

# His True Colors Novel Chapter 1503 - 1506

## Chapter 1503

“How long has it been since he appeared?” George Han asked Yi Lao.

He is very confident in his spiritual consciousness. Since he can't feel the breath of that person, then he is definitely not in China. It's just that George Han can't figure it out, why did he leave?

“After I was injured, I came to you non-stop, but two days have passed.” Yi Lao said.

“Two days are enough time for him to leave the hot summer.” George Han had a doubt as to what the purpose of this man came to earth. Why did you choose to leave the summer after coming?

Was it because he felt a stronger existence than himself, or was it because he had other purposes?

Whatever the reason, what is his purpose. George Han must use the shortest time to find him, lest he destroy the balance of the earth.

“Apart from having eyeliner in the summer, does Tianqi have any other countries?” George Han asked Yi Lao.

“Under the apocalypse, there is an intelligence organization that is in charge of the world, called Skynet. We use Skynet to collect global information.” Yi Lao said.

“Very well, fully mobilize Skynet. I want to know every special event that happened in the world.” George Han said to Yi Lao in a commanding tone.

Elder Yi nodded and said, “I will notify them.”

After Yi Lao gave orders to Skynet, looking at the worried George Han, he couldn't help asking, “Uncle Shane, the world of Xuanyuan invaded the earth. Why is there only one person this time? They don't already have a comprehensive plan, just send this person to test the situation.”

Yi Lao is very afraid to face this matter, although he now has the super strength of the Eight Lights Realm, But still vulnerable in front of that person. This almost made him predict what kind of damage would be caused to the earth if a large number of masters in Xuanyuan World invaded.

More importantly, the present apocalypse. There was no such strong strength a hundred years ago, and he wanted to prevent the powerhouses of Xuanyuan World from chaos on the earth. It is almost impossible.

George Han is also pondering this issue, but what Yi Lao said is almost impossible.

Xuanyuan World also suffered heavy losses in the Hundred Years War, and now the entire Xuanyuan World, the three kingdoms are no more than a strong master in each of them.

Moreover, after Xuanyuan World was divided into three countries, the power has also divided a lot. No country has independent capital invading the earth.

“What is going on in this matter, only people who are caught can know.” George Han said.

Yi Lao didn't say anything. Because he knew that he couldn't help with this matter, he didn't add trouble to George Han.

Because Yi Lao was seriously injured, George Han let Yi Lao live in a mountainside Villa, which was the only place where he could gather aura. For Yi Lao, healing his wounds here will do more with less.

Suddenly there is an old man at home. After returning home, Amelia Su didn't ask much. After all, George Han's identity was so uncomplicated, and some of his subordinates were reasonable.

As for why his subordinates are so old, it is not a question that Amelia Su is willing to think about.

Two days later.

Fei Lingsheng, who had been away for many days, also returned to the mountainside Villa.

She thought she could get close to the divine realm by getting Shengli. It is undoubtedly disappointed.

Eat the holy chestnut and absorb all the power possessed by holy chestnut. But Fei Lingsheng didn't feel that she was getting stronger at all, which made her very frustrated, because she knew that in this case, no matter how much holy chestnut she eats, it won't help.

She once thought that George Han was able to break through the divine realm and relied entirely on Sheng Li, but now she knew that she was wrong, and George Han's divine realm had nothing to do with Sheng Li.

“Now you are willing to believe me.” Feeling Fei Lingsheng walking behind him. George Han said with a smile.

Fei Lingsheng sighed unabashedly, and said: “Sheng Li is only useful for cultivators with a low level. And the lower the level, the more useful it is.”

“I told you already. It’s a pity that you don’t want to. Believe.” George Han said.

Fei Lingsheng walked to George Han’s side, looked at George Han with puzzled eyes, and asked, “I felt your spiritual consciousness two days ago. Are you deliberately showing your strength?”

George Han smiled helplessly, he was not so bored yet, and ordinary people couldn’t feel this way of showing it.

“Someone has come to Earth.” George Han said.

Fei Lingsheng did not understand the true meaning of these words at the first time, and said: “The earth is full of people. Is this so strange?”

“I mean, Xuanyuan world, someone has come to the earth.” Han Three thousand continued.

Fei Lingsheng stood blankly on the spot!

People from Xuanyuan World have come to Earth!

Although she was also a member of Xuanyuan World, the way she came to Earth was related to George Han.

“You’re not kidding, how could someone come to the earth, the space-time tunnel is in the forbidden area of the dark forest, even the powerhouse of the Extreme Master Realm, dare not trespass.” Fei Lingsheng said in disbelief.

## **Chapter 1504**

Had it not been for the fact that Yi Lao was seriously injured, George Han would not believe that this matter was true, because once someone really came to the earth, then it means that Xuanyuan world must have undergone some changes.

