

# His True Colors Novel Chapter 1711 - 1714

## Chapter 1711

“Shuang’er, your brother Ye also cares about you, so why do you do that?” Wu Yan quickly became a peacemaker at this time.

He did not hope that the two genius disciples of the Void Sect were so tit-for-tat. In his eyes, Ye Gucheng and Qin Shuang should be beautiful and beautiful, and they should not be hurt by this little thing.

“Uncle. I don’t need anyone to worry about my own affairs.” Qin Shuang said coldly.

Ye Gucheng stared straight at George Han’s eyes, as if he wanted to eat him alive.

“I’m afraid it’s not your personal business, you are a formal disciple, but you get together with a slave? Is this fair? Does the face of the Void Sect still exist? You say, doesn’t it?” Ye Gucheng snorted coldly.

Ye Gucheng had a very high prestige among the disciples on weekdays. He raised his arms and naturally countless people responded. In addition, what he wants to crusade against now is the “enemy” in the eyes of all the disciples.

So soon, the disciples behind him were passionate.

“That’s right, how can an inferior slave go with the formal disciple of Nothingness School. This is a shame to my reputation for Nothingness School. According to me, killing that dog slave is the key to quelling this matter.”

“Senior Sister Qin Shuang, you should still stand aside, this Han three thousand sins are unforgivable and should be executed.”

“Yes, Senior Sister Qin Shuang, there are men in the Void Sect. Why should you have trouble with us for a slave? On your terms, how can he be a slave?”

“Sister Qin Shuang, you are still too innocent. Don’t be fooled by a slave.”

A group of disciples verbally condemned him, wishing to drown George Han with their saliva.

“Is there a rule in the Void Sect that you cannot be with a slave?” Qin Shuang asked coldly.

Ye Gucheng’s whole person is completely angry. There are indeed no rules in the Void Sect that prohibits this kind of thing. It is just the moral and class level that makes people feel that this kind of thing is shameless.

“Qin Shuang, please take self-respect!” The more Qin Shuang was like this, the more annoyed Ye Gucheng was, and Qin Shuang didn’t even want the basic face of a woman for a slave.

“I don’t need anyone to talk about my own affairs. I think it is you who should respect myself.”

The two confronted each other, and Ye Gucheng immediately raised the sword angrily: “Since you are so obsessed with understanding, for your own good. I want to kill George Han today to prove my reputation as the Void Sect.”

As soon as he said this, the disciple behind him also slowly drew out his long sword, making an attack.

Faced with such a situation, Qin Shuang sneered disdainfully, and directly and slowly drew out his long sword, released his energy from the whole body, and won the cold light on his body.

Seeing this, Wu Yan frowned, and hurriedly stood between the two of them: “Stop it all. In your eyes, is there still my brother-in-law?”

As soon as the voice fell, Wu Yan frowned even more when he looked back at Qin Shuang, because at this time Qin Shuang had already fully attacked, and his energy was fully activated. The energy actually made Qin Shuang’s whole person three feet full of icy cold, and in this icy cold, there was also a very strong and very strange evil spirit.

Wu Yan understands. This is clearly not the practice and energy of the Void School.

Looking at the familiar and unfamiliar sword in Qin Shuang’s hand, Wu Yan was about to speak at this time, and suddenly saw Qin Shuang behind him, the dead soul that should have been there disappeared. He hurriedly looked around, feeling even more completely strange, where is the shadow of the forbidden necropolis.

Seeing Wu Yan suddenly looking around, Ye Gucheng also looked around with his sight. Soon, he also found something wrong.

“Where is the forbidden land for the dead?” Ye Gucheng wondered.

Hearing Ye Gucheng’s words, a group of disciples began to look around. After a while, the group of people could not help but back up a few steps, crowding each other in fear.

“Oh my God, the forbidden area for the undead is gone. I heard that it was the golden body of the Beast King that was suppressed. The original change in the forest of the beasts, the reincarnation of the Beast King reincarnated in the world, and now the Forbidden Land for the undead suddenly disappeared. Does this mean. Has successfully regained his body?”

