

His True Colors Novel Chapter 1579– 1582

Chapter 1579

Su Guolin's home.

The silence of the mother and son made the atmosphere at home particularly solemn.

The old lady never thought that she was just saying a few words to help Su Guolin, and she would actually get such a consequence. At her current age, she would be driven out of Su's house, and she would be a problem in the future.

Although she is more concerned about Su Guolin among the Su family, she also knows that once Su Guolin leaves the Su family, she will be nothing, and it is even more impossible for her to put the hope of retirement on Su Guolin.

It is a pity that it is too late to regret at this time. The old man made such a decision to save the future of the Su family. No one can make him change his attention.

Unless...Unless this matter, Amelia Su can come forward, maybe there is a glimmer of hope.

But how the old lady used to treat Amelia Su, she knew very well, at this time, how could she have the face to let Amelia Su speak nice things for her?

"Mom, is it so difficult that we really are like this?" After a long silence, Su Guolin asked the old lady in his tone of reluctance.

The old lady knew very well what kind of personality the old man was, and there was almost no possibility of redeeming it.

"What do you want?" the old lady said.

"What do you want? This matter was clearly framed. Is it difficult for Dad to see it? Why did he help outsiders deal with me!" Su Guolin gritted his teeth.

The old lady smiled slightly, Su Guolin still didn't understand what was going on?

Even if everyone at the birthday banquet knew that he was framed, would anyone dare to help him get justice?

In front of the future of the Su family, Su Guolin was a fart.

"Your dad knows what can be done, it's not that you are not careful," the old lady said.

This sentence made Su Guolin even more angry. What does it mean to be careless? Not only did he not blame George Han for this framed thing, but he also blamed him?

“Mom, do you even have to speak for outsiders?” Su Guolin said gloomily.

“It’s not a question of who to speak for. Isn’t it so difficult that you haven’t seen the current situation? Your dad drove us away because of the Su family. In the interests of the Su family, the two of us are nothing but cannon fodder. Does it matter if you are framed?” the old lady said.

“It doesn’t matter.” Su Guolin naturally cannot accept this reality, so he still feels how innocent he is being wronged.

“If it weren’t for this matter, it wouldn’t hurt you to be kicked out of the Su family. Is it so difficult for you to have hatred between you and George Han?” Su Guolin said.

The old lady also felt a little strange in her heart. If it weren’t for George Han’s words, she wouldn’t have come to such a fate, but George Han’s targeting made the old lady really confused. She and George can only be regarded as a stranger, how could this happen?

At this moment, the door suddenly opened, and Harry Su returned home in a hurry.

He was full of alcohol, and he didn’t drink less last night.

Harry Su, who was full of panic, turned pale after seeing the old lady.

“You bastard, where are you? Don’t you know what day it is?” Su Guolin cursed.

Harry Su lowered his head and dared not quibble. Of course he knew what day it was, so he looked scared after returning home.

“Dad, I accidentally drank too much last night.” Harry Su said. The party at a friend’s house was so charming that Harry Su was too greedy for a cup, so that he slept for a whole day today. He didn’t realize that something was bad until he woke up. , But unfortunately it was too late.

“Drink, drink, do you have anything else to do besides drinking?” Su Guolin walked in front of Harry Su and slapped Harry Su on the head.

Harry Su who was beaten could only bear it.

Suddenly, Harry Su’s phone rang.

This made Su Guolin even more angry. This guy looked like he just woke up from a hangover, but he didn’t expect to return home until the phone rang again.

“What are you doing in a daze, answer the phone.” Su Guolin said.

At this time, Harry Su dared not answer the phone, but at Su Guolin's request, he had to take out his mobile phone.

Harry Su panicked at the sight of the electric display.

The other party is a rich second-generation, and he will organize a game to bring Harry Su, and every time it is a woman and wine, he called at this time, it is estimated that there will be another party.

"Take it, watch the hands-free." Su Guolin urged.

Harry Su pressed the answer button in fright, and could only pray in his heart that the other party would not say anything too explicit.

After the call was connected, I just heard the other party say: "Harry Su, from today on, we two will cut off contact, don't call me anymore."

