

His True Colors Novel Chapter 1991 - 1994

Chapter 1991

leaving a sentence, George Han followed Wang Shuzhi's servants and went to rest.

When George Han left, Ye Gucheng couldn't help but spit on the ground, his whole body was full of contempt: "See how long you can be proud." The

spiritual master smiled too slightly, looking at the king who came oncoming. Slowly, then leaned slightly.

"Have you arranged everything?" Wang Suzhi said.

The spiritual master nodded too much: "Don't worry, everything is under control."

Upon hearing this, Wang Shuzhi couldn't help but draw a sneer from the corner of his mouth, and his eyes were full of greed. He smiled softly and said, "This time, Even if he is a true god, it is impossible to escape with wings."

"When I am done, you two will be the first ministers. You will be the first ministers of honor, glory and wealth, and you will go back to you."

"Yes!" Fairy Spirit Master Taihe Ye Gucheng Almost at the same time they answered, looking down at each other strangely.

Qin Shuang's face was cold. Although he didn't know what plans they had, it was obvious that George Han was most likely targeted in this matter.

When they were not paying attention, Qin Shuang hurriedly left quietly, preparing to find George Han.

But just after taking two steps, a figure suddenly appeared in front of Qin Shuang, and when he raised his eyes, it was Lu Yunfeng.

"Gucheng asked me to stare at you, Junior Sister, you should go back." Lu Yunfeng said calmly.

"What? Now even you want to listen to Ye Gucheng, right?" Qin Shuang said coldly.

Lu Yunfeng sighed: "Master said that for the sake of the Void Sect, we must cooperate with Ye Gucheng as much as possible."

"Master, I always didn't understand why the Void Sect flowed from the Great Sect to the present. This point, now, I finally know, because the nihilism is defeated by your group

of people who do not distinguish between right and wrong, but only promises. For the sake of status, do you even care about morality?” Qin Shuang said coldly.

Lu Yunfeng looked embarrassed. As the young disciple who was the first to be famous in the Void Sect, he was unwilling to be the one who was the most transparent in the end.

However, he did not dare to change everything, for fear that he would not even be able to keep the present.

“Junior Sister, listen to Master’s words. Isn’t it even less moral if it violates Master’s order?”

“Master’s order?” Qin Shuang smiled coldly, suddenly picked up his long sword, and cut off a corner of his long skirt. Next, he handed it to Lu Yunfeng: “You can take it and go back to life.”

Seeing Qin Shuang’s behavior, Lu Yunfeng was shocked: “Junior Sister, are you crazy? Are you going to leave the school for that mysterious person?” !”

Qin Shuang smiled indifferently, took photos of Lu Yunfeng’s hands, and rushed directly to where George Han was resting.

When Qin Shuang arrived, George Han was leaning against a tree to rest. When he saw Qin Shuang, he couldn’t help but smiled, “Are you not afraid of rumours and talk?”

Qin Shuang’s face was like Bingshuang: “I’m looking for you, you Aren’t you afraid that Amelia Su is upset?”

“She won’t.” George Han smiled: “She believes in me just as I believe in her.”

Qin Shuang’s expression flashed with sadness when she heard this, but she soon covered it up. Going on: “You still don’t want to go to the banquet tonight.”

“Why?” George Han asked strangely.

“This is a Hongmen banquet, if you go, I’m afraid...” Qin Shuang said anxiously.

George Han shook his head: “Go, even if it’s a Hongmen Banquet, I have to go.”

“Are you crazy? To report this letter to you, even the teacher... it’s okay, anyway, you really don’t want to go.” Qin Shuang said .

George Han smiled, looking at Qin Shuang’s anxious appearance, could not help muttering: “If the things on my body are not protected by the immortal sea, do you think the top of the blue mountain will let me go? On the contrary, he gave the immortal sea a reason to kill me with integrity.”

Qin Shuang was quite surprised when she heard this, she did not expect this.

“But...” Qin Shuang hesitated to speak.

“Don’t worry, I have a way to deal with it.” George Han smiled.

“Senior Sister, do me a favor?” George Han suddenly smiled.

Without even thinking about it, Qin Shuang nodded directly: “What can I do for you?”

George Han smiled and handed Qin Shuang the Eight Desolation Book: “After the dinner, you will wait for me at the Zhongfeng Divine Cemetery. If I haven’t returned, please take the heavenly book away from here.”

