

His True Colors Novel Chapter 1735 - 1738

Chapter 1735

At this time, George Han, who had returned to the back room, looked deep, and Xiao Tao quietly glanced out the window, confirming that Senior Sister Ruoyu and the others had really left, then she patted her chest with lingering fear.

But just as she slapped her chest to get out of breath, she suddenly found that George Han had been staring at a certain part of her, Xiao Tao flushed suddenly and turned her back in shock.

George Han quickly walked in front of her, still staring at her like a torch.

Little Tao buried her head and was a little scared for a while: "Young Master Han, you..."

George Han didn't speak, and grabbed Xiao Tao's hand. Xiao Tao wanted to break free, but found that she couldn't make it anyway, and she looked at George Han with fear.

It was at this moment that Xiao Tao noticed that what George Han had been staring at was not what he thought, but her arm.

"What is this?" George Han pulled Xiaotao's jade arm. On the jade arm, there was a small green mark resembling a tattoo. It might not matter, but the pattern on the blue print made George Han unusual. tension.

Because, there was an axe on it, and it was exactly the same as his own Pangu axe!

Xiaotao was hurt and frightened by George Han: "Master, can you let me go."

Only then did George Han notice his gaffe, embarrassedly let go, and repeatedly said: "I'm sorry, I...I just want to know, what's the matter with your tattoo?"

Xiao Tao touched the red arm that was pinched by George Han, and shook her head aggrievedly: "Xiao Tao doesn't know, it has been in Xiao Tao's hand ever since she was sensible."

"What about your parents? Do they know?"

Speaking of this, Xiaotao suddenly burst into tears and shook her head: "Xiaotao has no parents."

George Han was a little embarrassed: "I'm sorry, I didn't mean it."

Xiao Tao smiled bitterly and shook her head: "It's okay."

George Han lost a smile, but for a moment, he still didn't give up and asked: "By the way, do you really know nothing about the green seal on your hand?"

This question made me feel embarrassed, and Xiao Tao was also embarrassed. She looked at George Han eagerly, but in the end, she reluctantly shook her head, which was regarded as an answer to George Han.

Coming out of Xiaotao's house, George Han frowned, and the more he thought about it, the more something went wrong: "Linlong, you said, why is the mark on Xiaotao's hand exactly the same as Pangu? Is she a member of the Pangu clan?"

"Speak." George Han urged him without receiving Linlong's answer.

Suddenly, George patted his head, but forgot about Linlong last night.

Above the main hall, the head of Sanyong was closing his eyes and resting. Lin Mengxi slowly walked in with the disciple's announcement.

"I have seen the head brother." Lin Mengxi saluted softly.

Master Sanyong nodded and smiled slightly: "You and I don't need to be polite. I want you to come up, in fact, I want to discuss something."

"Brother head, but it's okay." Lin Mengxi smiled.

"I deliberately let Shuang'er live in the main hall. This is not because I deliberately wanted to alienate her from the four forwards, but because I really wanted to cultivate her as a leader. I don't know what you think?"

Hearing this, Lin Mengxi was stunned. Although she was very happy in her heart, she couldn't help but curiously said: "Brother head, candidates for head always need to be evaluated. Although Shuang'er is indeed talented, she still Wouldn't it be such a quick appointment as the head?"

Although Qin Shuang is her own daughter, Lin Mengxi still feels that this matter is a bit unruly.

There has never been such a precedent for nearly ten thousand years since Wuwuzong founded the mountain.

Sanyong smiled slightly and waved his hand: "Yes, the rules of the ancestors really started from the establishment of the ancestors, and they have not changed for thousands of years. I also believe that I am incapable of changing these rules. The reason why I did this is actually It is precisely to comply with the last wish of the patriarch."

Lin Mengxi wondered: "Brother head, what does this mean?"

“The night after the accident in the Forbidden Area of the Necropolis, I received a hint from my ancestors, saying that I have a god from the Nothingness Sect and want me to live and cultivate. This will completely change the future of my Nothingness Sect.” I remembered the Ziguang Lingmeng that night, Sanyong couldn't help looking excited.

And such wonders? Lin Mengxi was suddenly shocked. “Ancestors dream?”

Sanyong nodded: “Yes, the ancestors said, “Three thousand waters are weak, and only one scoop is taken. I am puzzled. The next morning, I received the news that Qin Shuang broke the forbidden land for the dead. I thought, This meaning is ready to come out. The so-called weak water three thousand, only take one scoop, does it mean to describe a girl?”

Lin Mengxi asked: “The head means that Shuang'er is the reincarnation of the god in the mouth of the ancestor?”

