

His True Colors Novel Chapter 2003 - 2006

Chapter 2003

“Ah! Ah! Ah!!”

George Han shouted loudly in pain, and the moment he touched his master, George Han's hands seemed to touch ten thousand pieces. The high voltage is normal, a huge electric current hits George Han's body from the fingertips, and spreads quickly to his body.

And George Han's body at this time also suddenly showed a huge golden light.

“No, no, no!” Almost at the same time, Han Xiao shouted hysterically and desperately, his eyes were filled with shock and sadness.

Outside the hall, Amelia Su and other people rushed in when they heard the shouts inside. Seeing the scene at this time, the group of people couldn't help being shocked.

However, because of the different location, Amelia Su and others could not see the situation inside the coffin and were not shocked.

It was just because of George Han's current situation that he was shocked.

Ginseng Baby smiled slightly at this time: “It's okay, it's okay, he can't die, let's go out.” After speaking, he pushed everyone and walked directly outside the hall.

Although Amelia Su was worried about George Han, Ginseng Baby said it was okay and it was not good to stay here for a long time. After all, Han Xiao never let them into the back room, so she had to retreat.

boom! ! !

Just as a few people had just withdrew, an invisible wave of air instantly spread from the inner hall and attacked in all directions.

Outside the ancient house, the dust rose as soon as the air wave broke out.

Inside the ancient house, the vegetation was shaking, and then, peace was restored instantly.

The light on George Han's whole body also disappeared suddenly, and the exhausted feet of George Han fell to the side of the coffin.

And Han Xiao hurriedly rushed to the coffin, knelt on his knees, and lost his voice in pain: “Madam, Master.”

George Han steadied his mind. Looking at the hand that he extended just now, there was a flash of it in an instant. Streaming light, looking at Han Xiao's reaction, he suddenly had an unknown premonition in his heart, and he suddenly got up and looked into the coffin.

Although the light was too dark to see clearly, George Han could feel a chill in his heart.

Immediately afterwards, the whole person knelt heavily in front of the coffin, tears rolling in his eyes: "Master..."

Han Xiao was already crying, and he could not extricate himself from the coffin for a long time.

Master is dead!

She didn't want George Han to touch her, but just found an excuse. The moment George Han came into contact with her, she passed all of her life to George Han.

Like a candle, she gave George Han the last light of her life, and then she ran out of oil and went to the end of her life.

And almost at the same time, the candle on the coffin suddenly went out without wind.

For a long time, the master and apprentice knelt in front of the coffin, sorrowful.

For George Han, he didn't have many faces with his master, but in his impression, the master was like a kind elder and treated him extremely well.

However, it is such a kind old man who has to suffer such a crime, and all this is to blame on the damn Wang Hezhi.

I don't know how long it took, Han Xiao stood up, and patted George Han on the shoulder: "You go out."

"Yes." George Han nodded, looking back at the coffin in three steps, after all, it was hard to give up.

As soon as he went out, George Han looked at the crowd and lowered his head uncomfortably: "Master is gone."

Upon hearing this, the two women and one man lowered their heads involuntarily.

"Although your master's cultivation level is not high, she is a strange woman in the world. This woman has an unforgettable ability. In addition, she is familiar with all kinds of strange books on Xianling Island, bitch Han, she has given you a huge treasure. Ah." Ginseng Baby sneered.

“I would rather she live.” George Han glared at the ginseng baby angrily and walked out of the house angrily.

Seeing George Han rushing out, Ginseng Baby coldly snorts disdainfully: “Huh, if you get a bargain, you still sell well.”

Sitting quietly under the eaves, George Han fell into grief, and his wife passed away in front of him in this way, which was really hard for him to accept.

He also knew that his wife loved him very much, but the more so, the more sad George Han became.

Amelia Su walked out quietly, and then sat beside George Han silently, without saying a word, she knew that all George Han needed at this time was her quiet company.

I don't know how long it took, Han Xiao walked out, holding a palm-sized box in his hand, and handed it to George Han.

Holding the box tightly in his arms, George Han couldn't stop tearing around.