After saying this, before Harry Su could ask questions, the other party hung up.

Obviously, the other party only wanted to express what he meant. As for what Harry Su wanted to say, he didn't care at all.

Next, Harry Su made several similar calls, and they all broke the relationship.

This made Harry Su look dumbfounded. These people are the rich second generation he usually plays well. They even played with each other with the same woman. They have a very good relationship. How could they suddenly become like this? Up?

Harry Su didn't understand what was going on, but Su Guolin knew very well.

It seemed that the birthday banquet had been passed on, so those families would order their younger generations not to get too close with Harry Su, so as not to get involved for inexplicable reasons.

Su Guolin felt a little desperate. Things have come to this point. How can he survive in Basin City in the future?

Even if he puts down his figure and is willing to work in other companies, who would dare to ask him?

"Dad, what's the matter?" Seeing Su Guolin's complicated expression, Harry Su subconsciously felt that this matter was related to Su Guolin, so he asked.

"I have been completely driven out of the Su family and severed ties with your grandfather. The entire Basin City business community should know about this matter." Su Guolin said.

Harry Su's heart suddenly felt as if being pressed by a mountain, extremely depressed.

Relying on the current status of the Su family, he can make so many rich second-generation friends, can make his life rich and colorful, and can win the face given to him by outsiders.

But now, all of this seems to be gone, because Su Guolin was driven out of the Su family!

“Dad, what’s going on, how could this be?” Harry Su asked anxiously. He could not accept this reality. If he was abandoned by the second-generation Basin City rich circle, it would be an extremely big blow to Harry Su.

“What’s going on?” Su Guolin couldn’t help but gritted his teeth at the thought of what happened. If it weren’t for George Han, how could he end up like this.

At this time, the door was pushed open, and a person who made Su Guolin hated to make smoke came into the house!

Chapter 1580

When George Han walked into the house, the old lady who had been sitting couldn’t help but stand up.

Harry Su saw George Han and directly stood in front of George Han.

It has always been unpleasant to see George Han, so how could Harry Su allow George Han to come to his house?

“Boy. What do you want to do, I actually found my house.” Harry Su looked at George Han with a full face. He didn’t know what happened today, and he treated George Han with a condescending appearance.

“You better go away, otherwise, I’m afraid you get hurt.” George Han smiled.

Faced with such threats. It is impossible for Harry Su to retreat supernaturally. Otherwise, wouldn’t he want to lose face in front of George Han?

“Hehe, say this in front of me, Harry Su. You want to die, right?” Harry Su gritted his teeth and raised his fist, as if he was about to beat George Han.

Seeing this situation, Su Guolin hurriedly stopped. Although he did not know the reason why George Han came to the house, he knew that if Harry Su’s punch continued, their fate would be even worse.

Current situation. Not only is it tougher than anyone else’s fist, but it’s also defeated by the background, and they are obviously not qualified to compare with George Han.

“Dad, do you know who this idiot is?” Harry Su asked Su Guolin.

Su Guolin's face suddenly changed. Harry Su called George Han as a fool, isn't this annoying George Han?

"You f*cking shut your mouth to me." Su Guolin was angry and swearing directly.

Harry Su was taken aback by these words. Although he didn't know what was going on, he could feel Su Guolin's anger and he quickly closed his fists.

"George Han. I have been killed by you, why are you still looking for me?" Su Guolin asked George Han.

George Han's eyes. It did not fall on Su Guolin, but on the old lady. Obviously, he didn't come to Su Guolin, but the old lady.

"It's so difficult that you still want to show off in front of me?" the old lady said.

George Han shook his head, with a lazy smile on his face, and said, "You don't need to show off your power. I don't need to do this in front of you. And I have never put you in my eyes, I just saw You. I feel very happy."

George Han's remarks made people hear it, and only he himself understood what it meant.

Before rebirth, the old lady died at the hands of her most beloved grandson Harry Su, so that George Han's later glory. She never had a chance to see it.

I have been treating George Han painfully as rubbish, but I have not seen George Han's bright moment. This is no small regret for George Han.

