## Chapter 2091

As soon as these words came out, Elder Ersanfeng looked at each other, and even Sanyong and Lin Mengxi couldn't help but glance at each other.

"Shuang'er, what did you just say?" Sanyong frowned slightly and said softly.

Qin Shuang's complexion was slightly stunned, and then he realized that he had accidentally told George Han's secret because of being too impatient. However, she quickly lowered her head: "No. I didn't say anything."

"The masked man is a mysterious man? The mysterious man is George Han? Shuang'er, you...hey." The second elder sighed heavily. Sighed.

Obviously, what Qin Shuang said just now really disappointed him to the extreme.

After coming out of George Han from the Void Sect, Qin Shuang went from that proud Frost Goddess to the point where he is almost mad today, like a mad woman. George Han has been dead for a long time, and is still thinking about it now. .

In the eyes of the second elder, Qin Shuang was already crazy about love.

The third elder couldn't help sighing: "Shuang'er. Some things have passed, so you have to look forward and indulge in the past. It will not benefit you or the people around you at all." The

third elder also shook his head. Qin Shuang has always been the most important future star on their side, but this is the case now. Really make good luck.

Lin Mengxi gritted her teeth tightly, hitting and scolding, but what can he do!

"If you want to preserve Nothingness Sect, just listen to me, Nothingness Sect joins the Mysterious People Alliance. Only in this way, Nothingness Sect can always be safe." Qin Shuang endured his inner sorrow and looked at the four people present.

Qin Shuang believes that as long as George Han is willing to help, Void Sect can escape this catastrophe. Moreover, with George Han's personality, he will never put Void Sect in the air. On the contrary, he will respect the existence of Void Sect itself. fact.

"Shuanger. Stop fooling around, the masked man of the Mysterious Alliance, but just a man who seeks reputation, what strength can he have? If he has the strength, he will not pretend to be a mysterious person." The second elder said impatiently.

“Yes, this is related to the life and death of Wu Wuzong, how can we bet the future on such a person.” The third elder also nodded in agreement.

Qin Shuang was almost dying in a hurry. If he didn't ask George Han for help, the Void Sect would have been ruined. Thinking of this, Qin Shuang looked at Sanyong and said hurriedly.

Sam Wing Tai Taishou, interrupted: “Shuanger, two uncles're right, you do not need to say, is the fate of nothingness were solemn, how can others hands free to throw it.”

Then, Sanyong glanced at the three elders: “Only today's plan, I don't think we have any choice. Let's prepare to put the prohibition away.”

Hearing Sanyong's decision, Qin Shuang couldn't help it anymore and shook his head. . Disdainfully said: “Master Sanyong, although Ye Gucheng is a jerk, he said that it is true that the Void Sect is controlled by people like you. It will be a matter of time before the sect is destroyed.” , Qin Shuang turned and left the main hall without looking back.

Poor people must be hateful, and this is obviously not a casual talk.

“This...” Elders two and three looked at each other, and Master San Yong was even more embarrassed.

Ye Gucheng said that. He was not surprised, but even Qin Shuang, who had always respected his teacher, said the same, which really made Sanyong extremely embarrassed and could not help but fall into contemplation.

“Could it be that the old man is really bad at being the head?” Master San Yong smiled bitterly.

“Don't worry about the head. Everyone knows Qin Shuang's current state. What she said just now has a logical problem. The masked person is a mysterious person. How could the mysterious person be George Han?”

“George Han has some skills. , But after all, it's just a rubbish. How can it be compared with the mysterious man? Besides, our original rubbish traitor George Han. In fact, he still pretends to be the helper of the family George Han.

” Yes, we are quite familiar with George Han, even if what Qin Shuang said is true. It's just that the trash pretends to be another mysterious person. After all, it doesn't matter if he pretends to be George Han of Fujia before pretending to be one more time. Putting the lifeblood of my nihilism in the hands of such a person does not mean self-destruction?  
“Lin Mengxi also said coldly.

Sanyong nodded: “Okay, then follow the plan.”

“Yes!” The three elders looked at each other and stepped back.

Qin Shuang rushed out of the main hall. Angrily standing in the square of the main hall.

Back then, it was in this square that she saw George Han for the first time, just. The square is still a square, but George Han is no longer in nothingness.

“Shuang’er, you are getting more and more rude, how can you talk to your master master like that?” Lin Mengxi walked out slowly at this time, reproaching slightly.

Qin Shuang glanced behind him and didn’t turn his head: “Am I wrong? Pedigree and stubborn. The Void Sect was handed over to Ye Gucheng, waiting for destruction. Only George Han can help us. Mother, count me. Please, please? Go talk to the master master.”

