

Worthless connections!

That statement pierced into Su Ruijin's heart.

The man was trying to threaten Su Yimo but he had not expected Su Yimo to tell what he had in mind.

Once he was no longer the chairman of the company, who would give face to him?

As for KangLing and his group, after KangLing's sudden death, all of them actively tried to seek the continuation of collaboration with the Su company. Su Ruijin knew that something must have happened. Maybe that cunning Su Yimo had everything planned out.

"Su Yimo, I will make sure you regret." After Su Ruijin said that, he

looked towards the rest of the Su family members and continued, "I will let you guys know who is the one that could truly bring prosperity to the Su family. And you trashes who follow her will regret in the future"

After Su Ruijin left, the meeting in the company continued. Su Yimo's plan was simple, securing all the existing projects that the Su family has, and wait for an opportunity for breakthrough. No one else dared to have any opinion regarding the matter. After all, their livelihood depends on the company and Su Yimo was the chairman. They should just obey her instructions.

At the same time, Han Jingru was driving his Lamborghini that was just sent back from the factory.

The man was driving towards Rong City.

Rong City was under a hundred kilometre from Yun city and the place was better developed. Moreover, it was showing promising potential to be a first tier city.

There was a very famous temple in Rong City and it would be swarmed by believers during any auspicious dates. It was rumored that the temple master was a reincarnation of some deity and many of the pious believers had strong faith about it. The rest of the worshipers came here simply for a peace of mind.

It was rare to see men in Taoist costumes in temple like this. However, at that moment there

was a young Taoist walking in the small, winding route to the back hill. A lot of people were casting odd gazes on him but the man didn't seem to mind.

"What are you looking at, have you never seen a Taoist worshipping the deities before?"

"If you keep staring, I'll gouge out your eyes!"

"Move away move away, stop blocking my path."

The young Taoist was cussing all his way. After the man finally got to the back hill going through eighteen curving routes, he stopped before a house with green tiles.

That was a desolate place and it

belonged to a forbidden area for the believers. Only the temple master and a few Important personnel knew about this place.

"Master, I am back." The young Taoist sat in front of the green tiled house and he showed no temperament of a Taoist at all. The young man removed his shoes and started rubbing his feet, after that, he even put his fingers in front of his nose and sniffed it with a relish.

"What a tiring journey. However, I met the man that you mentioned and I don't think he is anything special. If I were to fight with him, I dare to say in just three exchanges of blow, he would be kneeling in front of me and grabbing my legs to beg for mercy." The young Taoist

continued.

When the door of the house opened, an old man with snow white hair paced out slowly. He slapped the head of the young Taoist and asked, "Qing Yun, be honest with me, did you do anything stupid?"

The young Taoist named Qing Yun covered his head with a pained expression and said, "Master, I have followed your instructions and simply met him once. I did not say nor do anything. Don't worry."

"Okay." The old man with snow white hair nodded. After that, he took out a jade stone from his pocket and said, "This is an extremely important object. Remember to keep it with care."

When Qing Yun saw that extraordinary jade stone, he knew it wasn't something simple and he hurriedly accepted with a greedy expression, "Master, this looks like good stuff, it must worth a lot of money, right?"

The old man stretched out his hand and he seemed to want to teach Qing Yun a lesson again. However, the young man moved quickly and took two steps back.

"Master, rest assured. I was simply kidding, I will definitely not sell this!"

"Remember, this jade stone is extremely important. Even if you have life-threatening situation, you must not give it to anyone else. This is an important momento. A very consequential moment." The

old man with white hair said.

"Don't worry, this disciple of you is smart. I will not forget it." Qing Yun said with a cheeky smile.

When the old man looked at Qing Yun's fatuous attitude, he sighed and said, "Get back down the mountain and go to Han Jingru. Don't come back anymore."

Qing Yun was stunned and he turned into a serious demeanor, "Master, why am I going to Han Jingru? Didn't you say that you want him dead? And if I were to go, who will be taking care of you?"

"Do I even need you to take care of me? Remember the words of your master, it is best that you can be his friend. If someone were to find

you in the future , this jade stone will be the momento that can prove your identity." The old man said.

Qing Yun was completely puzzled. Becoming friends with Han Jingru? Was the master planning to let him kill him in a stabbing way? But with his abilities, even if he were to catch Han Jingru off guard, the plan might not succeed. Moreover, who would be looking for him and what does that jade stone mean?

"I know that you have a lot of questions. However, you will have your answers in the future. Before that, for your own safety, don't go investigate on anything at all. Just follow the flow." The master said.