“Your sister-in-law has no bones, so...so it's just a bit of meat ashes.” Han Xiao looked at the sky with tears in his eyes.

“I know, I will take her back to Xianling Island.” George Han lowered his head and nodded heavily, his voice choked.

“Let's start earlier, it's not too early.” Han Xiao said.

“Master, won't you go with us?” George Han said.

“No, what face do I have to step into the fairy island?” Han Xiao smiled bitterly, got up and patted George Han on the shoulder: “Master is tired, I want to wander around.”

George Han nodded. He got up to say goodbye, touched the urn in his arms, and walked outside the gate.

Three days later, Tianlongcheng.

Fujia Mansion.

At this time, Fu Jia was already devastated, like a purgatory on earth. In the courtyard, several maids cried and shouted, and were pushed to the ground by several soldiers, and suffered humiliation. On the ground in the courtyard, the bodies of their families were heaped everywhere!

Chapter 2004

the compound, the dead are already covered in blood, and the living are screaming again and again, like purgatory.

Above the main hall, there was still screaming again and again.

More than a dozen young family-supporting men were shackled, and their feet were dragged with long chains.

More than 30 young family supporters were tied to the right side, with messy hair, disheveled clothes, panic and panic on their faces.

Futian sat in the upright position, and his whole person was in despair, how could there be the style of the patriarch of the three big families that day.

At this moment, a burly man with a long rope dragged a group of young people from Fujia out, his face was full of disdain, and he didn't even look at Futian: "Old man Futian, I'm the number one in Dongmen. Enough is enough, I'm leaving."

At this time, a senior executive of the Fujia also chased from behind, looked at his child in the arrested person, and begged: "Donglin Taoist, you didn't mean your list above, Are there only seven people? This...you have arrested at least a dozen people, can you let my daughter go."

"Get up!" Donglin Taoist raised his foot angrily and kicked him directly to the ground. outrageous angrily: "I tried to grab the number of people they arrested many people, you do it with God pipeline road from the Lord to see your daughter home, that's a blessing your daughter's home, Tige?."

Having, With a cold snort between his nose, he pulled the Fu family behind him and walked away.

The executive looked at Futian desperately, and Futian turned his head to the side as if he hadn't seen it.

Today's Fujia, even if he sees it, what can he do? !

"Old Futian, you are quite fucking bearable. We all bullied you to help the family like this. You still can't say a word. If you are cruel, let's go." The man who helped ridiculed himself at this time.

"Originally, the upper family meant that if you dare to resist, you would find a reason to slaughter your family, but you are really awesome. Everyone meets in the mountains and rivers. Goodbye." The other is not tied. The person who helped the young woman in the family didn't bother to laugh, and then pulled a group of women in the family and left.

Looking at the large number of young men and women who were taken away, a group of executives who helped the family wept bitterly. Most of the young people who were taken away were their children.

At the beginning, they were all masters, sons and young ladies of the family, but now they have become slaves to others.

“Fuck.” Futian slammed a fist on the chair. Although he was angry, he didn’t dare to send it in front of those people. Only he knew how frustrated he was.

Since coming back, Futian has actually thought of today.

The Fu family lost the name of the three major families, and naturally they completely lost their power. The major families would never give the Fu family any more face, and they could break into the Fu family at will, burn, kill, looting, and do no evil.

In the middle, if Fu Jia dared to resist the slightest bit, the result would hardly be known.

That would only give this group of people a reason to slaughter and help the family, and what the family will face will most likely be the disaster of destruction.

“Futian, take a good look, take a good look, this is the Fujia you led, and this is how you vowed to help my family carry forward, but in the end? In the end!” Some executives finally did it again. Couldn’t help it anymore, scolded angrily.

“Hehe, my family is now like meat on a felt board. You can be slaughtered, Futian. As the patriarch, you can’t blame it.”

“That’s right, Futian, you can step down. I need someone like you to lead.”

“Some people have always thought highly of themselves. Now, let’s lead our Fujia into the fire pit.” The

Fujia group of executives shouted angrily, for Futian will help the family. Obviously I am quite dissatisfied when I get to this point.