“Shuang’er, that’s enough, stop messing around.”

“When did Qin Shuang mess around? How can you believe me?”

” Just a few teachers Uncle has already said very clearly. I know that you like George Han, but liking someone is not the same as blind worship. George Han has stayed in my Void Sect for a long time, we don’t know him less than you, he You can pretend to be George Han, the son-in-law of the Fu family, but why can’t you pretend to be a mysterious person?” Lin Mengxi said coldly.

Qin Shuang smiled bitterly: “No wonder people often say that prejudice is sometimes the biggest mountain in the world. It can’t be digged or pushed away in front of people. You pretend to know George Han, but do you really know him? Your so-called understanding is

nothing more than a prejudice with tinted glasses.” “How do you know that George Han of the Void Sect is not the real George Han? How do you know that this George Han is a real masked person! “

“You never know! It’s as if you never know what happened on the top of Qishan Mountain.”

” But I just want to tell you. My life was saved by George Han on the top of Qishan Mountain, and I was the only person who had seen the face under the mask of the mysterious man! “

“I also want to tell you, three thousand Han Wang can slow the altar Lift-bit true God, he can easily pull down the altar!”

“..... and even the summit of Blue Mountain waters of eternal life!”

Finished sentence words. Qin Shuang looked at Lin Mengxi bitterly, then turned into a light and shadow, and left.

Lin Mengxi was completely shocked and stunned in place. She found anger in Qin Shuang's eyes, it was not reconciled to distrust her anger.

For decades, although Qin Shuang has always been cold to her, she is only filial and sensible. She cares about herself very much and has never even been angry with herself.

But this time, Lin Mengxi was sure that Qin Shuang was very angry.

“Do I really blame you?” Lin Mengxi murmured.

Outside of Void Sect, George Han and his party also arrived.

## Chapter 2092

The lonely shadow of the hut on the top of the lonely mountain, the lonely grave.

Once again standing on this homeland, Han sank in thoughts.

He Linlong's first trip to the world in eight directions was the land under his feet.

Come to Zhu Ying's lonely grave. George Han burned some incense and brought everyone sincerely to worship.

Although Zhu Ying didn't teach herself much, she did give George Han the most, and even sacrificed her life, and the Tianyin technique did benefit George Han a lot in the early stage.

In a sense. Zhu Ying is the first master of George Han in the world, and the most unforgettable master in her heart.

“Master, no, let's call you Madam. Maybe, you prefer this title.” George Han smiled softly and knelt down in front of Zhu Ying's grave: “George Han is back. You are down here, and you have a good time. Is it?”

“Yeah, senior, San Qian is now out. You should be smiling very happily in Quaxia? I remember you said before you died, let me publicize San Qian as your apprentice. For pride, now, you can really be proud.” Linlong also appeared early, looking at Zhu Ying's grave and said happily.

“Madam, George Han said, you like the excitement, but many of us come to visit you this time.” Amelia Su also smiled.

After speaking, everyone respectfully incense Zhu Ying.

Then, George Han got up and looked at the void world hidden in the air not far away.

Jianghu Bai Xiaosheng and George Han looked at each other. Nodded, at this time. Linlong got up and flew, hovering in the air ahead for a moment. Finally stopped in a corner.

“This is the Void Realm, isn’t it?” George Han asked softly.

“There is no connection between this mountain and the back mountain. The location of the Void Sect should be the original connection, but it is hidden by the Void.” Linlong nodded:”

George Han nodded. Immediately afterwards, his hands vigorously force. An extremely powerful golden light slammed into the location of Linlong instantly.

When the golden light arrived, it suddenly collided with a white energy in the sky!

boom! ! !

The entire white energy barrier shook suddenly.

The Void Sect within the enchantment, at this time, only felt the world in the sect shaking.

Master Sanyong was on the main hall, and suddenly heard that his disciple reported urgently. The enchantment was attacked!

Elder Ersanfeng and Lin Mengxi, Qin Shuang also rushed to the main hall almost at the same time.

“What’s going on? Could it be. Ye Gucheng can’t wait?” Elder Erfeng looked in a hurry.

“Yeah, have you started the storm now? Senior brother, should I go out immediately and explain?” Elder Sanfeng said.

Just when Sanyong was about to speak. Another disciple hurriedly came: “Report to the head, someone outside the barrier wants a disciple to send you a message.”

Sanyong frowned: “Say!”

“Yes...Yes.” The disciple nodded. Lin Mengxi glanced uncomfortably and said: “They call themselves the Mysterious Alliance. If we are willing to raise the silver flag, they can protect us from the periphery.”