"Master, you picked me up And

nurtured me when I was a little boy. And I will not complain if you ask me to do just about anything. But isn't it too much if you ask me not to come back anymore? I still want to be by your side at your deathbed!" Qing Yun said.

The old man kicked him and fumed, "Scram."

The old man went back to his green tiled house. After banging on the door, he spoke from inside, "After you remove your Taoist robe, you can do whatever you want. Don't you think that I didn't know you have always been peeking on those female believers. However, you must know to keep your flesh desires in check. Don't go wrecking your body."

That made Qing Yun exhilarated!

"Master, actually I don't really want to go but I just can't win against your stubbornness. So this obedient disciple of yours will be going now. Don't miss me too much!" After Qing Yun said that, the man fled hurriedly.

When Qing Yun was reaching the temple, he stopped and felt a great evil omen. The man hurriedly ran back.

The moment he returned to the green tiled house, Qing Yun yelled for his master. However, there was none whatsoever reply from the room. That made Qing Yun's heart sank.

When the young man pushed the door open, the first thing he saw

was a pair of leg swinging in mid air.

"Master!!! Who was it!? Who forced you to kill yourself!?" Qing Yun yelled in anguish. He was brought up single-handed by his master. Although Qing Yun was always the mischievous one, the man always treated his master like his father.

He knew that his master was being cornered to death.

"Master, I will definitely avenge you. It doesn't matter who he is, I will make sure he pays." Qing Yun buried the old man in white hair in tears and came down the mountain.

Rong City University.

A young lady with a ponytail, Jiang Ying Ying had her head held low as she was hurrying. The woman seemed to be running away from something. However, the moment she reached the school gate, a few girls stopped her.

"Jiang Ying Ying, why are you in such a hurry? Are you running to prostitute yourself again?"

"What a shock to learn that. A good student like you in school was actually such a slut, earning your school fees through such a method!"

"If you really need money, why not you just tell us? We might be able to help you. Why are you making yourself so cheap?"

"By the way, I heard that your

mother is a maid. She must have a tough time supporting you, right?"

That group of young girls were classmates of Jiang Ying Ying. However, they did not have a good relationship. There had been a lot of scandalous rumors about Jiang Ying Ying and they found a chance to bully her. The group of girls were trying to get Jiang Ying Ying kicked out from the school.

"My mother's occupation has nothing to do with you guys, move away." Jiang Ying Ying said.

"Jiang Ying Ying, I advise that you better don't get out of the school. Now the authorities are making a decision about your incident, maybe they will be expelling you. If you go out during such a sensitive time, aren't you just

proving yourself to them that you are an escort?"

"Exactly, why are you in a hurry to earn money? Why not you wait after the rumors die down?"

"Maybe she is just so poor that she can't afford her three meals already. If she doesn't go and sell herself, do you want her to starve?"

The few girls were covering their mouth and snickering at Jiang Ying Ying. Their words were piercing insult and humiliation towards Jiang Ying Ying.

Jiang Ying Ying had a grim expression. They were the one who slandered her and spread the rumor.

"Jiang Ying Ying, I have a video clip over here, do you want to have a look?" One of the girls took out her phone and opened a video clip.

Although Jiang Ying Ying was quite a distance away from them, she could see the content of the video. That was taken in the dorm while she was changing.

"If I were to unload this to the school's net, do you think it will cause an uproar?" The girl with the phone said with a mouthful smile.

From the angle of the video, it should be taken by her dorm mate in secret.

However, with the current situation, it wasn't important who the culprit was to take the video. If the video were to be uploaded in the school's net, her good name would be ruined.

Jiang Ying Ying's first thought was to charge forward and snatched the phone.

However, right when she approached that girl, another one from the group jumped on her ponytail and pulled her strongly to

throw her to the floor.

"Jiang Ying Ying, you poor thing. We shall give you a chance, as long as you are willing to listen obediently, I'll delete the video. How about that?" The girl with the phone asked Jiang Ying Ying with a smug face.

"Okay. As long as you are willing to delete the video, I will do anything you want." Ying Ying answered with a pale face. She couldn't allow that video to leak, otherwise, this will be haunting her for the rest of her life.

"You said that! I did not force you." The girl with the phone was laughing happily. She had a sweet look but her heart was ugly as sin.

After contemplating for a while,

that girl said, "Kneel down and admit that you are a bitch. I will just take a picture, How about that?"

Jiang Ying Ying wasn't an idiot. If someone were to put titles on the picture she knelt down, she would never be able to get herself clean from the scandalous rumors.

