

His True Colors Novel Chapter 1595 - 1598

Chapter 1595

Fei Lingsheng eagerly walked to the cave, seeming to be stunned and generally out of control, and in the dark cave, there seemed to be something deadly attracting her.

“What are you doing?” George Han asked coldly.

Fei Lingsheng didn't seem to hear George Han's words at all. Walked straight in.

George Han wrinkled badly, and Fei Lingsheng actually ignored his anger, what was going on.

“What should I do now, should I go in?” George Han asked Linlong.

“Do you feel it too?” Linlong asked back.

George Han nodded. Since Shimen opened, George Han smelled a dangerous breath. In the dark cave, there seemed to be some kind of dangerous signal.

When George Han wanted to check with his spiritual sense, he was obviously blocked by the power in the cave, and this power was so powerful. Extraordinary.

“There must be something left by the ancient powerhouse, otherwise, how could it make us feel dangerous.” Linlong said.

“Aren't you talking nonsense?” George Han said with disdain.

At this time, Fei Lingsheng had completely walked into the cave.

Due to the darkness of the light, George Han could no longer see Fei Lingsheng.

But in George Han's opinion, such a reckless entry is definitely not a good thing, once it encounters danger. I'm afraid he can't cope with the power of the gods.

“You won't retreat until now, will you?” Lin Long asked George Han.

There is no idea of shrinking, but George Han needs to enter under the condition of ensuring his own safety.

His life is not just his own.

George Han had to go to Bafang World to meet Amelia Su, and to find Han Nian who was captured by the Fu family, so he would never die in such a place.

“If you want to die, I can give you a ride.” George Han said.

Linlong was seriously injured by Amelia Su, and his current strength was not George Han’s opponent. Otherwise, how could it be willing to succumb to George Han’s cuff.

“Just do it with you, this place. It is very likely to be the key to your trip to the Bafang World, I can tell you clearly. If you go to the Bafang World with your current strength, you will definitely encounter difficulties from the Fu family. Some people will even take advantage of it. Amelia Su will kill you without knowing it.” Lin Long reminded.

There is no doubt that the Fu family wanted to kill him. After all, those people had already appeared. If Amelia Su hadn’t come to Xuanyuan World in time, George Han’s life would have been long gone.

Moreover, George Han himself knew that he urgently needed to become stronger now, and if he faced this danger, he would retreat. Sooner or later, he will die in all directions.

With a ruthless heart, George Han stepped into the cave.

The cave was originally dark. As George Han entered, a sudden bright move, and the sudden dazzling light caused George Han to lose his sight for a moment. After the blindness, George Han saw the scene. It is an empty cave with many antiques.

Looking back, George Han could no longer see the existence of that stone gate, and he was completely in the middle of the empty cave. And there is no exit nearby.

Linlong crawled out of George Han’s cuff when he saw the scene in front of him. I eagerly walked towards the antique pieces, seeming to be looking for something.

George Han was not in a hurry, standing still and observing the surrounding environment.

Even if Linlong really found something, with George Han’s current strength, he could easily snatch it from it, after all, it was seriously injured by Amelia Su.

Moreover, Amelia Su did this because he wanted George Han to control Linlong.

“Did you find anything?” George Han asked when he approached Fei Lingsheng.

With a dull expression on Fei Lingsheng’s face, he seemed to have lost his mind.

George Han patted Fei Lingsheng’s back with a palm. Hope this will make Fei Lingsheng sober.

But to George Han’s surprise, Fei Lingsheng looked like a piece of wood. Nothing happens.

The next moment, the situation in the cave suddenly changed.

An inexplicable force began to raging. And the strength of this force is obviously higher than that of George Han.

Soon, that force wrapped Fei Lingsheng's whole person.

Seeing this scene, George Han's sense of crisis became stronger.

Power seems to be devouring Fei Lingsheng, as if to destroy her body.

After Lin Long noticed the crisis, he came to George Han for the first time.

