

When Xie Jinyan received the call, he was having a drinking session with his business friends. Now that the Su family was showing promise to rise higher because of the West side project Xie Jinyan hoped that his family could rise to greater height as well. Hence, the man had been humbling himself to meet a lot of big names in the business industry recently. He had brought himself low and caring favor just for the sake of lifting his family higher.

The earlier incident of Xie Yufu offending Molan's man almost ruined the Xie family. Fortunately, nothing happened and Xie Jinyan had made sure to 'educate' Xie Yufu properly. The father believed that his daughter has learnt her lesson.

However, the moment he received the call, his face turned paper pale.

Although Xie Yufu didn't mention what happened, she asked him to hurry to Mojo nightclub. It was obvious that something had happened!

Not only that, Mojo nightclub was Molan's turf. Did she offend Molan again?

"Xie, are you all right? Why is your face so pale suddenly?"

"Did anything happen?"

"If you have any trouble, just tell us. If it is within our ability, we will definitely help you."

The few friends told Xie Jinyan.

Xie Jinyan shook his head and said, "It's nothing.

My daughter called and asked me to go home.”

Xie Jinyan knew that his drinking friends would be able to help when everything is fine. But to depend on them during a time of crisis was impossible. It was good enough that they wouldn't cause further trouble. Therefore, before confirming what happened, Xie Jinyan didn't dare to say anything, lest he would cause further trouble for himself.

“It is quite late already and I shall excuse myself first. Let me pay for this as an apology. And let us drink again next time.” After Xie Jinyan left the hotel, he drove to Mojo immediately.

Two of Molan's underlings were waiting for Xie Jinyan by the doorstep. The moment Xie Jinyan saw that, his back was drenched in cold sweat. It seemed highly probable that Xie Yufu had caused trouble again.

When Xie Jinyan went inside the room and saw Xie Yufu have a bruised face, he didn't ask for her well-being. When he saw Molan in the room as well, he almost fainted.

“Xie Yufu, what the heck have you done again? Didn't I warn you not to cause trouble anymore? Do you really want to bring our family down with your stupidity?” Xie Jinyan rebuked her furiously.

The moment Xie Yufu saw Xie Jinyan, she broke into a loud wail. Had she known Han Jingru was so great, why would she do something so foolish like that?

The young lady was so spoiled and she simply felt that Han Jingru was still a trash even if Tian Jingle

avored him. Therefore, she wanted to teach Han Jingru a lesson.

However, she finally realized that Han Jingru was more than what meets the eyes.

"Dad, help me!" Xie Yufu sobbed.

Xie Jinyan drew a deep breath and walked towards Xie Yufu. The father dragged her hair and said, "Hurry and kneel and apologize to Mr. Molan."

Molan simply waved his hand at Xie Jinyan and said, "Why are you apologizing to me. Your darling daughter did not offend me but she offended someone worse. Someone the Xie family could never challenge."

Someone worse? Could he be even greater than Molan?

When Xie Jinyan heard that, his heart sank. It was obvious that this time, things got more serious than previously. This Xie family had really gotten into trouble because of Xie Yufu.

"Mr. Molan, who did she offend? Let me go and apologize personally. I beg you to give the Xie family a chance." Xie Jinyan said.

"Are you blind? Can't you see that he is sitting right beside me?" Molan was rendered speechless.

Xie Jinyan instinctively thought that Molan was the biggest deal inside the room and the man focused all of his attentiveness on him. After hearing what Molan said, he noticed the young man next to him, Han Jingru.

Xie Jinyan was familiar with Han Jingru. After all, he had seen him sitting right beside Tian Jingle during his birthday banquet.

Lately, there were more and more rumors circulating about Han Jingru. There were all kinds of different versions but all of them agreed with one conclusion, that Han Jingru will no longer be the trash in Yun city.

Even if he was truly a useless trash in the past, now that the Tian family decided to help him, his fate would change.

“Han Jingru, what have my daughter done? Let me apologize to you in her place.” Xie Jinyan said.

“She damaged my car and even gathered a crowd to beat me up. Your daughter is quite the spoiled princess.” Han Jingru said indifferently.

Xie Yufu’s temper was a result from Xie Jinyan’s cosset, And the father was well aware of that.

However, after so many years, Xie Yufu had learnt her lesson and she knew who she could manage and who she couldn’t. She had never brought too much of a trouble to the Xie family. Therefore, the father simply let her do as she pleases.

But at this moment, Xie Jinyan was just remorseful. He regretted not bringing his daughter up properly and let her cause such a huge trouble.

But Xie Jinyan was still perturbed. Xie Yufu attended Tian Jingle’s birthday banquet as well. She obviously knew Tian Jingle’s attitude towards Han Jingru. Then, why did she offend him?

“Xie Yufu, what kind of feud do you have towards Han Jingru, why are you doing something like that? Don’t you know Mr. Tian favors him?” Xie Jinyan gnashed his teeth and asked.

Xie Yufu knew it as well. However, just half an hour ago, she still didn’t think any highly of Han Jingru. That was because the young lady was simply spoiled. In addition of Han Jingru’s reputation for being a trash, she felt that it would be fine if she were to teach Han Jingru a lesson. Not only that, Liu Qi would be taking up the consequence. Even if Han Jingru asked the Tian family for help, she could easily push Liu Qi out to Tian Jingle.

And it was beyond Xie Yufu’s wildest dream that Liu Qi would turn against her!

“Xie Jinyan, what did you say?!” At that time, Liu Qi roared angrily. The man didn’t know the relationship between Han Jingru and the Tian family. Xie Jinyan’s words were like a bomb drop for him.

Han Jingru was not just Molan’s friend, but even the patriarch of the Tian family favored him?!

“Who are you?!” Xie Jinyan asked in annoyance when he heard Liu Qi’s rude interrogation.

“Who am I? I got into this shit because of your daughter!” Liu Qi was so angry his face twisted into a resentful grin. He couldn’t hold back his anger anymore and he punched right on Xie Jinyan’s left eye.

Xie Jinyan was just an old man and he was in no shape to take that hit. The man covered his face in

pain and fell to the floor.

But Liu Qi wouldn't cut it. He walked towards Xie Yufu and grabbed her hair. After that, he banged Xie Yufu's hand on the floor and said coldly, "You whore. You must have hidden that from me purposefully, right? I have treated you well yet you set me up! A filth like you should just die!"

At that moment, Liu Qi was completely overwhelmed by anger and fear, he was in a trance. He had offended the greatest family in Yun city and the greatest leader in the underworld because of Xie Yufu. How could he maintain his rationality?

"Mr. Jingru, I was a fool. I am just a piece a shit. I beg for your forgiveness. I am willing to do anything for you, please just give me one chance." After Liu Qi beaten Xie Yufu up, he spoke to Han Jingru tremblingly.

Liu Qi had never felt such despair all his life.

"Do anything? How about a dog?" Han Jingru said.

Liu Qi was stunned. In just a few seconds, he knelt on the floor and stuck out his tongue, "Mr. Jingru, is it good enough? If it isn't resembling, let me go back and learn it again."

When Ling Heng saw that, he drew a deep breath. Even though Liu Qi had given up his pride, but his fate in Yun city might completely change.

After all, not just anyone had the right to be a dog for Han Jingru.

In Ling Heng's opinion, that wasn't something humiliating but something to be proud of.

Regrettably, Ling Heng had lost his chance in Changbing's underground casino.

Han Jingru stood up and spoke towards Liu Qi, "I'll give you three days and I want to see the Xie family getting bankruptcy. Since you are a dog, you must learn to bite."

"Mr. Jingru, Roger that. I will definitely do that!" Liu Qi nodded hurriedly and said.

When Xie Jinyan heard that, he was thunderstruck. The father was trying everything he could to increase the influence of the Xie family in Yun city. Recently, he even brought himself low to carry favor of others. However, all of his efforts were ruined by Xie Yufu.

From now onwards, there will be no more Xie family in Yun city!

After Han Jingru left the room, Ling Heng walked towards Liu Qi and said indifferently, "I am just envious of you. How can a person like you be so lucky?"

At that moment, Liu Qi didn't understand what that meant. He was simply feeling fortunate that he could keep the Liu family.

When Molan sent Han Jingru to Mojo's doorstep, he asked, "Should I help Liu Qi a little? Isn't that too much to ask from him to go against the Su family?"

Han Jingru smiled indifferently and said, "There is no need. If a dog can't even bite, it wouldn't have any value."

When Molan heard that, he was stunned. He looked at Han Jingru with a solemn expression and he was hesitant to speak.

"What's wrong?" Han Jingru asked in puzzlement.

Molan simply shook his head and said, "It's nothing. Hurry and go back home, otherwise sister-in-law might worry about you again."

When Han Jingru left, Molan had an impassioned expression as he mumbled to himself, "I wanted to say that you have the potential to be a King to yourself. But with your identity, you shouldn't go down this path, right? After all, that... Is the Han family from Yan Jing."

After saying that, Molan had a cold shuddered down his spine. Although he had always known that Han Jingru wasn't an ordinary man, he had never expected Han Jingru's real identity to deliver such a great shock to him.

Although the Han family from Yan Jing wasn't the tip top existence in the nation, they were very close to the top. In fact, it was just one step away!

The Lamborghini was sent to the 4S shop and Han Jingru jogged back home. When the security

guards saw Han Jingru walking, he greeted him with a smile, “Mr. Jingru, exercising so late in the night?”

Han Jingru raised his hand as a gesture to reply his greeting.

The security guard didn't think that Han Jingru was arrogant. The Tian family had given them a special instruction to treat Han Jingru politely. Therefore, in the security guard's opinion, it was an honor to even have someone so great like Han Jingru to wave back at him.

When Han Jingru went back home and opened the door to his room, he was stupefied by the sight before him.

Where was the bed?

Why was my room empty?!

His heart rate increased rapidly and even his palm turned sweaty.

Could it be... He was about to go back to his room now?

Han Jingru swallowed a gulp in his throat and he felt that his lips were dry. The man went to the kitchen and chunked down a huge glass of iced water. After some time, he finally managed to calm himself down.

Han Jingru still hadn't explained the incident in Golden Arch and he never expected to be allowed back in the room. It happened so suddenly and he just didn't know what to do.

The man sneaked upstairs to Su Yimo's room. When he stretched out his hand to open the door, his hands were trembling violently.

As he turned on the doorknob carefully, the door opened.

The moment there was a tiny gap, Han Jingru heard Su Yimo's voice from inside the room, "Where did you go? Why are you coming home so late?"

Han Jingru could hear that Su Yimo was complaining but she wasn't blaming him for real.

The man hurriedly opened the door and walked inside. He didn't see any mattress on the floor but an additional pillow on the bed. He almost jumped in exhilaration.

"Why aren't you sleeping? Don't you need to get up early tomorrow?" Su Yimo glared at Han Jingru and said.

Han Jingru nodded hurriedly and said, "Of course! I have to wake early. It has been so long since I run in the morning. I am just feeling old already."

The moment Han Jingru sat on the bed, he felt a strong sense of accomplishment and security.

Su Yimo turned sideways. When she felt Han Jingru lying on the bed, she started to worry. She was worried that the dimwitted log would not notice that the red line on the bed sheet was gone.

When Su Yimo heard the snore beside her, she almost couldn't hold back her impulse to kick Han

Jingru down the bed. Did that fellow seriously didn't notice it?

Su Yimo gnashed her teeth and made a fierce face. The woman was just secretly cursing at Han Jingru already. That man can't even take the initiative!

However, she didn't know that Han Jingru was feeling grateful and fortunate enough to be allowed back in the room. He just didn't dare to ask for more.

Their extraordinary marital relationship began with Su Yimo's sufferings. Han Jingru's marriage into the family had caused her to be humiliated and scoffed at. Therefore, since three years ago, Han Jingru had never wanted to force her into anything.

Even right this moment, Han Jingru felt the same. Most probably he would need to wait until a day when Su Yimo couldn't hold back herself anymore and pounce on him to realize her feelings!

Six o'clock the next day, Han Jingru woke up to a thigh pressing against his chest. He didn't feel the slightest bit of discomfort but he felt better than ever.

When the alarm clock rang, Su Yimo retracted her leg and went to the toilet with a blushed face. It was obvious that she was embarrassed.

After the two of them took a quick rinse, they went out for their morning jog. After that, Han Jingru was surprised to meet a certain someone, Kong Wu.

When Kong Wu saw Han Jingru, he walked forward passionately and greeted them, "Brother Jingru, sister-in-law!"

"Are you jogging in the morning as well?" Han Jingru asked in puzzlement. Kong Wu was definitely a playboy in the nightclub, why would he wake up so early for a morning jog?

Han Jingru was right. Kong Wu wasn't a person that trains his body. Had he not heard from the security guards that Han Jingru would be appearing at that hour, he just wouldn't wake up so early.

"Brother Jingru, to be honest, I was waiting for you here. Am I interrupting you and sister-in-law?" Kong Wu asked.

"Yes you are." Han Jingru answered truthfully. It had been a long while since he jogged with Su Yimo. Kong Wu was nothing more than a third leg.

Kong Wu had not expected Han Jingru to reject him so straightforwardly. He was awkward and didn't know what to do.

Su Yimo knew Kong Wu. Although she had never made acquainted with him, she had heard about him. Moreover, the Kong family was quite a powerful family in Yun city. When she saw Han Jingru being so rude towards him, she glared at Han Jingru and spoke towards Kong Wu, "No, you are not interrupting. Do you have any business to do with him?"

Kong Wu didn't dare to speak and he was just high-strung. He came to get closer with Han

Jingru but now, it was obvious that he had made Han Jingru upset.

“Sis... Sister-in-law, am I really not interrupting the two of you?” Kong Wu asked diffidently.

Su Yimo turned towards Han Jingru and the man was smiling bitterly. Now that his wife gave her word, there was nothing he could say.

“Just tell me what you came here for and stop wasting time.” Han Jingru said.

Kong Wu breathed a sigh of relief and said, “Brother Jingru, we have a gathering tonight and I wish to invite you.”

“What kind of gathering?” Han Jingru asked. Now that he could go back his room to sleep, he wouldn’t even be interested if the president invites him to go out in the night. However, Su Yimo just wouldn’t let him reject so hastily.

“It is just a gathering for the young people, those second generation from the prominent families of Yun city.”

Right when Han Jingru wanted to shake his head, he felt a sharp gaze piercing on the side of his face. The man had no choice but to say, “Okay, but you must not take up too much of my time. I have to go home earlier.”

“Okay okay, I’ll arrange so that the gathering starts earlier. I will make sure not to waste your time.” Kong Wu said in elation. It was the man’s objective to be a close friend to Han Jingru through this gathering. Now that Han Jingru promised to go, he

would need to make arrangements to entertain him.

Originally, Kong Wu planned to look for some hot-looking models. But after he saw Su Yimo, he gave up that thought. It might be foolproof to do that for any other man but Kong Wu could tell that Han Jingru wasn't one of them. He could see that Han Jingru loves Su Yimo very much. If it wasn't for Su Yimo, he wouldn't even participate in the gathering.

"Sis, I shall excuse myself fast and stop bothering the two of you." Kong Wu nodded his head and spoke towards Su Yimo.

Previously, Kong Wu would never show respect towards Su Yimo or even anyone from the Su family. However, now he was treating Su Yimo as his sister-in-law sincerely. The man was even desperately hoping that they could even have some blood relationship.

"Why not we just shoo someone like Kong Wu away? Why made me waste time like that?" When they jogged to the mountaintop, Han Jingru asked Su Yimo.

"The Kong family is one of the first-Tier family in Yun city. It is better to have one more friend than another enemy. Getting closer with him could benefit you in the future." Su Yimo answered.

"Me?" Han Jingru was surprised. He guessed that Su Yimo did that for the Su family, but obviously, that wasn't the case.

"If not? Could it be me? Even if I do well in the

future, that was for the Su family, and ultimately, it benefits Su Ruijin. Now I just don't care at the future of the Su family anymore." Su Yimo said.

Han Jingru hadn't thought that she did that for his sake. However, the Kong family meant almost nothing to him. In another word, even the entire Yun city were to turn against him, Han Jingru wouldn't need to give it too much of a care.

However, he was still moved that Su Yimo could think for his sake.

"Yimo, I am just so touched." Han Jingru said.

"Don't forget that you promised to make everyone that looked down on us regret." Su Yimo looked towards the north and said longingly.

Wait! I Have Something to Say!

Send a Gift to the Writer!

Five o'clock in the afternoon, Han Jingru received a call from Kong Wu. After asking the location of the gathering, he went in his Audi.

Now that Xie Yufu had damaged his Lamborghini, he wouldn't be able to drive it and it would take quite a while. Not only that, the repairing cost was quite high. Han Jingru could almost see the insurance agent crying already.

When Han Jingru reached the location, he noticed that it was a private club. Not only that, it seemed to be quite high class.

There were a lot of luxury cars parking right by the door and the grandeur looked almost like a luxury cars' Expo. Although Han Jingru's Audi A6 was a good car, it looked like a joke in comparison to those parking right by the door of the club. The type that no one would take another look.

when Han Jingru found a parking and wanted to drive inside, one of the workers ran over and knocked on Han Jingru's car window impatiently.

Han Jingru stepped on the break and lowered his window as he asked in puzzlement, "What's the matter?"

"Sorry but this parking slot is unavailable. Please find another place." The worker looked at Han Jingru in disdain.

"But it is clearly available, no?" Han Jingru walked down the car and pointed at the parking slot.

The worker smiled faintly and pointed at the few cars beside and said, "Just take a look at all these

cars, and then back at yours. What makes you think you have a right to park over here?”

“Aren’t they all four-wheeled? What’s the difference?” Han Jingru smiled helplessly. He had not expected the worker from the private club to be so arrogant, to even belittle an Audi A6.

“But one of their wheels was enough to buy your entire car. Can you even compare like that? Moreover, this is a private carpark of our club. I’m afraid you don’t have the right to park over here.” The workers said.

“Why are you so sure that I am not going inside the club?” Han Jingru said.

The worker’s sighed and said, “Bro, stop wasting our time and humiliate yourself. Our club has been blocked booked and the most important people from Yun city will be coming tonight. Just look around, do you see any car of lower than a million?”

The worker was right. There weren’t cheaper cars.

Right that moment, there was a Porsche 911 driving over.

“What’s happening? Hey, is there any parking slot?” A man’s hand popped out from the car window and roared impatiently.

The worker hurried over with a fawning smile and said, “Sir, please wait a while. I have a parking slot over there and I’ll get him to drive away right now.”

After saying that, the worker turned over towards

Han Jingru and his face turned into a cold chill. He said, "Hurry and move your car, stop causing trouble for us!"

Han Jingru had seen many judgmental people. But it was the first time he saw this kind of unreasonable worker.

"So what if I refuse?" Han Jingru said coldly.

"Are you trying to cause trouble?" The worker should an angered face.

At that time, the person in the Porsche was impatient already. He walked out from his car and walked towards the Audi. He clicked on the bumper and yelled, "What kind of shit car is this, hurry and move, and stop bothering me!"

Han Jingru frowned a little. Why were the temper of the youngsters nowadays so bad? These young masters had never gotten any hardships in life and they were just ignorant and arrogant.

"You better make sure to watch out my car. If it is damaged, I don't think you are able to compensate it." Han Jingru spoke to the worker and walked away. The man didn't even want to park the car inside the parking slot now.

When the Porsche guy saw that, he clicked on the head lights and yelled at Han Jingru, "Who do you think you are? I asked you to move your car, do you believe I will trash it for you?"

"Give it a try then." Han Jingru said indifferently.

When the young man saw Han Jingru continued to

walk away, he felt offended and that made him boiled in anger. He hurried forward and grabbed Han Jingru's shoulder.

"Bro, I advise you to not act so cocky. Otherwise, you wouldn't be able to handle the consequences." The man threatened Han Jingru.

"I believe that is more practical for you. Let go." Han Jingru said coldly.

"I can let you go, but you must drive your stupid car and disappear before my sight. And I'll let you off this time."

"And if I refuse?"

"Refuse?" The man sneered, "Then let's see what you can do."

Right after saying that, he kicked towards Han Jingru's back.

When Han Jingru felt his movement, he turned around and kicked as well. Han Jingru's kick was much faster and the young man fell to the floor upon the impact. He even rolled a few times before stopping.

"F\*\*k you, who do you think you are! How dare you fight back!" The man gritted his teeth and roared furiously.

"You better don't ask who I am. I am not someone you can try." Han Jingru continued to walk inside the club.

The worker was stunned already. An ordinary guy

that drives an Audi dared to hit someone with a Porsche? Was he courting his death?

He hurried towards the young man and helped him up and asked, "Are you okay?"

The young man flung the workers hand away and muttered resentfully, "Damn it, that cocky scum dares to challenge me? Who does he think he is... Okay, since you don't want to move the car, let's play with you!"

After saying that, the young man got inside his car and started the engine. The next second, he revved it to top speed and rammed onto the Audi. After knocking the Audi away, he parked his damaged Porsche in the parking slot.

When the workers saw that, he was frightful. That car was above one million and he treated it like any car in merry go round? These rich people are just doing as they pleased!

As for the car owner of the Audi, what awaits him after offended someone like this?

"Let's start with your car and then you. It is brother Kong's party tonight and let's see where you can run." That man had a contended expression and he showed no remorse even after wrecking his own car. After all, a Porsche meant nothing in his eyes.

At that time, there was another sports car drove by. The owner saw that and he hurriedly got down his car and walked towards the Porsche. After that, he asked with a shocking expression, "Jiang Tao, what is happening? Why is your car like this?"

“An idiot tried to steal my parking slot and I knocked his car away.” Jiang Tao said.

“Bloody heck, why are you going so far? It is just a cheap Audi, is it worth it?”

“A Porsche is just a big toy in my eyes. However, an Audi might mean everything for someone like him already. Why not?” Jiang Tao scoffed.

The friend nodded and said, “That makes sense. However, now that you paid an entire Porsche as the price, you wouldn’t let him go so easily, right? Can I expect a good show tonight?”