Sanyong smiled confidently: “That's right, so I admitted her to the main hall, but I was reluctant to Ye Gucheng.”

Lin Mengxi suddenly realized: “That said, I have to thank George Han. If it weren't for him, then, in the form of the time, you are afraid you can only admit him.”

Sanyong nodded: “The young guy George Han is really good. But...”

Suddenly, Lin Mengxi frowned: “Brother, the so-called Weak Shui George, does it mean George Han?”

Sanyong was surprised for a moment, and then shook his head vigorously: “How is it possible, although George Han is indeed a little different, but is it comparable to the great god who saved me from the Void Sect? In Ziguang Lingmeng My ancestors said, this great god who saved me from the Void Sect is gifted with a divine body, bestowed by a holy soldier, golden light protection, domineering, how can it be comparable to George Han and his like?”

Speaking of this, Sanyong is full of vigor, and the goddess who entrusted the dream to him must know that he understands his meaning as such words, it is estimated that he can directly explode in situ!

At this time, George Han returned to the vegetable garden, and it was rare that Zhexuzi and Xiaoheizi were not bothered by it. George Han was completely clean and started to practice in concentration.

At this time, Linlong lightly incarnates, returns to the vegetable garden hut, and walks in front of George Han. George Han opens his eyes and glances at him: “How about it? No one found it?”

Linlong smiled: “George Han, your city is too deep. Last night, you used a hundred firebirds to deliberately please Sister Qin Shuang, and then let me sneak in to find your

master. You are too sinister, yes, Qin. Did Senior Sister Shuang be so excited to agree with you?”

George Han gave a cold look: “Stop talking nonsense, what does my master say?”

The two actual battles have allowed him to exert his magical power on the Wuxiang to the extreme.

But it also reached a bottleneck!

He needs a breakthrough. Although the things Zhu Ying gave herself are very evil, for Amelia Su, he must try it!

Linlong smiled and threw out a cloth bag: “Give me something, but I’m afraid you dare not use it.”

Inside the bag, there are a dozen black bottles.

Chapter 1736

George Han frowned: “What is this?”

“Your master asked me to give it to you, Black Jade Broken Soul.” Linlong raised his brows.

George Han was taken aback, hearing how the name resembled poison.

“You guessed it, it’s poison. Your master lives in the cave all year round. The materials are extremely limited. With the limitation of the exercise method, he has exhausted his life, so he can only practice this stuff by relying on things like rat vipers. However, although it is poisonous, your master said that there is also energy in it, so you should give it a try. It’s all up to you.”

George Han didn’t even want to reach out and take it.

Seeing George Han’s complete disregard, Linlong frowned: “Are you sure? When your master gave me this thing, you always told you to choose carefully. Because these things, even her own. I have never dared to use it, and it was completely used as a stock.”

George Han nodded resolutely: “As long as it helps me, let me go to Amelia earlier, let alone a dozen bottles of poison, even if the whole world is poison, Lao Tzu is also the immortal worm. .”

He came to the Octagon World to save Amelia Su and Nian’er, but he also understood that being too impatient would only make him fall into the trap of the other party, and he

would never be able to turn over. At that time, he would not only be unable to save people, but would even drag Amelia Su. Hind legs.

Therefore, George Han wants to rapidly increase his strength, whether it is the Void Sect or Zhu Ying, as long as he can increase his strength, George Han will not refuse.

This kind of increase method would greatly damage George Han's body and even bring life danger. George Han didn't care.

Otherwise, his body would not contain the Heavenly Yin technique, which is extremely cloudy, and he would also contain the technique of Rainfall Sword, which is a great opening and closing technique, and finally his own energy.

George Han's whole person has actually become a melting pot, which is actually a very dangerous signal for any cultivator.

Linlong also knew that George Han's determination was difficult for anyone to change, especially when it came to Amelia Su's issue, no one in this world could stop his determination.

"Well, I will return to your body to practice." Seeing George Han working so hard, the only thing that Linlong can do is to advance and retreat with him.

As soon as Linlong left, George Han drank all a dozen bottles of Black Jade Broken Soul Powder without thinking, and then sat back directly on the bed and began to exercise his breath.

Soon, as the liquid entered the body, George Han suddenly felt a faint energy flowing slowly in the body.

Although the energy of the Black Jade Broken Soul Powder is not as good as the green jade energy bottle in the Void Sect, at least it was made by Zhu Ying with a lot of energy, plus the essence of the exercise method, it also has its effect.

If a dozen bottles go down, the head cobbler can also top Zhuge Liang.

