

His True Colors Novel Chapter 1487 - 1490

Chapter 1487

Seeing this situation, George Han smiled bitterly. In this posture, does it take a fight to leave?

But in George Han's heart, he really didn't want to hurt them.

"I said, I don't want to hurt you." George Han continued.

These words made the face of the top ten powerhouses full of coldness.

As the top powerhouse of Apocalypse, such words are humiliating to them, and they are still humiliated by a child. How can they be acceptable?

"Boy, do you know who we are? How dare you be so arrogant."

"The Apocalypse Forbidden Land is not a place where you can come or go as you like."

"Arrogance has a price."

Seeing them resented, George Han knew that his words angered them, but for George Han, he was just telling the truth.

"You think I'm arrogant, but I'm just kind, and I don't have any other meanings. If you think what you just said is wrong, how can I apologize to you?" George Han said.

"I stepped on you, and I'll say sorry to you, do you think it can be done?" One of them retorted to George Han with a hostile expression.

"If you are stronger than me, of course, it's a pity that you don't have such strength." After George Han said these words, his figure disappeared in place.

When he appeared again, he was already in front of the person speaking.

The top ten are shocked! All face changes dramatically.

At this speed, they could not catch with their naked eyes, which fully explained the power of this kid in front of them.

The person standing in front of George Han subconsciously wanted to preemptively, but when he was about to do it, he found that he could not move anywhere except his mouth, and his hands and feet were bound by an inexplicable force. No.

“What did you do to me, why can’t I move anymore?” The man said with a panic face. In this case, he was just a piece of meat on the chopping board, letting George Han decide.

“Can you feel the gap with me now? In front of me, you can’t even move, how can you fight me?” George Han said.

A cold sweat broke out on the man’s forehead. George Han’s words made him feel a great fear, because if George Han attacked him at this time, he would not just watch, There is no choice.

When other people saw this situation, they wanted to step forward to save their companions, but when they were within three thousand three meters of Han, they all stayed stiff.

There were ten people, all of them ended up at the same time. No one can break free from the shackles of George Han’s invisible power.

After the ten people exchanged their eyes, they all showed horrified eyes.

“Who are you!” one of them asked George Han.

“I’ve said it, and I will explain it to you. Now that the matter has reached this point, I’ll go and see the time tunnel.” After George Han finished speaking, he walked towards the forbidden cave.

When he uttered the four words Space-Time Tunnel, the top ten all showed a sense of confusion, because they had never seen George Han. Who on earth revealed this secret to him?

“Don’t you want to break free, my strength is something you can’t resist. Forcing resistance will only break your meridians.”

With this sentence, no one of the top ten dared to continue to try and struggle, and the meridian was broken. This is a mortal end, and no one wants to lose his life for no reason.

Coming to the depths of the cave, George Han saw the space-time tunnel again. The energy fluctuations in the tunnel were very strong, as if someone from the Xuanyuan world could break through the power and come to the earth at any time.

However, with the current overall strength of Xuanyuan World, no one should have the ability to pass through the time tunnel, and the time tunnel is still in the dark forest. Those so-called extreme masters would never dare to approach the center easily. After all, Linlong gave The fear brought by those strong in the Dark Forest is still very strong.

Since it cannot be man-made, then what is going on with these energy fluctuations.

Could it be said that Linlong really has woken up early?

Such a guess, although there is no basis at all, still made George Han worried. He would never allow Linlong to come to earth and be charcoal, but in a short time, George Han could not leave everything behind and return to Xuanyuan World. In the unlikely event that the Heavenly Tribulation is triggered again, with George Han's strength, it is very likely that he will fly directly to another high-level space. In this way, he will most likely never see Amelia Su again. This is George Han's unacceptable. Things.

"Don't be too anxious to find death, wait for me to go back, I will let you taste my power." George Han thought of Linlong, his expression became gritted teeth unconsciously, because if it wasn't this beast, George Han wouldn't Will be born again, and his daughter will not disappear for no reason.

After a long time in a daze, George Han left the forbidden area, and the ten strong men were still stunned, and there was still a panic Yi Lao present.

Chapter 1488

After walking out of the cave, George Han realized that the sun was shining brightly. It turned out that he had been in the cave for a long time.

When Yi Lao saw George Han, he hurried to George Han's side. Said: "Uncle Shane, I have already told them your identity. If they don't know Taishan, let them go."

Looking at George Han's eyes, the top ten powerhouses obviously changed, except for respect. There is also a trace of fear.

The strong who survived the Great War a hundred years ago, it is no wonder that they possess such amazing terrifying power.

The peak representative of Apocalypse's strength, and there are a total of ten people, is so easily restrained by him that he can't move. Their true strength is no longer what they can imagine.

George Han looked at Yi Lao carefully, and said with a smile: "It seems that your strength has also become much stronger."

