with a proud expression on his face.

“Amelia Su, I didn’t expect you to come here to eat too. When did the Su family become so rich?”

“Chen Yang.” Amelia Su said in surprise: “Why are you here.”

The boy named Chen Yang glanced at George Han disdainfully, and then continued: “Don’t you know how rich my family is? I often eat here, and my house is a VIP customer here. Look at you. This is the first time to come.”

Amelia Su knows that Chen Yang’s family conditions are good. He is in the class and often shows off. Moreover, he goes to school every day and has a special car driver to pick him up. Many people will envy him.

But Amelia Su is a very strange person. She never envied what others have, so Chen Yang’s show off in front of her will never attract her attention.

“Amelia Su, is this your friend, don’t you introduce it?” Chen Yang asked Amelia Su.

“My name is George Han.” George Han said actively.

“What is your relationship with her?” Chen Yang continued to ask.

Seeing that this guy was a bit cross-examined, George Han became vigilant, this little guy, wouldn’t it be that he had any thoughts about Amelia Su, otherwise, how could he care about such things?

For other things, George Han would never mind.

But it has something to do with Amelia Su, even if Chen Yang only has a little idea, George Han will kill him in the cradle.

“This has nothing to do with you,” George Han said lightly.

There was an unhappy expression on Chen Yang’s face. He did like Amelia Su before. Although he has now transferred his goal to Qi Yiyun, he still doesn’t want to see Amelia Su fall into the hands of others.

“Of course it has something to do with me. You and my girlfriend have dinner. Did I agree?” Chen Yang walked to Amelia Su and put his hand directly on Amelia Su’s shoulder, saying provocatively.

The killing intent was instantly revealed in George Han’s eyes, and his actions were enough to die hundreds of times over and over again.

“Small things, it’s best to let go of your hand, otherwise I’m not polite to you.” George Han said coldly.

## Chapter 1409

Chen Yang is the treasure of the Chen family. He has been spoiled since childhood, so he has cultivated his domineering character. Chen Yang has never feared anyone, because he knows that no matter how big mistakes he makes, his family members You can do it for him.

So that Chen Yang, at a young age, was arrogant.

And George Han's words directly contacted Chen Yang.

"What do you call me?" Chen Yang gritted his teeth, looking at George Han fiercely.

"Little thing, I'll give you one last chance." George Han's eyes were like two ice cellars. If you are familiar with him, you should know that he is really killing him.

Chen Yang didn't notice it, because he was used to being arrogant and arrogant, and in his eyes, how could people like George Han beat him, so he didn't care about George Han's changes.

After releasing Amelia Su, Chen Yang walked directly in front of George Han, raised his fist, and yelled: "You dare to scold me, go to death."

This is Chen Yang's character. He doesn't have to act in a friendly way. Anyway, he doesn't need to think about the consequences. Even if he breaks someone else's leg, it's just a matter of spending money at home. This will cause Chen Yang. He has an illusion that as long as he has money, he can do whatever he wants.

For ordinary people, this is feasible.

But when Chen Yang faced George Han, he was doomed to encounter a catastrophe for both him and the entire Chen family.

George Han held Chen Yang's wrist in the air.

Unable to move, Chen Yang attacked George Han with another hand.

George Han raised a chill from the corners of his mouth, and said, "You are such a waste, you are also qualified to shoot me?"

As soon as the voice fell, Chen Gang felt his whole body weightless in an instant, and did not know how to be thrown up by George Han, and flew a full ten meters in the air before landing on the ground.

The severe pain caused Chen Yang to shout, attracting the attention of the entire restaurant.

Of course, these eyes also included the Chen family.

A middle-aged man with a big back rushed to Chen Yang's side for the first time.

"Yangyang, how are you, are you okay?" the middle-aged man asked in a panic.

Immediately there was a young woman in a big red dress, dressed up in a flamboyant and coquettish manner, and ran to Chen Yang with a nervous expression.

These two are Chen Yang's parents. The two originally intended to come out to spend the world of the two on their wedding anniversary, but Chen Yang insisted on following them, so they could only bring Chen Yang together, but no one thought of it. In this place, someone even dared to beat Chen Yang.

Chen Yang cried out in pain. After all, for him, he had never been beaten since he was a child, and the pain of George Han's shot was not something ordinary people could bear.

Amelia Su pulled George Han with a pale face, and said, "Let's go quickly, the Chen family is very rich and very powerful."

George Han held Amelia Su's wrist and said softly, "Don't worry, no matter how powerful his family is, I am not afraid, and I don't allow anyone to hurt you, so you don't have to be afraid."