“Of course. However, it is brother Kong’s party and we should still show him some face. I plan to teach that guy a simple lesson that’s all.”

In the club.

Han Jingru went into an open yard and he saw a lot of teenagers inside. The young girls were all wearing seductively with little fabric.

Since this place was already blocked booked, then it meant these people were Kong Wu’s invited friends. But where did the host go?

When Han Jingru was looking around, Jiang Tao reached as well.

That gathering was just a function for the rich people to socialize and get girls. That was something the rich people in Yun city will do it. After all, they never needed to worry about money and they would take turns to organize parties like this. They could easily have more than ten social

gatherings like this in a month.

There was a saying 'nothing better to do after getting rich', and it referred to these people that came from a wealthy background. They didn't need to do anything and they could drive good cars and buy branded goods. Aside from enjoying themselves, they hardly had any skills in life.

When Jiang Tao saw Han Jingru, he spoke to the person next to him, "That is the piece of shit from earlier. I am just shocked to see him driving a stupid Audi yet dares to sneak inside our party."

The friend glanced over at Han Jingru and scoffed in disdain, "We would always have some trashes like that sneaking inside our social circle from time to time. They are just so desperate to get acquainted to us."

Jiang Tao laughed after hearing that, "Exactly. Those poor things were just doing everything they could to mix into our social circle. However, our backgrounds are so vastly different, how can they ever be one of us?"

"How was it? Do you want me to go over and play with him a little?"

"Go on then, it is just right to teach a trash like that a lesson. Otherwise, he would continue to act cocky." Jiang Tao said.

The friend nodded and went to Han Jingru with a glass of cocktail.

"That stupid Audi outside belongs to you, right?"  
The moment the friend walked towards Han

Jingru, he scorned it.

“Do I know you?” Han Jingru raised an eyebrow to glance at him. After that, he answered disinterestedly.

“How can a trash like you know me? However, we are clearing the hall now. I’m afraid someone like you do not have the right to join our gathering.” After the man said that, he poured his glass of cocktail on Han Jingru’s face.

Wait! I Have Something to Say!

Send a Gift to the Writer!

Jiang Tao came over after that with a smug smile. The man snickered, "Oh my, I happened to saw a garbage classification documentary. I think you should be categorized under dry garbage. But with the dripping alcohol, you belong to the wet garbage now, right?"

"Jiang Tao, why are you differentiating dry and wet garbage? Aren't they all just garbage?" The man laughed.

Han Jingru wiped the alcohol from his face and spoke indifferently towards the two men that insulted him.

"I'll give you a chance to kneel and apologize."

Their laughter stopped abruptly and stared at Han Jingru in disbelief.

"Did I heard you wrongly or were you just asking us to apologize to you?" Jiang Tao made a gesture to dig his ear, suspecting that he had heard wrongly.

"Who the heck do you think you are? Making us apologize to you? Don't tell me you don't even know what is this party about and you sneaked inside?" The friend raised his voice.

The scene over here soon attracted a lot of attention. Most of the people knew Jiang Tao, and in their eyes, Han Jingru was nothing more than a clown.

"Now that the people that sneaked in here are getting bolder and bolder. They finally got their way inside the gathering and they dared to offend

Jiang Tao? Aren't they just courting their own death?"

"Maybe it is some kind of a new trick, trying something new to attract our attention!"

"Haha, what can trash like that do by attracting our attention? Do they think that they could join our social circle so easily?"

The gathering crowd were scorning Han Jingru and treated him like someone that sneaked inside the party.

Some women were even showing a look of disdain after examining Han Jingru.

These women were invited to the party not because of their background but because they could provide entertainment to the young men with their bodies. In simpler terms, they were exchanging glamour with their body. After all, every piece of branded goods on their body were exchanged by a night's sleep with the esteemed socialites.

"Jiang Tao, he asked you to kneel. Don't tell me you plan to let him go so easily!"

"Exactly, with the famous temper of Jiang Tao, he would surely beat him up and give us a good show!"

"Yes, if you don't even dare to beat up a trash like that, I might look down on you after this!"

The crowd started to cheer.

Jiang Tao was cornered and he would embarrass himself if he turned them down.

The man didn't want to cause a scene in Kong Wu's gathering. However, now that so many people were staring at him expectantly, he would just lose face if he let it slide. And if what happened was made known, he would be the laughingstock the next day.

"Hey there idiot, today must be your unlucky day. Since everyone was in the mood to see a good show, how can I disappoint them?" Jiang Tao glared at Han Jingru cruelly and said.

He stretched out his hand and hurled his fist towards Han Jingru's face.

The crowd started to yell and whistle for Jiang Tao.

These wealthy young masters were just dying of boredom and desperate for something fun. In their eyes, Han Jingru was just a nobody and they wouldn't get into any trouble. They simply treated this episode as an entertainment in the party.

But the rustling stopped very suddenly.

It was because Han Jingru caught Jiang Tao's fist. When the crowd saw that Han Jingru wasn't beaten up, they were somewhat surprised.

However a few seconds later, the loud yelling and cheering continued it.

"Jiang Tao, what are you doing? Hurry and beat that guy down!"

“Don’t tell me you can’t even win against a trash like that, what a joke!”

“Is there anyone who is willing to help young master Jiang Tao, it seems that our friend here can’t even win against a trash like that!”

When Jiang Tao heard that, his face turned grim and twisted into a malice. However, no matter how hard he tried, his hand was tightly seized and he just couldn’t pull it back.

“You trash, let me go!” Jiang Tao gnashed his teeth and growled.

“I said I will only give you one chance.” After saying that, Han Jingru kicked out as fast as lightning on the kneecap of Jiang Tao.

After that, there was a light cracking sound and Jiang Tao’s left leg twisted backwards in a humanly impossible way. The crowd simply felt goosebumps when they saw that.

\*Hiss...\*

“That... Did he, did he just break Jiang Tao’s leg?”

“Bloody hell, who is that fellow? How can he go so far?”

The bystanders’ expressions changed. The friend that stood beside Jiang Tao felt his legs turning weak. That was because he was the one that heard the clearest sound of bones breaking.

Jiang Tao yelled loudly in pain. He felt a heart wrenching pain from his left leg. When he lowered

his head and saw the state his left leg was in, his pupil dilated in fear.

“You... you f\*\*ker broke my leg!?” Jiang Tao pointed a finger at Han Jingru and said fearfully.

“It is just one leg, the night is still young.” Han Jingru showed a devilish smile. After that, he gave another kick.

Jiang Tao fell right to the floor as his right leg bent backward again. It was just an extremely eerie sight to behold.

This time round, the bystanders didn't just have a change in expression but they were trembling in fear.

They had never imagined the man to be bold and daring enough to break both of Jiang Tao's legs. Han Jingru was the one that should kneel before Jiang Tao. But now, Jiang Tao was just in such a disastrous state.

“And you as well.” Han Jingru didn't plan to stop it yet. He turned his head towards the other person and said.

\*Hiss...\*

The lot of the crowd hissed a breath when they heard that. It wasn't enough to break Jiang Tao's legs, but he wanted to hurt his friend?

Who was that man, was he really a trash that sneaked inside their party?

Didn't he know that Kong Wu was the host of the

party today? If he were to cause a scene over here, would he not afraid that Kong Wu might find fault?

When the man heard Han Jingru, he was so frightened and he knelt right away.

“Sorry, sorry, I was simply following Jiang Tao’s orders. This has nothing to do with me!”

“You can apologize but I don’t plan to forgive you.” Han Jingru stood up and kicked on that man’s face.

The next second, his face turned into a bloodied pulp.

When the crowd saw that, they just couldn’t believe their eyes.

The man was ruthlessly cruel and they had never seen someone their age having such temperament. Not only that, he didn’t seem to care about the consequences!

Han Jingru walked a few steps forward and stepped on Jiang Tao’s face with his right feet, “You still remember what I said earlier? If there is any damage on my car, you better think of a compensation that can satisfy me.”

Jiang Tao’s heart was shivering in fear. He had completely wrecked Han Jingru’s Audi. But before that, he didn’t know that Han Jingru was such a devil!

“I will kill you! Do you know who I, Jiang Tao am in Yun city!? How dare you do this to me!!!” Jiang Tao yelled loudly.

“I don’t care who you are. Most importantly, there is no one that can challenge me in Yun city.” Han Jingru smiled faintly.

Those women that looked down on Han Jingru previously turned into fan girls right away when they heard that. That statement was befitting of a real man!

It didn’t matter if he was just bluffing or he could really do that. At least at that very moment, his stature was magnified and his presence was suffocating.

After beating up the two troublemaker, Han Jingru glanced towards the crowd. Previously, they had been inciting them to cause trouble for him.

“Do anyone of you have anything to say now?” Han Jingru asked indifferently. As his gaze swept by, each and everyone lowered their head and no one dared to make eye contact.

Trash?

Garbage?

They were more than twenty people in the gathering but they were all overpowered by Han Jingru alone. Not a single person dared to talk back.

Jiang Tao’s horrid state was just right before their eyes. Although they didn’t know who Han Jingru was, no one would want to get into the same misfortune like Jiang Tao.

It didn’t matter if they chickened out. After all,

when Kong Wu comes, he would definitely teach him a lesson. They weren't the main character tonight, why bother meddling into the muddy water?"

"And this is the esteemed social circle that you guys are so proud of?" When Han Jingru saw that no one dared to speak to him, he sneered.

"Kong Wu is here!"

"Kong Wu? He finally comes!"

"Mr. Kong Wu!"

"Mr. Kong Wu!"

"Someone is creating a ruckus in your gathering. He even broke Jiang Tao's legs. You came at the right timing. Hurry and go teach that cocky guy a lesson!"

The crowd that didn't even dare to breathe louder seemed to have gained courage after seeing Kong Wu. They all pointed their fingers at Han Jingru angrily.

Kong Wu just went to take a huge dump in the toilet and he didn't know what happened. But when he heard what his friends said and looked forward at Han Jingru and also Jiang Tao, he shivered in fright and hurried towards Han Jingru.

Those men showed a conceited expression again. Now that Kong Wu came, the tables have turned!

“Now brother Kong Wu is here, he would just get in!”

“That man was daring enough to cause trouble in Kong Wu’s party, he just got himself into a huge mess now!”

“Damn it, if this isn’t brother Kong Wu’s party, I would have long taught him a lesson already!”

“Exactly, if it isn’t watching out for brother Kong Wu’s face, I would be teaching that trash a lesson as well.”

Those men that was so afraid to even speak earlier started to bluff shamelessly. Not only that, they did not hide the conceit and smugness on their face. Just as if they could easily step on Han Jingru.

However, none of them could comprehend Kong Wu’s regretful feeling at the moment.

He had finally invited Han Jingru here but yet something like this happened because he went to the toilet. If Kong Wu had known this would happen, he would rather hold it until he leaks in his pant and he wouldn’t go to the toilet.

When everyone was waiting to see how Kong Wu would teach Han Jingru a lesson, Kong Wu hurried towards the man and lowered his head.

“Brother Han, I am so sorry.”

“Is this the kind of party you want me to join?” Han Jingru said indifferently.

Kong Wu tensed up in fright and his face turned paper pale, "Brother Han, I am sorry. I didn't know something like this will happen."

Those gathering crowd that were bluffing moments ago and even showing a conceited expression froze. They were just overwhelmed by what they heard and saw!

Kong Wu! Even Kong Wu needed to bow before that man!

Now that Jiang Tao's legs were broken, Kong Wu didn't avenge him and even apologized to the culprit.

This is madness...

Everyone was just completely stupefied and didn't know what to do.

Who could that man be? That even Kong Wu needed to bow before him?

Those men that were bluffing regretted immediately.

They were just mouthing off whimsically but now they completely embarrassed themselves.

If even Kong Wu didn't dare to offend that man, how could they?

"You best let your man go check on my car. If there is even a little bit of damage on it, then you and them..." Han Jingru stopped before finishing his sentence.

Kong Wu was overcome with fear already. He didn't know what happened but with Jiang Tao's personality, it might already be too late.

It was such a nice location to gather and build rapport with Han Jingru. But it was ruined by Jiang Tao.

Kong Wu had a grim face as he walked towards Jiang Tao and gritted his teeth, "Jiang Tao, what have you done to brother Han's car?"

Jiang Tao was feeling a great pain from both his legs. However, the fear in his heart was stronger.

That man could even intimidate Kong Wu like that. What kind of Titan had he offended?

Now the Audi wasn't just damaged but it was completely wrecked.

"Brother Kong Wu, sorry. I am sorry. I didn't know he is your friend, please save me." The bully earlier was covered in tears and snot already, crying like a little girl.

When Kong Wu heard that, his heart sank. It was obvious that Jiang Tao had already done an irreversible damage.

He kicked Jiang Tao's face furiously and he was just holding back his impulse to kill that fool.

"Jiang Tao, you have really done it this time! What makes you think I have the right to be brother Han's friend?" After saying that, Kong Wu stepped on Jiang Tao's stomach.

Jiang Tao's cry of despair resounded in the yard.

Most of the people around were drenched in cold sweat. No one had expected such turn of event.

Who was that stranger? Not even Kong Wu dared to offend him and it seemed that his stature was much greater than Kong Wu.

Could he be someone from the Tian family?

However, Kong Wu greeted him as brother Han and it was obvious his surname wasn't Tian. If that was the case, they just couldn't understand who else aside from the Tian family could intimidate Kong Wu so much.

At that time, those who were timid knelt on the floor and asked for forgiveness as they ran down mouth earlier.

"Brother Han, I'll buy you a new car. What do you plan to do to the two of them?" Kong Wu asked Han Jingru.

Jiang Tao had become a handicap but the other one simply received an injury on his face. When he heard what Kong Wu said, he knelt before Han Jingru fearfully and kept banging his head on the floor, "Brother Han, I was blind to make such a grave mistake. I can give you anything, please just let me go!"

Han Jingru breathed a long sigh. It was supposed to be a party but it ended up like this.

Since Jiang Tao was already disabled, there was no point to cause further trouble for him. Now that

Kong Wu was willing to compensate him a brand-new car, he didn't make any loss.

"You shouldn't have invited me." Han Jingru spoke towards Kong Wu and walked outside the club.

Kong Wu knew that although this incident was settled, his chance of building friendship with Han Jingru would be difficult. And Jiang Tao was the culprit of everything.

"From today onwards, Jiang Tao is my, Kong Wu's enemy! And the lot of you, if anyone dares to say anything about the night, I'll make sure to find you up and make you pay." Kong Wu said to the crowd.

Even if Kong Wu wouldn't be able to befriend Han Jingru, he didn't want this to fall into the Tian family's ears. If Tian Shuirou knew that he offended Han Jingru, the entire Kong family might be dragged down.

When Han Jingru went to the carpark and saw the state of his car, he couldn't help but let out a helpless smile.

That Jiang Tao was quite a crazy one to did that to his own Porsche.

"How was it? Didn't I remind you just now? That you don't have the right to park your car over here. You refused to listen to me and now you are just regretting, right?" The worker walked towards Han Jingru with a smug face and continued, "Jiang Tao was a real wealthy man. He didn't even care about this Porsche that worth more than a million. Who do you think you are to challenge him?"

Han Jingru shrugged his shoulder and said, "That is a few hundred thousand over there, what a pain."

The worker leered at Han Jingru in disdain. Such was the difference between ordinary people and wealthy people. The other person didn't even care about his Porsche yet he was devastated by his Audi.

"You were the one that refused to listen to my advice. Consider a lesson learnt!" The worker said.

"Okay." Han Jingru nodded seriously. Since he couldn't drive his car anymore, he had no choice but to walk home.

When the workers saw Han Jingru left, he smiled and sighed as he mumbled to himself, "Why are there so many ignorant fools nowadays? Didn't pay heed to my advice? That is his consequence."

Soon after, there was an ambulance that came to the club. The worker was puzzled to see that Kong Wu was the one that blocked booked the entire clubhouse. Why would an ambulance come so suddenly?

Did anything happen inside?

When the worker was pondering about that, Jiang Tao was carried outside in a stretcher.

The worker was stupefied the moment he saw that.

That man was Jiang Tao! Why would he get injured so suddenly? And he seemed to be in quite

a serious injury!

Kong Wu walked towards the worker with a grim faced and asked, "Where is the Audi?"

The worker was stunned and he hurriedly answered, "Mr. Kong, the car is still in the parking lot."

"Bring me to it." Kong Wu said.

The worker was perturbed. It was just a broken Audi, why would Kong Wu even care?

When Kong Wu went into the carpark and saw the crashed Audi, he drew a deep breath. The damage of the car was equal to the damage of his relationship with Han Jingru.

"Mr. Kong, I have warned that fellow not to park over here. But he refused to listen." The worker reported to Kong Wu.

Kong Wu sneered as he kicked right on the workers stomach. The man was on the verge of erupting in anger, yet the worker came by and say something like that. Wasn't he asking for it?

The worker was just confused. He didn't even know why he got such a beating.

"You are just a damned worker, how dare you look down on someone that drives an Audi? Then what car are you driving? Why do you even care that a car park right over here?" Kong Wu said coldly.

The worker didn't understand why Kong Wu got so angry. However, he knew that an apology was the

best choice.

“Mr. Kong, sorry. I am sorry.”

“Tell me, for a trash like you, only those who can afford luxurious cars are great people, right?”

Kong Wu was so angry that he didn't even care who the Cayenne belongs to and he clicked on it to vent his anger.

The worker covered his stomach as he watched Kong Wu left the parking area. He climbed up in great difficulty and thought about what Kong Wu said. All of a sudden, he was thunderstruck.

Only those that can afford luxurious cars are great people?

The worker turned his head towards the Audi and his eyes widened in fear.

Could it... Could it be that the person earlier was the real deal?

Could he be related to Jiang Tao getting injured?

As the worker recalled his attitude towards Han Jingru, all of a sudden he felt that he just survived by a hair's breadth.

The man even got Jiang Tao admitted into the hospital. What right did a small-time worker like him had to act cockily in front of him?

The mansion in the middle hill.

It was almost the mid-Autumn Festival, Jiang Yan received a lot of calls from her maternal side, asking when she would be going back. The relatives didn't ask anything about Han Jingru because they presumed that Jiang Yan wouldn't be bringing him.

For the past three years, Han Jingru had only showed up once, and each and every one of Jiang Yan's relatives knew he was nothing more than a trash. Therefore, they didn't care about him at all.

But this year round, all of the relatives were just excited to see Jiang Yan. After all, Su Yimo had assumed a high position in the company and all of them wanted to get some benefit from her.

Su Yimo even received a call from her cousin, Jiang Wan.

Jiang Wan was slightly older than her and she got herself a boyfriend with good background. Because of that, she had always been showing off in front of Su Yimo and compared her boyfriend with Han Jingru.

Su Yimo understood Jiang Wan's personality well. Therefore, whenever she mentioned about topics like that, Su Yimo would answer her perfunctorily.

"By the way, when do you guys plan to come home during the mid-Autumn Festival? I'll get Liu Zhijie to pick you guys up. He just bought a new car this year and you two could give it a try, even the car seats are made from real leather. You might not know how it feels like to sit in a good car like that,

it is really comfortable!” Jiang Wan said with a smile.

Su Yimo smiled helplessly and said, “We might be driving over as well. So I don’t think we will need your boyfriend to pick us up.”

“Huh, it is so far and it must be very tiring to drive. Not only that, what if your car breakdown in the middle of the road?” Jiang Wan pretended to said worriedly. But she was making fun of Su Yimo’s old car.

“Sister, don’t you worry. We changed a car as well. I don’t think it will break down.” Su Yimo said.

Changed a car?

Jiang Wan felt unfair. She had heard that Su Yimo was doing well in the Su family. Now it seemed to be true. However, even if she had really changed a car, it wouldn’t be anything good.

“All right then. When you guys come over, I’ll bring you to Liu Zhijie’s house to take a look. He just bought a villa near our area that posted about two million, just because he wanted to enjoy the quietness away from the city. It is much better than those villas for holidays!”

All she did was show off and Su Yimo just didn’t know what to do to her. At that time, Han Jingru came back.

Su Yimo was a little surprised. Didn’t he go to Kong Wu’s party? Why did he come home so soon?

“Sis, I’m afraid I have to go. Let’s talk when I get home.” Su Yimo said.

“Sure, you guys should come back earlier and play for another day. Now our county is completely different, it has a lot of fun places.” Jiang Wan said smugly. She guessed that Su Yimo must be envious of her that she refused to talk more.

However, when Su Yimo gets to Bin County, she would have all the chances to show off to her. Therefore, Jiang Wan wasn’t in a hurry.

After hanging up the phone, Jiang Wan spoke to Lu Zhijie beside her, “I have always liked to compete with Su Yimo ever since we were little. But now that I found you, she will never be able to win against me.”

After saying that, Jiang Wan leaned in Liu Zhijie’s hug meekly.

The man had heard plenty about the Su family from Jiang Wan, especially the trash called Han Jingru. Whenever Liu Zhijie heard his stories, he would laugh hard.

“Now that your cousin married into such a trash, how can she compete with you? Don’t you worry. I will make sure to show her the difference between you and her.” Lu Zhijie said with a smile.

“Yeah, however she is still my cousin and you should save her some face. I don’t know if that trash will come or not. If he is coming, you don’t have to hold back. After all, a trash like that doesn’t need to have face.” Jiang Wan said.

Liu Zhijie nodded smugly. He was an outstanding youngster that founded his company. His company wasn't huge but the profit was quite a hefty amount. It was more than enough for him to step on a trash that depend on his wife.

Su Yimo had no problem getting Jiang Wan's intention and she already had quite a good idea of what would be happening after they went back to Bin County.

However, she no longer cares.

She walked towards Han Jingru and asked, "Why are you back so early? Didn't you go to the party?"

"I went but it was quite boring. Therefore I came home earlier." Han Jingru didn't dare to tell Su Yimo what happened during the party. Su Yimo wanted him to make friends but the outcome was clearly different. Moreover, he might have just made himself a public enemy.