“What?”

“The people who attacked the enchantment belonged to the Mysterious Alliance? “

Elder Two and Three couldn’t help but froze when he heard the disciple report.

“Three thousand is three thousand!” Qin Shuang was immediately excited: “Master Master, you must agree quickly.”

“However, they have the conditions, that is, they must hand over Elder Lin Mengxi.” The disciple finished. He lowered his head.

Qin Shuang was stunned, what did three thousand mean. Why should Lin Mengxi be handed over separately?

“Fuck damn shit, what is the Mystery League? Before joining them, we are required to make someone? What is this?”

“Yes. It’s a big tone, does he really think he is invincible?” After Elder Ersanfeng reflected, he couldn’t help cursing.

“Second Uncle, Third Uncle, maybe things are not what you think.” Qin Shuang hurriedly said, in fact, she also didn’t understand why George Han did this.

Could it be that he wanted revenge? But if he wants to avenge his original revenge, none of the elders of the Void Sect should be spared.

Therefore, it is impossible for him to come for revenge!

“Or, let Shuang’er ask to understand?” Qin Shuang said anxiously.

Although it was not clear what George Han wanted to hand over Lin Mengxi’s purpose, Qin Shuang believed that George Han would definitely not harm them.

“No, we didn’t think about his mysterious people alliance originally, but in the end we dared to speak wildly, asking us to make someone, Shuang’er, the person they want to make, but your mother!” the second elder shouted coldly.

“I believe there must be some misunderstanding in this. George Han is not that kind of person. I can guarantee that nothing will happen to her.” Qin Shuang said anxiously: “He really is George Han, if he wants revenge. If he wants to, he should be all our elders.”

“Even if we believe you, he is George Han, so what? He is just a traitor, and he still expects to cooperate with us now? Does he have that qualification?” Third Elder Leng Speaking.

Facing their dispute, at this moment, San Yong slowly stood up from his seat, his entire face very serious.

## Chapter 2093

“Don’t fight anymore.” Sanyong snorted coldly and looked at his disciple: “Whether you go out and tell the mysterious person, George Han, I have nothing to do with him. If he is

acquainted, he will go back wherever he came from. If he is not acquainted, the forbidden defensive formation of the Void Sect is waiting for him at any time.”

“Uncle Master, no.” Qin Shuang almost cried anxiously. .

She was born in the Void Sect since she was a child, and has strong feelings for this place, so she naturally does not want to see Void Sect destroyed in the hands of Ye Gucheng.

“Yes!” The disciple nodded and turned to leave.

Qin Shuang wanted to chase out sadly, San Yong said coldly at this time: “If you dare to chase it out, Qin Shuang, you will not only cease to be a disciple of the Void Sect. Even you can never enter the Void Sect again.”

Qin Shuang stopped inconceivably and looked at Sanyong: “Why?”

Why is Sanyong so tough on George Han’s mysterious alliance, but he has to bear it in every possible way in the face of Ye Gucheng, why is it so?

The way of three thousand dignitaries is really uncomfortable, but isn’t Ye Gucheng’s way more excessive? !

and. Sanyong could see Ye Gucheng’s wolf ambition more clearly than anyone else.

“There is no why.” Sanyong said coldly: “You just need to understand that I am for the sake of the Void Sect.”

After speaking, Master Sanyong walked to the head room behind his palace.

In less than a moment, Lin Mengxi walked in slowly: “Senior brother, Shuang’er is young. She didn’t mean to offend you today. Don’t take it to heart.”

“Actually, I take it to heart. “San Yong whispered: “I watch Shuang’er grow up, and I know the character of this child. She will not lie and deceive the elders.

” Do you believe what Shuang’er said? Then you...” Lin Mengxi frowned.

“George Han of the supporter is dead, but I believe it. Our fake George Han of the Void Sect is indeed not dead, because I have seen him in the dungeon of Dew City.” San Yong said softly. “But I have never connected him with a mysterious person.”

“But think about it carefully, when she was on the top of Qishan, Shuang’er had encountered danger, but then returned safely. I can see that it may be The mysterious man rescued her. Later, Shuang’er even wanted to quit the nihilism in order to help the mysterious man. At that time, I thought it was not easy. Therefore, I believe that the mysterious man is George Han.” Sanyongdao.

Lin Mengxi was stunned. In other words, Qin Shuang didn't miss too much, but was true?

"But if that's the case. You said before that George Han possesses our emptiness sect's most treasured formless magic, then he helps us. Isn't it better?" Lin Mengxi asked strangely.