“In this way, the Beastmaster will completely complete his self-rebirth. Oh my God, the Void Sect will be a disaster.”

“Yes. The Beastmaster will definitely seek revenge from us, what should we do now?”

“Oh my God, it’s over, it’s over, the Void Sect will never be peaceful from now on.”

A group of disciples looked at each other, panicked for a while, holding their swords in a panic, how could there be the strength that confronted Qin Shuang just now. Now only his body was shaking, and he wanted to escape from here involuntarily.

Wu Yan couldn’t see it anymore and waved his hand: “Shut up all of you.”

With an angry shout, he looked at Qin Shuang who was aside. Whispered: “The Beastmaster didn’t take away the golden body, did he?”

Qin Shuang nodded.

Wu Yan heaved a long sigh of relief. As long as the worst situation did not happen, it would be okay: “Why did that necromantic forbidden land disappear?”

Qin Shuang was about to speak, but at this time, George Han stood up: “We strayed into this neighborhood when we were catching beasts in the Forest of Hundred Beasts, and we met the Beast King who was reborn and found a golden body. Senior Sister Qin Shuang is fighting the Beast King, but the power of the Beast King Extraordinary. In order to win, Senior Sister pulled out the Demon Sword, destroyed his golden body, and defeated him. However, Senior Sister was also injured by the Beast King in order to save me.”

George Han knew that the truth of the matter must not be mentioned to anyone. Otherwise, as Shen Xuzi said, if Qin Shuang’s body is found to have the golden body of the Beast King, he will definitely be kicked out of the sect by the Void Sect, and may even lead to it. Come chase and kill all righteous people in the world!

Just now, Wu Yan’s eyes on Qin Shuang have explained everything.

Everything in the Forest of Beasts started from himself, and George Han absolutely couldn’t destroy her, so he quickly made up a story at this time.

Seeing George Han speaking, Ye Gucheng immediately shouted with dissatisfaction and angrily: “Does this slave speak for you?”

George Han smiled slightly: “I’m just telling the details of the matter.”

Wu Yan nodded, but didn’t stop George Han from speaking. At least, George Han relieved his doubts. It also made him understand what was the cause of these two changes, and the evil spirit in Qin Shuang’s body could also make him a little relieved.

“This is impossible, the Necropolis is very dangerous, let alone Qin Shuang. Even the head may not be able to do it.” At this time, Ye Gucheng said dissatisfied.

Although he liked Qin Shuang, he absolutely couldn't stand the situation that he was surpassed by anyone, and he wanted him to admit that others were better than himself. It's definitely not possible.

“Haha, do you know this sword?” George Han smiled dismissively: “Facts speak louder than words. Of course, people of your level don't know this sword, but the master of the monarchy should know it? “

## Chapter 1712

“Huh, it's just a broken sword. What's so strange? Hehe, I understand. Why Qin Shuang doesn't even need his face, but also protects you as a trash. After a long time, your flattering skills are superb. Ah.” Ye Gucheng smiled disdainfully.

George Han smiled: “I said just now, of course you don't know what you are.”

Ye Gucheng's face was solemnly cold: “What are you talking about? You really think Qin Shuang will protect you. I dare not kill you?”

Wu Yan raised his hand gently to stop Ye Gucheng, but kept his eyes fixed on the sword in Qin Shuang's hand: “Enough, don't change this matter any more.”

“Uncle, you...” Ye Gucheng was angry. The posture still wants George Han to look good.

“This is the Sword of Demon Suppression that suppresses the golden body of the Beast King. Is it possible that Qin Shuang broke the forbidden area of the dead?” Wu Yan drank reluctantly.

As soon as these words came out, a group of disciples instantly stopped breathing and looked at the long sword in Qin Shuang's hand in disbelief.

“God... my god, this is... this is... this is one of the three great artifacts of our Void Sect, the Sword of Demons?”