"How could it be boring? A gathering of esteemed socialites like Kong Wu must have a lot of beauties, right?" Su Yimo asked.

Woman...

Han Jingru had heard a scorn from her tone. However, she was the one that forced him to join the gathering.

"About that... I am not too sure." Han Jingru said.

At that time, Jiang Yan hung up her call and said in annoyance, "All of the relatives called but your uncle didn't have any news at all. How infuriating!"

Jiang FungGuang had borrowed two hundred thousand but they lost it before reaching home. The family of three were so angry until now and they just wouldn't call Jiang Yan anymore.

Although they didn't plan to pay back the money, they were afraid that Jiang Yan might mention about that.

"Mum, aren't you aware of what kind of person they are? I don't think he even wants you to go home now, lest you make them pay back your money." Su Yimo said.

Jiang Yan knew about that as well. Although the family had gotten richer now and they didn't mind about that two hundred thousand, now that she reflected on her actions on the spent two hundred thousand for the sake of ego, she was just frustrated.

"No way, I must make sure to make them pay back this time round. That was two hundred thousand!" Jiang Yan said.

Han Jingru chuckled as he heard that. Jiang FungGuang and his family were worse than thugs. Getting them to pay was just an impossibility.

Fortunately, they did not get to spend the two hundred thousand and Han Jingru was happy with it.

"I'll go back to the room and rest first." Su Yimo was uninterested to get involved. She was overwhelmed with work already.

Han Jingru could observe a tiredness in Su Yimo's

eyes and he asked, "What happened? Did Su Ruijin caused trouble for you?"

"It has nothing to do with him. Moreover, he didn't have the guts to cause trouble for me. It was simply some troubling issue with those factories that work with us. However, it isn't anything serious and I am able to handle it." Su Yimo said.

When Han Jingru heard that, he didn't ask anymore. After all, Su Yimo needed to grow in her own as well. She couldn't be relying on him every single time.

Early the next morning, they finished their morning jog together and Su Yimo didn't let Han Jingru sent her to the company. And so, Han Jingru came back home himself.

Although they have Ho Ting to do the simple house chores, Han Jingru would help when he was bored.

Han Jingru went into their room and decided to change the mattress cover. All of a sudden, he noticed that the red lines on the mattress was gone!

Did she change the cover already?

Han Jingru wasn't sure. And in the end, he did something that almost made Su Yimo crazy.

In order to avoid Su Yimo overthinking, Han Jingru personally went to get the needles and thread and sew back the red line!

Su Yimo might really just lose it when she gets

back home...

In the Su company.

Not long after Su Yimo reached the office, the chairman, Su Ruijin reached as well. He didn't knock and simply walked inside her office.

"Su Yimo, don't tell me you haven't handle the problem from the factories? Look at the time now, the West side project is still waiting for the construction materials. Do you know how much loss you will incur if you waste even one day?" Su Ruijin confronted Su Yimo furiously.

It wasn't much of the trouble but it was a matter of money. The few factories felt that since the Su family could earn so much in the West side project, they hope to earn more as well. However, the West side project will be going on and it required a huge cash flow. If the factories were to raise the price, it would be a huge expenditure for the Su family. Moreover, if they were to satisfy them the first time, there will definitely be a second and a third. Therefore, Su Yimo was just troubled.

"I have already invited the few bosses of the factory to meet up this afternoon. Hopefully things go smoothly." Su Yimo said.

"Hopefully?" Su Ruijin sneered, "Su Yimo, if you keep up that attitude, how do you expect to get things done? Let me warn you, these are a group of greedy hyenas. You are not allowed to give them another cent. See to it yourself!"

Su Yimo drew a deep breath and said, "Since you

are the chairman, of course you should be the one to make the decision. But if they decided to stop working with us, you will have to come up with something yourself.”

Wait! I Have Something to Say!

Send a Gift to the Writer!

Su Yimo's reply infuriated Su Ruijin. After all, it was his intention to create trouble for Su Yimo. That's why he had a very strong reaction.

He roared at Su Yimo angrily, "Su Yimo, you are the one in charge of the West side project. How dare you tell me this now? Have you forgotten your own responsibility?"

"Su Ruijin, so do you want me to quit my job or surrender the position?" Su Yimo answered indifferently. She had anticipated Su Ruijin to think of something to cause trouble. Therefore, she wasn't the least bit surprised at all.

When Su Yimo mentioned that, Su Ruijin gnashed his teeth in resentment. If she didn't rely on the cooperation with Rumo, she would never have such a position in the company.

"Su Yimo, don't you get so cocky. Rumo will not favor you forever. When they know you are no longer competent, they will just ask you to leave." Su Ruijin said.

"Go ahead and try. Just try to make Zhong Ji changed me, but do you dare?" Su Yimo replied.

Su Ruijin was so angry he almost puke blood already. If he had the courage to do that, he would have tried it long ago. Why would he waste so much time on Su Yimo?

From the previous experiences, Zhong Ji had showed his determination and Su Ruijin just didn't dare to try.

"Su Yimo, just you wait. When you regret in the

future, I won't even entertain you if you kneel before me!" Su Ruijin sneered.

Su Yimo tidied the documents in her hands and leered at Su Ruijin uncaringly, "If you don't have anything else, please get out and stop bothering me."

Su Ruijin turned around in rage and slammed the door hard.

Su Yimo breathed a sigh. It was pointless to argue with Su Ruijin. Now, she just needed to handle the factory issues.

Although Su Ruijin was finding fault, what he said made sense. If she were to let the factories raise the price so easily, what if they meet the same problem in the future? Could they be raising the price every single time?

in the afternoon, Su Yimo left the company and hurried to the restaurant where she was about to meet with the factory owners.

When she reached the place, not a single one of them reached. Su Yimo knew that they were doing that on purpose. Therefore, she ordered herself a cup of tea and waited quietly.

Two hours later, the owners came unhurriedly and they came together. It was obvious that they were in it together.

"Miss Su, sorry about that, we came late."

"Yeah, we have a lot of business deals going on lately. There are so many companies that wanted

to work with us and it is so difficult to find time.”

“The construction industry is prospering lately. It is fortunate that our factories could earn together as well.”

When the few men entered the room, they started complimenting themselves smugly.

The few men came with their secretaries and they were all slender, tall beauties with big rack. Even the secretaries acted arrogant.

“Miss Su, truth be told, if the Su family isn’t able to raise the price, the few of us will stop the supply collectively. I am not afraid if you want to break the contract and sue us. I have gotten the advice from my lawyers already and they were confident to make it a several years’ court case. I wonder if the Su family can drag this for so long.” KangLing, the biggest boss amongst the companies and his words carried the heaviest weight.

In another words, his attitude represented the others.

“Mr. KangLing, the Su family had work together with you for so many years. You knew that the West side project needed a huge investment upfront. Why are you so unethical?” Su Yimo said.

“Unethical?” KangLing shook his head in disdain, “Who cares about ethics nowadays? Money is the most important thing. If you have money, everything goes. But if you don’t have money and yet you want me to work for you, do you think I, KangLing is an idiot?”

“Exactly. I heard that the Su family got a bank loan of ten billion. It is only right to let us raise the price. The Su family is the one earning the huge bucks and we are just earning a little bit alongside. Miss Su, if you can’t even satisfy this little request from us, what is the point to work together?”

“I think the same. We come today not to negotiate with you but to ask you for a clear answer.”

Su Yimo was just having a stinging migraine already. She thought that she was able to at least negotiate with them. However, they had already discussed and they colluded amongst themselves. Judging from their resolution, there was no ground for negotiation.

“My chairman said that it is impossible to raise the price. However, I have a suggestion and I wonder if you guys can accept it.” Su Yimo tested.

“We don’t accept anything but money.”

At that time, KangLing examined Su Yimo and showed a salacious grin. The man said, “Miss Su, your husband is a trash and I heard that after so many years, you never let him touch you. It must feel bad to be a widow like that, right?”

The moment Su Yimo heard that, her face turned grim and she asked, “President KangLing, what do you mean?”

KangLing answered with a smile, “You should understand what I was saying. After all, we are adults. If you are willing to do that, we can discuss about business after that.”

Su Yimo gritted her teeth. She came to talk about business, not selling her body.

“President KangLing, please respect yourself. A collaboration is benefiting the both of us. Even if you refuse it, do not humiliate me.” Su Yimo said it.

“Humiliate?” KangLing leered at her, “If you feel that I am humiliating you, then there’s no point to talk further. Do you really think that I can’t survive without the Su family? There are so many companies that want to work with us. Who cares about a small-time Su family?”

“KangLing, back then when your factory was in financial crisis, it was the Su family that gave you a push.”

“Madam Su is dead but you want to flip back the book? This is useless for me, KangLing. A businessman only cares about interest. Moreover, you should be aware of the current situation. Every single day of stop-work in the West side project would incur a high loss. Moreover, it would be difficult for you to talk to Rumo. What is this little amount for you?” KangLing said.

The little amount was indeed immaterial. However, Su Yimo knew that they would definitely push it in the future and it wouldn’t be a one-time thing.

When KangLing saw that Su Yimo kept quiet, the salacious man had an idea.

After all, Su Yimo was the finest beauty in Yun city. KangLing was just curious whether Han Jingru had ever touched her during the past three years of marriage. The man wanted to try it personally

for himself.

If he could blackmail Su Yimo to sleep with him, then he would just be the happiest man!

“Su Yimo, go ahead and consider about it. Just sleep with me for one night and if you make me happy, we might just...”

Before KangLing even finished, a cup of cold tea was splashed on his face.

Su Yimo was infuriated. She gritted her teeth and yelled, “KangLing, how dare you!”

KangLing wiped off the tea on his face and stood up with a malicious glare. He grabbed Su Yimo’s hair and said, “F\*\*k you, who do you think you are? A whore dares to act in front of me? You think you are so pretty that I won’t be hurting you? I simply want to see if you are still a virgin, you stupid whore!”

Su Yimo’s scalp was hurting and she struggled, “KangLing, let go! Let go of me right now!”

KangLing grinned threateningly and said, “How about it? I’ll go get a room tonight for both of us. Rest assured, with your identity, I will definitely get the best hotel in Yun city!”

“You dream! Let me go!”

KangLing threw her away and Su Yimo fell right to the floor.

“Look at that whore. You are acting cocky now but you will need to beg me to work with you soon.”

KangLing said.

Su Yimo held her hurting scalp and said with a grim voice, "I don't believe I can't find another business partner than you in the entire Yun city."

When KangLing heard that, he laughed smugly. The man acted so ruthlessly because he was prepared. As of the moment, all of the other factories in Yun city had collaborated with him. Moreover, he was the largest factory owner and the others couldn't compete with him.

Even if Su Yimo were to find a small factory, it wasn't able to cater to the project requirements.

"Su Yimo, you can find me any time after you change your decision. Actually, it isn't difficult for you at all. You simply have to spread your legs~ And I think it is just a sweet deal." KangLing said.

That was a great humiliation for Su Yimo and she said, "KangLing, don't you regret. The Su family can bring you up to this height and we can step you back down also."

"Okay, I shall wait and I hope you won't disappoint me. I just can't wait to see how it feels to be stepped down by the Su family. How frightening!" KangLing snickered.

Wait! I Have Something to Say!

Send a Gift to the Writer!

Su Yimo wasn't someone that surrenders easily. After KangLing and his group left, she managed to pull herself up. The young woman drove around and visited several factories. However, the final outcome showed that her effort was fruitless.

Nobody was willing to work with the Su family and KangLing had already controlled all of the factories in Yun city. Although the Su family could search for an opportunity outside from the city, that would drag even longer. The West side project would have colossal loss for every day of stop-work. Rumor wouldn't want to see that.

Being the person in charge of the West side project, Su Yimo was overwhelmed by work stress. The woman was just suffocating.

When Su Yimo went back to the company, she didn't even have the time to rest a little and Su Ruijin came into her office.

"Su Yimo, don't tell me you failed!" Su Ruijin interrogated.

"They were determined and I have tried my best." Su Yimo said helplessly.

"Tried your best?" Su Ruijin sneered, "KangLing gave me a call just now and he said you put your cup of tea on him. Su Yimo, I think you are just trying to cause trouble for the company!"

"Yes I did that. But do you know why?" When Su Yimo recalled that, she was infuriated again. KangLing treated her like a prostitute and she wasn't able to take that in.

“Don’t you understand the unspoken rules in business? If you can’t even pay such tiny price, how do you plan to do something great?” Su Ruijin said.

Su Yimo squinted her eyes. She raised her head and stared at Su Ruijin, “What do you mean?”

“As long as you can help the company, what is a little self-sacrifice like that?” Su Ruijin laughed and continued, “Just shut your eyes a little and treat nothing ever happened. It will be over soon. What can you lose?”

Su Yimo slammed on the office desk and roared, “Su Ruijin, who do you think I am? I will never sell myself.”

“You wanted to act virtuous but you put the company in a difficult position. Moreover, how do you plan to answer to Zhong Ji? How do you plan to pay back the ten billion you borrowed? Do you plan to watch the company goes bankrupt?” Su Ruijin said coldly. In his opinion, it is only normal to have such under table deals in business negotiation. Su Yimo should feel honored to be favored by KangLing. Wasn’t that just sleeping for a night? How difficult could it be? As long as she could help the company, even if Su Yimo needed to be KangLing’s mistress, Su Ruijin didn’t feel any problem.

“I will think of some other ways. But I will not be selling my body.” Su Yimo said resolutely.

Su Ruijin drew a deep breath. It was just the perfect opportunity to kick Su Yimo out the company. Moreover, he had a most righteous

reason now. However, Zhong Ji's attitude was a little vague and Su Ruijin didn't dare to risk it.

But if she couldn't settle KangLing, those factories wouldn't be working with the Su family. In another words, the crisis the Su family faced was comparable to the previous financial crisis.

"You don't have to think of anything else. KangLing was determined. Unless you are willing to sleep with him, he refused to negotiate on this matter. Tonight in Peninsula hotel, I will send you over personally and you don't have any right to refuse." Su Ruijin said coldly.

So he sold her off just like that?

Su Yimo was boiling in anger. For the sake of his own interest, Su Ruijin made that decision without asking her!

"Su Ruijin, who gives you the right to decide for me?" Su Yimo asked coldly.

"Now that I am the chairman of the company and you are one of the Su family. Isn't that enough?" Su Ruijin said that and there was a mirth hiding in his eyes. If he could force Su Yimo to leave the company, then it would be easy to explain things to Zhong Ji. After all, Su Yimo personally decided to leave herself and he wasn't related.

Su Yimo gritted her teeth and she was unable to accept Su Ruijin pushing the line like that. Moreover, she wouldn't be selling herself for the company.

"Su Ruijin, you just want to kick me out from the

company, right? No problem, I quit. As you wish.” Su Yimo said as she started to tidy up her personal belongings.

Su Ruijin was cheering secretly. That had been his biggest trouble for so long but it was solved just like that. If she quitted herself, he would be able to talk to Zhong Ji.

“Su Yimo, you are the one that decided to quit. I did not force you.” Su Ruijin sneered.

Su Yimo said nothing. After tidying up her stuffs, she left the office right away.

Su Ruijin sat on Su Yimo’s seat and grinned ear to ear.

Sometime later, Su Huiqi came inside the office as well.

“Ruijin, what happened? I saw Su Yimo leaving with a box.” Su Huiqi asked in puzzlement.

“She quits. And we don’t have to see her in the company anymore.” Su Ruijin said.

Su Huiqi was surprised. Although she knew that it was just a matter of time, she didn’t expect it to be so soon. And so sudden as well.

“What happened? Have you handled Zhong Ji?” Su Huiqi asked.

“No.” Su Ruijin answered it.

“You didn’t?” Su Huiqi looked at Su Ruijin in shock. If he didn’t handle Zhong Ji, what about the West

side project? The Su family was relying solely on the West side project. If they lost the collaboration with Rumo, no one would be able to save the Su family.

“Ruijin, have you lost it? Aren’t you afraid that Zhong Ji refused to work with us?” Su Huiqi said.

“Su Yimo decided to quit herself and I just can’t stop her. What can I do? I will be telling Zhong Ji that and I believe he will be able to understand. After all, I wasn’t the one that chased her away.” Su Ruijin said.

Although the man said that, Su Huiqi felt that the risk factor was too huge. After all, Zhong Ji had given his word that he would only work with Su Yimo. As for the reason she left the company, it might not be important for Zhong Ji at all.

However, what happened had happened. And Su Huiqi knew it was pointless to say further. The woman was happy that she no longer needs to see Su Yimo in the company.

“Sigh, I hope that everything goes well. Now that I don’t have to see Su Yimo in the office, working become a much happier thing.” Su Huiqi smiled.

When Su Yimo got back home, she shut herself in the room.

Ho Ting could see that Su Yimo’s expression wasn’t right. She was worried that something might happened and she waited by the door. Sometime later, Ho Ting heard Su Yimo weeping inside the room and she was even more worried.

The helper didn't know what to do and she gave Han Jingru a call and told him what happened.

The moment Han Jingru received the call, he dropped everything he was doing and rushed home immediately.

Nothing was more important than Su Yimo. Even if the sky were to fall, he would be getting back to Su Yimo's side.

"Auntie Ho, what happened?" Han Jingru asked Ho Ting.

Ho Ting shook her head and said, "I don't know either. However, she seemed to be in a bad mood when she came home earlier. After that, she locked herself in the room and started crying soon after."

Han Jingru had a grim face. Could it be because of the company? Just yesterday Su Yimo mentioned that the company faced some trouble. It seemed that she had been troubled by the factory owners.

Han Jingru knocked on the door and asked loudly, "Yimo, what's wrong? If there is anything, open the door and talk to me."

Su Yimo had cried until her eyes were swollen red. When she opened the door, Han Jingru was heartbroken to see that.

"What happened?" Han Jingru asked caringly.

Su Yimo shook her head and said, "It's nothing. But from today onwards, I will not be going to

work anymore.”

Not going to work?

Did Su Ruijin caused trouble for Su Yimo again?  
He was just courting death!

Didn't he learn from the two lessons before?

if that was the case, Han Jingru didn't mind to completely send the Su family in despair.

“Is it Su Ruijin? What did he do to you?” Han Jingru asked coldly.

“I quit myself.” Su Yimo said.

Quit?

Han Jingru was puzzled. Why would she quit without any reason at all? Something must have happened.

It seemed that it wasn't just Su Ruijin but also those factory owners.

“I am here and everything can be solved. Since you can't be the West side project manager, you shall be the chairman of the Su family.” Han Jingru said indifferently.

Su Yimo raised her head and looked at Han Jingru in puzzlement. If she couldn't even be the project manager, how was she supposed to be the chairman?

Moreover, the chairman was Su Ruijin. That was a position that no one could change!

Early the next morning, Su Ruijin called for a family meeting, informing the rest of the relatives that Su Yimo had quit her position. When everyone heard that, they were just worried.

After what happened the previous times, if anything were to happen again, no one from the Su family could save the situation. Zhong Ji would not be giving Su Yimo so many chances as well.

“Ruijin, are you sure this is alright?” Su Wenyi asked Su Ruijin worriedly.

Su Ruijin waved his hand. He hadn’t informed Zhong Ji yet and he didn’t know his attitude. However, Su Ruijin thought about it carefully. If Rumo were to stop the collaboration with the Su family, the project date would be postponed. A businessman prioritizes interest and profit. Who would want to incur unnecessary loss? Therefore, he guessed that Rumo wouldn’t have a huge reaction if they found out Su Yimo was the one that quit herself.

“Dad, don’t worry. Nothing will happen.” Su Ruijin said.

“Ruijin, if anything were to happen, you have to take up the responsibility.”

“Exactly, the risk is too huge. I don’t think you should move around in our company like this.”

“Don’t forget about the ten billion bank loan. If anything were to happen, who could save us?”

The rest of the relatives weren’t restful after hearing Su Ruijin. Although Su Ruijin said that Su

Yimo quitted herself, they knew that Su Ruijin must be troubling her and caused her to make the decision.

Although the rest of the relatives didn't like Su Yimo, they acknowledged her effort in the West side project. She would definitely not leave so irresponsibly like that.

“What do you guys mean? Are you telling me the company can't operate without Su Yimo? Can she be more important than me? Don't you forget that I am the chairman of the company!” Su Ruijin said in vex.

When the rest of the relatives heard that, they lowered their head and shut up.

Now Su Ruijin had the highest authority and no one dared to offend him. The man was a tyrant and he did as he pleased. But if anything were to happen, he would also be the one to take the fall.

“If you think that is right, just do as you will.”

At that time, Su Ruijin's secretary walked into the meeting room and said anxiously, “Chairman Su, Mr. Zhong is here.”

Mr. Zhong?

Zhong Ji!

Su Ruijin was stunned. Why would he come without any reason? Previously, Su Ruijin needed to spend a great deal of effort to even invited him out.

When Su Ruijin wanted to get up and receive him, Zhong Ji walked into the meeting room. Not just him but also a crowd of men and women in spectacles. Just the sight of that and Su Ruijin could tell they weren't anyone ordinary with that kind of professionalism.

"Mr. Zhong, what brings you here so suddenly?" Su Ruijin smiled fawningly as he walked towards Zhong Ji.

"I want to introduce a few friends to you." Zhong Ji said.

Su Ruijin was exhilarated. Zhong Ji wanted to introduce friends for him? Does that mean Zhong Ji had already treated him as a friend? And now he no longer needs to worry about Su Yimo quitting?

Su Ruijin glanced over the rest of the relatives smugly, as if he was saying that even Zhong Ji was introducing friends for him, how could he end the contract with the Su family?

"Mr. Zhong, if you want to introduce friends for me, just give me a call. Why are you troubling yourself to come over personally?" Su Ruijin said with a smile.

Zhong Ji had a cold expression and he showed no enthusiasm to introduce his friends. The man simply said indifferently, "It is best for me to come personally to handle this. After all, you will have to deal with them for the next few years."

Next few years?

That timeline... Does that mean the West side

project was secured?

