

His True Colors Novel Chapter 1559 - 1562

Chapter 1559

“You just said that I am the best man, from the bottom of my heart?” George Han asked with a smile.

“Inner heart, no, I just talk about it casually.” Amelia Su said with a straight face.

George Han, who was on the top of the mountain, instantly fell into the ice valley because of these words.

Just talk about it.

These words caused the strongest blow to George Han in history, so that his whole person became a little trance.

“Do you just talk about it?” George Han said bitterly.

Feeling the violent ups and downs of George Han’s emotions, Amelia Su couldn’t help but chuckle. Of course, what she said was true, and it was from the heart, but she didn’t mean to see George Han being so overwhelmed. That’s why George Han deliberately attacked.

“If you want to be the best, you have to be better, I believe you.” Amelia Su said, these words can be regarded as some motivation for George Han.

George Han concealed the bitter smile on his face. These words are very true. George Han wants to be the best, and he really needs to become more powerful, because once he goes to Bafang World, not only is he not even good, he is even very good. It may be just a waste.

“Don’t worry, no matter which world I am in, I will become stronger to protect you.” George Han said.

At this time, Amelia Su suddenly took a deep breath and said to George Han: “After Grandpa’s birthday is over, I will restore my memory.”

George Han froze for a moment. He did not expect that Amelia Su had made a decision so quickly. For George Han, this was not a good thing, but it was not a bad thing. After all, this was something they had to face sooner or later. Temporary evasion is of no use.

And after the Su family father’s birthday, that will also be next month. George Han still has time to enjoy the present with Amelia Su.

After returning to the mountainside Villa, the Twelve Sabres were cultivating, and they also made great efforts to be able to go to Xuanyuan World.

George Han and Amelia Su went back to the room directly.

When it comes to this kind of private solitude, George Han will inevitably have some turmoil in his heart. After all, he is also a man and it is impossible to miss those things.

Before Amelia Su was young, George Han could put aside these evil thoughts, but now, Amelia Su is a goddess through and through. Under this temptation, George Han can hardly hold his heart.

“What’s the matter with you, my heartbeat has suddenly accelerated, is there something uncomfortable?” Amelia Su suddenly asked George Han.

Feeling George Han’s heartbeat in the air, this is nothing to Amelia Su, and she didn’t do it deliberately, just felt it naturally.

“Lonely man and widow, I will inevitably be a little nervous. This is human nature.” George Han said without concealment.

Amelia Su flushed immediately. Although George Han spoke vaguely, she could understand what it meant.

“Throw away the dirty things in your mind,” Amelia Su said.

“How can it be called a dirty thing?” George Han preached to Amelia Su with a reasonable appearance: “We are a husband and wife, those things are reasonable, and we need those things to have children. “

Amelia Su’s face was hot and red like a tomato, and her eyes didn’t dare to look in George Han’s direction, and said, “You are all false, and we are not married yet, how can we be considered as a couple.”

“This...” George Han didn’t know what to say for a while, and the two of them went to get the certificate. They were rejected because of their age. If they were legally speaking, they were indeed not a legal couple.

But for this little thing, George Han couldn’t help but said, “Even if it’s not a couple, we are still lovers, and it’s normal for couples.”

“Is a couple, do you have to do that? Then I don’t want to be a couple with you.” Amelia Su said.

George Han was dumbfounded. He didn’t expect Amelia Su to say something like this. This is a bitter for him, and he quickly said: “Ahem, I...I didn’t mean that, I think you said it very well. It’s reasonable to say that although we are lovers, we don’t necessarily have to do that. I am anxious.”

Amelia Su was too embarrassed, but she couldn’t help laughing when she saw George Han’s flustered look busy explaining.

When George Han saw Amelia Su smiling, he knew that he had been teased, and he was about to give Amelia Su a lesson, but the knock on the door suddenly rang.

This made George Han look disgusted. This was when the couple cultivated their relationship, and they didn't know who was interrupted by a blind eye.

Opening the door, Mo Yang stood at the door with a smirk. Seeing this face, George Han wanted to kick him hard.

"What are you doing?" George Han asked coldly.

"We have prepared a barbecue, do we want to come together?" Mo Yang asked with a smile.

Chapter 1560

George Han had only one heart that wanted to grill Mo Yang at this time.

But just as he was about to refuse, Amelia Su said: "Barbecue, okay, what have you prepared."

While speaking, Amelia Su had already walked out of the room.

George Han slumped his head weakly again.

Seeing this, Mo Yang realized that he seemed to have done something wrong, and asked George Han: "Three thousand, shouldn't I knock on the door?"

George Han clenched his posterior teeth in an instant, and said, "It's really time for you to come."

