

# His True Colors Novel Chapter 1527 - 1530

## Chapter 1527

“It’s so beautiful.” When she said this, Amelia Su was like an inexperienced hillbilly.

But George Han knew that Amelia Su had really seen far more things than him. It is just the Octagon world, which George Han has not touched now, not to mention that she was once a strong man in Kongtong Realm.

The current George Han does not understand the realm of the Bafang World, and also knows what Kongtong Realm means in the Bafang World.

But one thing he knew very well, since Linlong was so afraid of her strength, it showed that Kongtong Realm must be a very powerful existence.

George Han never dreamed of it. An accidental marriage allowed him to marry such a strong wife.

Amelia Su has such strength, George Han can’t help thinking, if he goes to Bafang World in the future. Doesn’t it also have a backing.

Thinking of this, the corners of George Han’s mouth rose unconsciously.

“What are you laughing at?” Amelia Su asked puzzledly after seeing it.

“Laugh when you are happy. I am very happy to be with you.” George Han explained.

Amelia Su’s face was flushed, and George Han’s unscrupulous expression made Amelia Su a bit shy, although she knew that she would become George Han’s wife in the future. But this kind of confession is somewhat shy at Amelia Su’s age.

“Can you swim?” George Han asked Amelia Su.

Just after saying these words, George Han jumped for life and jumped directly into the water.

Amelia Su was splashed by the explosion of water and scolded Han three thousand and two, but there was a smile on her face, indicating that she was not really angry at all.

“Come down, the water is cold and very comfortable.” George Han swam in the water. Said to Amelia Su.

Amelia Su couldn’t let go, after all, lone men and widows were swimming together. What if something shouldn’t happen?

But looking at the cheerful George Han, Amelia Su couldn't control it. Because she was also a swimming enthusiast, she liked to play in the water since she was a child.

After a fierce ideological struggle, Amelia Su finally fell down in front of temptation and jumped directly into the water.

This is probably the most relaxing time for George Han in all these years.

Whether it is before rebirth or after rebirth. George Han was under tremendous pressure.

He used to be under the oppression of Nangong Qianqiu. There is no happy childhood.

Even after adulthood, George Han still needs to face tremendous pressure.

After going to Basin City, it became even more trash that was cast aside, George Han at that time. Almost confessed his fate, until the moment Amelia Su took his hand. George Han made up his mind to make all those who look down on him regret it.

This road is not difficult for George Han, and he did it. But the greater the ability, the greater the responsibility.

George Han now. He also bears the responsibility of dealing with Linlong. It can be said that he is not at ease for a moment.

But now, George Han can finally put down everything and enjoy the tranquility of this moment.

Once George Han thought, after dealing with Linlong, he took Amelia Su to find a paradise and enjoy the world of the two. But now, this idea can no longer be established.

Because Amelia Su's previous life came from all directions. She will go back one day after all, and Amelia Su's strength is very strong. In order to be worthy of Amelia Su, George Han also needs to make himself stronger.

Happy hours are always short.

When Amelia Su was a little tired, the two rested on the shore.

Amelia Su lay on George Han's lap, looking at the surrounding scenery, and said, "I didn't expect that there is such a beautiful place in this world. If I hadn't met you, I'm afraid I would never leave Basin City in my life."

"You have seen more beautiful scenery, you just forgot." George Han said.

"Will you take me to see those beautiful scenery?" Amelia Su asked.

"Of course, as long as you like it, I will take you there." George Han said softly.

Amelia Su happily closed her eyes and prepared to rest for a while, but at this time, she realized that all of her clothes were completely dry.

“It would be great if I had your ability.” Amelia Su said with envy.

This meant that George Han didn't know how to answer the conversation. After all, Amelia Su was better than him. It was just a matter of time.

“You will become very powerful in the future, and you will be better than me.” George Han said.

Amelia Su muttered, obviously not believing what George Han said.

Tired Amelia Su quickly fell asleep on George Han's lap, and George Han stayed so quietly, not daring to move, for fear of awakening Amelia Su.

All directions.

Kongtong border.

At this moment, George Han suddenly wanted to visit Bafang World, because that was Amelia Su's real home.

But George Han was also a little worried. After all, it was a higher-level world. His power in the realm of God, in the Bafang World, was likely to be only the weakest at the bottom. In this case, George Han was undoubtedly lost. Protect Amelia Su's ability.

## Chapter 1528

When Amelia Su found that George Han was very worried, she couldn't help but ask George Han: “What's wrong with you, you look worried.”

George Han shook his head subconsciously and said, “Nothing.”

