

His True Colors Novel Chapter 1515 - 1518

Chapter 1515

Back home, George Han sat on the sofa in the living room solemnly.

Amelia Su knew that something was serious, so she didn't dare to disturb George Han easily.

For George Han, the situation is indeed beyond his control, because he cannot sense the presence of the other party, which means that the other party can do whatever he wants under his nose and do anything that is unfavorable to him, and he still There is no way to stop this from happening.

This made George Han feel very headache.

And there is one thing that George Han can't figure out, how can he completely shield his breath?

You must know that in front of a powerhouse like George Han, almost no one can do this, unless his strength is the same as that of George Han, it is possible to be a powerhouse at the same time.

But with George Han's understanding of Xuanyuan World, this possibility is very small, even impossible.

In the world of Xuanyuan, the realm of the gods is the realm in the legend, which means that in the past few hundred years, no strong people of the gods have appeared at all. Moreover, George Han's ability to reach the realm of gods is a combination of many factors. Together.

At this time, Yi Lao walked out of the room. After a few days of healing, his physical condition has obviously improved a lot. After all, he is also a strong person in the Eight Lights realm, and his body's self-healing ability is still very strong.

Seeing George Han's serious expression, Yi Lao couldn't help asking: "Uncle Shane, has something happened?"

George Han took a deep breath and said, "Do you still remember what the person who injured you looked like?"

"Remember." Yi Lao said.

"Can it be drawn?" George Han asked. He can't sense the other party's existence by virtue of his spiritual sense now, so he can only retreat to the next best thing. If he can know the other party's appearance, he has a clue.

“I can describe, but I am not very good at painting.” Yi Lao said embarrassedly.

“I have studied drawing for many years. If you can describe the characteristics to me, I should be able to draw them.” Amelia Su said.

George Han looked at Amelia Su in surprise. Before rebirth, he and Amelia Su had been married for many years, and he didn't know that Amelia Su would still sketch.

“What's wrong, don't you believe me?” Seeing George Han looking at herself unexpectedly, Amelia Su pouted.

George Han shook his head quickly and said, “I didn't believe it, it was just a little accident.”

Looking at George Han's appearance, it seems that she has no idea that she has such skills. Amelia Su couldn't help asking: “Is the future me, has given up sketching?”

Amelia Su has always had a dream in her heart to become a master sketcher.

But there is a certain gap between dream and reality. When she left the college and came into contact with society, she faced the problem of survival. Before George Han appeared, the life of the Su family was very difficult, so Amelia Su had to Give up my dream.

“You who used to be in the future should have given up, but now, you can do whatever you want.” George Han said.

Amelia Su heard and understood these words, because she knew that George Han was reborn, but Yi Lao felt a little clouded.

In the future, these two words were grouped together, and they felt awkward.

When Amelia Su brought the pen and paper, Yi Lao began to describe Amelia Su based on his memory of that person.

George Han did not bother on the sidelines. After a long time of revision and modification, the portrait was finally completed. The person in the portrait gave George Han a very strong sense of familiarity. He can be sure where he has seen this. People can't remember it for a while.

“Uncle Shane, do you recognize this person?” Yi Lao asked.

George Han frowned, the memory in his mind was like waves rolling, constantly changing.

“Yi Qingshan!” George Han said suddenly!

This familiar portrait has some deviations because Yi Lao may have mistaken some of its features, but George Han still recognizes that this person is Yi Qingshan.

Xuanyuan World Xia Kingdom's Extreme Master Realm powerhouse!

George Han did not expect that the guy from Xuanyuan World would be him.

"Uncle Shane, who is Yi Qingshan?" Yi Lao asked impatiently.

"Xuanyuan World Xia Kingdom's Supreme Master Realm powerhouse, how could he appear here, and with his strength, how could he hide his aura under my nose." George Han gritted his teeth.

Yi Qingshan is no more than an extreme teacher.

Although Xuanyuan World had already dominated one party, in George Han's eyes, it was like an ant.

Neither Yi Lao nor Amelia Su were qualified to answer George Han on this question, so both of them were silent.

George Han picked up the portrait and repeatedly confirmed that this is not Yi Qingshan, who else could it be?

Could it be that he suddenly broke through the divine realm, so he was not sensed by George Han's divine sense?

But how is this possible!

Although many things have changed since the rebirth, the Divine Realm cannot be broken through casually. How could Yi Qingshan do it!

Chapter 1516

Seeing George Han silenced with a serious expression, Yi Lao didn't dare to interrupt George Han's thoughts casually, but he himself thought about it in his heart.

Since George Han thought that Yi Qingshan's strength could not conceal his aura, is there any other possibility?

Yi Qingshan used some kind of fetish?

In other words, someone helped Yi Qingshan to cover up his breath. These are all possible.

