## Chapter 1831

George Han wanted to catch up and explain. At this time, Fu Mei reached out and stopped him: "Brother George Han, forget it, she won't listen to what you say at this time, we still have business to do."

Looking at Xiaotao who was already far away, George Han sighed: "Okay, let's go."

After speaking, George Han lowered his head and walked slowly ahead.

Fu Mei smiled triumphantly. All these plans were obviously carefully planned by her. As soon as she worked hard, she immediately separated George Han and Xiao Tao.

Along the way, George Han had a sullen face. After spending so long with Xiaotao, George Han had regarded her as his own sister. It was not that George Han did not expect the day when they would be separated, but did not expect the two People will end up in this way, so they can't help but sigh.

"Brother George Han, Lushui City is in front of me. Let's go there for a day's rest and add dry food by the way." Fu Mei walked to George Han's side and said in a good mood.

George Han looked at a small castle under the mountains and nodded.

Lushui City is a small city located on the road leading to Qishan. Although it is small, it is the only small city in the 800-mile wilderness. In the past few days, Lushui City has ushered in a period of mobsters, and most of them participated in the competition. The people of the assembly walked around here and repaired here.

When George Han and his party entered the city, Lushui City was already full of people, and the streets were full of people from the rivers and lakes with swords back. Some people laughed and talked, while others were in a hurry.

George Han and Fu Mei walked into a restaurant with people, and with Fu Mei's appearance, counted as the last big beauty, as she came in, they soon attracted some men's prying eyes, even some people, He whistled a frivolous greeting.

Fu Mei was naturally very happy to show her charm in this way, especially in front of George Han, after sitting down Wei Wei, she asked Xiao Er to order some dishes.

"Damn, that chick is so beautiful, fucking, the road to Qishan is long, and if I have such a chick to accompany Old Master on the road, it would be pretty beautiful.

"Haha, I don't think you should think about it. Didn't you see a man next to him? Besides, there are still a few men behind him."

“What are you afraid of? I don’t dare, someone will dare to die under this peony flower, and behave like a ghost.”

A group of alcoholics were all talking quietly at this time, but Fu Mei didn’t care about the ridicule of these people, instead, they regarded this as their proud capital.

At this time, a man in black, carrying a pot of wine, came over: “Under the Drifting Sand Sect, Chen Hao, I was lucky enough to meet the young lady here today. It is also a fate. I wonder if the young lady can give her a good face. Would you like me to have a glass of water and wine?”

Fu Mei smiled, but quietly cast her eyes to George Han.

Obviously, she showed off her “strength” in front of George Han.

George Han didn’t even look up, poured tea on himself, then raised his head and drank it, as if nothing happened.

For George Han, what happened to Fu Mei’s charm? It’s not his business at all, he wants to be jealous, and he can only eat Amelia Su’s forever.

It seemed that he had noticed Fu Mei’s eyes. At this time, Chen Hao forcibly released his majesty. On the one hand, he warned George Han, and on the other hand, he wanted to probe his cultivation.

But as soon as he was released, George Han suddenly picked up the teacup and stood up: “I won’t disturb you anymore.”

After George Han finished speaking, he sat down on the table next to him.

Upon seeing this, Chen Hao suddenly showed a satisfied smile on his face and sat down gently: “Miss, can I have a drink with Chen now?”

She wanted to take this opportunity to show off herself, but George Han was not as jealous as she thought, she even pushed herself directly out.

Fu Mei stood up immediately, rushed in front of George Han a few steps, and slapped George Han’s table: “Are you still a man?”

“If I am a man, Amelia Su will know.” George Han smiled slightly and continued to pour tea.

“You still drink!” Fu Mei swept the teapot in front of George Han to the ground, staring at George Han furiously.

George Han frowned, frozen for a moment, and stood up slightly: “Little Er, prepare a guest room.”

He really didn't want to waste time with Fu Mei here.

Seeing George Han about to leave, Fu Meiqi's body was trembling slightly, but when George Han was about to leave, a sword suddenly stood in front of George Han.

"Apologize to this young lady!" Chen Hao said coldly.

In his eyes, George Han's behavior of letting him sit was obviously afraid of him. He didn't intend to be familiar with this kind of person. After all, although this kid is useless, he is at least acquainted. Unfortunately, he has to provoke himself. The woman on the street is not happy.