Seeing George Han's eyes in a trance, Amelia Su knew that he was lying. After sitting up, her eyes were fixed on George Han and said, “Is there any secret between us? Is there anything that I can't tell me? “

George Han is indeed worried about Amelia Su being a strong player in the world, but his worry comes from his lack of strength and has nothing to do with Amelia Su itself.

And to make up for this, it only takes George Han to make himself stronger, so in his opinion, there is no need to tell Amelia Su about this problem.

However, Amelia Su had an expression of breaking the casserole and asking the end, George Han could not lie, because a lie, there will be countless lies to round up the lie,

this is a bottomless pit, and once Amelia Su finds out, it is likely to have feelings for them. Make an impact.

“I got a news last night.” George Han said.

“What news?” Amelia Su asked impatiently.

“Your previous life, Fuyao, is likely to come from another world.” George Han said, although there is no hard evidence for this matter, according to Linlong, it is already inseparable.

“I’m from Xuanyuan World?” Amelia Su asked in surprise. She always thought that she and George Han were on the same front, but if Fuyao came from Xuanyuan World, wouldn’t it be enemies with George Han!

“No, it’s a more advanced space, the Octagon World, a place I have never seen before.” George Han explained.

“The Bafang World!” Amelia Su was slightly surprised, and said, “How could it happen? Fuyao came from the Bafang World, and how could it appear on the earth? You are not fooled.”

The chance of being deceived is very small, because George Han has already considered this issue very seriously.

Linlong asked Fei Lingsheng to kill Amelia Su, presumably Yi Qingshan came to the earth for the same purpose. This shows that Linlong is really afraid of Amelia Su’s strength. If Amelia Su is not from the Eight Worlds, he is not a strong man in the Kongtong realm, what about him? May be afraid for no reason?

“I told you about Linlong. You know how powerful he is,” George Han said.

Amelia Su’s expression became serious when she heard the words Linlong. According to George Han’s description, Linlong could easily destroy the world of Xuanyuan. Such a power that destroys the world and destroys the earth is of course powerful.

“En.” Amelia Su nodded and said.

“He is very afraid of you, so he sent someone to the earth to kill you.” George Han said.

“En?” Amelia Su looked at George Han with a dazed expression. Linlong was in her heart. It was a terrifying existence, and such a character would be afraid of her, which made Amelia Su a little bit incredulous for a while. .

“This is absolutely true, because you are a powerful player in the Kongtong realm in the eight directions world. According to him, this is a very powerful realm. That’s why he is afraid of you and wants to kill before his strength is restored. Lose you.” George Han said.

It took Amelia Su a long time to digest this matter, and the sky was already full of stars at the moment.

“Since I am so powerful and can deal with Linlong, why are you still thinking about it?” Amelia Su asked puzzledly. Isn’t it a good thing to be able to deal with Linlong?

“Because I can’t protect you.” George Han said.

Amelia Su was amused by these words, and directly climbed on George Han’s shoulders with her hands, and said: “You can’t protect me, then change me to protect you. How about you being my little brother.”

George Han smiled faintly. It was a good thing to be able to be protected by Amelia Su, but what George Han really worried about was the reason why Amelia Su came to the earth.

It stands to reason that as a powerful Kongtong realm in the Bafang World, it is absolutely impossible for her to leave the Bafang World easily. There may be some helpless reason in this, and when she returns to the Bafang World again, It is likely to continue to face such problems.

If she came to Earth because of some reason and had to fight against the strong, then George Han would become a chicken rib and Amelia Su’s oil bottle, which George Han would never want to see.

“That’s right, you can protect me. This is also good. It seems that my worries are unnecessary.” George Han said with a smile, without telling Amelia Su what he really worried about, to avoid Amelia Su thinking like him.

“Don’t you think that being protected by a woman will be ashamed.” Amelia Su asked George Han with a smile.

“Of course not.” George Han shook his head again and again, and said, “How can you be ashamed of being protected by your own wife.”

Speaking of the word “wife”, Amelia Su’s face turned red again. After all, she is still young now, and such a name is still a bit too early for her.

The two did not go home that night, but spent the whole night at the waterfall. Amelia Su slept soundly on George Han’s lap, and George Han was thinking about how to make himself stronger.

The biggest reason why George Han’s realm has risen so fast is the bone problem, but the bones also have their limits. After all, the Bafang world is more advanced than the Xuanyuan world. George Han wants to continue to improve his realm by taking advantage of the bones. , Obviously is an impossible thing, and there is a great possibility that the skeleton will become the biggest bottleneck that George Han faces in this life. This is also the problem that George Han worries most.

George Han, who hadn't slept all night, was thinking about this problem, but until dawn, George Han did not think of any countermeasures, because now he knows nothing about the Bafang world, how to practice, How to make oneself stronger is a kind of empty conjecture. In the absence of physical contact, this is the behavior of mediocrity.

