

# His True Colors Novel Chapter 1563 - 1566

## Chapter 1563

“Don’t worry, no one can separate us.” George Han said in a heavy tone, although he knew that everything after going to Bafang World was beyond his control.

However, George Han still has this determination.

Amelia Su nodded, although she tried her best to think about the good things, the fear in her heart could not be reduced in the slightest.

Seeing that Amelia Su was not in a good mood, George Han simply canceled today’s trip, and both of them returned home to practice.

After Yi Qingshan left the mountainside Villa, he immediately got in touch with Linlong, and exploded into his own temper, because Linlong concealed George Han’s strength from him, making Yi Qingshan feel that he was in an unprecedented crisis.

Linlong faced Yi Qingshan, who was almost anxious and despondent, unmoved at all. After Yi Qingshan finished his grievance, he said indifferently: “Are you afraid that he will kill you, but you are not afraid that I will kill you? In this tone Talk to me, I really want to know how you can stand me.”

Yi Qingshan froze for a moment, his attitude changed instantly, and said to Linlong, “I’m sorry.”

Linlong smiled, this soft egg is really insulting to the extreme master realm, who can be as weak as him.

“I warn you, your body retains my breath. As long as I want you to die, I only need a thought. You’d better think clearly before you lose your temper to me next time.” Lin Long said.

It is precisely because of this that Yi Qingshan was able to escape George Han’s spiritual sense, because the breath of Linlong had completely covered Yi Qingshan’s original aura.

“Sorry, I knew it was wrong, there will never be another time.” Yi Qingshan said.

“After he learned about that, what else did he say?” Lin Long asked.

“He said he won’t kill you, if there is any latest situation, you need to tell him as soon as possible.” Yi Qingshan said five to ten.

When Linlong heard these words, he was relieved a lot, but he was not afraid of George Han, but afraid of Amelia Su. With its current strength, it was simply not enough to fight Amelia Su.

“With your strength, are you still afraid of George Han, God is so powerful?” Yi Qingshan couldn’t bear his curiosity, and asked Linlong.

He really wants to know how strong the God Realm is!

“The God Realm is not terrible, and George Han is not terrible.” Lin Long said.

This makes Yi Qingshan feel even more strange. Since George Han is not scary, then what is Linlong afraid of?

“The terrible thing is the woman beside him.” Linlong continued.

That woman?

Today, Yi Qingshan deliberately probed the breath of that woman. She was just a normal person. He couldn’t even feel the slightest power. How could it be terrible?

“Is that woman just an ordinary person? I have felt her breath, there is nothing special.” Yi Qingshan said.

These words made Linlong couldn’t help laughing. How could Yi Qingshan such a wasteful person easily feel the powerhouse of the dignified Kongtong realm.

“You really look up at yourself, the strong in the world of all directions, are you qualified to find out her strength?” Lin Long said in a disdainful tone.

All directions!

Yi Qingshan’s pupils changed slightly, and the Octagonal World, isn’t it the space above Xuanyuan World?

Legend has it that people in the Xuanyuan world can only be qualified to go to that world if they reach the god realm, which shows how powerful the people there are.

And Amelia Su is actually a strong man in the world of all directions!

Yi Qingshan, whose eyelids jumped, didn’t know what to say.

“What should I do next?” Yi Qingshan asked Linlong.

“Your use now is to inform you. If I have new information, I will naturally tell you.” Lin Long said.

“Yes.” Yi Qingshan replied respectfully.

Mountainside Villa.

In order to prevent Amelia Su from being melancholy, George Han specially found a comedy, and the two watched the movie at home.

However, no matter how happy the stage of the movie is, the solemnity on Amelia Su's face has not faded.

George Han knew that the opening of Tianmen not only worried Amelia Su, but also caused a lot of psychological pressure on her. After all, after she went to Xuanyuan World, there was no chance of buffering time. To face the past, to change to anyone, you will feel pressure.

However, this pressure can actually be avoided.

As long as Amelia Su recovers her memory and knows all the things she used to, perhaps these pressures will no longer exist.

"Or, you should restore your memory first." George Han suggested to Amelia Su. This is what George Han didn't intend, because Amelia Su may become another person if he recovers his memory, and between them. His feelings may also be affected.

But George Han would never leave Amelia Su alone because of his selfishness.

Amelia Su took a deep breath. The reason why she was silent is also considering this matter.

"Do you think this is good for me?" Amelia Su asked.

"I don't know if there is any benefit, but it will happen sooner or later. It will not make much difference if it is earlier or later," George Han said.

## Chapter 1564

Things that must be faced, delay and avoidance cannot solve the problem.

Amelia Su knew this truth very well.

When George Han said these words, Amelia Su decided in her heart.