“Enough!” Futian slapped the table fiercely, and got up angrily: “Fujian doesn’t have a true god. It’s just that Fuyao doesn’t listen to orders. If she listened to my arrangements that day, would my Fujia be the land like today? ? ” “

right, is to blame can only blame spread upward, with the help patriarch day what does it matter? there is no God, we help family fall sooner or later. ” “

spread upward this slut, she was quite good, followed by As soon as the earth cultivator died, he completely ignored the difficulties of helping our families. Such unfaithful, unfilial and unrighteous people should be removed from the family tree according to what I said.”

” Will it be cheaper to get rid of her name? , I suggest to set up a tomb of shame for her, from now on let the world know the existence of this bitch, let her stinks for thousands of years.”

“Okay, good, good, good point, by the way, also set up a bitch for George Han. Let this pair of dog men and women be cast aside by the world for generations.” A

group of people are getting more excited and more excited when they talk about it. Perhaps, for them, others dare not scold them, but they can scold whatever they want. .

Now, they have never placed the responsibility of Fu Jia’s fall on their own body. They just want to be a rice worm. If they can’t eat, they will blame the rice.

They also didn’t want to think that even if there was no true god on the top of the Blue Mountains, there were talents like Lu Ruoxuan and Lu Ruoxin on top.

In the waters of Immortality, there are a couple of brothers from the Ao family.

But for so many years, what is there under the protection of Fu Yun? !

They have nothing but indulge in enjoyment. When a crisis occurs, they expect others to carry it. If others are unwilling, they will feel pain.

Just as these people were fighting against Amelia Su and George Han in indignation, at this time, the back hall cried for a while, and several guards in white clothes slowly walked out under the leadership of a man in Tsing Yi, behind him, tied Help the families of the women.

If it is said that most of the female helpers who were tied up by Donglin Taoist were young people, then what the Tsing Yi man now tied up is the leader among young women.

Regardless of beauty or talent, these women can be said to be Futian’s best at present.

Or in other words, it was the greatest blow and insult to the family.

Because the leader is Fu Jia, who seems to be the best woman today, Fu Mei.

And walking behind her is Futian’s wife, Fuli.

It is very harmful, and even more insulting!

As the Tsing Yi man and others came out, a group of senior executives in Fujia suddenly closed their mouths. Even when they saw the people tied up, they were all shocked in their eyes, but they only dared to feel angry.

Futianhou’s molars were about to be crushed, and holding back his anger, he walked up a few steps and looked at the man in Tsing Yi who was at least a round younger than him, with a smile on his face: “Uncle Lu Sheng, you... did you catch the wrong thing? People? This...this is my helper...”

“Fuck you.” The young man called Lu Sheng impatiently blocked Futian, and then shouted angrily: “I caught a good person, I caught it. It’s the women you helped the family, including your wife, take them back and wash Laozi’s feet.”

After speaking, Lu Sheng directly took the person and walked out.

But just after two steps, a jade sword suddenly flew from outside the hall with a scream, and it stuck directly in front of the toe of Lu Sheng’s shoe.

Chapter 2005

Yu Jian is still shaking due to inertia.

There is no distance between the blade and the tip of the shoe, even a strand of hair.

Lu Sheng’s heart was suddenly horrified, and the one who could control the energy and strength in such a proper way would definitely be a master in the hands.

Lu Sheng stared at the front closely. Behind him, a group of subordinates also reflected at this time. They all drew their swords and looked forward.

But what made Lu Sheng feel cold in his back, let alone whether there was a figure, it was even There are no ordinary energy fluctuations either.

Can be sent by the immortal sea area to specifically trouble the family, Lu Sheng’s cultivation is already regarded as the dragon and the phoenix among the people, reaching the terrifying middle stage of the evil killing, and belongs to the ranks of masters in the world of eight directions.

But in front of him, he could not feel the slightest energy fluctuation.

Could it be that the opponent’s cultivation base is too much higher than him? !

“Who is the one here, this son is the Lusheng of Tianyin Temple, he is here to arrest a few important offenders by the order of the immortal sea area, you have something, you can show up and speak out, why sneaky?” Lu Sheng frowned, although the other party His strength made him feel uneasy, but he was really not afraid of anything.