"Could they be the new person in charge of Rumo?" Su Ruijin asked.

"They are lawyers." Zhong Ji answered.

Lawyers?

When Su Ruijin heard that, he was puzzled. Why would he deal with a group of lawyers so suddenly?

"Mr. Zhong, I don't understand what you meant." Su Ruijin scratched his head.

"Since I plan to end the contract, you will definitely sue Rumo, right? Since we are going to court, of course we should get lawyers. They are the panel of lawyers of Rumo. For the next few years, if you have any issue, just tell them directly and they will represent me fully." Zhong Ji said.

Ending the contract?

Those words made Su Ruijin froze immediately!

He thought that it would be a good thing for Zhong Ji to introduce friends to him. But now he was thunderstruck.

If Rumo end the contract, the Su family could sue Rumo. However, with Rumo's background, they wouldn't have any problem dragging it for a decade. But it meant a deadly blow for the Su family.

At the moment, the West side project was only

sustaining lifeline for the Su family. If they lose the contract, the Su family would be doomed.

“Mr. Zhong, why so sudden? Did I do anything to offend you?” Su Ruijin said anxiously.

The Su family’s expression changed as well. Although they have thought about the consequences of Su Yimo leaving her position, they had not expected it to be so soon. Moreover, Zhong Ji brought a team of lawyers and it showed his determination.

“You just want to give up. For the past two times, I have given you chances. But now, you dug your own grave.” Zhong Ji said coldly.

That was very clear already. The reason Rumo ended the contract was related to Su Yimo.

However, Su Ruijin couldn’t understand it. He and Su Huiqi were the only one that knew about it. Why would Zhong Ji received the news so soon?

Could it be... So Su Yimo was the one who told Zhong Ji! She wanted to bring the Su family down!

“Mr. Zhong, about that...”

“Just talk to the lawyers if you have anything to say. And just a gentle reminder, no one will work with the Su family in Yun city. I hope you are able to handle the pressure from the bank.” After Zhong Ji said that, he left the meeting room.

Su Ruijin fell on the floor on his butt and his eyes were lifeless. The man was just conceited a few moments ago. But right now, he was devastated.

Rumo and the bank was able to strangle the Su family to death. They were enough to make the Su family turned to rubbles. Not only that, they would never get the chance to rise again.

The man just took over the position of the chairman for a short time. Is everything collapsing already?

"Su Ruijin, look at your foolishness! Have you forgotten what grandma said before?"

"She said that you must never change Su Yimo's position. Why can't you learn!? Now you just brought all of us down together!"

"Do you think the Su family can struggle versus Rumo? Who do you think will work with us in Yun city?"

"Ten billion, we invested ten billion! Now we can't even take back a single cent. Let's see what he will use to pay back the bank loan!"

The group of relatives condemned Su Ruijin.

They wouldn't care what Su Ruijin did. But the moment their personal interest was compromised, they wouldn't allow it.

And now, Zhong Ji cut all ties with the Su family and kicked the Su family into the deepest abyss. It didn't matter what resources they have, they have no chance to climb back out.

When Su Ruijin heard that, his expression turned grim. The man stood up and gritted his teeth, "Is this my fault? If it isn't Su Yimo snitching on us to

Zhong Ji, how could he know what happened? It must be her! She wants to bring me down, she wants to bring down the Su family!”

Su Huiqi always stood by Su Ruijin. No matter what, she would never take side with Su Yimo.

After hearing what Su Ruijin said, Su Huiqi added as well, “I didn’t expect that whore to be so cruel. She quitted herself and she wanted to bring all of us down. Ruijin, we must never let Su Yimo go so easily!”

“That f\*\*king whore, playing games with me? Since she wanted me to die, let’s die together then!” Su Ruijin stormed out the office furiously.

The man went downstairs to drive his car and went straight to Genting.

Su Ruijin’s car plate number wasn’t registered and he didn’t have the right to enter the mansion area. The man was stopped by the gate.

Although he was infuriated, he did not lose his rationality. After all, the security guards were from the Tian family. Now that they had already offended Rumo, he couldn’t afford to offend the Tian family.

Su Ruijin had no choice but to squat down and wait outside the mansion’s gate.

Su Yimo didn’t go to the company and she stayed at home to watch TV. Han Jingru had something going on but he was worried about Su Yimo. The man cancelled his schedule and accompanied Su Yimo at home.

Su Yimo didn't know what happened in the company. But she no longer cared. If she stayed in the company, even without what happened this time, Su Ruijin would definitely cause trouble for her in the future. She might as well just leave right now.

“Why not you give your classmate a call and ask him not to cause trouble for the company?” Su Yimo sat on the couch and she asked Han Jingru suddenly.

When Han Jingru heard that, he smiled helplessly and said, “They will not appreciate your good will.”

“But there are so many relatives depending on the company. If the company falls, what about their livelihood?” Su Yimo said worriedly.

Han Jingru was always agreeable with what Su Yimo said. However, he would not be compromising in this matter. Moreover, he had already instructed Zhong Ji to go to the Su family. How could he take his orders back so easily?

“You are just too softhearted. They just want to kick you out of the company and you shouldn’t have that compassion in you.”

At that time, the doorbell rang. Han Jingru frowned when he heard that. If it were anyone from the family, they have the keys. Why would they press on the doorbell?

Could anyone from the Su family sneaked into Genting?

Han Jingru walked to the doorstep. After he opened the door, he saw a security guard.

“Mr. Han, there was a fellow called Su Ruijin waiting for you by the gate. I came to inform you and see if you have any instructions.” The security asked Han Jingru.

Although the security guard's job was to maintain the owners of the entire place, ever since the Tian family gave the special instruction, the mansion in the middle hill became an extraordinary existence. Now that someone was camping for Han Jingru by the gate, they felt the right to inform him.

Han Jingru simply sneered. He could guess why Su Ruijin would do that. In that kind of man's opinion, he would definitely feel that Su Yimo instigated Zhong Ji to cause trouble for the company.

"Make him scram." Han Jingru said.

"Yes Mr. Han."

After the security guard got the order, he went to the gate and gathered some helpers.

Su Ruijin was squatting opposite the road. When he saw the security guards walking towards him, he couldn't help but stand up and asked vigilantly, "What do you want? I am not in Genting's territory. You don't have the right to mind my business."

"I don't have the right? Can I understand what you say is that the Tian family do not have the right to mind your business in Yun city?" The security guard asked indifferently.

The moment Su Ruijin heard about Tian family, his expression changed. He didn't dare to run his mouth anymore. After all, the entire Yun city was the Tian family's turf.

"Can't I even rest here for a while?" Su Ruijin argued.

“You have three seconds to leave this place at once. Otherwise, don’t blame the few of us.” The security guards said intimidatingly.

Su Ruijin was just a coward. The moment he saw the few security guards rolling up their sleeves, he was frightened badly and hurried into his car. The man fled immediately.

“What a joke. Yet he dares to camp for Mr. Han! Pfft!” The security guard scoffed. He thought Su Ruijin would be protesting a little and he was surprised that the man was so straightforward to leave. How could someone like that have the right to challenge Han Jingru?

After Su Ruijin fled, he was even more frustrated. However, he could do nothing but swallow all of his frustration against the Tian family. Even if he were to grow another pair of balls, he wouldn’t have the guts to go against the Tian family.

In the mansion.

Han Jingru was hesitant to speak. The man still didn’t know what actually happened since Su Yimo simply mentioned about quitting her job.

Although he didn’t want to interfere too much of Su Yimo’s matter, it was obvious that she could no longer handle it. If Han Jingru didn’t interfere, Su Yimo would have no choice but to swallow the hardship herself.

Han Jingru just wouldn’t allow Su Yimo to be bullied.

That three years’ worth of humiliation was enough

for Su Yimo.

“Yimo, can you tell me what happened yesterday?” Han Jingru peeled an apple and walked towards Su Yimo.

Su Yimo took over the apple and bit on it hard. Whenever she recalled what happened yesterday, she was infuriated. Not only that, KangLing yanked on her hair. She was still feeling pain on her scalp.

“KangLing is an ungrateful bastard. Su family helped him so much in the past. If it wasn’t for the Su family, how can his factory have pushed through the previous crisis? I hadn’t expected him to be so heartless now. Not only that... He, he even...” When Su Yimo said that, she got even angrier. Why should a businesswoman get discriminated? Why should she let all the men leered at her like that? Can’t a woman achieve anything without selling her body?

“What else did he do?” Han Jingru asked with a cold gaze.

Su Yimo drew a deep breath and shook her head, “Forget it. It has already past and I do not wish to talk about it anymore.”

“Okay.” Han Jingru did not ask further. However, he remembered that name, KangLing.

When Han Jingru went to the toilet, he gave Molan a call to seize KangLing. He would go and interrogated him when he has the time.

KangLing was still fantasizing of letting Su Yimo sleep with him. All of a sudden, a huge group of

men barged into his house. When he saw Molan in the group, his knees turned weak in fear.

KangLing had always dealt with those from the underworld and he knew who Molan was. Now the man was the unmatched leader in the underworld.

“Mr. Molan, you, what brings you here?” KangLing got nervous all of a sudden. Molan made a personal appearance and he brought so many men. That did not look good at all.

“Just beat him up first.” Molan said indifferently. Although Han Jingru did not give him any instruction, he could hear anger from his tone. Even a small-time person like that dared to offend Han Jingru? Wasn't he just courting his own death?

KangLing was just getting pummeled. In just a few minutes, his face completely swollen up. The man didn't even know how he had offended Molan.

“Mr. Molan, is there some kind of misunderstanding between us? I have never done anything to offend you!” KangLing sobbed loudly despite being a man.

“I am not sure if there is any kind of misunderstanding. But you should know who you have offended, right?” Molan said.

Who had he offended?

Strictly speaking, if it was a recent happening, that would be just Su Yimo.

However, with the Su family's ability, they would

never be able to get someone like Molan to help them!

“Mr. Molan, I guarantee you that this is a misunderstanding. You must have gotten the wrong person!” KangLing said.

“Are you not KangLing?” Molan asked in puzzlement.

“I am!”

“Then nothing is wrong. Bring him away.” Molan raised his hand and left KangLing’s house.

KangLing was smart enough to make no struggle. He knew that he would just get another round of beating if he did so. Therefore, the man followed them obediently.

After bringing KangLing to Mojo, he was thrown into a reeking basement.

KangLing was a wealthy businessman and he couldn’t stand that kind of environment. However, since Molan was the one that threw him in, he didn’t dare to complain. The man only prayed that they could realize everything was just a misunderstanding and let him go.

Even right that moment, KangLing didn’t feel that this has anything to do with the Su family.

First of all, with the Su family’s social status, it was impossible for them to be able to mobilize Molan. Moreover, Su Yimo had a bad relationship with the current chairman. Su Ruijin would not step up for her. Lastly, he just spoken to Su Ruijin and he was

sure that the Su family wasn't involved.

Su Yimo's family was just an impossibility. Su Wenlun didn't have any power in the Su family at all. As for her husband, that was the famous trash in Yun city. How could anyone of them had any kind of relationship with Molan?

"If it is truly a misunderstanding, Molan might feel compassionate towards me and befriend me. This might even be a golden opportunity in my life. That round of beating was worth it!" KangLing was still drowning in his fantasies. The man had no clue that the biggest danger of his life was just creeping by his doorstep.

Su Yimo stayed in the mansion for the entire day. When she got back into her room and wanted to rest a little, she felt something wrong the moment she got on her bed. She had unmistakably removed the red line on the bed sheet. But why did it appear again?

That red line was sewn back yesterday. However, Su Yimo was just too sad to notice it. At that moment, Su Yimo felt even more irritated.

It must be that idiot Han Jingru! Aside from him, who could have done something so stupid?

Su Yimo cried again. But this time round, she cried because of Han Jingru's stupidity.

When Han Jingru went into the room, he could almost feel the murderous aura inside the room. In his opinion, Su Yimo must have recalled what happened yesterday and she felt sad again.

That damned KangLing, how dared he make Su Yimo cry twice!

Poor KangLing, he would soon meet his demise. But now, an even crueler fate awaits him. The man would not be able to survive in Yun city anymore.

Originally, Han Jingru planned to accompany Su Yimo for a few more days before interrogating KangLing. But when he saw Su Yimo crying for a second time, he had a sleepless night. After jogging with Su Yimo the next day, he went to Mojo nightclub.

KangLing was dragged out from the basement and he was with quite a serious injury. However, it wasn't enough in Han Jingru's eyes.

The man made Su Yimo so sad that she even cried twice. Death wasn't enough to pay himself back.

KangLing still felt that everything was just a misunderstanding. Therefore, they should be releasing him now as he was out.

"Mr. Molan, have you found out about the misunderstanding? Didn't I say that you got the wrong person?" KangLing said.

Han Jingru didn't say anything and walked towards KangLing. He punched him on the face and choked on his throat. His voice was filled with malice as he asked, "What have you done to Su Yimo?"

KangLing couldn't come back to his senses and he was suffocating. Han Jingru was just a stranger to him and he asked, "Who are you?"

"Su Yimo's husband, Han Jingru." Han Jingru gritted his teeth.

Han Jingru?

Wasn't that the famous trash, why was he here?

"Let me go, this is Mr. Molan's place. Who gave you the right to beat me up here? Do you even know who I am!?" KangLing roared furiously.

"You are just a dead man." After Han Jingru said that, he kned KangLing on the stomach.

KangLing curled up in pain and his face was red just like a cooked dried shrimp.

Han Jingru released his grab on KangLing's neck and asked him from above, "This is my last time asking you. What have you done to Su Yimo?"

KangLing was gasping for air to relieve his pain.

"Han Jingru, I simply wanted to help you try how the woman taste. You haven't been touching her for so many years, right? Now that I am helping you, you should be thanking me!" KangLing yelled.

When Molan heard that, he slapped his forehead. That idiot... How could he have survived until now? And even right this moment, he dared to say something like that to Han Jingru. wasn't he just courting his own death?

Han Jingru's impression as a trash was etched in everyone's heart. Therefore, when Han Jingru appeared over there, KangLing didn't relate him with Molan. And he was confident that Han Jingru wouldn't dare to do anything to him.

When Han Jingru heard what KangLing said, he erupted in anger. No wonder Su Yimo was crying so sorrowfully. So he wanted to defile her!

“Is this matter related to Su Ruijin?” Han Jingru asked coldly. Su Ruijin had done something like this previously. If Su Ruijin was the one that made the attempt this time, not just the man but the entire Su family will die with him.

The moment KangLing’s pain was relieved, he sat up on the floor. The man wasn’t worried at all and he even smirked, “Do you know what mistake your woman made? I simply asked her to sleep with me and she dared to splash her cup of tea to my face. Let me just give you my advice, you better go home and persuade her. If she refused to satisfy my request, no factory will be working with the Su family in Yun city. By that time, she will lose everything and you will also lose your livelihood!”

In KangLing’s opinion, he had a leveraged on the Su family’s livelihood. Strictly speaking, he was even mastering the life or death of the Su family. What could Han Jingru do to him?

“So this is unrelated to Su Ruijin?” Han Jingru asked again.

“What does it have to do with him? Now that Madam Su is dead, I don’t care about anyone of them.” KangLing scoffed. He had been waiting for this day for so long. The old Madam helped him before and she had been taking advantage of him after that. Finally, it was now his time to pay back the Su family. Moreover, he believed that the Su family would be conceding soon. The West side project decided the life and death of the Su family. They didn’t have any choice and it was just a matter of time.

“Molan.” Han Jingru called out.

Molan walked towards him and asked, "How do you plan to handle this?"

When KangLing heard their simple conversation, his face turned into a horrifying expression. It was obvious that Molan was listening to Han Jingru's words.

"Kill him." Han Jingru said.

Molan looked at KangLing piteously and said, "Okay, leave this to me. I will make sure to do a clean job."

KangLing shivered in fear. The man could no longer ask why Molan would take Han Jingru's orders. He looked down on Han Jingru but he would never look down on Molan.

If Molan wanted to kill him, could he live?

"Mr. Molan, Mr. Molan, you can't kill me!" KangLing said in panic.

"KangLing, I am just curious. How did you manage to survive thus far?" Molan asked.

"Mr. Molan, I can give you money. As long as you let me go, I can give you as much as you want! I can blackmail the Su family and give you everything. How was it? I'll give you everything!" KangLing said.

Molan had never seen someone as idiotic as KangLing. Although the Su family wasn't important to Han Jingru, the person he harassed was Su Yimo! Han Jingru's dearest wife!

“In order to let you rest in peace, let me just tell you the truth. That guy over there is my boss. Now that you have offended him, do you think you can live?” Molan said with a smile.

“Bo... Boss?!” KangLing stared at Han Jingru in disbelief. How was that possible? How could he be the boss of Molan?

That was Han Jingru, the trash from the Su family!

“Mr. Molan, please don’t joke with me. How can that trash be your boss? I know you are just playing with me. Just tell me how much you want? I will make sure to satisfy you!” KangLing said.

“Sigh...” Molan breathed a sigh. Although money could handle a lot of problems, it wouldn’t be able to handle Han Jingru.

In his eyes, money might just be the most worthless thing in this world.

“Your death is quite justified.” Molan chuckled.

When KangLing saw Molan’s attitude, he turned towards Han Jingru. Although he couldn’t comprehend why a trash like Han Jingru could be Molan’s boss, KangLing knew that Han Jingru’s words can save him.

“Han Jingru, I was wrong. I will no longer trouble the Su family. Just let me go. I’ll be a good man and I’ll work with the Su family the best I can.” KangLing knelt on the floor and said.

“I still need to go home to accompany my wife. Goodbye.” Han Jingru didn’t take another look at

KangLing and simply left after saying that.

When Molan watched Han Jingru left, he couldn't help but recalled his own lover. Back then, he chose to retire in order to protect her. The man thought that everything would be like what he planned. They could have a simple and peaceful life. However, the ending taught him a bloody lesson.

When compared to Han Jingru, Molan realized how much of a fool he was.

In order to protect his own woman, he must made sure to be strong enough. And Han Jingru was able to achieve it.

"In just a few days' time, even the Kang family is done. In addition of the Xie family, this is the second one already. I wonder how many insects would fly to this fiery bush." Molan mumbled to himself.

Although he didn't help Liu Qi, that crazy dog almost exhausted all of his family asset to bring down Xie Jinyan. And now, the Xie family was completely ruined. That caused quite a furore in Yun city.

When KangLing heard Molan, he was even more in disbelief. How could the Xie family matters be related to Han Jingru?

And even if the Xie family faced such misfortune, a small-time factory owner like him just couldn't escape his fate.

"Mr. Molan, do I really have no chance?" KangLing

stared at Molan in despair.

Molan didn't answer him with words but his action.

"Ling Heng, make sure it is clean."

After leaving Mojo, Han Jingru didn't waste time elsewhere and went back to the middle of the mansion immediately. Su Yimo was weeding the garden. It was obvious that she was bored of losing her job.

"Rumo will be stopping the project with the Su family. The bank will be pressuring them with the bank loan as well. If you can't let go of the company, you can just be the chairman yourself." Han Jingru stood beside her and said.

"Can I really not do anything without you?" Su Yimo turned her head over and asked Han Jingru suddenly.

Han Jingru was stunned. He didn't know why would Su Yimo asked that so suddenly.

Although he had been helping Su Yimo a great deal, Su Yimo was working hard as well. Han Jingru simply played the part of pulling the strings but Su Yimo single-handedly arranged everything in the West side project.

"Of course not." Han Jingru answered in no hesitant. He wouldn't deny Su Yimo's efforts just because he helped a little.

"What if I stay at home to serve my husband and kids? What do you think?" Su Yimo asked.

Serve my husband and kids!

That exclamation hit Han Jingru like a tsunami.

Especially the word 'kids'. It sent Han Jingru's heartbeat like a racing car engine. Although he had been sleeping with Su Yimo in the same bed, he had never done anything or made any attempts. Was Su Yimo hinting him?

"By the way, you said you could make me the chairman. What do you mean?" When Han Jingru was still lost in thought, Su Yimo started another topic. Han Jingru was just regretful. The man almost slapped himself for not answering her question earlier.

"The bankers could arrange that for me, to acquire the Su family's company." Han Jingru made it simple. But it was indeed simple for him. The man simply needed to acquire the Su family's company.

"You make it sound so easy. But you will be spending a lot of money, right?" Su family was in a huge debt. Although the West side project stopping could bring a huge crisis to the family, the Su family could still survive for a few more years with their cash in hand. Su Yimo didn't think it was easy at all.

"The Su family wouldn't be able to handle the pressure from the back. And Su Ruijin wouldn't be able to stick up for that long. It was his only choice to sell the company. As for the money spent, the West side project was enough to win everything back." Han Jingru said.

"Didn't you say Rumo will be stopping the contract

with the Su family? Do you plan to trouble your classmate again?" Su Yimo asked.

"Since we are old pals, it made no difference to trouble him twice or three times." Han Jingru laughed.

Su Yimo stared at Han Jingru dubiously. Could friendship between men be that valuable? Asking for his help over and over again but Han Jingru didn't feel the least bit of embarrassment. Not only that, he sounded like it was the most natural thing.

Previously, Su Yimo had a thought. What Shen Zhuoman said was still resounding in her mind.

"Jingru, when can I meet your classmate?" Su Yimo asked.

"Ah, that~ I think it will be soon. He would be coming back to the country after handling his matters overseas. I have already made an appointment with him. He would be coming over to Yun city after he comes back." Han Jingru said.

When Su Yimo heard that, she casted her doubts away.

If her social circle was wider and if she could know more about Yan Jing, then Han Jingru would be exposed already. Fortunately, Su Yimo was confined in Yun city. The woman knew nothing more than the famous tourist spot of Yan Jing and she hadn't heard of anything else. After all, she was limited by her status and social circle and she wasn't able to get in touch with something higher.

The Su family's company.

The relatives were in the meeting room and they were like cat on hot bricks. Now that the West side project was sabotaged, the bank was just pressuring them mercilessly. The Su family was a wobbling skyscraper that could fall anytime.