One person, one dragon, all staring at Fei Lingsheng's changes in amazement.

"What's going on?" George Han asked Linlong.

"This power seems to be invading her body. No, it is occupying her body." Lin Long said in horror.

As soon as the voice fell, Fei Lingsheng suddenly turned around and looked at him.

The twin pupils glowing with silver light gave people an unfounded sense of fear.

George Han could clearly feel that Fei Lingsheng suddenly became stronger, and his divine realm was not Fei Lingsheng's opponent.

"f*ck, this is over." George Han couldn't help but blurt out.

At the next moment, Fei Lingsheng teleported to George Han, a murderous intent that shrouded George Han.

Chapter 1596

When George Han felt the crisis the first time, he wanted to distance himself from Fei Lingsheng, but when he was about to escape, he was suddenly hit by a powerful force in the chest.

George Han flew backwards uncontrollably. It didn't stop until hitting the mountain wall.

There was a boom.

After George Han hit the mountain wall, he fell to the ground, throwing up the dust in the sky.

At this time, George Han couldn't be caught with his own hands, otherwise it would only be a dead end.

Therefore, George Han struggled to get up for the first time, unable to pay attention to the blood overflowing from the corner of his mouth.

But as soon as he got up, George Han found that Fei Lingsheng had stood in front of him again.

This caused George Han to show a wry smile. Said: "At least give me a chance to relax."

As soon as the voice fell, the feeling of being hit hit again.

But this time, George Han smashed a big hole directly on the mountain wall, feeling that all his bones were broken.

Strong as the gods. George Han still didn't have the slightest resistance, which made him a little desperate, even he had smelled death.

This made George Han regret it a bit. Knowing this, he would not recklessly walk into the cave.

"f*ck you uncle, can you give me a chance to fight back." George Han, who fell to the ground again, did not struggle to get up the first time, because he knew even to stand up. The result also fell again.

"You opened the stone gate." Fei Lingsheng asked George Han, but her voice was definitely not Fei Lingsheng's original voice.

In other words, Fei Lingsheng's body was already occupied by the owner of this cave.

As for whether she was possessed by the soul or what happened, George Han didn't know.

"Yeah, let me bother you to rest, or I will apologize to you, if you let me go, we will even be even." George Han said.

This made Linlong couldn't help but want to laugh. In this case, how can it be easily evened in this way?

of course. Linlong didn't mean to fall into the trap, because if George Han died here. It also has absolutely no way to survive.

"But if you feel puzzled, you can hit me a few more times, as long as you don't kill me." George Han continued.

Fei Lingsheng walked up to George Han and stepped on George Han's head. This extremely insulting action was a great humiliation for George Han.

But George Han could only admit his fate. Who made him not Fei Lingsheng's opponent now?

“With an ant like you, are you eligible to negotiate terms with me?” Fei Lingsheng said.

“Who on earth are you. Are you from Bafang World?” George Han asked, even if he died, he had to die clearly, knowing what kind of talent this guy is.

“I didn’t expect a low-level creature like you. It’s kind of interesting that you still know the Octagon world.” Fei Lingsheng’s mouth suddenly raised a smile.

Being scolded as a low-level creature. George Han is not angry either, the key is that he has no right to be angry now.

“If you have any questions, I can help you answer them.” George Han said.

“Your strength is much better than other people in Xuanyuan World. As long as you serve as my servant. I can consider not killing you.” Fei Lingsheng said.

George Han hadn’t succumbed to himself so much.

Whether on the earth or in the Xuanyuan world, it was someone else’s serving as his servant.

But in this situation, can George Han refuse?

“No problem, as long as you can live, being a servant is nothing.” George Han said without hesitation.

Fei Lingsheng smiled disdainfully, and his eyes were even more deeply contemptuous.

“What was the final result of the Ancient War?” Fei Lingsheng asked George Han.

“I came here to find clues to the ancient war. But before I had time to understand, you showed up.” George Han said.

