

When Xie Yufu observed the change of expression in Tian Shuirou's face, the young lady was nervous. Her elders had given her strict instruction to follow Tian Shuirou's preferences and likings carefully. The Xie family gained everything through the business collaboration with the Tian family. Her friendship with Tian Shuirou could bring immense interest to the Xie family. At the same time, it might just be a double-edged sword. The moment Xie Yufu make a mistake, she could bring trouble to her family.

And Tian Shuirou's attitude decides the family's fate.

"I think we should go together." Xie Yufu said to Han Jingru. Even if she looked down on Han Jingru inside, she had no choice but to accept it. However, the young lady invited a man she had a crush on. If he was to know that she was drinking tea with such a trash, it might embarrass her.

Han Jingru was surprised with Xie Yufu's sudden change of attitude. It seemed that these girls weren't purely friends. However, that was no surprise. After all, Tian Shuirou came from the Tian family and it was just understandable for her friend to be forbearing towards her. That lady in pink blouse should have been taking a lot of benefits from the Tian family.

"Where have you been lately? I didn't hear anything from you and I heard that you don't

even show up when grandpa invited you.” Tian Shuirou pretended that nothing happened and asked Han Jingru.

Tian Jingle contacted him? Then it should be Han Yu answering the phone. Probably that old disciple of his still didn't understand why his master refused to see him.

“Nothing at all. I simply went to travel for a bit.” Han Jingru said.

Travel?

Tian Shuirou was nervous all of a sudden. How could someone as charming as Han Jingru travel alone like that? If he were to be seduced by some other girls from outside, she would have the greatest regret of her life.

“Make sure you bring me along the next time you travel. I want to go too!” Tian Shuirou said.

When Xie Yufu heard that, she frowned. What had gotten into Tian Shuirou? Why was she so intimate with that trash? She wanted to go travel with him!

Were the rumors true?

During the birthday banquet of Tian Jingle, Yun city made a lot of speculation towards Han Jingru.

Those who didn't know his identity guessed that he would be the future grandson-in-law for

the Tian family.

As for someone like Xie Yufu who knew Han Jingru's real identity, they heard another version of the story, saying that the family patriarch had his eyes on Han Jingru and he planned to nurture the young man.

However, even if that was the case, Tian Shuirou shouldn't have shown such an attitude towards Han Jingru. After all, Han Jingru was still the matrilocal son-in-law of the Su family!

"Aren't you still studying? A student shouldn't play truant." Han Jingru chuckled.

Tian Shuirou pouted her lips and said, "What's the point to study for someone like me? My family's bridging up and they don't need me to earn money for them."

Han Jingru laughed powerlessly. That was true. With the Tian family's asset, Tian Shuirou wouldn't even need to worry about money even if she was to lie in bed for the rest of her life.

But there was just no way to measure the worth of knowledge by money, right?

However, it was pointless to tell her reasoning like that. After all, only the poor people could change their life by gaining knowledge. An esteemed young lady like Tian Shuirou simply needed it to enrich her life. The aspiration to change her life with knowledge was completely unneeded.

The three of them found a famous coffee house and got inside. This place served Tian Shuirou's favorite milk tea and she was obviously a regular. The moment she reached, the waitress welcomed her enthusiastically and even the manager came out personally to bring the three of them to a VIP seat upstairs.

"Miss Tian, the regular?" The manager asked Tian Shuirou.

Tian Shuirou nodded and turned towards Han Jingru, "What do you want to drink?"

"Iced water." Han Jingru didn't like sweetened drinks. Although iced water was tasteless, it was the best to quench thirst.

The manager was secretly scorning him. What a country bumpkin, ordering plain water in a high-class place like this.

However, even if the manager scoffed at Han Jingru, she was sharp and sensitive.

The woman noticed that Tian Shuirou only ask what the man wanted to drink and she didn't ask her friend. Could that humble-looking man be an important person?

Xie Yufu ordered her drinks and her phone rang.

"I'll go pick someone up." After telling Tian Shuirou, the friend rushed down hurriedly.

There was a Ferrari parked right outside the coffee house. Xie Yufu walked right towards the car and the moment she saw the man inside, her face lit up in joy. That was the man she had a crush on for the longest time, Kong Wu.

“Kong Wu, let’s go upstairs and rest a little?” Xie Yufu smiled.

“Didn’t you say there is something important? Hurry and tell me then, I still have many things going on.” Kong Wu had an impatient face. Although Xie Yufu was a great beauty, the Xie family was on par with the Kong family. Thus, Xie Yufu could never be a plaything for Kong Wu. Therefore, Kong Wu was reluctant to spend any effort on Xie Yufu because she might get attached and he couldn’t dump her easily.

Kong Wu wasn’t interested with any kind of woman that could be a shackle. After all, he was still young and he wanted to fool around a little longer. The man had never lack in terms of romance, how could he cast aside countless women waiting for him and got himself stuck with one?

Xie Yufu didn’t mind Kong Wu’s cold attitude towards her because she had gotten used to it. Most of the time, whenever someone had a crush on others, they would be blinded by love. Even if Xie Yufu knew a lot of scandalous stories about Kong Wu, she didn’t mind it.

“Just go rest a little, Tian Shuirou is also here.” Xie Yufu said. That was also the reason the young lady invited Kong Wu to meet right now. She knew that Kong Wu would only show her face when Tian Shuirou is around.

As expected, the moment Kong Wu heard that, his expression changed. The man had not expected to have any kind of relationship with Tian Shuirou. After all, he didn't dare to and Tian Shuirou was only eighteen years old. The grandfather protected her strictly and anyone who wanted to try their luck wouldn't end in a good way. However, it was just good to even know that princess from the Tian family and be her friend.

“All right then. I happened to be thirsty as well.” Kong Wu walked down the car and said.

Xie Yufu was elated and she didn't mind Kong Wu to stay because of Tian Shuirou. However, she didn't want Kong Wu to overthink when he sees that trash, Han Jingru upstairs and she wanted to prepare him.

“We have another person joining us but I don't have any kind of relationship with him. Don't worry, this is my first time meeting him as well.” Xie Yufu said.

“Who?” Kong Wu asked curiously.

“Just a trash. You should have heard of his name before but I bet you have never met him. How could someone like that have a right to

see you?” Xie Yufu said in disdain. So what if Tian Jingle showed favor to him? Han Jingru was still nothing but a trash in Xie Yufu’s eyes. She had just heard too many stories about Han Jingru and that impression had etched into her mind.

“Trash?” Kong Wu asked in puzzlement. The trash in Yun city, could it be him?

“Let’s go, you don’t have to care about that trash and simply treat him as non-existent.” Xie Yufu held Kong Wu’s arm and her face showed a joyous smile.

Kong Wu was saved by Han Jingru during the time he trespassed in Genting. If Han Jingru didn’t help him, the management of Genting would definitely find fault with the Kong family. The Kong family might even get into deep trouble because of that matter. Therefore, Kong Wu was very grateful towards Han Jingru. As for his reputation of being a trash in Yun city, Kong Wu couldn’t care less.

Those baseless rumors might not even be true. But it was solid that Han Jingru saved him.

After Kong Wu followed Xie Yufu into the coffee house, he couldn’t hold back his curiosity and asked, “Don’t tell me the person you mentioned is Han Jingru?”

Xie Yufu covered her mouth and smiled, “Who else but him has such a reputation in Yun city?”

Kong Wu was stunned after finding out that it was Han Jingru. The man had long wanted to find a chance to thank him. He hadn't thought to meet him in this kind of circumstances and he hissed in his steps without notice.

Xie Yufu was sneering secretly. The trash should be proud that he could have a chance to drink tea together with Kong Wu.

However, the moment Kong Wu got upstairs, Xie Yufu was stunned in disbelief.

“Brother Han, so it is really you! I didn’t get a chance to thank you properly since last time!” The moment Kong Wu saw Han Jingru, he hurried over enthusiastically and even flung away Xie Yufu’s arms.

Xie Yufu was confused. If Tian Shuirou treated that trash well, it could be explained that Tian Jingle favored him. But what about Kong Wu? Why did someone as outstanding as Kong Wu needed to rub butter on Han Jingru?

So Tian Jingle was indeed the man of influence. Just one word from him and he could make such a huge change.

If even Kong Wu acted like that, every person from the same generation would just fawn over that piece of trash already.

Xie Yufu was just feeling an irk. How could a trash like that have a change of fate just because of a word from Tian Jingle? Yet she needed to serve by Tian Shuirou’s side so carefully and frightfully. Not only that, she needed to pretend to be her best friend.

The young lady had been simmering in frustration towards Tian Shuirou for a long time already. But she never dared to show it.

“What a surprise to see you as well.” Han Jingru was surprised. After meeting Kong Wu previously, he had never seen him anymore. Now that they meet again in this kind of circumstances, Han Jingru happened to notice

that Xie Yufu seemed to have a crush on Kong Wu.

“I didn’t expect this as well. Miss Tian, I’d like to treat brother Han for dinner tonight, do you want to come along?” Kong Wu said.

Tian Shuirou was just thinking of all sorts of reason to invite Han Jingru out, and she was just pleased that Kong Wu helped her on it. The young lady was cheered and Kong Wu made a good impression in her mind.

“Sure, I want to eat something good!” Tian Shuirou giggled.

“No problem, how can I treat Miss Tian to eat something cheap?” Kong Wu answered with a laugh.

In Xie Yufu’s opinion, Han Jingru should be the outsider. However, now it was clear that she was the third leg. As the three of them chat, even if she were to butt into their conversation, none of them would entertain her. That made Xie Yufu resented Han Jingru.

If it wasn’t for Han Jingru, Kong Wu and Tian Shuirou wouldn’t ignore her. It was all because of that trash that she became a hollow man in the group.

After the tea session, Han Jingru took a look at the time and Su Yimo should be leaving work already. The man made a call home to tell them he wouldn’t be eating at home. Kong Wu was

sincere to repay Han Jingru and the man just couldn't refuse him. Not only that, Han Jingru felt that it was worthwhile to make acquaintance with the younger generation in Yun city. After all, these people would be the pillars of tomorrow.

They would be having dinner in a very popular hotpot restaurant. Anyone who wanted to dine over here needed to pre-book at least one week earlier. However, with Kong Wu making arrangements, they could easily get a private room in the restaurant.

When the owner of the restaurant knew that Tian Shuirou came, he went into the room personally to greet them. Not only that, he arranged a manager to standby right outside the room to get their orders instantly.

Han Jingru didn't want to drink alcohol and Kong Wu ordered drinks. They were having a good time chatting about their daily lives. Kong Wu carefully avoided asking about Han Jingru's private matters, which was wise enough. He knew that Han Jingru wasn't an ordinary person and he was curious about him. However, she knew that he must make sure to hold his curiosity back in order to become a real friend with Han Jingru, and then, he would slowly learn more about him. But if he were to push it and made Han Jingru dislike him, risk was they might become enemies and he would just incur a great loss.

"I'll go to the toilet for a while." Xie Yufu had no

chance to join in their conversation throughout the dinner and she gave an excuse to vent her frustration.