After a long time. George Han took a deep breath and said, "This is a big trouble. He can hide his breath so that I can't find him at all, which means he can do whatever he wants by my side."

"Is there no other way?" Amelia Su asked.

George Han shook his head, unless Yi Qingshan is willing to show his face, otherwise, it is very difficult to find him, because he has reached the extreme master level. He could change his appearance at will. Under this circumstance, he would even pass George Han. George Han may not be able to find out.

"Uncle Shane, is there such a possibility that he can conceal his breath because of something or someone's help?" Yi Lao said his guess.

But this kind of speculation does not help the status quo, because the problem is that the focus is no longer how Yi Qingshan did it, but that there is no way to find him in George Han.

"It doesn't matter anymore, I have to find a way to find him." George Han finished speaking and looked at Amelia Su.

Amelia Su felt that George Han looked at herself specially. There must be something to say, so he asked: "Whatever you want me to do."

George Han smiled helplessly. The reason why he saw Amelia Su was because he wanted to go to Tianqi to see the situation of the space tunnel in person. By the way, he could also discuss this with Fei Lingsheng.

As for Amelia Su's current state, she didn't know whether she could accept Fuyao's power.

"I'm leaving Basin City for a while, and I must bring you." George Han said. If he leaves Amelia Su, Yi Qingshan is likely to be against Amelia Su. This is something George Han would never want to see. .

"It's okay." Amelia Su said with a beaming eyebrow: "I'll take it as a tourist. Don't you know, since I was a child, I have left Basin City only a handful of times. Let alone go further. ."

"You continue to stay here to recuperate, and after the injury is completely healed, return to Apocalypse." George Han turned his head and said to Yi Lao again. Although Yi Lao has recovered most of his injuries, he has not healed after all. Only in the mountainside Villa can his injuries be recovered even higher.

Elder Yi had already regarded George Han as his uncle, so of course he had to obey his orders.

"Uncle Master, you can rest assured, I will help you look after the house." Yi Lao said.

“In this case, let’s go.” George Han said to Amelia Su.

Amelia Su seemed extremely excited, although she didn’t know where George Han would take herself to go. But being able to leave Cloud City and see the outside world is a joy for Amelia Su.

“Don’t you need to pack your luggage?” Amelia Su asked.

“No need. As long as you have money, any problem can be solved.” George Han said lightly, this is the advantage of money, and things that can be bought with money need to be cleaned up.

“Tsk tusk tusk, it’s really rich.” Amelia Su said with her mouth flat.

George Han smiled faintly.

The two decided to leave, so they set off immediately.

After leaving the Yundingshan Villa area, George Han felt a weird feeling in his heart. He always felt that someone was staring at him in secret, but when he used his spiritual sense to sense, there was no one nearby, which was probably because he could not control. The shadow in the heart of Yi Qingshan’s whereabouts.

George Han didn’t care too much about this problem. As long as Amelia Su was by his side, as long as Amelia Su’s safety could be guaranteed, it would not be a big problem for George Han.

And even if Yi Qingshan wanted to deal with him. It wouldn’t be troublesome to find people like Sword Twelve Moyang.

At the airport, Amelia Su obviously became a little nervous, because she had said it before. Even the number of times he has left Basin City is only a handful, and George Han can probably guess that Amelia Su has never taken a plane.

“Compared with the roller coaster, the plane is much more stable. You are not afraid of the roller coaster. Are you afraid of flying?” George Han said to Amelia Su with a smile.

Amelia Su did have a trace of fear in her heart, after all, it was something that flew in the sky. Once there is any accident, it is very likely to die.

“The failure rate of the aircraft should be very low, right?” Amelia Su asked casually.

“Of course.” George Han smiled casually. If the failure rate of the plane is high, who would dare to fly?

After saying these two words, the smile on George Han’s face suddenly froze.

The natural failure rate of aircraft is indeed not high. And before every flight takes off, there will be inspections to ensure that the aircraft can operate safely.

But this is a normal situation when there is no external force interference, if external force interference occurs. No one knows what will happen.

For example, the track of a roller coaster!

Thinking of this, George Han quickly took Amelia Su's hand. Stand up, ready to leave the airport.

"What's the matter? Although I am afraid, I am not too afraid to sit. Isn't it going to sit now?" Amelia Su asked George Han in confusion.

If the plane crashed, George Han could guarantee the safety of him and Amelia Su, but other passengers would be affected because of him, so George Han changed his mind.

Of course, George Han is also capable of saving everyone in the entire cabin, but once he does this, it will be international news.

"If you don't remind me, I almost forgot about the playground." George Han said.

Playground?

Amelia Su suddenly thought of a roller coaster, and then she understood why George Han didn't fly.

"That person is really annoying and ruined my opportunity to fly." Amelia Su said dissatisfied.