"The question is, have you forgotten what our Nothingness Sect did to him? Third Junior Brother's words are not unreasonable. If he were George Han. Will he let us go?" Master Sanyong said indifferently.

"So, do you trust Ye Gucheng more?" Lin Mengxi said.

"That's right."

"But you Ye Gucheng, the wolf ambition, I am worried that if you believe him, the Void Sect will only become his puppet, or even his plaything, he is extremely arrogant. The purpose is unscrupulous." Lin Mengxi said.

"Gucheng has always been my disciple of the Void Sect, and I have always been his master. How much can I discipline? But what about George Han? That is the enemy! If I were George Han. I will definitely get revenge, won't I?" Sanyong laughed miserably, and continued: "The only thing that can make George Han worry about is probably Qin Shuang. Putting the Void Sect on Qin Shuang's body or mine? I think. I am more confident that it is me. Myself."

Lin Mengxi nodded heavily.

"When Voidzong besieged him, I thought about making up for it, but. Later, I found that something was wrong and it was wrong, and it was useless to make up for it.

"Sanyongdao.

But what Miyagi has forgotten is that if you make mistakes, you will make mistakes. Because if you don't face a wrong thing, you need more wrong things to make up for it until one day. Everything fell apart.

His villainous heart saves the abdomen of a gentleman, in fact, what brings nothing but the disaster of destruction.

"Meng Xi, today you have to take care of Qin Shuang. Shuang'er is always too simple. I don't know the heart. Don't let her have any contact with George Han to prevent the enemy. In addition, you gather disciples and synchronize Get rid of George Han and others as soon as possible, and it will be handed over to Ye Gucheng tomorrow. During this process, don't have any troubles, you know?"

"Yes, senior brother!" Lin Mengxi Nod.

"Go on."

“Yes!”

Waiting for Lin Mengxi to leave. Sanyong looked at the sacred platform in the room, and muttered: “My ancestors and ancestors bless me, my emptiness sect has a good journey.”

If the ancestors of the emptiness ancestors are really alive. I’m afraid I can’t wait to open the coffin board, then get up and kick Sanyong’s ass fiercely.

At least, a certain nihilistic soul is desperately rushing towards the nihilism at this time.

And on that night, under the bright moon, the sand was flying, and the medicine god pavilion also struck.

The war is coming!

## Chapter 2094

The next day, when the first masculinity rises, in Tianhu City, the Futian and Ye family executives also led hundreds of thousands of elite soldiers in the city, riding a strange beast, and marching mightily. A mountain range at the foot of Wuwuzong Mountain is advancing, and the hundreds of thousands of troops from the Medicine God Pavilion are diagonally opposite.

Chen Shi.

Suddenly, there was a roar on the mountain where Wu Wuzong was located, and then, suddenly powder clouds spread over the mid-air, and a piece of auspicious light emitted from the top of the mountain.

Under the rays of light, an energy shield slowly opened in a semicircular arc shape, and a huge six-peaked mountain range appeared in front of everyone as the aperture opened.

When the energy is fully expanded, the six peaks and the first hall are fully presented in front of everyone, and at the same time, the two mountains that were originally separated are completely connected in series.

The Void Sect completely opened the restriction of the sect and revealed its true body.

“Haha, did you see that, you treat others as relatives and want to help others, and others treat you as a jackal and warn you to stay away from strangers, otherwise you will be greeted by prohibitions. What about the real enemy? People open the door and beg for mercy. Let me tell you, it’s better to put your hot face on someone’s cold ass less.”

Next to the thatched house, because of the crude environment, Fu Mang didn’t get a good rest all night. After seeing the mountain vision, he couldn’t help but complain. .

“Yeah, lord, the Void Sect is so ignorant of what is good or bad, I really don’t know why you want us to stay around here.” Qiu Shui said dissatisfied.

She was not dissatisfied with George Han’s decision, but dissatisfied that George Han wanted to treat Wuwuzong like this.

In poetic terms, it is not worth calling them.

“In the end, the Void Sect is the place where George Han has reached the enlightenment of Bafang World. Although the memories are sweet and bitter, George Han always has some feelings for this place. Besides, Senior Sister Qin Shuang is also in the Void Sect.” Amelia Su knew George Han’s thoughts. Faintly explained to everyone.

George Han didn’t speak, but he didn’t comment on Amelia Su’s words. No matter what the Void Sect did to him, but after all, here, George Han slowly stepped into the practice of the eight directions world. It was also here that he learned the Wuxiang divine art to help himself. The early stage can go smoothly.

