

# His True Colors Novel Chapter 1519 - 1522

## Chapter 1519

The process of displaying the abilities of Blade Twelve was very simple, and it was a piece of cake for him, but after Liu Fang saw it, he was stunned, unable to return to his senses for a long time.

Even Mo Yang himself saw his eyes straight, and couldn't believe it.

After a long time, Mo Yang asked, "Sword Twelve, are you magic?"

Liu Fang nodded in agreement, she thought so too.

But mentioning the word magic means that they think it is fake. After all, magic is only a blindfold, but the ability of the twelve swords is not adulterated.

"If you don't believe it, I can't help it, but there is a best way to verify it, which is to go to the mountainside Villa, you will feel what true cultivation means." Dao Twelve said to Mo Yang.

Mo Yang swallowed, turned his head to look at Liu Fang, and said, "My wife, do you believe it now?"

Liu Fang seemed very entangled. After all, she focused on science in her life. How could she believe such things now.

But even if she didn't believe it, she had no way to prove that the facts were false.

"I don't know either." Liu Fang said.

"Mo Yang, if you don't even want to believe three thousand words, is there anyone in this world who is credible?" Dao Twelve said.

Mo Yang never doubted George Han, but certain things were really difficult for him to accept in a short time, and he had to find a way to convince Liu Fang.

"Go and work on your affairs, I and my wife will digest it slowly," Mo Yang said.

After Knife Twelve nodded, he left Mo Yang's house. What kind of decision the two would make in the end was not something that Knife Twelve could influence.

After the Twelve Swords left, Mo Yang began to persuade Liu Fang, even if she didn't believe it, she could go to the mountainside Villa and try it for a while, and if all this was fake, she could also expose the Twelve Swords during this time. Trick.

After a period of bitter talk, Liu Fang finally agreed with Mo Yang's statement.

on the other hand.

After midnight, George Han directly carried Amelia Su on his back, and the two of them cut through the night sky and rushed towards Tianqi.

Amelia Su has always been skeptical about George Han being able to fly, but now, when she really feels that she is flying in the sky, she knows how stupid her doubts are, and she shouldn't doubt George Han. Qian, because George Han would never lie to her.

Amelia Su was a little nervous at first, but when she got used to it, she let her go, she didn't even need to hold George Han tightly, opened her arms, and snorted stimulation.

In this way, the two of them rushed at night and traveled during the day. It was almost a week before they came to Tianqi.

Since George Han had long been famous in Apocalypse for making He Qingfeng kneel, no one knew it, so when he entered the realm of Apocalypse, the people in the dark did not come out to stop him, but sent the news back to the sky the first time Word-level territory.

When He Qingfeng heard the three words of George Han, his expression became very different, because the power that George Han brought to him was too strong to suppress He Qingfeng's desire to resist at all, so in his heart, it was already Formed an indelible fear of George Han.

"Why is he here again!" He Qingfeng, who received the news, was very helpless. Fei Lingsheng was bitterly taught a few days ago. Now George Han is here again, which makes He Qingfeng start to doubt his life. In the world, when did so many masters appear, and one is more powerful than one.

"Hall Master, are we going to meet?"

He Qingfeng thought for a while. Although George Han has no position in Tianqi, and as the head of the Three Halls, he doesn't need to meet anyone, but George Han is the strong man who made him kneel after all. Respect is still necessary.

"Go." He Qingfeng sighed. Having been the lord of the Three Halls for so many years, he has never been this kind of aggrieved, but he still can't change this situation.

He Qingfeng appeared before George Han and Amelia Su had reached the Xuanzi-level territory.

There was no battle with a large army, and only a disciple by his side, such a low-key appearance, showed that He Qingfeng had not dared to put his head in front of George Han.

“He Qingfeng, aren’t you here to welcome me?” George Han asked slightly surprised when He Qingfeng appeared. In his opinion, He Qingfeng should be hiding quietly on his own ground. , How dare you come out to see him.

“A strong man like you comes to Tianqi, I will naturally meet him personally.” He Qingfeng said.

“Looking at how you are not smiling, you don’t want to see me.” George Han said lightly.