Seeing Amelia Su taking out the glass bottle, although George Han was smiling, he couldn't stop sighing, because he knew that the worry-free life that he had originally expected was about to end early.

"I'm going out for a stroll." George Han said to Amelia Su.

"En." Amelia Su replied softly, and did not let George Han stay.

After leaving the mountainside Villa, George Han came to the garden. After the Moyang couple had arranged it, the flowers would definitely bloom in the coming year, but it was a pity that George Han could no longer see the flowers here.

At this time, George Han's heartbeat speeded up inexplicably, because he knew that when he saw Amelia Su later, he was not exactly the Amelia Su he knew, and might even change drastically.

Such an unknown made George Han feel uneasy. He always felt that the relationship between himself and Amelia Su would change because of this incident.

"George, what's wrong with you?" I don't know when, Dao Twelve came to George Han.

George Han didn't notice this at all, and was even startled by the sudden sound.

"What's wrong?" George Han asked.

"You have something on your mind, I asked what's wrong with you." Dao Twelve said.

"Worry." George Han smiled awkwardly, and said, "I have nothing to worry about, no, no."

Dao Twelve didn't believe George Han's words. If he had nothing to do with him, how could he not even notice when he arrived at his side? You must know that he is a strong god.

"There is only one thing in this world that can worry you, and it must have something to do with Amelia Su." Dao Twelve said, this is a situation that anyone can guess, because as long as it is someone close to George Han Knowing that he doesn't care about anything except Amelia Su.

George Han sighed heavily, concealing the twelve swords, seemed unnecessary, and nodded.

"What's wrong?" Dao Twelve asked.

After George Han took a deep breath, he told Dao Twelve of the situation he was facing now.

When Dao Twelve learned that Amelia Su was actually a strong man in the world of eight directions, the shock in his heart was not a little bit, and her strength, even George Han can be regarded as an ant, which is even more incredible.

But Dao Twelve knew that it was impossible for George Han to lie to him by saying this for no reason, and the worry on George Han's face was also a real emotional expression, absolutely impossible to adulterate.

“You are so powerful, but you want to be an ant in all directions, and Amelia’s family is so strong, will you be in danger?” Dao Twelve worried.

George Han hadn’t thought about this issue yet, because the starting point for his consideration of things was not because of himself, but because of Amelia Su. He would only worry about what situation Amelia Su faced.

“Like the gate of today, once we return to Xuanyuan World, we will go directly to Bafang World without even a chance to breathe. This puts a lot of pressure on my heart.” George Han said with a sigh.

Dao Twelve couldn’t empathize with this matter, because he was not as powerful as George Han, and he couldn’t imagine what angle George Han stood in.

But there is a bit of Knife Twelve who is convinced that no matter what difficulties George Han encounters, he will have his own way to solve it.

The Bafang world is stronger and more, then just make yourself stronger?

“Three thousand, I believe you, with your ability, you can definitely deal with everything. After you reach the world of eight directions, you can definitely become a strong one.” Dao Twelve said firmly.

These words made George Han laugh or cry. When was the time, Dao Twelve was still in the mood to praise him.

“The God Realm of Xuanyuan World was only a legend, but you did it, and you did it in a very short time, so I believe you can do it after you go to Bafang World.” Dao Twelve said .

George Han shook his head subconsciously, Dao Twelve would say this because he didn’t understand the situation at all.

George Han was able to cultivate and progress so quickly in Xuanyuan World, it was entirely due to the bones, and George Han was able to reach the god realm because of this factor.

This skeletal inhabitant was very likely to be the powerhouse of Xuanyuan World, and this gave George Han a shortcut.

But it was different after going to Bafang World. This skeleton might not be able to give George Han much help.

“You don’t understand many things. This is an absolute problem for me, but you can rest assured that in order to welcome the summer, I will not give up anyway.” George Han said, although he changed after going to Bafang World Cheng Yi ant hit George Han very hard, but this does not mean that it can kill George Han’s fighting spirit.

As long as Amelia Su is there, George Han's fighting spirit will always be blazing.

Time soon arrived at night, but Amelia Su in the room did not move at all.

George Han was afraid of disturbing Amelia Su, so he could only wait in the living room.

The Twelve Swordsman has been persuaded to return to the room and continue to retreat, because the safety of Mo Yang and Liu Fang in the future will need the Twelve Swordsman to ensure his cultivation, so he can't delay his cultivation.

Soon, it was late at night.

The mountainside Villa at night seemed extremely quiet, but George Han did not use his spiritual knowledge to investigate the situation in the room.

at last.

At three o'clock in the morning, Amelia Su walked out of the room.

At this moment, sweat appeared on the palm of George Han's palm, because to him, what would happen next was unknown, even Amelia Su was strange.