After all, the immortal sea area today is the largest family in the Bafang world.

As soon as the voice fell, Lu Sheng suddenly felt a flash in his eyes. When he felt someone standing behind him, he realized that the jade sword in front of him had disappeared somehow. Then, a breeze lifted his face.

What a fast speed!

It can be faster than the wind!

In the blink of an eye

, he went from coming out to drawing the sword, and then behind him... Then, the wind he acted... gradually came to his face.

What a ghostly speed!

Lu Sheng couldn't help taking a breath, and looking back, he saw a male figure standing behind him. Although he only left him a back, he still felt the solemn meaning of this body.

"Who are you?" Lu Sheng looked at the man warily.

And his guards immediately drew their swords and surrounded the group of people.

"Didn't you make me show up?" The man chuckled softly, wearing a mask, tall and tall, and there was a woman standing next to him. Although she also wore a mask, she was graceful and she was a beautiful woman. .

Lu Sheng furrowed his brows and gritted his teeth, but the next second, he suddenly dismissed it with a smile.

It was because through the aura inquiry, he was stunned to discover that the man in front of him was only in the mid-term, and he was far from him.

Although the speed of this product just now was extremely fast, no matter how fast this kind of cultivation base was, it would not have any influence on him at all.

After all, are people afraid of a fast-running mouse? !

Obviously not!

"There is a kind of, dare to stop me Lu Sheng's way, what do you want?" Lu Sheng's pupils shrank slightly, and said coldly.

"Don't do it, people stay." The person said coldly.

"Hehe, I know, you are so silly, you dare to hit Laozi on the head if you robbery? Keep someone? Yes, let's see what you can do." Lu Sheng gave a cold voice, and the whole person suddenly raised his sword. Attacked the man.

"Get away!" Just an angry shout, and when the voice fell, a golden stream of light suddenly emitted from the person's body.

The sword in Lu Sheng's hand was sucked by the streamer's ripples, and for a moment it felt like he had encountered some huge magnet, completely uncontrollably flying towards the direction of half a meter above the person's head.

The big beads of sweat kept falling down Lu Sheng's forehead, and his arrogant face suddenly panicked.

And the soldiers next to him, the swords in their hands flew directly and uncontrollably above the man's head.

"So you don't want to give it to me?"

"Give it back to you." There was another soft drink.

"Swipe!"

The swords gathered on the top of the man's head instantly lined up in a circle with their sword tips facing outwards, and then rushed out quickly. Before a group of guards could reflect what was going on, they were slashed by their flying swords.

Lu Sheng, who had been controlling his sword, only felt a strange force and breathed in and vomited, and then he was thrown into the air for several meters, and finally slammed into the hall door

"Puff!"

Outside the door, Lu Sheng took a bite of blood. Gushing out directly.

The whole person looked at the man in the hall far away with a grim expression.

The cold wind is proud, but so!

He was really surprised. The kid was obviously only a phantom cultivation base, but from beginning to end, without even having a hand, he directly repelled himself, and his gang of good players were all cut under the sword.

How is this done? !

"Who the hell are you? There is a kind of leaving a name, I will make you pay the price of blood." Lu Sheng struggled while still cursing.

"The price of blood?" The man suddenly smiled, "I'm afraid that you can't bear my blood." As

soon as the voice fell, the man suddenly shot a drop of colorful blood directly at Lu Sheng. Lu Sheng thought it was a hidden weapon and hurriedly Grabbed his sword and resisted.

hiss!

Qi Caixue touched his sword, and the sword suddenly made a harsh sound, and a black smoke floated out.

When he fixed his eyes again, Lu Sheng was dumbfounded, and he couldn't help but retreat back and forth. He was shocked at this time.

Chapter 2006

His golden magic weapon, which has always been strong and indestructible, was directly penetrated into a hole by the seven-color liquid that is only the size of a grain of sand. .

Around the cave body is directly surrounded by black.

This...

what the hell is this!

Just a small drop of blood, he can directly tap through his incomparable golden soldier.

If this is a real fight, what is his chance of winning in this mere mortal body? !