Amelia Su looked at George Han in astonishment. She found that when George Han held her hand, she was not so scared, and George Han's firm eyes were more like a shot of a soul-stabilizing needle, which stabilized her. Flustered mind.

"But, the Chen family is really amazing in Basin City," Amelia Su said.

Really awesome?

George Han smiled disdainfully, for ordinary people, perhaps this is true.

But to George Han, Chen Yang was nothing but a paper tiger, he tore it apart in 10,000 ways.

Chen Yang's father also noticed George Han at this time. For him, dare to hurt his son is to kill him.

Chen Yang's father stood up and walked towards George Han. He also grabbed a bottle of red wine on the table, showing a menacing Mo Yang.

Other guests who ate at the Crystal Restaurant, some people who knew Chen Yang's father, couldn't help looking at George Han with pitiful eyes, because they knew how much Chen Yang's father protected his calf, and George Han dared to attack Chen Yang. A painful price will inevitably be paid.

“This kid is so courageous, even Chen Yang dares to fight.”

“Chen Feng is a famous lover of his son, this kid ended up terribly.”

“However, this matter should be caused by the kid Chen Yang. He is in Basin City, but he really makes trouble. It’s almost a problem.”

After Chen Feng rushed to George Han angrily, he raised the bottle without saying a word. It seemed that he didn’t want to know what happened. Since George Han acted on Chen Yang and what he was going to do, Just to help Chen Yang fight back.

“The Chen family is really majestic.” George Han smiled coldly.

Before the bottle fell, George Han kicked it out.

Chen Feng’s whole body was like a broken kite and flew out directly.

The other guests who watched this scene were all dumbfounded and shocked.

This...this is just a child, facing an adult, he can burst out so much power.

“Oh f\*ck, this kid is really strong!”

“I can actually kick Chen Feng away, I’m not mistaken.”

“I didn’t expect things to turn around. It’s really interesting.”

Some people rubbed their eyes, some shook their heads, some expressed shock at George Han, but some others shook their heads helplessly.

It is definitely not a good thing to offend the Chen family in Basin City. Even if he can beat Chen Feng now, can he still beat Chen Feng’s power in Basin City?

Chen Feng also did not expect that he would end up like this. After finally getting up from the ground, the severe pain in his lower abdomen made him unable to straighten up at all.

At this time, Chen Feng did not dare to underestimate George Han.

A little kid can possess such great power, by no means ordinary people.

And only then did Chen Feng realize that the calmness on George Han’s face was not like that of a child at all, and his indifferent eyes didn’t carry any fear.

This made Chen Feng’s heart chuckle.

Although the Chen family has certain influence in Basin City, it is not the most powerful, and George Han’s calm performance seems to have a background.

If he has a stronger background than the Chen family, this matter is troublesome for the Chen family.

At this time, Chen Feng's wife began to scold Chen Fei: "Why are you so useless? You can't even deal with a little kid. You can help your son get revenge."

Chen Feng bit his posterior molars to straighten himself up, but he has no courage to attack George Han again, because he knows that no matter how many times he tries, he will end up in the same way. This little guy's skill, Absolutely not to be underestimated.

"Who are you?" Chen Feng asked George Han.

"Do you want to know my identity now? What qualifications do you have to know?" George Han said with disdain.

## Chapter 1410

These words of George Han made Chen Feng's expression extremely embarrassing. He originally wanted to give George Han and himself a step down, but he didn't expect George Han to say such a thing.

Moreover, in the public, Chen Feng couldn't say good things to George Han for the sake of the Chen family's face.

"Little guy, you must know what is good or bad, otherwise it will not do you any good." Chen Feng said coldly.

"Knowing good or bad?" George Han smiled coldly, walked towards Chen Feng, and then said: "The Chen family is arrogant and domineering, do you really think no one can cure it?"

Chen Feng was short of breath, what did this kid want to do, would he still want to do it?

Doesn't he care about Chen Family's ability in Basin City?

Still, he didn't put the Chen family in his eyes at all.

The other people in Crystal Restaurant saw this scene, only to realize that their previous thoughts were wrong. It was not that George Han was going to suffer, but he was like the Chen family, because this little guy, how could he put the Chen family in his eyes? .

But to George Han, they were all unfamiliar. They had never met in any high-level party, and had never heard of anyone like this.

Moreover, in Basin City, the only thing that could really suppress the Chen family was Mo Yang except for the Heavenly Family.

But this child, not from the heavenly family, has never seen him appear next to Mo Yang.

This can't help but make everyone start to wonder about George Han's identity and speculate one after another.

"Boy, I warn you, no matter who you are, it is definitely not a problem for my Chen family to fight with you. You'd better leave yourself a way out." Chen Feng said.

