

His True Colors Novel Chapter 1679 - 1682

Chapter 1679

“Swipe!”

Countless ice swords hit the big Pegasus directly, but they seemed to be extremely powerful attacks. When hitting the big Pegasus, it was like rain falling on the fluff. It just flicked gently and inserted the ice sword all over the body. They were all shaken to the ground in an instant.

Qin Shuang’s face became cold, and he refocused energy on the ice sword. The whole person swooped down directly from the sky holding the sword.

“Roar!”

The Celestial Flying Horse raised his head and roared at Qin Shuang.

Qin Shuang, who was extinguishing the sky, was directly like a broken kite for a while, being pushed hundreds of meters away by the airflow. When he landed again, Qin Shuang just thought of getting up, but blood flowed from the corner of his mouth.

The strength of the golden beast is so powerful that it is unimaginable. Even Qin Shuang himself is only a yellow spirit pet until now. Lin Mengxi took her to subdue.

Seeing the big flying horse approaching George Han once again, Qin Shuang bit his jade lip lightly, and rushed over again with the sword in his hand.

For her, George Han is indeed a slave, but since she brought him here, she has responsibilities and obligations. To protect the safety of George Han.

But as soon as he rushed over and only fought for a few rounds, Qin Shuang was beaten out because of the obvious difference in strength.

Smashing heavily on the ground, Qin Shuang’s green clothes were already full of mud and blood dripping from his mouth.

In any case, she couldn’t think that the luck of the two people was so “good”, and they met the most ferocious big boss when they arrived at the edge of the beast world.

Looking at Qin Shuang, who was constantly hurting to save himself, George Han shouted with all his strength: “Senior Sister Qin Shuang, you go first!”

Qin Shuang snorted coldly, “George Han, are you teaching me how to do things?”

Finished. She dragged her injured body and quickly flew to George Han's side, and slapped George Han's back with a palm. George Han felt a warm current entering his body and quickly helped him repair the injury. The internal organs.

Then, Qin Shuang pushed George Han a palm for several tens of meters: "I'll attract its attention, and go quickly!"

After Qin Shuang finished speaking, he carried the sword and slew towards the Pegasus again!

George Han watched her rush up stubbornly, but was soon beaten back. After several times, her green clothes were stained with blood. But George Han also understood what it would mean to her if he left.

She was already invincible, and just now she used energy to heal herself. So that she has a chance to escape, now she will only lose faster.

Even if I go back to move rescue soldiers. When he rushes over, it must be a corpse.

Unexpectedly, the elder sister, who is usually cold and unreasonable, is at a critical moment. He also regarded George Han as a human being.

George Han twitched the corners of his mouth, showing a grinning grin.

At this time, the repeated attacks failed, Qin Shuang's internal energy wasted very seriously, and with severe injuries, she already understood that she was unable to fight the big Pegasus in front of her.

With a bitter smile, she didn't expect that she was a genius disciple of Nothingness. Later, like most rookies who just entered, they will die on the way to catch the strange beast.

Although my heart is unwilling. But the ending was doomed, and Qin Shuang closed his eyes slightly as he watched the flying horse rushing towards him in anger!

"Heaven and earth are all wild, Yan Luo will fall forever and die for me!"

Suddenly, at this moment. An angry shout suddenly came. Before Qin Shuang could open his eyes to see what was going on, a black energy ball instantly fell from the sky. Just hit him less than two meters in front of him.

"boom!"

The entire forest shook slowly with the explosion. At this moment, Qin Shuang felt an arm hug him directly at the waist, and then quickly ran away!

Far away, the big Pegasus shook his head, waking up from the huge explosion. Looking at the two people who had run away, they let out an angry roar.

After the aftermath of the explosion, Qin Shuang was hugged and ran for about a minute. The whole talent came over a little bit and opened her eyes slightly. With the ray of sunlight exposed in the gap between the leaves in the forest, she saw George Han gritting his teeth at this time, running desperately forward.

The sweat was slowly falling down his cheeks.

Feeling his broad and warm chest, Qin Shuang's face was slightly red.

For a moment, Qin Shuang felt that she enjoyed this feeling.

But soon, Qin Shuang's face became cold, and she wanted to struggle, but found that she couldn't move at all, waiting for George Han to run to a water spring holding her. After putting her down, she regained some strength.

