

His True Colors Novel Chapter 1491 - 1494

Chapter 1491

The word shit completely ignited Yan Nanguì, and his last trace of endurance broke the limit.

An angry Yan Nanguì stood up, kneeling for too long, causing his legs to become numb, and then fell to the ground again, but this did not affect Nan Yanguì's momentum.

"George Han, you ignore my Yan family so much, are you really bullying the Yan family?" Yan Nanguì said through gritted teeth.

"Isn't it? You don't really think I will put the Yan family in my eyes." George Han asked Yan Nanguì in surprise.

Yan Nan returned angrily and his expression became savage. He thought he was kneeling, and George Han had to compromise on the Yan family's face.

But the result was absolutely unexpected. George Han's arrogant attitude didn't put the Yan family in his eyes at all. In this case, his kneeling was meaningless.

"George Han, I will definitely make you regret it," Yan Nanguì said.

"I hope I can come sooner, otherwise I'm afraid you won't have a chance." After speaking, George Han opened the door and entered the Villa.

Yan Nanguì almost didn't get a breath of blood, stood tremblingly, and left with anger.

Only Qi Yiyun was in the house. Although George Han had asked Qi Yiyun to leave, Qi Yiyun deliberately forgot about this after that day, pretending that nothing happened.

"Do you know how much energy the Yan family has?" Qi Yiyun asked George Han.

George Han has never been to know the Yan family, but he still knows that the Yan family has a strong background. Otherwise, why only Yan Bingsan dared to turn his face with him.

But this kind of power is based on the earthly world, and for people like George Han in the divine realm, it has no meaning.

"I don't need to know, because I didn't put the Yan family in my eyes." George Han said lightly.

“You are so arrogant, aren’t you afraid of paying the price? As far as I know, several of Yan Bingsan’s disciples have a pivotal position, and a word of them is likely to destroy the Han family.” Qi Yiyun kindly reminded. .

“You don’t need to care about my affairs, but think about when to leave.” George Han said.

Hearing these words, Qi Yiyun gritted her teeth. She originally intended to remind George Han kindly, but she didn’t expect George Han to be so unreasonable and completely ignored her kindness.

“If you are not afraid of yourself, are you not afraid of getting people around you? If Yan Bingsan really wants to deal with you, he won’t even let the Su family go.” Qi Yiyun said.

Hearing the words from the Su family, George Han’s expression turned gloomy. George Han didn’t care about the lives and deaths of the rest of the Su family, but if someone wanted to hurt Amelia Su, George Han would definitely let him know what cruelty was.

“Maybe you don’t know what is capable and confident. Since I dare not put the Yan family in my eyes, I naturally have the ability to protect Amelia Su. You don’t need to worry.” George Han said.

Qi Yiyun suddenly smiled helplessly. She had seen many arrogant and domineering people, but she had never seen anyone who could be as arrogant as George Han.

“I hope you don’t regret that day.”

George Han didn’t continue speaking, and returned to his room. He knew very well whether he would regret it.

Of course, Qi Yiyun was worried for him, and George Han knew in his heart that Qi Yiyun cared about him, but George Han did not want to accept this concern, otherwise he would feel that he owed Qi Yiyun more and more.

On the phone, George Han called Dao Twelve back.

Originally, Dao Twelve was cleaning up those on the road who saw him not pleasing to the eye, but after receiving a call from George Han, he immediately put down everything in his hands.

In the past few days when George Han left, Dao Twelve had already solved many opponents, making him famous on Basin City Road, but there were always some guys who wanted to take advantage of Mo Yang’s chance to abdicate. It started, so the recent small troubles of the Twelve Twelve are still constant.

Back to the mountainside Villa in a hurry, George Han, who was far away, smelled a bloody smell from Dao Twelve, which showed that Dao Twelve had been hurting people recently.

“On the road, just leave it to the people under you, you don’t need to come forward yourself.” George Han said.

“I still like to do it myself, I can solve it more simply and directly.” Dao Twelve said.