"I remember everything before." Amelia Su's voice was like a tool man, without any emotion.

George Han's heart fell into Binggu in an instant. Although he had long guessed that restoring his memory might change the emotional relationship between the two, when the facts really happened, George Han still couldn't accept it.

"Yes, is it?" George Han said bewildered.

"Do you want to know why I came to Earth?" Amelia Su asked, her voice still so emotionless, as if she was treating George Han as a stranger.

Such a sense of distance made George Han feel very uncomfortable, but in front of Amelia Su, he was still unwilling to show it.

"If you can tell me, I want to know." George Han said.

"Want to know if I will make me some supper, I'm almost starving to death." Amelia Su's conversation suddenly turned, pouting dissatisfiedly to George Han, and rubbing his stomach.

## Chapter 1565

George Han was stunned for a long time in the same place, Amelia Su's sudden transformation changed back to what he was familiar with, and George Han was overwhelmed by his joy.

He thought everything had changed. But looking at Amelia Su's familiar smile now, everything seems to be the same as before.

"What are you doing in a daze? You won't just watch me go hungry like this." Amelia Su walked to George Han's side, and started acting like a baby with George Han's arm.

George Han returned to his senses and said quickly: "You wait, I will do it for you right away."

Finished. George Han went to work in the kitchen, and Amelia Su, who was sitting in the living room, regained his solemn expression until after George Han appeared again. A smile appeared on his face again.

Although George Han couldn't wait to know what happened to Amelia Su before, Amelia Su didn't take the initiative to speak. He could only resist his inner impulse and quietly waited for Amelia Su to finish the noodles.

In fact, Amelia Su now has no need to eat, and it is even more unlikely that she will feel hungry. The reason why she did this was actually to give herself some time. Stabilize the mood, and then share some important memories with George Han.

After eating the noodles, Amelia Su made a very enjoyable look.

Seeing George Han's eager expression, Amelia Su said: "I left the Octagonal world and hid on the earth, actually because of escape from marriage."

"Escape from marriage!" George Han was surprised. Amelia Su came to the earth because of escaped marriage. Doesn't this indicate that he will face huge troubles.

"Well, this is a family marriage, a marriage of giants in all directions. Also because of my escape, the Fu family was severely hit. The old man you saw was my teacher. Everything from childhood to adulthood He taught me all. The reason why he said that the Fu family needs me because he wants me to go back to complete the marriage. Only in this way can we keep the Fu family." Amelia Su said.

Finish marriage?

This is for George Han. It was almost a piece of news, because Amelia Su was his wife. How can we complete marriage with other men?

But there was one thing that George Han couldn't figure out. He heard Linlong mention that the Fu clan was one of the three powerful families in the world. How could it be severely hit by other families?

“The Fu clan is also the top family in the Octagonal world, how could it be hit so easily?” George Han asked in doubt.

“Do you know the highest realm of Bafang World?” Amelia Su asked.

George Han nodded. Linlong talked about this matter, so George Han also remembered it very much.

“True God, the Fu clan also has one, an absolute powerhouse. He can even make the world.” George Han said.

“Yes, but you know. True gods also have an end to their lifespan, and in the eight directions, only three true gods will always exist at the same time.” Amelia Su said.

“Why?” George Han asked in a puzzled way. Only three true gods will always exist at the same time. This means that as long as the three true gods that exist do not die, it is impossible for others to reach such a realm, which is too strange. some.

“According to the ancient legend of the Bafang World, the three true gods restrained each other. Only then can the Bafang World be kept from chaos.” Amelia Su said.

There are legends in the Octagon world!

This made George Han think of one thing for the first time, where the legend came from. It's hard to say, above all directions. There is more room for it?

“The three legs stand together and check and balance each other. I understand the truth, but how can we restrain others from reaching the realm of true gods?” George Han asked curiously.

Amelia Su shook her head. This has always been the secret of Bafang World. No one knows what the real situation is like.

“But what does this have to do with the Fu's line being beaten?” George Han continued to ask.

“My grandpa is one of the three true gods, but unfortunately, he is already dead.” Amelia Su said.

“Dead!” George Han couldn't help but exclaimed. It's no wonder that the Fu family had such an experience. Without the true god, how could it be the opponent of the other two big families.

But what does this have to do with Amelia Su? Why do you want her to marry? Is it possible that the marriage can keep the position of the Fu family?

George Han couldn't help feeling that the mind of the Patriarch of the Fu clan was a bit too simple. The family status must be secured by a true god. It is impossible to do it only

by marriage, and after the marriage, the Fu clan's line It is also very possible to become an affiliate of the other party, or even a subordinate, which is not necessarily beneficial to the Fu family.

"If you want to rely on marriage to maintain the status of the Fu family, it would be too simple." George Han said with disdain, if he were to be the Patriarch of the Fu family, he would never do so.