He Qingfeng hurriedly shook his hand and said, “How dare I think that, you can come to Tianqi, it is the honor of Tianqi, how could I not want to see you.”

“Don’t be so hypocritical in front of me, have you met the woman who came a few days ago?” George Han asked.

More than ever, He Qingfeng was given a severe lesson.

“She is in the forbidden area.” He Qingfeng said.

“Okay, it’s nothing for you, let’s step back.” George Han said.

The dignity of the Lord of the Three Halls seemed to be trampled on the ground by George Han at this moment, but He Qingfeng did not dare to show the slightest surprise, because in front of such a strong man, even if he had an accident, he could only be strong Endure.

Not George Han’s opponent, how dare He Qingfeng say anything.

“Yes, if you have any needs, you can always find me.” He Qingfeng said.

George Han waved his hand casually, pulling Amelia Su and passing He Qingfeng.

After walking far away, Amelia Su asked George Han in a low voice, “George, who was that just now? It seemed to be quite powerful.”

“The Apocalypse is divided into four gates and three halls. The four gates are controlled by Yi Lao, and he is the lord of the three halls, He Qingfeng.” George Han explained.

Although Amelia Su could not imagine the status of the Lord of the Three Halls, he must be a very high-status person, and such a person would be so respectful to George Han.

“The Lord of the Three Halls, but when I see him, how come he is afraid of you? Is your status higher than him?” Amelia Su asked in confusion.

“Status? I don’t have any status in Apocalypse. I’m just an unknown person.” George Han said.

Amelia Su pouted dissatisfiedly, obviously not believing what George Han said, and also complaining that George Han had not told her the truth.

“What I said is true, all he is afraid of me is because he was beaten by me, and he knew that he could not beat me, so he was jealous.” George Han said.

## Chapter 1520

Amelia Su reluctantly accepted this explanation, but she still believed that George Han must have a certain status in Tianqi, because He Qingfeng’s performance was not only as simple as fear, but also had some respect.

The two came directly to the Forbidden Land of Apocalypse unimpeded. George Han could feel the breath of the top ten powerhouses, but they used to be in the cave, but now they are monitoring the situation outside the cave. This is probably because of Fei Lingsheng. Coming, so they dare not enter the cave.

“Where is this?” Amelia Su asked with some fear while looking at the dark cave.

“I won’t tell you, let you guess.” George Han said while selling Guan Zi.

Amelia Su showed a threatening expression, and said to George Han: “If you dare to deliberately scare me, you are dead.”

Such words, Amelia Su dared to say to George Han, as someone else, George Han could pinch to death like an ant.

“Don’t worry, why would I deliberately scare you.” George Han said.

Amelia Su was relieved now and followed George Han into the cave, but in the process, she held George Han’s arm tightly with both hands.

This kind of action undoubtedly made George Han and Amelia Su’s chest make an intimate contact. Although Xiaohe only showed sharp horns, it was also a very exciting thing for George Han.

No matter how proud of other women, George Han could not take a look, but facing Amelia Su, George Han could not be as calm as water.

When he came to the cave, Fei Lingsheng was sitting on the side of the time tunnel in a daze.

Since having that dream, Fei Lingsheng has been a little uneasy, because she knows that everything that happened in that real dream is true. The strong man in Xuanyuan World asked her to kill Amelia Su, too. Really.

But Fei Lingsheng didn't know whether he should do this or not, because once Amelia Su was killed, George Han's crazy revenge would inevitably come. Even if Fei Lingsheng escaped to Xuanyuan World, George Han would surely kill him to the end. .

If the strong man in Xuanyuan World was willing to protect her, perhaps Fei Lingsheng could escape the catastrophe, but that person Fei Lingsheng hadn't really seen it before, so how could he believe it?

"Why are you in a daze?" When George Han saw that Fei Lingsheng hadn't noticed someone walking into the cave, he couldn't help being a little surprised. With her ability, how could she be so insensitive.

Hearing George Han's words, Fei Lingsheng recovered from her meditation. When she saw George Han, a trace of guilty conscience flashed across her eyes, and Amelia Su, who was standing next to George Han, made Fei Ling even more so. There was a momentary change in Sheng's eyes.

Kill Amelia Su!

Amelia Su is right in front of her now.