The old lady should have seen his strength and regretted that she had misread George Han, but it was a pity that she died too early. So there is no chance.

For a long time, George Han felt that he didn't care much about these little things. Because of the experience, these things become irrelevant.

But when the memories were disentangled layer by layer, and when the humiliation of the year came to his mind, George Han realized that he was not so open-minded. He just hid this hatred very deeply.

"I am still a waste in your eyes?" George Han asked.

For the old lady, this is an inexplicable question. How dare she treat George Han as a waste.

If there is no George Han. How could the Su family have today?

And without George Han, she wouldn't end up where she is now.

“You are really joking. How dare I be qualified to treat you as rubbish.” The old lady said.

These words did not make George Han feel too happy. Because the old lady couldn't worry about what happened.

George Han even thought about injecting all those memories into the old lady's mind, letting her know everything that happened, and making her regret everything.

But George Han didn't do this, instead he left a sentence: “As long as my company, Fengqian, is there, you don't want to turn over for the rest of your life.”

After George Han left, the three of them looked dumbfounded.

Is there my Fengqian company?

he?

his!

Fengqian Company, is it difficult to be his?

Basin City has always rumored that Xiaolong is not the boss of the company, but that there is a behind-the-scenes boss who controls everything, but who could have thought that Fengqian's boss was actually George Han?

“Three thousand, Fengqian!” Thinking of these two words, Su Guolin sat down on the ground, looking desperate.

But Harry Su was trembling with fright.

He actually shook his fists in front of big people like the owner of Fengqian Company.

If George Han was willing, he could kill him at any time.

He is a fart in front of such a character!

“Dad, I... what do we do now?” Harry Su asked Su Guolin.

How to do?

What else can I do.

Before knowing the identity of George Han, Su Guolin still had a glimmer of hope of turning over.

But knowing the identity of George Han, Su Guolin knew that everything was done, no one could change his fate, and no one dared to change his father's decision.

Chapter 1581

Outside the district.

Amelia Su stood on the street. Although she and George Han came together, she did not follow George Han upstairs. After all, the Su family members are related to her by blood, even if Amelia Su does not like this relationship. The presence. It is not something she can deny.

So George Han went up to find it happily, she simply waited on the side of the road to avoid the old lady begging her with soft words.

“Beauty, waiting for someone? Shouldn’t it be waiting for me.” At this time, two people who looked like scumbags walked to Amelia Su.

It’s not surprising that a temperamental beauty like Amelia Su is accosted by others. When she walks on the street, she is always a man with long eyes. Will look at her more, this is the beauty effect.

However, there are still a small number of people who directly strike up a conversation like these two people are crazy.

While the other party was looking at herself up and down, Amelia Su said impatiently: “I advise you to leave as soon as possible, otherwise my boyfriend is here, and I’m afraid you won’t be able to eat.”

“Oh. The tone is really not small, do you know who the two brothers are? Even if your boyfriend comes, you have to kneel in front of us and beg for mercy.” One of the bastards said with covetous eyes.

Whether Amelia Su looks or figure, it is difficult to extricate herself, so it is reasonable for such troubles to occur.

Another person answered, “Beauty, why don’t we have a couple of drinks with us, we don’t make things difficult for your boyfriend, how about it?”

“Yes, drink two glasses and we will spare him. How about it.”

Amelia Su smiled faintly, these two things that do not know life or death are really courageous.

Although Amelia Su was able to solve this problem herself, she had to wait for George Han to appear on the heroic and beautiful things, so she was not in a hurry.

“Seeing that you are bragging very well, when my boyfriend arrives, you probably have to kneel and apologize to him.” Amelia Su said.

Seeing that Amelia Su didn't show any fear at all, the two felt a little guilty in their hearts. If it weren't for her boyfriend's ability, it might not have been so calm.

But the face of a man is the most important thing, and the words are spoken out. Doesn't it mean that a woman will laugh at him when he runs away.

"Really? I want to see what kind of three-headed six-armed character your boyfriend is."

"There are no three heads and six arms. But he is here." Amelia Su said, pointing to the gate of the community.

