

For the following days, Han Jingru and the family stayed in the mansion. They did nothing aside from shopping occasionally.

One day before the festival, Jiang Yan made a call to Jiang Hong. However, she couldn't even get through the line. The daughter tried several times and failed.

"What is happening? Why can't I get through?" Jiang Yan mumbled to herself in puzzlement. It would be the mid-Autumn Festival the next day. Now that she couldn't even contact Jiang Hong, she wouldn't know if they would be celebrating the festival in the village or in town.

"Can your number be blocked?" Han Jingru simply suggested. According to Jiang Wan family's attitude few days ago, it might just be possible.

"Blocked?" Jiang Yan was perturbed. After that she shook her head and said, "How can that be? Your grandpa didn't know anything about us and Jiang Wan. Why would he even block my number?"

"Maybe grandpa doesn't even know that his phone had blocked your number." Han Jingru reminded. The man was insinuating that Jiang Wan was doing that in secret.

When Jiang Yan heard that, she was just furious. So the family wanted to oust her and even stop her from joining the family gathering during such festive season.

"Mum, where are you going?" When Su Yimo saw that Jiang Yan wanted to get out, she hurriedly

asked.

“To your uncle’s house and clear things out.” Jiang Yan said furiously.

Su Yimo could confirm that Jiang Wan had been speaking badly about her in front of the grandpa and that caused him not to call them. What was the point to go and create a ruckus?

“Mum, Jingru had told me about this possibility last night. Not only that, he had found out that the gathering tomorrow will be held in Imperial Hotel.” Su Yimo said.

“What do you mean?” Jiang Yan asked in puzzlement.

Su Yimo looked over to Han Jingru helplessly. She wasn’t agreeable with Han Jingru’s plan originally. But the man was determined and she just couldn’t change his mind.

“Jingru blocked booked the entire Imperial Hotel. In another word, when they reach tomorrow, they wouldn’t be allowed to enter the hotel.” Su Yimo explained.

Jiang Yan looked at Han Jingru in shock. That fellow blocked booked the entire hotel again?! The man had spent quite a huge amount already!

Could his wallet be a bottomless pit? Or he had billions of dollars?

However, Jiang Yan didn’t understand why Han Jingru did that and she asked, “Han Jingru, how does you block booking the entire hotel have

anything to do with me not confronting my brother?”

“Mum, aren’t you the smart one usually? Why are you so slow today? Although I don’t know what Jiang Wan said behind our back, I knew for sure that grandpa must be resentful of us. If you go and create a ruckus, maybe grandpa wouldn’t even want to see you. However, if we were to meet at Imperial Hotel tomorrow, and the moment where they will need to get your approval to enter the hotel?” Han Jingru answered with a smile.

Although Han Jingru was the one that booked the hotel, he decided to leave the decision to Jiang Yan. The man had showed great favor to the mother-in-law.

When Jiang Yan heard that, she caught on what Han Jingru was trying to do. Aren’t that just proving their current might before the grandfather?

As long as they have money, even if the grandfather was unhappy, it would be casted away in no time.

“Han Jingru, what a surprise to learn that you are so cunning!” Jiang Yan said mirthfully.

Not just anyone could compare with Han Jingru’s guile and wits. Jiang Yan’s attempts were just child play in his eyes. The man simply didn’t want to go against his mother-in-law. Otherwise, if he were to get serious, Jiang Yan would just face her doom long time ago.

Early the next morning, the group of Jiang family

went to Imperial Hotel in excitement. Jiang FungGuang's family of three went as well and Liu Hua put a lot of takeaway packages in her handbag. The woman planned to bring all of the leftovers home. After all, that was Imperial Hotel, a lot of people couldn't even have the chance to dine over there.

"Why isn't Liu Zhijie here yet? We could have gotten inside earlier to take a tour." Jiang FungGuang complained. If Lu Zhijie didn't come, these groups of relatives didn't dare to enter the hotel. After all, they had never entered such high-class place before and they were afraid to embarrass themselves.

"Why are you rushing, he is already on his way."

"Do Jiang Yan and her family really plan to not come this year?"