And the moment the company falls, all of the relatives would be crushed as well. They had been leeching off the Su family and they didn't have any abilities at all. If they were to go to any other companies, they would just be eliminated. Their comfortable life had brought them this crisis.

"Ruijin, you single-handedly brought this upon us. You must be the one to handle it!"

"The bank has given you the final notice. Now that we lost the West side project, we have completely lost our power to pay back the bank. The bank has every reason to make us pay back before due. If we can't do that, we have no choice but to declare bankruptcy."

"Ruijin, you are such a fool! Do you think we wouldn't know that you were the one that forced Su Yimo to quit? Have you forgotten what happened in the past? It isn't Su Yimo who destroyed us but you!"

All of the relatives gnashed their teeth and glared at Su Ruijin hatefully. Everything happened because of Su Ruijin and they could do nothing to vent their frustration aside from condemning him.

"Have you guys said enough?" Su Ruijin said coldly, "If it is enough, then start listening to what I am about to say. You lot of trash, what have you contributed to the company before? Who gives

you the right to condemn me now?”

“Ruijin, how dare you say that!”

“Have you ever accomplished anything in the company in the past? The reason you can be the chairman is all because you are a man.”

“You are just a trash but you really think so highly of yourself. If it wasn't for grandma, do you think you have the right to be the chairman? I think Su Yimo is much more capable than you!”

“Had we known this, we should have made Su Yimo the chairman and all of this wouldn't happen. The company might do even better. Just take a look, how long have you took over the company?”

The moment Su Ruijin heard that, he was infuriated by the humiliation. How could that whore Su Yimo be compared to him?

“If you aren't satisfied with me, you may quit the company now. When the company is in crisis, I do not need you guys to step on it further.” Su Ruijin said.

“And now you want to kick all of us out the company? Su Ruijin, do you think anyone will listen to you in the company now?”

“Do you have the right to kick us out?”

When the meeting room was in a chaos, Du Hong came to the company.

As the banker that approved the loan to the Su family, Du Hong received the instruction from Han

Jingru to pressure the Su family. He came to bring good news for them.

However, Du Hong was puzzled. He didn't understand why Han Jingru needed to do so many things in secret. The Su family was so puny that it meant almost nothing in his eyes. Why was he wasting so much effort?

When Su Ruijin knew that Du Hong went to the company, he asked for his secretary to lead him into the meeting room.

"Mr. Du, we are honored to have you over here!" Su Ruijin spoke to Du Hong.

"Chairman Su, I brought good news to you." Du Hong said.

When Su Ruijin heard that, he was exhilarated. Although the West side project was gone, as long as the bank was willing to extend the period, Su family would have another chance.

"Mr. Du, are you willing to extend the period?" Su Ruijin asked in elation.

"Give you more time?" Du Hong leered at Su Ruijin in disdain and said, "Without the West side project, how can the Su family get any loan at all? Even if I give you more time, will you be able to pay?"

Su Ruijin's eyebrow knitted closely. Du Hong was the one that said he delivered good news. If it wasn't to extend their period of loan, how could it be good news?

"Mr. Du, what do you mean?" Su Ruijin asked in

puzzlement.

“There is someone who is willing to acquire your company. Moreover, those who work here could stay. Isn’t that good news?” Du Hong said.

“No way.” Su Ruijin rejected his offer without even thinking. Acquiring his company? He hadn’t sit on the chairman’s seat long enough. How could he give it away like that? That was something he could never accept.

But when the rest of the relatives heard that, they had a different opinion. As long as they were able to stay and work, and keep their current position, it was great news! Why did it matter who be the chairman?

“Su Ruijin, this is an opportunity for the Su family. Now that someone else is willing to take over this mess, you should be smiling in secret. Yet you dare to refuse?” Du Hong said.

“Mr. Du, the company belongs to the Su family and we will never pass it to someone else. I am the chairman and no one has the right to push me away!” Su Ruijin said determinedly.

“Su Ruijin, if you want to die, do it alone. Why must you bring us along!”

“Mr. Du brought us such a great news and you didn’t know how to appreciate! Must you really bring the Su family to ruin before you are satisfied?”

“You being the chairman will only bring harm to the company. How dare you shamelessly take that

seat?”

When Su Ruijin heard what the relatives said, his face twisted in malice. Those fellows were all currying favor from him previously. But now they treated him like an enemy.

“I am the chairman and you guys don’t have the right to speak. Shut up.” Su Ruijin roared furiously.

“I felt that what they said made sense. Su Ruijin, I will give you three more days. Otherwise, I’ll submit an application to the court for law enforcement. By that time, not just your company will go bankrupt but each and every one of you will be sleeping in the street.” Du Hong stood up and walked out the meeting room.

Three days!

That three days meant almost nothing for Su Ruijin. He just couldn’t do anything anymore.

Was the Su family really going down this time?

“Su Ruijin, you better consider it properly. If the court were to enforce and, being the chairman, you would be taking the greatest responsibility. By that time, you don’t even have a place to stay!”

“Still obsessed with the chairman’s seat? Must you only regret after it is too late?”

“Grandma passed away in bad timing. Otherwise, this wouldn’t have happened to the company.”

The Su family relatives were just fuming. They hoped to sell the company as soon as possible.

However, Su Ruijin was the one that could make the decision. If he wasn't willing, they had no choice but to watch the company goes bankrupt.

When the Su family was arguing fiercely in the company, Su Yimo was packing her luggage in the mansion in the middle hill.

Since she wasn't working anymore, Jiang Yan suggested for them to go back to Bin County earlier, treating it as a travelling back home to enjoy a little.

Su Yimo was in a bad mood and she was agreeable to get fresh air as well. Therefore, she agreed to the plan.

However, Han Jingru was still handling the acquisition of the Su company and he couldn't follow along. He would be going two days later.

Although Su Yimo didn't know what Han Jingru was doing, if he said he needed to do something, she wouldn't ask further.

"Yimo, what can Han Jingru do? Why don't you make him come with us?" Jiang Yan came to Su Yimo's room and asked her daughter.

If it was in the past, she would be jumping in joy if Han Jingru didn't want to go. But right now, she knew that Han Jingru was someone great and she was just happy to bring him back home. Her objective was to let her family know that Han Jingru wasn't a trash. Jiang Yan was even trying to use Han Jingru to make herself look good.

"If he says he is busy, there must be something going on. Why are you asking so many questions?" Su Yimo said.

Jiang Yan had an annoyed expression and she

said, "If Han Jingru doesn't follow us, those relatives at home would think that we are afraid to be embarrassed and we didn't want to bring him."

"He is going after two days, not skipping the trip. Why are you worrying about that?" Su Yimo was rendered speechless.

Jiang Yan simply sighed. How could she not worry? If Han Jingru suddenly decided not to go, how should she look good?

"You must make sure to talk to him. Make sure he promised you he will go. Even if the sky were to fall, he must go." Jiang Yan said.

"Don't worry, if he promised me, he will definitely do it." Su Yimo said.

At that time, Jiang Yan noticed the red line on the bed sheet. She pointed at it and asked Su Yimo, "What is this?"

"It's... It's nothing! Hurry and go pack your luggage and let's depart earlier." After Su Yimo said that, she pushed Jiang Yan out of her room. If she let her mother know the significance of the red line, she would just get scolded.

After shutting the door, Su Yimo pouted her mouth. The woman just wanted to rip off the bed sheet already. Whenever she recalled the stupidity of Han Jingru, she was boiling in rage.

He was the man! Must he wait until she climbs up on him to understand?

After packing up, Su Wenlun drove and family of

three departed.

They reached Bin County in the evening.

It was just a small place and moderately developed. There wasn't anything special about it but it didn't have much of a bad side as well. It was suitable for those unambitious people. The lifestyle was slow-paced and comfortable. They wouldn't feel pressured over there.

Jiang Wan knew that Su Yimo would be coming today. Therefore, she had been waiting since early. Now that Su Yimo finally came, she was disappointed to not see Han Jingru. The woman had been planning to compare Liu Zhijie with Han Jingru and let Su Yimo know how outstanding Liu Zhijie was. But if Han Jingru didn't come, her plan would go down the drain.

"Yimo, where is Han Jingru? Why didn't he come?" Jiang Wan couldn't help but asked.

"He has something going on and he will be coming two days later." Su Yimo said.

Two days later?

Jiang Wan pouted her lips. That must be just an excuse. It seemed that the family was afraid to be embarrassed and so they decided not to bring Han Jingru.

"Yimo, don't tell me you forbid him from coming. We are one family and all of you come during this festive season. How can you leave him alone back in Yun city? Although he isn't as good as my Liu Zhijie, he isn't so bad that you needed to hide him,

right?” Jiang Wan said.

“Jiang Wan, what do you mean we need to hide him? Han Jingru is busy and he couldn’t come with us.” Jiang Yan said in vex.

“Auntie Jiang Yan, I am just afraid that he would be busy even after two days. Who knows if it is even true~” Jiang Wan smiled innocently but her words were sharp as blade.

“Don’t worry, he will definitely come and he wouldn’t disappoint you.” Jiang Yan said coldly.

Jiang Wan covered her lips and giggled, “What does it have to do with me if he comes or not? Why should I be disappointed? Hurry and come on in, let me introduce my boyfriend.”

When they got inside and the moment Liu Zhijie saw Su Yimo, his eyes lit up. That was his first time seeing Su Yimo and he hadn’t expected her to be a beauty so much greater than Jiang Wan. The two of them were completely on different class.

It was an unpardonable waste to let such a beauty married a trash.

“Auntie Jiang Yan, Uncle Su, hello, I am Liu Zhijie.” Liu Zhijie introduced himself.

“Zhijie started his own company and he is the chairman. However, the company isn’t big and it is nothing compared to the Su family. But the annual profit was around a few million. Most importantly, he is still young and he is full of promising potential!” Jiang Wan wasn’t satisfied with Liu Zhijie’s simple introduction and she hurriedly

added.

The boss of his own company? Making a few million per year? She was obviously showing off.

Jiang Yan scoffed in disdain. A few million? Han Jingru spent almost a billion to buy the mansion in the middle hill.

“It is nothing, how can this little bit of accomplishment be compared to the Su family?” Liu Zhijie said humbly.

“That was truly just a little bit of accomplishment.” Jiang Yan said straightforwardly.

But the moment Jiang Wan heard that, she was annoyed. Liu Zhijie was simply acting humbly and she didn't expect Jiang Yan to push it.

“Auntie Jiang Yan, Liu Zhijie really didn't accomplish much. But if we were to compare him with Han Jingru, the difference would be as much as a Dragon versus a worm. Unfortunately, you didn't dare to bring him over here. Otherwise, I might ask Liu Zhijie to teach him a little. How can a man stay at home and do house chores all day long? Isn't that no difference from a trash?” Jiang Wan said.

When Su Yimo saw that the two of them might start to argue, she hurriedly said, “Sister Jiang Wan, where is uncle and auntie?”

“Zhijie paid for their travel. They will only be coming home tomorrow. Zhijie is just the filial son, your uncle didn't want to go but Liu Zhijie insisted. He said they should spend as much as they want

and I just couldn't do anything against that~" After Jiang Wan said that, he looked towards Jiang Yan and continued, "Auntie Jiang Yan, have Han Jingru ever brought you to a travel? It had been three years, don't tell me he had never done that."

It was true that they had never travel and Jiang Yan didn't know how to argue. The mother replied immediately, "I like Yun city and nowhere can be better than home."

When Jiang Wan heard that, she broke into a laughter. Only Jiang Yan could come up with such a laughable excuse!

"Auntie Jiang Yan, I think you should just let Han Jingru come. If he really couldn't do anything, he could just work for Zhijie. My boyfriend wouldn't be treating Han Jingru badly. And when Han Jingru started to earn money, he could treat you better. Otherwise, for the rest of your life, you wouldn't be able to do anything but envy my father." Jiang Wan said.

Jiang Yan was so angered and she wanted to curse her. Jiang Wan was just poking them with her every sentence. The woman hadn't stop showing off since the moment they reached. How could Jiang Yan stomach that?

"Forget it. Making just a few million per year? How can Han Jingru follow after him? After all, the least Han Jingru make was tens of millions per year." Jiang Yan said.

This time round, Jiang Wan simply laughed. That trash Han Jingru could have an income of tens of million per year? That was a crazy bluff. Everyone

knew that Han Jingru was a useless trash, depending on his wife back home. And since when did he start earning tens of million?

"Auntie Jiang Yan, you sure can joke!" Jiang Yan laughed hysterically.

Jiang Yan knew that no one would believe what she said and she simply gave up. When Han Jingru came, she would get Han Jingru to think of a way to prove himself.

"It isn't early anymore. I should go to the room and rest." Jiang Yan said.

"We have prepared rooms for you guys already. Hurry and go. However, Auntie Jiang Yan, I hope you don't get angry for real. I wasn't comparing Liu Zhijie and Han Jingru intentionally~"

Not even Su Yimo could stand it anymore and she spoke towards Jiang Wan, "Sister Jiang Wan, what Liu Zhijie did is really nothing before Han Jingru."

Jiang Wan gnashed her teeth. How dare she said that Liu Zhijie was nothing compared to that trash?

When Jiang Wan went into her room, she was boiling in anger.

Liu Zhijie hugged her and chuckled, "Why are you getting so angry for? She was saying that to make you angry. If you take it for real, aren't you just walking straight into her trap?"

Jiang Wan's chest was rising and lowering rapidly. The cousin gritted her teeth and said, "If Han

Jingru doesn't come, how should I get my sense of superiority? How can I let that family know how great I am?"

"He is quite a tragic. Su Yimo would even feel embarrassed to bring him up. I am just curious to see what kind of man can live such a trash-like life." Liu Zhijie scoffed.

"No can do. I must think of something to make him come. There must be a way!" Jiang Wan just got a flash of idea. The cousin would think of something to force Su Yimo to call Han Jingru tomorrow.

Rate the Translation to Get 2 Crystals.

Wait! I Have Something to Say!

Send a Gift to the Writer!

Early the next morning, Jiang Wan went to buy breakfast for Su Yimo's family of three enthusiastically. Jiang Yan was just puzzled by her keenness. Why would Jiang Wan treat them so well all of a sudden?

While they were having breakfast, Jiang Wan suggested for Su Yimo to call Han Jingru, asking him when he would be reaching. And Jiang Yan knew the reason behind her enthusiasm.

However, it wasn't that Han Jingru isn't coming, but he would be late. Therefore, they didn't mind to make the call.

Su Yimo was pressured all morning and she had no choice but to take out her phone. After calling Han Jingru, before the man answered, Jiang Wan snatched her phone away.

"Sister Jiang Yan, you..." Su Yimo felt a little offended.

Jiang Wan interrupted Su Yimo immediately, "I'm just helping you to get Han Jingru here. What if he were to give you some excuses?"

Once the phone connected, Jiang Wan asked hurriedly, "Han Jingru, what's wrong with you? Your entire family is here and you didn't join them? Don't tell me you don't dare to come?"

When Han Jingru heard Jiang Wan's voice, he was confused. Why was she the one calling?

Han Jingru had seen that woman before. In his impression, she would always compete with Su Yimo and she was just the guile one. The woman

always appeared friendly and harmless but she was just wicked and full of schemes. He heard that in order to get closer to reach men, she even went to do 'restoration' surgery, making herself an innocent girl again.

"Sister Jiang Wan, I am caught up with something and I couldn't join Yimo." Han Jingru said.

Jiang Wan simply smiled. She wouldn't allow Han Jingru to give her such excuse.

"What can you do? Don't tell me you have to do house chores for a few days. Just hurry and come. I plan to let my boyfriend introduce a job for you. Aren't you ashamed to stay at home all day? It just isn't right for a man to do that!" Jiang Wan said.

Han Jingru could clearly feel the disdain in her tone. However, it wasn't anything new. Jiang Wan was well known for that.

"I will be going tomorrow. Don't worry." Han Jingru answered indifferently.

"Don't you lie to me, you must make sure to come tomorrow." Jiang Wan said.

"Of course, how can I have lied to you?" Han Jingru replied.

"Alright then, I shall wait for you. If you aren't coming, I'll go to Yun city and drag you here." After saying that, Jiang Wan passed the phone back to Su Yimo in satisfaction.

Su Yimo simply sighed in vex.

The moment Jiang Wan noticed that, she thought that Su Yimo was in foul mood when she knew Han Jingru would be coming. The woman comforted her, "Yimo, you guys are family after all. It had been so many years and you should have gotten used to him embarrassing you, right? It will be fine as long as he doesn't go too far."

Su Yimo simply smiled and said nothing.

Jiang Yan had an irritated face as she said, "Jiang Wan, you don't have to be so smug. I am just afraid that you wouldn't be able to accept it later."

"I wouldn't be able to accept what?" Jiang Wan asked in puzzlement.

"How magnificent Han Jingru is." Jiang Yan said without hesitation.

"Pfft!" The moment Jiang Wan heard that, she coughed out her mouthful of porridge, as if she just heard the biggest joke of the century.

How could the word magnificent be anyhow related to Han Jingru?

"Auntie Jiang Yan, did I hear you wrongly? You are speaking in favor of Han Jingru? Don't tell me you don't want to embarrass yourself and you plan to bluff for Han Jingru." Jiang Wan laughed.

Jiang Yan felt like she would almost lose it. Jiang Wan was being so blunt and insensitive. Moreover, the Han Jingru now was no longer a trash.

"Just you wait." Jiang Yan said hatefully.

Jiang Wan simply giggled. Of course she should wait. When Han Jingru comes, she would have all the chances in the world to humiliate him. And she would make sure to take a chance to play him like a monkey.

And the woman took a look at Liu Zhijie and all of a sudden she felt that it was an overkill to compare Han Jingru with Liu Zhijie. How could that trash have any right to even compared himself with Liu Zhijie?

However, for the sake of embarrassing Han Jingru, Jiang Wan didn't mind.

Yun city.

Han Jingru sat in Rumo's chairman office. Zhong Ji and Du Hong stood before him.

Previously, Du Hong had always been guessing about Han Jingru's identity. How could he be so young yet he had a net worth over a hundred billion.

After the man came to Rumo, he realized Han Jingru's identity.

Everyone knew that Rumo belongs to the Han family from Yan Jing. And Han Jingru's surname was Han. It was possible that he came from the Han family from Yan Jing. However, Du Hong didn't have any means to confirm it. Information of that level wasn't something he could investigate.

"Mr. Han, after tomorrow, Su Ruijin would be giving me an answer. Will you make an appearance personally?" Du Hong asked Han Jingru.

“I will be leaving Yun city for a few days. Just handle this matter for me.” Han Jingru said.

Du Hong nodded impassioned. It was a great honor to be able to work for Han Jingru.

Although the man had secured quite a high position at the moment, he had almost reached the ceiling and there wasn't much chances for him to improve. However, if he could just get acquainted with Han Jingru, he might just be able to rise higher.

“Rest assured, Mr. Han. I will definitely do it properly.” Du Hong said.

“After you acquire the Su company, the new chairman will be Su Yimo. But keep this confidential for now.” Han Jingru instructed.

“Yes yes, I will make sure to keep it a secret.” Du Hong said.

“Zhong Ji, go and handle the factories' issues. I don't care what method you use, I want you to acquire them under Rumo in the shortest time possible.” Han Jingru said.

Zhong Ji nodded and answered, “I will do it in three days.”

However, Zhong Ji was puzzled with one thing. After acquiring those factories, Rumo no longer needed to work with the Su family. Then what should the Su family do?

Zhong Ji was clear that Han Jingru did everything for Su Yimo. But if that was the case, they no

longer have any reason to bring in the Su family.

However, Han Jingru had his own plan. The Su family would not be participating in the West side project anymore. And Su Yimo needed to think of other ways to expand the Su family business and bring it through the crisis.

Han Jingru wasn't thinking to trouble Su Yimo. But he knew Su Yimo's personality. If everything comes too easily, she might not be able to accept it. And if they were to acquire the factories and work with the Su family, not even Han Jingru could explain that ridiculous situation. After all, Su Yimo wasn't an idiot and he couldn't be giving the 'classmate friendship' excuse forever.

After giving his excuses, Han Jingru left the company and the man bumped into Su Ruijin in the entrance.

Su Ruijin came to Rumo to ask Zhong Ji to give him another chance. It was a surprise for him to meet Han Jingru.

in his opinion, Su Yimo was the one that sabotaged the company in secret. Since he couldn't find Su Yimo, he should just vent his anger on Han Jingru.

Su Ruijin stormed towards Han Jingru furiously and grabbed his collar. The man gritted his teeth and fumed, "Han Jingru, where is Su Yimo that whore? Get her out here! She is one of the Su family, why must she harm the family?"

Han Jingru answered with an indifferent expression and said, "She harm the Su family? But

she had quit her job. She has none whatsoever relationship with the company matters.”

“If it wasn’t for her, why would Rumo stop the contract with the Su family? Han Jingru, don’t tell me you haven’t realized that whore had been manipulating Zhong Ji in the bed. Or have you gotten used to being a cuckold and you don’t mind~” Su Ruijin snickered.

Han Jingru’s gaze turned cold. He grabbed Su Ruijin’s wrist and said coldly, “Su Ruijin, if you speak without thinking, you might just get yourself a bad consequence. I advise you to watch your tongue.”

Su Ruijin had been beaten up by Han Jingru three times already. He knew that he couldn’t match Han Jingru. When the man heard Han Jingru saying that, he was disagreeable but fearful at the same time. He hurriedly released Han Jingru and backed away.

“You should know it best. Otherwise, why would Zhong Ji insist to make her the project manager of the West side project? Don’t you think there is other factors involved?” When Su Ruijin said that, he was prepared to run away any time. After all, he didn’t want to get beaten up by Han Jingru right outside Rumo.

However, Han Jingru wasn’t angry at all, unlike his anticipation. Not only that, the man started smiling.

The man wasn’t angry because he knew the story all too well, and it wasn’t necessary to prove it to Su Ruijin. When Su Yimo stepped into the Su

family company as the chairman, Su Ruijin would regret his words anyway.

