

His True Colors Novel Chapter 1535 - 1538

Chapter 1535

The current Linlong had no intention of killing Amelia Su at all, because not only Fei Lingsheng, but even he did not have this ability, naturally he would not have any wishful thinking in this regard.

“With your strength, how could it be possible to kill Amelia Su.” Linlong said.

These words seemed to devalue Fei Lingsheng a bit, which made Fei Lingsheng very unconvinced, and retorted: “If you are stumped by your strength, can you kill Amelia Su?”

Before the change, Fei Lingsheng absolutely did not dare to speak to Linlong with this attitude, but now she is no longer afraid of Linlong.

“Of course not.” Lin Long said.

“Then why are you looking for me?” Fei Lingsheng asked puzzled.

“I hope you can help me figure out how to resolve the contradiction between me and George Han.” Lin Long said, if this contradiction is not resolved, it will be a dead end for Lin Long, and he is also a knowledge of current affairs. Know what to do.

These words made Fei Lingsheng a bit wrong, she never expected that Lin Long would find her for this reason.

Xuanyuan’s world’s most powerful alien beast unexpectedly chose to bow its head because of George Han.

“You are actually willing to bow your head in front of George Han.” Fei Lingsheng said.

This is of course Linlong’s unwillingness, but in this situation, he has no other choice. Compared to death, what is the value of bowing his head?

Moreover, patience for a while is nothing to Linlong. George Han will go to Bafang World sooner or later. After he leaves, Linlong will be the number one powerhouse in Xuanyuan World again.

“When you bow your head to the strong, isn’t it a matter of course to be stumped?” Lin Long said.

This is too much for Lingsheng to laugh. If he really took it for granted that he would not have left the Bafang world at the beginning, wouldn’t he just bow his head to the strong without intent, so he would come to Xuanyuan World to be the king.

“I can’t help you. With my status, do you think I am qualified to speak in front of George Han?” Fei Lingsheng said directly.

“You must be able to help me think of a way.” Linlong said.

This kind of responsibility imposed on Fei Lingsheng made her very helpless, and Linlong seemed to have to force her to come up with a way.

Of course, there is no way, but in Fei Lingsheng’s view, Linlong is definitely unwilling.

“There is one way, but it is useless to say it. You will definitely not agree.” Fei Lingsheng said.

“Hurry up.” Lin Long said with a look on his face, impatiently.

“Becoming George Han’s strange beast, after being tamed by him, he will naturally not kill you.” Fei Lingsheng said.

When he said this, Linlong’s eyes clearly showed anger.

Be a strange beast for George Han!

When Linlong escaped from Bafang World, he didn’t want to be a slave, so how could he be willing to become George Han’s strange beast.

If he was willing to do this kind of thing, he would have done it as early as in Bafang World.

“How is this possible, how can I make a strange beast for humans?” Linlong gritted his teeth and said.

Fei Lingsheng didn’t know what Tianlong meant. This was the most orthodox existence of the dragon clan bloodline, but it was a pity that the dragon clan had declined thousands of years ago, so that it fell to this point.

Many of the dragon’s companions have chosen to become human beasts, but he is unwilling, because Linlong always firmly believes that his blood is more noble than humans.

“If you don’t want to, there is no other way. After all, you killed his daughter.” Fei Lingsheng said. Although Han Nian died at the hands of Linlong or disappeared because of time confusion, there is no specific answer. But for all these responsibilities, George Han will definitely be blamed on Linlong. Only this point is a hatred of the heavens. How could there be other ways to resolve grievances.

“His daughter was not killed by me.” Linlong was anxious to defend, and even a hint of panic in his expression, even if he was not afraid of George Han, he was afraid that Amelia Su would blame him.

“But it has a very big relationship with you, you can’t escape the blame.” Fei Lingsheng said.

“No, no, his daughter is not dead, why does it have anything to do with me?” Lin Long said.

“What are you talking about!” Fei Lingsheng looked at Lin Long in amazement. This news had an extremely powerful impact on her.

Han Nian is not dead.

How is this possible.

The power of time and space in the Dark Forest was chaotic. For ordinary people, the power of chaos was a sharp blade. Under such circumstances, how could Han Nian survive.

More importantly, space reverses time flows backwards, no matter from which point of view, Han Nian should not exist in this world!

“How is it possible that even if Han Nian is not dead, he should have disappeared.” Fei Lingsheng said.

Linlong’s expression suddenly became serious and seemed very entangled. After a while, he said to Fei Lingsheng: “You let George Han come to see me, as long as he promises not to deal with me, I can tell him About Han Nian.”

Hearing what Linlong said, there seemed to be something hidden in it, and Fei Lingsheng dared not hide it.

After leaving the dream, Fei Lingsheng found George Han for the first time.