Yi Lao's expression suddenly became serious, and he bowed deeply to George Han, and it was ninety degrees, to express his respect.

"Thank you Uncle Master for the reward." Yi Lao said.

After eating Sheng Li last night, Yi Lao really thought it was poison, and even felt that he was not far from death.

But when he felt that his body was slowly absorbing the heat, he realized that the force was slowly changing his body. It wasn't until this morning that I realized that I was stronger, and I completely understood that the poison was just a joke. It was a real magical medicine, and only a magical medicine could make his strength rise several steps overnight.

"You should have the strength of the Eight Lights Realm now, which is also very good." George Han said, Yi Lao has a good foundation, so he can improve him so much.

At first, George Han gave it to his apprentice. But after feeding a lot of sacred chestnuts, it did not have such a good effect as Yi Lao.

"Eight Lights Realm? What do you mean?" Yi Lao asked puzzledly. Apocalypse uses Heaven and Earth Xuanhuang to classify different levels of strength. He has never heard such words as the Eight Lights Realm.

"This is the division of the realm of the Xuanyuan World. The first stage of the Light Realm, the Nine Lights Realm is the strong, and above it is the Extreme Master Realm, which is regarded as the top power of the Xuanyuan World, and in the legend, there is the existence of the God Realm. George Han explained.

Divine Realm was for the former Xuanyuan World. That is a legend, but since George Han appeared. The legend has become a real fact.

Old Yi's brows jumped. Although he didn't understand Xuanyuan World, he understood the Xuanyuan World in George Han's mouth. It is the second world at the other end of the time tunnel.

And George Han's ability to understand the situation in the Second World this way shows that he has probably been there!

"Uncle Shane. Do you know Xuanyuan World so much because you have been there?" Old Yi asked uncontrollably.

"Live for a while." George Han said.

Yi Lao couldn't help but his eyelids jumped, and he even believed that George Han was a strong man a hundred years ago, because of that. He couldn't think of any possibility to support George Han's life in Xuanyuan World.

After all these years, Tianqi had sent many people to Xuanyuan World. But no one came back, and no news was sent back.

"Uncle Shane, I have one more question to ask you." Yi Lao said tentatively.

"Want to know my realm?" George Han said with a smile.

Elder Yi nodded. This was something he was extremely curious about. After all, George Han represented the peak of Apocalypse's current strength. The stronger he is, the better for Apocalypse.

"Divine realm, the only divine realm in Xuanyuan world." George Han said lightly.

Yi Lao froze in place.

There are also the top ten strong men who heard this. All were shocked.

The only god!

The impact of this sentence is only known to Yi Lao and the top ten. At this moment, their respect to George Han. Climbed to the top.

Old Yi's throat squirmed, obviously swallowing, and then he said to George Han, "Uncle Shane, with your current strength, isn't it invincible in Xuanyuan World!"

In this situation, Tianqi wouldn't have to worry about Xuanyuan World's invasion of the earth. As long as George Han was there, one would die, and two would die, what else would he be afraid of?

But when everyone expected George Han to give an affirmative answer, George Han shook his head.

"No." George Han said.

"Why can't, you are the only god, who else is your opponent?" Yi Lao asked puzzled.

"There are alien beasts in Xuanyuan world, you should know about this, after all, part of the Demon King's Cave has survived." George Han said.

Elder Yi nodded, it is precisely because of the existence of these strange beasts that the strength of Xuanyuan World has been strengthened, and it is also the most feared part of Apocalypse.

"There is a Linlong in Xuanyuan World, and it is very powerful. Even if I have a god realm, it may not necessarily be its opponent, and it comes from a higher level than Xuanyuan World, so how powerful is it? I don't know." George Han said.

Long!

In this world, there really are dragons!

Moreover, in a higher-level space than Xuanyuan World, these words completely stunned Yi Lao.

Chapter 1489

After a long time, Yi Lao came back to his senses and took a deep breath.

For him, George Han's remarks are equivalent to reshaping his worldview for decades.

I thought that there was a Xuanyuan World in this world that was already shocking enough, but I didn't expect that besides Xuanyuan World, there should be other dimensions.

And from this, it can be inferred that in this universe, there are likely to be more space and races, and this is what shocks him the most.

After swallowing, Yi Lao asked George Han: "Uncle Shane, according to what you said, are there many other worlds like this in the universe?"

George Han hasn't been able to verify this. After all, he has never been to the space above Xuanyuan World, but since it is confirmed that there are these three dimensions in the universe, there are other coexisting spaces. A strange thing.

"According to the law of all things in a lifetime, this should be the case, but I don't know how it is. Maybe in the future, I will have the opportunity to verify it." George Han said.