As a man, Mo Yang quickly thought of what George Han was angry because of, and quickly apologized: "I'm sorry, I really didn't know you guys were in the daytime, and...you are still playing this, you didn't say it earlier."

These words almost didn't make George Han cry angrily. If I didn't say it early, would it be possible to report to Mo Yang in advance?

"Don't hang around in front of me today, otherwise you won't know how to get beaten." George Han reminded Mo Yang.

Mo Yang shrank his neck subconsciously and lived under the same roof. He didn't look up and saw him. How could he not dangle in front of George Han?

In the backyard, Knife Twelve has set up a barbecue grill and is making a fire.

Amelia Su and Liu Fang were preparing ingredients.

For the current George Han, he no longer has much desire to eat. When he reaches the realm of God, he is already in the realm of bigu, but when he sees delicious food, he still can't help being greedy, especially the charm of barbecue, even if he is. It is also difficult to resist a strong god.

Soon, the few people were enjoying themselves, and George Han also forgot the good deeds destroyed by Mo Yang, chatting and drinking.

This kind of relaxed atmosphere is extremely enjoyable for George Han, because he is reborn for his second life, and he rarely has such a moment.

"Three thousand, after going to Xuanyuan World, can we still be like this?" Mo Yang suddenly asked George Han.

George Han glanced at Amelia Su, he would never let Amelia Su go to the Bafang World alone, even if his realm is just a cannon fodder for the Bafang World, George Han should stay with Amelia Su and do his best to protect her.

Moreover, if George Han wants to improve himself, he must go to Bafang World.

"I won't stay in Xuanyuan World for too long, so if you want to survive in Xuanyuan World, you must rely on your own strength." George Han reminded several people.

Speaking of this topic, the expressions of the Dao Twelve trio became a little serious.

"Three thousand, what kind of realm can you be completely safe from danger?" Dao Twelve asked.

There is no danger at all!

There is only one answer, and that is the divine realm that George Han currently possesses. Otherwise, even in the extreme master realm, it is impossible to say so absolutely.

However, it is not a simple matter to reach the realm of God. The reason why George Han can do this is due to the bones, and bones are not something that everyone can have.

"Generally speaking, if you reach the Eight Lights Realm, as long as you don't cause trouble, there will be no danger, but it must be absolutely safe. Unless I reach my current realm, I can be proud of the entire Xuanyuan world." George Han explained.

George Han's Twelve and Three Realm Knives would definitely not dare to think about it. After all, it was already the pinnacle of existence, but it was the Eight Lights Realm, which could still be pursued by them.

"But don't worry, before I leave, I will definitely protect you all." George Han said.

“Three thousand, we are not worried about this. We are relieved to have you there,” Mo Yang said.

“By the way, I have news to tell you.” Amelia Su has already decided when to regain her memory. In other words, the time when they left the earth is almost in a similar time period. This matter should be notified to Dao Twelve San in advance. people.

George Han hadn't said anything yet, Mo Yang and others had already guessed it.

“Has the time been decided?”

“When?”

“Next month, after Father Su's birthday.” After George Han finished speaking, he paused and continued: “If you still have any regrets about this place, you can do it quickly during this time.”

Mo Yang and Dao Twelve had no regrets or concerns, after all, they had no relatives.

But Liu Fang is different. She also has her own parents.

“Tomorrow I will accompany you home.” Before Liu Fang could speak, Mo Yang said, because he had guessed what Liu Fang was thinking at this moment.

“But what about our cultivation?” Liu Fang said with a worried look. The top priority now is to improve his realm as soon as possible. Only in this way can he have the strength to survive in Xuanyuan World.

If she delays such an important practice because of a personal matter she can't let go, Liu Fang will be very reluctant to let go.

“It's okay, isn't there something about Three Thousand, let's just take two more, are you afraid that you won't be able to make it back?” Mo Yang said with a smile, he didn't want Liu Fang to leave with regret, so before leaving, he must Let Liu Fang accomplish all she wants to do.

Chapter 1561

Now Sheng Li is of little significance to George Han. After all, what he is pursuing now is the realm of the world of eight directions, and Sheng Li is the product of Xuanyuan World after all, so even if he eats more, It will not improve one's own realm.

So the way to use the holy chestnut to its fullest is to give Mo Yang and the others, their realm is low, and they can exert the greatest effect after eating holy chestnut.

After listening to Mo Yang's words, George Han took out a few of them and said to Mo Yang: “Go, time is running out, do what you want to do without regrets.”

Mo Yang took Sheng Li smoothly. He didn't look at all, and he didn't say thank you to George Han. After all, the feelings between men do not need to express gratitude verbally.

"Let's go, now that you have Sheng Li, you don't have to worry that your realm will not keep up." Mo Yang said to Liu Fang.

Liu Fang glanced at George Han gratefully, and said, "Thank you."