Right after Xie Yufu walked out the door, she changed into a cold expression. The young lady was irritated that she was no longer included in the social circle. She longingly looked forward to spending time with Kong Wu and get closer with him. However, Han Jingru completely devastated her plan and she was resentful.

After Xie Yufu got out from the washroom, she accidentally bumped into a tipsy man. The man seemed to be drunk and Xie Yufu had a flash of idea. The woman smirked.

She walked towards the man and purposefully rubbed her body on him. After that, she made a shocked expression and slapped the man, saying nervously, "Why are you touching me!?"

That man was completely drunk and he didn't even realize after getting slapped. The moment he raised his head and saw the beauty before him, wearing so enticing, he grinned ear to ear, "Hello darling, how much do you cost for a night? Come with me and I will give you a good time!"

Xie Yufu was just elated to hear that but she hurriedly hid her conceit. The woman showed an even more anxious face and said, "How dare you! I am not someone like that, you better apologize to me. Otherwise, I will not let you go easily."

“Apologize? I don’t think anyone can make me apologize in Yun city.” That man laughed and completely ignored Xie Yufu’s threat.

He stumbled towards Xie Yufu, blocked her path and continued, “You slapped me earlier, right? Not bad at all, I like your attitude. And now let’s hope that you are just as sassy in bed!”

After saying that, the man dragged Xie Yufu by the arm.

At that time, Xie Yufu panic for real. She hurriedly struggled off and said, “Don’t you cause trouble for me. I am Kong Wu’s girlfriend, do you even know who he is?”

That was Xie Yufu’s plan, creating an opportunity for Kong Wu to save her. Showing her feminine side before Kong Wu. If she could make Kong Wu’s compassion change into affection, it would be even better.

“Kong Wu? What a trash is that? I have never heard about him. Now that you raised your hand on me, I will not let it slide if you don’t accompany me tonight.” That man replied.

At that time, Han Jingru wanted to go to the toilet as well and he saw that coincidentally. He stopped the man that blocked in front of Xie Yufu. He seemed to be a familiar face but Han Jingru just couldn’t recall where he had seen him.

“Are you all right?” Han Jingru walked forward and asked.

Xie Yufu was creating the chance for Kong Wu, not to let Han Jingru mess around. She said coldly, “What does it have to do with you? Scram and mind your own business.”

When Xie Yufu said that, she didn’t observe that the drunk man had already sobered up. It was obviously because he saw Han Jingru.

“Okay, continue then.” Han Jingru shrugged his shoulders uncaringly and went into the toilet.

When that man heard that, he was relieved. The reason he felt scared the moment he saw Han Jingru was because he was Molan’s underlings. He was fearful to have offended Han Jingru’s woman. But now it seemed that the woman had some kind of beef with Mr. Jingru. If that was the case, he should make sure to give her a difficult time.

“Darling, you really don’t appreciate your chance.” That man said.

Xie Yufu didn’t know what kind of stupidity she did and the woman was still hoping for Kong Wu to save her. She said, “Just you wait, I’ll get my boyfriend over.”

“Okay, I’ll wait for you.”

Xie Yufu made a call to Kong Wu and told him that she got into a trouble.

Due to the relationship with the Xie family, Kong Wu had no choice but to entertain her request.

When Kong Wu came and saw that man, he was having an impulse to give Xie Yufu a slap. His father just met Molan a few days ago and he was present as well. The man could recognize Molan's underling and that crazy woman offended Molan's man?

The Kong family had a great position in Yun city. They even got a place in Genting. However, all in all, they were still businessmen and they needed help from those from the underworld, like Molan. They just wouldn't have a good time after opposing someone like them.

Not only that, Molan was showing a peerless might at the moment. He had no opponent in the entire Yun city. Therefore, Kong Wu's father wanted to have a good relationship with Molan.

"Kong Wu, this thug is harassing me. Please save me!" Xie Yufu spoke to Kong Wu anxiously, acting meek.

"So your boyfriend is the young master from the Kong family?"

"Hmph, and now you know. You better kneel right now and apologize to me." Xie Yufu said smugly.

"What happened?" Kong Wu walked closer and asked the man.

“Mr. Kong, your girlfriend slapped me without reason and even accused me for harassing her. How do you think we should handle this?” If the episode earlier with Han Jingru didn’t happen, he would have let it go. After all, he needed to save Kong Wu some face. However, he observed that Xie Yufu was rude towards Han Jingru and even roared at him. How could he not at least cause some trouble for her?

“Nonsense, you were the one that groped me and that was why I hit you. How can you say that I slapped you without reason?” Xie Yufu teared up piteously and grabbed Kong Wu’s hand.

The young lady wept, “Kong Wu, hurry and avenge me. This shameless man groped my butt!”

Kong Wu flung Xie Yufu's hand away and said coldly, "She isn't my girlfriend and I have nothing to do with this."

When Xie Yufu heard that, her face turned pale. The woman purposefully came up with a chance for Kong Wu to save her and she hadn't expected him to be so heartless!

"Kong Wu, what do you mean by that? I liked you for so long, how can you be so heartless?" Xie Yufu gritted her teeth and said.

"Xie Yufu, you better start praying. This man is Mr. Molan's man. And I advise you to call your dad to handle this. If you are fortunate, your dad will be able to save you. If you are not, you better prepare yourself to pay with your body." Kong Wu said.

Xie Yufu was shocked. That man was a follower of Molan!?

The young lady simply wanted to borrow help and she hadn't expected to offend Molan!

Even her father needed to assume a lower position when he meets Molan. What kind of consequence would she get for slandering Molan's man like that?

"Darling, I'm afraid you are just unlucky today~" That man said with a cheeky smile.

Xie Yufu's knees were weak in fright. The young lady was just regretful. Why was she so

unlucky to cause trouble on Molan's man? She simply wanted to create a chance for Kong Wu to save her, letting the man know that she was just a weak woman that needed his protection!

"Sorry, sorry. I didn't do it on purpose." Xie Yufu apologized towards the man.

At that time, Han Jingru came out from the toilet. When the man saw Han Jingru, he instinctively straightened his back.

When Han Jingru walked past, Xie Yufu grabbed Han Jingru's arm suddenly. He was so close with the Tian family patriarch and he could definitely save her.

"Han Jingru, help me, aren't you very close with Mr. Tian? Can you ask Mr. Tian to help me?" Xie Yufu begged anxiously.

Han Jingru frowned a little and smiled, "You just chased me away earlier, have you forgotten about that already?"

"I am sorry. I was wrong and I shouldn't be so rude towards you." Xie Yufu knew that she had gotten herself into a deep trouble. If her father was to know about that, she would definitely get a great scolding. Kong Wu couldn't save her but Han Jingru could. Therefore, she didn't even mind to apologize towards Han Jingru.

"I can't help you." Han Jingru said indifferently as he flung Xie Yufu's arm away and walked into his room.

Xie Yufu had a devastated expression and knelt towards that man, "I beg you, please let me go. I didn't do that on purpose. I can pay you, please let me go."

That man smiled coldly as he thinks. Now that you offended Mr. Jingru, do you think you can settle it with just money?

He grabbed Xie Yufu's hair and dragged her back into his room.

Both Molan and Ling Heng were inside. The moment they saw him bringing a woman in, they asked in puzzlement, "What are you doing?"

That man walked towards Molan and whispered what happened to him. Molan was sharp to guess what Xie Yufu wanted. However, she found the wrong help and gave up her only help herself.

Asking Han Jingru to scram, how daring.

"Get your father over here. You wanted to play tricks and use my man, it is only right to make you pay a little." Molan said.

On the other room, when Tian Shuirou saw that Xie Yufu didn't come back after a long time, she asked curiously, "Where is Xie Yufu? Where did she go?"

"Miss Tian, Xie Yufu offended Molan's man." Kong Wu said.

“Molan? What did she do?” Han Jingru asked in puzzlement.

Therefore, Kong Wu told Tian Shuirou what happened. But after that, Tian Shuirou didn't feel any compassion towards Xie Yufu. She knew that her friend was a very pretentious schemer. If she had just played trick to make Kong Wu playing the hero, she wouldn't mind speaking in favor for her. After all, she was the young lady from the Tian family and Molan would definitely give her face.

But now that Xie Yufu asked Han Jingru to scam rudely, she didn't deserve Tian Shuirou's compassion.

“Kong Wu, she had spent quite the effort to chase after you. Aren't you moved at all?” Tian Shuirou asked with a smile.

Kong Wu shook his head determinedly. The man didn't have any good feelings towards her previously and he wouldn't defend Xie Yufu even more especially now. That idiot woman had not just offended Molan, but also Han Jingru. Offending Han Jingru meant offending the Tian family! It was a chain effect.

“Miss Tian, if I were to marry a schemer like that, I will definitely suffer.” Kong Wu said.

Tian Shuirou nodded in agreement and said, “Let's eat. From now onwards, I better stay away from her, lest I get into trouble as well.”

At that very moment, Xie Yufu was just despaired. She hadn't thought that a tiny thing would turn into something so serious. And it was beyond her wildest dream that the reason it escalated was because she asked Han Jingru to scram rudely.

Soon after, Xie Yufu's father, Xie Jinyan came. The man was catching his breath and full of sweat.

The moment Xie Jinyan saw Molan and Ling Heng, he didn't even ask what happened and started scolding Xie Yufu.

"What have you done? How could you offend Mr. Molan? Kneel and apologize to him right now!" Xie Jinyan fumed at Xie Yufu.

The Tian family was the head of the businessman in Yun city while Molan was the head in the underworld. Even if the Xie family had a business relationship with the Tian family, he didn't dare to offend Molan. After all, he didn't have the right to make the Tian family step up for them.

Molan lowered his chopsticks and poured Xie Jinyan a full bowl of liquor and said, "You must be thirsty, right? Here, have a drink first."

Xie Jinyan was just holding back his impulses to slap Xie Yufu. If he were to finish that liquor, he would definitely be admitted into the hospital. But if he didn't drink it, his fate to be admitted in the hospital seemed to be sealed

as well.

After he forced himself to finish the bowl of liquor, Xie Jinyan still needed to show his sincerest smile and spoke to Molan, "Mr. Molan, this young girl is immature and sport. If she has offended you, I hope that you can be gracious to her. Just tell me if you need anything and I will make sure to satisfy you."

Molan harrumphed coldly and poured him another bowl of alcohol, "Xie Jinyan, are you insinuating that I am trying to extort you?"

Xie Jinyan felt a cold chill down his spine and he hurriedly said, "Mr. Molan, you have misunderstood me. I'm sorry, I didn't mean that."

"Then what do you mean?" Molan looked at the alcohol and smiled.

Xie Jinyan had a pained expression. Right after he drank that bowl of alcohol, he felt that his throat and stomach was burning. However, he had no choice but to take another bowl again.

Right after finishing it, Xie Jinyan felt that he could turn into a fire breathing dragon already. He hurriedly said, "Mr. Molan, thank you for such a good drink. However, I really can't take it anymore."