Hearing these words, Yi Lao was moved to verify it, which meant that George Han had the opportunity to see more of the magic of the universe, and did he have such an opportunity to accompany George Han?

"Uncle Shane, I can serve tea and pour water, are you short of it?" Yi Lao asked. At this time, he didn't care about his identity as the Lord of the Four Apocalypse, because he knew that Apocalypse was only in many worlds. It's just an inconspicuous dust. Only by following George Han can he see the wonder of the universe.

As for how the top ten would think of him, Yi Lao didn't care, because only George Han could help him to do what he yearned for. What was the Lord of the Four Sects.

The top ten have been stunned. The words George Han said completely changed their view of the world. Moreover, they have the same passion as Yi Lao, but they also have self-knowledge. Skilled, didn't have the qualifications to work with George Han.

"Are you?" George Han smiled and turned to look at Yi Lao, and said, "You are still more suitable to stay on Earth."

There are a lot of people that George Han will take to Xuanyuan World. It's not too many to be an older one, but he is already this age, so what can he toss about? With his current cultivation base, if he is relying on himself, It is estimated that there is no chance to reach the extreme master level, which means that even if George Han takes him to

the Xuanyuan world, he will not get an increase in lifespan, and doing so is meaningless.

Hearing these words, Yi Lao's expression instantly dimmed a lot. This was George Han's very clear refusal. How could Yi Lao not be disappointed in his heart.

"Don't be discouraged. If you can continue to diligently improve your cultivation base, I believe you have the strength to survive in Xuanyuan World. After all, the passage is in the forbidden area. If you are willing to go, no one will stop you." George Han said.

Yi Lao suddenly raised his head, his eyes ignited with hope.

"Uncle Shane, don't worry, I will definitely practice harder." Yi Lao said.

George Han couldn't laugh or cry. Before he was reborn, he was regarded as half of Yi Lao's apprentice. At that time, Yi Lao often taught him.

But after rebirth, George Han made a joke, and seemed to have confirmed the identity of Uncle Shane, and now Yi Lao has absolute trust in him.

"Nothing else, I'm leaving Apocalypse." George Han said. The main purpose of coming back this time is to get Sheng Li. This matter George Han has already completed, and there is no point in staying. .

As for Fuyao's power, George Han needed to wait until Amelia Su became an adult before coming to take it away.

"Is it so fast?" Yi Lao looked at George Han reluctantly. Because of George Han's reward, he can greatly increase his strength. If George Han can guide him in his cultivation, Yi Lao believes that he can Become stronger.

It's a pity that George Han is leaving, and he can only walk the rest of the way.

George Han just nodded without speaking.

After leaving the forbidden area, George Han left Tianqi directly.

The harvest of this trip is very rich. The large number of Sheng Li is enough to allow George Han to lead the people around him on the road of cultivation, and George Han did not intend to use Sheng Li to make them stronger, so Sheng Li must still return A lot can be left.

After all, this kind of good thing is rare in the world. Knowing its preciousness, George Han had to keep some with him in case of emergency.

And just using Sheng Li to forcibly enhance the strength of the people around him, it doesn't make any sense to do so, after all, you still need to be steady and steady when you practice.

Cloud City.

Mountainside Villa.

Kneeling in front of the door was a figure that George Han could not even dream of, Yan Bingsan's grandson, Yan Nanguì!

Two days ago, Yan Nan returned to kneel here, and his kneeling can be said to have alarmed the entire summer. No one thought that, as Yan Bing's third grandson, he would seek medical treatment in this way.

Of course, Yan Nan Gui was also unwilling in his heart. He had no choice in doing so.

Faced with Yan Bingsan's request, Yan Nanguì also refused, but Yan Bingsan's request for him was very clear. If George Han's forgiveness cannot be obtained, Yan Bingsan will not give Yan Nanguì any Official support, this is desperate news for Yan Nanguì.

If Yan Nanguì wanted to make progress, he would definitely need Yan Bingsan to pave the way. Otherwise, he would not be qualified to embark on this road.

For the sake of his own future, Yan Nanguì had to go against his will and kneel in front of the mountainside Villa.

It has been two full days, Yan Nan Gui hasn't even seen George Han's face, and the thought of leaving has popped up in his mind countless times, but in the end it has been suppressed by reason.

Leaving means that there is no longer any support from Yan Bingsan, and he will also become a total waste, and may even be laughed at by friends around him.

This is something that Yan Nanguì can't accept, so whenever he can't hold on, he will think about the mocking eyes of his friends around him, which makes him motivated to continue.

When George Han returned to the Villa, he saw Yan Nan return. He was very surprised. After all, he and the Yan family were already feuding. How could this dude kneel at his door?

"Yan Nanguì, I am not mistaken, you are actually kneeling here!" George Han said in surprise. When looking at Yan Nanguì's back from a distance, George Han thought it was other medical seekers. Thinking of walking in, it was this guy.