At this time, how can Chen Hao let go of the opportunity to show off in front of beautiful women???

As soon as Chen Haojian came out, the Fujia disciples who were sitting at other tables immediately slapped the table and got up. Although they didn't like George Han, the patriarch explained that their mission was to protect George Han. When George Han was threatened, they naturally come forward.

Seeing the Fu family disciple standing up, Chen Hao smiled disdainfully: "It's more than people, isn't it?"

There was a boom.

At this time, several tables of Chen Hao in the restaurant also stood up with swords in an instant. Depending on the number of people, it was at least about 20 people, and each of them did not seem to be good people. The disciple of the family was at a loss for the time.

George Han's face was cold: "It's impossible to apologize, but if you like her, it's up to you, but it's better not to bother me."

After finishing speaking, George Han stepped up one by one, the energy in his body, the sword in front of him, immediately bounced off, Chen Hao only felt the numbness of the hand holding the sword, and the whole person was shocked and couldn't believe it. Looking at George Han.

However, in the eyes of other people, after hearing George Han's words without knowing it, they couldn't help laughing everywhere.

"Haha, this man is so fucking awkward, he handed his hand out to send his woman out, but he insisted on pretending to be forced to laugh at me."

"Isn't it, I thought he had something a while ago, but I didn't expect it to be a dog. I knew I was on it just now, shit."

George Han doesn't care about these remarks. For him, helping a woman like this is not worthy of wasting his energy.

Xiao Er hurriedly greeted him at this time and was about to take George Han to the second floor. At this time, the restaurant suddenly felt a shake of the mountain. Then, a person who was two meters tall stood at the door and almost blocked everything. Light, full of muscles, a man as strong as two cows came in!

## Chapter 1832

On his left and right shoulders, each carried a hemp bag with things in it, and every step he took, the whole restaurant seemed to tremble.

Everyone in the restaurant was attracted by him, but was dumbfounded by his size and strength.

Seeing this strong man immediately stunned everyone. At this moment, Chen Hao suddenly smiled and said, "Brother Tiger, I came back so early today. It looks like a good harvest, two?"

The big man put two sacks directly on the empty table in front of him. Then, as soon as his huge figure sat down, he immediately occupied one side by himself, and said in dissatisfaction: "What the fuck two, There is one with a handle. By the way, you happen to be there, help Old Master to see, is it a young man!"

After speaking, the big man pulled open one of the linen bags, revealing the contents.

That is a man, a woman.

Although the group of drinkers in the restaurant were a little surprised by this scene, all of them just looked at each other. After all, this brawny man is a ruthless character at first glance. Who can provoke this evil?

Besides, the Bafang world itself is the weak and the strong. As long as you are strong, why can't you grab it? Don't talk about people, even if you are a magic weapon, you can still grab it!

It's just that this big guy directly grabbed it and did a little ugly.

But no matter what, most people should watch the excitement at this time and dare not say anything.

As the sack was completely loosened, the woman in the sack was fully revealed at this time. Although she was dressed plainly and her face was a bit dirty, her skin was fair and her figure was good, and she looked pretty good.

Chen Hao gently took her hand, the energy in the hand was lucky, and then he smiled at the tiger madly: "Brother Tiger mad, is a young man."

“I didn’t waste any effort!” Hu Chi nodded in satisfaction, and then, ready to put the sack back on the woman’s body, but as soon as he lifted the bag, a cool breeze hit his back. The next second, a handful of jade The sword was suddenly picked on the sack.

“Let him go.”

There was a cold sound, and Hu Chi glanced back, frowning suddenly.

George Han’s face was frosty, holding a jade sword in his hand, just standing in front of Huzhong.

George Han, who had planned to go up to the second floor, suddenly flew away at this moment. Although he did not see the woman in the sack clearly, George Han saw the woman when Chen Haola was doing his handwork. That familiar sign can no longer be familiar.

Seeing George Han, who had been scolded by them just now, suddenly rushed to the brawny man with a sword, and a group of alcoholics were suddenly surprised and puzzled.

“Damn, is there a fucking problem with this counseling bag? You can’t find a lantern where you can’t find a lantern, right? You dare to trouble that brawny man?”

