

His True Colors Novel Chapter 1867 - 1870

Chapter 1867

Speaking of Xiaotao's matter, and contacting the present matter, the disciples of Void Sect nodded repeatedly.

Sometimes the prejudice itself is so. When they think you are that kind of person, then all the pots will be thrown on you. Sometimes even if the facts are in front of them, they will automatically ignore and believe in the prejudice in their hearts.

Although the facts are unpredictable, what is even more unpredictable is popular.

People's hearts are complicated and more sinister.

"Master, I believe George is not such a person." Qin Shuang saw George goodbye, and his mood was complicated. For a long time, he couldn't get back to his senses, but when they said that George, Qin Shuang suddenly became sober. Come over, rush to Master Sanyong anxiously.

"Junior sister, there is a good old saying, stealing needles when you were young, and stealing gold when you grew up. You didn't see Xiaotao with your own eyes. You didn't believe it and you said it in the past. Now we have witnessed it with your own eyes. Would you not believe it anymore? I just don't understand it." Ye Gucheng said coldly.

"Yes, Junior Sister, you have to understand the truth about raising tigers. At the beginning, in the Void Sect, if it weren't for your wife's kindness to help him, how could he have a chance to escape? There is no such more rampant kidnapping group today. It's a female thing." Lu Yunfeng also shook his head helplessly.

Qin Shuang hurriedly looked at Master Sanyong. Seeing that he also bowed his head and said with embarrassment on his face, he immediately looked at George. She naturally hoped that George could explain a few words.

George just smiled slightly. In fact, why should he be blameless if he wants to add a crime? !

Moreover, for a group of unimportant people, George never bothered to explain to them. In this world, he George would only explain to one person, and that was Amelia.

As for the others, George didn't care.

Chong Qin Shuang smiled slightly, which was a unilateral explanation from George.

"You're an undercover agent, aren't you?" George glanced at the gentle side beside him and said softly.

Gentle and coldly hum, very proud, and said: "Yes, I am an undercover agent. We are all condemned for these utterly conscientious things you have done. Therefore, we formed an alliance with a group of righteous ways, secretly arranged and sent This lady became an undercover agent, with the goal of taking care of your nest in one fell swoop, how? I didn't expect it?"

Seeing the gentle and proud look, George laughed dumbly: "Next time you will be undercover, use your brain more."

"What do you mean by this?" said gently, angry and strange.

In the gentle eyes, she had prepared this plan for a long time, and City Master Liu and his gang had caught too many people, so they had attracted the attention of Zhengdao.

A few small sects together, others may not take this matter to heart, but their interests are equal. Because the little sect itself has no sense of existence, if you can work together to keep warm and do something that can strengthen your reputation, it is a rare good thing for anyone.

This is their best opportunity to become famous.

Therefore, several of their little sects rallied into a temporary alliance, gentle because of their cleverness and a good background, as a temporary alliance military commander, planned this undercover rescue incident throughout.

But she was too eager for success and gain, and she was very proud of her. She didn't think well. At least compared with George's cognition, it was far behind.

Obviously, this is not just an ordinary kidnapping case. Therefore, this basement is just a minion. The real behind-the-scenes man should at least be traced to Sky Dragon City. Unfortunately, Gentle seems to have long been unable to bear it. He caused his own people and caused a startling.

Although, her appearance tonight may save these more than 400 girls, but it will also plant the bane in the future.

Once something goes wrong, the real behind-the-scenes man will only act more carefully in the future, and it is almost as difficult as going to heaven if he wants to pursue clues again and touch the old cave.

But in the eyes of tenderness, this was a seamless show, and he was complacent because of it. Naturally, he was very angry about George's words.

"Why? I saw through your tricks? Now that you become angry, do you really think you are smart if you are naive to attack others? If this is the case, then I will do what you want. Anyway, my plan It has been successful." Gentle and proud, he didn't pay attention to George's words at all.

George made a bitter snort, really don't know where the confidence comes from.