Chapter 1536

Fei Lingsheng, who came to George Han, was very excited, even breathing heavily.

George Han couldn’t help asking: “You have appeared in Linlong’s dream again. Do you dare to threaten you if you have troubled him now?”

Fei Lingsheng shook his head and said: “I did appear in his dream, but he did not threaten me, but told me something very shocking.”

“There is something that is worth shocking.” George Han said lightly.

“Before telling you, you’d better be mentally prepared, otherwise, I’m afraid you won’t be able to accept it for a while,” said Fei Lingsheng.

George Han smiled contemptuously. With his ability to bear it, he didn't think there was anything he couldn't accept.

Besides, George Han didn't care about Xuanyuan World's affairs at all. It didn't matter what happened, it was not worth his surprise.

"Go ahead, I'm ready." George Han said.

"Han Nian, not dead." Fei Lingsheng stared at George Han closely.

When these words were said, George Han's expression was stunned for an instant, and Fei Lingsheng could clearly feel that George Han's muscles tightened instantly.

"You...what did you say!" George Han turned his stiff neck and looked at Fei Lingsheng.

He thought there was nothing to shake his rock-solid heart, but with these words, George Han couldn't restrain his consternation at all.

"Your daughter, Han Nian, didn't die or disappear." Fei Lingsheng said.

"How is it possible, how is this possible!" George Han said incredulously. In his opinion, time goes backwards, personnel are reborn, and Han Nian disappears is a matter of course. After all, he was only fourteen years old after being reborn. Han Nian has no room for existence at all.

"I don't know what's going on. Linlong told me this, and he said that if you want to know what's going on, go and see him." Fei Lingsheng said.

George Han walked directly towards the forbidden area. At this time, he couldn't care if Linlong had any conspiracy.

In this world, in addition to Amelia Su, the most important thing for George Han is Han Nian. With such an impactful news, George Han would not even consider whether this was a trap.

Came to the forbidden area.

As soon as George Han closed his eyes, he came to the dreamland created by Linlong.

"If you have half a lie, I will cramp you." George Han gritted his teeth and said to Linlong.

"You want to know about this, you must promise me a condition." Lin Long said.

"Say, let alone one condition, even if it is ten or one hundred, I will promise you." George Han said happily. No condition can be more important than Han Nian, so George Han didn't hesitate at all.

"You can't hurt me, let alone let Amelia Su kill me." Lin Long said.

“I swear to heaven.” George Han said, and he could clearly feel the urgency from his attitude.

As for the hatred between him and Linlong, in front of Han Nian’s news, it has become unimportant.

“Do you remember the changes that took place in the space-time tunnel on the day of our war?” Lin Long said.

“Of course I remember that the power of the time tunnel suddenly became chaotic and conflicted. This is why I was reborn.” George Han said.

“Then do you feel the emergence of a power that does not belong to the time tunnel? And this power does not belong to you or me.” Lin Long said.

George Han frowned, Lin Long’s remarks obviously meant something, but he deliberately sold Guanzi, and George Han didn’t understand what it meant.

“Just tell me if you have anything to say, don’t sell it to me.” George Han said.

“This power comes from all directions.” Linlong said.

George Han’s eyes widened, and he said in a deep voice, “You mean, people from all directions have captured Han Nian?”

“Time is reversed, time is reversed, and only the strong in the world of eight directions can protect your daughter from the interference of these factors. I can be sure that your daughter is in the world of eight directions now.” Lin Long said.

George Han took a deep breath. If Han Nian really still exists, it would be great news for him.

But if these words were true or false, George Han had no way of judging. This was probably just Linlong’s trick to slow down his troops. After he and Amelia Su arrived in the world of eight directions, Linlong’s danger was over. At that time, George Han Even if Qian knew that this matter was fake, he could do nothing.

“How do I know you didn’t lie to me.” George Han said.

“With Amelia Su’s ability, she can return to the Xuanyuan world even if she goes to the Bafang World. If I lie to you, wouldn’t it be even worse for me to end.” Lin Long said.

The emphasis here is on Amelia Su’s abilities, that is to say, after George Han went to Bafang World, he was not qualified to return to Xuanyuan World when his abilities were insufficient.

But Amelia Su is enough.

In this case, the probability of Linlong lying should be very small, which made George Han very excited.

However, who arrested Han Nian and why?

Chapter 1537

Whether Linlong's words are worthy of belief is something George Han cannot confirm yet, but in his heart, he is willing to believe this is true, because Han Nian is also a very important part of his life. The character, although George Han has tried his best to comfort himself that Han Nian's disappearance was due to the reversal of time and space, and it was a situation he was unable to prevent.

But even so, George Han couldn't really let go of this matter.