"Wouldn't dad get angry? That is just odd. According to our house rules, we must go home during the mid-Autumn Festival, Dragon boat Festival and Chinese New Year."

"You guys haven't known it yet? Now that Su Yimo had a higher position in her company, something like a manager, she looked down on us relatives. How could she come back and join the gathering?"

While waiting for Liu Zhijie, the group of relatives started to badmouth Jiang Yan and Su Yimo.

Jiang FungGuang's family of three knew the truth. However, they didn't let go of the chance to further slandering the family.

Liu Hua scoffed in disdain, “You guys just didn’t know it. When I went to Yun city previously, they have already changed into Audi, they are rich people now. How can they still care about poor relatives like us?”

“What a shame to depend on a woman! Su Wenlun was a trash and it was the same for Han Jingru. They were just lucky!”

“Exactly. If a man like Han Jingru married me, I don’t even dare to go out from my house and I would die of embarrassment.

Jiang Shen felt that those badmouthing wasn’t enough to humiliate Han Jingru and he continued, “You guys didn’t know the details, but I saw that when auntie Jiang Yan glared at Han Jingru, the man didn’t even dare to raise his head. His position at home is lower than a pet. I just couldn’t understand how he could stomach it for so many years. He had completely let go of his pride as a man. If it were me, I would have jumped off a building long ago. What was the point to live as a man without pride?”

“Is he is still doing house chores at home?”

“Yes, but considering that he didn’t have any other skills, what else can he do?” Jiang Shen giggled. When he said that, the man had completely forgotten that he had been unemployed since forever.

“What a shame for us men!”

“Fortunately they didn’t come this year. Otherwise I might just lose my appetite if I see him!”

“Here comes Liu Zhijie!”

The moment Liu Zhijie parked his car by the hotel entrance, the group of relatives gathered around him. They were desperate to be of service to him in just any possible way. Especially Jiang Shen, he even went to open the car door for Liu Zhijie.

“Dad, mom.”

“Dad, mom”

“Liu Zhijie is not just successful but look at how good-looking he is, the man is just a perfect match with our Jiang Wan!”

“Handsome and wealthy, a good man like you had just extinct nowadays.”

“Zhijie, when can you arrange a job for my son? He isn't the smartest one but I think he wouldn't have a problem to run some errands for you.”

“And my son as well, he just left his job recently. Please consider him as well.”

Whenever the relatives complimented Liu Zhijie fawningly, they would mention their unsuccessful sons and daughters, hoping that Liu Zhijie could give them a free lift.

However, Liu Zhijie did not lose his rationality against their flattery. After all, the second generation in the Jiang family were all incompetent and useless. They would just leech off in his company.

“Uncle and auntie, let us discuss further during the

meal.” Liu Zhijie answered with a smile.

“Sure, since you are treating, we will listen to you.”

When Jiang Wan saw how the group of relatives flattered Liu Zhijie, she was exhilarated. That was what she was looking forward to. Those kind of compliments to Liu Zhijie were compliments for her as well. Unfortunately, she failed to show off in front of Su Yimo and that became a thorn in her flesh. Fortunately, they came up with a plan to stop Su Yimo from joining the gathering today. And since she wouldn't need to see her, she wouldn't feel as frustrated.

When a group of relatives went to the hotel lobby, two door men raised their hand and blocked by the door. One of them said, “May I ask if you are Mr. Han's guest?”

“What Mr. Han? I have booked a place over here today.” When Liu Zhijie was stopped by the door men, he was annoyed. All of the young relatives were looking at him. If he were to be stopped by the doorstep, wouldn't he be making herself a joke?

“Sorry, the hotel is blocked booked. If you aren't Mr. Han's guest, you don't have the right to enter.” The man said.

Blocked booked?

Liu Zhijie didn't hear about that when he made his booking. At that moment, all of the relatives from the Jiang family looked at him dubiously and that infuriated him even more.

“Get your manager out here. Who do you think you are? How dare you stop me here. Don’t you know that your guests are like gods?” Liu Zhijie said coldly.

At that time, the middle-aged man in suit walked to the doorstep. He was wearing a workers’ badge – Manager.

“Manager, are your door men blind? How dare they stop me from entering?” Liu Zhijie said in irritation.