George Han shook his head and said, "Thank you, this thing is of no value to me, but it can be used to the best of you."

Liu Fang didn't say anything any more, because she had to be more sincere about how she thanked George Han. She couldn't repay her. Because of George Han, she had the opportunity to see the world beyond the earth. This love, she is not finished anyway.

After the two left, George Han told a lot of things about Dao Twelve.

Although he can arrange some things after going to Xuanyuan World to minimize their danger, George Han can't guarantee whether there will be any accidents, so the best way to ensure their safety is their own strength.

George Han hopes that before he goes to Bafang World, he can raise the level of the Twelve Swords to the highest level. It is best to reach the Extreme Master level. In this way, the lives of Mo Yang and Liu Fang will not be affected. Threatened.

But in a short period of time, it is definitely not an easy task to make Dao Twelve a strong master at the extreme master level, even if there are more holy chestnuts, it will not help.

"Can't Fei Lingsheng be troubled to protect them?" Seeing George Han struggled with this matter, Amelia Su asked George Han suspiciously. There is a ready-made strong man who doesn't need it, but has to take a detour to complete one. Amelia Su couldn't figure out an unrealistic thing.

"Fei Lingsheng does have the strength to protect them, but this person is not 100% trustworthy." George Han has always been wary of Fei Lingsheng. This time, after betraying him because of Linlong, George Han even believed that Fei Lingsheng was not a reliable person, so he would never give the lives of the twelve or three swords to Fei Lingsheng's hands.

"Why?" Amelia Su asked curiously.

"She has betrayed me on this trip to the Apocalypse. Fortunately, I found out in time. Otherwise, she will definitely find a chance to kill you." George Han said.

"Kill me?" Amelia Su felt very strange. For no reason, why did Fei Lingsheng kill her? This is totally unreasonable.

“She is controlled by Linlong, and Linlong is afraid of your strength, so she wants you to die.” George Han explained.

Amelia Su suddenly realized, and said unconsciously: “This bug still wants me to die. Let’s see how I deal with it.”

When George Han heard the word “Bug”, he couldn’t laugh or cry. With his current strength, he didn’t dare to call Linlong like that, but Amelia Su was fully qualified. This also reflected the gap between George Han and Amelia Su now. , This is something that can’t be helped without admitting.

“If he knows that it makes you unhappy, he will definitely hide like an earthworm.” George Han said with a smile.

At this moment, Amelia Su suddenly thought of something, and her expression became more serious.

George Han also noticed Amelia Su’s emotional changes and asked, “What’s wrong with you?”

Amelia Su shook her head. Just now, some fragmented pictures flashed in her mind. A dragon appeared in the picture, and the whole body showed a crystal clear jade color. Countless people were crawling in front of it. Begging for mercy.

Moreover, Amelia Su could feel a strong sense of oppression in just the footage.

What kind of dragon is this, and why is it so powerful!

“It’s nothing, it seems that I suddenly thought of something, but I can’t describe it concretely.” Amelia Su said.

George Han knew that this was probably the memory that belonged to Fuyao had begun to unblock it bit by bit, but if Amelia Su wanted to restore all the memories of her previous life, she still had to eat what the old man left behind.

George Han gave the knife twelve sacred chestnuts and said, “You try your best. You can’t force this kind of thing.”

Dao Twelve had a firm expression. Even George Han thought this was an unlikely thing, but he refused to admit defeat and had to try his best.

In the following days, George Han and Amelia Su were stuck together almost every day, doing what ordinary couples should do. In a short time, the relationship between the two of them heated up sharply, like glue. Now Amelia Su is no longer holding Han all the time. Three thousand wrists.

The Twelve Swords had been closed all the time. In order to achieve the realm requirements George Han expected, Twelve Swords really worked hard.

On this day, George Han and Amelia Su were preparing to go out. They cultivated relationships in their daily life as a couple, but after opening the door, there stood a person in the front yard who was unexpected to George Han, but it was reasonable that he would appear sooner or later. .

Yi Qingshan.

This guy came by Linlong's order. His original purpose was definitely to make George Han trouble, but now that he can take the initiative to show up, it shows that Linlong has no intention of dealing with George Han.

"I didn't expect us to meet here." George Han said to Yi Qingshan.

Yi Qingshan pretended to be unpredictable, but what he said to George Han was a bit incomprehensible. He seemed to recognize himself.

"If you don't meet here, where else can you go, and if I don't show up, you will never find me." Yi Qingshan said.

George Han had to admit this matter, and he didn't know what method Yi Qingshan used to escape George Han's consciousness, but his absence would not have any impact on George Han, because of his strength, It is impossible to confront George Han head-on.

"I don't need to find you, because I know you will show up sooner or later, and as long as I'm here, you don't want to hurt people." George Han said.