But the good times didn't last long. Just when George Han gathered energy in his dantian, trying to conflict with the limits of that level, suddenly, the other energies in the whole body seemed to be lost, completely uncontrollable madness. It emerged at the boundary and quickly collided with the energy controlled by George Han.

Under the collision, the energy controlled by George Han also completely lost control, trembling with those energy.

George Han wanted to control it hard, but with a lift of breath, the entire throat became hot, and blood flowed directly through his mouth like crazy.

George Han knew that he was poisoned and his body was completely out of control, and several energies were fighting with each other, treating George Han's body as a battlefield.

The shock and pain caused by the collision of energies, coupled with the body toxin pain caused by the black jade broken soul powder, George Han's whole body was bitten by thousands of ants, and the fire burned his heart. He clenched his persistent teeth and kept on because of it. Trembling.

If someone was nearby at this time, he would be surprised by George Han's terrifying face.

A few hours later, George Han's sweat completely drenched his clothes. The pale face he had been gritting his teeth and insisting. Once, countless times he was about to close his eyes. At that time, he would let himself think about Amelia Su. When Amelia Su's face appeared in George Han's mind, George Han could survive even if he was in trouble.

After nightfall, several strands of energy in George Han finally stopped fighting, and they began to perform their duties to repair George Han's damaged body, not only the current poison, but also the injuries that George Han suffered before. .

George Han felt very comfortable, as if immersed in a sunny bathroom.

What made George Han more pleased was that after the three energies each performed their duties, something thrilling happened to him.

The black energy of the sky, the golden energy and its own energy suddenly began to converge towards the dantian as if they had reached a consensus, and they continued to entangle each other. In the end, a new golden body formed in George Han's dantian.

The golden body is full of three colors, although the light is faint, but the huge energy emanating from it makes George Han's heart throb!

George Han understands that the world that belongs to him is finally here!

Eight directions world, welcome summer, my George Han, here comes.

Chapter 1737

George Han stopped thinking about it, suppressing his inner excitement, and completely immersed in the sense of calmness.

At this time, George Han suddenly smelled strange fragrances, and after a short while, someone opened the door. At this time, George Han, who was completely waiting for the energy in his body to create a new golden body, could not move at all.

Taking advantage of the darkness, Xiao Heizi and Zhe Xuzi sneaked into George Han's room.

Xiao Heizi carried a big cloth bag on his shoulders, and when he opened the bag pocket, a soft body emerged from the bag.

Zhe Xuzi shook his hand in front of George Han. After confirming that this guy had not responded, he looked at the little peach in the sack very unwillingly.

When he saw Xiao Tao, he was shocked by her beauty, but when he thought he could enjoy the gentle homeland according to the original plan, Xiao Heizi stopped him.

Seeing Zhe Xuzi's continuous swallowing, Xiao Heizi said helplessly: "Brother Zhe, business matters. After the business is over, you can do whatever you want to deal with a slave and maid with a reputation. Isn't that easy?"

The people above didn't want to have extra troubles, and they didn't want George Han to stay in the Void Sect for even a second, so they wanted to end this matter quickly.

Naturally, Xiao Heizi can no longer give Zhe Xuzi a second hand, so he can only send people over and set up the scene.

Zhe Xuzi didn't even notice that he was being used by others, his fleshy face kept moving, and the duck who was still unwilling to his mouth was about to fly like this!

Immediately afterwards, Xiao Heizi put Xiao Tao from the cloth bag on the bed, and then took George Han's hand, and gently pulled some clothes on Xiao Tao's chest, and then put down George Han who was sitting in Dingding. Lying next to Xiaotao.

After finishing these things, Xiao Heizi pushed Zhe Xuzi out of George Han's room.

The two of them didn't even know the effect of Juhua George, because of George Han's special state, he didn't stun him. On the contrary, it was just that George Han just couldn't move, making them think that George Han was hit while meditating. Juhua scattered and fainted.

They didn't even know that George Han heard clearly what they were acting secretly.

George Han felt a faint fragrance beside him, and his left hand was gently resting on a delicate body.

Ha ha, George Han knew who set up this bureau without thinking about it.

Who else but Ye Gucheng? Although George Han has known him not long ago, he has always read countless people. He knew that Ye Gucheng was the one who did this kind of thing.

It's just that George Han is speechless, so if he hurts himself, why bother to pull an innocent person? !

George Han didn't think much anymore, and hurriedly used all his energy on the energy-gathering golden body. Once the golden body was completed, George Han could get up.

After half an hour, the golden body gradually stabilized, and the three energies began to shrink.

It didn't take long for the three energy to finish, and George Han let out a sigh of relief.