“Snapped!”

A slap in the face of George Han: “You are rude!”

Since childhood, Qin Shuang was so intimately contacted by a man for the first time. Of course, if you let her know, she will be completely looked at for the first time. It was also the man in front of him, I don't know how she felt.

George Han touched his aching face, but fixed his eyes on the forest behind him. After confirming that the big flying horse was not chasing him, he let out a sigh of relief and leaned against the boulder with a tired face. , Panting heavily.

After a while, George Han stood up, his eyes kept staring at a certain part of Qin Shuang.

“You...” Qin Shuang suddenly became angry, but before he could say anything, George Han had already bent down and approached her!

Chapter 1680

George Han was bent very low, only a few centimeters away from lying Qin Shuang.

Qin Shuang could see his face with sharp water chestnuts close at hand, as well as smell the heavy, man-like smell on him.

For a time, Qin Shuang's face turned red, and his heartbeat suddenly increased.

“Sizzle!”

Just now. Qin Shuang heard a crisp sound, and then, most of the clothes on his arms and sleeves were torn apart by George Han.

As white as jade and as smooth as a pearl, the jade shoulder was directly exposed to the air. Qin Shuang lifted his other hand and hit George Han on the back.

But no matter how hard she tried, George Han still pulled away more clothes beside her jade arm.

Then, George Han took out half of the branch from the wound on her arm, and then tore a small piece of rag from his clothes to cover the wound.

Looked at him seriously. And without any distracting eyes, Qin Shuang's cold face was embarrassed, and he hit George Han's hand and gently placed it on his back.

"Okay." George Han smiled slightly and stood up.

Qin Shuang only then woke up from the loss of looking at George Han, and slightly pulled up the clothes on his arms. Barely covering the white jade arms, did not speak.

"Where is this?" George Han raised his head and glanced around.

Qin Shuang followed him and glanced around: "You ran in the wrong direction. This is to the depths of the forest."

George Han touched his head in embarrassment, but when the incident happened suddenly, he also panicked.

"It's okay, there is no energy fluctuations of spirit beasts around here, it is safe for the time being, you help me protect the law, I want to exercise healing."

After giving these instructions, Qin Shuang reluctantly sat up, then transported his energy and began to self-heal.

When he opened his eyes again, Qin Shuang was awakened by a scent. Opening his eyes, George Han was not far away, setting up a fire, earnestly grilling two red spirit fish fished out of the spring.

Under the dim light of the campfire, although George Han's back was a bit thin, he was full of masculinity, which made people feel very safe.

Hearing Qin Shuang coughing, George Han got up, and then, carrying a big leaf covered with water, handed it to Qin Shuang's side.

Qin Shuang took it and took a light bite. At this time, George Han handed over the grilled fish taken out from the fire.

"Missed." Qin Shuang frowned and looked at George Han.

George Han shook his head: "No, this is called grilled fish, try it."

Qin Shuang nodded. As a result, when I grilled the fish, I gently tore the surface of the fish with my slender fingers, and then tried to taste it. Suddenly, a fragrance entered his mouth, which made Qin Shuang a little surprised.

“Unexpectedly. You can still make things?” After taking a few more mouthfuls, Qin Shuang fell in love with the taste.

George Han smiled helplessly. Starting from the earth, during the years at Amelia Su’s home, what he did the most every day was to cook for Amelia Su. What was a little grilled fish? As long as you have the conditions, roast a whole lamb.

Looking at the stars in the sky, George Han really missed the life on the earth a bit.

Although there is no strong ability there. But life is chic, simple and free. And simply.

“As a slave, wouldn’t it be normal to cook something to eat?” George Han smiled.

“Just now, why didn’t you leave?” Qin Shuang nodded, finishing the topic just now.

“If a big man wants a woman to protect, I, George Han, didn’t want to. If I want to leave a woman to escape by myself, then my George Han can’t do it. Rather than live in a useless life forever. It’s better to die. The vigorous explanation is here. At that time, I can still go to hell and continue to be a slave to the senior sister.” George Han laughed at himself.

“Slaves, isn’t it a waste of money?” Qin Shuang asked.

“Do I have a choice?” George Han said depressed.

“There is no choice, you are my Qin Shuang’s slave, right. Since you are a slave, should you tell your master what happened to the black energy ball just now?” Qin Shuang’s focus is this.