"Of course it won't be that simple." Amelia Su said.

"What's the secret?" George Han asked in confusion.

Amelia Su suddenly became a little embarrassed, George Han felt subconsciously, what Amelia Su said next seemed not simple.

## Chapter 1566

Amelia Su hesitated for a long time, George Han did not urge, but waited quietly.

Finally, after a long silence. Amelia Su spoke: "There is a destiny master in the Fu clan, who is gazing at the stars. In the future, there will be another true god in the Fu clan, and this true god is the child I and I were born with."

George Han suddenly realized. It is no wonder that this marriage exists in the Fu clan. If they are not the shelter of the other side, they hope that the next true god will still appear in the Fu clan.

But this so-called stargazing. Whether it is true or not, it is estimated that no one can know it.

"This... can this be true?" George Han asked.

Amelia Su shook her head and said: "I don't know the true or false, but it is absolutely impossible for me to marry someone who has no feelings at all."

George Han knew how strong Amelia Su's attitude was. Otherwise, she wouldn't have left the world in all directions and came to earth to hide in disaster. This fully demonstrated how decisive she was.

"Right!" George Han suddenly thought of something. He said in astonishment: "You have a child now, is there a half chance that the true god will be Nian'er."

In George Han's view, although he is not the leading actor in the astrology, at least Amelia Su is the key figure, and Han Nian has a half chance of becoming a true god.

Amelia Su shook her head very directly and said: "Impossible, because the true god is not a girl."

“Why, can women not be true gods?” George Han asked in confusion. The difference between men and women is just a gender issue, but gender does not represent ability.

“The true god of the Bafang world. He has always been a male.” Amelia Su said.

“What if Nian’er is an exception?” George Han said.

Amelia Su smiled bitterly and shook her head. She understood why George Han thought so. But this is absolutely impossible, and the existence of Han Nian is not something that the Fu family can recognize and accept. Let alone cultivate Han Nian as a true god, even if it allows her to survive in the Bafang world, it is one thing. Difficult.

“I can tell you with great certainty. If the people of the Fu clan are told about the existence of Han Nian, they will definitely kill Nian’er the first time.” Amelia Su said.

George Han gritted his teeth. The Fu family did not intently admit the existence of Han Nian, he could understand.

But if the Fu clan were to kill Han Nian, it would be huge bad news for George Han. Because George Han had guessed before that Han Nian was arrested by people from the Fu family and sent to Bafang World.

If this guess is correct. Then Han Nian might have been killed.

“Don’t worry, Nian’er won’t be captured by the Fu family.” Amelia Su guessed what George Han was worried about, and said to George Han.

“How do you know?” George Han asked puzzled, Amelia Su and Bafang World had no contact. How could she know the situation in Bafang World.

“My teacher has always treated me as his own daughter. If he knows about this, it is absolutely impossible to conceal me, but he didn’t let you convey anything, which means he doesn’t know. My son is not in Fu’s family.” Amelia Su explained.

This explanation seemed a little difficult to establish in George Han’s opinion. After all, he did not have the same level of trust in the old man as Amelia Su, but Amelia Su said so. George Han was still willing to believe it.

But besides the Fu family, who else would do this?

“After going to Bafang World. I and you can only be separated. Otherwise, your life will be in danger, but I will wait for you, wait for you to take your wife, wait for you to find Nian’er, and then take me away.” Amelia Su said.

Although George Han’s current strength is only an ant in the Bafang World, after listening to Amelia Su’s words, George Han is full of fighting spirit.

“Don’t worry, no one can break us apart, even the true god of the Octagonal world is not qualified.” George Han said.

Amelia Su smiled faintly. In her heart, she knew how vague this matter was. Because she knew George Han’s strength, it was absolutely impossible to contend with the entire Fu family, but she must have such a fantasy. Only in this way can she Can not despair.

“Go.” Amelia Su suddenly took George Han’s hand and said.

“Where to go?” George Han was stunned, not understanding what Amelia Su was going to do.

“Of course I went back to my room to sleep. It’s so difficult that you still don’t want to sleep?” Amelia Su said.

What realm is George Han?

What realm is Amelia Su!

These two people don’t need to sleep at all.

But when Amelia Su made such a request, of course George Han nodded repeatedly.

Back in the room, Amelia Su did not ask George Han to sleep on the floor.

When the two were sitting at the end of the bed, Amelia Su suddenly put her arms around George Han’s neck, and whispered: “Are you still the same as before, are you a wood?”

George Han swallowed unconsciously. He was not a piece of wood, but out of respect for Amelia Su, he didn’t mess around.

But today, Amelia Su took the initiative to mention that George Han, as a man, naturally cannot be indifferent.