At this time, bursts of fragrance in the house floated into the house once again, and then the surrounding people were full of voices, and some people directly hit the sky with a spell, illuminating the surroundings of the vegetable garden.

The strong bright light pierced George Han's slightly opened eyes and quickly closed again.

With Mingguang, George Han saw the disheveled Xiaotao lying next to him.

George Han was horrified, it was too late!

With a bang, at this moment, George Han's door was suddenly kicked open, and then, a group of people led by Wu Yan and assisted by Ye Gucheng and Ruoyu rushed in.

When they saw George Han and Xiao Tao on the bed, a group of disciples pretended to be embarrassed and covered their eyes. Ye Gucheng and Ruoyu couldn't help but smile, Wu Yan thundered and couldn't believe the facts they saw.

Tonight, Zhexuzi suddenly told Sifeng that George Han had brought a woman back. After investigation, Sifeng Ruoyu found that the servant girl Xiaotao was missing, so he quickly reported the matter to the elder of the ordination courtyard.

The elder of the Academy of Ordination didn't believe it at first, after all, no one in the Void Sect had dared to commit a crime under their noses.

But what is unexpected is that George Han really dare!

"George Han!"

With an angry shout, Wu Yan glared at him. The anti-Buddha wanted to swallow George Han alive: "You are so brave, you dare to snatch strong slaves and maidservants from my Void Sect and do some stubborn things?"

George Han glanced at Ye Gucheng behind Wu Yan, then set his eyes on Zhe Xuzi and Xiao Heizi.

“Master of the Ordination Academy, although George Han is a slave, he will never do anything to steal the dog. This is a misunderstanding.” George Han explained.

“Misunderstanding? You have got all the money, but you still want to make a sophistry? If Senior Sister Yu finds someone sneaking into the main hall of the Four Peaks tonight, Xiao Tao then disappears, and I also saw you kidnapped a woman. Now Xiao Tao By your side, the evidence and physical evidence are there, George Han, what else do you have to say.” Zhe Xuzi said with a smile.

“Master of the Ordination Academy, George Han committed such a felony, and the evidence is sufficient. If he does not kill him, it will be difficult to convince the disciples.”

“Yes, the brother-in-law of the Ordination Academy killed George Han.”

“George Han is not dead, what are the rules of the Void Sect?”

Chapter 1738

Seeing the anger among the disciples, and wishing to cut George Han on the spot, Ye Gucheng’s eyes were full of pride.

Fight with me? You George Han is a fart!

George Han smiled slightly. There is no panic and fear that a slave should have. He is calm and confident: “Master of the Ordination Academy, George Han has not done anything that hurts the world and reason. The world can learn from the world. There is only one in George’s heart. Women, never do anything to any woman.”

“As for the matter tonight, it’s just that someone set up a situation, Brother Zhe Xuzi, are you right?”

Feeling George Han’s gaze, Zhe Xuzi suddenly panicked.

Ye Gucheng hurriedly pulled at Zhe Xunzi’s clothes. Zhe Xunzi finally recovered. Seeing Wu Yan had turned his head and looked over, Zhe Xunzi pretended to be calm and said, “George Han, I don’t know what you are talking about.”

“Hehe, want me to repeat, how did you join Xiao Heizi to send Xiao Tao into my room?” George Han said coldly.

Zhe Xuzi was shocked, Han...how could George Han...how could he know this.

Isn’t he dizzy? !

This.....

Seeing the cold sweat on Zhe Xuzi's face, Ye Gucheng knew that something was wrong, so he hurriedly said: "George Han, don't you know what good things you have done yourself? You want to blame others? If I were you, I would dare to be!"

"Yes, Master of the Ordination Academy, George Han is obviously bloody, how could I do such a thing?" Zhe Xuzi also reflected at this time and said quickly.

"George Han had only been frivolous before Qin Shuang, but Qin Shuang did not hold him accountable. Today, when I heard that he went to the kitchen, he must have seen Xiao Tao's beautiful appearance, so he started to think again." Ruo Yu said coldly. .

"Yes, you shouldn't let George Han go above the main hall yesterday. Thinking about him, even Senior Sister Qin Shuang dared to mess around. Xiaotao is not a slave and maid, so naturally he is even more reckless."

"Yes, dogs can't change those who eat shit. Such people must have him die today, otherwise, there will be thousands of little peaches in the future."

Facing the slander from everyone, George Han smiled helplessly. To Qin Shuang, it was a complete misunderstanding. He only helped Qin Shuang just not wanting to owe anyone. From Qi Yiyun, George Han owed too much, he even Afraid of owing others, especially women. What's more, Qin Shuang rescued George Han in what happened to Hundred Beast Forest. Can George Han watch Qin Shuang die?