At this time, George Han had a trace of doubt in his heart. If the person in front of him had participated in the War of the Ancients, why would he appear here? Why don’t you even know the result?

Maybe there is only one possibility.

She is one of the members of the War of the Ancients, but she did not go deep into the battlefield, but became a deserter, so she was saved from death.

“What time is it now?” Fei Lingsheng continued to ask.

For Xuanyuan World’s time, George Han could only look at Linlong, because only he could know these things.

“Xuanyuan calendar four thousand eight hundred years.” Lin Long said.

“Forty thousand eight hundred years!” Fei Lingsheng said with a sigh, “I didn’t expect that three thousand years have passed since the battle of the ancients.”

Hearing this, George Han had an idea in his mind. The person standing in front of him was actually an old monster. Fortunately, she occupied Fei Lingsheng’s body. I don’t know what it looks like now.

“What are you thinking?” Fei Lingsheng questioned George Han when he realized that George Han’s expression was a little bit wrong.

George Han shook his head quickly. Fei Lingsheng couldn’t know his inner thoughts. Otherwise, he would have a hundred lives and it would not be enough to die.

“No, nothing, I’m thinking, there is no road here, how are we going to get out.” George Han casually found an excuse.

Chapter 1597

The next moment when the voice fell, George Han had already appeared outside the cave. Zhantai Liuyue and Yan Qinghua were watching from a distance, looking at George Han with extremely complicated expressions.

In the eyes of both of them, George Han’s strength no longer needed other things to prove that he could open the door to the forbidden area. It is the best fact.

But at this moment, George Han was hard to tell, and there was an extra master inexplicably, which made him feel somewhat distressed.

“How should I call you? Although you occupy Fei Lingsheng’s body, if I call you Fei Lingsheng, I would be disrespectful to you.” George Han asked.

It seems that no one mentioned her name for many years, even she herself was about to forget, after thinking about it for a while. Said to George Han: “My name is Chi Meng, but you should call me Master.”

George Han couldn’t help but feel a little embarrassed. For him, the title of the master was still somewhat unacceptable.

But when he was hesitating, Chi Meng said sharply: “Why, it’s so difficult that you didn’t mean it?”

George Han shook his head quickly. Her strength was eaten to death by her, so how could she not mean it?

“Master, of course I am willing. It is my honor to serve a strong man like you.” This made George Han a little nauseous in his heart, but he had to please Chi Meng in this way.

The eyes of Zhan Tai Liuyue and Yan Qinghua in the distance were about to fall to the ground, because the two words Chi Meng are very familiar to anyone in the Misty Sect.

Because the person who created the Misty Sect was named Chi Meng.

“The two people in the distance are from the Misty Sect. One of them is the master of the Misty Sect. If you have anything to understand, you can ask her.” George Han said to Chi Meng.

Chi Meng teleported to Zhan Tai Liuyue again.

Although George Han tried his best to see how she did it. But he couldn't even feel the power of Chi Meng.

“Are you the current suzerain?” Chi Meng asked Zhan Tai Liuyue.

Zhan Tai Liuyue didn't know how to speak, because for her, Chi Meng could stand in front of her alive, which was almost an incredible thing.

The founder of Misty Sect, that's how many years ago it was!

“Yes, yes...I am.” Zhan Tai Liuyue said.

Chi Meng's expression showed a trace of disdain, and said: “I didn't expect the Misty Sect I founded by myself to fall to such a point. As the Sect Master, your strength is so low.”

These words made Zhan Tai Liuyue very embarrassed. Her strength among the major sovereigns of Xuanyuan World is not weak, but it is natural to be evaluated by Chi Meng. After all, Chi Meng is a real strong man. .

“Sect Master, the disciple is not very talented. I hope the Sect Master can give some guidance.” Zhan Tai Liuyue said.

Zhan Tai Liuyue's remarks are extremely clever.