Although I don’t know what this book has, Qin Shuang nodded, and after putting away the heavenly book, he nodded seriously.

“Secondly, there is one more thing, Senior Sister that needs to be troubled.” After speaking, George Han got up and said a few words in Qin Shuang’s ear.

After Qin Shuang heard this, he couldn’t help being shocked, and then looked at George Han unbelievably: “Is this all right?”

“Of course.” George Han smiled confidently.

Then, he looked at the sky, but for a while, he was suddenly looking forward to the night.

For Qin Shuang, the Hongmen banquet tonight may leave George Han with no return, but for George Han, this may be the best time for his complete rebirth.

Qin Shuang looked at the sky strangely with George Han’s gaze. Suddenly, she saw a strange glow in the dark clouds in the distance.

Chapter 1992

When Lu Yunfeng handed Qin Shuang’s broken skirt into the hands of Elder Sanyong, looking at the piece of skirt, Master Sanyong’s face was full of sadness for a while.

In love, he is most optimistic about Qin Shuang. Although Qin Shuang has repeatedly committed clan rules because of George Han’s incident, Sanyong has always closed his eyes to this, although Qin Shuang’s treatment is indeed different. Lowered, but at least the identities of her three major disciples have been preserved.

Yu Li, Ye Gucheng was arrogant and domineering, and he was very ambitious, and he could not control it at all, while Lu Yunfeng had no choice but to make a big deal.

But now, the disciple he valued the most, gave her an answer that he couldn’t accept.

“Why... how could this be?” Sanyong looked at Lu Yunfeng uncomfortably.

When Lu Yunfeng told Master Sanyong the matter, Master Sanyong fell silent. He began to understand Qin Shuang’s approach.

“Huh, what a ridiculous woman, her forefoot is crying for George Han, wanting to die or not, and now she is leaving the teacher’s door for a mysterious person, and she has the same virtue with his mother Lin Mengxi, this life can only be done for The man turned around.” Just when Sanyong was in grief, Wu Yan on the side sneered coldly.

Master Sanyong suddenly became furious. He slapped the table and roared angrily: “Enough, I don’t allow you to say that to Qin Shuang.”

Wu Yan was taken aback, but in the next second, he looked at San savagely. Yong: “Sanyong, pay attention to your attitude!”

Sanyong was stunned by Wu Yanhou. He couldn’t imagine that his junior would have such an attitude toward him, and even more directly called his name.

“Being a broken head, do you think you are great, don’t you? Tell you, it’s not a day or two for me to endure you. If it wasn’t for the brothers’ sake, I would have killed you.” Wu Yan said coldly. And Tao.

“You!” Sanyong knotted.

“? What are you,” Wu Yan disdain interrupted: “you are old, but also confused, but also the almost retired, fitters for the so-called hero, and sometimes look at point, at least to old age security.”

Leave Wu Yan let out a cold snort of disdain, and turned and left the house.

Sanyong’s face was shocked and angry. Obviously, Wu Yan was already pushing the palace himself.

Originally, he always thought that although his junior brother was a little bit irritable, and somewhat biased towards Ye Gucheng, he was not bad in nature. Therefore, Sanyong often turned his eyes closed on what he did, although I also know that he and Elder Shoufeng and the others are very close.

But San Yong just thinks that they are forming gangs.

However, looking again now, he is really wolfish ambition, has been hiding by his side, showing his fangs.

Sanyong smiled bitterly and set his eyes on Lu Yunfeng’s body, but Lu Yunfeng only hesitated for a moment, then turned and rushed out.

Meaning, couldn’t be more obvious.

Reluctantly shook his head, San Yong let out a long sigh.

at dusk.

The entire tail peak and the food peak are already full of laughter.

Although it was still some time before the War of Totem was over, it was clear that the overall situation had been decided, and the Blue Mountain Peak had almost completely abandoned the attack.

After all, the unexpected appearance of George Han had directly shattered the rules of the Bafang World for thousands of years.

The purpose of fighting for the totem is to obtain the god's will within the sacred mound, but George Han came directly to put the cart before the horse. Now that the god's will has been obtained, the remaining totem is naturally no longer important, it is only to obtain the Qishan's It's just a recognition of the temple, and walking the form is enough.