“Even the man just now, he was afraid that he would not even want his own girl, but now he is confronting the tougher man. Is this kid’s mind a bit wrong?”

“That brawny man is called Tiger Chi. I have heard of this guy, the great man of Juli Mountain. I heard that he could defeat the elder of Juli Mountain when he was eighteen. When he was twenty-five, he was even a disciple. As the guardian of Mount Juli, not only is the body extremely powerful and impenetrable, it is also powerful enough to overwhelm the ocean.”

As soon as this was said, the people around couldn’t help taking a breath, so powerful?

When you are still an apprentice, you can directly jump a few levels to become an elder. In addition to having a strong talent, you also need a strong strength.

“So I said, this kid is looking for death at all. Who doesn’t provoke him, but instead provokes the evil god Huzhi. With his small body, it is estimated that Huzhi can smash him into meatloaf with a punch!”

“You can’t say that. In the Eight Directions World Hidden Dragon and Crouching Tiger, maybe that kid is also a bit capable.” Someone finally held an objection.

But as soon as his words came out, other people ridiculed: “He wants to be so capable. Just now Chen Hao robbed his woman in front of him. How could he obediently send his own woman out?”

He nodded, but what he said made sense.

He didn't fight anymore, just like everyone else, waiting for George Han's ending with the mentality that he could almost see the ending. After all, they could almost use their feet to think of what would happen to such a confrontation.

Waiting, but it's just where George Han died.

"Are you talking to me?" Hu Chi saw George Han, frowning at this moment, his eyes filled with anger.

"Could it be that I am talking to the dog?" George Han said coldly.

Hearing George Han scolding himself as a dog, Hu Chi suddenly became angry and chopped his right foot. He stepped on a huge pit measuring more than ten centimeters on the ground. The surrounding floor tiles were based on that. In the center, tens of meters cracked out: "Boy, you fucking die!"

Immediately afterwards, Hu Chi recklessly raised his fist and blasted directly at George Han!

George Han furrowed his brows, and used his sword to block his energy.

boom!

With a loud noise, George Han was suddenly beaten tens of meters away. The jade sword in his hand was distorted by his punch, and the tiger's mouth was slightly tingling: "What a great strength!"

## **Chapter 1833**

You must know that the jade sword is Chi Meng's body. Chi Meng's sword spirit is very powerful. Not to mention how strong its body is, but at least the hardness is absolutely top-notch.

But it was slightly distorted by this brawny man!

"It's kind of interesting. It's really a waste of talent for not plowing the fields with your strength." George Han wrinkled his brows and smiled, and quickly charged up again.

Hearing George Han's words, Tiger Chi was even more furious. Coupled with the confidence of the attack just now, the whole popularity became even stronger, and he rushed towards George Han.

In an instant, the two directly handed over.

But this time, Tiger Chi is no longer the same as the first one. One hit must be hit. Instead, a few menacing punches are sure to win, all hitting the air one after another. George Han is like a ghost, quickly moving around while lifting his sword occasionally. It is a cut.

Although this won't cause any harm to the tiger idiot, George Han flicked left and right, like a fly, annoying.

After a few rounds, Huzhi became furious. George Han's body had been smashed several times and his clothes were torn.

"Oh, this kid is a bit interesting, he is so flexible."

At this time, a drinker was surprised.

"Hehe, just by hiding, how long can he hold on? Moreover, he is sending himself to death. Didn't you see that Huzhong is already angry? That kid, there is almost no fruit to eat."

Unlike all the drinkers, Fu Mei looked at the two in the fight, but her face was blue and red.

Obviously, this tiger idiot is indeed very powerful. She is really worried that George Han will be beaten to death by this guy. If that happens, all her plans will be in vain. How can she be willing to let Han at this time? Three thousand deaths???

But when she thought that George Han would fight against such a bull-like brawny for a woman in a sack, but she didn't care about herself, and even gave herself out, she became angry. Very, I wish George Han would be beaten to death immediately.

"Roar!"

Suddenly, at this moment, the strong man suddenly roared, his whole body energy dissipated, his jacket shattered, revealing extremely powerful muscles, and at the same time, the scattered energy shattered all the tables and chairs around him for several meters.