"Gentle, what nonsense is there with this kind of beast, I'll kill this beast, you save people, let you teach me how powerful a double-faced madman is, watch the knife." Someone suddenly said, and then took a step. Forward, rushed directly at George.

Facing the middle-aged man who rushed up, George shook his head helplessly, smiled bitterly, and escaped sideways.

"What do you mean? Don't fight back yet? Do you look down on Lao Tzu?" The two-sword man missed a hit and turned around and screamed at George.

Although this group of people has some flaws in IQ, George is not abusive to kill innocent people. What they are doing is good, and George naturally doesn't want to do anything to them.

In the face of the double-sword man who rushed up again, George still just concealed, but everyone on the scene could see that the strength gap between the two sides was too great.

The double-sword man attacked a big man, but George was hiding quietly.

Seeing this situation, a few people from the Right Path League also joined, but these people are compared with today's George, how could they be opponents, if it weren't for George's unwillingness to move them, I'm afraid that a single move would be enough. All of them lie down obediently.

Ye Gucheng's face was frosty, he couldn't see George's look like a clear dog. For him, only oneself can enjoy this kind of treatment. Other than that, no one else is qualified.

"Master, we can't raise tigers. Today, I need to eradicate the evil for the right way." Ye Gucheng suddenly rushed out.

Ye Gucheng's progress has to be said very fast. Compared with the last time he played against, Ye Gucheng is obviously much stronger today. This is also the root cause of his complacency. However, compared with George, it is obviously better than He is faster.

It can even be said that pervert!

After a few rounds, George was evasive. In fact, it was very troublesome, especially after a master like Ye Gucheng joined, he went around like a fly in front of George, annoying.

Moreover, Ye Gucheng is a real killer, and how deadly the moves are, it is bound to cause George to die.

Even George had a very strong mood, but faced with the flies that would kill him, he was also upset. He turned around and let off his anger, instantly bounced a few people

around him, and his sword was drawn cold. Looking at Ye Gucheng coldly, George frowned: "Idiot! Do you really think I dare not kill you?"

Chapter 1868

At this time, George, with a cold complexion, holding a long sword, exuding energy, that anger even set off a gust of wind, and George's handsome face, this made George look like a handsome God of War.

There are even some women in the Right Path Little League who look at them with sorrow and sorrow.

If this man is not in the magic way, how good would it be? At least, they have a chance.

Ye Gucheng was scolded by a stupid George. He is a lonely and arrogant person who can only accept honey and cannot accept bad words. He gritted his teeth and stared at George: "You dare to scold me as an idiot? What do you have? Qualification? Dead waste! Dead slave!"

"Aren't you stupid? Wasting time here fighting with me, did you forget why you came?" George said coldly.

Master Sanyong was reminded by George so that he immediately understood, and with a big wave of his hand, he quickly ordered his disciples to save people.

"Senior Brother Ye, what George said is reasonable, we are here to save people, don't love fighting." Qin Shuang said at this time.

"Shut up to me, save people and save you. My duty is to remove demons and defend Dao, George, you bitch, die." Ye Gucheng drank angrily, and rushed towards George. .

"Annoying!" George yelled, a golden light flashed on his body, and the energy in his hand was lucky. Since you have to die, don't blame me for being ruthless.

But just when George was about to raise his hand to give Ye Gucheng a fatal blow, at this moment, a figure flew over, and then blocked George's body, carrying the sword and directly confronted Ye Gucheng's attack.

"Qin Shuang?!"

"what?!"

"This!"

After seeing the beautiful shadow in front of George, the Righteous Alliance was shocked.

Although there are a lot of people in the alliance, Qin Shuang is definitely one of the few backbone forces. In addition to her immortal beauty, she is also a celebrity in this temporary alliance. At this time, Ye Gucheng attacked George. At that time, she suddenly stopped, and even hit Ye Gucheng directly.

George was also slightly surprised, and his heart was even warmer.

This has been Qin Shuang coming forward several times, although the current George is no longer the original George. To deal with a Ye Gucheng, in George's eyes, it is just a stack of dishes.