“Wow, Senior Sister Qin Shuang is really amazing. Let me just say that among the three genius disciples of the Void Sect, Senior Sister Qin Shuang is the most powerful, and everything else is a cloud.”

“That's not right. Senior Sister Qin Shuang is someone who can break the forbidden area of the dead by herself. I want to ask, who can do this in the Void Sect?”

“The Forbidden Land of the Necropolis is a big forbidden place of the Void Sect, and it is also a nightmare place that everyone in the Void Sect dared not set foot on. Senior

Sister Qin Shuang is already a role model for our group if she can go alone, let alone she can still Broken.”

“Senior Sister Qin Shuang’s cultivation level. At least it seems to be comparable to that of the elders. If this continues, it will be the pride and future of our Void Sect in the future.”

Listening to a group of disciples boasting admiration for Qin Shuang, Ye Gucheng’s face was red and blue.

He should be the most dazzling future star of Wu Wuzong. No one is qualified to surpass him.

Thinking of this, he looked at George Han angrily. It was this guy who made the situation like this one. Qin Shuang was praised all over, but he was star-lit.

This damn slave. If you don’t kill him, cramp him. How to solve the hatred in the heart!

“Shuang’er, you did a good job this time. You solved a major problem for the Void School.” Wu Yan looked at Qin Shuang and smiled satisfied.

Although the forbidden area is very dangerous. There are countless complicated arrays, even himself. Nor can it unlock the forbidden area of the dead.

But one thing is certain is that Qin Shuang has the Demon Sword in his hand, which explains everything.

Qin Shuang looked at George Han in confusion. She didn’t understand why George Han wanted to lie, obviously he broke the forbidden land. Why did he put all the credit on his own head.

But seeing George Han constantly cast eyes at herself wanting to admit it, she nodded reluctantly.

“By the way, I just heard that although you broke the forbidden area of the dead, but you were also injured by the Beastmaster, don’t stay here anymore. Let’s go back quickly.”

After Wu Yan finished speaking, he waved his hand. After swiping the teacher back to the temple, the disciples immediately rushed to make way for Qin Shuang.

Qin Shuang motioned under George Han’s eyes. Accompanied by Wu Yan, he walked slowly to the forefront.

Seeing Qin Shuang being treated so favorably. Ye Gucheng’s back molars almost snapped, and finally, he coldly looked at George Han who was following at the end: “Dead slave, today you are doing my good deeds over and over again, and I want you to die.”

Back in the hall, Qin Shuang had just arrived, but the main hall was already crowded at this time. Not only was Qin Shuang still alive, but the news of breaking the forbidden area of the undead was like a thunderstorm, causing the emptiness that had been calm for a long time to blow up.

After all, how difficult is the forbidden area of the Necropolis, and the elders of the sect of the void also know that they may not be able to break it, otherwise, how could the forbidden area become a forbidden area?

It was because there was no way to put it on hold, but Qin Shuang did it.

“The younger generation is terrible, the younger generation is terrible.” Elder Erfeng said with joy.

“It seems that today’s entrance examination can be ended early. Based on Qin Shuang’s performance, she has already locked the battle ahead.” Elder Sanfeng also nodded in agreement.

“Hmph, that simply gave her the position of head in advance.” Elder Shoufeng muttered dissatisfiedly.

“Yeah, where do you put Gucheng and Yunfeng?” Wufeng elder agreed.

“Qin Shuang may only be lucky for a while. In terms of talents, it is obvious that Ye Gucheng and Lu Yunfeng are better, and the future is more promising.” said the elder Liufeng.

The first peak disciple Lu Yunfeng and the first peak closed disciple Ye Gucheng are the largest capital of the first peak. Before Qin Shuang breaks the forbidden ground, the first peak is almost a hot spot in the future. Hearing other elders supporting Qin Shuang, the elders of the first peak are naturally dissatisfied. , Together with his support, Wu Liufeng also joined in.

“The head is here!” At this time, the palace gave a soft drink, and the head of the Void Sect slowly appeared on the stage.