Wait! I Have Something to Say!

Send a Gift to the Writer!

“Su Ruijin, going back to an employee instead of the chairman? That can be frustrating but I believe you can definitely get used to it. Good luck.” After saying that, Han Jingru didn’t mind Su Ruijin acted rudely against him earlier on and he simply walked away.

If he minded, Su Ruijin might be long dead.

Su Ruijin hadn’t crossed his line yet.

Su Ruijin moved away a few steps to give way to Han Jingru. He didn’t dare to stop him because he wouldn’t be able to win the fight against him. Therefore, all he could do was run his mouth.

After Han Jingru left, Su Ruijin wanted to get inside Rumo to look for Zhong Ji. However, he was stopped by the security guards. Zhong Ji had given his instructions that if Su Ruijin were to appear, they should stop him from entering the company.

Su Ruijin had no choice but to wait outside the door.

Went it was time after work, Zhong Ji came out and Su Ruijin hurried towards him immediately.

“Mr. Zhong, Mr. Zhong, please give our company another chance. You can make your demands and I will give you everything you want!” Su Ruijin begged Zhong Ji piteously. That was the only way to bring the company back to life, to get back the collaboration with Rumo. If he could succeed, the bank would stop pressuring their company.

“Su Ruijin, do you think I was simply joking with

you? This is the third time. Do you think you still have a chance?” Zhong Ji said coldly.

“Mr. Zhong, please, please help. If you don’t help me, I’d be doomed. If you want Su Yimo to go back to the company, I can go and get her back.” Su Ruijin said.

Zhong Ji shook his head and said, “It’s too late. If you don’t want to end up with nothing, your best choice is to sell your company. This is my best advice for you. As for the cooperation, that is no longer possible.”

When Zhong Ji almost get into the car, Su Ruijin hurriedly blocked in front of him and pleaded, “Mr. Zhong, please just give me a chance and discuss about it. I just became the chairman and I really don’t want to sell the company like this.”

“Serves you right. With your ability, you aren’t the material for chairman at all. Trash.” Zhong Ji said in disdain.

When the security guards saw Su Ruijin troubling Zhong Ji, they rushed forward immediately and glared at Su Ruijin intimidatingly.

Su Ruijin didn’t mind to be called a trash and he continued, “Mr. Zhong, I am truly a trash right now. But if you are willing to give me one chance, I will prove to you that I can grow.”

Zhong Ji laughed, “Why should I care if you grow or not? And you should stop dreaming that there will be a day when you get back up. Because you have offended someone you never should. Not just you, even if Madam Su was still alive, she had

no chance to go against him.”

Zhong Ji raised his hand and the few security guards dragged Su Ruijin away.

Su Ruijin watched Zhong Ji drove away in despair. Was his last chance really to sell off the company?

However, it was such a short time since he became the chairman! Su Ruijin just couldn't accept it.

“Su Yimo, you whore! Didn't you just sleep with him? I don't believe I can't find an alternative.” Su Ruijin gritted his teeth and mumbled hatefully. After that, he took out his phone and called Su Huiqi.

“Where are you? I want to see you, right now.” Su Ruijin said.

Although Su Huiqi was worried about the company's situation and future, that wasn't the woman's greatest concern. After all, she was someone that will marry into a wealthy family. For the past two days, Su Huiqi had been enlarging her social circle. She even got herself acquainted with quite a lot of wealthy people. Unfortunately, none of them met her requirement. Therefore, Su Huiqi didn't make a decision hastily.

“I am at home. Is there anything?” Su Huiqi asked.

“I will be over right now. Wait for me at home.” After Su Ruijin hung up, he drove towards Su Huiqi's house.

Su Huiqi was just done with her make-up and she

changed into a very sexy dress. The woman planned to join a gathering of wealthy youngsters that evening where she could meet someone of her expectation.

With Su Huiqi saw Su Ruijin, she said, "Hurry and spill it. I still need to join a party."

When Su Ruijin saw Su Huiqi's alluring dress-up, he said, "Do you know why Zhong Ji favors Su Yimo?"

Su Huiqi sneered and said, "Didn't you say she had a scandalous relationship with Zhong Ji?"

"That's right. Therefore, I plan to ask you to save the company." Su Ruijin said.

"Me?" Su Huiqi frowned. That was supposed to be Su Ruijin's responsibility, how could it fall on her shoulder? Not only that, she didn't have any ways to change Zhong Ji's decision.

"Go and sleep with Zhong Ji. If he is happy, he will definitely give the company a chance." Su Ruijin said.

"Su Ruijin, are you crazy?" When Su Huiqi heard that, she fumed in anger. How could she sleep with Zhong Ji? She was someone that will be marrying into a wealthy family. If this act of hers got found out, she would just ruin her future.

"Su Huiqi, you are one of the Su family. Now I am asking you to sacrifice a little bit for the Su family, can't you do it?" Su Ruijin said.

"Of course not. My innocence worth much more than a Su family. What if my future in-law finds out

about this? Aren't I ruined?" Su Huiqi said.

Su Ruijin knew that she was daydreaming of marrying into a wealthy family. However, Su Huiqi haven't realized her own place. Her beauty was just slightly better than ordinary women. But it meant nothing for the real wealthy family. Those truly rich people had countless models and celebrities flaunting towards them. How could she ever compete?

"Su Huiqi, stop dreaming. With your looks, how can you ever marry into a rich family? Wake up already." Su Ruijin said.

When Su Huiqi heard that, her expression turned grim and she gritted her teeth, "Su Ruijin, what do you mean?"

"I have made myself very clear. Those truly rich people will never favor you. Do you think you can compete with those top models and celebrity? Furthermore, with your social status right now, how are you supposed to get acquainted with the upper-class circle? I know you have been actively participating in a lot of gatherings. But you should know that those who joined those gatherings aren't the real deal." Su Ruijin said.

Su Huiqi knew about it as well. The woman was also desperately trying to get in touch with the upper-class circle. However, she still hasn't found a way yet. Nevertheless, she believed that she could do it as long as she sets her mind to it.

"It is simply a matter of time and I will definitely be able to do it." Su Huiqi said.

“You won’t be able to do it, unless the Su family can become one of the first-tier family. Otherwise, you will never be able to join that kind of social circle.” Su Ruijin said in resolution, “Grandma had spent so many years but she failed to even reach the doorstep of the first-tier family. Do you think you can do it with that face of yours?”

Su Huiqi was aware of the grandmother’s effort. However, those from the first-tier family never cast another glance at the Su family. Therefore, even after she took her last breath, she didn’t manage to let the Su family joining the real upper-class social circle.

Su Huiqi’s confidence was completely crushed by Su Ruijin’s speech. The woman was aware of the difference between herself and those celebrity as well.

When Su Ruijin saw that Su Huiqi started to hesitate, he continued, “After the Su family become a first-tier family, the people you mix with will not be the same level. You should consider it properly.”

After sometime, Su Huiqi asked, “What do you want me to do?”

When Su Ruijin saw Su Huiqi giving in, he found hope. The man smiled and said, “Go and accompany Zhong Ji, convince him in the bed and ask him to work with our company.”

“And what if he still refuses?” Su Huiqi said.

“As long as you can satisfy him, why would he refuse? Now that you still have time, you should

hurry and go check on the Internet and equip yourself with more skills to satisfy a man.” Su Ruijin said.

“Okay.” Su Huiqi compromised.

The only way to make a man happy was to serve them properly. Su Huiqi spent her time and learnt a good deal from the Internet.

As long as she could marry into a wealthy family, Su Huiqi was willing to do just anything. She wouldn't allow Su Yimo to have a better life than her. Therefore, looking for a wealthy man was her only way to surpass Su Yimo.

That night, Su Huiqi went to Zhong Ji's house. Su Ruijin was the one who provided her with that information. He even made sure to ask Su Huiqi to dress herself up as sexy as she could.

When Su Huiqi knocked on Zhong Ji's door, the woman in sheer lace clothing lowered her head and pretended to be shy. She purred to Zhong Ji and said, “Mr. Zhong, I will be accompanying you tonight.”

Zhong Ji hadn't expect that from Su Huiqi. It must be Su Ruijin's instruction but the man didn't dare to do something like that. Even if he were to sleep with Su Huiqi, he wouldn't be changing the deal.

“You guys have always treated Su Yimo like a prostitute, thinking that she had some kind of scandalous relationship with me and that was the reason I insisted to work with her. But in reality, I do not have any relationship with her at all. But you had completely presented yourself like a prostitute.” Zhong Ji said in disdain.

“What do you mean?” Su Huiqi gritted her teeth and said. The woman had completely dropped her pride to do that. And she hadn’t expected Zhong Ji to say that.

“What do I mean?” Zhong Ji snickered, “Nothing, but I just think of a prostitute like you is dirty.”

After saying that, Zhong Ji shut the door.

Su Huiqi was burning in anger. She purposefully dressed up so sexily and the sheer clothing should be a foolproof temptation for any man. But... But Zhong Ji said she was dirty?!

“Zhong Ji, get back out here and explain yourself!” Su Huiqi kicked the door angrily and screamed and yelled.

Zhong Ji opened the door with a cold face and rebuked, “Su Huiqi, if you continue to cause trouble, I will get the security guards to throw you out. Do you want to make everyone know about this?”

Make everyone know about this!

If this were to get public, the entire Yun city would think of her as a prostitute. Not just any wealthy family but no good man would be willing to get

close to her.

“Mr. Zhong, I am sorry. I will leave right away.” Su Huiqi apologized meekly.

Zhong Ji shook his head in irritation. What was wrong with the Su family? Both Su Ruijin and Su Huiqi were the same. Huge temper and ego but no courage. How could they ever amount to anything?

After Su Huiqi left Zhong Ji’s residential area, she made a call to Su Ruijin and condemned him. If it wasn’t for his stupid idea, why would she have embarrassed herself like that?

After Su Ruijin found out that Su Huiqi was rejected, he was surprised. Logically speaking, Su Huiqi wasn’t far off compared to Su Yimo. If Zhong Ji was truly a salacious man, why would he reject a woman like that right by his doorstep?

Could it be... He didn’t have any kind of relationship with Su Yimo?

But how could that be possible?

If Su Yimo didn’t sell her body, why would Zhong Ji insist on her?

Su Ruijin couldn’t understand that. And he never would.

In the mansion of the middle hill.

After Han Jingru finished dinner, he went back to the room to rest and he will be departing to Bin County tomorrow.

When he shut his eyes, he recalled someone all of a sudden. He hadn't been seeing the person for the past two years and he wondered how he was faring.

Han Jingru made a call to a number he hadn't been seeing for the past two years. But the other party answered it almost right away.

"I will be going to Bin County tomorrow." Han Jingru said.

"Yes, yes yes, should I go pick you up?" The other person from over the call was obviously impassioned.

Han Jingru hesitated for a while and said, "Okay."

"I'll get ready right now."

After hanging up the call, Han Jingru shut his eyes and rested.

The first year they got married, he went to Bin County. At that time, he was still assuming the image of a trash. Jiang Yan's family derided and scorned at him extensively. They didn't even allow him to eat on the dining table.

Han Jingru could still remember how the Jiang family treated him. Even when the little children walked past him, they would purposefully step on his shoe. At that time, Han Jingru was willing to take that in for Su Yimo.

When Han Jingru was kicked out from the house, he walked around the town and met a dispirited young man. At that time, he was dumped by his

girlfriend and pressed by his boss. The man was devastated and his life was hopeless. Han Jingru stretched out his hand and gave him a glorious future.

That was a famous man in Bin County, Tang Cheng. He was now the wealthiest businessman in the entire town and also the youngest one. He was labelled the most successful man in the past decade of Bin County.

Under that success, Tang Cheng had never forgotten how he got to this place.

For the past two years, Tang Cheng had always been waiting for Han Jingru's phone call. However, he had never gotten anything from the man. Tang Cheng even felt that the great person had forgotten about him.

However, it seemed that he still hadn't forgotten about him and he could have an opportunity to repay this kindness.

The next morning, outside the train station.

The one and only Rolls-Royce from the town waited right outside the station.

Everyone knew that the car belonged to Tang Cheng. Therefore, the spectators were curious. Why would Tang Cheng come to the train station? If there was someone that he needed to receive personally, what kind of great person could that be?

Finally, under everyone's expecting gaze, a low-profile young man walked to the car.

A person like Tang Cheng even came out from his car personally to open the door for him. That completely threw the surrounding crowds in shock.

“Who was that? How could even Tang Cheng receive him and even open the door for him personally!?”

“He seemed to be at young age, just about his twenties. Can he really be so great?”

“It seemed that he has a higher position than even Tang Cheng. Was he someone from our town?”

The crowd was still gossiping and someone was even snapping pictures and uploaded in their social circle.

Tang Cheng was high strung in the car. Although he became the most successful person in Bin County, he didn't dare to act in front of Han Jingru.

Even the driver was shocked. As he recalled, even those owners of the big companies and even politicians needed to spend a great deal of effort just to meet Tang Cheng, and they greeted Tang Cheng politely and didn't dare to disrespect him.

However, that young man could make Tang Cheng so nervous. The driver just couldn't imagine what kind of person Han Jingru was.

“Mr. Han, it has been a long while. I thought you have even forgotten about me.” Tang Cheng spoke to Han Jingru with the most respectable talent.

“I can see that you are doing good now. Rolls-

Royce and even a driver.” Han Jingru chuckled.

Tang Cheng activated the separation wall between the front seat and back seat in case the driver saw what happened. He knew that Han Jingru preferred to be low-profile.

“Mr. Han, had it not been your help, I might still be homeless today.” Tang Cheng said.

“I simply gave you a little money. It is all due to your competence to be able to carry yourself thus far. To be honest, I am quite surprised myself.” Han Jingru said his sincerest thought. When he met Tang Cheng, he simply felt identifiable with his own shadow. Therefore, Han Jingru gave him a chance. However, Han Jingru had never expected Tang Cheng to be able to turn his life around so much.

That was probably a successful unintentional investment.

Han Jingru had purposefully nurtured Ling Heng for three years in Yun city. However, Ling Heng disappointed him greatly. Fortunately, he met Molan. Otherwise, with Ling Heng’s ability, he wouldn’t be able to carry the Yun city.

“Mr. Han, you have given me a chance and it is only right for me to appreciate it.” Tang Cheng said.

“This is a pleasant surprise. When you feel that this town is no longer enough to satisfy you, go to Yun city to find me.” Han Jingru said.

He was willing to nurture Tang Cheng after seeing

his capability. And he was happy to give him another chance.

When Tang Cheng heard that, his face was filled with passionate excitement. He did not hide it and said, "Mr. Han, thank you, thank you!"

"You don't have to thank me. Since you yourself seized your moment, I don't mind to help you once again. However, you must remember to never betray me. Because I am not a forgiving man." Han Jingru said indifferently.

Tang Cheng tensed up and lowered his head, "Mr. Han, please rest assured. You were the one that gave me everything. Tang Cheng will never betray you."

After the news of Tang Cheng receiving someone personally in a train station went viral, almost the entire town was gossiping about that.

Jiang family.

Liu Zhijie had always treated Tang Cheng as his idol. He would study every news about Tang Cheng over and over again. The moment he learnt about the earlier episode, he gave all of his attentiveness on that. Not only that, he even found the picture from the train station in social media.

"What are you looking at?" When Jiang Wan saw that Liu Zhijie kept staring at his phone, she complained.

Liu Zhijie passed his phone to Jiang Wan and said, "Tang Cheng went to the train station personally to receive someone. This has become viral. I wonder

what kind of great people come and even Tang Cheng needed to receive him personally.”

Jiang Wan was aware of Tang Cheng’s stature. When she heard Liu Zhijie, she was taken aback as well. Unfortunately, they could only see a back view from the picture of that guest.

“Looking from the back view, he seems to be a young man. Could he be even greater than Tang Cheng?” Jiang Wan said.

Liu Zhijie didn’t understand what was happening as well. But according to Tang Cheng’s character and personality, if it wasn’t someone he highly respected, he would never receive him personally.

“Maybe it is some big shot from outside.” Liu Zhijie muttered.

Jiang Wan looked at the picture on the phone and she just got an idea. She showed it to Su Yimo and said proudly, "Check this out, this is the greatest person in Bin County, Tang Cheng. You should have heard of his name, right? Liu Zhijie is his friend."

When Liu Zhijie heard that exaggerated bluff, he blushed in embarrassment. How could someone like him be a friend of Tang Cheng? Jiang Wan could really say anything for the sake of her face.

Fortunately, Su Yimo didn't know Tang Cheng and she wouldn't get exposed.

However, when Su Yimo saw that picture, she didn't mind Tang Cheng at all. She was stunned to see that back view.

Ever since she experienced the episode of the Piano prince, Su Yimo was very familiar with Han Jingru's back. It could be said that she had etched in her heart. Therefore, when she saw the back view in the picture, she knew it was none other than Han Jingru!

When Jiang Wan saw that Su Yimo was absent minded, she thought that she had overwhelmed Yimo and she chuckled, "Actually, even though he might be someone of great stature, he was actually pretty nice. He still treated us for a meal before and he was quite an easy-going person. If there is an opportunity, I might even introduce him to you guys."

When Liu Zhijie saw Jiang Wan getting further and further, he was just too embarrassed and he interrupted, "He is very busy. How can just anyone

make an appointment with him? Hurry and passed me the phone.”

Jiang Wan glared at Liu Zhijie in annoyance. The woman was unhappy with him interrupting her chance to show off and she threw the phone back to him.

“By the way, isn’t Han Jingru coming today? Why haven’t we heard anything from him? Don’t tell me he lied!” Jiang Wan poked Su Yimo again.

Su Yimo was still thinking of the back view in the picture. She was assured that it was Han Jingru. However, she couldn’t understand why Han Jingru would even know someone like Tang Cheng.

Although Bin County was just a small place and a person like Tang Cheng might even be nothing in Yun city, it would be unnatural for Han Jingru to know him. After all, he had only been to this place once.

When Jiang Wan saw Su Yimo wasn’t responding, she thought that Su Yimo was avoiding the topic. She nudged Su Yimo with her elbow and pressured, “Why not you give him a call? Maybe he got lost or something.”

When Su Yimo came back to her senses, she said, “Don’t worry. He has already reached and he will be coming soon.”

“Glad to hear that. I’m afraid that he isn’t used to the road here and he might get lost.” Jiang Wan was assured now. If Su Yimo said that, she must have contacted Han Jingru earlier.

As long as Han Jingru comes, she could finally show off her boyfriend and belittle Han Jingru, and at the same time, satisfy her sense of superiority in front of Su Yimo.

Han Jingru came to the Jiang family in the afternoon. And Jiang Wan was just enthusiastic, completely unlike how she treated Han Jingru previously like a trash. Han Jingru was just surprised.

Could Jiang Wan had a change of character for the past two years?

“Han Jingru, don’t tell me you are still doing house chores at home. How can a man not do something and have a career to themselves?” After Han Jingru unpacked and went to the living room, Jiang Wan said.

“I don’t have to worry about my food and place to stay, isn’t it just a waste of time to work?” Han Jingru chuckled.

When Jiang Wan heard that, her repulsion towards Han Jingru turned even greater. How can a man say something so shameless? No wonder he remained a useless trash of the so many years.

“But you can’t be depending on Su Yimo forever. Since Yimo might not be able to provide for you in the future as well. Although she had become some sort of manager now, it isn’t a high position. Do you expect her to feed you forever?” After Jiang Wan said that, she turned around and started introducing Liu Zhijie, “You should really learn a little from Zhijie. He got himself his own company and be his own boss. A million or two

annual profit was just easy as ABC for him. If he were to act like you, I would have kicked him out long ago!”

Han Jingru heard her insinuation perfectly. So it wasn't Jiang Wan had a change of character but she purposefully showed a caring attitude to show off her boyfriend.

“A few million per year is quite a huge amount. That might be just an astronomical figure for an ordinary family.” Han Jingru said.

When Jiang Wan saw Han Jingru acknowledging Liu Zhijie, she was even more elated, “Of course, Zhijie isn't an ordinary person. Therefore I ask you to learn from him. How can a man be so useless without ambition? People will point fingers at you.”

“Yes yes, I will make sure to learn from him.” Han Jingru answered uncaringly.

When Jiang Wan saw Han Jingru's perfunctory attitude, she was annoyed. The man should be showing an envious expression!

Not only that, even Su Yimo didn't show any expression of envy. That mustn't be!

“By the way, let's go shopping in afternoon. There was a new hyper mall in town and I bet you guys haven't seen it before. There are a lot of branded goods inside.” Jiang Wan said.

Su Yimo knew that Jiang Wan would keep showing off if they were to go and she rejected her immediately, “No thanks. I prefer to go visit the village.”

“What is there to visit for? There isn’t even much of villagers anymore and they all moved to the town.” Jiang Wan said.

“Although there isn’t anyone there, there are a lot of memories. I still want to go check out the river that I used to play in.” Su Yimo said.

Jiang Wan hurriedly waved her hand and said, “No no, there are a lot of mosquito lately. I do not wish to get stung. And just my cosmetics and skin maintenances cost tens of thousands per month. How can I go to somewhere like that?”

“Sister Jiang Wan, if you really don’t want to go, just ask Liu Zhijie to bring you to the mall. I’ll go with Han Jingru and show him around.” Su Yimo said.

Jiang Wan could shop herself anytime but not today. If she couldn’t bring Su Yimo together, how could she show off?

Jiang Wan had her eyes on a lot of things and she purposefully didn’t ask Liu Zhijie to buy it for her just because she wanted to wait for today.

“Yimo, it is a rare opportunity to see you. Now that I am inviting you, don’t tell me you want to put me off. You can just visit the village tomorrow.” Jiang Wan said in vex.

Liu Zhijie added from the side, “Let’s just go to the village tomorrow. It is rare for your sister Jiang Wan to be in the mood. If you see anything you like and Han Jingru couldn’t afford it, I don’t mind to buy it for you.”