"This young daughter of yours is quite the schemer. She seemed to be a smart one but she was just causing trouble. Do educate her

properly in the future. You might not be so lucky next time.” Molan said.

Xie Jinyan was relieved and he hurriedly said, “Mr. Molan, you are right. Don’t worry, I will make sure to educate her properly.”

After leaving the room, Xie Jinyan rushed to the toilet to puke. After that, the man felt a little better.

Xie Yufu was waiting by the door for Xie Jinyan. She knew that she would definitely get scolded when she goes home and the young lady was still simmering in hatred towards Han Jingru. In her opinion, Han Jingru was the root cause. If it wasn’t for him, she wouldn’t get ignored and she wouldn’t have the idea to offend Molan’s man.

“Han Jingru, just you wait. Just because Tian Jingle favors you and you think that I can’t do anything against you? I will make sure you pay!” Xie Yufu gritted her teeth and said.

After Han Jingru and the group were done with dinner, they walked out the hot pot restaurant. Kong Wu disappeared right away. He didn’t know if Han Jingru would have any kind of relationship with Tian Shuirou, but he could notice Tian Shuirou’s special attitude towards Han Jingru. If he continued to be a third wheel, he might ruin the good impression he left for Tian Shuirou. In that sense, Kong Wu was a wise man.

“Can you send me home?” Tian Shuirou asked Han Jingru.

“I don’t have the time. Go back yourself.” After Han Jingru said that, he simply walked away.

Tian Shuirou was just stupefied. Doesn’t that fellow know basic courtesy? Countless men were just waiting for a chance to bring a beauty like her back. But Han Jingru didn’t appreciate his opportunity when it was lying right in front of him.

“Han Jingru, can’t you be a gentleman?” Tian Shuirou caught up to Han Jingru and gritted her teeth.

“Young lady, I am already married. It isn’t a good thing if you fall for me!” Han Jingru said with a chuckle.

Tian Shuirou blushed immediately the moment she heard that. She did have a huge crush on Han Jingru because Han Jingru had displayed magnificently in all kinds of areas. In her opinion, Han Jingru was her perfect prince charming. The only imperfection was that he was married.

However, Tian Shuirou didn’t mind about that at all and she told Han Jingru, “I can only make people like me. How can I like anyone else so easily?”

“Just go home, stop sending me.”

Tian Shuirou's face turned red. She faced Han Jingru's back and kept gesturing her fist. In the end, there was nothing she could do but lower her head in disappointment.

During the day of the family gathering.

Han Jingru came early and cleaned himself up. Previously, he was kicked out from the Su family's mansion after the old Madam's death. Logically speaking, he shouldn't have the right to attend the family day. However, now Jiang Yan no longer dares to run her mouth in front of Han Jingru. Therefore, even if she saw that Han Jingru was preparing himself to join the family day, she said nothing.

Whenever Jiang Yan recalled Nangong Shuxian hanging on the chandelier, she was still shaking in fear. Although she didn't think highly of her matrilocal trash, she didn't dare to belittle him anymore.

"Are you going as well?" Su Yimo asked Han Jingru.

"I happened to meet Su Ruijin two days ago. Since he invited me, maybe I should join." Han Jingru answered with a smile.

Shiyan would be going today and she would be making Su Huiqi pay back all of the dowry she cosseted. Well, if possible, Han Jingru didn't want to miss an entertainment drama like that.

Su Yimo's eyebrows knitted closely. What happened to that Su Ruijin? How could he have invited Han Jingru?

At that time, Jiang Yan couldn't hold back anymore and she asked Han Jingru, "Han

Jingru, will you really make Su Huiqi pay back all of the dowry today?”

“Of course. But it seemed that she had quite a lavish life lately. I wonder how much is left.” Han Jingru said.

After Su Huiqi got her hands on the money, she was spending lavishly. Eight million wasn't a big man for the amount of branded goods she spent on. Maybe not much have left already.

Jiang Yan just couldn't wait to go to the mansion already. Although the dowry wouldn't be given to Su Yimo, it would be much better than ending up with Su Huiqi.

Not only that, the Su family would finally know to whom the dowry was meant for.

“Mum, after you go, make sure to be careful with your words.” Su Yimo could guess what Jiang Yan was thinking and she reminded her.

“What do you mean?” Jiang Yan asked in puzzlement.

Su Yimo looked at Han Jingru and spoke to Jiang Yan, “You must not say that the dowry was meant for me.”

“Why?” Jiang Yan was stomping her feet already. That was a matter of pride for Su Yimo. Why couldn't she tell about it?

“Just do as you were told. Why are you asking

so many questions!” Su Yimo glared at Jiang Yan.

Jiang Yan glanced over at Han Jingru carefully. Could he be the one that didn't want to expose himself?

If it was in the past, Jiang Yan would definitely do as she pleased. However, now she had no choice but to take Han Jingru's will in consideration. If the man wasn't willing, then she had no choice but to seal her lips.

“Listen to Yimo.” Han Jingru said. Now that his identity was exposed, he wasn't clear of the consequences it might bring. However, since he had spent a great deal of effort for the past three years to create such an image. If it were to be ruined just like that, it would be a waste.

Most importantly, Han Jingru preferred to keep things under control secretly.

Jiang Yan sighed secretly. That was such a proud thing for the daughter but she wasn't allowed to say? What a waste!

Han Jingru drove the family to the Su family's mansion.

The rest of the relatives weren't there yet but Su Huiqi came very early. She was busy showing off the branded goods on herself.

“This dress of mine was a limited edition from Badgley Mischka, you can't even buy it if you

have money now and I have spent a fortune on it!

“And look at this watch, do you guys know how much it cost? Eight hundred thousand! I don’t think anyone of you can afford it in this life!”

“I have my eyes on another necklace that cost around three hundred thousand. Unfortunately, it is out of stock but I just couldn’t wait already!”

Those people heard Su Huiqi showing off, they were smiling but irritated. If Su Ruijin didn’t give her the dowry, why would she have such a good life?

All of them started to hope that Han Jingru’s warning would come true and Su Huiqi could be taught a lesson.

When Su Yimo and her family came to the mansion, Su Huiqi was pissed off the moment she saw Han Jingru.

“Han Jingru, what are you doing here? You no longer have the right to come into this mansion. Have you forgotten about it?” Su Huiqi spoke to Han Jingru proudly.

“Su Ruijin asked me to come. Why couldn’t I?” Han Jingru answered with a smile. The higher Su Huiqi went, the greater the fall. Han Jingru was just looking forward to her expression when Shiyan appears.

“Hoho~” Su Huiqi sneered. She had spoken to Su Ruijin before to not let Han Jingru join the family day. So how could Su Ruijin ask him to come?

She turned around and spoke to Su Yimo, “Su Yimo, have you forgotten that this trash no longer has the right to step foot into the Su family? Or now that you are simply leveraging on your position as the person in charge of the West side project and you insist to bring him here. Do you think that you can look down on Su Ruijin like this?”

Su Yimo and Su Ruijin were no longer challenging each other. Su Ruijin stopped interfering in the West side project and she wouldn't interfere in Su Ruijin's matter as well.

“Su Huiqi, you aren't the one to make the call here. Why not you go and ask Su Ruijin?” Su Yimo answered back coldly.

“Sure. Let's see who he will listen to.” Su Huiqi continued to act smugly. She knew that Su Ruijin wouldn't dare to offend her. She would be marrying into the Han family soon and Su Ruijin needed to rely on her for the Han family's investment. How could he offend her for a trash like Han Jingru?

Su Ruijin was still in his own room. The man wasn't doing anything important but he was simply imitating his grandmother and wanted to appear later purposefully in a grander manner. That was the common weakness of

the Su family, having extensive family rules despite being just a small-time family. They treated themselves like nobility and always felt better than others.

Little did they know, they were simply doing meaningless acts and deceiving themselves.

After some time when Su Ruijin appeared, Su Huiqi walked towards him and asked, "Ruijin, this trash said that you were the one who invited him to come to our family day. Is that true?"

Su Ruijin dug his ears and chuckled, "Huiqi, how can you believe anything he says? How can I ask him to join our Family Day? He is the murderer that caused grandmother's death!"

When Su Huiqi heard that, she laughed conceitedly and snickered, "Han Jingru, how can you be so shameless? Is there any point to lie like that?"

Han Jingru simply carried a faint smile and spoke to Su Ruijin, "Are you really enjoying yourself in this kind of idiotic game?"

Su Ruijin was now the chairman of the Su family. Therefore, the man pretended to act cool and simply said, "Do you think someone like me will play with a trash like you? You don't have that right and I was simply playing with you. How was it? Does it feel bad? Getting toyed yet you could do nothing against me. You must feel frustrated, right?"

Han Jingru shook his head in disbelief. Getting toyed? If he wills it, someone like Su Ruijin could have his life taken away from him immediately. Even the Su family would be brought to dust overnight. He just couldn't understand how Su Ruijin could feel so superior.

"Since I have misunderstood you, then I shall just go back out." Han Jingru replied.

Previously, Jiang Yan treated Han Jingru like a trash and she simply felt that it was just normal for Han Jingru to act cowardly.

However, now that she knew Han Jingru wasn't a person like that, she just couldn't understand why Han Jingru wanted to assume such a lowly position.

How could a man let himself be insulted like that?

"Han Jingru, don't go." Jiang Yan said.

"Auntie Jiang, did I give you any right to speak? Don't tell me you have the right to make him stay. Don't you forget that I am the chairman of the Su family now." Su Ruijin said coldly.

Su Yimo yanked on Jiang Yan's hand. If Han Jingru wanted to act that way, they didn't have any right to interfere with his decision.

"Mum, just think about our living room." Su Yimo said with a soft voice.

Living room!

The moment Jiang Yan heard that, she felt a cold chill despite in the middle of summer. The mother even shivered in fright and lowered her head. She was fearful to say another word.

“Han Jingru, hurry and scram. Stop bothering our family day.” Su Ruijin ordered coldly.

Han Jingru said no more and walked out the mansion.

Su Ruijin began to laugh conceitedly. It felt almost too good to humiliate Han Jingru like that. The next time round, he must make sure to find a public place to show how useless Han Jingru was.

Even if he had gotten the favor of Tian Jingle, he was nothing but a worm in the Su family.

“Su Yimo, I really pity you to have found a trash like that as your husband. Unlike me, my future husband comes from a wealthy family~” Su Huiqi laughed.

When Su Yimo heard what Su Huiqi said, she sneered, “Don’t tell me you have spent all of your money?”

“So what if I did? Do I need you to worry for me? Stop joking. Your position as the person in charge of the West side project means nothing in my eyes.” Su Huiqi chuckled. And the woman had been spending uncontrollably without fear because she knew that the Han family would appear sooner or later. By that time, she would become the daughter-in-law of the esteemed family. Why should she care for that few million?

“You will never be able to understand the life of someone like me, living the good life. Therefore, you should just keep up your good work to work for the Su family.”

“And I wish you all the best.” Su Yimo said.