"There is one on Huangquan Road, can you go?" George Han asked.

Chen Feng took a step back subconsciously.

Because George Han is getting closer and closer, and an inexplicable sense of crisis is infinitely magnified in Chen Feng's heart.

"Little guy, is it possible that you can kill me in the public?" Chen Feng said through gritted teeth. Although it is embarrassing that he can't beat a child as an adult, he doesn't believe that George Han dared to kill me. It is a society ruled by law.

Of course George Han would not kill Chen Feng in front of so many people. Even if he did, the restraint of the earth would not threaten George Han, but he didn't want to cause unnecessary trouble to himself, and he really want to kill him, make it easier for Mo Yang to take action, and there will be no sequelae, why do you need to take action personally?

"You rubbish, it's not worth dirtying my hands." George Han said.

Rubbish!

When others heard these two words, they couldn't help taking a breath. Who on earth is he is qualified to treat Chen Feng as rubbish.

The position of the Chen family in Basin City can be regarded as a celebrity family. How could such a person be rubbish?

At this moment, everyone felt the arrogant signal released by George Han. Compared with Chen Feng, it was nothing short of insignificant.

Wife Chen Feng cursed again at this time: "Chen Feng, are you going to lose the face of my Chen family? A child can't handle it. What kind of man are you still?"

In this case, Chen Feng can only be miserable, because he has already shot George Han once, and he knows very well that he cannot be George Han's opponent, even if he raises his qi to fight with George Han, except for being beaten, He can't do much.

"Shut up your mouth." Chen Feng gritted his teeth and said to his wife.

The woman felt that Chen Yang was injured, and the Chen family's face had been cleansed by Chen Feng. She was annoyed for a while and walked towards George Han as if she was going to make a shot herself.

"You little turtle grandson, dare to beat my son, I want to kill you." The woman yelled at George Han with a ferocious expression.

Chen Feng wanted to stop, but it was too late.

After the woman ran in front of George Han, she raised her hand and wanted to slap George Han.

But how could George Han let her succeed?

A fist hit the woman's face, and then she kicked her abdomen again. Like Chen Fei, the woman flew out.

"I don't hit women, but the shrew is an exception." George Han said lightly.

This sentence caused a lot of people to laugh. Just now, Chen Feng's wife was indeed like a shrew.

Moreover, everyone at the scene believed that Chen Yang took the initiative to initiate the matter, so they did not feel any sympathy for the consequences of the Chen family.

"You can fight very well, but how many people do you think you can fight." Chen Feng had no time to care about his wife's safety and secretly made a call. A friend on the road, he had already rushed to the Crystal Restaurant with someone.

George Han still looks calm, he knows Chen Feng is called, but what's the use?

Come one hundred people.

Come one thousand people.

Is it possible to get close to George Han's body?

George Han, who has the strength of the gods, has long surpassed the category of mortals.

He is now a god in the true sense of the earth world!

"I'll wait for your people to arrive." George Han made a move that no one had expected, and he actually sat down and waited.

In the eyes of those bystanders, at this time George Han should take advantage of Chen Feng's absence and run away, after all, Chen Feng could not stop him alone.

Once the person arrives, with two fists hard to beat four hands, George Han will definitely be in huge trouble.

However, he didn't do this, and he didn't mean to leave at all, which made Chen Feng a little confused.

He thought he could scare away George Han, but he didn't expect him to be so calm.

Which kid is this in the end, so fearless.

Think of Chen Yang, Chen Feng has to admit that there is a huge gap between the two.

Chen Yang is arrogant and domineering, but relying on the support of the Chen family, he does not have any abilities.

If Chen Yang is compared with the child in front of him, the two are completely different.

"Are you really afraid?" Chen Feng asked George Han questioningly.

"Afraid?" George Han raised his mouth, revealing a very relaxed smile, and said: "Try to let Mo Yang come forward, will I be afraid of him."

This sentence made Chen Feng's heart tremble again. Of course he was not qualified to let Mo Yang come forward. After all, he was the number one leader on Basin City Road. How could he have such qualifications?

And George Han could say this easily, could it be said that he knew Mo Yang?

Chen Feng took a deep breath and felt uneasy. He always feels that this matter today seems to be a big trouble, and once the trouble is big, I am afraid that there will be no room for it to end. Will the Chen family be out of luck?

Tianjia Villa.

Tian Linger took the phone and broke into Thomas Tian's study directly.

This place is forbidden to Thomas Tian, and no one in Tianjia dare to disturb it casually.

However, Tian Linger can come and go freely here without any restrictions.

"Grandpa, see if this is my brother." Tian Linger asked Thomas Tian with his cell phone.