George Han also knew. This problem cannot be avoided at all.

Qin Shuang is not a fool, she will ask questions sooner or later, but George Han thought about it for a day and didn’t know how to answer her.

Yes, she did save herself, but she is Lin Mengxi’s lover, and Lin Mengxi is Zhu Ying’s mortal enemy. If Qin Shuang knows that her technique is Zhu Ying’s Tianyin technique, once she tells her Lin Mengxi, then she, Zhu Ying’s successor, probably won’t survive the dawn!

Therefore, George Han thought about going. I don’t think I should say it, but George Han is not a person who likes to lie, lying is for him. It’s simply a difficult thing to do.

Just as George Han was about to answer, at this time, a handsome figure rushed out quickly.

“That energy ball. It’s just my trick.”

A nice male voice rose in the sky, and a handsome figure fell in front of Qin Shuang at this time.

The son is like a jade, with a strong character, Ye Gucheng stands tall with his arms up.

“Ye Gucheng?” Qin Shuang was taken aback.

Ye Gucheng nodded and smiled slightly. At the same time, his eyes looked at George Han, very cold.

“Am I right? George Han!”

Chapter 1681

George Han had no doubt that if he said something wrong, Ye Gucheng would even kill him on the spot, but George Han was not afraid of death or threatened by him, but he just couldn’t find an excuse to explain.

Nodded: “Yes!”

Hearing this, Ye Gucheng smiled satisfied. Looking at Qin Shuang, she showed a self-confessed handsome smile and said, “Sister Qin Shuang, are you okay?”

Qin Shuang looked at George Han quietly, feeling a little complicated. Just now, didn’t George Han save himself?

Why did that energy ball come from Ye Gucheng?

However, one admitted, and the other did not deny, Qin Shuang could only accept it as a fact.

Besides, even what Ye Gucheng said was false. But George Han didn’t even have the courage he had admitted, and Qin Shuang’s heart was discounted. Thinking of this, she deliberately smiled at Ye Gucheng: “After conditioning for a while, it’s much better. Since you saved us, that’s really true. Thank you, yes. Why are you here?.”

“Hehe, in a few months, it will be our sect entrance exam. I want to improve my cultivation level, so I came to Sifeng to catch my spiritual pet, but I didn’t expect to see you, junior, in a hurry. I tried to rescue you. Originally, I wanted to follow you quickly, but the big Pegasus was too ferocious, and fighting with it until this point, I guess you have gone too far, so I came to chase. You guys.” Ye Gucheng smiled.

Qin Shuang is as beautiful as an immortal, and his talent is outstanding. He is the dream lover of every disciple of the Void Sect, and Ye Gucheng is no exception. For Qin Shuang, he has spent the past few years working hard.

However, his chances have not been good for so many years.

This time, Qin Shuang was actually attacked by the Pegasus, to Ye Gucheng, it was simply a good meal.

He was indeed here to catch Ling Chong today, but the second half was fictitious. He had never taken any action at all. On the contrary, he had chosen to shrink after seeing Qin Shuang being repelled by the Great Pegasus one after another.

Such a strong golden beast, even if he goes to help Qin Shuang, it will not help, but it is likely to drag him down, so he has been watching with cold eyes.

Just when he sighed that Qin Shuang was about to lose his fragrance, the slave George Han suddenly rushed out, and with a strong energy, he repelled the big flying horse and successfully escaped.

This surprised Ye Gucheng, a little slave. How could there be such a strong skill? The most frightening thing is that this energy is obviously not owned by nothingness.

On the contrary, it is more like a cult technique!

After a moment of panic, Ye Gucheng smiled coldly, then. When it got dark, after the big Pegasus left, he thought of an excuse and ran after him.

sometimes. The truth is often no one believes, and the lie is not easy to deceive, but such half-truths are the most elusive.

He also expected that George Han would not dare to refute at all, because he could grasp his handle, he knew well.

Seeing that he was so sure and his head was so clear, Qin Shuang nodded, very grateful.

“Thanks for your hard work.” Qin Shuang nodded lightly.

Ye Gucheng was immediately extremely excited. In the past, Qin Shuang’s attitude towards him was always a thousand miles away, now. At least it’s a lot better.

This trip is worth it.