In the realm of Chi Meng, if you want her to become stronger, it is a very simple matter.

Just when George Han thought that Chi Meng would give Zhan Tai Liuyue some benefits. The unexpected result happened.

“You call me the Sovereign, which means you know that you are not competent. In that case, what is your value?” Chi Meng said.

George Han didn't feel right when he heard this. As expected, the next moment, Zhan Tai Liuyue's body was rapidly aging, and a force that was almost invisible to the naked eye continued to erode her body until it turned into dust.

George Han couldn't help swallowing.

This Chi Meng changed his face too quickly, and killed someone if he didn't agree with him.

Zhan Tai Liuyue was also her disciple no matter what, she actually killed Zhan Tai Liuyue!

Yan Qinghua, who was standing next to Zhantai Liuyue, looked pale at the moment. The body was shaking with fear.

"Are you scared?" Chi Meng asked Yan Qinghua.

Yan Qinghua nodded subconsciously. In this case, how could she not be afraid?

Zhan Tai Liuyue is by her side. He turned to ashes, and it was impossible for anyone to calm down.

"I'm scared of this little thing, it looks like you are also a waste." Chi Meng said.

George Han squeezed his fist. This guy killed someone for no reason, which was really unacceptable.

But reason told him. He is not qualified to help Yan Qinghua speak, otherwise, Zhan Tai Liuyue will end in the same way. Also waiting for him.

After killing two people in a row, Chi Meng seemed as if nothing had happened.

George Han finally understood what it means to be a companion like a tiger, and his life may be in danger at any time.

Following Chi Meng's side, his life was nothing more than Chi Meng's thoughts, and he didn't know when he would get out of this person's control.

"You." Chi Meng suddenly turned his head and looked at George Han.

"Master. What's the order?" George Han made a very respectful look, even bending over to show his respect for her.

"You go to the ancient battlefield. Get me something back." Chi Meng said.

George Han came to Misty Sect this time in order to find the ruins of the ancient battlefield. Now it seems that it doesn't take much time. After all, Chi Meng is an ancient powerhouse, and she must know what enemy the ruins are.

But the whole thing is mixed.

Although he found the ruins of the ancient battlefield, George Han also had an extra master who would kill if he didn't agree with him.

"Master ordered, I will do my best." George Han said.

"It's a jade-colored sword. If you can find it, I will accept you as a disciple and take you back to the world." Chi Meng said.

George Han's words sounded quite sincere.

It would be a good thing for George Han to become an apprentice to such a strong man.

And there is Chi Meng's support in Bafang World. George Han didn't need to be afraid of people in the Fu family.

"The apprentice promises to complete the task." George Han directly claimed to be an apprentice, which can be regarded as a means to bring him closer to Chi Meng.

But Chi Meng was obviously not so easy to accept, but said: "If you don't find what I want, you are a dead end."

George Han was immediately thrown with cold water.

Since it was what Chi Meng asked him to find, it was definitely not that easy to find.

If he can't find it, his life won't be saved.

I saw George Han's worries. Chi Meng continued: "Don't worry, this is not a difficult task. The reason I want you to help is because of some special reasons, I cannot enter the ancient battlefield."

"Master, do you know where the ruins of the ancient battlefield are?" George Han asked.

"Are you doubting me?" Chi Meng said while looking at George Han.

"No, no, why would I doubt Master? I just want to tell you, I don't know." George Han shook his head repeatedly and explained that he didn't want to provoke this changeable freak.

Chapter 1598

After George Han got the ruins of the ancient battlefield, he felt very surprised, and Linlong even couldn't believe it, because this place was very familiar to him. Even after so many years, it has been by its side, but it has not felt it at all.

Chi Meng stayed in Misty Sect.

George Han and Linlong both rushed to the Dark Forest.

Because the ruins of the ancient battlefield are in the dark forest.

“What does it feel like to have a master suddenly?” Lin Long asked George Han.

George Han was more open about this matter. And to some extent, it is indeed a good thing for him.

