

# His True Colors Novel Chapter 1635 - 1638

## Chapter 1635

Misty Zong.

George Han had already learned that he was wanted, but he didn't worry too much. Chi Meng had already gone to Futian and believed that this trouble would be resolved soon. And his wanted order is meaningless.

Even if the wanted order was not revoked, as long as Futian died, then George Han would not have any need to worry. After all, he was still invincible in Xuanyuan World.

But in the matter of controlling Chi Meng. George Han hasn't thought of a better way yet. He can now use Pan Gu axe to deter Chi Meng, but he can't always use this method.

Want to give the jade sword to Amelia Su and let Chi Meng recognize the Lord. Obviously, this method of oppression will not work.

"It's already fighting." Linlong said to George Han looking in the direction of the Emperor Dragon Palace.

George Han had not dared to release his spiritual consciousness easily before, for fear that Futian would notice his whereabouts.

But since Chi Meng had already fought Futian, George Han didn't have to worry.

The divine sense arrived at the Emperor Dragon Hall in an instant, and George Han could clearly feel the fight between the two.

"Unexpectedly, this guy is really good, Chi Meng only has the upper hand." George Han said.

Chi Meng is a product of ancient times, and her strength lies in the world of all directions. Not an absolute strong, but not bad.

Fu Leng was able to fight Chi Meng back and forth, which also proved that Fu Leng had good strength.

"And a person like him is not considered an absolute strong in the Bafang World." Lin Long said, these words also reminded George Han.

After all, he will have to face the world of all directions in the future, and he will encounter many opponents like Fuleng and even stronger people than Fuleng.

“When I can use the power of Pan Gu Axe, I don’t have to be afraid of these guys?” George Han asked.

George Han didn’t know the Pangu Axe deeply enough now, and he didn’t know how strong the Pangu Axe was.

But Linlong knew this very well. So George Han hopes to get answers from Linlong.

“If you can fully control the power of Pan Gu Axe, then you have the power to rule the world in all directions. But in my opinion, this is not realistic.” Lin Long said.

“The power of the first person in the world is indeed not so easy to control. I have tasted the pain these days.” George Han said with a sigh on his face.

George Han had already suffered countless backlashes for controlling the power of Pangu axe in retreat. And every backlash makes George Han feel that life is better than death.

Until now. George Han didn’t even pit on this matter.

“Perhaps, someone can help you.” Lin Long said suddenly.

“Help me control the power of Pan Gu Axe?” George Han asked suspiciously, how could anyone help him in this world?

“I don’t know. But you can give it a try.” After a pause, Linlong continued: “In the Bafang world. There is the Pangu clan, and their understanding of Pangu axe is deeper than anyone else, maybe they will know something. Unknown secrets. Even the knack for mastering the Pangu axe.”

“You mean, Pangu still has descendants?” George Han asked in astonishment. This was the first time he heard of this statement.

Pangu created the world, opened up the world, and his body transformed into everything in the world. Under such circumstances, how could he have descendants?

And there was no other woman at that time, who could provide Pangu for reproduction.

Looking at George Han’s expression, Linlong knew that he must be crooked. Can not help showing a look of contempt.

“What are you thinking about, do you have only the dirty things in your mind?” Lin Long said.

Give birth to children. Isn’t that what is needed?

George Han didn’t think his thoughts were dirty.

“I am your master, are you sure you want to talk to me with this attitude?” George Han said.

Linlong was helpless. It can only be explained: “According to the legend, although Pangu’s physical body has transformed into everything in the world, the seven parts of his divine body have also become the ancient true god.”

“Seven parts?” George Han wanted to satisfy his curiosity urgently.

“These are not important. What is important is that a drop of Pangu’s blood has made a race.” Linlong said.

“This race now lives in the Octagonal World? Isn’t it a very powerful family.” George Han said.

Linlong shook his head. Now the powerful clan in the Bafang world has nothing to do with the Pangu clan, and the Pangu clan has never been strong, even they have been extinct in the Bafang world for many years.

There are rumors that the Pangu people found a place outside the prescription and lived an uncontested life.