Alcoholic drinkers who were near immediately scattered and fled!

"Die to me!"

Taking advantage of the time when the energy shook George Han back, Hu Chi used all his power on his fist, aimed at George Han and smashed it directly.

This punch is extremely powerful!

George Han suddenly smiled, and then, in the eyes of everyone who couldn't believe it, he slowly raised his right fist, and blasted directly at Tiger's giant fist!

“What?! Is this kid crazy?”

“He...he dare to fist directly to fist like this, stiff?”

A group of alcoholics suddenly looked like hell, shocked!

boom! !

A loud noise!

Huchi's huge body suddenly retreated like a huge iron ball thrown out, with people and objects, smashed to pieces, and finally, it slammed heavily on the wall, which barely stopped. Come down!

“puff!”

Tiger's throat became hot, and the guts of blood kept coming out of his mouth as if he didn't need money.

His entire right fist was completely twisted at the position of the elbow, the flesh was in a pile, and the bones came out!

“what!!!”

All the people present were pale, looking at this scene in the field in disbelief!

For a time, the whole scene was silent, and the needle fell!

“This...this is impossible, isn't it possible? Tiger...has the tiger lost?”

“He... he was crippled by that... no, that young man, he was crippled with a punch?”

No one answered, because everyone was in deep shock.

No one thought that George Han would win, and even many people were guessing that he would be killed in a few minutes, but George Han subverted everyone's cognition and thoughts with one punch!

Just when everyone was shocked and unable to move, George Han got up slightly, raised the two linen bags on the table, shook his head slightly, turned and walked towards the second floor!

“You...you...you stand for me...stop, uh...you...do you dare to hurt me, you...you...do you...do you know, Laozi...who is Laozi?”

Seeing that George Han was about to leave, the unwilling tiger idiot continued to try to swallow the blood while speaking to George Han.

Although he was young, he was stubbornly young, but relying on his own tyrannical cultivation base and body, he has been in the Bafang world for several years, and even many elders in the Bafang world have lost their fist in their lives.

But unfortunately, today, the fist and strength he thought he was proud of all his life lost to a little-known kid.

How can he be willing?

Hearing this, George Han stopped slightly in the stairwell without turning his head back: "I am not interested in who you are, but before that, you should figure out who I am."

Abandoning these words, George Han carried two sacks and slowly went upstairs.

## Chapter 1834

Who is he?

It was just a simple sentence, but in Hu's heart, it was full of arrogance and domineering.

All the alcoholics present also reflected at this time.

Yeah, who is he?

All eyes were immediately on Fu Mei, who was walking with him, and Chen Hao unconsciously took a step away from Fu Mei. He didn't put George Han in his eyes before, and even thought he was afraid. Own, so he was completely disdainful and condescending towards George Han.

But now, after seeing George Han's astonishing battle, he regretted it, but he was also terrified.

If he was angry at that time, then the tiger idiot now would be his fate.

Thinking of this, he had to stay away from Fumei. Niu could get in again at any time, but this was the only life.

Feeling everyone's gaze, Fu Mei came out of shock at this time. George Han's domineering and heroic posture is still deeply engraved in his mind. He is not himself. Is the love of your dreams always in your heart?

Chic, domineering, like a god of war!

But why???

Why is he the man of Fuyao?

Fuyao was unwilling, the stronger George Han was, the more unwilling she was.

She thinks she is no worse than Fuyao, even younger than her, she is the best young woman in Fujia, therefore, only she is worthy of a man like George Han.

How did she know that the road Amelia Su walked with George Han was something she would never be able to do.

“What are you doing in a daze? Didn’t you see him not eating? The shop, bring me your best food.” Fu Mei ignored the curious gazes of others, turned and rushed into the restaurant kitchen.

On the second floor.

George Han put down the two sacks, and after untied the sacks, the two people in the bags were released.

It was Chu Tian and Xiao Tao who had gone before.

After putting Chu Tian on the chair, George Han put Xiao Tao on the bed and checked her pulse. Both of them just passed out and there was no other serious problem.

At this moment, Fu Mei walked in with a tray carrying a few dishes.

“Brother George Han, you haven’t eaten yet, I brought some up for you.” As soon as Fu Mei came in, she saw Xiaotao and Chu Feng on the bed, and she was very dissatisfied.