And this unknown change would be a very big red flag for George Han, because he couldn’t predict what would happen next, whether there would be more powerhouses from the Xuanyuan world coming to the earth.

Although George Han’s strength is sufficient to deal with these guys, there is a huge crowd, and it is not easy to find them. During this period, their abilities can completely affect the balance of the earth.

“What you think is impossible has indeed happened. It’s just the reason, I can’t figure it out.” George Han said.

Fei Lingsheng looked serious. She was born and raised in Xuanyuan World, and she knows Xuanyuan World better than George Han. For so many years, although there

have been legends about the earth, there are many powerful people who want to invade the earth, but no one knows that the space tunnel is there. Where.

And even if someone knows now, what about it?

Who dares to break into the restricted area of the Dark Forest?

The stronger she is, the more she cherishes her life. In exchange for being Fei Lingsheng herself, it is impossible for her to risk her life in the Dark Forest restricted area.

“Are you sure about this?” Fei Lingsheng asked.

“It is 100% sure. Otherwise, no one on Earth can hurt Yi Lao, and he made it very clear that that person appeared from a space tunnel.” George Han said.

Fei Lingsheng breathed out a sigh of frustration. Since that is the case, then the person’s identity should not be wrong, but how did he come, and why?

“Can you find him?” Fei Lingsheng asked.

“My divine consciousness can spread throughout the hot summer. It’s a pity that he has already left the hot summer. This is completely beyond the scope of my ability, and the earth’s spiritual energy is scarce. I can’t expand the realm of divine consciousness.” George Han sighed. If God Sense can spread all over the earth, then George Han doesn’t need to worry about the current situation at all, because if one comes, he can kill one.

“Why do you think they can come to Xuanyuan World?” Fei Lingsheng asked curiously. From her point of view, it is completely impossible for those people to come to Earth, so she was very curious about this.

In fact, after George Han learned the news from the old man Yi, he unconsciously had an idea in his mind, but he thought it was impossible.

After hesitating for a long time, George Han said, “Perhaps, this matter has something to do with Linlong.”

“Linlong!” Fei Lingsheng frowned and said, “How could it be related to Linlong? The current Linlong should still be asleep.”

If it is normal, the Linlong at this stage has indeed not awakened.

But is the current situation really normal?

The rebirth of George Han alone has become very abnormal, and even Fei Lingsheng was reborn on earth with him, and it is not strange that Linlong wakes up early.

There is one more important point. Linlong is a creature of a higher level of space. Whether he will be affected by the backflow of time, George Han is simply not sure, and that person can come to the earth through the forbidden area of the dark forest. It doesn't matter if the dragon is long, George Han himself doesn't believe it.

"After self-rebirth, many things have changed. It is not strange that Linlong wakes up early." George Han said.

"If Linlong really wakes up, why doesn't it come to Earth by itself?" Fei Lingsheng has too many questions that George Han needs to answer, because her mind is full of doubts and puzzles.

It's a pity that George Han is not a knowledgeable person. He also doesn't know the current situation of Xuanyuan World. How can he help Fei Lingsheng answer these puzzles?

"I don't know. Next, I can only take one step at a time, and the best way is to let me guard the space tunnel. Once someone comes, I can kill this danger in the cradle." George Han said.

Fei Lingsheng nodded. This was indeed the best way, and only George Han could do this.

But George Han said at this time: "But I still want to protect Amelia Su, and I can't leave Basin City for the time being."

After speaking, George Han set his sights on Fei Lingsheng.

"What do you mean, don't you want me to go?" Fei Lingsheng asked warily.

George Han nodded and said, "Apart from me, you are the strongest person on earth. Since I can't go, of course only you are qualified to go."

Fei Lingsheng had a feeling of being played by George Han. He just said that he was going to guard the space tunnel, which seemed to have just opened up this topic. In this guy's heart, I am afraid that he was already planning to let her go.

"I won't go, I am originally from the Xuanyuan world. The safety of the earth has nothing to do with me." Fei Lingsheng refused, guarding the space tunnel, for her to kill the same kind, this is definitely not Fei Lingsheng willing Things to do.

"It's true that the safety of the earth has nothing to do with you, but you want to be a powerhouse of the gods, does this have to do with you?" George Han said.

These words made Fei Lingsheng's eyelids jump.

She used to have no pursuit of the god realm, because it was the legendary realm, and the world didn't even know whether it really existed, so after Fei Lingsheng reached the ultimate teacher realm, she didn't think about enhancing her strength.

But now, with a living god standing in front of him, how could Fei Lingsheng calm down?