The two turned around.

When they saw George Han clearly, a scornful smile appeared on their faces.

Little young, and like a little white face. How can such people be afraid?

"Beauty, your boyfriend. It's different from what I imagined. I'm really afraid of killing him accidentally."

"Yes, his physique is not enough for me to warm up."

The two looked gearing up, waiting for George Han to approach.

George Han, who saw this scene from a distance, felt very helpless.

If people are too beautiful, they will always cause trouble to come to the door. This is inevitable.

But just for today, this kind of thing has been three times. It's too frequent.

"Boy, your girlfriend wants to have a drink with us, I'm afraid you don't agree. You want to ask for your opinion, will you object?" When George Han approached, one of the bastards said to George Han with a full tone Provocation.

"f*ck your mother's egg." George Han couldn't help violently speaking, and slapped the man out three meters away.

The other person who saw this situation directly petrified in place.

Because this kind of thing happens too frequently. George Han had no patience to spend a lot of words with them, so he started directly, and felt sorry for the guy who was beaten. He didn't even understand what was going on, and he fainted.

"Aren't you going out?" George Han said coldly to the person who was in the same place.

The man shuddered in fright. He didn't have time to see what his companion was doing. He was startled and screamed and ran away.

Amelia Su laughed so much that she almost turned her head on her back, this kind of person. You have to see the coffin to know that you shed tears. Before being beaten, one is more arrogant.

"You are still smiling. You can handle this kind of garbage more easily than I am." George Han said to Amelia Su complaining.

Amelia Su's mouth was raised higher than the sky, and said, "I just like the feeling of being protected by you. How about it? Isn't it too difficult?"

"Of course it can." How dare George Han say no.

"I'm afraid I won't have the right to protect you in the future." George Han sighed suddenly and continued.

On Earth, he could still pretend to protect Amelia Su, but after going to the Bafang World, George Han had no qualifications and abilities at all.

"It's okay. I'll wait for you, you slowly become stronger, there is always a day to protect me." Amelia Su took George Han's arm. Said confidently.

For George Han, these words were a shot in the arm, but it took time. George Han still had no idea how long it would take.

Just as the two were about to go home, Yi Qingshan suddenly appeared in front of them.

Chapter 1582

Seeing Yi Qingshan, George Han frowned unconsciously, because he knew that Yi Qingshan was absolutely impossible to appear for no reason, and his arrival, it was very likely that Linlong had heard the news.

For George Han, this is not a good thing. Although the time to leave the earth is approaching, during this time, George Han still hopes that his mood will not be disturbed by anyone.

But now that George Han had already arrived, George Han couldn't stop it.

"What's wrong?" George Han asked.

"Xuanyuan World has already ushered in a large number of powerhouses in the eight directions. I don't know what the purpose is, Lin Long asked me to let you know." Yi Qingshan said.

George Han looked at Amelia Su unconsciously. The powerful from all directions gathered in Xuanyuan World. This should be a member of the Fu family. Their purpose should be to wait for Amelia Su.

Although the word "Waiting" seems a bit serious, in George Han's opinion, Amelia Su's is worth it. After all, the Fu family needs Amelia Su's rescue.

"It should be from the Fu family." Amelia Su said.

George Han took a deep breath and said to Yi Qingshan, "Nothing else, you can go first."

"Linlong also asked me to remind you, back to Xuanyuan World, remember not to have any conflict with those people, their power can kill the gods in a second." Yi Qingshan said.

George Han smiled bitterly. He didn't expect that the feud between him and Linlong had not been eliminated, but instead they would unite because of the eight directions world.

It's a pity what is the meaning of their two ants union?

In front of the powerful in the Bafang World, it is just a dust, which can be blown out of sight in one breath.

"I understand." George Han said.

After Yi Qingshan left, George Han and Amelia Su's expressions were not clear.

Both of them understand one thing, that is, returning to Xuanyuan World is a top priority and must act immediately.

Moreover, after returning to the Xuanyuan World, Amelia Su would not stay for too long, or maybe even not stay at all, which meant that they would face the Bafang World in a very short time.