And now, knowing that Han Nian might still exist in another world, this is undoubtedly exciting news for George Han.

"Tell me about this, what do you want to get?" George Han asked, he knew that Linlong could not let him know about this out of good intentions, so he must have something to ask for.

"I hope to use this news to resolve the conflict between us." Lin Long said.

The corners of George Han's mouth rose. This guy used to be very arrogant, but now he is subdued. It seems that the shock that Amelia Su brought to him is really so strong that he is already scared.

"If it's just a mere hole, do you start to be afraid?" George Han asked.

"A mere Kongtong Realm!" Linlong seemed to have heard something incredible.

Kongtong Realm!

It can be described in just two words.

In Linlong's eyes, George Han was like an ignorant kid, so he had such ignorant thoughts.

In the Bafang World, Kongtong Realm is a strong generation.

"The Kongtong realm is so small, you really don't understand the Bafang world. The Kongtong realm is in the Bafang world. It is known as a sub-god and is a true demigod. You shouldn't think that the so-called divine realm in Xuanyuan world is a real god. Let's go." When he said these words, Linlong's tone clearly revealed some disdain. The so-called God Realm in Xuanyuan World was nothing but rubbish for Bafang World.

Only the gods of the Bafang world are qualified to be called true gods.

Because the gods in the Bafang World can create a world of their own!

What George Han said was not ignorant. He took advantage of this opportunity to learn about the strong attack of Kongtong Realm. After all, to him, Kongtong Realm is just a name, which is for the power of Kongtong Realm. He didn't have any concept. Only with this kind of ignorance could he get Linlong's real explanation.

At the second god level, if Xuanyuan world were to be considered, it was also the ultimate master level, but George Han knew that there was no comparison between the two.

“The true divine realm of the Bafang World is capable of creating the world. The earth may have been created by a strong person in the Bafang World. By saying this, you can understand how strong Kongtong Realm is. Amelia Su is away from creating the world. , There is only one level difference.” Linlong continued.

Create the world!

Even the earth may have been created by a strong man in the eight directions.

For George Han, these words had a very strong impact.

Because this also means that if he can reach the God Realm of the Octagon World in the future, he can create his own earth!

George Han took a deep breath. He was finally able to have a concept of the difference between himself and Amelia Su. Although the concept is still not very clear, at least he has a vague concept.

“Why do you want to leave the Bafang World? Don't you want to have this ability?” George Han asked curiously. Under this temptation, Lin Long chose to dominate the Xuanyuan World, which he couldn't understand.

How can you be the king and hegemony in a place like Xuanyuan World? It is the world of others after all, but in the world of Bafang, there is a chance to be called the true god who created the world!

Linlong laughed at himself.

Have this ability!

This is something that Linlong couldn't even think about, because not everyone has a chance in the gods of the world of eight directions.

“Do you think that the God Realm can be achieved by anyone? When I left the Bafang World, the entire Bafang World was only based on two strong God Realms, and they

were all based on legends. No one knew whether they were It really exists.” Lin Long said.

“The God Realm of Xuanyuan World was also a legend.” George Han said, using these words to express that the legend is also possible.

But such words drew Lin Long’s ridicule, and said, “Why do you compare Xuanyuan World with Bafang World? Don’t you know the time difference between these two worlds?”

“Of course I know. I just want to tell you that even if it is legendary, it may actually exist.” George Han said.

“Even if there is a real Divine Realm in front of me, I will not be moved, because before I am called Divine Realm, I have been arrested and kept as a pet. After all, I and you are different.” Lin Long said.

George Han couldn’t refute this truth. Even though he was Linlong, he could be regarded as a kind of alien beast. This was an unchangeable fact.

“By the way, what status does the Fu family have in the Bafang world?” George Han asked curiously. Since the old man appeared and said these four words in his mouth, George Han has been very concerned about the Fu family. Mai is very curious, he really wants to know what kind of existence this family is in Bafang World.

When talking about the four characters of the Fu family line, Linlong’s eyes clearly revealed a strong fear, which also made George Han feel that the Fu family line was not simple.

“Remember that I said that there are only two true gods in Bafang World,” Lin Long asked.

George Han nodded subconsciously.

“One of these two true gods is a member of the Fu clan. Of course, this is just the legend of the Octagonal World. No one knows the true facts.” Lin Long explained.

With the existence of true gods, then the Fu clan must be the top family in the Bafang world.

George Han never expected that Amelia Su would have such a life experience!

But since it is such a powerful family, why does the old man say that the Fu clan needs Amelia Su now? Could it be that something has happened to the family, that’s why she needs her to come forward as the second god?

Or is it that the true god in the legend of the Fu family does not exist?

“You can become the son-in-law of the Fu family. I really don’t know what good luck you have gone.” When he said this, Linlong’s eyes were full of envy.