However, this behavior of Qin Shuang still made George feel warmer, and this was the fundamental reason why George always regarded Qin Shuang as a friend.

Seeing Qin Shuang rushing up, Ye Gucheng's entire face was grim and furious, and while resisting, he roared coldly: "Qin Shuang, are you crazy? Do you know what you are doing? Now, you have to help that damn trash ??! You are helping the gang to abuse him, do you know? You have to see how many women die in his hands before she is willing to give up?"

Qin Shuang bit his lips tightly, not talking or listening, but desperately attacking Ye Gucheng.

"Let's go!" Qin Shuang repelled Ye Gucheng with a sword, and shouted fiercely towards George.

George was taken aback for a moment, withdrew the energy in his hand, shook his head, and opened the Right Path Alliance with a palm, and then the whole person galloped directly toward the entrance.

While flying away, George thought a lot. Although he knew that Qin Shuang was an important disciple of the Void Sect, even if he blocked the sword for her, there would be no life worry, but George understood that Qin Shuang was undoubtedly She was wasting her own future and future, so she was so blatantly against the water, even if she escaped too much punishment, she would lose popular support and not be cultivated.

But George also understood that staying would only make the scene more chaotic, so walking is the most reasonable choice.

He was not worried that he could not beat the group of people, but worried that the group of people would spend a lot of effort on him and would not be able to rescue the more than 400 women by then.

At the time of the entrance and exit, the manor had already shouted and killed at this time. The disciples of the Righteous Alliance and the guards in the manor had already been fighting. There were corpses everywhere. Under the night light, the lake was also dyed red.

After coming out of the manor, George quickly left. Instead of returning to the inn, George flew towards the empty lane.

Sure enough, as soon as he fell, there was a soft noise behind him, and then a cold drink: "Stop!"

Familiar with the extremely unique fragrance, George knew who came.

"I know that the matter of the nihilism is a big blow to you, but three thousand, you still have me, why do you want to fall for yourself and kidnap those innocent girls with those demons?"

Looking at George's back, Qin Shuang's eyes were full of sadness.

Although she didn't want to believe that George kidnapped Xiaotao, Qin Shuang had to admit the facts tonight. George was depraved, and he received both spoils. If you don't believe it, you have to believe it.

Hearing this, George was taken aback for a moment, and was a little disappointed in his heart: "Then why do you still help me? And also take your own future and future to help me?"

"Because... George, I like you!"

Qin Shuang gritted his teeth, looked at George, and said.

Chapter 1869

After Qin Shuang said this, he looked at George out of breath, his heart beating abnormally fast.

Qin Shuang, who has always been extremely cold, is not good at expressing his feelings, and this is true even for his mother Lin Mengxi.

But this time, Qin Shuang summoned all his courage.

From when she thought that George was dead, she knew how painful her heart was and how dazed her god was. For her, during those days, the defense against the Buddha was like the sky and the earth.

She deeply understood that she liked this slave who had been following her.

However, at that time George was already dead, she wanted to talk to George, but there was no chance again.

Now, seeing George again, Qin Shuang felt that her life could no longer be regrettable, and she had to explain to him clearly what she thought was the most true in her heart.

“Three thousand, if you want, we can be together, and I can also give up the status of a disciple of the Void Sect and find a place to retreat with you and live our own life, okay?” Qin Shuang resisted the shyness. Sadly waiting for George’s reply.

This is her heartfelt voice, but she also hopes that at this time, George will be able to stop being addicted to the magic way, and the prodigal son will look back.

George did not speak, but his heart was tumbling. As far as he was concerned, it was impossible for him to like Qin Shuang, because he only had Amelia in his heart and could not tolerate anyone.

Qi Yiyun followed by the two generations, and George was never moved. For Qin Shuang, George could only refuse.

Although Qin Shuang was the most beautiful woman George had ever seen, he even sacrificed too much for himself.