This made Yi Qingshan didn't know how to refute it. He really didn't dare to take it lightly. Once George Han noticed it, he would probably lose his life, but he didn't dare to bet his life.

Chapter 1562

"You have always been a person who is afraid of death, I am not wrong." Seeing Yi Qingshan did not refute himself, George Han continued with a smile.

Yi Qingshan is indeed a person who is very afraid of death. Since he reached the Nine Lights Realm, maintaining life has become Yi Qingshan's top priority. Once there is a little life threatening thing, Yi Qingshan will run away, and definitely run away. The fastest one, this matter is almost unknown to everyone in the powerhouse circle of Xuanyuan World, and because of this, Yi Qingshan also has a nickname called Back Mountain Thief, who can be laughed at while carrying a mountain. Run the fastest.

Of course, this kind of nickname is not something anyone is qualified to call.

But Yi Qingshan was very strange. People in Xuanyuan World knew about this. How could an earth fellow know him well?

“Who are you, why did Linlong kill you, and you still know about me.” Yi Qingshan asked George Han.

These words surprised George Han, because Linlong remembered him, and Fei Lingsheng also remembered him. This made George Han subconsciously think that his rebirth was only a result of changing the earth.

But looking at Yi Qingshan’s current state, he doesn’t seem to recognize himself anymore, which shows that his rebirth has also brought changes to Xuanyuan World.

But... But why Fei Lingsheng and Linlong are special, which makes George Han puzzled.

“Stupefied Linlong didn’t tell you?” George Han said to Yi Qingshan pretending to be surprised.

“What is it, what should it tell me?” Yi Qingshan asked eagerly.

“I am the only powerhouse of the gods in Xuanyuan World, don’t you know it,” George Han said.

Yi Qingshan was stunned for a moment. The information he got from Linlong only knew that George Han was very strong, and he was the strongest in the same realm of the Supreme Master Realm, so Linlong repeatedly told Yi Qingshan not to be in George Han. Qian showed up in front of him, lest his life be in danger.

And Yi Qingshan did this. He was afraid of death by nature, so of course he didn’t dare to try easily.

However, he never expected that George Han would have become the legendary powerhouse in the world of Xuanyuan!

“I know.” George Han laughed suddenly and said: “I know why Linlong did not choose anyone else, but you.”

“Why?” Yi Qingshan asked puzzledly.

“Because you are afraid of death enough, because you can be sure to let Linlong know that you will not easily appear in front of me without his order.” George Han smiled and said, at this point, Linlong is He’s quite good at employing people. If you change to another powerhouse, you might still feel dissatisfied. Rebellious and fight with George Han, but Yi Qingshan will never do this.

In this case, it is obviously not a compliment.

But Yi Qingshan didn’t mind at all. He was afraid that Xuanyuan World would know about it, and he didn’t think it was a shameful thing.

“If I knew that you were a strong god, I wouldn’t have come to this place at all.” Yi Qingshan had already begun to regret it, and even felt that he shouldn’t appear in front of George Han.

If George Han wanted to kill him at this time, he would never have a chance to escape.

Although the Great Master Realm is strong enough, Yi Qingshan still knows himself in front of the strong God Realm.

“Don’t be afraid, I won’t kill you, but there is a reason for your sudden appearance, right?” George Han asked with a smile.

Yi Qingshan remembered what Linlong had said to him, and said to George Han: “Linlong asked me to tell you that the world of Xuanyuan has broken through. If the door opens today, once Amelia Su appears in Xuanyuan world, he will be taken immediately. go.”

Tianmen is wide open!

This is not to give George Han a chance to breathe.

If Amelia Su was taken away, George Han would definitely have to keep up as soon as possible. In other words, George Han had no time to deploy Xuanyuan world affairs to ensure the safety of the Twelfth Dao.

This is very bad news, but it is a good thing to know in advance that George Han prepared in advance.

“Thank it for me. I planned to kill it, but it can inform me, so I will spare its life. If there is any latest situation, let me know as soon as possible.” George Han said to Yi Qingshan.

Yi Qingshan’s throat squirmed visibly, and then asked George Han, “Can I go now?”

George Han smiled helplessly, a strong master at the extreme master level, but he was so timid as a mouse, which really embarrassed the master.

“Of course, you can go.” George Han said.

After Yi Qingshan left, George Han saw Amelia Su with a solemn expression.

Originally, he planned to pretend not to know anything and continue to have fun with Amelia Su for the rest of the time, but depending on Amelia Su’s state, this is obviously unrealistic.

“What’s wrong?” George Han asked Amelia Su.

Amelia Su took a deep breath and said, “I don’t know why, but there is an inexplicable premonition in my heart, like...like I’m going to be separated from you.”