Not daring to think too much, Lu Sheng ran away from the ground.

As soon as Lu Sheng left, the group of Fu's family also awoke from the deep shock and let out a sigh of relief. At this time, Futian also greeted people to quickly untie Fuli and the others, and came to the person, and said with joy: "Fu is really grateful to the young man to help, otherwise, the consequences will be disastrous."

"Is it convenient to stay overnight." "The man said softly.

Hearing this sound, Futian frowned, and he always felt like he was familiar with each other. However, seeing the man waiting for his reply, he didn't think much about it, so he nodded happily at the moment: "Don't talk about it for a night. Xia can live long if he wants."

"You can't live in a dirty place." The man shouted coldly.

Futian was awkwardly stunned at the place, and then he smiled embarrassedly: "Yes, yes, there is someone in the mansion... Hey, it's hard to say a word, but, young man, I will have someone clean the surroundings immediately, come, send two A hero went to the guest room to rest."

After speaking, he smiled enthusiastically at the man: "Young hero first take a break. I will send someone to clean the mansion. In the evening, I invite you to dinner. Please be sure to show your face when you come!"

The man didn't answer, but he didn't refuse either. Under the leadership of a subordinate, he walked to the guest room in the backyard.

As soon as that person left, the family members of the whole hall had a lot of discussions.

“Wow, who was that person just now? That’s amazing. Beating Lu Sheng is like cutting melons and vegetables, without breathing.”

“I heard that the dog in the immortal sea area Lu Sheng hates fiercely. repair is extremely high, I did not expect such a person even a face to face have to beat.” “

we are supporting the family if there is such a powerful person at home, then we help family which got to now this land?” “

Yes Ah, let’s not talk about the third largest family, at least the top ten families always have a place for us to help our family, and it is the same as the glory and wealth.”

A group of supporting family members are eager to say .

If you let them know that this is what they have, but they are just destroying everything step by step with their own hands, I am afraid I don’t know what these people think.

Who can have colorful blood, besides George Han in this world? !

It’s just that, this is the person they admire now, who was the one who helped their family, but they ruined everything.

“Hey, yes, there is no way to keep this person.” At this moment, someone suddenly surprised.

In a word, he succeeded in attracting everyone’s attention in an instant. If he could keep this person, wouldn’t it be possible for the family to grow stronger?

This is completely in the interest of everyone, but how to stay? !

Seeing the look of everyone’s eagerness, the guy walked to the tied female family members contentedly, smiled lightly, and was very proud: “Think about it, this mask is not the person who helps the family. The network relationship, but this time he suddenly helped us, but he didn’t save it, then he didn’t save it, why did he have to save them?”

Everyone looked at each other, not knowing what he meant for a while.

Only Futian frowned at this moment: “You mean...”

“Yes, the hero is sad for the Beauty Pass, and here, Fuli is the best looking person, but Fuli is already a woman, so...” He laughed softly.

As soon as this remark came out, everyone suddenly realized.

It was even more fierce Yipaidatui: “?!? Say ah, how did not I think that out of it only this possibility, he will be shot to help ah, otherwise, what ah”

to help family In other words, they can't figure out the reason why a person they don't know will brave the taboo to save the family at this time. Plus they have been dreaming in their hearts, it is natural to think of thousands of stories.

Moreover, it really seems to be the case.

After seeing that figure come out, Fu Mei defeated Lu Sheng unrestrainedly, and she was naturally moved by her admiration for her superiors. At this time, when everyone said that she was also happy, this was indeed the most appropriate reason. Otherwise, why would he make a move? !

“Oh, Fumei, you are really the noble person of our family. I knew from the beginning that our family's Fumei is the real nobleman of our family. How can that damn Fuyao compare.

” We should not believe in Fuyao at the beginning, but should believe in Fumei, otherwise, we can't say that our Fujia would have been so prosperous long ago. How could we have fallen into the field like this?”

“Fumei, come on, you have to show yourself well. Ah, the hopes of everyone in our Fu family are all placed on you.”

Although Fu Mei, who was stunned by the stars, smiled shyly at this time, she was already happy in her heart. At this time, she put his gaze on Futian.