But no one knows the facts, and no one has ever searched for whether the Pangu tribe still exists.

“They have been silenced for many years. Whether they still exist, no one knows.” Lin Long said.

“I don’t even know if I am or not, are you playing with me?” George Han felt that he was being tricked, gritted his teeth and looked at Linlong.

“I’m just telling you that this is your chance to understand and even truly control Pan Gu Axe. As for whether you want to believe it or not, that’s your business.”

## Chapter 1636

In terms of George Han’s current state, he wanted to truly control the Pangu Axe. It was a long-distance thing, even George Han hadn’t even touched it.

Although Linlong didn’t know much about the Pangu tribe, and he couldn’t even determine whether the Pangu tribe existed or not, it was for George Han. It is indeed an opportunity.

George Han’s own ability, or comprehension, would probably not work for a lifetime if he wanted to control the Pan Gu Axe, let alone do it in a short time.

If the Pangu tribe is found, then this is a huge opportunity for George Han.

Only by understanding the Pangu Axe can you truly control it.

And as descendants of Pangu, they might know more secrets about Pangu axe.

“But if you want to find the Pangu tribe, you have to go to Bafang World.” George Han said with a serious face.

In his current state. To go to Bafang World is to find death.

Moreover, once this matter was known by the Fu family, George Han was likely to live in the shadow of being chased by the Fu family. This was not a good thing.

“Scared?” Lin Long said disdainfully: “Aren’t you doing anything for her? Does this little situation make you scared?”

George Han suddenly raised the corners of his mouth and said, “You deliberately irritate me like this. You want me to go to Bafang World, let’s talk, what else do you have?”

These words made Linlong’s expression a little unnatural. It wanted George Han’s desire to go to the eight directions world so strongly that it was noticed by George Han.

“I just don’t want to waste time with you in Xuanyuan World. I have gained the heart of the Dragon Clan, and I naturally hope to return to the Octagon World as soon as possible to save my race.” Linlong did not hide it, telling the truth.

George Han could understand Linlong’s mood. After all, he had tolerated so many years in Xuanyuan World, didn’t he just want to achieve this goal?

But George Han still needs careful consideration, this is not a playhouse. There is still a chance to come back again. Once he chooses, George Han may pay the price of his life, which is not a joke.

“In fact, you don’t have to worry too much, you just can restrain Chi Meng, and isn’t it a good helper for you?” Lin Long said.

Chi Meng’s strength is not bad, although he can’t compare with the top masters in Bafang World, but to ensure the safety of George Han, he still has certain strength.

Moreover, the top master of the Bafang World is not the cabbage of the bad street, and not everyone can threaten George Han’s life.

“What you said is pretty good. It seems that I should go to Bafang World as soon as possible.” George Han said.

Had it not been for the threat of the Fu family, George Han would not have the slightest hesitation about this matter. Because he knew that his growth in Xuanyuan World was limited, and if he wanted to become stronger in a short time, he could only seek a breakthrough in Bafang World.

“Of course. The bottleneck that Xuanyuan World brings to you is something you can’t break through anyhow.” Lin Long said.

George Han nodded.

At this moment, George Han and Linlong suddenly raised their heads together and looked in the direction of the Emperor Dragon Hall.

“ended.”

“ended.”

One person, one dragon. Said in unison.

Above the imperial dragon hall, there is already a mess, like a garbage dump, completely losing the original appearance of the highest hall of the imperial court.

When the fighting ended, the emperor standing outside the hall was very nervous, because the next time was to herald his fate.

If the one who came out of the hall alive was Chi Meng, then he, the emperor, could continue to be present.

But if the person coming out is Fu Leng. He might only be able to confess his life here, because in this situation, it is absolutely impossible for Fu Leng to let him go.

When the door opened. The nerves of Emperor Zun’s whole body were tense. In his life, he had never felt the tension and fear now.

It wasn’t until Emperor Zun saw Chi Meng that he breathed a sigh of relief.

Since Chi Meng is alive, then Fu Leng is dead!