“She shouldn’t kill me easily. After all, I still have value for her. If I can help her find what she wants. I can justify becoming her apprentice, which is a good thing.” George Han said.

“Do you want to use her as the backer of the Eight Worlds?” Lin Long said.

George Han nodded his head, his strength in all directions was like an ant.

Moreover, there are people in the Fu clan in the Octagonal world who want to kill him. When George Han’s own strength is not strong, the Fu clan is a huge threat to him.

But if there is a master like Chi Meng, the Fu family line will not care at all.

“No backer. How long do you think I can live in Bafang World?” George Han said with a wry smile.

Linlong raised his eyebrows, and said: “The Fu family wants to kill you, there are many ways, and your strength is definitely beyond resistance.”

“So this thing is a good thing for me.” George Han said.

“But it’s more likely that after she uses you, she will kill you.” Linlong said.

This is a question that George Han has been reluctant to think about, because with Chi Meng’s character, this kind of thing is very likely to happen.

But even if George knew that. He also has no right to choose, he can only do what Chi Meng said.

In the face of absolute power. There is no other way but to obey.

“This is caused by the lack of strength. If I can be stronger, I won’t have to be so frustrated.” George Han said with a sigh on his face.

“The idea is good, but if you want to make the ancient power stronger, I’m a little foolish. Her strength is probably in the world of eight directions. Only the true god is the opponent.” Lin Long said.

George Han smiled bitterly, the true god was already an absolute powerhouse. But Chi Meng could only be dealt with by the true gods. It seemed that it was almost impossible for him to turn over in front of Chi Meng.

In order to change his mood, George Han changed the subject. Asked Linlong: “You have been looking for the ancient battlefield ruins for so many years, right next to you. You didn’t even notice it?”

“Most people don’t feel the power of the ancients at all. I didn’t notice it. Is there anything weird, and Chi Meng also said. The ancient battlefield is another plane in the dark forest in public. I don’t know it is reasonable. In.” Lin Long said.

George Han nodded. According to Chi Meng, there is still a spatial tunnel in the Dark Forest that can lead directly to the ancient battlefield, but Linlong always thought that the ancient battlefield was somewhere in Xuanyuan world, so it was normal for him to find nothing for so many years.

“You said, why didn’t she go by herself, so she insisted on letting me go?” George Han asked.

“How easy it is, or the ancient battlefield is very dangerous. She doesn’t want to take risks, so she will let you die. Or there is a last resort, you can’t enter the battlefield.” Linlong said.

“I hope it is the latter. Otherwise, my two lives will most likely be explained in the ancient battlefield.” George Han said.

“According to my guess, she must have had a last resort and couldn’t go in.” Lin Long said.

“What do you say?” George Han asked curiously.

“Since she is an ancient powerhouse, why didn’t she fall on the battlefield, but in the Misty Sect?” Linlong said.

With that said, it seems quite reasonable.

But George Han could feel that Chi Meng was not a complete person, she was more like an ideological existence, so she needed to rob Fei Lingsheng’s body.

“Don’t you notice it, doesn’t she look like a person?” George Han said.

Linlong looked at George Han with a very strange look, and said, “What else can it be if it’s not a person, is it a ghost?”

George Han shook his head. He didn’t know if it was a ghost, but he felt that Chi Meng was strange.

While talking, the two had reached the Dark Forest.

According to the location guided by Chi Meng, George Han and Linlong quickly found the space tunnel leading to the ancient battlefield.

There is almost no energy that can be perceived in the space tunnel. It is no wonder that Linlong has not found the ancient battlefield ruins beside him after spending so many years in the Dark Forest.

George Han took a deep breath and said to Linlong: "It's already here, do you need to hesitate any more?"

Linlong also seemed a little nervous at the moment.

Because the ruins of the ancient battlefields must be a dangerous place, the remaining ancient power alone is likely to kill them, let alone other dangerous existences.