"I actually slept by the waterfall all night." At this time, Amelia Su woke up by rubbing her eyes, but there was no sound of water from the waterfall.

Just about to say whether he was deaf, the sound of water came in his ears. Amelia Su knew that this was George Han's method, so she didn't ask any more.

"Are you hungry?" George Han asked with a smile.

At this moment, Amelia Su is still an ordinary person, different from him. George Han's food is no longer a physical need, but a taste of the mouth, but Amelia Su is still an ordinary person who needs to eat.

"Let's go, go back first, there should be delicious food waiting for us." George Han said.

"But... I'm too hungry." Amelia Su looked at George Han with a pitiful expression.

## Chapter 1529

Back to the fourth door of Amelia Su, Yi Lao's assistant had prepared a sumptuous breakfast for them. As for where the two of George Han went, the assistant dared not ask casually. After all, George Han was the one who made He Qingfeng kneel. He has absolute freedom in Tianqi, and he can go anywhere.

While eating breakfast, Amelia Su suddenly said to George Han, "I want to go to Fuyao's residence."

This question has actually been entangled in George Han's heart. He has been considering whether to take Amelia Su at this time. He is worried that Amelia Su's current body is not the best time to receive the strength of Fuyao. He is even more worried that Fuyao's force will Amelia Su's body was hurt.

"Once you enter the stone room, Fuyao's power will condense into beads, and her physical body will be destroyed, and it is very likely that because of your appearance, the link of condensing into beads will be missing. Once the power has been in your body, then It's something I can't stop." George Han said, the last time I went to Shishi, because Amelia Su was not present, so the power would gather into a bead.

But this time was different, and George Han could not predict what changes would happen with Amelia Su present.

“Since that was my previous life, it was also the power that belonged to me, so how could it hurt me.” Amelia Su said. She and George Han have completely different ideas. She doesn’t think Fuyao’s power will hurt me. She, after all, it is hers at all.

Amelia Su said this, there is a certain truth, but there is a risk after all, because nothing happened, no one knows what kind of result will be brewed.

“But there is still a risk.” George Han said, he didn’t want Amelia Su to be a little bit dangerous.

“Since Linlong wants to get rid of me so much, and Yi Qingshan does not have enough strength, if he uses other methods to deal with me and you are not by my side, what should I do?” Amelia Su said, this is also a risk. And this risk can be avoided as long as she can get Fuyao’s power back, so she thinks she should do it.

“How come, I will always be by your side, no matter what happens.” George Han said, in this world, there is nothing more important than Amelia Su, so George Han will never leave Amelia Su for other reasons. .

“Even if you are by my side, does he have no other way to deal with me?” Amelia Su said.

Other ways?

With George Han guarding him, what else can Linlong think of?

Although he can create dreams, George Han can completely avoid this, and even in dreams, Linlong cannot kill Amelia Su.

“Of course, I’m still very confident about this.” George Han said confidently.

Amelia Su muttered, George Han couldn’t help but not enter.

At this time, the assistant ran to George Han in a panic.

“What’s the matter?” George Han asked in a deep voice.

This is the apocalypse. It must be a major event that can be worthy of his panic. Could it be that Linlong knew that Yi Qingshan and Fei Lingsheng could not help him complete the task, so had he come to Earth himself?

“There is a vision on the mountainside, and I don’t know what’s going on, it reflects a colorful light.” The assistant said to George Han.

Colorful light?

“Isn’t it a rainbow? Haven’t you seen it before and need such a fuss?” Amelia Su said.

The assistant smiled bitterly. If it were just a rainbow, he would certainly not make a fuss, but it was not a rainbow at all.

“Go out and have a look.” George Han said.

Amelia Su also stood up, and when several people came to a place with a wide view, George Han’s expression suddenly became serious.

The place that reflects the colorful rays of light is actually the direction of the stone room, and these rays are very likely to be related to the stone room.

At this time, He Qingfeng also hurried over, because Yi Lao told him that the uncle master came out of the stone room. Now the stone room has a sudden vision. From his point of view, only George Han knows it is. What’s the matter.

“Uncle Shane, the stone room has changed, do you know what happened?” He Qingfeng asked George Han.

George Han couldn’t help turning his head and glanced at Amelia Su. In his opinion, the abnormal change in the stone room was probably related to Amelia Su, because the real owner of the stone room was Amelia Su.

Amelia Su stared at the direction of Shishi closely, and she didn’t know whether it was reflecting the colorful rays of light in her eyes, or her eyes themselves.

“George, I feel someone is calling me, just in that direction.” Amelia Su pointed to the stone room and said to George Han.