“You’re welcome, this is my duty.” Ye Gucheng smiled lightly.

George Han had no interest in his scenes of picking up girls, and he was also not interested in Qin Shuang, although Qin Shuang almost unintentionally lured him to capsize several times. But that is just a man’s physical instinct. In his heart, Amelia Su will always live.

“By the way, now shall we go back, or...” George Han couldn’t stand Ye Gucheng’s fake appearance, and said at this time.

“Junior sister, let’s go back, it’s not early. And there is a big flying horse around here, I’m afraid...” Ye Gucheng didn’t dare to say his inner fear.

But Qin Shuang shook his head, and for her, came out with a slave to catch a spiritual pet. In the end, she returned without success. She couldn’t afford this kind of person.

She is a person with a beginning and an end, and a stubborn person with her own principles.

Moreover, George Han always needs to pass this trial. Although Ye Gucheng has proved that he was the one who saved him just now, there is one thing that is undeniable that George Han also ran a long way in his arms.

Although, what he did was still the work of those slaves. At least, this slave is loyal.

Secondly, Qin Shuang also has his own thoughts, just like Ye Gucheng. The entrance exam is about to begin. Whoever can achieve excellent results in the competition will become a disciple under the head of the head. At that time, not only will there be the future head of the void, but also the head of the master. The future can be expected.

“But Junior Sister, your body...” Ye Gucheng deliberately made excuses.

“Hehe, with Senior Brother Ye, is Senior Sister Qin Shuang’s injury still a problem?” George Han said at this time.

Ye Gucheng glared at George Han fiercely. It’s true that which pot is not opened and which pot is to be used. In this place where golden beasts are infested, let him use energy to cure Qin Shuang. What if he encounters danger?

He likes Qin Shuang, yes, but he can’t bet his life and future. Beauty and the future are both wins, this is what he wants.

Ye Gucheng was embarrassed. Seeing Qin Shuang looking up at him, he cursed George Han as a dead sl*t in his heart, with a smile on his face: “That’s for sure, with my cultivation level. Junior sister Qin Shuang’s little injury is nothing.”

After speaking, Ye Gucheng gently transported the energy, facing Qin Shuang in the air, and started healing.

George Han smiled disdainfully. It comes at a price to make you f*cking pretend.

Early the next morning, Qin Shuang woke up, and George Han brought some water to quench her thirst. Since last night, she has been sitting there until now.

Qin Shuang took a faint sip, looking extremely gentle, and now a lot of vitality was restored on the frosty and beautiful face.

George Han looked at the slight water mark on her lips and really wanted to try it personally.

“By the way, where’s your Senior Brother Gucheng?” Qin Shuang looked around and asked.

George Han sneered when talking about this. Last night, the guy who was greedy for life and feared death sneaked away in the middle of the night.

“Oh, Senior Brother Gucheng said last night that the master urgently called him back to the peak, so he went back in the middle of the night.” George Han said with a smile.

The guy clearly knew that there was a gold-ranked monster nearby, and he didn’t dare to stay for a long time. In addition, he had spent a lot of energy to cure Qin Shuang, so when he heard that Qin Shuang continued to look for the strange beast, he slipped away.

In case, if you encounter something big again, it is not worth losing your life!

Qin Shuang didn’t think much, nodded: “Okay, let’s continue.”

George Han nodded, following Qin Shuang’s footsteps, leaving the spring water, and slowly moving towards the deeper forest.

The two did not know that there was a greater danger there, waiting for them.

Chapter 1682

Going inward all the way, about another half day’s journey, the whole area has been completely blocked by the dense leaves, and the whole eye is covered with black.

“Be careful.” Qin Shuang reminded that she could already feel energy fluctuations nearby.

George Han nodded. Nestled behind Qin Shuang, overlooking the surroundings.

“Isn’t it?” Qin Shuang groaned incredibly, and then lifted the sword directly.

Looking at her posture, George Han couldn’t help but get very nervous, didn’t he, did he meet another big boss?

Is this good luck or bad luck? !

At this moment, the surrounding grass shook gently, and a rustling sound came from all directions. George Han was stunned, and Qin Shuang was stunned.

Hundreds of strange beasts surrounded the two of them in a circle!

“Red-eyed beast, unicorn, Tiankui, Shenfeng!” Qin Shuang was almost depressed. What are they catching up with? Have you walked into the old lair of Qi Beast?