“Although this is the truth, you have to understand that we will finally leave everything here, so it doesn’t make much sense for you to waste energy now.” George Han said.

Dao Twelve shook his head again and again, and said, “I like this feeling. After all, I am a killer.”

George Han rolled his eyes helplessly, the feeling guy was not trying to do things well, but to satisfy his own selfish desires, which left George Han with nothing to say.

Taking out a holy chestnut, George Han said to Sword Twelve: “Eat it.”

Dao Twelve took it without hesitation and threw it into his mouth. Only then did he ask George Han, “What is this?”

“Poison, the internal organs will fester if you eat it.” George Han said casually.

Chapter 1492

Dao Twelve’s reaction was completely different from that of Yi Lao. Even if he heard George Han say this, he did not show the slightest hesitation, and his eyes did not change at all, because he absolutely believed in George Han.

After eating, Dao Twelve also said: “It tastes good, but unfortunately there is too little water.”

“I’m really afraid that this thing is poisonous?” George Han asked curiously.

Blade Twelve Clouds shook his head lightly and said: “My life is yours. If you want me to die, I will die without regrets, even if it is really poison.”

George Han patted Dao Twelve on the shoulder, this guy’s character is so straightforward, as long as he chooses to trust someone, he won’t have the slightest doubt.

Of course, it is not easy to convince Dao 12% 100%. In this world, probably only George Han can do this.

“Sit down and quietly feel the power changes in your body.” George Han said to Dao Twelve.

The power of Sheng Li can quickly increase the strength of the Eater, but this also requires the Eater to absorb the power of Sheng Li as much as possible.

On the other hand, Yan Nangui returned to the hospital with a gloomy face.

In the past few days, Yan Bingsan has been looking forward to Yan Nan's return, and hopes that Yan Nangui can bring good news back to him. Because of Chen Guang's recovery, Yan Bingsan sees his own opportunity. He has a strong desire that George Han can help him cure his illness.

But when Yan Bingsan saw Yan Nangui's expression, he knew that Yan Nangui did not get things done.

"Didn't I tell you that if things fail, you don't have to come back to see me?" Yan Bingsan gritted his teeth and said, his body has been unable to resist for too long, which means that one day has passed and he has a chance to heal. There will be one point less.

Given the chance to live, how could Yan Bingsan want to face death?

"Grandpa, I have tried my best, but he doesn't put the Yan family in his eyes at all." Yan Nangui said.

"Do your best? If you really do your best, you should bring George Han. This is what you want to do." Yan Bingsan said with an angry face.

Yan Nangui knew that Grandpa didn't want to die. Similarly, he didn't want Yan Bingsan to die, because Yan Bingsan hadn't arranged his future at all.

But in this situation, Yan Nangui was helpless. He knelt down and knelt for two full days, but what about it? George Han didn't take this matter seriously.

George Han's attitude was resolute. No matter what he did, it was useless. Yan Nangui did not want to be humiliated by George Han again.

"I have tried everything I can do." Yan Nangui said with his head down.

Yan Bingsan was so angry that he was a dying person. Facing the opportunity to continue to live, he had already lost his mind. He blamed Yan Nangui for this result. Most of the reasons for such consequences are related to him.

If it weren't for his domineering approach, he would go to meet George Han.

Had it not been for him to threaten the Han family in front of George Han, the relationship between him and George Han would not have fallen to this point.

Yan Bingsan angrily walked out of the ward and came to the next door.

Although Chen Guang had temporarily recovered from his illness, he was not discharged from the hospital. Instead, he did a series of checks to make sure that his body had returned to normal.

Of course, although from a medical point of view, his illness was indeed cured, Chen Guang did not dare to forget what George Han said.

He knew that if George Han was able to cure him, he would definitely be able to make him fall ill again after a year.

“Yan Bingsan, what are you doing in my ward?” Chen Guang asked curiously when he saw Yan Bingsan.

Yan Bingsan took a deep breath. With a strong desire to survive, he could no longer care that the opponent standing in front of him for many years was no longer a concern. He said to Chen Guang, “Help me, let George Han save me, no matter what I will give you whatever you want.”