"I do not have any feud with you at all. Why are you doing that to me?" Jiang Ying Ying asked in puzzlement.

"A bitch deserves the hate of everyone. You have defamed the reputation of our school. Do I even need any reason to punish you a little?" The girl said in disdain. As if Jiang Ying Ying was a low life compared to her.

Jiang Ying Ying shook her head and sat on the floor helplessly. If she doesn't agree to her demand, the video would be uploaded in the school net and she would be ruined by the video as well.

However, the picture of her kneeling down would be used by them and caused the scandal to go further.

What should she do?

Jiang Ying Ying felt despair in her life. It didn't matter what choice she went for, it would send her down the cliff.

When Jiang Ying Ying lowered her head and wept, she saw the pair of long legs walking towards her.

"What happened?" A stern man's

voice was heard.

Jiang Ying Ying raised her head and he was a stranger.

"Who are you, what does that have to do with you?" The girl with the phone leered at the man in disdain. If he wanted to play hero, he should at least see if he was capable.

Aside from the few girls, a lot of people were staring at him in curiosity. That was because the man just appeared in a Lamborghini and he caught a lot of attention.

The man that came was Han Jingru. Although he had never met with Jiang Ying Ying, he had seen her picture and remembered her looks from Ho Ting's phone. Han

Jingru was unexpected to see Jiang Ying Ying getting bullied the moment he got to the school.

"Jiang Ying Ying? I am Han Jingru." Han Jingru stretched out his hand towards Jiang Ying Ying and said.

Han Jingru!

Jiang Ying Ying heard her mother mentioning that her boss will be coming to the school and handle her troubles.

However, in Jiang Ying Ying's impression, her boss should be someone in his middle age, how could he be so young? Not only that, he was quite the looker.

"You... Are you brother Jingru?" Jiang Ying Ying asked in disbelief.

Han Jingru smiled and replied, "It is I. Get up first?"

After helping Jiang Ying Ying up, Han Jingru asked, "What happened?"

"She, she has a video of me changing in her phone. That was taken in secret by my dorm mate." Jiang Ying Ying said.

Han Jingru's eyes narrowed and he turned towards the group of girls, "Give me your phone."

"Who do you think you are? I should just give it to you if you ask? What can you do to me if I don't?" The girl raised her chin and asked cockily.

Han Jingru turned back towards Jiang Ying Ying and said, "If you

can't study in this school, I'll change one for you."

The crowd didn't understand what Han Jingru meant by that. The next second, Han Jingru choked on that girl's throat and sneered, "Beating someone in the school gate might cause quite an uproar. Why not you give it to me obediently and I'll let you go?"

The girl didn't expect Han Jingru to get violent. Not only that, he was doing it in public. How could he be so ruthless?

"You... Let me go! Do you know who I am?!" The girl gritted her teeth.

"It isn't important who you are. The most important thing is, you aren't able to challenge me." After

Han Jingru said that, he pulled back his hand, dragged the girl before him and snatched her phone away.

The screen was still showing the ending of the video clip. Han Jingru deleted the video and threw the phone to the floor. After that, he stomped and crushed it.

"I will not be leaving soon. If you are dissatisfied, feel free to look for me anytime." Han Jingru said to the girl and brought Jiang Ying Ying towards his Lamborghini.

"He... He was driving a sports car!?"

"Does that car belongs to him? That was a Lamborghini!"

"Since when did Jiang Ying Ying

know a rich man like that?"

Once the few girls that stopped Jiang Ying Ying's path saw that, their eyes and mouth were widened in shock.

Jiang Ying Ying was taken aback as well. Although Ho Ting said her boss would be coming, Jiang Ying Ying had unexpected her boss to come in a Lamborghini!

How could the rich and young man make a special trip just for her petty trouble? Jiang Ying Ying didn't know how she should thank Han Jingru.

"Brother Jingru, thank you. And sorry for troubling you for something trivial like this." After getting inside the car, Jiang Ying Ying apologized towards Han

Jingru.

"Auntie Ho did not tell me what happened to you previously. Why not you tell me? Why did the school decides to expel you?" Han Jingru asked.

When Jiang Ying Ying recalled that, she was just saddened and her eyes turned misty. "I wanted to lift the burden from my mother's shoulder and I found a part time home tutoring job. My student is a girl in her primary two. One day, I came to her house during the tuition time and she wasn't around. Only her father was at home. He started to grope me and even offered to make me his mistress. I did not agree to that and he even wanted to force himself on me. Fortunately, his wife came home and he accused

me of seducing him. After that, his wife came to look for trouble in the school and the rumors spread."