"Why are you here?" After the instant change, Fei Lingsheng returned to normal.

Although George Han clearly captured the changes in Fei Lingsheng, he did not delve into it, but pretended that nothing had happened.

"I'll take a look at the changes in the space-time tunnel. After all, I haven't seen it with my own eyes. I still feel a little unreliable." While speaking, George Han took Amelia Su's hand and approached the space-time tunnel.

Just like the first time George Han saw the Space-Time Tunnel, Amelia Su's shocked expression could not be described in words, her wide-eyed eyes and the dislocated jaw were all expressing Amelia Su's shock.

However, it is reasonable for ordinary people to react like this the first time they see such a scene.

"This...is this the time tunnel?" Amelia Su asked George Han.

"En, on the other side of the space-time tunnel is another world, Xuanyuan World." George Han explained.

Amelia Su swallowed with a dry mouth. Although she had known that there was another world, what she saw with her own eyes was completely different from what she heard only, and the shock was incomparable.

Amelia Su took a deep breath. Seeing her appearance, she still needs time to digest this matter slowly.

“What’s the matter recently?” George Han asked Fei Lingsheng.

Fei Lingsheng naturally shook his head and said, “Nothing happened and no one appeared again. By the way, did you find him?”

The so-called him is the strong man who came to Earth from Xuanyuan World.

Although George Han could not find him, he had already confirmed the identity of that person.

“Although no one was found, I know who it is.” George Han said.

“Who is it?” Fei Lingsheng looked impatient, she also wanted to know who came to the earth.

“Yi Qingshan.” George Han said.

“Yi Qingshan! Fei Lingsheng said in disbelief that Yi Qingshan, who is also a strong master of the Extreme Master Realm, has actually come to Earth!

“Yes, and he did not leave the summer.” George Han continued.

These words made Fei Lingsheng’s eyes widened. George Han’s spiritual sense could cover the entire summer. If Yi Qingshan was still in the summer, he would definitely be sensed by George Han’s spiritual sense.

but.....

Suddenly, a crazy idea was born in Fei Lingsheng’s mind, which made her heart beat faster.

## **Chapter 1521**

Yi Qingshan is still in the hot summer, but he has not been sensed by George Han’s spiritual sense, which to a large extent means that Yi Qingshan’s realm has reached the spiritual realm. If this is the case, then what the person in the dream said is likely to be true.

Fei Lingsheng, who was also in the Extreme Master Realm, knew very well that it was a very difficult thing to break through the God Realm, and with Yi Qingshan’s own power, he could never do it.

He can reach the gods. There must be an expert to help.

As for the so-called expert, apart from the person in the dream, Fei Lingsheng couldn’t think of anyone else who could do it.

Since he helped Yi Qingshan reach the god realm, it meant that as long as he fulfilled his conditions. He can also reach the gods.

This kind of temptation is fatal to Fei Lingsheng.

“What are you doing in a daze?” George Han asked, seeing Fei Lingsheng suddenly dazed.

“No, it’s nothing.” Fei Lingsheng thought in his mind that killing Amelia Su would be able to exchange his own spirit, so he showed a moment of panic in front of George Han.

George Han frowned slightly, this time seeing Fei Lingsheng, she obviously became a little different. It’s like hiding something.

George Han still pretended not to know anything, because it was impossible to ask Fei Lingsheng’s concealment, so she could only expose her flaws.

But George Han had a concealed feeling. Her concealment seemed to be related to Amelia Su, because when she saw Amelia Su just now, her expression changed very obviously.

At this time, Amelia Su quietly asked George Han in her ear: “George, shall we go to Xuanyuan World through here in the future?”

“En.” George Han nodded and said, “This is the only connecting channel. No matter you enter or exit, you can only go from here.”

“The existence of this channel. Will bring a great threat to the earth.” Amelia Su continued.

“This is why the Apocalypse exists. Xuanyuan World had invaded the earth a hundred years ago. If it weren’t for the many masters of the Apocalypse fighting to death, today’s earth might not be what you see.” George Han said. How tragic the battle a hundred years ago was, George Han could not imagine, after all, so many masters had fallen.

“Why don’t you block this place?” Amelia Su said.