But George Han smiled bitterly.

Once only from the Su family, George Han was scolded in Basin City for three full years as a waste.

If this were to return to the Bafang World, George Han would undoubtedly be wasteful in the eyes of those people, and he still didn’t know how humiliating it was to make a fire.

In Basin City, although George Han was scolded as rubbish, all this was just pretending to be his.

But in Bafang World, George Han doesn’t need to pretend at all, it’s a real waste!

Chapter 1538

George Han took the opportunity to learn more about the Bafang world. Linlong knew everything he could say, and told George Han almost everything he knew. After all, he hoped to exchange for peace with George Han, So there is no hiding.

After knowing what he wanted to know, George Han left Linlong’s dream.

Before returning to the stone house, George Han felt very heavy. He knew that he was likely to experience everything in Cloud City again, and the situation would be worse than that in Cloud City. After all, when in Cloud City, Han Three thousand wanting to resist is just a matter of thought, because all the uselessness was pretended by him.

But in Bafang World, it is completely different. He will become a total waste, and in a short time, George Han has no ability to change his fate.

The so-called God Realm he now has arrived in the world of eight directions is just an ant. He wants to increase his strength, and he can’t do it in a short time.

But Amelia Su, despite all the difficulties, George Han had to give it a try. He would never give up Amelia Su because of this.

“What’s the matter with you?” Seeing George Han’s thoughtful appearance, Fei Lingsheng walked to the side and asked.

“When I arrive in Bafang World, I will become a real waste, but she is the proud son of the Fu family.” George Han looked at Shishi.

For this reason, Fei Lingsheng naturally understood that with Amelia Su’s position in the Octagonal World, George Han’s strength is a waste, it is estimated that even the family of the Fu family is not eligible to enter.

But even so, Fei Lingsheng knew that George Han would not give up.

“But you still won’t stay in Xuanyuan World because of this, will you?” Fei Lingsheng said.

“Of course.” George Han didn’t even think about it, and replied. The relationship between him and Amelia Su is by no means that these external relations can be separated, and there is no difficulty that can prevent George Han and Amelia Su from being together.

“Have you ever thought that because of your existence, it will cause her a lot of trouble?” Fei Lingsheng asked.

George Han hadn’t really thought about this issue, but he knew that there would definitely be troubles. After all, Amelia Su was aloof and the Fu clan would inevitably make things difficult for it.

But George Han is confident that one day in the future, he will let the entire Fu family’s people look at him with admiration. At that time, these troubles will naturally disappear.

“I will become the true god of the Bafang World, and I will definitely be.” George Han gritted his teeth.

Seeing George Han’s steadfast expression, Fei Lingsheng suddenly had an urge to follow George Han to the Bafang World. Perhaps one day in the future, she would become a powerhouse in the Bafang World because of George Han.

But in the end, reason defeated the impulse. Fei Lingsheng knew that this was not an easy task, and in the process, it was very likely that her life would die. For her, staying in Xuanyuan World was still the best thing so far. Choice, no one.

“I believe you can do it for her.” Fei Lingsheng said.

At this time, the power of the rainbow emanating from the stone chamber suddenly changed, surging very strongly, and because the fluctuation of the power was too strong, George Han and Fei Lingsheng had to retreat farther away.

“What’s going on!” George Han said with a worried expression.

Fei Lingsheng didn’t know what was going on, but the surge of power seemed to be absorbing the purest aura between heaven and earth, and it seemed that Amelia Su had reached the most critical time for inheriting power.

“I think she should be out soon.” Fei Lingsheng said.

George Han didn’t say a word, staring at Shimen tightly.

“Don’t worry, she will not be in danger, otherwise, the old man will not leave easily.” Fei Lingsheng comforted.

These words did relieve George Han a little, because the old man said that Amelia Su would not be in danger, and his words were worthy of trust.

In this state, it lasted for three full days before the surging power calmed down, and all the colorful power was absorbed by Amelia Su.

George Han ran to the door of the room for the first time, and hadn’t seen Amelia Su for two full years. It was an extremely painful thing for George Han, and now he knew that Amelia Su would be out soon.

Sure enough, after waiting for less than a few minutes, Shimen was opened, and Amelia Su, in a white skirt fluttering, appeared in front of George Han like a celestial lady.

At this moment, Amelia Su’s temperament is completely different, and she has become an adult.

George Han couldn’t tell whether it was Amelia Su or Fuyao.

“You...you are...” George Han said vaguely.

Amelia Su smiled and said, “What’s the matter, do you not even recognize your wife?”

George Han was stunned, then rushed to Amelia Su’s side and hugged Amelia Su.

“You finally came out, do you know how much I worry about you in the past two years.” George Han said excitedly.