As far as the Blue Mountain is concerned, the immortal sea also has a true god and another half-true god. If you continue to fight, it is just a waste of your own strength. Naturally, there is no desire to fight again. Now it is natural to defend yourself. totem.

Therefore, the immortal sea is basically celebrating victory in advance.

Soon after, Shifeng sent hundreds of servants over to welcome George Han, Wang Shuzhi, Chen's Patriarch and others. The eight people who received George Han's arrogance walked in the forefront. The scenery was endless along the way. .

When he arrived at Shifeng, Ao Tian had arranged for someone to set up a temporary house, and led Ao Yong to stand at the door, greeted with a smile on his face.

"Brother, brother, my brother is really surprised and happy to hear of the good news ahead of you today." As soon as they met, Ao Tian took George Han's hand and said enthusiastically.

But George Han noticed that although Ao Tian seemed to be holding his hand, he actually made an inadvertent touch, as if confirming something in George Han's hand.

It seemed that he had found what he was looking for. Taking advantage of George Han not paying attention, he nodded gently at Wang Slowzhi.

But all of this was clearly seen by the defensive George Han.

"Haha, meaningless." George Han said with a smile.

"Come and come, I ordered someone to prepare special food and drinks. Let's have a good drink tonight to represent the respect of all my brothers in the eternal sea." After that, Ao Tian enthusiastically pulled George Han into the room. In the hall.

Seeing George Han entering, Wang Suzhi rushed to the side of Ye Gucheng and Faerie Spirit Master Tai gave a glance, and the two nodded and immediately left to both sides.

Chapter 1993

consciousness began to blur, and the pain of the internal organs began to change from violent to numbness.

When George Han looked at Wang Slowly in front of him getting blurry, his body fell to the ground completely uncontrollably, and finally closed his eyes slightly.

Seeing this, Wang Yanzhi stepped directly on George Han's body, looked at the sky, and shouted angrily: "Old thing, keep your dog's eyes open and see, this is the good apprentice and grandson you taught you, trash, trash. , It's all fucking rubbish, you have me such a talented apprentice, it was a blessing for you to cultivate for several lifetimes, but you are so confused, you will ruin everything by yourself, see it? The fruit of today, it was caused by you

alone ." Wang Changzhi blamed all the blame on his master, and people like him would never admit their mistakes.

At the end, Wang Slow smiled and looked at George Han's mask. He suddenly remembered something, and he stretched out his hand to pull off George Han's mask.

But almost at this moment, with a bang, something like fireworks flew out of the sky and exploded in mid-air.

Immediately afterwards, in the distance, the guards of the Immortal Sea immediately rushed in this direction, and Ao Tian led dozens of heroes in the house following him.

The sudden sound made everyone in the Immortal Sea think it was the top of the Blue Mountain suddenly hitting.

Looking at the coming crowd, Wang slowly gave up the movement in his hand and stood up.

Seeing George Han lying there, a group of heroes looked at each other in a panic.

Ao Tian was unhappy. Although he tacitly agreed to the killing of George Han, some things could not be put on the table. After all, if this spreads out, Ao Tian will kill the donkey, and he will still live in the sea. What prestige is in the world.

"Brother Wang, what's the matter?" Ao Tian rushed to wink Wang Wan, asking him for a reasonable explanation.

"On the surface, this mysterious man gave me the heart of God, but in fact he was totally greedy for those energies, so when he pulled me out, he took the opportunity to attack me, but fortunately the old man was prepared for it." Wang Suzhi explained quickly.

With this explanation from the medical sage, the gang of heroes were relieved. Seeing this, it was not the Ao family who killed the donkey, but the kid had a malicious heart, and it would not be a pity to die.

After all, the God's Heart is powerful, and everyone wants to get it, including themselves, so the reason why George Han took the opportunity to sneak attack exists.

Seeing that the situation is stable, Ao Tian pretended to shook his head and sighed: "Oh, I can't think of him as this kind of person. If he wants to, he can just say no to me. Naturally, I Ao Tian will not treat my brother badly, so why bother to do so. What about despicable means?"

"The patriarch does not have to be sad. Power will always make people confused. This is not surprising."

"Yes, patriarch Ao, knows people and knows the face, and some people are like this."