After walking out of the airport, George Han said, "If you want to experience the feeling of flying in the sky, I can satisfy you, but it will take night."

Amelia Su heard this, her eyes rolled and asked, "Can you fly?"

"For me, this is just a pediatrics matter." George Han said with a smile.

"Really?" Amelia Su asked expectantly.

"Of course it is true, so how about we play everywhere during the day and hurry at night?" George Han said.

Since Amelia Su had never traveled, George Han simply took this trip as accompany Amelia Su to travel, and playing during the day and driving at night would not delay too much time.

Chapter 1517

Afterwards, George Han went to find Mo Yang.

Mo Yang, who has now abdicated, has lived a shameless life with Liu Fang, completely immersed in the world of the two, unable to extricate themselves. Mo Yang did not care about anything outside, and under the violent means of the Twelve Swords, even if Mo Yang abdicated, his former enemies did not dare to come to avenge him for fear of dying at the Twelve Swordsman. Hands.

So now Mo Yang. Life is carefree.

When George Han came to the door, Mo Yang seemed a little surprised. Because of where he lives, he never told George Han.

But on second thoughts, George Han is the boss of the Twelve Swordsman, he wants to know where he lives, and the Twelve Swords casually can find out.

“Why do you have time to think of me today?” Mo Yang asked after leading George Han into the house.

Liu Fang graciously poured a glass of water for George Han and Amelia Su.

The descendants of the scholarly family, all the time no longer reveal a sense of elegance. This is also the reason why Mo Yang couldn't help but fall in love with Liu Fang, because the women he had been in contact with before were all nightclubs, all of them flamboyant, like a little sister, but Liu Fang is completely different. It feels like a real woman.

“I hope you can live in the mountainside Villa.” George Han said directly. This is why he came to Mo Yang. After all, Mo Yang is the person George Han intends to take to Xuanyuan World, so he can start practicing at this time. For Mo Yang, he can better integrate into the Xuanyuan world in the future.

“What's the matter? You don't dislike the environment here, right? My wife created this by herself.” Mo Yang deliberately showed an unhappy look.

“I didn't mean it.” George Han looked at Liu Fang. There are some things, I don't know whether it is appropriate to say in front of her.

Liu Fang is a very sensible woman. Seeing George Han's eyes, she knew that she was not suitable for being present, and said to Mo Yang, “I will go back to the room first.”

Mo Yang didn't say much, since George Han had a taboo. Liu Fang is the best when he returns to the room.

“If you have anything to say, don't destroy our relationship. Just for a short while, I will have to spend a lot of effort to coax it.” Mo Yang said to George Han.

“No, I think she is quite reasonable.” George Han said.

“It’s one thing to be clear about things, and it’s another to behave like a baby. You are still young, so how can you get the world of an adult.” Mo Yang disgusted.

George Han couldn’t help rolling his eyes. This guy knew what happened to him, and even deliberately used this question to target him.

“I asked a friend to build a spiritual formation for the mountainside Villa. You can practice in the mountainside Villa. You can initially gain some power that ordinary people don’t. Don’t ask the reason or why you want to do this. I will tell you later.” George Han said.

Mo Yang’s eyelids jumped, the power that ordinary people don’t have is those abilities of George Han.

This makes Mo Yang very excited, it can be said that anyone is facing this kind of thing. Will not calm down.

But living in the mountainside Villa means that the world of Mo Yang and Liu Fang is gone. This also made Mo Yang unacceptable, after all, the two of them are now in a gluey stage. I can’t wait to be together like conjoined babies all the time. If there are others, it will be somewhat inconvenient.

“Three thousand. Can we talk about this matter later?” Mo Yang did not refuse. Instead, he wanted the two-person world of him and Liu Fang to continue for a while.

George Han could not predict what would happen after a while, but the appearance of Yi Qingshan changed George Han’s control of the world a lot. No one knows when the accident will occur, so in George Han’s opinion, the sooner Mo Yang lived in the mountainside Villa, the better, because he was not sure when he would suddenly return to Xuanyuan World.

“Some things happened in the past two days, which caused me to lose control of certain things, so the sooner you go to the Villa, the better.” George Han said.

Mo Yang knew that George Han said these things for his own good. He couldn’t take George Han’s kindness as donkey liver and lungs. He could only say: “Okay, I’ll discuss it with her.”

“The current practice is very important to you in the future. This matter must not be sloppy.” George Han said.

“What will happen in the future?” Mo Yang couldn’t help but asked with curiosity.

George Han hesitated for a moment and said, “In this universe, there are other worlds. In the future, I will go to another place called Xuanyuan World. If you have enough abilities, I will take you with you.”

These words made Mo Yang dumbfounded on the spot.

Although he has accepted what happened to George Han.

But this statement from the other world still made Mo Yang a little bit incredulous.