“Pfft~” Su Huiqi broke into a giggle, “Keep your insincere blessing to yourself. I know that you are just envious of me. Why bother hiding it? Everyone can tell~”

“Yeah, I really envy you. I don’t think I can afford so many branded goods.” Su Yimo answered.

When Su Huiqi saw Su Yimo humbling herself and admitting her envy towards her, she was even more conceited. The woman stretched out her hand intentionally and showed off her golden bracelet, “Although this bracelet isn’t worth much, it is a gift from my in law and it

brings a different meaning. Don't worry, if you can't afford branded goods, you can just come over to my house to pick up my used one. Although they might be trash in my eyes, they are still branded goods. The type that you can never be able to afford."

"I appreciate your good will."

The family day was just a banquet. After the grandmother passed away, the gathering is even more different. Aside from Su Huiqi showing off, Su Ruijin also pretended to give a speech about how he would be developing the Su family. The man said that Su Huiqi will be getting the Han family to invest in the Su family and that gave the relatives a pleasant surprise.

The better the Su family gets, the more they could take from the company. Therefore, the relatives didn't just fawn over Su Ruijin but also Su Huiqi. As for the project manager of the West side project, Su Yimo, she was completely ignored.

When it was almost time for lunch, a group of men came into the mansion. The woman that walked right in between the crowd carried an air of nobility. Although no one knew her, they knew the person behind her.

That was the person that brought the generous amount of dowry and threw the Su family in a confusion.

Now that he finally appears, could it be the Han

family coming?

Judging from the temperament of that woman, she must be someone from a prominent background. Could she be an elder from the Han family?

Su Huiqi was so impassioned that she hurriedly took out her make-up mirror and checked herself. That woman might just be her future mother-in-law and she must make sure to leave a good impression!

“May I ask if you are...?” As the leader of the Su family, Su Ruijin stood up calmly and asked.

Shiyan was the person that came. When she heard Su Ruijin, she replied indifferently, “You don’t have to know who I am. You simply need to know that I was the person that sent the dowry.”

Although Su Ruijin had guessed about that, he still couldn’t help but felt overwhelmed after hearing that from Shiyan. They had been expecting the Han family for so long and they finally showed up!

If Su Huiqi could marry into the Han family, he could finally get the investment from the Han family. With that kind of wealthy family backing them up, he no longer needs to care about the West side project anymore. At that time, he wouldn’t need to care about Su Yimo and could kick her away as he please.

“Please have a seat!” Su Ruijin treated her with outmost respect.

Su Huiqi stood up impatiently to introduced herself as well. She spoke to Shiyan, “I am Su Huiqi, may I ask if you are my mother-in-law?”

When Su Yimo heard that, she couldn’t help but broke into a laughter. That Su Huiqi was truly shameless to be able to say something like that! Where did she find that kind of confidence to own up the dowry? Not only that, calling Shiyan her mother-in-law? What a joke!

“Where is the dowry that I sent?” Shiyan didn’t even cast another look at Su Huiqi and asked Su Ruijin.

“I have passed everything to Su Huiqi. Don’t worry, I did not take a single cent.” Su Ruijin said.

“You?” At that time, Shiyan turned over and looked at Su Huiqi. The woman asked, “Where is the dowry?”

“Mum, I am wearing it. I have been taking good care of the gift you gave me!” Su Huiqi answered with a smile.

“Mum?” Shiyan sneered, “I am not your mother. And I came here today to bring back the dowry.”

?!?!?!

That was like a bomb drop in Su Huiqi’s mind.

Taking back the dowry?

How could that be? Everything was good, why was she taking back the dowry?

And Su Huiqi had spent pretty much everything from the dowry already. She just didn't have the slightest worry spending it because she was cocksure that the dowry was meant for her. For the past weeks, she had indulged herself in the life of a wealthy woman. Now that she was asked to return, how could she produce it?

"Mum, please don't joke like that. Although I don't know who your son is, I am willing to marry him." Su Huiqi said.

"Even if you are willing to marry him, I don't think he could cast another look at a cheap whore like you." Shiyan answered indifferently.

The moment Su Huiqi heard that, she wobbled and fell to the floor.

All this while, she had been fantasizing day and night of her life getting married into a wealthy family, dreaming that she had everything. She even fantasized that after she got married into the Han family, even the bowls and plates she used would be embedded with diamonds. However, her dream was shattered into pieces that very moment!

"That... Is there some kind of misunderstanding?" Su Ruijin asked in puzzlement. Why would they take back the

dowry all of a sudden?

“Misunderstanding? That dowry wasn’t meant for her. How can it be a misunderstanding? You guys were the one that overthink.” Shiyan said.

“But... But the dowry was meant for the Su family, no? If it isn’t Su Huiqi, who could it be?” Su Ruijin asked in shock. Su Huiqi was the prettiest amongst the younger generation. If the woman’s son couldn’t even show favor to Su Huiqi, is there a possibility for him to like someone else?

“You simply need to know that if I asked for the dowry, you should pay it back in perfect condition. As for the rest, do you think you have the right to ask?” Shiyan said overbearingly.

Su Ruijin gnashed his teeth. Although he knew that the other person was great, the Su family wasn’t weak either. Moreover, they have given the dowry themselves, how could they just take it back like this?

“Shouldn’t you give me an explanation?” Su Ruijin said.

“Explanation?” Shiyan scoffed in deride, “Who do you think you are? Asking an explanation from me?”

Su Ruijin had a grim expression right away. Now that he became the chairman of the Su family, how could he accept such humiliation?

When the rest of the relatives heard that, they felt offended as well. If she humiliates Su Ruijin, she would humiliate the entire Su family as well.

“Who do you think you are, acting so cocky in our Su family?”

“Why not you go ask around in Yun city about our Su family. You think we are nobody?”

“Don’t be thinking that you are a somebody because you have some money. This is Yun city, not where you came from!”

The group of relatives were infuriated and trying to intimidate Shiyan.

But Shiyan was the daughter-in-law of the Han family. When she was challenged, she did not back down but exuded an even pressuring aura.

That was coming from a real Titan in the nation.

The temperament Su Ruijin acted was of heaven and earth difference compared with Shiyan.

“Are you telling me you don’t plan to return the dowry to me?” Shiyan asked indifferently.

“It is not that I don’t want to return it. But you should at least give me a satisfactory reason. I, the Su family don’t care about this little bit of

money.” Su Ruijin answered.

“I will make sure to satisfy you properly.” After Shiyao said that, she took out her phone and made a call.

In less than half an hour, the few brothers from the Tian family drove to the Su family’s mansion right away.

When Su Ruijin saw the grandeur, he was drenched in cold sweat. Who was that woman? How could she gather everyone from the Tian family like this with just a phone call? Were they shooting for a movie!?

Those relatives who raised their voice to intimidate Shiyao lowered their head in fright. They didn’t even dare to breathe harder.

The Su family thought that they could pressure Shiyao because they were in Yun city. And they had not expected the greatest people from Yun city gathered because of just one phone call from her.

Tian family. That was the Tian family!

The Su family meant nothing more than an insect before the Tian family.

“How was it? Are you satisfied with this explanation?” Shiyao asked Su Ruijin.

Su Ruijin was so frightful that his face turned completely pale. As for Su Huiqi, she continued

to sit on the floor and her mind was completely blank.

It was fine that her dream was shattered. But now that she had almost spent all of the dowry, how was she supposed to pay them all back?

Su Ruijin wiped the cold sweat on his forehead and he no longer dared to show any attitude in front of Shiyan. The chairman of the Su family? That meant nothing before the woman that could easily get the Tian family to follow her command. How dare he continue to act in front of her?

“Su Huiqi, hurry and get someone to bring the dowry.” Su Ruijin spoke to Su Huiqi. That was such a grandeur in their mansion. It seemed that they have no choice but to pay back the dowry. Did she even need to provide a reason? Her power was the greatest reason and it was just suffocating the Su family.

Su Huiqi was in despair. She was able to produce the gold and jade. However, she had almost finished spending all of the cash. How could she pay it back?

“Ruijin, help me!” Su Huiqi begged for Su Ruijin’s help.

Su Ruijin knew that Su Huiqi had been spending crazily for the past weeks. The woman was wearing branded goods up to her teeth. However, it wasn’t possible to finish spending eight million, right? That was a crazy huge amount and not even him could be able to pay it back.

Not only that, now that Su Huiqi wouldn’t be marrying into the Han family, she no longer has any use for him.

“Don’t tell me you have spent all the money!” Su Ruijin gnashed his teeth and asked.

Su Huiqi shook her head in panic and replied, “No, I didn’t. There are still one million left!”

One million!?

Which means Su Huiqi had spent more than seven million in such a short time! That crazy woman! Who gave her that confidence to spend like that?!

“I don’t care if you need to liquidize your family asset for the company. If there is even a single cent missing, the Su family no longer needs to stay in Yun city.” Shiyan said indifferently.

When Su Ruijin heard that, his heart sank. He wouldn’t need to doubt her words. Because the Tian family was willing to step up to her service. If the Tian family was to be the one taking action, the Su family wouldn’t have any place to stay in Yun city.

However, where should they even find seven million?

“Su Huiqi, how can you spend so much? Are you just trying to push us, Su family to our doom?”

“You are just a prodigal woman. That was seven million!”

“Hurry and go sell off everything you bought,

even your house as well. Make sure you don't drag us down!"

Although the Su family had a lot of members, it wasn't the first time they watched for just themselves when trouble comes. At that moment, everyone was just condemning Su Huiqi. After all, their livelihood was depending on the Su family. If the Su family was brought down, everyone would be doomed.

Su Huiqi's dreams were all shattered. She had never once imagined that Han Jingru's jinx would come true!

"It was Han Jingru! That trash cursed me! How can it be my fault!?" Su Huiqi grabbed her hair and screamed like a crazy woman, shirking all of the responsibility on Han Jingru.

Su Ruijin didn't believe something as outrageous as that. Han Jingru was simply making a lucky guess. The person the Han family favored might not be Su Huiqi from the start and she was the one that took that upon herself.

Su Ruijin could no longer care about the reason the Han family takes back the dowry. It was of utmost importance to produce the dowry and settle this incident.

"Give me one day and I will definitely pay you back in full." Su Ruijin said towards Shiyan.

He wasn't willing to help Su Huiqi but he had no

choice. If he couldn't produce the money, the entire Su family would be dragged down by her.

"Sure, I will give you one day. The same time tomorrow, send the dowry to Su Yimo's house." Shiyan said.

Su Yimo!?

How could it be Su Yimo's house!?

"What happened? Why are we giving the dowry to Su Yimo?"

"Don't tell me she didn't know that Su Yimo is already married?"

"How can that woman be so lucky? Can she be divorcing that trash already?"

The Su family was stupefied and they gossiped secretly. No one could understand why Shiyan would do that.

Su Ruijin was surprised as well. Why were they giving Su Yimo so much money?

"Don't you know that Su Yimo is already married?" Su Ruijin said.