“Go, we must go! Yimo, go to the village tomorrow.” When Jiang Yan heard what Liu Zhijie said, she was simmering in anger. If they belittled Su Yimo, they looked down on her as well. How could Jiang Yan swallow that kind of disdain?

Su Yimo looked at Jiang Yan in irritation. She was trying her best to avoid going with them but her mother didn't play along.

“Auntie Jiang Yan is right. Let's go together, don't be a kill joy.” Jiang Wan continued.

Su Yimo sighed and agreed in frustration.

When it was lunch time, Jiang Wan's parents finally came back from their travelling. And they continued to show off in front of Jiang Yan, saying how much fun they have had and what goods they had bought. They were just ostentatious in sharing how much they have spent and how great Liu Zhijie treated them.

“Ah, the two of us are just so comforted to see Jiang Wan getting together with a good man like Liu Zhijie. The young man is so successful and we no longer have to worry about Jiang Wan's future anymore.” Shu Fang said impassionedly as she held Jiang Yan's hand.

“You really have a hard time. After marrying into the Su family for so long, you didn't become a wealthy woman. And all of us thought that you would have the best life amongst us!”

When Jiang Yan heard Shu Fang's words, she felt repulsed. The woman wasn't so caring before and now she started running her mouth.

“Sis, my life is good now. You don’t have to worry about me.” Jiang Yan said.

Shu Fang leered at Han Jingru and said, “How can it be good? You don’t have to pretend in front of your family. Han Jingru had accomplished nothing for so many years in the Su family. Don’t you think I know your current state?”

Jiang Wan’s father, Jiang Bo harrumphed, “I think you guys should leave Han Jingru over here this time, give him a chance to learn from Liu Zhijie and be a better person. How can you let him be useless for the rest of his life?”

“Uncle, how can Jingru be useless? Please don’t say like that.” Su Yimo talked back in irritation.

Jiang Bo used to like Su Yimo. After all, she was his niece. But Han Jingru’s stories were common knowledge and he wouldn’t listen to Su Yimo’s words.

“Why are you defending him? You should be scolding this kind of useless man already, in hope that he could wake up and realize what he should do!” Jiang Bo derided.

Rate the Translation to Get 2 Crystals.

Wait! I Have Something to Say!

Send a Gift to the Writer!

The argument went on until it was time for lunch. When Jiang Wan saw that Han Jingru became the topic of scorning and how he was being compared to Liu Zhijie, she was well pleased. That was the feeling she was searching for, to step on Han Jingru to show how great Liu Zhijie was. And that would made her feel superior to Su Yimo.

After lunch, being the host, Jiang Bo and Shu Fang had no intention to clean up. They sat on the couch uncaringly and they leered right at Han Jingru.

Su Wenlun hadn't been saying anything after he reached the Jiang family because he was being looked down as well. Previously, the Jiang family thought that their family would be exalted after Jiang Yan married into the Su family but the truth was otherwise. Su Wenlun didn't have any favor in the Su family and he didn't even have a good life himself. How could he help Jiang Yan's relatives out? Therefore, Su Wenlun was the target of deride back then.

"Han Jingru, what are you doing there? Since you are used to doing house chores, make yourself useful." Jiang Bo said in annoyance.

Su Yimo was angered. They were their guest. How can they ask Han Jingru to do the dishes?

Before Su Yimo said anything, Han Jingru stood up and smiled to her, "It's okay."

"Let me help." Su Yimo sighed helplessly.

Jiang Bo just couldn't stand someone like Han Jingru that depends on a woman. When he saw Su

Yimo wanted to help, he rebuked, “Yimo, stay where you are. How can you do something dirty like that? You are the one that feed him, can’t he do a little thing for you?”

Not even Jiang Yan could stand it anymore and she said, “Bro, we are your guest. How can you...”

Before Jiang Yan finished, Jiang Bo interrupted her, “Of course I treated you guys as my guest. But not him, I look down on a person like that.”

Han Jingru didn’t complain. After all, he was used to doing this in the past and he didn’t mind. The man said, “Mum, just rest for a while. I’ll do it.”

“At least you know your place.”

After doing the dishes, the crowd rested for a while and went out to the shopping mall.

When Jiang Bo saw the Su family driving an Audi A6, he was surprised. The family had been driving a cheap car previously but now they changed into a luxurious ride. It seemed that Su Yimo had been making a lot in her new position.

But in Jiang Bo’s eyes, she wouldn’t be able to compete with Liu Zhijie. After all, Liu Zhijie had his own company and he was his own boss. Su Yimo was simply working for the Su family.

Most importantly, how could that trash Han Jingru be in any way comparable to Liu Zhijie?

The new shopping mall was a bustling place. Even if it wasn’t weekend, it was crowded. Not only that, there was all kind of branded outlets and even

luxurious goods.

It wasn't easy to build such a giant mall in a small place like Bin County. Not only that, it was a real challenge to attract so many big brands to settle in.

"The owner of this man is Liu Zhijie's friend, Tang Cheng. If it wasn't for him, our town wouldn't have such a high-class place." When Jiang Wan mentioned the boss of the mall, she purposefully labelled him as Liu Zhijie's friend, showing off with every opportunity.

Han Jingru almost broke into laughter. So just being Liu Zhijie's friend could make them feel so accomplished.

However, that mall was a good work. A lot of luxurious brand wouldn't care to settle in such a small town. But if Liu Zhijie could convince them, it reflected his abilities.

Jiang Wan brought the group into an LV Outlet. She had her eyes on a handbag already but she held herself back just to buy it in front of Su Yimo. The woman wanted to let Su Yimo see how lavish lifestyle was.

"Yimo, you should know this brand, LV, right? I had my eyes on one series of bag, do you mind helping me take a look?" Jiang Wan held Su Yimo's arm intimately and brought her before a new release.

The price tag was showing thirty thousand and Jiang Wan purposefully shoved it right in front of Su Yimo's eyes.

“Although it is a little expensive, Zhijie will buy me everything I want.” Jiang Wan said.

Liu Zhijie knew that it was time for him to step forward and he said, “It is just thirty thousand, how can it be expensive? Just buy it if you like it!”

They had been rehearsing that already but Jiang Wan still pretended to show a surprise look. After that, she hugged Liu Zhijie’s neck and kissed him.

“Zhijie, you are just so nice to me!”

Su Yimo simply felt sick about it. Jiang Wan’s bad acting was just giving her away.

Jiang Wan dragged Su Yimo’s arm excitedly and kept showing her how great the bag was. The woman was waiting for Su Yimo to be envious of her.

But Su Yimo wasn’t the least bit impressed.

Thirty thousand? Han Jingru had given her a mansion that caused more than eight hundred million. Just that and Liu Zhijie could never hope to compete with him.

“Do you like this shop?” At that time, Han Jingru walked towards Su Yimo and asked. His question wasn’t if Su Yimo likes the bag but if she likes the shop.

“Even if Yimo likes it, can you afford it? Why bother asking?” Jiang Wan snickered. Han Jingru’s question was timely to give her chance.

Han Jingru simply looked at Su Yimo with a smile,

waiting for her to nod.

Su Yimo knew that Han Jingru would definitely buy it for her if he asked that. Moreover, that would just be a tiny amount for the man.

However, Su Yimo didn't have the habit of using branded goods and she didn't need it. Buying those would just be a waste of money.

"I don't like it." Su Yimo answered.

"Yimo, how can you speak against your heart? Every woman would like such a beautiful handbag. Don't tell me you are afraid that Han Jingru couldn't afford to get and you said it intentionally!" Jiang Wan said.

"I really don't like it. This kind of thing means nothing for me." Su Yimo answered.

"Che~" Jiang Wan scoffed in disdain. That woman was just acting up because she couldn't afford it!

"I know that you don't want to embarrass Han Jingru. But it is fine if you can't afford it. It isn't anything embarrassing."

Su Yimo drew a deep breath. Jiang Wan was just waiting to hear her admit she couldn't afford it...

"Yeah, we can't afford it that's why I don't like it. Are you satisfied now?" Su Yimo asked.

When Jiang Wan saw Su Yimo admitting, she smiled smugly and said, "You shouldn't be so egoistic. I wouldn't be looking down on you if you admit it. Why not you take one you like and I'll get

Liu Zhijie to buy it for you?”

The moment Jiang Wan said that, she regretted it immediately. Because even the cheapest good inside the outlet could cost a few thousand. If Liu Zhijie were to buy it for Su Yimo, she would be pained.

However, now that she said it, she didn't have a chance to back off.

“Sister Jiang Wan, since you are so generous, I shall thank you in advance~” Su Yimo's lips curled up as she walked towards a display cabinet.

When Jiang Wan saw the direction Su Yimo walked, her eyelids were jumping. That area was all limited-edition goods. Not even she herself dares to walk over that side. Could Su Yimo chose something from over there?

What a greedy woman! How dared she does that!

Jiang Wan hurriedly caught up to Su Yimo. When she saw Su Yimo choosing the most expensive handbag, she was boiling in anger.

“Su Yimo, aren't you just greedy? This is the most expensive edition over here!” Jiang Wan gritted her teeth and said.

“Didn't you say you want to give me a present? Of course I should choose the most expensive one. After all, Liu Zhijie is earning a few million per year. Don't tell me you can't afford it?” Su Yimo asked back with a smile.

Jiang Wan almost erupted in anger. Although she

herself said she would be giving her as present, she didn't say Su Yimo could choose something so expensive. And the woman didn't expect Su Yimo to be so greedy.

"Su Yimo, you better not push it. I said to give you a present but I didn't say it can be something so expensive." Jiang Wan said coldly.

"So you mean you can't afford to give me something so expensive? I understand now. Then forget it, you shouldn't give me any present, lest you feel burdened." Su Yimo shrugged her shoulder and said uncaringly.

Han Jingru was just enjoying himself. He had never seen this side of Su Yimo before.

"It is not that I can't afford. But why should I give you something so expensive? You are so poor that you got crazy!" Jiang Wan said with a resentful expression. In her eyes, Su Yimo was living so poorly that she was just taking a chance to take advantage of her.

At that time, someone came in from outside the shop and said, "Please wrap that bag up for Miss Su."

Who could be so generous?

Giving away a bag worth over a hundred thousand?

Jiang Wan and Liu Zhijie turned their head back simultaneously. The moment they saw the owner of the voice, their expression changed.

Tang Cheng!

How could it be Tang Cheng?

What was he doing here?

Earlier today, Jiang Wan was bluffing that Liu Zhijie was Tang Cheng's friend. Now that Tang Cheng appeared, they would be exposed.

Su Yimo had seen Tang Cheng in the picture and she could recognize the man. And the woman could guess why Tang Cheng would buy the bag for her. It must be because of Han Jingru.

Did Han Jingru intentionally arranged Tang Cheng to appear over here?

Could Han Jingru order someone like Tang Cheng around?

Su Yimo was actually mistaken. Han Jingru did not call for Tang Cheng and it was purely coincidental.

However, it was true that he could order Tang Cheng around.

"President Tang Cheng... What... What brings you

here?” Liu Zhijie asked in a stammering tone.

Tang Cheng did not cast Liu Zhijie even a look and he walked towards Su Yimo and said, “Miss Su, you can pick and take anything you like in this mall.”

Since Su Yimo understood that it was because of Han Jingru, she wasn't surprised to hear that. She shook her head and said, “I do not have such need. Thank you.”

Tang Cheng nodded. As he glanced over at Han Jingru, he noticed that Han Jingru wasn't unhappy with him and he was relieved.

The man had been standing outside for quite some time already. He happened to drop by the mall for inspection and he accidentally saw Han Jingru. After hearing what Jiang Wan said, Tang Cheng couldn't stand it anymore and he stepped forward.

Fortunately, Han Jingru wasn't displeased with him. Otherwise, he would be doomed.

“President Tang Cheng, are you friends with Liu Zhijie?” At that time, Jiang Yan walked towards Tang Cheng and asked. When the mother heard someone bluffing, she just didn't believe it. Now she was taking the chance to expose them.

“Liu Zhijie? Who is he? I have never even heard of that name.” Tang Cheng answered with a smile.

At that moment, Liu Zhijie lowered his head and he felt horrible. If Jiang Wan didn't bluff like that, he wouldn't need to get into such a huge

embarrassment.

How could someone like Tang Cheng be his friend?

“That is impossible. You must be mistaken. They clearly said that you are friends with them!” Jiang Yan said with a smile.

Tang Cheng shook his head immediately and said, “Auntie, I am sure that there is no one called Liu Zhijie amongst my friend. I have never even heard of that man before. However, lately there has been a group of people that cheat around using my name. You should be careful not to get deceived.”

Jiang Yan laughed heartily when she heard that and she said impatiently, “So it was all a dishonest act. And I thought it was real!”

Jiang Wan had not expected her bluff to get exposed so fast. Now that Tang Cheng denied them, she didn't dare to say another word. If Tang Cheng was offended, Liu Zhijie's future would be ruined.

“Exactly. But I will remember this Liu Zhijie and I will get someone to investigate it later.” Tang Cheng said.

Liu Zhijie's face turned pale immediately. Now that his company just started up and just got into the right track, if Tang Cheng were to target him, he wouldn't be able to match even one finger from the man.

“President Tang Cheng, it is me. I am Liu Zhijie. However, I didn't cheat with your name. I was

simply bluffing and I hope you don't mind." Liu Zhijie walked towards Tang Cheng and said with his head low.

"Bluffing with my name? You sure have guts. Didn't anyone tell you what the consequences are using my name?" Tang Cheng said coldly.

Liu Zhijie's forehead was dripping in sweat. He was holding back his impulses to push Jiang Wan out to take the blame. Although he liked Jiang Wan very much, he would never sabotage his future for one woman.

Moreover, he knew that a materialistic like Jiang Wan could only spend rich time together. The moment his company got into trouble, that woman would definitely dump him.

"President Tang Cheng, I am sorry. Although I wasn't the one who did it, she was my girlfriend and I am responsible as well. I'll get her to apologize to you." After saying that, Tang Cheng walked towards Jiang Wan and reproached her, "Jiang Wan, hurry and apologize to the president!"

If Su Yimo wasn't around, Jiang Wan would have long apologized to Tang Cheng already. However, she couldn't drop her ego now.

"Liu Zhijie, must you embarrass me in front of Su Yimo?" Jiang Wan gritted her teeth and growled in a low voice.

Embarrassed?

At that moment, not even the man could care about his own face. Yet Jiang Wan still wanted her

stupid ego!

After being with Jiang Wan for so long, it was the first time Liu Zhijie felt repulsed towards her.

“You were the one that ran your mouth. And you should feel lucky that you only need to apologize.” Lu Zhijie said sternly.

Jiang Wan glanced over at Su Yimo right away. Her being exposed was a great humiliation. However, she had no way but to take it.

Tang Cheng was standing right before them. Judging by his look, he would even pay back Liu Zhijie.

If Liu Zhijie’s company were to get harmed because of this incident, she would definitely be dumped by him.

She finally got a chance to be with someone wealthy and Jiang Wan wouldn’t give up her chance to be a wealthy woman.

She walked towards Tang Cheng and bowed over, “President Tang Cheng, sorry. I said we are friends to feel proud. This has nothing to do with Liu Zhijie.”

“You should take a look at yourself if you want to be my friend. Do you think someone like you has the right? Who do you think you are?” Tang Cheng said straightforwardly.

Jiang Wan lowered her head but her eyes were simmering in hatred. The man had completely humiliated her. What more, he did it right in front

of Su Yimo!

“President Tang Cheng, I will make sure to teach her properly after I get back. Sorry for troubling you.” Liu Zhijie said.

At that time, Tang Cheng stole a look at Han Jingru. When the man saw that Han Jingru nodded faintly, he said, “Make sure you learn your place. I shall let it go this time. But if you repeat your mistake, there will be no more place for you in Bin County.”

When Liu Zhijie saw Tang Cheng leaving, he breathed a sigh of relief. The man’s knees were weak throughout the time.

Fortunately, Tang Cheng didn’t blame them. Otherwise, he wouldn’t be able to handle his wrath.

“Jiang Wan, now you finally learnt a lesson to not bluff. It is best you stop doing that in the future. Otherwise, you might just bring harm to yourself and those around you.” Jiang Yan said with a smile. She finally got back to Jiang Wan.

Jiang Wan had a grim expression as she gritted her teeth, “Auntie Jiang Yan, even if Liu Zhijie isn’t Tang Cheng’s friend, he is a hundred times better than your son-in-law. At least he isn’t a trash!”

“But Han Jingru would never bluff. That alone is ten thousand times better than Liu Zhijie.”

Wow!

Just wow! Jiang Yan defended and spoke in favor of Han Jingru!!

Not just Han Jingru but Su Yimo was taken aback.

Jiang Bo and Shu Fang felt it was unbelievable. Jiang Yan had been badmouthing Han Jingru in the past. Not only that, Jiang Yan was the one that decided not to let him follow the family back to their hometown. How could she spoke in favor of Han Jingru now?

“A trash that won’t bluff? Auntie Jiang Yan, you must make sure to appreciate him. After all, a trash like that is just rare.” Jiang Wan snickered.

When the two women were arguing, Han Jingru was just collaterally damaged. However, the man wasn’t offended at all. It was nothing short of a miracle to see Jiang Yan speaking in favor of him. The man even secretly hoped for the two women to keep arguing so he could be entertained.

Unfortunately, the quarrel ended soon. After all, they were relatives and it wouldn’t escalate to a fist fight.

After the crowd left the LV workshop, Jiang Wan planned to go to another shop to earn her face.

“Sorry, I forgot something.” Han Jingru said suddenly.

The crowd stopped and watched in puzzlement as Han Jingru hurried into the LV shop.

“Yimo, Han Jingru really went to buy you the bag.” Jiang Wan laughed. She was just being sarcastic because she didn’t think it was possible for Han Jingru to do that. Could Han Jingru afford a bag worth tens of thousand?

Su Yimo looked at Han Jingru's back in puzzlement as well. Did he really go and buy it? Even when Jiang Wan felt that it was impossible, Su Yimo knew that if Han Jingru wanted it, he could even buy the entire shop lot.

"Help me to wrap up the bag from earlier." Han Jingru went to the counter and spoke to the cashier.

After a short while, Han Jingru came out the LV shop with an exquisite shopping bag. However, since the goods are inside, they couldn't tell what he had actually bought.

"He really got you something! And I wonder what kind of trash he bought." Jiang Wan pouted her lips. The woman was confident that Han Jingru must have bought the cheapest bag. She had unexpected the trash to be so egoistic to show off as well. But what was the point of that? Could he has bought something more expensive than her thirty thousand bag?

Rate the Translation to Get 2 Crystals.

Wait! I Have Something to Say!

Send a Gift to the Writer!

Han Jingru walked towards Su Yimo and passed her the shopping bag.

“Yimo, don’t you plan to open it and have a look? Who knows what kind of cheap trash he bought.” Jiang Wan said with a jealous tone.

Su Yimo didn’t mind what he bought. As long as Han Jingru was the one giving it to her, she would like it.

“I’ll open it at home.” Su Yimo said.

Jiang Wan wanted to expose Han Jingru for buying cheap stuff and she just wouldn’t allow her to open it only after they get home. Otherwise, how could she feel better after what happened earlier?

The woman had been humiliated because of Tang Cheng. Now she needed to lift herself back up.

The woman snatched the shopping bag from Su Yimo and said, “It isn’t something private, why must you wait until we go home? Don’t tell me you feel embarrassed because the thing is cheap?”

“Jiang Wan, you better don’t push it.” Su Yimo answered in vex. When she called Jiang Wan’s name, it showed that she was offended already.

Jiang Wan’s behavior was truly rude and over the line. But she didn’t care one bit and she even said, “Yimo, since when did you become so ill-mannered? I am your elder sister, how can you call me by the name?”

“Jiang Wan, since you are older than me, don’t you

know manners?” Su Yimo asked back.

“Of course I know. But I am just being helpful, to open up your gift for you.” After saying that, Jiang Wan tore off the wrapping hurriedly. But the moment she saw what was inside, she was stunned.

In Jiang Wan’s opinion, Han Jingru had definitely bought a cheap stuff. But the one she held on her hands was the bag Su Yimo had her eyes on. The one that worth over one hundred thousand!

Not even Liu Zhijie expected Han Jingru to buy that bag. He looked at Han Jingru in shock. Didn’t they say he is a trash? How could he be so rich?

“Han Jingru, did you steal?” Jiang Wan interrogated Han Jingru furiously.

“You can’t afford it doesn’t mean I can’t afford it.” Han Jingru said indifferently.

Jiang Wan wouldn’t believe Han Jingru bought it with real money. He must have stolen it when the shopkeeper wasn’t paying attention.

“Really? If you really bought it, you dare to go back to the shop with me? I had unexpected you to be far worse than a trash. You even steal!” Jiang Wan snickered.

Liu Zhijie was a man as well and he knew men could be prideful. However, he didn’t think that Han Jingru would do something like that out of his pride. Moreover, there were so many shopkeepers around, how could they let Han Jingru steal?

When Liu Zhijie saw that Jiang Wan wanted to force Han Jingru back to the shop to authenticate it, he said, "Stop troubling them."

"What do you mean by that? I simply don't want the police to come into my house. Do you want a trash like that to slander our family?" Jiang Wan said coldly.

Liu Zhijie knew that if they went to authenticate the matter, and it happened that Han Jingru was truly the one that bought the bag, Jiang Wan would be humiliated and he would be embarrassed as well.

"What if he was really the one that bought it? Didn't you embarrass yourself enough?" Liu Zhijie said.

"Have you lost it? You think a trash like him could afford such an expensive bag?" Jiang Wan sneered.

It was logical for Jiang Wan to not believe. After all, Han Jingru's image had etched in everyone's heart. How could a man who depended solely on his wife have paid one hundred thousand?

"Jiang Wan, you really shouldn't have such a foul mouth. You can't afford it doesn't mean Han Jingru couldn't afford it." Jiang Yan couldn't stand watching Jiang Wan causing trouble anymore and she said sternly.