## Chapter 1713

“Huh, I can’t even compare with the present, and I still want to talk about the future? I only know that the current head is personally coming to greet Qin Shuang outside the temple. This kind of specification, no one has had this kind of specification in the past 100 years.” The head comes out. Elder Erfeng suddenly smiled.

As soon as this remark came out, Elder Shoufeng looked even more ugly. Elder Erfeng was right. He greeted him outside the hall of the head. The Void Sect is generally not unless he is facing a very important VIP, such as the powers of the three major families. Will enjoy it, let alone disciples.

This time. Qin Shuang really earned enough eyeballs.

“Zhu Lao Er, you are a shameless fox, you can’t make a genius disciple in Erfeng, why, are you going to lick Sifeng now?”

Hearing this, Elder Erfeng suddenly became anxious. This is almost straight to the heart, because what he said is the truth. At the time of Wu Wuzong Qifeng, the first peak, the fourth peak, and the seventh peak were the most dazzling, and then the seven peaks closed down, and the second peak was rushing to get Ye Gucheng, but in the end he was lured by the first peak to shut down disciples. So far, the first peak It is more star-like to show off, and Erfeng is even more dateless.

Therefore, in private, Erfeng carried out the enemy’s enemy as his friend to the end, and had been making good friends with Sifeng. Now that Qin Shuang’s interest has suddenly risen, he naturally wants to flatter him, and severely belittle the first peak.

Unexpectedly, Shoufeng’s words were directly in his heart.

Lin Mengxi has not spoken. Compared with the other elders, she doesn’t care how great Qin Shuang is now. What she is happier is that Qin Shuang’s “resurrection”, and she is more worried about spreading the news. Qin Shuang was also injured by the beast king’s sentence.

I don’t know what happened to Qin Shuang.

At this moment, a cloud of auspicious clouds in the distance came slowly towards this side.

“The Master of the Ordination Academy is back.”

Soon, one of the disciples yelled, and at the same time, the disciples of the entire Void Sect were also at this time, quickly separating on both sides. When the clouds settled and Wu Yan took Qin Shuang to the main hall, the disciples suddenly boiled.

“Senior Sister Qin Shuang is amazing.”

“Senior Sister Qin Shuang, you are simply a heroine who won’t let the eyebrows be shaved. Breaking the forbidden land of the dead is simply a role model for my generation.”

“Senior Sister Qin Shuang, beautiful job!”

Congratulations from the disciples. Qin Shuang didn’t feel happy at all, and she kept looking at the disciple behind her. She wanted to find George Han.

Because she understands that these glory and highlights should belong to George Han, not herself. Without him, whether she could come back or not this time is a huge unknown. Where is the right to enjoy praise and praise here.

But George Han pushed her out, and pushed all the benefits to her, she couldn't but accept it.

although. She knew that if her character was the same as before, no matter how many reasons and excuses she had, she would not agree to these things that didn't.

“Shuang'er, you're back.” At this time, the leader walked up with a smile, and the dead spirits were forbidden to be destroyed, and he was naturally very happy as the leader.

after all. This not only solved a troublesome event of Wuzong, but also indicated Qin Shuang's potential. Shake the ancestors.

“I have seen the head teacher.” Qin Shuang saluted politely.

The head hurriedly helped Qin Shuang: “You are hurt, so these vulgar rituals will be avoided. Come and watch the tea-giving seat in the inner hall.”

After speaking, the head happily took Qin Shuang and walked slowly towards the inner hall.

The disciples were in an uproar. Watching the tea-giving seat in the inner hall, this is a treatment that these disciples dare not dream of, because even the disciples in the temple. At most, they just follow the head in and out. How can there be such a level as a tea appreciation seat?

Elder Erfeng Chongshoufeng snorted triumphantly. With that proud appearance, the Buddha-defending Qin Shuang was like his disciple.

Elder Shoufeng's face was gloomy, and he squeezed away the second elder first, and followed towards the inner hall. When the other elders saw this, you immediately pushed and squeezed me, not giving way to each other.