These words made George Han a little bit dumbfounded. The time tunnel is not a sewer. It can be blocked at will. If it is so simple, why did Apocalypse sacrifice so many people a hundred years ago.

“It’s not that simple, but I will definitely find a way to cut the connection between the two worlds in the future.” George Han said. Only by completely destroying the space tunnel, the threat that Xuanyuan World poses to the earth can be completely resolved.

George Han has now stepped into the gods. He knew that even if he went to Xuanyuan World, one day he would rise to a higher level of the world, so he could not always protect the earth, the only way to make it safe. Just destroy the space tunnel.

“Destroying the space tunnel is likely to destroy both worlds.” Fei Lingsheng on the side said.

“How do you know?” George Han asked Fei Lingsheng, turning his head.

There is a space tunnel between the two spaces. In George Han’s view, cutting off the space tunnel is just cutting off the link between the two spaces, how could it ruin the two worlds.

“Because they originally coexist. According to the legend of Xuanyuan World, the earth and Xuanyuan World are one, because of some special reasons. It will become two worlds, and the space tunnel is the key to maintaining the existence of the two worlds. Factor.” Fei Lingsheng explained.

This is one?

This possibility was something George Han had never imagined, that is to say. The earth and Xuanyuan world were originally one world, and then they were divided into two because of unknown reasons.

If this is the case, then destroying the space tunnel is likely to directly destroy both worlds.

But Fei Lingsheng also said that this is just a legend, it is impossible to verify whether it is true or not.

“Legend is a legend after all, there is no real evidence.” George Han said.

“For Xuanyuan World, the gods are also legends, but you still did it.” Fei Lingsheng said.

George Han is not a reckless person. Since there is such a legend, he will definitely verify it before acting.

“Don’t worry, I won’t destroy the space tunnel before confirming the truth of this matter, and with my current strength, I can’t do it.” After George Han finished speaking, he laughed at himself.

For him, destroying the space tunnel is just a very simple idea, and he knows that his own strength can’t do it.

“Will you stay in Tianqi for a while?” Fei Lingsheng asked suddenly.

George Han nodded without leaving a trace, and said, “En.”

When Fei Lingsheng asked, George Han also noticed that she seemed to want to stay.

It seems that what she has concealed will show up during his stay.

“If you are busy with other things, you can leave first. I can stay here for a while.” George Han continued.

## Chapter 1522

George Han’s remarks were a temptation to Fei Lingsheng. When Fei Lingsheng was eager to deny that she was leaving, George Han was even more sure that she had concealed something from herself, but what happened? The situation cannot be guessed yet.

But George Han believed that Fei Lingsheng would show his feet sooner or later, so he didn’t need to rush for a while. After all, Fei Lingsheng was not his opponent. No matter what medicine Fei Lingsheng sold in the gourd, George Han didn’t need to worry too much.

After leaving the forbidden area with Amelia Su, George Han unconsciously walked to the place of the stone room. Behind the stone door is Fuyao’s former residence. As long as he opens the stone door and walks in, Amelia Su can regain Fuyao’s power.

However, the problem that George Han has been worried about cannot be solved at all now, so he dare not try it lightly.

“What are you doing in a daze, what is this place?” Amelia Su asked George Han.

George Han pointed to the front and said, “There is a very hidden stone gate there, and inside the stone gate is your previous life.”

Amelia Su heard George Han mention this matter before, although it felt incredible, but after seeing the space-time tunnel, these things are no longer so incredible in Amelia Su’s view.

“Shall we go in and take a look?” Amelia Su asked.

George Han shook his head very tangledly, and said, “I’m not sure if you have the power of Swing during this period, what kind of impact it will have on your body, I’m afraid of any accident, even I can’t change it. .”

“Since it is my former life, she shouldn’t harm me, right?” Amelia Su said.

It’s okay to think this way according to normal principles, but Fuyao’s power is too strong for Amelia Su, even more powerful than the powerhouse of the Extreme Master Realm. No one knows that Amelia Su’s current physical condition can absorb this power. What will happen.

More importantly, Amelia Su is still a minor now, and once Amelia Su’s body is affected by this force, George Han is afraid that even if it is him, he will not be able to change the consequences.

“Let me think about it again, I want to ensure your safety.” George Han said.