"Wolf's ambitious dog Things should have been cut all the time. According to me, this guy

deserves to die." Ao Tian's acting skills really deceived many people. After receiving the comfort of many heroes, Ao Tian nodded.

"By the way, it is said that this mysterious person is very mysterious, without knowing the background, anyway, now others are also dead, or else uncover his mask so that we can see his true face?" Someone suddenly curiously asked.

As soon as this remark came out, it immediately attracted the recognition of many people. After all, the mysterious man has a very mysterious background since his appearance until now, and it is impossible to find out.

Many people are curious about the sacredness of such an inexorable master.

Wang Changzhi and Ao Tian were naturally curious too, but they were more curious than ordinary people as to whether the person under the mask was the George Han that Wang Changzhi had guessed.

If so, this person is dead, and the Pan Gu axe is the key point. This is why Wang Changzhi wants to ask George Han out alone.

One is to avoid people's tongue, and the other is to investigate the true identity of the mysterious person.

It's just that I didn't expect that a gadget flew nearby and exploded in the air, attracting everyone's attention and disrupting their plans.

But both of them knew very well that it was precisely because the plan was messed up and there were too many people, so the identity check could not continue for the time being.

If you uncover the mask, and judging from the face of George Han's poisoning, as long as you are not fools, you can see that George Han died of poisoning.

Therefore, for now, opening the mask is equivalent to self-destructing everything, and it will also expose the faces of the Immortal Sea and Wang Yanzhi in public.

"Hey, the mysterious man is the one who made great contributions to my immortal seas. Although the methods are despicable, the merits and demerits are offset. Since he is dead, we still have to give him a minimum of respect." Ao Tian found a reason. , Refused.

"Come here, bury him on the spot." Ao Tian said.

Ao Tian's broken excuses not only successfully fooled everyone, but also added a bit of morality to himself. For him, these methods naturally played very smoothly.

At night time.

With a breeze blowing, a figure suddenly flashed across the cemetery of George Han in the woods.

Chapter 1994

woods, the lonely tomb tree, the breeze blowing, feels lonely.

George Han's tomb is very simple. There is not even a small tombstone. Perhaps, for some people in the Immortal Sea, how dazzling is George Han during the day, and now he has "dead". Bleak.

In the large temporary house in the distance, singing and dancing, brightly lit, a group of people cheering and whispering, endless lively, unclear happiness, on the other hand, looking at the cemetery in the woods, it is so desolate and quiet.

In front of the grave, a figure suddenly appeared.

In the next second, the figure picked up the shovel and quickly dug up the grave while no one was paying attention.

In a short while, the grave was dug up, the bottom of the grave was not deep, only half a meter, obviously it was done in a hurry.

In the graveyard, a straw swept a corpse. When the straw mat was pulled away, it was George Han who had "dead".

Yinyue slowly jumped out of the dark clouds, and a gleam of silver light spilled in through the tree above her head, which happened to be reflected on the figure in front of the grave. Under the moonlight, her muscles could be broken by a blow, and she had a charming face. , George Han who was looking at the ground worriedly.

This person is Qin Shuang.

Her willow eyebrows were full of worries, but she didn't do what he thought, she picked up George Han and disappeared into the woods.

And almost a moment later.

In the temporary house, Ao Tianzheng and Wang Wanzhi laughed and drank with all the guests, but at this moment, the door of the house was pushed open, Ye Gucheng coldly walked to the front of Ao Tian and whispered And the words: "The patriarch, the body of the mysterious man was stolen."

Ao Tianyi, who was smiling, was stunned when he heard this.

Almost immediately after George Han was buried, Wang Suzhi immediately ordered Ye Gucheng and Xianlingshi Tai who were in ambush to withdraw immediately, and dig the grave when there was no one to confirm whether the mysterious man was George Han. thousand.

The time interval between this is only two quarters of an hour, but in such a short time, there is still a problem.

Who did this? !

What's the use of stealing a corpse?

Is it possible that there are still people who think the same as their own? Suspect that the mysterious man is George Han?

But this shouldn't be. I have doubts on my side. It is also because of Wang Yanzhi. What are the others because of? !

Just as Aotian frowned, Wang Xiaozhi also noticed that the situation seemed wrong, and hurriedly asked Ye Gucheng, "What happened?!"