After finally reaching the inner hall, Qin Shuang had been arranged by the head to his right hand and brewed a pot of good turtle spirit green tea.

This tea is the finest tea of the nihilism. It is not only sweet and delicious, but also has very special healing effects, which can enhance the energy flow of the meridians. It is simply a good monastic supplement.

The head of this thing is usually reluctant to drink a small cup, but today he gave a pot to Qin Shuang. It's envious of others.

“Everyone, sit down.” The head chuckled softly, his face full of untold happiness and joy.

Waiting for the elders to sit down, the head said: “This time, Qin Shuang broke through the forbidden area of the dead, and successfully cut off a major problem of my nihilism at the cost of injury. His courage is commendable and his ability is worthy of

praise. As the head, I am proud of such a disciple, and at the same time, I also hope that everyone can use Qin Shuang as an example for you to learn from in the future.”

“Now, I’m announcing an important thing.” After the headmaster said, he looked at everyone in the audience with expectation. Seeing that everyone was very curious, he laughed: “I decided to officially accept Qin Shuang as the main hall. Disciple, at the same time, admire Wannian Xuening Grass.”

what? !

The six elders were shocked at the same time!

## Chapter 1714

According to Wu Wuzong’s rules, to become a disciple of the main hall, one must pass the entrance examination, but Qin Shuang has not participated in the entrance examination at all, but was admitted in advance by the head, which is not surprising.

“Master, the rule of the Millennium of Void Sect, those who enter the temple must pass the entrance examination. How can you break the rules of the ancestors?” Elder Shoufeng suddenly dissatisfied.

Elder Erfeng shot back: “Brother, this rule is dead, but people are alive. If you always stick to the old rules, that’s pedantic, that’s sticking to the rules.”

“That’s right, the ancestral rules also require us to stay away from the forbidden area of the undead, but Qin Shuang not only did not stay away, but also walked into the forbidden area and successfully broke it. If we follow the rules, we can still have this in the Void Sect. Waiting for the happy event to happen? Brother. You are too stubborn.” Elder Sanfeng quickly agreed.

Elder Wufeng dismissed: “Then listen to the meaning of the second elder and the third elder, and you won’t have to abide by any rules in the future. You can come whatever you want?”

The head smiled and waved his hand, indicating that the elders don’t have to argue anymore, and said: “The elders did consider the concerns of the elders, but what Qin Shuang made this time is the unworldly merit of the Void Sect. Naturally, it’s another matter. What do the disciples think?”

“Senior Sister Qin Shuang’s contribution is unprecedented, and there are no newcomers. Early admission is simply not an exaggeration.”

“Yes, who can break the forbidden area of Nothingness Sect? This is simply a shocking move. If our Nothingness Sect does not have a high standard of praise, I am afraid that the world sect will laugh at it.”

“The disciples also agree that Senior Sister Qin Shuang can be admitted exceptionally.”

The elders of the peaks each have their own small abacus. This is not unclear to the heads. It will always be fruitless to let them argue. Therefore, the heads set their eyes on the disciples in the temple.

It is most appropriate for the disciples to be afraid of the head, and secondly, there is no conflict of interest as serious as the elders.

Looking at the passionate disciples. Lu Yunfeng and Ye Gucheng face sinking like water.

“Junior Brother of the Academy, what do you think?” The head said with a smile.

Wu Yan quietly glanced at the elder Shoufeng, cast a helpless look at him, and then said with a smile: “The Void School has such a strange disciple, it should be specially rewarded, otherwise, it is easy to be coveted by outsiders. “

The head nodded in satisfaction.

“But even so, it’s nothing more than an exceptional admission, and it won’t be a reward for Wannian Ningxue Grass?” Shoufeng Elder said in a cold voice.

Wannian Ningxue grass is a rare item in the entire Bafang world, and the improvement of the cultivation base of this grass can be described as abnormal.

According to current estimates, there are less than one hundred thousand Ningxuegrass in the entire Bafang World, and its annual output is only a few hundred plants. It is the top auxiliary material in the cultivation process.