“Are you okay.” Emperor Zun walked to Chi Meng for the first time and asked in awe.

In Chi Meng. There was no trace of fighting, as if she had defeated Fu Leng very easily.

“If something happens to me, can you still see me?” Chi Meng said lightly.

The emperor nodded repeatedly. Quickly said: “What you said is, leave it to me next.”

“I need to find a place to retreat. George Han is in Misty Sect. Don’t forget what you promised me.” Chi Meng reminded.

How dare you forget this matter?

Although the danger of Fu Leng is now missing, Chi Meng is still a threat to Emperor Zun.

Chi Meng compared with Fu Leng. The only difference is that it can be discussed, she will not kill innocent people.

Of course, the Emperor also knew. If he could not do what Chi Meng explained, Chi Meng would not let him go.

After Chi Meng left, Emperor Zun came to the hall and looked at the shocking traces of fighting. The expression of Emperor Zun was not too shocked, because he was both a strong man, and these traces were also something he could do.

However, in the middle of the hall, the man who sat cross-legged but had no breath, was not something he could handle.

“Killing so many people in my imperial court, do you still want the whole body?” Walking to Fu Leng’s corpse, the emperor full of anger, directly slapped Fu Leng’s body.

“Come here.” Angrily shouted. The Forbidden Army rushed in.

“Restore this place to its original appearance as soon as possible. The situation here must not be revealed to the outside world. The wanted for George Han is ordered to be revoked.” Di Zun said.

After arranging this matter, Emperor Zun also left the hall, and he had to do the things Chi Meng explained.

As his emperor. It is certainly impossible for him to invite George Han himself, but this matter is not trivial, and Emperor Zun is not relieved to let someone do it casually, so he called his confidant, Yuexia.

“Emperor, what’s the order?” Yue came to the emperor and asked respectfully.

“Go to Misty Sect in person, find George Han, and say I invite him to come and see you.” said Emperor Zun.

Hearing the three words of George Han, Yuexia was stunned for a moment. Isn’t this the guy who is wanted? How could Emperor Zun know that he is in the Misty Sect?

“Di Zun, please? Not catch?” Yuexia asked in confusion.

“Remember, you must have a good attitude, and invite him to the Emperor Dragon Hall as a guest.” said the emperor.

Yuexia didn’t understand what was going on, but since it was the matter that Emperor Zun explained, he could only do it.

“I understand, please rest assured, I will do my best.” Yuexia said.

“There can be no mistake in this matter, otherwise...” The emperor did not finish his words, because he could not really guess the consequences of breaking his words.

Perhaps Chi Meng would kill him.

It is also possible that Chi Meng will ruin the entire imperial court.

## Chapter 1637

Misty Zong.

It is known that the battle between Chi Meng and Fu Leng is over, and the loser must be Fu Leng.

Because the jade sword in George Han's hand only lacked some brilliance, it showed that Chi Meng had consumed some power at best. He didn't suffer too much damage, which also gave George Han more confidence in going to Bafang World.

If Chi Meng couldn't even deal with the people who came to Xuanyuan World, George Han would not have to think about going to Bafang World.

“Unexpectedly, a sword spirit can still be the opponent of the strong in the world. Strictly speaking, he lost to an opponent who is not human.” George Han said with a sigh.

“Don't underestimate the sword spirit. Sword spirits are also divided into strengths and weaknesses. Chi Meng is the sword spirit of the artifact made by the ancient strong, can it be average?” Seeing George Han meant to belittle Chi Meng, Lin Long couldn't bear Live said.

Sword creatures. This is not a simple matter. According to Linlong's knowledge, there will never be more than five people with sword spirits in the entire Bafang world, and the sword spirits of those people are impossible to compare with Chi Meng.

“Why is Pan Gu Axe no creatures?” George Han asked curiously, logically speaking. As the most powerful artifact in the world, Pangu axe should also be a creature.

“This question stumps me, but even if there are no creatures, Pangu Axe is strong enough, what do you want to do?” Linlong said.

“Just curious, just talk about it, when Chi Meng comes back, we can plan to go to Bafang World, so you are happy.” George Han said.