When Chen Guang heard this, he couldn't help but laugh. This old thing was actually willing to bow his head in front of him, which Chen Guang never expected.

But after another thought, he was going to die, so what would he do to save face?

Being able to live is the most important thing.

It's a pity that Chen Guang can't help Yan Bingsan in this matter. What virtue and ability does he have to get George Han to treat Yan Bingsan?

“Yan Bingsan, don't you think I am qualified to order George Han?” Chen Guang said.

Yan Bingsan's face was extremely ugly. Of course he knew that Chen Guang was not qualified. After all, he was based on certain conditions that had promised George Han, and George Han would treat him.

But Yan Bingsan has no other way. Now he is in a hurry to go to the doctor. As long as there is a little possibility, he hopes to try it.

“You try, you try to help me say something nice, as long as he is willing to save me, I can give you anything.” Yan Bingsan said.

Status and power were all clouds in Yan Bingsan's eyes at this moment. They had worked hard for a lifetime. Only at this moment did Yan Bingsan understand what is really important.

Live, only being alive is the most important thing!

Nothing in this world is better than being alive, because once a person dies, there is nothing left.

Chen Guang actually sympathized with Yan Bingsan because he could understand Yan Bingsan's feelings. After all, his previous illness was more serious than Yan Bingsan. He was closer to death, and he could understand the feeling of facing death better. .

“I can’t help you, and I don’t have the right to say good things for you in front of him. To tell you, he is willing to save me because I promised him to deal with the Yan family. I am in front of him, and I am no different from a servant.” Chen Guang said.

Although Yan Bingsan had guessed this a long time ago, when Chen Guang said it, he still couldn’t accept it in his heart.

He contributed to Chen Guang’s recovery, but he didn’t get the slightest benefit, and Chen Guang still had to deal with the Yan family. Is there anything worse than this in this world?

“If it weren’t for you to find him impatiently, perhaps the result of this matter would be completely different, but it’s a pity that your recklessness has caused everything now, and no one can recover.” Chen Guang continued.

Yan Bingsan’s expression suddenly became hideous, and pointed at Chen Guang angrily and said, “Are you teaching me? What qualifications do you have to teach me, Chen Guang, don’t think you can deal with the Yan family when you get better. I, Yan Bingsan, have a breath, and I will never let you succeed.”

“Chen Guang, even if you die, I will take you as a company.”

Hearing these words, Chen Guang smiled helplessly, this old thing, even if he died on the verge of death, would not live in peace.

Chapter 1493

At the Mountainside Villa, when the Twelve Swords calmed down to absorb the power brought by Sheng Li, George Han stayed aside, because there was another force in Sword Twelve, and George Han worried about this. The two forces repelled and caused damage to Dao Twelve’s body, so he dared not neglect to guard Dao Twelve to avoid any accidents.

At this time, Fei Lingsheng came uninvited and walked directly into the room of Dao Twelve, with a strange color in his eyes.

“Fei Lingsheng, you are becoming more and more impolite. Before you enter the door, don’t you even knock on the door?” George Han said coldly, now is the critical period of the twelve swords, and cannot be affected by any factors, And Fei Lingsheng’s intrusion would obviously have a certain impact on Dao Twelve.

Fei Lingsheng did not speak, but stared at Dao Twelve.

With her ultimate master realm, she could easily feel the two forces in the sword twelve body.

One is that he got it on the island of the headquarters of the Black Sheep Organization, and the other power, although Fei Lingsheng did not know where it came from, his sense of familiarity was very strong, exactly the same as the power of Xuanyuan World.

This made Fei Lingsheng wonder, how could the stamina of the Twelve Blades have the power of Xuanyuan World?

“Have you passed your power to him?” Fei Lingsheng asked suspiciously.

“You are a strong master in the Extreme Master Realm, don’t you understand what harm this method will cause him?” George Han said lightly.