"Do you think the Han family will take back a gift they gave away? Now I am just giving it away to someone random. Do you have an opinion?" Shiyan said.

Bloody hell!!

Is that an attitude of someone truly rich? A dowry worth almost 10 million and they could just give it away randomly. More than that, she was giving it to Su Yimo! How could she be so lucky?!

Su Ruijin was even more resentful. In her opinion, the dowry was rightfully hers. But now, Su Yimo snatched it from her hand.

“What right does Su Yimo has? Aren’t I much prettier than her? Not only that, she married a trash. How can she have the right to take what belongs to me?” Su Huiqi yelled in frustration.

Shiyan’s face turned into a cold chill.

Saying Han Jingru is a trash right in front of her?

The mother looked at one of his bodyguard and the person walked forward right away and slapped Su Huiqi. The man said coldly, “Who give you the right to ask questions?”

Su Huiqi was stunned. She covered her face and dared not to speak another word.

“The same time tomorrow, if he didn’t send the dowry to the mansion in the middle hill, you guys should know what to do, right?” Shiyan asked the group of Tian family.

The Tian family nodded hurriedly and they didn’t even dare to speak another word to Shiyan. That was someone from the Han family

in Yan Jing. Even if the Tian family was the greatest in Yun city, they meant nothing in Yan Jing.

After she left, the Su family mansion was in a tensed atmosphere.

“Ruijin, what should we do now?” Su Wenyi asked worriedly.

Su Ruijin looked at Su Ruijin hatefully. Had she didn't spend so lavishly, they would never have that problem. And now he was just regretful to have passed all of the dowry to Su Huiqi. But he knew that it was too late to regret.

“Why not we just asked Su Yimo to tell them she have received the money?” One of the relatives suggested.

Jiang Yan was secretly elated about that and how would she allow that? That was worth almost 10 million!

“Impossible. Why should we say that if we didn't get the money?” Jiang Yan said.

“And you plan to see the Su family doomed? Don't you forget that you are also one of us!”

“Exactly. Now that the Su family is in trouble, you guys should help as well. It is just a lie, what is the difficulty in that?”

“Su Huiqi has already spent all of the money, do you plan to watch her die?”

The relatives pointed a finger at Su Yimo immediately. However, they weren't defending Su Huiqi. In the end, they wanted to get the problem solved because of themselves. They just didn't want to get involved.

"Sure, but if that woman were to find out, who shall take up the responsibility?" Su Yimo asked.

When the rest of the Su family heard that, none of them dared to speak. They knew what consequence awaits and no one would be able to shoulder it.

Although Su Ruijin had the same idea to get Su Yimo to lie, he didn't dare to risk it. After all, Su Yimo's concern was real. If the woman finds out, her wrath might just be deadly for the Su family.

"Yimo, the only cash flow we have is the loan you took for the project." Su Ruijin said.

"No way." Su Yimo rejected it determinedly. That bank loan was meant for the West side project. How could she use it to pay back Su Huiqi's mess?

"And you plan to watch the Su family go bankrupt? If the Tian family targets us, do you think there is a point for you to hold onto those bank loan?" Su Ruijin gnashed his teeth.

Su Yimo drew a deep breath and looked at Su Huiqi, "Make her sells off everything, even her

asset. Gather as much as she can and the rest may be taken from the loan.”

When Su Huiqi heard that, she screamed angrily, “Su Yimo, what do you mean? Are you saying that I should sleep on the street? You are just treating me unfairly!”

“Unfair? Su Huiqi, you were the one that spent the money. I didn’t take a single cent. How have I treated you unfairly? Weren’t you just showing off how much you enjoy your life? You are the one that did everything. How can you blame me?” Su Yimo said.

“But you can’t be selling my things and also my house! I don’t care, let’s die together then!” Su Huiqi said with a twisted expression.

That statement offended everyone right away.

“How can you get us involved in this? If you really don’t want to live anymore, just jump off the building yourself!”

“You were the one that spent the money and it is only reasonable for you to pay it back. Did anyone ask you to be so cocky?”

“And you still want to buy a necklace worth a few hundred thousand! I think you better find yourself a rope to hang yourself now! Show off!”

The group of the young ladies from the relatives finally found the chance to step on Su

Huiqi. They had just gotten enough of Su Huiqi showing off and rubbing it on their face!

Han Jingru didn't know what happened in the mansion. He simply found a tree shade and smoked under it. After Shiyan came out, she walked towards him and said, "Smoking is bad for your body, you shall quit it."

Han Jingru took huge breath and said, "A little bit of pain is just the best reminder to feel alive. I am still not in the age to care about my body. If I don't do anything unhealthy while I am young, should I wait until I am old to do it?"

Shiyan was rendered speechless by that argument and she said, "Your body is your greatest asset. If you don't even have a good body, how are you supposed to do what you want to do?"

Han Jingru raised an eyebrow when he heard that. If Shiyan were to say that, it seemed that she had noticed something.

"It isn't important if I can do what I want to do. Because I wasn't trying to prove myself to anyone. I was simply trying to test my limit." Han Jingru said indifferently.

"But there is something you must do." After Shiyan said that, she took out a picture and passed it to Han Jingru.

Han Jingru looked at the picture in puzzlement and asked, "Who is this?"

"It was because of him that you were treated unfairly. He was the person that gave the idea

of kingly blessing and evil face to Nangong Shuxian. I have always suspected the identity of this Taoist.” Shiyan said.

Kingly blessing?

Han Jingru frowned. When he met Han Yu in prison, he heard him mentioning about that before but he didn't understand. It seemed that Shiyan knew what was happening.

“What do you mean by kingly blessing?” Han Jingru asked.

“That was something the Taoist told Nangong Shuxian: Han Yu has a kingly blessing and he was the only one that could make the Han family prosper. As for you, you have the evil face and you would bring the Han family down. From that day onwards, Nangong Shuxian stopped treating you like one of the Han family.” Shiyan explained.

“Just because of something as ridiculous as that and she ousted me from the Han family?” Han Jingru smiled bitterly. Nangong Shuxian would even believe in something so outrageous.

“That's right. I have tried to stop Nangong Shuxian but she was just stubborn as a mule. I didn't have any choice back then and even your master went to investigate that Taoist. However, he couldn't get anything of him. You should be aware of Yan Wan's abilities. If not even him can find out anything, it simply means

how extraordinary the Taoist was.” Shiyan said.

“Are you suggesting this Taoist is sent by the Han family enemy?” Han Jingru asked.

“I suspect that they were related to your father’s case as well.” She and continued.

Han Jingru simply smiled as he held the yellowish photo in his hand, “Since it is the family feud of the Han family and I was kicked out already, how does it relate to me? Why should I trouble myself?”

“If you don’t go looking for trouble, that doesn’t mean trouble won’t come knocking on the door. And do you think they will believe you if you say you aren’t one of the Han family? Moreover, they would definitely know that I appeared in the Su family’s mansion today. Do you think they wouldn’t be investigating on this matter?” Shiyan asked.

Han Jingru’s face turned cold. Shiyan was obviously threatening him and strong arming him to get involved.

“You shouldn’t be angry. You were the one requested me to come and I simply did as you say.” Shiyan said.

Han Jingru smiled helplessly. He was the one that called for Shiyan but he wasn’t aware of all of these happenings.

Shiyan simply sighed, “I knew that the Han

family had wronged you. But all in all, you are still one of us. Even if I didn't come to the Su family, they would get their hands on you sooner or later. I am simply preparing you earlier."

"If not even my master can find out about them, that simply means the enemy was too great. You are simply bringing me down alongside." Han Jingru said.

"Why are you so unconfident with yourself? You have lied low for ten years. Not just anyone can have your temperament and I believe in you." Shiyan said.

"Your belief means nothing. Do you think I am capable to face an opponent as strong as that?" Han Jingru asked indifferently.

Shiyan hesitated for a while and said, "When you are little, your grandfather treated you well. Do you still remember that?"

"But after grandpa passed away, you should know how I was treated in the Han family. Do you think there is a point to convince me by bringing those memory up?" Han Jingru sneered.

"No one had ever seen the body of Han Xiuzhi. And even his coffin in the tomb is empty right this moment." Shiyan continued.

When Han Jingru heard that, his emotion was riled immediately and he answered coldly,

“What do you mean? What are you trying to say?!”

When Han Jingru heard the death of Han Xiuzhi, he was still a little boy and he almost cried his eyes out. But now, Shiyao told him that no one had ever seen Han Xiuzhi’s body!

“That is simply my suspicion. But if you want to know the truth, you should investigate it yourself. Maybe you are able to find out everything after you find the identity of that Taoist.” After saying that, Shiyao left.

Han Jingru’s chest was rising and lowering rapidly as he breathed hard.

Grandpa was related as well?

Is there any possibility that he wasn’t dead but he was simply imprisoned by someone?

If that was the case, he had no choice but to get involved. Even if the chances are one in a million, he must give it a try.

Han Jingru examined the Taoist in the picture properly and gripped his fist tightly. The man gnashed his teeth and he growled, “If grandpa is alive, you best treat him properly. Otherwise, I will make sure you regret ever lived.

Han Jingru was boiling in anger and he didn’t realize someone approaching him. When Su Yimo saw that he had such a grim and wrathful expression, she didn’t dare to say anything as

well.

When Su Yimo saw the person on the picture, she frowned a little as she felt that she had seen it before.

After a long while, Han Jingru slowly suppressed his emotion and came back to his senses. When he saw Su Yimo's standing right beside him, he hurriedly kept the picture and asked, "How was it? Has Su Huiqi spit out all of the dowry?"

Su Yimo nodded and said, "She had almost finished spending all of the cash. But she will be selling everything she brought along with her house. As for the rest, we will be paying using the company fund."

"That should be enough to teach her a lesson." Han Jingru answered with a smile.

"But..." Su Yimo was hesitant to speak.

Han Jingru asked curiously, "But what?"

"She gave me all of the dowry." Su Yimo said.

When Han Jingru heard that, he was stunned. He thought that Shiyan would be bringing all of the dowry away but he was surprised to hear that she gave it to Su Yimo!

"What did she say?" Han Jingru asked.

"She said that the Han family will not take back

something they gave away. She just randomly decides to give it to me.” Su Yimo said.

Han Jingru simply smiled. That was quite a forceful reason but the Su family shouldn't be suspecting it. After all, they wouldn't be able to imagine the life of a truly wealthy person.

At that time, Su Huiqi stormed towards Han Jingru. Her dreams and fantasies were completely broken. She just couldn't find someone to blame and it was just natural for her to blame everything on Han Jingru. Because he was the only one that cursed her.

“Han Jingru, you jinx! If it wasn't for you cursing me, why would something like that happen to me!” Su Huiqi screamed angrily.

Han Jingru simply maintained an unbothered expression, “How can you say that I cursed you? If I hadn't said that, does that mean the dowry belong to you? You were the one that one-sidedly thought the dowry belongs to you. Did anyone else said that?”