Linlong was naturally very happy, after all, he had waited so many years. Now finally waiting for the opportunity.

However, with Linlong's current strength, it is still not feasible to save the dragon clan. Although he has the heart of the dragon race, he still does not have the power to liberate the entire race.

The reason why it is so eager to return to the Bafang world. In fact, I want to change to a better cultivation environment.

The cultivation power of the dragon clan comes from the heart of the dragon clan, but the power of the heart of the dragon clan still depends on absorbing the aura of heaven and earth, and the aura of heaven and earth in the Bafang world is obviously stronger than that of Xuanyuan World. Therefore, for Linlong, cultivating in the Bafang World would be more effective with half the effort.

Knowing that Chi Meng has consumed a lot of spiritual power. Therefore, George Han did not expect it to return to Misty Sect for the first time.

Three days later, George Han did not wait for Chi Meng, but saw an old acquaintance, which made him feel a little strange.

This old acquaintance. It's under the moon.

However, George Han recognized him, but Yuexia did not remember that she had met George Han.

first meet. Yuexia still showed respect for George Han, even though George Han looked very young, it was not worth his awe at all. But with the explanation from the emperor, Yuexia didn't dare to neglect.

"Excuse me. Are you George Han?" Yuexia asked George Han.

George Han glanced at Linlong suspiciously.

Only Chi Meng knew he was in Misty Sect.

When Yuexia appeared here, Chi Meng must have revealed his information.

"What are you doing to me?" George Han asked, guessing in his mind that it was Chi Meng's accident?

However, according to the Jade Sword's main body observation, Chi Meng is at most just over-consuming spiritual power, there is absolutely no major problem.

"Di Zun asked me to invite you to the Dragon Sovereign Hall." Yuexia said.

George Han frowned slightly, the emperor invited him?

George Han knew Emperor Zun. I once killed the emperor once, but the emperor could not remember him. Why would you invite him?

“What’s the matter?” George Han asked.

“I’m not quite sure about this, Emperor Zun is just explaining. Let me invite you to the Emperor Dragon Hall.” Yuexia said.

Looking at Yuexia’s eyes, it didn’t seem to be lying, and George Han felt even more strange in his heart.

At this time, Linlong on George Han’s shoulder suddenly said softly, “I’m afraid it has something to do with Chi Meng.”

Chi Meng?

George Han couldn’t figure out the reason for this.

But Linlong must have a reason to say so.

“The boats and cars are tired, you should take a break first.” After speaking, George Han turned and left.

The person who left Yuexia stood in place, somewhat knowing what was wrong, because George Han had not stated his attitude, and he was uncertain whether he would go or not.

“Why do you say it has something to do with Chi Meng?” George Han asked Linlong after walking away.

“This is just my guess. Do you think Chi Meng is really willing to be controlled by you?” Lin Long asked George Han.

Chi Meng used to be the magic weapon of the ancient powerhouses. Even if she wanted to find another master, she was definitely a generational powerhouse. Naturally, it was impossible to be controlled by George Han.

And Chi Meng had made it very clear before that George Han was nothing but a trash in his mind, how could he sincerely surrender to George Han?

“Not intended.” George Han said.

“It can be guessed that Chi dreams to use the emperor to deal with you, or to regain his own body to get out of your control.” Lin Long said.

George Han suddenly realized.

Although Linlong is only speculation, this possibility does exist.

## Chapter 1638

However, George Han still has a question about this.

Since Chi dreamed of doing this, why would he choose Emperor Zun instead of Fu Leng?

You must know that George Han is a god realm powerhouse in Xuanyuan World. For Xuanyuan World, he was absolutely invincible, and Emperor Zun simply had no strength to deal with him.

Before rebirth, George Han had already killed the emperor once, but at that time, George Han was not a real powerhouse of the gods.

“Why does it want to join hands with the emperor. It’s not more Fu Leng who can help me? After all, Fu Leng wants to kill me, and it wants to regain its own body. Both have their needs. Isn’t it better?” George Han said.