Why are they all yellow-level beasts!

Qin Shuang has this self-confidence when singled out the yellow rank, but if one chooses a group, the fool knows the result!

What Qin Shuang didn't know was that they were indeed lucky, and they were lucky enough to protect the magic of strange beasts.

“Kill them!” At this time, standing at the top of the beasts was a white-haired orangutan. This was the largest orangutan George Han had ever seen.

“Buddha sound stone monkey!” Qin Shuang was a little surprised in surprise.

This is a top-notch golden beast, not to mention the Four Peaks, even in the entire Void Sect, there may not be more than four golden beasts. But today, the two of them fell well and ran into them directly.

Moreover, it also contains the strongest one!

Qin Shuang just wanted to catch a better yellow-level strange beast, and by the way, get George Han a bronze strange beast. How could it be so difficult!

With the roar of the big monkey, hundreds of strange beasts immediately attacked the two of them. George Han felt distressed. One wave of flattening, one wave after another, living in the Bafang world, how could it be so difficult!

Qin Shuang's fighting power almost recovered after a night of healing. Facing the rushing group of beasts, he bowed left and right, flying all over the sky. While looking good, George Han also knew that she was working hard.

But in front of Qin Shuang exposed his Tianyin technique. When George Han was not a last resort, he didn't want to be like this. He used it before, and it was entirely because Qin Shuang was in danger at the time.

or. let her go? !

“Hurry up!” Before George Han spoke, Qin Shuang in midair gave a cold cry.

George Han hesitated very much. Running was not his own style. Leaving a woman to run, George Han couldn't let go of this dignity. While hesitating, Qin Shuang had already

flew to the front, and did not wait for George Han to speak and mention his The clothes took him directly away.

George Han wanted to talk. He would too, but Qin Shuang did not give him this opportunity.

Looking back, the beasts chased wildly behind.

And then looked up. On the road ahead, many strange beasts suddenly appeared.

There were chasing soldiers in the back and interception in the front. Just at the very moment of the shot, the big white monkey suddenly roared, and a huge wind wall immediately blew out of his mouth. And expand and expand!

“boom!”

Qin Shuang was like a plane with its wings folded. The moment he was hit by the sound wall, Qin Shuang fell heavily to the ground.

Face the stone monkey rushing up. Qin Shuang didn't care so much, so he got up and attacked the stone monkey.

George Han looked around, surrounded by all kinds of strange beasts, each with his teeth and claws, as if he was about to slap George Han. But years of experience taught him that he should not panic when something happens.

He quickly looked for a breakthrough. Soon, he locked his gaze into a big cave behind Bai Beast.

Stone caves are easy to defend and difficult to attack, making it the best choice for two people. Although they will face siege sooner or later, they have the opportunity to wait for the assistance of the Four Peaks disciples. ,

Seeing Qin Shuang's defeat in the sky above, Stone Monkey attacked extremely fast, and Qin Shuang was injured again after a few rounds.

“Senior Sister, over there!” George Han yelled, secretly uncovering the Wu Wuzong technique, and at the same time using the energy of the Sky Yin technique, directly to the side of the stone cave to break through.

Behind him was the base camp that the strange beasts wanted to guard. A gang of strange beasts all came out and strangled the two. But it never expected that the direction the two men ran would actually be there.

They are weak defensively. In addition, the two of George Han were surprisingly surprised, and the strange beasts reacted badly. The Qin Shuang, who had already been pulled by George Han, ran into the cave desperately.

“Enough!” Stone Monkey waved his hand. Standing 100 meters away from the cave, the beasts were prevented from chasing.

“If they want to go into the cave, let them go. It happens to be a dinner for Lord Beastmaster.” Shihou laughed coldly.

“But the Monkey King, the Beast King is currently in a state of being born soon, will he be unable to beat the two humans?” An entourage said worriedly at this time.

“Don’t worry. Among those two people, the woman has some skill, but she was eager to escape just now, so she was hit by my five poisonous palms and won’t live long. As for the man, except for the fast running wind, he has nothing to do, right. The Beastmaster is not a threat.” Stone Monkey said coldly with confidence.

“Also, don’t forget, although the Beastmaster was weak when he was born, there were still four bodyguards inside.”