But for Qin Shuang, George could not refuse at all. He knew Qin Shuang’s character and allowed her to say these things. She had obviously been willing to give up. If he refused at this time, George could imagine she would How sad and sad.

Therefore, he had no way to hurt Qin Shuang.

But the more George didn’t want to hurt her, the more George should let her give up, but let her refuse to give up, shouldn’t hurt her head-on.

Thinking of this, George let out a long sigh of cold, and smiled coldly: “Senior Sister Qin Shuang, I think you made a mistake. My George was born in poverty, so why would I go with you to live in seclusion? What about those bitter days? I’m having a good life now, and I’m very happy. Some are around me who can’t spend money, and some women can’t have fun. Such free and unrestrained days, but you want me to give up the entire forest for a tree? Sister, are you too ruthless?”

Hearing George’s words, Qin Shuang’s whole face was ashen ashes, and his heart was crazily colic: “George, you lie to me! Isn’t it better than those women with my appearance?”

“Sister, of course you are more beautiful than anyone else, but no matter how beautiful you are, you will always be tired of playing, but I am different now. I can play with a different woman every day, so why should I give up?” George endured the guilt in his heart, but on the surface he pretended to be cynical.

In order to convince Qin Shuang, George turned his head back at this time, but Qin Shuang had tears like pearls, slipping from his eye sockets, and slowly falling along his beautiful white face.

For Qin Shuang, the most sad thing right now is not that he has been rejected, but that he feels uncomfortable for George’s self-willing and depraved now.

“Go back, go back and admit a mistake. I don’t deserve it.” George looked at her and couldn’t bear it. Even if he wanted to perform the show, he still couldn’t face the sadness in his heart. After the hurried distress flashed from his eyes, he said coldly.

Qin Shuang shook his head resolutely, George sighed in his heart, and turned around to leave.

“George!” Qin Shuang cried and shouted at George sadly.

George was taken aback for a moment, gritted his teeth, and continued to walk forward.

Just two steps, George suddenly stopped again, which made Qin Shuang suddenly feel a little happy in his heart, but George’s next sentence broke her whole thoughts.

“By the way, from today, there is no relationship between you and me. You are no longer my senior sister, and I am not your slave anymore.” After speaking, George threw down a sword and turned away.

Looking at the familiar jade sword that ping-pong on the ground, Qin Shuang felt even more that the sound was a heartbreaking sound.

That was the sword she gave to George, but at this time George abandoned the sword here. It was already obvious what it meant.

Pearl-like tears finally slid down desperately, looking at the sword that was no longer moving on the ground, Qin Shuang knelt down slightly, hugging his knees and crying bitterly.

In her life for more than 20 years, Qin Shuang shed tears in front of others for the first time, and she would never expect that the first sadness was so painful and unforgettable.

She also didn’t expect that in her icy life, she opened her heart for a man for the first time, but the result was so bitter and full.

Chapter 1870

On the way back to the inn, George was in a bad mood.

“Cruel, cruel, it’s cruel, it’s really not surprising that I’ve never been a fortunate boy.” Lin Long suddenly sighed at this moment.

George frowned slightly and ignored it.

Seeing George ignored him, Linlong continued to grinningly said: “Why? You have done something bad, you dare not admit it?”

“I, George, never do anything wrong, what can I not admit?” George said coldly.

“Not at a loss? To Qin Shuang so mercilessly.” Lin Long whispered.

“Is it merciless?” George smiled bitterly: “I think this is my only choice and the only thing I can bear for her. Knowing that there is no result, why let her waste her youth on me? ?”

“Although Qin Shuang’s cultivation is not as good as Amelia, his appearance is definitely more superior, and he is definitely one of the best in the entire Bafang world. I really don’t understand why you should reject him.” Lin Long said strangely.

In its cognition, the dragon clan can marry many wives, and even if you are a human, as long as you are strong, three wives and four concubines are not normal?

There is a beautiful and beautiful woman like Qin Shuang as his wife. That is the blessing of how many men have cultivated for eight lifetimes, but George refused directly.