Linlong smiled at George Han’s ignorance, and said, “Hey, you really don’t have a good brain. Do you know what sword spirit means to Bafang World?”

“Supreme soldier.” George Han blurted out without hesitation.

“Yes, the supreme soldier, if you let Fu Leng know that Chi Meng is a sword spirit, do you think Fu Leng will only be as simple as cooperation? He will definitely notify the Fu clan, and the Fu clan, it will inevitably allow more powerful people to come to Xuanyuan World and force it to be subdued.”

“Although Chi Meng can escape your clutches, it will fall into the hands of another group of people. It is naturally unwilling.”

Linlong’s explanation can be considered reasonable and well-founded. Although the people of the Fu family are better than George Han, there is still a huge gap compared with the ancient strong. Chi Meng naturally didn’t look down on those people.

“But Emperor Zun is not my opponent, he is not even a cannon fodder.” George Han said.

“I’m also very curious. Why does it want to do this, but it is definitely not just as simple as relying on the emperor. There must be other ways to deal with you.” After hesitating for a moment, Linlong continued: “But you want knowing the specific situation, I am afraid I can only go there in person.”

“Go and go, is it possible that I am still afraid of the emperor?” George Han said lightly.

George Han had a certain degree of fear to deal with Fuleng and did not dare to appear in front of Fuleng. That’s because he and Fu Leng’s realm of strength are not on the same level at all.

but now. Fu Leng was dead, and George Han had no scruples.

Although Chi Meng is strong, it is naturally restrained by Pan Gu Axe, so its power is for George Han. It doesn't make any sense.

Before returning to the bottom of the moon, George Han asked happily, "When will we leave?"

Facing George Han suddenly changed his mind. Yuexia felt a little strange, but his task was to invite George Han to the Emperor Dragon Hall, since George Han had agreed to go. The reason is not that he is worth wasting energy to guess.

"If it is convenient, you can set off now." Yuexia said.

"You start first. I will follow you." George Han said.

This time to the Emperor Dragon Hall, George Han's next trip is likely to go directly to Bafang World.

Therefore, it is necessary for him to go to Longyun City again and talk to Mo Yang and others.

After George Han's arrest warrant was revoked, Mo Yang's trio of worry about George Han stopped.

Dao Twelve, who had been hanging his heart, even wanted to help George Han, finally calmed down.

If it hadn't been for Mo Yang and Liu Fang's persuasion, the Twelve Blades would have left Longyun City. Go to find the trace of George Han.

"I've said that Three Thousand is capable of solving these things, you still don't believe it. Fortunately, you didn't come forward to cause trouble, otherwise this matter might not be solved so quickly." Mo Yang said to Dao Twelve.

As long as George Han is fine. Dao Twelve doesn't mind being buried by Mo Yang deliberately.

"So we have to become stronger as soon as possible to be able to help him." Dao Twelve said.

This matter is the shared purpose of the three.

But compared to the twelve swords, Mo Yang and Liu Fang are more self-aware. The two of them know that this matter is not anxious, and with George Han's current state, it is not for a while that they want to catch up. Things that can be done in half a while.

"It's a good thing to have this heart, but we still have to weigh our own abilities. If we want to help him, what realm it must be, and what realm we are now." Mo Yang said helplessly.

In this situation, Dao Twelve still knew, so he also said to do his best.

“What is a good thing?” At this moment, George Han’s voice suddenly came from outside the door.

The three of them were taken aback for a moment, and then all ran towards the door.

Knife Twelve moved the fastest and ran out the door first.

When he saw George Han, the smile on his face instantly changed from brilliant.

“George, how are you, are you okay?” After Mo Yang came out, he asked George Han directly.

“Look at me, does it seem like something is going on? I’m so lucky that I can’t die.” George Han smiled.

Mo Yang nodded repeatedly. From the beginning, he didn’t feel that this incident could pose as much threat to George Han, and the facts proved that his guess was correct.

“I had expected it a long time ago. The Twelve Blades still insisted on asking you to help you. If I hadn’t stopped him, I might have gone to trouble you.” Mo Yang said.