Although some people have always said that in addition to the earth, there are alien civilizations in the universe, but this matter is just a legend and has never been confirmed in any way.

But now, George Han told him that besides the earth, there are indeed other worlds!

Chapter 1518

After a long time, Mo Yang recovered from the shocked state.

“Three thousand, Xuanyuan World, what kind of world is it?” Mo Yang asked.

“The world of cultivators, this is why I want you to practice, and in that world where the weak and the strong eat the strong, if your strength is weak, you will most likely be killed for no reason.” George Han said.

In Xuanyuan World, power is a symbol of status, and only when you have power can you protect yourself to the greatest extent.

Mo Yang nodded solemnly, and said, “Can I tell Liu Fang these things?”

“Look at your own decision.” George Han said helplessly. The former playboy is now so concerned about a woman. He doesn’t know what kind of magical power Liu Fang possesses to make Mo Yang happen. change.

“Okay, after we have discussed it, we will go to you again.” Mo Yang said.

“You don’t need to find me. I will leave Cloud City for a while. If you decide, you can just move your things to the mountainside Villa and choose a room.” George Han said.

After the two chatted for a while, George Han left with Amelia Su.

Mo Yang returned to the room.

Liu Fang was lying halfway on the bed, playing with her phone as if nothing had happened, and she couldn’t see the slightest dissatisfaction on her face.

Mo Yang came directly to a hungry tiger to eat.

“In broad daylight, what do you want to do.” Liu Fang tried his best to push Mo Yang away, but how could she compete with Mo Yang with the strength of a weak woman.

After a bitter battle, Mo Yang told Liu Fang about going to the mountainside Villa.

Liu Fang was originally a woman with rigorous family education, but since she started with Mo Yang, she has done a lot of extraordinary things. Doing such things in broad daylight was something Liu Fang would never have thought of.

“Why do you want to live in his house?” Liu Fang asked in a puzzled way. She was living well in her own home. She was suddenly going to be sent under the fence, and Mo Yang had not refused, which really made her feel strange.

“You will definitely not believe what I say next, but I can assure you that it is absolutely true.” Mo Yang said seriously.

When Liu Fang saw too much Mo Yang’s face, he was suddenly so serious, which made Liu Fang somewhat uncomfortable.

“Say it, I believe you.”

Next, Mo Yang told Liu Fang all the things George Han had said.

Liu Fang’s mood after hearing it was like watching a fantasy blockbuster.

Cultivation, another world.

Isn’t this just those fairy tale dramas that pull the calf?

“You don’t really believe it?” Liu Fang said.

Mo Yang knew that she wouldn’t believe it easily, after all, no one could believe such a simple thing.

But what Mo Yang said to George Han did not doubt at all.

“It is normal for you not to believe it, but I hope you can know that all of this is true, there is absolutely no lie. The reason why I am with you is because of him. He told me that in the future I will be because of you. The golden basin washes your hands, so I will look for you.” Mo Yang said.

“You are an adult, how can you be deceived because of these words?” Liu Fang said helplessly. Her family is a scholarly family, and she believed in science since she was a child. These things beyond the scope of science are in Liu Fang. Fang seems to be all cult speeches.

At this time, the door bell suddenly rang.

Mo Yang felt a little strange, could it be that George Han had gone and returned?

Opening the door, the person standing outside was not George Han, but Dao Twelve.

“Why are you here?” Mo Yang asked puzzledly.

“George asked me to come, I don’t know why.” Dao Twelve said. He just received George Han’s order to come to Moyang’s house. As for the reason, George Han didn’t say much. .

“What’s the situation?” Mo Yang wondered, he couldn’t think of why George Han let Dao Twelve come to the house.

George Han did this because he expected that after Mo Yang told Liu Fang about these things, Liu Fang would not believe it, so he let Dadao Twelve come.

Because Dao Twelve already possesses the abilities that ordinary people don’t have, to make Liu Fang believe those words, only let her see it with her own eyes.

At this time, Mo Yang’s phone rang, and it was George Han.

Before Mo Yang asked his question, George Han first said, “Is it twelve?”

“Here, what do you want him to do?” Mo Yang asked.

“You tell Liu Fang these things, can Liu Fang believe it easily?” George Han said.

“No, she doesn’t believe it at all,” Mo Yang said.

“This is why Dao Twelve went to your house. He can use his strength to prove that those things are true.” George Han said.

Mo Yang looked at the Twelve Swordsman with surprise, and proved with his strength that this also meant that the Twelve Swordsman had already started to practice!

“Three thousand, you are so unkind, no wonder he is so powerful, he has already started to cultivate.”

In order to prevent Mo Yang from continuing to talk, George Han hung up the phone.

Mo Yang put down his phone with anger, and said to Dao Twelve: “Go, show my wife your ability and make her believe that there is cultivation in this world.”