Su Huiqi's face was twisted in malice. He was right that no one ever said that the dowry belonged to her. From the beginning until the end, it was just her one-sided claim. Even right that moment, Su Huiqi still refused to accept the truth. Because she didn't think that anyone from the Su family could compete with her beauty.

“Han Jingru, just you wait! I will make sure to

pay you back! I, Su Huiqi will definitely marry into a rich family. As for Su Yimo, she will never be able to compete with me in this life.

Because she has married to a trash like you!”

Su Huiqi barked angrily. Aside from the Han family, she still couldn't find some other rich people. The woman was confident that she could be favored in the future.

Han Jingru simply smiled uncaringly. Su Huiqi was confident because of her beauty. But for someone truly wealthy, that level of beauty meant nothing.

Although the society no longer cares to have matching family in marriage, it was still meaningful for those truly rich people. And with Su Huiqi's social circle, how could she ever get herself acquainted with those men?

Moments after Shiyan left the mansion, Yan Wan appeared next to her like a spectre.

“You didn’t only make him shoulder an unnecessary responsibility, but also gave him a false hope.” Yan Wan’s tone was cold. Although his responsibility was merely protecting the well-being of the Han family and he didn’t have the right to interfere with the family’s internal matters, he just couldn’t agree with what Shiyan did.

Giving the picture to Han Jingru meant that the young man needed to investigate the background of the Taoist. That was extremely dangerous for Han Jingru. Not only that, Shiyan gave Han Jingru a reason he could never turn away to. She leveraged on Han Xiuzhi and gave Han Jingru no choice.

“The entire family and not even I can make Han Jingru feel compassionate. Han Xiuzhi was the only exception because he was the person he cared for the most. That is my only choice to get him on the boat fully committed.” Shiyan said expressionlessly.

“But you shouldn’t be giving him a false hope like this. Han Xiuzhi was a sorrowful pain he could never lied away. Don’t you know how many times he had cried himself to unconsciousness?” Yan Wan gritted his teeth.

“Of course I know that. No one could match his relationship with Han Xiuzhi. But you should know that hope is the greatest motivation to

anyone.” Shiyan said.

“But Han Xiuzhi is already dead. That is not hope.” Yan Wan fumed.

“Dead?” Shiyan smiled indifferently, “Have you ever seen his body? If no one had ever seen his body, who could guarantee his death? Even if it was one in a million, Han Jingru will not give up.”

Yan Wan drew a deep breath. After so many years, there were no news about Han Xiuzhi at all. How could he be alive? Yan Wan was simply manipulating Han Jingru to do it.

“Back then before his death, he asked me to take care of the Han family. How could he stay alive in that state?” Yan Wan gripped his fist tightly.

“And you are telling me that his dead body disappeared? Do you think that is possible? Why would the Han family’s enemy in the shadow steal a meaningless dead body?” Shiyan asked with a smile.

The man knew that it was pointless to reason with her. Not only that, she had given Han Jingru hope and he was destined to be involved. There was nothing he could say to change his mind.

“You are just like Nangong Shuxian. I hope you won’t repeat her mistake.” Yan Wan said.

Shiyan stopped her steps suddenly. After that, she let out a smile of relief.

Just like Nangong Shuxian?

Not alike but she was exactly the same type of person like Nangong Shuxian. However, when the grandmother was alive, she had always suppressed that side of Shiyan and the woman didn't expose herself.

Shiyan was compassionate towards the injustice Han Jingru faced. However, that didn't mean she would allow Han Jingru to live in peace. He should be the one to take up the dangerous challenge of the Han family.

Not only that, she wanted to find out why Han Ying would fall sick so suddenly and she wanted to avenge her husband!

"I shouldn't even need to say so much. He is one of the Han family and this is his destiny. That is just his fate." Shiyan mumbled to herself.

Han Xiuzhi was the one that handpicked her to marry into the Han family. All because she had showed the same character and trait as Nangong Shuxian. Previously, Shiyan didn't understand why Han Xiuzhi would do that. But now, she started to understand him. Han Xiuzhi wanted every generation to take up the family independently. Now that Nangong Shuxian passed away, she should be the one to inherit the Han family.

“Old man, you are truly a very wise person. I do not think there is anyone in this world that could compete with your wits.” Shiyan exclaimed. After that, her lips curled up and continued, “But I hope that you aren’t alive. Anger is the best motivation to make Han Jingru avenge the Han family. Your death is the best spark.”

The next day, Su Ruijin and Su Huiqi appeared in Genting together. They were carrying a bag of cash as well as the gold and jade.

Whenever Su Huiqi thought about giving all these to Su Yimo, she was just simmering in anger. She had showed it off in front of Su Yimo in the past. But now, she needed to deliver all of them to her personally. She was so hateful towards Su Yimo and she just wanted to kill her.

“Ruijin, wait for me!” Su Huiqi paused and asked Su Ruijin.

Su Ruijin looked at Su Huiqi in puzzlement and asked, “What are you doing?”

There was a flash of malice in Su Huiqi’s eyes and she said, “I will not let her get it so easily!”

When Su Huiqi said that, she took out the golden hairpin and rubbed it on the pavement. The hairpin was soon damaged.

“What are you doing? Are you crazy?!” When Su Ruijin saw that, he stopped Su Huiqi

immediately.

“I am not crazy. Even if I have to give it to her, I must make sure to break it first!” Su Huiqi gnashed her teeth as she said that.

Su Ruijin knew that she was upset with the matter. But now she had no choice but to concede.

If Shiyan were to know that she damaged all these jades and gold, the Su family just couldn't handle her wrath.

“Damn you, stop it! Do you still want to cause further trouble for the Su family?!” Su Ruijin fumed.

Su Huiqi raised her head and stared at Su Huiqi in irritation, “Ruijin, what do you mean? Look at your attitude towards me now. Even without the Han family, I will definitely marry into some other wealthy family, making them invest in the Su family. If you treat me like this, do you think I will still show you favor in the future?”

Su Ruijin simply sneered. He treated Su Huiqi well all because of Han family. But now that it was obvious that she wouldn't be marrying into the Han family and she became worthless for Su Ruijin.

As for the future, Su Ruijin couldn't care less about that.

“Su Huiqi, can you face the reality? How many

wealthy families are there in Yun city? Do you think you can marry into the Tian family?" Su Ruijin asked coldly.

Su Huiqi gritted her teeth and said, "Mind your own business. I will be handling the consequences myself!"

She took out the golden bracelet right after that.

Su Ruijin knew he mustn't let her fool around anymore. She said that she will be handling the consequences herself, but no one could make the decision for Shiyan.

Su Ruijin mustn't allow anything that risk the Su family.

Slap!

Su Ruijin slapped Su Huiqi hard and said sternly, "Su Huiqi, this is your last warning. If you keep this up, I will really kick you out from the Su family. Without the Su family, how do you plan to live? And how do you plan to marry into a rich family?"

Su Huiqi shivered and she was frightened by Su Ruijin. If she were to be ousted by the Su family, she would no longer be the young lady of the Su family and she would never get the chance to approach rich man.

"Ruijin, sorry. I was wrong." Su Ruijin lowered her head but her eyes were filled with malice.

Su Ruijin thought of Su Huiqi much better than Su Yimo. Furthermore, she didn't have a trash like Han Jingru around her. When he heard Su Huiqi's apology, he softened up a little.

"Let's go. This isn't your thing and why are you so obsessed? With your beauty, even if you can't marry into a truly wealthy family, you wouldn't have a problem marrying a rich man. At the very least, you would be better off than Su Yimo marrying a trash like that." Su Ruijin said.

When Su Huiqi heard that, she was in a much better mood. Indeed, even if she were to choose blindly, she wouldn't end up worse than Su Yimo. After all, Han Jingru was the famous trash in Yun city. Who could be lower than him?

Jiang Yan was already waiting anxiously in the living room, as if she was the nervous bride waiting for her dowry. The moment she heard the doorbell, it was the first time she went to open the door so eagerly and did not trouble Ho Ting.

"Auntie Jiang, where is Su Yimo?" Su Ruijin asked indifferently.

When Jiang Yan saw the bag the two of them were holding, her eyes lit up and said, "Su Yimo went to work and you just need to pass it to me."

Right after she said that, Jiang Yan stretched out her hand to grab the bag from Su Huiqi.

However, Su Huiqi was unwilling to let go and she clutched on the bag stubbornly.

“What are you doing? These things belong to my daughter. Don’t tell me you plan to take it back! Have you forgotten what she said yesterday?” Jiang Yan glared at Su Huiqi and said.

Su Huiqi drew a deep breath and let go of her grip heavy heartedly.

“Come inside and rest for a while. You should have a look at these goods as well!” Jiang Yan took the bag and hurried into the living room. After that, she sat down and opened it up impatiently.

The moment it was unzipped, the shine from the jewelry almost blinded her.

Su Ruijin sighed powerlessly. Although he moved into the Su family mansion, it was still a great difference compared to the mansion in the middle hill.

At that time, Han Jingru came out from his room. When he saw the two of them, he nodded to them with a smile.

The moment Su Ruijin saw Han Jingru, he sneered with a mocking tone, "How nice it is to be dependent on a woman~ waking up at this hour and you don't even need to worry about your food and place to stay. Why don't I have such a good luck like you?"

Han Jingru knew that Su Ruijin was taunting him. However, that was simply useless against the man and he replied, "If you have a good look like me, maybe someone will be willing to be your sugar mama. However, I'm afraid you do not have that gift and I believe you will never be able to do it in this lifet."

Su Ruijin was infuriated by the reply. Did Han Jingru just insulted his looks?

"Han Jingru, I am just impressed by your shamelessness. You didn't do anything as a man, yet you have no problem acting so cocky." Su Ruijin's snickered.

"Are you jealous? But I can understand that. After all, a person like you can do nothing but envy." Han Jingru chuckled.

Su Ruijin had a grim expression. He just couldn't win against someone as shameless as that!

"Auntie Jiang, look at your trash son-in-law! Isn't he making you proud?" Su Ruijin turned over and asked Jiang Yan.

In Su Ruijin's anticipation, Jiang Yan would

definitely join him and said Han Jingru. However, things took an unexpected turn.

All of Jiang Yan's attentiveness were in the bag of jewelries. She was busy putting them on herself and she couldn't care less what was happening in the living room.

Moreover, even if Jiang Yan wasn't the least bit distracted, she didn't have the courage to say anything to Han Jingru.

"You youngsters should chit chat together. Don't drag me in." Jiang Yan said disinterestedly.

Su Ruijin hissed a deep breath. That woman had completely lost it the moment she saw money. How could she even allow Han Jingru to talk so shamelessly!

"Han Jingru, as a fellow man, I am just getting embarrassed for you!" Su Ruijin continued.

"Why should do you feel embarrassed for me? Did I ask for your help? Are you too free or something?" Han Jingru answered with a laugh.

Su Ruijin was so angered that even the fine hair on his body was standing up. If it wasn't for the fact that he couldn't win the fight against Han Jingru, he would have raised his fist already.

"Su Huiqi, let's go!" Su Ruijin was afraid that if he were to stay, he would get a stroke or

something. He must admit defeat towards a shameless opponent like Han Jingru.