“With the power of your divine realm, his body is absolutely unbearable and will inevitably explode and die.” Fei Lingsheng said,

George Han was able to control the power of the gods because his bones had already been completely changed, and when he was in the Xuanyuan world, he was baptized by the sky thunder, so he was completely able to control it.

But the twelve swords are different, and the mortal body tries to control the power of the gods, which is not the slightest difference from looking for death.

“Since you know, how could you say such stupid things,” George Han said.

Fei Lingsheng also knew that this was impossible, but she couldn’t understand why the Twelve Swords suddenly possessed the power of Xuanyuan World, and it was still so strong, so she could only think so.

“Since it has nothing to do with you, why did he become like this?”

After a pause, Fei Lingsheng continued: “If he can absorb this power, it is very likely that he will directly reach the strength of the Five Lights Realm. Even I have not done this kind of advancement.”

“You?” George Han smiled faintly, and said, “Why do you compare it to you? Are you good?”

Fei Lingsheng knew that she was not as strong as George Han, but her talent was unique in Xuanyuan World. She was definitely the youngest person in Xuanyuan World to reach the ultimate master level. The reason for comparing yourself.

“I created the minimum age of the Xuanyuan World Extreme Master Stage. This alone is enough to show my talent. Of course I am qualified to compare with him.” Fei Lingsheng said.

George Han didn’t deny this, because he had known about this matter, and Fei Lingsheng was indeed the most talented Extreme Master Realm powerhouse.

It's a pity that being talented is also faster than having Sheng Li.

"Holy Li." George Han said.

Fei Lingsheng suddenly turned his head to look at George Han, knowing that she was with George Han when she was in Xuanyuan World, and she was the holy chestnut who coveted George Han.

After George Han was reborn, Fei Lingsheng thought that George Han no longer had this thing, but he did not expect that he still had it!

"You still have Sheng Li!" Fei Lingsheng asked in surprise.

"Is it strange?" George Han asked back.

"In the Dark Forest, how could Sheng Li be intact when you were struck by the sky thunder?" Fei Lingsheng said.

George Han couldn't let Fei Lingsheng know that Shengli came from the earth, otherwise she would definitely make Apocalypse upside down, and the people of Apocalypse had absolutely no ability to stop Fei Lingsheng.

"Holy Li is a holy thing, how could it be destroyed by the sky thunder, you would think so, you can only say that you underestimate Sheng Li." George Han said with a smile.

Sheng Li is a legendary thing for Fei Lingsheng, she has never really owned it, so she is really unsure whether Sheng Li will be destroyed by the sky thunder.

But now one thing is certain is that since George Han still possesses Sheng Li, then her pursuit of the divine realm has gone even further.

"Provide conditions." Fei Lingsheng said to George Han.

George Han smiled. This woman coveted his Sheng Li when she was in Xuanyuan World. Now that she knows that she still has Sheng Li, she will definitely not miss such an opportunity.

Of course, George Han still has a lot of Shengli, but it is a big problem whether to pay for life.

"Do you want to use Shengli to reach the divine realm?" George Han asked.

Fei Lingsheng did not conceal his desire, and said: "The power Sheng Li possesses can definitely make me stronger. Above the Supreme Master is the Divine Realm. As long as I can become stronger, I can approach the Divine Realm infinitely. ."

Chapter 1494

These words of Fei Lingsheng made George Han's eyes flashed with disdain. She also thought of the divine realm too simple, eating a sacred chestnut to reach the divine realm, the unique divine realm in Xuanyuan World Is it so worthless?

"You are too simple to think, Sheng Li's power is basically insignificant to you, and it cannot improve your strength." George Han said.

Fei Lingsheng didn't believe George Han's words at all, because in her opinion, the reason why George Han was able to reach the divine realm was because he had eaten holy chestnut.

Otherwise, how could he reach the legendary god realm?

There are countless powerful people in the Xuanyuan world, how come he has just become a god, if it has nothing to do with Sheng Li, she would not believe that Fei Lingsheng was killed.

"Are you scared?" Fei Lingsheng said.