She didn’t have much to Chu Feng, but she was extremely disgusted with Xiao Tao, the “rival in love”, especially after knowing that the woman in the sack was Xiao Tao, George Han was even more angry when he fought with that tiger idiot in order to save her. , Why? Why did George Han turn a blind eye when he was in his own body? But in front of George Han, she resisted her dissatisfaction and tried her best to put on a gentle tone.

Then, she pretended to be surprised: “Isn’t this Little Tao and Young Master Chu? The big guy just now caught... them?”

George Han nodded, stood up, instilled a little energy into Xiaotao and Chu Tian, and the two opened their eyes slowly.

Seeing George Han and Fu Mei, the two who had just sobered suddenly understood that it was George Han who rescued them.

Chu Feng lowered her head slightly, a little embarrassed, but Xiao Tao turned her face away. It was obvious in her heart that she was very grateful to George Han, but when she thought that George Han was going to kill her cousin, she was still angry. Turn your head aside.

“Well, since it’s okay, you can rest.” George Han glanced at the two faintly, got up and walked outside the house.

Xiaotao hurriedly and nervously turned around to look at George Han, looking at his back, a little sad, a little sad, but she didn’t know how to speak.

“Wait a minute.” At this moment, Chu Tian stood up.

George Han stood slightly without turning his head, waiting for what he wanted to say.

“Can you talk a few words?” Chu Tian said.

Hearing Chu Tian’s words, Xiao Tao looked at Chu Tian with some worry, while Fu Mei nervously hinted Chu Tian with her eyes not to mess around.

George Han nodded and walked out first.

At the end of the stairwell on the second floor, George Han stood there, looking through the window at the bustling green trees behind my restaurant. Aside from the hustle and bustle of the street, although it is still audible here, it gives another point. The tranquility in the buzz.

Chu Tian lowered his head and walked over slowly.

But as he approached George Han, George Han suddenly grabbed Chu Tian’s shoulder, and then, with a force in his hand, he grabbed Chu Tian in front of him, and his other hand stuck his right hand at the same time. Tian suddenly lost his color: “What are you going to do?”

George Han’s face was cold, the energy in his hand was lucky, and after Chu Tian was suddenly shocked, it became incredible.

“you.....”

George Han is actually instilling energy into him!

What surprised him even more was that Chu Tian found that the green seal on his hand was a little shining.

After a while, George Han took his hand, and then, shaking his hand, he took out a lot of jewels and handed them to Chutian’s hands. He turned his back and looked out the window: “I will practice more in the future. If you meet this kind of person, you What to do? In addition, these things are enough for the two of you to live a good life.”

“Why?” Chu Tian frowned and looked at George Han in disbelief.

He obviously wronged him, he should hate himself, why would he be so good to him?

“I just want Xiaotao to have a stable day in the future. I will treat her as my sister. So, this is not for you, understand?” George Han said.

“Do you think that if you say these things, I will be grateful to you?” Chu Tian said.

“I never expect anyone to appreciate me.” George Han turned around and was about to return to the room.

“Stop!” Chu Tian said softly, “George Han, I won’t owe you anything, take it!”

After speaking, Chu Tian threw it away, and George Han immediately reached out and took it. It was a square wooden box, but there were many cracks on it, just like the Rubik’s cube common in the earth, George Han frowned: “what is this?”

Chu Tian looked at the box coldly and said, “For you, of course it is something that can’t be more important.”

George Han didn’t understand what he said very much. Although the wooden box in his hand had a peculiar shape, George Han did not find any special place in it.

Isn’t it just a wooden box?

“If you don’t want it, you can still drop it at any time, but don’t blame me for not reminding you, you will only regret it then.”

After Chu Tian finished speaking, he turned around and went back to the house first. When he passed by George Han, he smiled indifferently: “There are things that God knows and earth knows, you know I know Xiao Taozhi.”

Hearing this, George Han’s heart suddenly felt tight. What does this mean? Could it be that Chu Tian also knew his identity? This is not difficult to understand, after all, he is Xiao Tao’s cousin, it is not surprising that Xiao Tao will tell him. But what does this gadget in your hand mean? Could it be related to the Pangu axe in your hand?