After all, the extreme teacher realm can only live for a few hundred years, but the strong god realm has a life span of more than a thousand years, and only after reaching the god realm can he go to a higher level. This is already a lifetime for Fei Lingsheng. The only pursuit.

“If I help you, can you help me reach the God Realm?” Fei Lingsheng asked.

“I can't guarantee, but I promise you that I will do my best to help you.” George Han said.

Although he did not get a definite answer, George Han's words made Fei Lingsheng more willing to believe that he did not definitely help him reach the gods because he was not sure about it, but he was able to help her with all his strength. It was something that Fei Lingsheng wanted extravagantly.

After thinking for a long time, Fei Lingsheng said, “Okay, I promise you, but I will not kill those people, I will only drive them back to Xuanyuan World.”

“No matter what method you use, as long as these people don't appear on the earth.” George Han said.

Fei Lingsheng nodded, so that her conscience could be more settled, at least she didn't kill her race.

## Chapter 1505

Soon after Fei Lingsheng left, Amelia Su returned home, and the two missed the opportunity to meet, which also avoided the trouble of George Han explaining Fei Lingsheng's identity for Amelia Su.

Amelia Su, who lived here for the second half of a month, has now completely regarded the mountainside Villa as his home.

Back at home, he collapsed on the sofa in the living room, seeming not to care about his image in front of George Han.

This made George Han very happy, because the more Amelia Su didn't care, the more it showed that she had no scruples in George Han and regarded George Han as her own.

In fact, in Amelia Su's heart, she had already treated George Han as her husband. Although it was in the future, it did not hinder her current view of George Han. Between the two, there was nothing more than a couple. .

“Just studying, are you so tired?” George Han said to Amelia Su with a smile.

Amelia Su looked at George Han complainingly, and said, “Reading now is not an easy thing. You think you are as good as you, don’t you need to read?”

George Han smiled. He doesn’t need to read books now, because his abilities are so powerful that reading can’t help him in any way. Moreover, the knowledge that George Han possesses is enough. After all, he has retained it after he was reborn. All previous memories.

At this time, Amelia Su suddenly stood up and walked to George Han, the smile on his face made George Han feel a kind of creepy.

George Han knew that Amelia Su’s performance would definitely not be a good thing next.

“What do you want to do?” George Han showed a timid expression. In this world, only Amelia Su can do this.

“I will become a strong man in the future, right?” Amelia Su asked.

George Han nodded, and after Amelia Su gained Fuyao’s ability, she would indeed be a strong man, and her strength was still above the extreme master level.

“Not bad.”

“Since I will also become a strong person, what I am studying now is of no use?” Amelia Su said.

Only then did George Han understand what Amelia Su meant, because she didn’t want to study anymore.

In a sense, studying is really of little use to Amelia Su, and the value that can be reflected is just a transition from the time Amelia Su has nothing to do.

If she doesn’t want to study, George Han will definitely support her, because then there will be more time for cultivation.

“If you don’t want to study, stop studying.” George Han said.

“Really?” Amelia Su asked with excitement with her big eyes flashing.

“Of course it is true.” George Han said.

“It’s a pity.” Amelia Su drooped his head again, with a downcast look, and said: “What’s the use of your agreement, and my dad won’t agree.”

What kind of medicine Amelia Su sells in this gourd, George Han knew well, she said this deliberately, didn't she just want him to convince Wilson Su?

This is not simple.

Now Wilson Su will not refuse any request from George Han, this is just a small matter.

"Okay, I know what to do, you don't need to act." George Han said helplessly.

Amelia Su glared at George Han and said, "I'm not acting, but if you are willing to help me, I will thank you very much. Or, go back to my house for dinner tonight?"

"So anxious?"

"Just so worried!"

Seeing Amelia Su's urgent appearance, she was already very reluctant to go back to school.

Helpless George Han agreed.

Amelia Su called Wilson Su and informed him that he would go home for dinner tonight and would also bring George Han.

Wilson Su, who was in a meeting, connected the phone directly at the meeting. After hearing the news, he couldn't wait to go home.

Although the meeting was presided over by Wilson Su, the old man was also in the audience. When Wilson Su was about to leave when it was so important, the old man became angry instantly.

I wondered if the power given to this guy was too great recently, which caused him to be so rampant that he didn't even hold the meeting.

"Wilson Su, this is still in a meeting, how big is your business, you want to leave at this time!" The old man exclaimed.

At the meeting, some members of the Su family who were dissatisfied with Wilson Su, after hearing the old man's words, all smiled violently.

"Dad, I have to go home quickly." Wilson Su realized that the old man was still in the conference room.

"Humph." The old man snorted coldly, and said, "Is it time to get off work now? You are going home. Is there anything more important than a company meeting?"