After pausing for a few seconds, Jiang Ying Ying continued, "Now everyone said that I have smeared the school reputation and so the school authorities decided to expel me. They are having a meeting right now as we talk."

Han Jingru chuckled and said, "Then it seems that I am coming at the right time. Don't cry, since I am here, I will not allow anyone to slander you."

After saying that, Han Jingru started his car and drove into the school.

Unregistered cars weren't allowed

to drive into the school. When the security guards saw that, they planned to stop Han Jingru.

However, the revving engine showed no signs of stopping. When the security guards saw that, they had no choice but to move away and watch stupidly as the Lamborghini drove inside the school area.

"Bloody hell, who was that? Charging right into the school? He isn't respecting the school at all!"

"Didn't Jiang Ying Ying just get into the car earlier? Don't tell me that was Jiang Ying Ying's sugar daddy!"

"Unbelievable, now even the sugar daddy dares to cause trouble in the school. Didn't he know what

kind of people our school's board of directors are?"

"Things will be interesting now. Jiang Ying Ying will definitely get expelled and now her sugar daddy showed up so cockily, they would definitely get it!"

"Exactly. The few directors from the board are all big names in Rong City. That young man thought he was rich and he wanted to avenge Jiang Ying Ying? He is just digging his own grave!"

In the meeting room of the school.

Aside from the Principal and the board of directors, Jiang Ying Ying's tutor and also the couple who's daughter Jiang Ying Ying was tutoring were present.

The tutor was stern with her stance. She knew someone as diligent and hard-working as Jiang Ying Ying would never do something like that.

"Principle, you must investigate this matter properly. You can't accuse a good student like that for things she did not commit." The tutor said.

When Ho Yun heard what the teacher said, she stood up and roared angrily, "Are you telling me it was my husband who slandered her? We are proper businessmen who do huge businesses, and our reputation is very important. Who do you think you are to run your mouth without any evidences?"

Being the instigator of the matter, Ling Shaohui knew all that

happened. However, before Ho Yun, his wife, he didn't dare to admit to his indecent acts. And the man hurriedly said, "Don't you get deceived by her innocent looks, I was the same and I was pity for her since she kept telling me her pitiable situation. She said that her family is poor and she needed money. Otherwise, why would I get seduced and made a mistake?"

They would just say anything to convict Jiang Ying Ying.

The tutor breathed a sigh. The woman was trying her best to appeal for Jiang Ying Ying. At the very least, the good student deserved a proper investigation lest her future was destroyed. However, Ling Shaohui's testimony brought the matter to a conclusion. Jiang Ying Ying's identity meant nothing in front of Ling Shaohui's status. The school would definitely ignore her rights.

"There is no need for further discussions. If you guys don't expel Jiang Ying Ying, I will spread this matter. Don't blame me if you school's reputation was ruined." Ho Yun sneered.

The principal exchanged a look

with the other two directors. Although not all the directors were present, the three of them were enough to decide on a small matter like this.

Expelling an unimportant student with no background and they could minimize the negative impact towards the school. That was the best result the school could hope for.

"All right, we shall leave it like this. I will get ready the notice right away." The principal said.

Ho Yun smirked smugly. However, it was obvious that the woman wasn't satisfied with just that, "This tutor kept trying to defend Jiang Ying Ying. I think she must be an indecent character as well. You should investigate harder.

After all, birds of the same feather flock together. Maybe she is just as guilty as well."

When the tutor heard that, her expression turned grim and she fumed, "What nonsense are you spewing about? How dare you accuse me like that!"

"Nonsense?" Ho Yun argued unapologetically, "If you aren't someone like that, Why are you defending a whore like Jiang Ying Ying? She is already behaving so immorally like this despite her age. When she gets into the society in the future, she would end up being a prostitute and bring negative impact to the society as well."

The tutor was infuriated and her breathing turned heavier. That was

obviously Ling Shaohui's fault. But in Ho Yun's argument, Jiang Ying Ying became a cheap whore and she would even bring negative impacts to the society.

However, the woman was just a small-time teacher and she didn't have the influence to help Jiang Ying Ying.

"Look at you, why not you just be a modest teacher and take your salary quietly? Did you know that I know the board of directors of this school? If you offend me, it is just a trivial matter to fire you." Ho Yun said conceitedly.

At that time, the door to the meeting room was busted open as Han Jingru and Jiang Ying Ying walked inside.

Ho Yun, the principal and even the directors were taken aback. When they saw that it was Jiang Ying Ying, they were just boiling in anger.

"You whore, who allows you to get inside the meeting room? Do you know where is this?" Ho Yun rebuked Jiang Ying Ying.