"You go to Tianqi first." Amelia Su said to George Han.

George Han knew that she had to deal with her identity on the earth. According to the original idea, Amelia Su was going to die on the earth.

George Han didn't say anything.

Back at the mountain side Villa, Mo Yang and Liu Fang were already home.

The three of them sat in the living room, none of them went to practice, but quietly waited for George Han.

Because the three of them felt the same in their hearts, that was the time to leave, perhaps it had already arrived.

“Three thousand.”

“Three thousand.”

Mo Yang and Dao Shishi stood up.

“Sit down.” George Han looked listless.

“What’s the matter?” Mo Yang asked worriedly.

“Nothing. If you don’t have anything to salute to clean up, you will leave for Apocalypse tomorrow.” George Han said.

The three of them were already prepared, and the salute of the earth didn’t make any sense to them. After they went to Xuanyuan World, everything would change, and there was no need to take the things of the earth.

“We are going to bring nothing, Xuanyuan World probably has no internet.” Mo Yang said with a smile.

George Han didn’t even bother to take care of this kind of non-IQ problem.

“In this case, rest early and leave early tomorrow morning.” After that, George Han returned to his room.

This is the thing he is most unwilling to face, but he has to face it.

George Han is sometimes calm and can accept everything, but Amelia Su is his weak underbelly. It is related to Amelia Su’s affairs, and George Han can’t be so open-minded.

And even if he went to Bafang World, George Han knew that he would be separated from Amelia Su, because people in the Fu clan would never allow him to enter Fujia.

“For so many years of hard work, and once reduced to waste, is it possible for me to be entangled with the word waste in this life?” George Han said to himself helplessly, even though he has become stronger now. The word waste will soon come back to him again, it seems that years of hard work have turned into nothingness.

Hey!

After sighing, George Han lay on the bed and closed his eyes.

No matter how much you think about it, things need to be faced after all.

As for how things will go on, you still have to take a step before you can see a step.

As long as George Han has firm belief in his heart, he believes that he can achieve his goal.

In the morning of the next day, the three of Mo Yang sat in the living room at three in the morning.

It's not because they get up early, but because they really can't fall asleep. After all, important transitions in life will happen soon. In this state of mind, insomnia is normal.

"It's almost three o'clock, why three thousand are still getting up." Mo Yang said with an impatient expression.

Although Liu Fang waited a little anxiously, she was at least sensible, and said to Mo Yang: "It's only three o'clock. It's normal for him to not get up. Do you think he can't sleep like us?"

"Mo Yang, at three o'clock, most people in the entire city are still sleeping, don't worry." Dao Twelve said.

Mo Yang fished his head, he didn't want to be anxious, but his mood was really out of control, and he wanted to force himself to calm down, but Mo Yang simply couldn't do it.

"You said, what exactly is Xuanyuan World like?" Mo Yang opened the topic.

In fact, the three of them all had their own conjectures about the world of Xuanyuan. In Liu Fang's view, it was a paradise with green mountains and rivers, and in the eyes of Dao Twelve, it was a world of super martial arts full of strong men.

After the topic of Xuanyuan World unfolded, the three of them chatted endlessly, so immersed in the topic that they didn't even notice it at dawn.

It wasn't until George Han walked out of the room that the three of them heard the noise, and then they recovered.

"Three thousand, you can be regarded as getting up." Mo Yang couldn't wait the most, standing up and saying to George Han.

"You people, don't you need to sleep in the early morning?" George Han said with a grumbling face. He had already noticed that the three of them had already been living in the early morning, but he didn't mean to pay attention to them.

And now George Han doesn't need to sleep, but for him, this is more like an indispensable ceremony.

"You knew we were awake a long time ago?" Mo Yang asked.

“Wake up? I didn’t fall asleep at all.” George Han said.

“Yes, who can fall asleep? Ask them, can they fall asleep?” Mo Yang finished speaking and pointed to Liu Fang and Dao Twelve.

Liu Fangdao nodded twelve times.

George Han can also understand their feelings. After all, this is the first time they are facing the second world. It is reasonable to be excited. If they are really too calm, it would be strange.