"Afraid?" George Han said with a puzzled expression, "What are you afraid of?"

"I'm afraid that I will also reach the realm of God, and I'm afraid that I won't be able to control me." Fei Lingsheng said naturally.

George Han laughed out loud.

Will he be afraid of Fei Lingsheng?

In his eyes, Fei Ling is no more than an ant. How could he be afraid?

"You just ate the holy chestnut, so you can become a strong god, so you don't want to give it to me." Fei Lingsheng continued.

To say that George Han reached the divine realm, it really has nothing to do with Sheng Li. Sheng Li only helped George Han in his initial cultivation. The reason why George Han really became so strong was still related to the skeleton. The second is the power of the magic axe on the islands of the Black Sheep Organization headquarters. If it hadn't been for the power of the magic axe to recognize the master and absorb the power of the magic axe, it would be absolutely impossible for George Han to break through to the real god.

"Since you think so, I will let you try it." After speaking, George Han threw a holy chestnut.

Fei Lingsheng is like a treasure, a holy artifact hidden in the deepest part of the Dark Forest, a holy artifact that no one can produce in the center that anyone dared to approach, she finally got it today.

“I have already arranged the spiritual formation for you. I will find a place to retreat. Please don't disturb me during this period.” After Fei Lingsheng said this, he left the convenience of Dao Twelve.

George Han smiled helplessly, she had too much hope for Sheng Li, and the disappointment that would come in the end would definitely give her a big blow.

However, this has nothing to do with George Han, after all, Fei Lingsheng is at best a subordinate to him.

Rather than caring about Fei Lingsheng, George Han might as well care about the situation under Dao Twelve.

The two forces have formed a confrontation and repulsion within the Sabre Twelve, which shows that the two forces do not merge with each other.

It is equivalent to that George Han spent a full three years in order to bring the two forces together. During this period, he exploded and died several times. It can be said that his life is hanging by a thread.

Today, although the two forces in the Twelve Swords body are much smaller than George Han, they are still unbearable for Sword Twelve's physique.

Seeing that Dao Twelve had reached the point when he was about to be unable to hold on, George Han had to control two forces to run around in his body.

With George Han's power control, the two forces in the Twelve Blades instantly calmed down a lot.

After a whole night, George Han helped Dao Twelve fuse the two forces together.

Sheng Li's help brought the Twelve Swordsman's realm to the Six Lights realm, which was a realm difference from the Five Lights realm Fei Lingsheng had said.

When Dao Twelve opened his eyes, the first sentence was thanks to George Han, because he could feel the changes in his body's strength. He also knew that if it hadn't been for George Han to take action, his body would definitely not be able to bear it. The rejection of the two forces.

“You saved me again.” Dao Twelve said.

“Didn't you say that your life is mine, since I didn't want you to die, of course you are not qualified to die.” George Han said.

Dao Twelve chuckled, and said no more words of thanks.

At this time, George Han showed an embarrassed expression, and Dao Twelve asked: "If you need my help, even if you speak, I am yours for my life, and there is nothing else I can do for you."

"You help me think about how to let Amelia Su live in the mountainside Villa." George Han said.

Since the spirit formation, for Amelia Su to practice, she must live in a mountainside Villa.

But in George Han's view, this proposal was too abrupt to Amelia Su, he didn't know how to speak.

"This..." Dao Twelve also showed a look of embarrassment. After all, there is no relationship between Amelia Su and George Han. It is indeed a bit too abrupt to let her live in the mountainside Villa suddenly.

"I'll leave this to you, you can help me think about it." George Han directly passed the headache to Dao Twelve.

Dao Twelve smiled bitterly. If things can be solved with force, Dao Twelve will definitely not be a problem, even if it is going up to the knife and down to the fire, he is not afraid, but this matter makes his mind very painful.

The reason why George Han wanted Amelia Su to come to the Mountainside Villa was that she could practice gradually. After all, something like Sheng Li was forced by external forces. George Han didn't want to cause trouble to Amelia Su's body because of Sheng Li. Possibility of harm.