"You are finally back." Yan Nanguì said with a deep breath.

"Are you here to help your grandfather seek a doctor?" George Han asked.

Chapter 1490

Facing George Han's knowing question, Yan Nanguai felt a disdainful anger, but he did not dare to show it, because George Han's decision could change his future. At this time, Yan Nanguai didn't care. He would hide how disdainful of George Han he was, at least he would continue to do so until George Han cured Yan Bingsan.

"Yes." Yan Nanguai nodded and said.

George Han smiled, he and the Yan family are considered enemies, and Yan Bingsan also made it very clear that he would deal with the Han family and let the George Han family be destroyed. How come it has only been a few days since the old thing is already gone. Have you changed your attention?

"I remember your grandfather said that you want my Han family to be ruined, what does this mean now, let you kneel and beg me, what about the dignity of your Yan family, don't you just leave it on the ground?" George Han said.

dignity?

For Yan Nanguai, these two words had already been abandoned before he knelt down, and Yan Bingsan himself probably didn't care about this matter, otherwise, he would not be allowed to do this matter.

After all, he is the only blood of the Yan family. Kneeling is equivalent to the entire Yan family kneeling. What kind of face does he need?

"Please, save my grandpa." Yan Nanguai said.

"Hey." George Han sighed suddenly, and said, "I'm still waiting for the Yan family to retaliate against me. I didn't expect to play this suddenly, it would be too boring."

George Han's words didn't put the Yan family in his eyes at all, waiting for revenge. Isn't this an act of being arrogant? Isn't it sure that the Yan family can't treat the Han family?

The hostility in Yan Nanguai's heart rose, and the corners of his mouth couldn't help but twitch, but despite this, his temper did not break out, and he kept reminding himself of what Yan Bingsan had said.

"Before, my Yan family said these things because the Yan family was ignorant, and we already knew that we regret." Yan Nanguai buried his head deeply. Although the words were full of regret, his expression was not so sullen. There is no regret in his eyes.

George Han suddenly squatted down next to Yan Nanguai and said, "Do you believe me when you said this? Do you really regret it?"

Yan Nanguai hesitated for a moment, and said, "Yes, I really regret it."

"Yan Nanguai, I'm afraid you have known about this all summer, especially those friends around you, who will laugh at you even more. Are you really willing?"

“You are not afraid of those people talking about you behind your back, saying you are useless, saying you are a trash?”

“Those who used to be inferior to you are now laughing at you behind your back, can you accept it?”

George Han said these words slowly, and Yan Nangui’s body was obviously shaking slightly, which was caused by anger.

Yan Nangui is a face-conscious person. After all, the Yan family is always above the top. He is fully qualified to be condescending. Now, he has been kneeling in the mountainside Villa for two days. He will definitely be laughed at and talked about. You can’t escape.

In the past two days, Yan Nangui tried his best to restrain himself from thinking about it, otherwise he would feel shameless to see people, and George Han uttered these facts, undoubtedly sprinkling salt on the wound!

“You are very angry now. Since you are angry, you have to vent it. What’s the use of holding it back? Wouldn’t it be better to endure those people and not laugh at you?” George Han continued, he wanted to provoke Yan Nangui’s anger. pole.

Yan Nangui suddenly raised his head, staring at George Han with cold eyes, and he lingered.

“The feeling of being pricked in the backbone is uncomfortable.” George Han sighed. He used to be the son-in-law of the Su family, but he was scolded for three years, and no one in Basin City knew it, George Han. Can deeply appreciate this feeling.

Yan Nangui lowered his head again and said, “The Yan family is wrong, I should naturally kneel and apologize.”

A flash of surprise flashed in George Han’s eyes. In his opinion, Yan Nangui was on the verge of breaking out. He didn’t expect that he could forcefully calm himself down. This kind of endurance was still very good.

Of course, George Han also knew that with this endurance, he must have been under other pressures, so he did not dare to explode in temper.

“It seems that Yan Bingsan’s threat to you is not light. You can endure this kind of bloody age. Since you are willing to kneel, just continue to kneel.” After speaking, George Han stood up.

It is impossible for Yan Nangui to kneel down here forever, so he asked George Han, “How are you going to save my grandpa? As long as you ask, I will definitely satisfy you.”

The current George Han does not need to raise any conditions, because as long as it is what he wants to do, he is fully capable of doing it himself, so why does he need to borrow the hands of others?

The Yan family is a good reputation, but in the eyes of George Han, it's not as good as a shit.

"The entire Yan family, or the entire Yan family system, is shit in my eyes. Do I still need you to help me?" George Han said lightly.

The so-called Yan family system includes all the students under Yan Bingsan. From the perspective of Yan Nangui, George Han's remarks are extremely arrogant!