"Dad, Amelia is going home for dinner tonight, and I also bring George Han, I have to go home quickly to prepare." Wilson Su explained.

Hearing the three words George Han, the hostility on the old man's face disappeared instantly.

Although he previously thought that nothing could be more important than the meeting, but when it comes to George Han, just a break of the meeting, what counts?

The father's life was given by George Han, and the future of the Su family was also given by George Han. Only George Han was the most important.

## Chapter 1506

After Wilson Su uttered the three words George Han, the people in the conference room knew that there was no excitement to watch, because they all knew very well what the three words George Han meant in Su's family, as long as they were related to George Han related matters, even if the Su family's sky falls, it doesn't matter.

The old man was a little embarrassed. After all, he severely questioned Wilson Su. At this time, he would inevitably feel that he could not step down.

However, his status in the Su family is not something other people dare to criticize.

After letting the others leave, the old man walked to Wilson Su and asked, "Can I go together?"

Can we go together? Instead of saying go together.

This shows that the old man is asking Wilson Su. Although he has the absolute right to speak in the Su family, he dare not decide for himself on this matter.

Wilson Su didn't think there was any problem with the old man's question, after all, it was related to George Han, even the old man did not dare to have an arrogant attitude.

"Dad, of course, if you have nothing else, try my craft." Wilson Su said.

The old man smiled openly and said, "Hurry up, but don't let George Han wait."

The two left the company together.

Before returning home, Wilson Su took his father to the supermarket and bought some ingredients.

Although the old man doesn't know much about this aspect, he is always picking up expensive purchases. After all, he is to entertain George Han. How can he be sloppy.

When they returned to Su's house, George Han and Amelia Su had not yet returned home.

The old man sat in the living room waiting like walking on thin ice, while Wilson Su was busy in the kitchen.

During the period when Wilson Su was oppressed by Lily Jiang, Wilson Su took care of almost all the housework. Lily Jiang didn't care about anything at home, and spent almost every day with Mahjong, when he wanted to leave and when he wanted to go home, Lily Jiang Do whatever you want and don't care about Wilson Su's feelings.

This also helped Wilson Su to honed his cooking skills.

And now, Lily Jiang's status in the family is equal to that of a servant, especially after Wilson Su knew about her going to the mountainside Villa, she was even beaten by Wilson Su. Now at home, she must be careful even to catch her breath. .

In the evening, George Han and Amelia Su returned home.

When Amelia Su saw the old man, she was slightly surprised.

However, George Han seemed very calm and even thought it was reasonable. After all, the old man had not many opportunities to meet him. Now that he has personally come to Wilson Su's house, how could the old man not show up.

"George, I finally saw you again." The old man quickly stood up and took the initiative to walk to George Han's side. This is not like an elder's attitude toward a younger generation, but more like a master who treats himself.

"Old man, I am in good health." George Han said with a smile.

"It's all thanks to you. Otherwise, there should be one person on my grave." The old man said jokingly.

This kind of remark is absolutely taboo for the elderly, but the old man is particularly open-minded and has no taboo, because for him, he has already died once, and it was George Han who gave him alive. Opportunity.

"You are Amelia's grandfather, and it is only natural for me to save you." George Han said.

The meaning of this sentence is very clear. If the old man has nothing to do with Amelia Su, he will definitely not help.

At this time, the old man saw Amelia Su standing next to George Han, and said: "Amelia, you are getting more and more beautiful, and George is really a beautiful girl."

Amelia Su sneered in her heart. She is a grandfather, but she has never seen her in his eyes. Whenever he goes to the Su family during Chinese New Year, the father never gives her a good face, because she is a woman, and a woman is like a patriarch in the Su family. There is no good treatment in the family of a girl.

But now, because of George Han, Amelia Su has become the most important grandchild in the old man's mind, but it is a pity that Amelia Su doesn't care about this.

"Grandpa, I used to look like this too." Amelia Su said.

The secret meaning of this is that the old man didn't care about her before. The old man also heard the meaning, and quickly said: "It was Grandpa's fault before. Grandpa didn't care about you, but don't worry, it won't be anymore."

Amelia Su wanted to expose the old man's mask directly, but after another thought, he was old after all, so let him save some face, so she didn't say much.

After sitting down, the old man and George Han talked about the situation in the new city. For these things, George Han didn't care at all. For George Han, how much money he can make and how high his status in society is. Too much meaning.

But the old man said so much that George Han didn't interrupt, just as it made him enjoyable.

But when the old man put forward his own opinions on the construction of the new city, George Han's expression immediately faded.

"Fengqian's affairs are entirely in charge of Xiaolong. If you have any comments, you can ask him. As long as he agrees, there is no problem."