Su Huiqi had been fixing her eyes on Jiang Yan all the time and she could almost feel her heart bleeding. Those things were rightfully hers but now Jiang Yan was wearing it. The woman was just completely frustrated.

After hearing Su Ruijin, she averted her gaze back heavy heartedly and spoke towards Han Jingru, "I have never seen a jinx as shameless as you! I hope that you will depend on a woman for the rest of your life and you better be careful not to get dumped by Su Yimo. After all, a man like you can no longer match her!"

"It is pointless to taunt me. If you don't have anything better, just hurry and leave." Han Jingru waved his hand disinterestedly.

After the two of them left the mansion, Su Ruijin made a grim expression and fumed, "That trash, how dare he! When I get the West side project in my hand, let's see how he continues to depend on his wife!"

"How is your relationship with Zhong Ji now? Han Jingru can act so conceitedly all because of Su Yimo's position in the company. If you still don't teach him a lesson, he would be pushing it further and further!" Su Huiqi incited. Now that she was in the pit, she wanted to get Su Yimo to join her. It was best that they could snatch Su Yimo's position as the person in charge of the West side project.

Although Su Ruijin was giving a big talk, he couldn't make any progress in that matter. He had met Zhong Ji a few times and the man showed him some respect. However, they weren't close enough to make that suggestion.

After two close call, Su Ruijin wouldn't dare to try it without hundred percent confidence. Because the consequence was something he wouldn't be able to handle, having the Su family goes into their doom.

"No worry. I have all the time in the world to play with him. Han Jingru is just a trash, do you think he can win against me?" Su Ruijin sneered.

Su Huiqi trusted Su Ruijin. After all, he was the chairman of the Su family now and he had the absolute authority over the company. As for Han Jingru, he was nothing but a matrilocal trash. How could he compete with Su Ruijin at all?

"You will be able to get him sooner or later." Su Ruijin said.

In the mansion.

Jiang Yan was in a great mood looking at the dowry. The woman could see nothing else but money, money and money.

"Hmm?" All of a sudden, Jiang Yan noticed that there was a lot of marks on the golden hairpin, and her face turned grim immediately. She

yelled for Han Jingru, "Han Jingru, hurry over here and see!"

Han Jingru walked towards Jiang Yan in puzzlement and asked, "What happened?"

"Look at this hairpin, don't it looked like someone intentionally damage it?" Jiang Yan asked in irritation.

From the mark, it truly seemed that it was done not long ago. Probably Su Huiqi was the one that did it out of resentment.

"It does seem so." Han Jingru said.

"It must be that bitch, I want to confront her!" Jiang Yan fumed at.

"Just a petty matter like that, why trouble yourself? As long as the weight is accurate." Han Jingru said indifferently.

According to Jiang Yan's temper, she would definitely confront Su Huiqi and quarrel with her. How could she accept a malicious attempt to damage the hairpin like that? It was her hairpin somemore!

But after hearing Han Jingru's words, her anger subsided immediately.

She looked at Han Jingru carefully and asked, "Not making her responsible, really?"

She was obviously asking for Han Jingru's

permission. Han Jingru could tell that Jiang Yan no longer dared to treat him with a bad attitude. Not only that, she respected his opinion very much.

“I think you should ask Su Yimo about that.” Han Jingru noticed that he was the one that couldn’t get used to Jiang Yan treating him with such a nice attitude. After all, he had gotten used to her for the past three years. The sudden change just made him feel eerie.

“Okay, I’ll wait after Yimo off work.” Jiang Yan said.

“By the way, it is almost time for the mid-Autumn Festival. Are you going back this year?” Han Jingru asked.

Jiang Yan would be going home every mid-Autumn Festival and she would always find excuses to ditch Han Jingru. However, this time round she must make sure to go home and she would be bringing Han Jingru.

“Yes, if you have the time, come with us.” Jiang Yan said.

“Okay.” Han Jingru nodded. Although Jiang Yan had done a lot of horrible things, Han Jingru was the one that decided to endure it and he never thought about finding fault in the future. After all, she was Su Yimo’s mother. The man was just pleased that she learnt her lesson and stop causing trouble for him.

Soon after, a Lamborghini came out from the mansion. In Genting, that kind of car meant nothing but it was an attention seeker in the street. Almost everyone would turn their head back to follow the car.

When Han Jingru drove to Mojo nightclub, he parked the car and went inside.

Xie Yufu was just in a bad mood when she saw that. The woman was surprised to see Han Jingru driving a good car like that.

Although the Su family was rich, they wouldn't have allowed a trash like that to drive a Lamborghini.

And according to Xie Yufu's knowledge, even the new chairman of the family, Su Ruijin was just driving a Mercedes Benz.

"The Gods must be blind to let a trash like that drive such a good car!" Xie Yufu said hatefully.

Xie Yufu walked towards the car and removed her high heels. After that, she struck the car and caused a very obvious dent. However, she was still simmering in anger and she picked up a stone on the floor and threw it on the windshield.

When her phone rang, Xie Yufu stopped her vandalism.

"What are you doing? Why are you calling me so late?" Xie Yufu said in an annoyed tone.

“I’ll give you five minutes to drive to Mojo nightclub. If you can’t reach in time, you don’t have to appear before me anymore.”

In less than five minutes, a BMW five series park right in front of Xie Yufu. There was a young man got down from the car.

“Why are you in such a bad mood? Who made you angry?” The young man asked.

“A trash, a filth, a piece of shit!” Xie Yufu fumed.

The young man is Liu Qi, one of Su Yimo’s courtiers. He would be coming in just a phone call from her. A loyal skirt chaser. When he heard Xie Yufu saying that, he knew that it might just be his big break and he hurriedly said, “Who was it to offend you? Why not you tell me and let me avenge you?”

“You? Do you have that ability?” Xie Yufu scoffed.

Liu Qi tapped his chest and said proudly, “Yufu, don’t belittle me. I know a lot of leaders in the underworld. Do you want to see that idiot kneeling before you and apologize?”

Kneel and apologize?

Xie Yufu was just dreaming for that to happen. Han Jingru had sabotaged her plan and even caused her to get a great scolding from her father. After that, she offended Molan and almost got into trouble. Xie Yufu was just simmering in hatred and looking forward to her revenge.

Since Liu Qi was courting her, it was just natural for him to do something like that.

“Liu Qi, if you can make him kneel and apologize to me, I’ll agree to have a dinner with you.” Xie Yufu said.

Will Liu Qi heard that, he was exhilarated. The man had failed countless time asking Xie Yufu for a meal. He finally got a chance this time.

“Don’t worry, I’ll get my men right now. Not just letting him kneel and apologize to you, I will make sure to make him bark like a dog!” Liu Qi chuckled.

“He is Han Jingru, you should know who he is, right?” Xie Yufu said.

Han Jingru?

When Liu Qi heard that, he was stunned. Isn’t that the famous trash from the Su family? How dare that thing offended Xie Yufu like that? Was he courting his own death?

“Yufu, if I, Liu Qi can’t handle that kind of trash for you, I’ll change my name.” Liu Qi sneered.

Xie Yufu did not tell Liu Qi about how Tian Jingle favored Han Jingru. She was afraid that if Liu Qi finds out about that, he wouldn’t dare to handle Han Jingru for her.

That information was only known by those upper-class people that attended Tian Jingle’s birthday banquet. With Liu Qi’s family background, he wouldn’t have the right to participate. That was also a reason why Xie Yufu looked down on Liu Qi and wouldn’t give him a chance.

Even after Liu Qi did so many things for her, even casting away all of his pride, Xie Yufu was a materialistic woman that only chose her husband by their family background. The entire city, aside from the Tian family, she would only be interested in Kong Wu and she was willing to do anything for him.

When Han Jingru got out from Mojo and saw that his car was vandalized, he was feeling heart pained. Although he wasn’t the one that paid for the car, it worth a few million. And now, it was being vandalized without reason.

He asked Molan to investigate on that matter. And through the CCTV by the streets, they soon found the culprit.

When Han Jingru saw Xie Yufu from the CCTV, he smiled helplessly. That woman still dares to

cause trouble for him. Didn't they teach her a lesson already?"

"Bloody hell, this little girl has quite the tempter! Not only that, she had such a bad memory. It seemed that her father didn't drink enough previously." Molan said coldly. Vandalizing a car outside Mojo nightclub? It didn't matter who that car belongs to and she had humiliated Molan. If they didn't teach the Xie family a lesson, how could he still show up in Yun city?

"Mr. Jingru, should I get someone to catch her back?" Ling Heng asked.

Han Jingru simply smiled. Xie Yufu damaged his car to exact her revenge on him. It was obvious that a young lady with that temper wouldn't be satisfied with just damaging his car. She should most probably have some other tricks in her bag.

Not only that, the CCTV clearly took a shot of a young man in a Mercedes. Maybe that was her helper.

Since they wanted to teach the Xie family a lesson, they should make sure to make it memorable enough.

"There is no need to hurry. She will definitely look for me again. Help me to get a room tonight and I want to relax a little." Han Jingru said.

Mojo nightclub started their business operation eight o'clock sharp. In just half an hour, the entire place was filled. It was a normal scene to see youngsters shaking their body under the deafening music.

Han Jingru was uninterested to places like this and he didn't like the piercing music. The man waited in his quiet room quietly.

At that time, there was a huge crowd of youngsters that gathered by Mojo nightclub's doorstep. Liu Qi and Xie Yufu were amongst them.

"Liu Qi, this is Molan's place. Will we get involved if we cause trouble here?" One of them asked Liu Qi worriedly.

Liu Qi waved his hand uncaringly and said, "He is just a trash. As long as we don't cause too much of a disturbance, Molan wouldn't care about petty things like this. Don't worry, even if anything were to happen, I, Liu Qi will be able to protect you guys."

Liu Qi acted fearless in front of Xie Yufu intentionally. However, he was secretly worried as well.

After all, Molan was the greatest man in the underworld. Causing trouble in his turf means challenging him. If Molan were to find out about that, they would definitely get into deep trouble. However, for the sake of impressing his lover, Liu Qi was willing to gamble. As long

as they handled Han Jingru without notifying Molan and everything would be fine.

When the rest of them heard Liu Qi, they rested their heart. Just handling a nameless trash wouldn't cause too much of a scene.

“Yufu, just you wait for that trash to kneel and apologize to you.” Liu Qi told Xie Yufu with a smile.

“Stop wasting time and hurry.”

Once Xie Yufu said that, the crowd walked into Mojo.

They have confirmed that Han Jingru was in this place. And they made sure to ask the workers in the nightclub and found out Han Jingru's room.

The group of men went straight into Han Jingru's room.

If they wanted a grand entrance, nothing beats kicking the door open. However, this was Molan's place and they didn't even dare to break a single glass.

Han Jingru was the only one in the huge room. Liu Qi was perturbed about it. Who would be so bored to open the room all to himself? Not only that, he didn't even play any music inside.