Amelia Su was not in a hurry, she knew that George Han was doing it for her own good, so there was nothing wrong with what George Han said.

After staying in the stone room for a while, George Han took Amelia Su to the four-door realm.

Yi Lao’s assistant heard that George Han would stay here for a while, and quickly arranged a room for George Han.

“Is there only one room?” Amelia Su asked weakly after seeing the room.

The assistant looked at George Han with a puzzled look. The two are so close together, isn’t it right for a room?

“This way I can better protect you.” George Han explained to Amelia Su.

Fei Lingsheng concealed certain things, whether she would pose a threat to Amelia Su, this is something that George Han is still not sure about, so Amelia Su can get the best protection if he lives with him.

But Amelia Su didn’t think so, because he was alone in the same room, and it was hard to guarantee that George Han would not have any strange ideas.

“You go to work first.” George Han said to his assistant.

The assistant left first sensibly.

Amelia Su waited until the assistant had left before saying to George Han, “What bad thoughts do you have? I said before that my age is not suitable for the power of Fuyao. Is it suitable to do those things?”

George Han couldn’t laugh or cry, he didn’t have those thoughts in his mind, let alone Amelia Su’s underage, before rebirth, even if they were already a legal couple, George Han slept under the bed for three years, and didn’t force Amelia Su to do any of her. Unwilling things.

“I don’t think so. If you are worried, I can sleep at the door,” George Han said.

“Tsk tusk tusk, now pretend to be pitiful, let me sympathize with you, and then make an excuse to enter the room, who knows what you are thinking.” Amelia Su looked at George Han with contempt.

“Really not.” With George Han’s expression of tears and tears, Amelia Su determined that he had bad thoughts, and there was no reason at all.

Amelia Su pushed George Han out of the room and said, "Since you ask to sleep at the door, then go to the door."

After speaking, Amelia Su closed the door directly.

After smiling bitterly, George Han sat down at the door. For psychological balance, he could only think about revenge in the future. After Amelia Su became an adult, he would vent this resentment to Amelia Su and ask her to beg for mercy.

After it got dark, George Han covered the entire room with his own consciousness to catch any wind and grass.

For George Han, Amelia Su has incomparable importance, and it is necessary to ensure Amelia Su's safety, and Fei Lingsheng has become a dangerous person to some extent, and George Han can't do that either. Don't watch out.

Forbidden place.

Fei Lingsheng appeared in the dream again.

The person who claimed to be a powerhouse in the god realm seemed a bit urgent, because he knew that George Han and Amelia Su had come to Tianqi, and this was the best time for Fei Lingsheng to complete his request, so he made Fei Lingsheng a commanding tone. Kill Amelia Su as soon as possible.

Facing such a request, Fei Lingsheng did not directly agree, because George Han was always by Amelia Su's side, and she couldn't find a chance at all.

And in this case, even if she succeeded in killing Amelia Su, she would not be able to escape.

"The person who came to the earth is Yi Qingshan?" Fei Lingsheng asked that person.

"Not bad," the man said.

When Fei Lingsheng heard such a positive answer, his heartbeat increased. Yi Qingshan could hide his breath in front of George Han, and he might have become a powerhouse of the gods. Based on Fei Lingsheng's understanding of Yi Qingshan, With his own strength, it is impossible for him to do this.

"You helped him break through the divine realm?" Fei Lingsheng continued to ask.

The person obviously hesitated and did not reply to Fei Lingsheng at the first time. After a while, he nodded and said, "Since you already know this, then I will not hide from you. Yes, I do. Help Yi Qingshan break through the god realm, now he is already a strong god realm."

Because Fei Lingsheng was too longing for the divine realm, he didn't care about that person's moment of hesitation at all.

It is true that Yi Qingshan came to the earth because of him, and hiding his breath in front of George Han was not because of breaking through the divine realm. But since Fei Lingsheng thought so, it was a good thing for him, so he did. There is no denial.

"As long as I kill Amelia Su, you can help me?" Fei Lingsheng's previous attitude was very hesitant and swayed. She didn't know if she should do this, but Yi Qingshan became a powerhouse of the gods, which made her somewhat Can't hold it anymore.