Not only does it contain a very high concentration of energy, but it is also a medicinal material that can cure all diseases. Therefore, in the world of Bafang, this thing is almost impossible to find. The entire Void Sect has been stored for thousands of years, but there are only five plants. . But now, the leader wants to reward Qin Shuang.

Everyone understands that after eating this thing, the cultivation base can be increased by at least half a level. Even those with strong talents can be promoted to a full rank.

In the Bafang world, what a rank means means that there may even be a spike situation.

The true gods, the eight wilderness, the evil spirits, the 崆峒, the ethereal, and the sacredness, Taoism and enlightenment. Now Qin Shuang may only be in the realm of Dao, but once she eats Wannian Xuening, the ghost knows that she will reach the holy realm at once and become the most dazzling person in the entire Void Sect?

The gap between the Holy Paths, some people need to spend a few years, but some people may not be able to reach the end of their lives, which naturally aroused the dissatisfaction of the elders of the first peak.

Even the disciples who agreed to an exceptional admission just now were quite dissatisfied.

For disciples who enter the temple, every three years will have a chance to be assessed. But Wannian Xuening Grass really eats one piece less, which affects their vital interests.

The second elder, who had been helping out all the time, was silent. The reward specifications of Wannian Xue Ningcao were indeed too high. Even these elders had never qualified to touch this thing, but now it was going to be distributed to a disciple, and they felt uncomfortable.

Putting it another way, the reward of the head can basically be determined. He regards Qin Shuang as the future head of the Void Sect and is training.

“Brother, Wannian Xuening Grass has always been one of the plants that I can send to the future head to enjoy. Qin Shuang is only a disciple of the temple. You gave her so early, is it too hasty?” Elder Wu Yan also softly said at this time .

The head chuckled: “This matter, I have decided. Qin Shuang was injured by the Beast King to break the ban, and I rewarded Wannian Xuening Grass for her healing. Otherwise, her meritorious service will affect her subsequent cultivation. Do you think it is fair?”

Hearing this, Elder Shoufeng wanted to say something, but Elder Wu Yan stared back.

“Since this is the case, then everything will be arranged by the senior brother.” Wu Yan said softly.

The demon energy in Qin Shuang’s body is indeed extremely heavy, and it seems that the injury should be serious. This Wannian Xuening Grass used it to treat injuries. Indeed, his cultivation base will not increase too much.

The most important thing is that being able to detect the gift from the head does not mean that the future head is predetermined in advance. Everyone breathed a sigh of relief.

“Okay. Come here, pass Ten Thousand Years of Snow Ning Grass.” The head gave an order.

As soon as the voice fell, a disciple slowly walked up with the mahogany Zen box in his hand, just as the head of the head took the box and was about to hand it to Qin Shuang.

At this time, there was a soft drink from the hall: “Ten thousand years of snow condensed grass, the head can send it, but Qin Shuang, are you qualified to take it?”

Everyone looked back, Ye Gucheng sneered with disdain, his eyes staring at Qin Shuang.

Seeing everyone's eyes looking at him, Ye Gucheng was even more proud. Elder Shoufeng quickly reflected, pretending to coldly shout to Ye Gucheng: "Gucheng, above the main hall, don't mess around. What you said just now, it's better to have a safe Explain, otherwise, it should be handled according to the door rules."

Ye Gucheng nodded. He clasped his fists and bowed: "Master Qi, the head, the disciple thinks that Qin Shuang is not worthy of enjoying the reward of Wannian Xuening Grass. He is also not worthy of entering the temple disciple in advance, because!!!"

"She is nothing but Jin Yu's defeat!!"

When these words came out, everyone was shocked, and even the head was slightly surprised.

"It's just a ridiculous bitch who seduce slaves, and lost my face in the Void School. Why should I be entitled to be rewarded by the Void School?"

"Seduce slaves?"

"Isn't it? Senior Sister Qin Shuang is so beautiful, will she seduce slaves? Isn't this rumors too unreliable?"