"Auntie Jiang Yan, I know you just don't dare to do it. So even you know that Han Jingru didn't have money and you don't allow us to go authenticate it, right?" Jiang Wan laughed scornfully.

Jiang Yan was a shrew herself. But Jiang Wan was even more exasperating. The only way to prove if Han Jingru had bought it or not was to go back into the shop.

“Okay, you want to prove it very much, right? Let’s go together.” Jiang Yan said.

When Jiang Wan saw Jiang Yan agreed to it, she smiled smugly. The woman could almost see the humiliation on Han Jingru’s face when he was exposed.

“You better pray that they don’t report you to the police. Otherwise, you would be spending this festival inside jail.”

When Jiang Wan went into the shop, she threw the bag over to the counter and rebuked the cashier, “How can you guys work with such attitude? Don’t you know someone stole something as expensive as this? Aren’t you afraid that your boss will fire you?”

The few shopkeepers gathered around and they were just puzzled.

“Miss, I don’t understand what you meant.” The cashier said.

“What did I mean? Take a good look at yourself! What did he bought and which bag did he take away!” Jiang Wan said rudely.

The cashier looked at Jiang Wan with an old gaze. After that she looked back on Han Jingru and she was just confused.

“Is there anything wrong? This gentleman definitely bought this bag.” The cashier said.

“How is that possible? Are you just blind? How can he afford to buy that bag?” Jiang Wan was anxious already. She came back to insult Han Jingru and not herself!

“Miss, please show some respect. Although you are a customer, you shouldn’t insult others like this. This man over there did bought this bag. And the receipt is over here. If you don’t believe it, just take a look at the receipt.” The cashier said with an annoyed face. Those shopkeepers that worked in branded shops like that had been dealing extensively with wealthy people. All of their customers had the class. Even if they refused to let customers like Jiang Wan into the shop, their boss wouldn’t blame them after finding out.

Jiang Wan just wouldn’t give up and she searched for the receipt. When she saw the black-and-white, her heart sank.

Han Jingru bought it!

How was that possible? How could he be so rich?

Jiang Wan looked at Su Yimo right away. Could she has given Han Jingru money and that was simply a show they put up?

“Su Yimo, I haven’t expected you to play such trick with me. I had truly belittled you.” Jiang Wan sneered.

“What does it have to do with me?” Su Yimo said.

“If you didn’t give him money before this, how could he have any money to buy the bag? Moreover, you were the one that picked that bag. It is obvious that you planned this all along just to embarrass me!” Jiang Wan gritted her teeth hatefully. She was supposed to be the one to step on her, but she fell into Su Yimo’s trap.

“Su Yimo, how can you scheme against your own cousin like that?” Shu Fang said with a cold face. Embarrassing Jiang Wan was equal to embarrassing her. Previously, the mother didn’t dare to say anything when Tang Cheng was around. But this time round, she felt the need to condemn Su Yimo.

“You simply want to show that you are having a better life before your cousin, no? But you don’t have to do it this way. We are relatives, why must you do something so wicked and make things ugly?” Jiang Bo added furiously.

Su Yimo was so angry she harrumphed. Jiang Wan was the one who wanted to trouble her but now she was blamed. That family was just unreasonable.

“Uncle, auntie, do I need anyone else’s acknowledgement if I have a better life? I am not like a certain someone. Just because they got a little money, they are desperate to let the entire world know. Forcefully bringing me here to show off.” Su Yimo said.

She was obviously insinuating Jiang Wan. But when Jiang Wan heard that, she scorned, “And I am not like a certain someone. They don’t have the money but they forcefully tried to earn face in

front of us. Spending a hundred thousand here? They would just cry the moment they reached home!”

When Han Jingru saw the two families arguing, he was just repulsed by Jiang Wan’s ugly heart. The man just couldn’t understand why Liu Zhijie would favor an egoistic and materialistic woman like her.

“Since we came back again, we shouldn’t waste the effort, right?” Han Jingru said all of a sudden.

“What the heck you want to do again?” Jiang Wan asked resentfully.

“Please help me to pack up everything in this shop.” Han Jingru spoke to the shopkeepers around him.

When the shopkeepers heard that, they were stunned.

Pack up everything? Does that mean he wanted to buy everything in this place? If he were to do that, all of the goods were worth at least a few million!

“Sir, are you... Are you kidding?” Shopkeeper asked Han Jingru in disbelief.

“Of course not.” Han Jingru answered indifferently.

The shopkeepers looked at each other and didn’t know what to do. Although their shop wasn’t as big as those in the big cities, having more than ten million of stock, but it could easily cost more than a few million. Not only that, if he were to buy everything, maybe only a few items could fit his use.

Jiang Wan's face turned into an unhealthy red. She had unexpected Han Jingru to put up such a show. Buying the entire shop? Was he just trying to embarrass her?

However, it was easy to say it but could he afford to pay the bills?

"What are you guys waiting for? Hurry and start counting!" Jiang Wan gritted her teeth and barked.

Jiang Wan's rage and her twisted knowledge towards Han Jingru made her lose her rationality. However, Liu Zhijie felt that since Han Jingru dared to say that, he could definitely do it. There was no point to bluff like that aside from embarrassing himself.

All of a sudden, Liu Zhijie had a flash of thought. That Jiang Wan's understanding towards the man might be wrong. Not just that, she was completely and utterly mistaken!

Rate the Translation to Get 2 Crystals.

Wait! I Have Something to Say!

Send a Gift to the Writer!

When Jiang Wan saw the shopkeepers started packing right away, her only hope was that Han Jingru didn't have the money to pay. Therefore, she was just cursing in her heart. But the moment Han Jingru swiped his card and the transaction went through, Jiang Wan was completely devastated.

She fell to the floor with a pale face. Even her eyes were lifeless. The woman came to show off today. However, she was the one that made herself a clown and completely embarrassed herself.

Liu Zhijie simply got her a bag worth thirty thousand. But Han Jingru bought the entire shop for Su Yimo. Jiang Wan knew the vast difference between them.

The woman hoped that Liu Zhijie could do the same for her as well. However, she knew that Liu Zhijie didn't have the ability to do that.

"Su Yimo, now that you become some kind of a manager and you started bullying your cousin!?" Shu Fang gritted her teeth hatefully and rebuked Su Yimo.

"Acting so cocky just because you have money? Why not you just buy the entire mall now? Your cousin was just fooling with you but you push it too far!" Jiang Bo roared furiously.

The two old things selectively forgotten that Jiang Wan was the one who started everything and caused all these to happen. And now they just blamed Su Yimo for everything.

Su Yimo didn't have the slightest thought to

embarrass Jiang Wan and the woman was the one that brought upon everything. Although what Han Jingru did was wasteful, the man had avenged her and made her feel better. She would never blame Han Jingru for that.

“Uncle, auntie, if I were the one getting shamed, the two of you will only feel that it is right, no?” Su Yimo wasn’t afraid to reason with the two elders and she said unapologetically.

Shu Fang and Jiang Bo glared at her furiously and they just felt unfair for their daughter.

“You married a trash, you have gotten used to embarrassing yourself!” Shu Fang said.

Su Yimo laughed out of anger. Just because she embarrassed herself and she must continue to do that?

“In your eyes, I should be getting bullied by Jiang Wan, right? And she must not feel any upset despite her stupidity? Moreover, if she hadn’t push it, could anything even happen at all? I’m sorry but life is hard. It can be harder if you are stupid.” Su Yimo answered coldly.

“You...” Shu Fang pointed her finger at Su Yimo. She was so angry that her entire arm was shaking.

“Hmph!” Jiang Bo harrumphed and said, “If you guys are so great, then you don’t have to stay in our house. Go and buy a house to yourself!”

After saying that, Jiang Bo and Shu Fang brought Jiang Wan and left.

Liu Zhijie kept having a hunch. The man felt that Han Jingru wasn't as easy as what he displayed. If they were to offend him, they might just get into some serious situation.

He stole a glance at Han Jingru and left together with them.

After they left, Su Yimo spoke to Han Jingru helplessly, "There are so many things, where should we put them?"

Han Jingru showed a completely unbothered expression. It was an immaterial amount of money and it wasn't even important to take the good.

"Since we can't be staying in uncle's house, let's go buy one?" Han Jingru asked.

When Jiang Yan and Su Wenlun heard that, they didn't dare to utter a word but their eyelids kept jumping.

The both of them were just perturbed as well. How rich could Han Jingru be? After buying the mansion in the middle hill, wasn't he broke already?

Su Yimo glared at Han Jingru threateningly and said, "We hardly come to this place, why are you buying a house?"

"Hmm, if that's the case, I happened to have a friend. Let me ask if he has any place to let us stay for the time being." It was still a few more days to mid-Autumn Festival and they still need to spend a few more days here. Since they couldn't be staying

in Jiang Wan's house, they needed to find somewhere to stay.

After calling Tang Cheng, the man hurriedly arranged a few cars to wait outside the shopping mall, just to bring the shopping goods back.

Han Jingru and Su Yimo's family still needed to get back to Jiang Wan's house to bring in their luggage.

To their greatest surprise, Jiang Wan's family was so heartless that they simply threw all of their luggage outside their doorstep. They weren't even afraid that someone might steal it.

When the family was picking up their luggage, the door was opened and Shu Fang sneered, "From today onwards, you guys are no longer allowed to come into my house. We don't welcome you over here. And I don't care if you sleep under the bridge or by the streets."

"Sister Shu Fang, we are relatives after all. Is there a need to go so far?" Jiang Yan said in anger.

"So far? Can it be any worse than what you guys did? You guys didn't care about our family relationship and you shouldn't blame me." Shu Fang said.

At that time, even Jiang Yan started to feel unfair for Su Yimo. Because Jiang Wan was the root of the problem. Had she not tried so desperately to show off, and if she didn't force them to go back to the shop, why would anything happen at all?

"You should educate your daughter properly. With

a personality like that, she would get herself into trouble sooner or later. After all, everything that happened was her fault.” Jiang Yan said.

When Shu Fang heard that, she yelled at them angrily, “Hurry and scram! Do not ever let me see you again. And I hope you don’t appear during the festival to dirty my eyes!”

\*Slam!\*

And the door was slammed hard to their face. They could still hear Shu Fang continued cursing inside the house.

Han Jingru smiled and shook his head. The Jiang family’s blood line was indeed extraordinary. Jiang Yan was like that and her family was more or less the same. As expected of the power of genetics.

After Han Jingru and the family picked up their luggage and went downstairs, the door opened again. Jiang Wan stood by the doorstep with a resentful gaze and she seemed to be simmering in thought.

“Mum, I do not want to see Su Yimo during the mid-Autumn Festival.” Jiang Wan went back into the house and told Shu Fang.

Shu Fang said that earlier because she was overcome by anger. However, they were family and she didn’t have any right to ask Jiang Yan to leave. Moreover, that young family had so many relatives and she couldn’t make the call.

“My dear daughter, my hands are tied on the desk. Your grandpa and grandma wouldn’t allow it.” Shu

Fang said.

“Let me call Jiang Shen. I heard that he was pissed off by Su Yimo as well. If we could get the agreement from the rest of the relatives, we can just hide it from grandpa and grandma that they are back in town.” Jiang Wan said.

“That might be a good idea. It is just nice that your grandparents went to the mountain temple and haven’t come back here. They still didn’t know that Jiang Yan had reached town.” Shu Fang looked at Liu Zhijie. Because Liu Zhijie was joining this year, they didn’t plan to eat at home and Liu Zhijie booked a hotel. Even if Jiang Yan came to the doorstep, she wouldn’t know where they went. They simply needed to hide it from their parents.

Right after saying that, Jiang Wan went away to call Jiang Shen.

Jiang Shen’s family of three were at home and they were troubled about the celebration. After all, they had borrowed two hundred thousand from Jiang Yan. Although they were determined to not pay back, they would be embarrassed if Jiang Yan were to mention it during the gathering.

They were so poor and cowardly, yet the same time they were egoistic. Jiang Shen’s family of three even planned to skip the family gathering this year. However, when they were told that Liu Zhijie would be treating them in the hotel, they just couldn’t let it go. After all, that would be a great meal and they could even take away the leftovers and eat it for a few more days. That would save quite an amount of money.

“Mum, why not I go look for Su Yimo and asked her not to mention about it. I’ll tell her that we will pay her back during the new year. How does that sound?” Jiang Shen asked Liu Hua.

“I am just afraid that Jiang Yan will mention it purposefully.” Liu Hua said worriedly. She wouldn’t mind if the son were to say they would be paying back during the new year. After all, it was their plan to keep lying. Even if they were to spend all of the two hundred thousand, the family wouldn’t be paying it back. Moreover, they hadn’t spent a single cent!

“Sigh, we are going to Imperial hotel this time. I heard that it is expensive over there. Not only that, Tang Cheng will be treating. What a waste if we were to skip it.” Jiang Shen said regretfully.

“Go, I still want to enjoy some good drinks. How can we not go? Even if it is embarrassing, we have to go!” Jiang FungGuang didn’t want to skip this chance to eat and drink for free. Pride? How could that be more important than an empty stomach?

At that time, Jiang Shen’s phone rang.

Liu Hua thought it was Su Yimo and she asked nervously, “Is it Su Yimo? If it is her, don’t answer it!”

“It is Jiang Wan.” Jiang Shen answered in puzzlement.

After Jiang Shen answered the call, he heard Jiang Wan said, “I do not wish to see Su Yimo and her family during the mid-Autumn Festival. Let’s just hide the fact that they reached Bin County, and

don't let our grandparents know. As long as you help me, I'll ask Liu Zhijie to introduce a job for you."

Jiang Shen was stunned. Not letting Su Yimo join? Isn't that all he was asking for? And now that she could even get himself a job, what a sweet deal!

However, he was curious as to why Jiang Wan would want to do that. Did any conflict happen in between her and Su Yimo?

"Don't ask anything and just do as I say." It was as if Jiang Wan knew that Jiang Shen was about to ask her and she interrupted.

"Okay." Jiang Shen answered.

Send a Gift to the Writer!

After Su Yimo and her family came downstairs, they got into the car Tang Cheng arranged for them. However, aside from Han Jingru, no one knows about it.

“When did you have friends over here?” Su Yimo sat beside Han Jingru and asked curiously. Han Jingru had only come once. How could he have any friend?

The car was stuffed with luggage and it was not spacious. Han Jingru’s leg was almost sticking to Su Yimo’s leg already. That was a very intimate skin ship for the man and he couldn’t help but felt nervous.

However, Su Yimo didn’t notice that. When she saw the droplets of sweat on Han Jingru’s forehead, she was even more curious.

“Why are you acting so nervous? Is your friend a girl?” Su Yimo continued to ask.

“No no no no.” Han Jingru shook his head violently and said, “He is a man. We happened to know each other in Yun city and he came to Bin County.”

“Are you feeling stuffy?” When Su Yimo saw the increasing sweat on Han Jingru’s forehead, the woman just couldn’t hold back her curiosity anymore.

“No... Not at all. There is air conditioner in the car and it is quite cooling.” Han Jingru said with his dry lips.

At that time, Su Yimo noticed that Han Jingru’s entire body was tensed up. The man didn’t even

dare to move. When she noticed that her legs were touching Han Jingru's, she finally realized why he would be so nervous.

Wasn't that just touching legs? Did he need to overreact like that?

Su Yimo's lips curled up uncontrollably and she purposefully leaned closer to Han Jingru.

After the woman saw a noticeable swallow of gulp down on Han Jingru's throat, she was assured of the reason of Han Jingru's nervousness.

After that, Su Yimo was just teasing the man unceasingly. She would brush herself on him purposefully from time to time and Han Jingru was just like a leaf in raging sea.

The woman seemed to be enjoying herself very much and she even pretended to place her palm on Han Jingru's thigh uncaringly. After that, she could clearly feel that Han Jingru was tensing up like a zombie.

When they almost reached the destination, Su Yimo leaned even closer and breathed by his ear, "Does it feel comfortable touching me?"

When Han Jingru felt the warm wetness by his ear, he shivered and said hurriedly, "We are here. Let's get down the car!"

The moment the car parked, Han Jingru fled right away. Su Yimo was just laughing her heart out.

Jiang Yan and Su Wenlun didn't know what happened. When they saw Su Yimo laughing like a

mad woman, they asked curiously, “What’s gotten into you? What is so funny?”

Su Yimo covered her stomach and it was beyond her wildest dream that Han Jingru couldn’t even stand such might teasing. It seemed like the man had never fool around outside in the past. Maybe he was innocent just like her.

“It’s nothing. I am just happy.” Su Yimo answered.

Jiang Yan shook her head. Now that they were kicked out from the house, what was there to be happy about?

When the family got down the car, they noticed that the place wasn’t an ordinary residential area but a mansion townhouse.

Although it wasn’t comparable to the mansion in Genting, it was the most lavish place in the entire Bin County.

“Han Jingru, your friend should be very wealthy, right?” The family wasn’t shock but just pleasantly surprised. Jiang Yan simply thought that they would be renting a small flat or something. But now they were brought to a mansion.

“I think he might be quite wealthy.” When Han Jingru said that, a middle-aged man walked towards them.

That was Tang Cheng’s assistant. The man didn’t make a personal appearance because he didn’t want to expose Han Jingru.

“May I ask if you are Mr. Han?” The middle-aged

man asked Han Jingru.

“I am Han Jingru.” Han Jingru replied.

“Please follow me.” The middle-aged man led the way and brought them to a mansion of Tang Cheng.

Jiang Yan and Su Wenlun had seen Genting and they weren't shocked by the surroundings. Even if it was all kinds of sumptuous lavish, they weren't impassioned. After all, they had been living in a place that worth almost a billion. They wouldn't be acting like a country bumpkin.

“Does anyone stay here normally? Why isn't there any belongings?” When Su Yimo was unpacking in the room, she asked Han Jingru.

Han Jingru wasn't clear as well. But with Tang Cheng's status, he would most probably have several assets and this place might just be the place he brought his fling.

However, since all the bed sheets were new, the man wouldn't mind.

“He is rich but he is single. Maybe after he bought this place, he isn't used to the big space.” Han Jingru simply came up with an explanation.

Su Yimo didn't ask further. It wasn't anything new for rich people to buy several houses. Although the investment worth of a mansion in a place like Bin County isn't much, not just anyone could comprehend the thoughts of these rich people.

After unpacking, Su Yimo sat on the end of the

bed and stared at Han Jingru quietly.

When Han Jingru noticed Su Yimo's gaze, he got nervous again. The man couldn't help but recalled what happened in the car and he hurriedly said, "Are you thirsty? I'll bring you a glass of water."

Su Yimo's eyes were mirthful as she tapped the bed beside her gently and said, "Sit."

When Han Jingru heard that, his heart almost jumped out from his throat and it seemed the temperature in the room had raised several degrees.

When Han Jingru sat beside Su Yimo, he was so high strung just like a schoolboy who sat beside his teacher.

"Do you like it?" Su Yimo simply put both of her legs on Han Jingru's thigh.

That intimacy was almost too much for a young hot-blooded man like Han Jingru. The man simply focused his gaze on his nose and said, "I... I like it."

"Did you even see it properly?" Su Yimo frowned a little and complained.

Han Jingru stole a quick look and said, "Yes I did."

Su Yimo fumed in anger immediately. How could a man like that be married!?

Han Jingru didn't even understand what happened and Su Yimo stormed out the room angrily.

"That... Did I do anything wrong again?" Han Jingru

mumbled to himself in puzzlement. The man scratched his head and tried to recall what happened. But he didn't do anything at all, why did Su Yimo get so angry suddenly?

Han Jingru touched his thigh and it was still carrying a warmth from Su Yimo. The man had a gentle smile on his face.

Two days later, the elders from Jiang family with the highest seniority came back to Bin County from the mountain temple. When they reached home, Jiang Hong asked about the arrangements for the family gathering. After knowing that Liu Zhijie would be treating them to eat in Imperial Hotel, the grandfather smiled heartily. The man said that the Jiang family finally gets a worthy man and he praised Liu Zhijie greatly. Even Jiang Wan earned the grandfather's favor.

"By the way, when is Jiang Yan coming?" Jiang Hong asked. Although Jiang Yan hadn't been bringing any benefit to the family after marrying into the Su family, she was still his daughter. The man missed Jiang Yan during time of festive like this.

"Grandpa, auntie Jiang Yan gave me a call and said she isn't coming this year." Jiang Wan said.

"She isn't coming? Why is it so? Every mid-Autumn Festival, Dragon boat Festival and also Chinese New Year, we have a family gathering. Had she forgotten?" Jiang Hong said with a stern face.

"Grandpa, I heard that now Su Yimo was raised to some kind of a manager in the Su family. They are so busy and how can they still care about us?"

Jiang Wan said with an irritating tone.

“Hmph!” The grandfather harrumphed and took out his phone, “How could they! Getting a higher position and acting cocky already?”

When Jiang Bo saw Jiang Hong was about to call Jiang Yan, he was anxious and the son hurriedly snatched the phone over, “Dad, now that she no longer cares about us, do you plan to invite her personally? She isn’t worth it.”

“Give me the phone. I need to give her a scolding. How dare she gives no care towards her own father!” Jiang Hong fumed.

“Grandpa, you shouldn’t be bothering their lives now. Maybe Su Yimo is so successful now and they are just dreaded to come home. I think they even want to cut ties with us!” Jiang Wan said.

Jiang Hong’s eyes widened in anger and he fumed, “Su Yimo was always a good girl. I had unexpected her to disrespect me now. Successful? How can an unfilial person be successful? Just because she married Han Jingru, she will never be successful.”

“Grandpa, don’t I have Liu Zhijie? Why should we care about Su Yimo and her family? It is fine as long as Liu Zhijie and I treat you well!” Jiang Wan said with a smile.

Jiang Hong glanced over at Liu Zhijie, the old man felt better and he said, “If Han Jingru could have a tenth of you, I would be able to die in peace. However, I am afraid that trash could never amount to anything in this life. Right then, suit

themselves. This old man couldn't care less!"