George Han’s heart sank!

Someone is calling her!

Could it be said that this is Fuyao’s power calling her?

George Han didn’t accept the power of Amelia Su receiving Fuyao at this stage. He didn’t want to see Amelia Su being hurt, but the current situation seemed to be something he couldn’t stop.

But George Han couldn’t figure out why the mutation happened suddenly at this time?

## Chapter 1530

At this time, Amelia Su had only one feeling, that is, Shishi had an inexplicable call that made her want to go involuntarily. It was a particularly cordial feeling that Amelia Su could not refuse.

George Han knew that this was Fuyao's power. It could also be said that Amelia Su's own power was summoning his master, and when the power had reacted to Amelia Su, George Han could no longer prevent Amelia Su from inheriting this power.

Others may only think that this is a colorful light, but George Han can clearly feel the powerful power of these lights, even if he has a god realm, he can't fight it.

Although George Han knew that Kongtong realm was very strong before, after all, this was a realm that even Linlong was afraid of, but until now, George Han could clearly feel the gap.

If the world is like an ant to George Han, then George Han is just a stronger ant in front of this force.

"Three thousand, I'm going." Amelia Su suddenly turned to look at George Han, and said firmly in her eyes.

At this point, George Han could not stop it.

She sighed inwardly, only hoping that as Amelia Su thought, this force would not hurt her.

George Han hugged Amelia Su's waist, and the two of them rose into the air and flew straight to the direction of Shishi.

He Qingfeng and his assistant were dumbfounded. Although they also had the power that ordinary mortals did not have, flying out of thin air was something they couldn't even think of, but George Han did it!

"This... he can actually fly!" He Qingfeng's eyes were almost about to fall to the ground, words could no longer describe the shock of his heart.

"Is this the strength of the strong one hundred years ago?" the assistant said with a look of surprise.

But in an instant, George Han and Amelia Su had already arrived in front of the stone room.

After George Han released Amelia Su, Amelia Su involuntarily walked toward the stone room.

George Han followed Amelia Su to deal with any unexpected situations.

But soon, George Han was suppressed by the force that came out of the stone room. Although George Han resisted with all his strength, his feet were even trapped in the rocks, but he still couldn't make any further progress. Watching the Shimen open, Amelia Su walked in calmly.

George Han, who gritted his teeth and persisted, soon turned pale. If he continued to hold on like this, he might die by breaking his meridians.

As a last resort, George Han could only give up the confrontation, but in an instant, he was pushed back several tens of meters by the power in the stone chamber.

This made George Han couldn't help taking a deep breath.

He is a powerhouse in the god realm, watching the world, but in front of Amelia Su's power, he has no resistance. The strength of the Kongtong realm is so terrifying!

"Is this the gap between Bafang World and Xuanyuan World?" George Han couldn't help but sigh. Although there is a certain gap between Earth and Xuanyuan World, this gap does not appear particularly obvious among the strong. In the previous war, it was impossible to force those people in Xuanyuan World to retreat.

But the gap between the Bafang World and Xuanyuan World was too big, and George Han felt that this was the power of different classes.

In this situation, George Han couldn't know what happened in the stone room, and could only wait quietly in the distance.

And Amelia Su, after walking into the stone room, saw the once-self, beautiful as a scroll, even Amelia Su couldn't help but be moved.

And this time, Fuyao didn't disappear out of thin air. He actually opened his eyes, and his pupils were as clear as the sky.

The corpse suddenly opened his eyes, which was an extremely terrifying thing for many people, but Amelia Su was not scared, but walked to Fu Yao's side.

"Are you the me who used to be?" Amelia Su couldn't help asking.

Fuyao didn't speak. After opening his eyes, there was no change in his expression, just looking at Amelia Su quietly.

"What do you want to tell me?" Amelia Su said.

Although Fu Yao's mouth began to move, Amelia Su could not hear any sound.

"I can't hear, can you speak louder." Amelia Su said anxiously.

As the words fell, Fuyao's deity suddenly turned into a cloud of phantom, as if it was about to disappear at any time.

"I haven't heard what you said, don't rush the news first." Amelia Su said quickly.

Soon, Fuyao turned into a colorful force and poured into Amelia Su's body.

Amelia Su instantly felt that her body was about to explode, and various powers surged in her body. She didn't know how to deal with it. She thought of George Han for the first time, but the voice for help could not come out of her mouth.

Outside George Han, he didn't know what was going on. He could only see the colorful rays of light getting more and more shining, even to the point where he could not look directly.

However, George Han guessed that Amelia Su at this moment should already be receiving Fuyao's power. This process was absolutely uncomfortable for Amelia Su, but George Han's worries could not be translated into any practical actions.