Although many other people in the Void Sect were not good to George Han, George Han had to consider Qin Shuang’s favor without looking at the face of the monk.

However, for Zhu Ying’s last wish, George Han had to do it, and that was Lin Mengxi, so he asked.

“On this point, I also agree with George Han and Amelia Su’s ideas. People in the Void Sect are really good to George Han, except for Qin Shuang.” Linlong also said.

“Three thousand are kind and righteous is a good thing, but the problem is that others don’t give us a good face.” Fu Mang said depressed.

As he was talking, dozens of streamers flashed across the sky, and then, thousands of figures followed, all the way towards the Void Sect.

After these people entered, the arc-shaped energy shield opened again in the sky above Wu Wuzong.

“Look...” Fu Mang spread his hands silently, rather helpless.

“It seems that the Yamashita War is about to begin.” George Han smiled bitterly.

Jianghu Baixiaosheng nodded: “It must have been from the Medicine God Pavilion just now. Looking at it this way, Futian’s military literacy is indeed very average. I guess I didn’t know that the Void Sect had secretly taken refuge in the Medicine God Pavilion before. Still facing off at the bottom of the mountain, once the two sides are at war, if the Voidzong launches an attack from the mountain, the Fuye family is equivalent to being attacked from the back and the back. Sooner or later, the Fuye family will be defeated.”

“What should we do? The family is under attack, right? Although the Fuye family is very uncomfortable to me, if the battle is completely defeated at the beginning of the battle, it will not be of any benefit to us.” Fu Mang frowned.

“Three thousand, the only thing we have to do is to attack the nihilism to ensure the safety of the flanks of the Fuye family.” Fuli said.

“Unfortunately, George Han felt that it would be okay to win the Void Sect at the time, so the people who took refuge in us did not bring it out. Only a few of us? It is not easy to stop the Void Sect and the people of the Medicine God Pavilion!” Fu Mang Helpless.

After everyone said, they all looked at George Han, waiting for George Han’s next instructions.

George Han frowned, thinking quickly in his mind. After a while, his brows frowned: “Wait a little longer.”

“This...” Fu Mang looked at everyone in confusion, and everyone looked at each other.

However, since George Han had already spoken, the group followed him back to the small thatched cottage.

Within the Void Sect.

Ye Gucheng led the twelve ghosts and envoys of the Poison God Hall of the Medicine God Pavilion, Wu Yan and others, as well as more than nine thousand Yao God Pavilion disciples, had entered the mid-air domain of the Void Sect, and looked up, densely packed with human shadows.

“Commander, according to the plan, shall we immediately rectify the people and horses? When the flames outside come together, we will kill?” One of the twelve ghosts and gods, at this time, gently reminded next to Ye Gucheng.

According to the plan of the General Marshal Xianling Shitai of the Yaoshen Pavilion this time, once the Yaoshen Pavilion occupies the Wuzong, Yamashita will launch an offensive against the allied forces of the Fuye Family. At this time, the people of the Wuzong will outflank them. Let Fuye’s two armies be defeated.

As for the Empress of the Wuzong Mountain, the Shuilan City, the army of the family supporting the family is not too many. As long as the battle on Tianhu City can be resolved quickly, the threat of the Shuilan City army coming forward will also become a joke.

However, the speed must be fast, otherwise, once the Ye Family’s own army in Shuilan City bypasses the nihilism, the medicine god pavilion will be flanked, which will be extremely detrimental to the medicine god pavilion.

“Hey, what are you worried about?” Ye Gucheng replied nonchalantly.

“But, Yamashita’s general offensive is about to be launched...”

“Let them start when you start, what’s the hurry? If they don’t fight more fiercely, so easy to win, can we have any credit?”

“Yeah, Du Lao, the more intense the battle, the more important we can become. If it’s too smooth, the credit will be someone else’s. What can we get from our hard work?”  
Wu Yan said with a sneer.

Du Lao glanced at the other people, nodded, be regarded as acquiescence.

“There is time. Brothers have worked so hard. They should be rewarded.” Ye Gucheng sneered coldly, and then waved his hand: “Tell all the brothers, apart from Qin Shuang, there are a lot of treasures in the Second, Third and Fourth Peaks of the Void Sect, female slaves. With the female disciple, I will stay in the main hall for half an hour.”

“Yes!” Shoufeng elder smiled softly and passed on Ye Gucheng’s order.

Obviously, Ye Gucheng’s reward is false, but revenge is true.

Ersansifeng has always been at odds with them. Now, Ye Gucheng has taken over the world, hasn’t he avenged his private revenge publicly?