When Ye Gucheng told Wang about the stolen body of George Han. After slowing down, he quickly matched Ao Tian's expression surprisingly.

The two hurriedly found a reason and drove Ye Gucheng out of the big house.

When he arrived at the tomb, looking at the empty tomb, Wang Slow gritted his teeth and directly punched the tree beside him, and the huge tree as thick as a thigh suddenly stopped and broke.

“The rice bucket, the rice bucket, they are all rice buckets, so you can dig a corpse, and you can cause so many things.” Wang Suzhi roared emotionally.

Ao Tian looked at Wang Suzhi with a little surprise, but didn't understand why he was so angry, which was stronger than his own reaction.

But only Wang Yanzhi himself knew that he and the mysterious man were new and unsolved, and added to the old hatred.

Ao Tian may not be particularly sure that the mysterious person is George Han, because he mainly listens to him, but Wang Yanzhi is very sure that he feels that the mysterious person is George Han because of his relationship with Fujia. He knew it best in his heart.

Therefore, if he were George Han, Wang Shuzhi would not want to be exposed and get embarrassed. With his current cultivation base, how could he not want to kill people and Yuebao? !

In addition, the mysterious person is the head of the fairy island, he will inevitably frustrate him.

Ye Gucheng and Xian Lingshi kept their heads low, and they dared not speak at this time.

In fact, why don't they want to pull the mysterious person out and whip the corpse? It can be said that in this Qishan martial arts competition, this guy has robbed them of the limelight time and time again, and even embarrassed them. The two people have long hated the mysterious man, and they want to take his skin and remove his tendons.

The corpse was lost, and the two of them were as depressed. They were scolded by Wang Yan, and their faces became even more ugly.

Seeing that the situation is not good, Ao Tian quickly stood up and calmly said: “Since the incident has already happened, it is not important to blame who is right and who is wrong. I think it is urgent to send someone to catch the corpse thief.”

Hearing Ao God's words, Wang Chuanzhi's emotions were slightly relieved, and this is the only way to do this.

It's midnight.

Heads of Shifeng crowded, Ye Gucheng led thousands of elites to quietly move out.

Carpet search for peaks other than the first peak.

At Zhongfeng God Tomb.

A large number of idle people from the immortal forces have gathered here for a long time, and it is not their turn to thank the gong banquet. Many of them naturally set the goal on the god tomb. One is that no one has seen the gods, and the other is thinking Let's see if there is any advantage here.

In case there is any missing baby, it can be regarded as a fortune for them.

Therefore, even though it has been long into the night around the sacred mound that George Han has already hollowed out, the lights are bright and the voices are full of people.

And in a certain cave on the top of the sacred tomb, when Qin Shuang brought in the body of George Han, Amelia Su and Jianghu Bai Xiaosheng hurriedly greeted him, and the three of them worked together to carry George Han to the end. On the huge ice cubes ready.

When the mask was uncovered, George Han's angular face was already dark. This was the poisoning symptom of the Heavenly Poison Life and Death Talisman, and it looked a little frightening.

"Three thousand..." Amelia Su whispered and sobbed, her eyes full of sadness.

Jianghu Bai Xiaosheng slapped his thigh, stood up and pointed at George Han's body and cursed: "I told you at the beginning that you must never agree to the demands of those shameless people. You don't listen, but you want to accept it. Heavenly Poison Life and Death Talisman, are you all right now? Are you comfortable?"

While cursing, Jianghu Bai Xiaosheng had tears in his eyes. After spending so long with George Han, Jianghu Bai Xiaosheng had long regarded George Han as himself. Good brother.

Because he is a dwarf, since he was an adult, Bai Xiaosheng has been ridiculed and treated indifferently by outsiders. Even if he has various kinds of information, he is just a tool man in the eyes of most people.

But here in George Han, he felt different. George Han treated him as his own friend. This time he snatched the totem. When it was in danger, he protected himself and his couple together.

Therefore, as far as Jianghu Baixiaosheng is concerned, he also regards George Han as his good friend. Now that he sees an accident with George Han, he suddenly collapses.

Seeing the strange gaze cast by Amelia Su, Jianghu Bai Xiaosheng sighed, and the matter was not hidden until now and told her all the things about the Heavenly Poison Life and Death Talisman discussed with Linlong.