At the beginning, he could hold on with Han Yan Diyang for Qi Hu. Qin Shuang saved his life, so he should hold on.

As for Xiaotao, it was even more bullshit. George Han only had Amelia Su in his heart, and could not tolerate any woman.

Wu Yan glanced at George Han. He saw that George Han was not upset for a day or two. Today, he happened to catch a manifestation. He didn't fix George Han to death? !

Even though things have reached this point, Wu Yan has long found suspicious from the face of Zhe Xuzi, but that is not important.

The important thing is that there is an excuse.

Wu Yan grinned and looked at George Han coldly: "George Han, don't deny it anymore. I ask you, do you admit or deny this sin?"

George Han said coldly: "George is not guilty, how can I plead guilty? Even if it is reported to the head, George Han has absolutely no fear."

How could Wu Yan let George Han have the opportunity to find the head to argue against the facts, and said coldly: "This is the case. You can't admit it to George Han. You are obsessed with Xiaotao and violate the rules of Nothingness. Now, I will Sent you to death, come, give me George Han to rectify the Fa on the spot."

As soon as the voice fell, Ye Gucheng's long sword in his hand was about to rush.

“stop!”

At this moment, Xiao Tao sat up on the bed. When George Han smelled the scent for the second time, Zhe Xuzi had already put the antidote of Juhuasan in advance. After Xiao Tao woke up, she thought of getting up. However, he was abruptly frightened by the battle and kept his eyes closed, and did not dare to speak.

But at this time, when she heard that George Han was about to be killed, Xiao Tao plucked up courage and sat up.

Then, she walked quickly out of bed and knelt on the ground: “Uncle Master, I believe that Young Master Han is not that kind of person, Xiao Tao is also...”

“There is no place for you to speak, you shut up!” Wu Yan snorted coldly, and then said: “Xiao Tao, women must know shame, understand?!”

Xiao Tao was immediately shocked by Wu Yan and didn't know what to say. She looked at George Han eagerly, not knowing what to do.

George Han smiled and comforted her softly: “It's okay. If you want to add a crime, there is nothing wrong with it.”

But before turning around, George Han looked at Wu Yan coldly.

“It's just that George Han, it's not your turn to decide my life and death!”

The sound is like cold, and the sound is like freezing snow.

Wu Yan was taken aback for a moment, and he was a bit numb by George Han's stare, especially his condescending posture, he was like a slave to the Buddha himself!

“George Han, you are a wicked obstacle, you have violated my nihilistic sect rules and you dare to speak wild words here, come, kill me without mercy!”

With an outcry, several disciples immediately attacked George Han.

George Han's face was as sinking as water, facing the several disciples who rushed up, the Tianyin technique in his hand was suddenly lifted, but when he lifted his horizontal hand, the several disciples who rushed forward were immediately knocked to the ground.

A black air slowly wrapped around George Han's arm.

“This.....”

A group of disciples were stunned. They didn't expect that George Han would just put a few people down instantly.

Although they are only beginner disciples, not as good as Ye Gucheng's formal disciples, they are at least the fighting power of the nihilism, far beyond the comparison of slaves!

"You presumptuous!" Ruoyu snorted coldly. She couldn't find a place to vent about the matter at noon. George Han was asking for her own chance. At this time, a bunch of energy gathered in her hand, moving towards George Han like lightning. Rush away.

George Han smiled coldly, and quickly activated all the extremely yin energy in his body, and the black energy entangled all George Han in an instant!

"Get up!"

George Han yelled, facing Ruoyu's offensive, George Han hit back hard-faced!

The two met instantly, but Ye Gucheng and Wu Yan frowned as they watched.

The disciples couldn't see clearly how the two played against each other, but they could see it!

If Yu is regarded as one of the most outstanding formal disciples of the Four Peaks, he can play against George Han, but he is completely at a disadvantage. If it is not for George Han's jerky skills and insufficient foundation, I am afraid that if Yu is only a few face-to-face, he will Completely defeated.

How is this possible!

How could a formal disciple not even beat a little slave?

"Uncle, George Han, this kid..." Ye Gucheng took a step forward and said in a depressed voice.

Wu Yan was also shocked. On that day, when George Han was testing, he secretly messed up and destroyed four stone statues. The reason was that George Han had some foundation, and he didn't want Qin Qingfeng to turn over.

But on that day, George Han had a good foundation. Why is Ruo Yu suddenly unable to resist it today? !

And Ruo Yu, who was the opponent, was really upset at this time, and even began to regret that he rushed forward recklessly.