However, that was even better. They simply needed to handle Han Jingru alone and they

wouldn't need to worry that they will cause a scene.

“Han Jingru, don't tell me you get chased out from your bedroom and you came here to spend time?” Liu Qi scorned at Han Jingru.

The legendary Han Jingru was famous for doing all the lowest house chores at home and also his matrilocal relationship. Almost everyone heard about how he has never even touched Su Yimo's hair throughout the three years' marriage.”

“You guys came quite early. At least I don't have to wait for so long.” Han Jingru said with a smile.

Liu Qi frowned when he heard that, “Were you waiting for us?”

“Yeah, you have damaged my car. I should find you to compensate me, right?” Han Jingru said.

“Compensate?” Xie Yufu sneered, “Han Jingru, are you blind? Or are you just too dumb to understand the situation. Just look around, do you think I will compensate you?”

“I don't think you have the money to compensate me. Therefore, I plan to inform Xie Jinyan after I teach you a lesson.” Han Jingru said.

Xie Yufu's face was a cruel grin and she said, “I'm afraid you won't have that chance to

inform my father. Go rest in the hospital for a month!”

When Liu Qi heard Xie Yufu, he told the rest of his men, “What are you waiting for? Go and beat him up! Get him admitted in the hospital for one full month. Make sure it is not a single day less!”

If Xie Yufu said one month, then one month shall it be. The loyal skirt chaser was an obedient.

Xie Yufu put her hands on her hip and smirked smugly. The woman was looking forward to seeing Han Jingru getting beaten up and kneel to apologize to her.

How dare you sabotaged my plan! Acting conceit just because Tian Jingle favored you? A trash was just a trash. You were nothing before me, Xie Yufu!

“Han Jingru, if you kneel down and apologize to me now, I might ask them to beat you a little less.” Xie Yufu said smugly.

Han Jingru glanced over at Xie Yufu. That woman felt that the entire world revolves around her just because she had some fan boys and also a wealthy family background. What an egoistic fool.

In comparison with the young lady from the Tian family, Tian Shuirou, Han Jingru couldn't help but exclaimed: a person would turn bad

after getting rich. That was untrue and money wasn't the manipulating factor but the person's personality.

When Tian Shuirou showed her temper, no one in Yun city would be able to handle her wrath. However, she had never did something like that to bully someone lesser than her. Unless it was someone she really despised.

"Xie Yufu, you should really learn from Tian Shuirou." Right after Han Jingru said that, a few men charged towards him. Some of them raised their fists while some kicked out their legs."

Those youngsters were nothing more than bugs before Han Jingru.

In mere seconds, there were howling and crying in the room. However, it didn't come from Han Jingru but Liu Qi's men.

In Liu Qi's eyes, a trash like Han Jingru would get beaten up in no time. However, the reality was a complete opposite. It wasn't even a minute and none of the man he called were left standing.

"You... How could you fight like that?" Liu Qi asked with widened eyes.

"You are the only one left. Since you want to impress her, why not you keep it up?" Han Jingru chuckled.

When Liu Qi heard Han Jingru, he took a few steps back in fright. He hadn't expected Han Jingru to be so great and he could fight against that many people.

Now that he was the only one left, he would just join his men in the floor if he were to step forward.

The man wanted to show off in front of Xie Yufu but he wasn't an idiot. He wouldn't be able to do something as stupid as stepping forward knowing that he would get beaten up.

"Han Jingru, are you acting so cocky because you think that the Su family is backing you up? Do you know who I am?" Liu Qi tried to threaten Han Jingru with his family background. But actually, his family was about the same level as the Su family. However, in just few years' time when the West side project started to pay back, the Liu family wouldn't be able to compete with the Su family anymore.

"Would you enlighten me who you are?" At that time, the door to the room opened and both Molan and Ling Heng walked inside.

When Liu Qi saw the two men, he was completely frightened. He could threaten Han Jingru with his family but he would never dare to do the same before Molan.

With Molan's influence in Yun city, the Liu family was nothing but a worm.

“Mr... Mr. Molan, what brings you here? Sorry, I wasn't causing trouble here intentionally.” Liu Qi knelt immediately and apologized. The man was regretting already. If he were to cause trouble for his family for the sake of one woman, he would be finished. Now the man simply prayed that Molan wouldn't mind that.

“I don't mind that you cause a scene in my place. But if you want to cause trouble for my friend, aren't you just disrespecting me?” Molan said coldly.

Fri... Friend?!

Liu Qi was thunderstruck when he heard that. Han Jingru was Molan's friend!?

Didn't that meant he had just offended Molan by offending Han Jingru?

Liu Qi's face was pale and his expression was of despair.

At that time, Molan frowned and covered his nose. After that, he complained with a disgusted expression, “What is that smell!?”

“Mr. Molan, that fellow peed himself.” Ling Heng said speechlessly. He dared to cause trouble in Mojo with that courage? And he even dared to challenge Han Jingru, what a joke.

Liu Qi had completely wet himself. However, he could no longer care whether he had embarrassed himself or not. Because the man

had seen how his family would go down.

He knelt before Molan right away and banged his head on the floor, "Mr. Molan, I'm sorry. I did not know that he is your friend. Please forgive me this time."

What did Xie Yufu felt that very moment?

It was beyond her wildest dream that Han Jingru had a good relationship with Molan. Even the word 'despair' wasn't enough to describe what she was feeling at that moment.

Previously, Xie Jinyan was forced to drink a huge bowls of liquor because of Molan. Now that they finally managed to settle the feud, she got herself into an even bigger trouble. This time round, she wouldn't be able to settle it with just drinking another two bowls of alcohol.

However, she just couldn't understand one thing.

Why!?

How could a trash like Han Jingru get the favor of Tian Jingle? Not only that, he managed to be a friend to someone so powerful like Molan?

He was just a matriloal trash. A trash everyone has known in Yun city!

"Xie Yufu, before you get someone to avenge you, didn't you consider his competent? Look at that, he is an adult now and he simply lost his

bladder control like that. What kind of joke is that?" Han Jingru said.

Xie Yufu looked at Han Jingru in vex and gnashed her teeth, "How much money have you given Molan to make him pretend to be your friend?"

When Ling Heng heard that, he walked forward and gave Xie Yufu a slap. After that, he warned threateningly, "Xie Yufu, you better watch your tongue when you speak."

Xie Yufu was shivering in fear. She covered her face and looked at Molan fearfully. The woman wasn't careful and accidentally spilled her inner thoughts. She had completely forgotten the consequences it would bring.

At that time, no one could have guessed that Liu Qi stood up suddenly and gave Xie Yufu a heavy kick. After that, he scolded loudly, "You bitch! How dare you offend Mr. Molan's friend. Who do you think you are?! And now that you even drag me down with you. Do you think I will sacrifice my life for you just because I like you!?"

"Liu Qi, how dare you hit me?!" Xie Yufu screamed hysterically towards Liu Qi.

The reason Liu Qi hit Xie Yufu was to cut all ties with her. He knew that he wouldn't be able to shirk off his responsibility. However, it would be good if he could be punished less.

Without Xie Yufu, he could still have all kinds of women.

But if he were to bring his family down, he would lose everything.

At that moment, Xie Yufu had lost all of her worth in his heart.

“Yes, I am hitting you. If it wasn’t for you, can we get into such a mess?!” Liu Qi was the decisive one. Right after saying that, he punched right on Xie Yufu’s face.

Xie Yufu had always treated Liu Qi like her lapdog. Whenever she asked him to do something, he would do it obediently.

She had always been high and mighty before Liu Qi. And now, the man raised his fist against her?

“Liu Qi, don’t you want me anymore?” Xie Yufu said.

Liu Qi sneered coldly, “Do you think I don’t know what a whore like you is thinking? Aren’t you just using me? I have always known that you look down on me and I no longer want to waste my time on you. Look at yourself, as long as I am willing to spend the money, I could have countless women prettier than you flaunting themselves towards me. What makes you think you can act like a Queen and treat me like a slave?”

When Xie Yufu heard that, her face turned paler. It was the existence of people like Liu Qi that made her feel such confidence. She had always thought of herself as a high and mighty Queen. And now, Liu Qi's words pushed her down the cliff.

"Moreover, now that you even dared to offend Mr. Molan's friend, you are just asking for it! If I don't teach you a proper lesson, I will just displease Mr. Molan!" After saying that, Liu Qi gave Xie Yufu a few punches to the face again.

When Molan saw that, he smiled faintly. That Liu Qi was willing to go so far to shirk off his responsibility. He didn't even show mercy to the woman he liked.

"Liu Qi, come again? What do you mean you will displease me? Why does hitting her have any kind of relationship with me?" Molan asked indifferently.

Liu Qi's heart sunken and he hurriedly lowered his head and said, "Mr. Molan, I have learnt my mistake. Everything was this woman's idea and I have nothing to do with it. I hope you can give me a chance this time."

"I am not the one to make the call." Molan said.

Liu Qi knew what that meant and he knelt before Han Jingru right away. The man no longer cared about Han Jingru's reputation in Yun city. He had no trouble to kneel willingly as long as it gives him the slightest chance to

leave unscathed.

Molan's friend!

That statement was second to the Tian family in Yun city.

Of course, if Liu Qi were to know what happened during Tian Jingle's birthday banquet, he might even murder Xie Yufu.

"Mr. Jingru, I was wrong. It is all my fault and I beg you to give me a chance." Liu Qi said as he banged his head on the floor.

Han Jingru sat on the couch and said, "Now that my car was damaged, I am just troubled. Tian Shuirou was the one that gave the car to me and if she were to know, this can be quite a problem."

Liu Qi felt a numbness in his face and he almost broke into tears. How did that get related to the Tian family? Who was that Han Jingru? Not only Molan, but now Tian Shuirou? Not only that, the young lady from the Tian family even gave him such an expensive car!

"Mr. Jingru, I will compensate you with a brand-new car." Liu Qi gritted his teeth and said. Although a few million was peeling his meat off, it was acceptable compared to pushing his family to its demise.

"Are you telling me you are willing to take up the consequence for Xie Yufu?" Han Jingru

asked with a smile.

“No no no no,” Liu Qi waved his hands nervously and said, “Mr. Jingru, you misunderstood me. I do not plan to take up her responsibility and I simply want to pay for my own foolishness. After all, I have offended you.”

When Molan saw that Liu Qi’s reaction, he laughed and spoke to Han Jingru, “Stop scaring him. Otherwise I will have to change all of the carpet in my room. At that time, I will need to make you compensate me.”

“Sure, pay me my money and I’ll compensate you for the carpet.” Han Jingru said.

Molan was just awkward. The man didn’t plan to pay him that two billion. Han Jingru was so rich, two billion was just nothing for him.

“Please continue.” Molan said.

“Xie Yufu, give your father a call. I do not wish to do anything to a woman.” Han Jingru said indifferently.

Xie Yufu was completely helpless. Now even Molan owed Han Jingru money, no wonder he would help Han Jingru.

If Xie Jinyan were to find out Xie Yufu causing such a huge trouble again, he might even oust the daughter from his family.