Jiang Ying Ying was frightened. She had not expected Han Jingru to be so bold, gatecrashing the school and even busted the door to the school meeting room.

"So you guys are discussing to expel Jiang Ying Ying?" Han Jingru asked indifferently.

"You silly brat, who do you think you are? Is this a place for you to butt into?" Ho Yun fumed at Han

Jingru.

"Who is the principal?" Han Jingru simply ignored Ho Yun. The man had seen too many shrews like her and he just couldn't be bothered to waste his time with her.

"I am. Who are you? Why are you barging into the meeting room?" The principal stood up and leered at Han Jingru in annoyance.

"Have you investigated the matter properly before expelling Jiang Ying Ying?" Han Jingru asked sternly.

"This is our school's internal affairs. It has nothing to do with an outsider like you." The principal answered in disdain. How dared a hick like that come in to challenge him? How laughable.

"Jiang Ying Ying is my sister. Since you are expelling her, of course I am involved. And I warn you, nobody has the right to slander her." Han Jingru said.

"Brat," Ling Shaohui stood up with a smug and leered at Han Jingru, "Who do you think you are? Who gave you the right to mess with me? Jiang Ying Ying is already expelled. Do you have the power to stop this?"

Han Jingru turned his head towards Ling Shaohui and said, "Are you the one that took advantage of my sister?"

"You are wrong." Ling Shaohui shook his head and said, "Your sister is the cheap whore who seduced me, she almost made me commit a mistake."

Han Jingru sneered coldly and said, "And the school believe your statement just like that? It seems that you guys had a good relationship."

"Hahaha, I had unexpected you to be a smart one! since you know it now, Shouldn't you get out of this place right now?" Ling Shaohui said. That was an advantage of connections and social status. How could a poor school girl challenges him? Wasn't she digging her own grave?

"And so, Have you guys made the decision or you have decided to reconsider and investigate on the matter?" Han Jingru turned his head towards the three personnels from the school.

Ling Shaohui showed an annoyed

expression and said, "Are you an idiot? Wasting my precious time. Do we even need to investigate on this matter? My testimony is the best evidence."

Han Jingru simply stared at the principal and two directors, and ignored Ling Shaohui.

The principal didn't know who Han Jingru was. However, Ling Shaohui was related to the school's board of directors. Moreover, he had received a call to just slander Jiang Ying Ying. Hence, the decision was final.

"We have made our decision. Since she is your sister, you should just bring her home today." The principal said.

"And does the rest of you share

the same opinion?" Han Jingru looked towards the two directors.

"Brat, I advise you to judge the situation properly and get out right now."

"If you don't know our identity, just go outside and ask around. It doesn't matter who you are, you wouldn't be able to change the outcome of this matter."

The two school directors completely looked down on Han Jingru.

Jiang Ying Ying was intimidated. She was afraid to escalate the matter and cause trouble for Han Jingru. After all, she knew that the school's directors were big names in Rong City. They would get into an even bigger trouble by

offending them.

"Brother Jingru, let's just go." Jiang Ying Ying said with a soft voice.

"At least your sister knows her place. Hurry and get out, otherwise after I remember your look, you wouldn't be able to get off easily." Ling Shaohui said with a conceited smile.

Han Jingru smiled and replied, "Then you group of scumbags will not be able to leave here today."

After saying that, Han Jingru took out his phone.

When Ling Shaohui and the rest saw that, they couldn't help but broke into a laughter.

"This is Rong City. Do you have

something wrong up there? Are you trying to look for your connections over here?"

"Young men, you are just too naïve. Do you think an outsider like you can threaten us?"

"He just wouldn't give up. Let's give him a chance then. He will just regret it later."

The principal and the school directors sat on their seats restfully. And even Ling Shaohui wasn't the least bit worried..

Jiang Ying Ying wasn't from Rong City and her brother most certainly wasn't as well.

The Rong City had an entangled net of connections. Although there was social hierarchy, most

of them knew each other. How could an outsider cause any disturbance?

Once Han Jingru made the phone call, there was a furore outside the school gate after sometime.

"Why did all the school directors come? What is happening?"

"Can it be because of Jiang Ying Ying's incident?"

"How is that possible? How can that petty incident from Jiang Ying Ying mobilized all of the school's directors?"

The directors gathered at the school gate. And the incident was destined to stir Rong City.

The gathering of directors did not

stop.

"That... Is that Ning XingPeng?"

"Damn, even Lu Hongguang came!"

Ning Xingpeng and Lu Hongguang were the top men from Rong City's business world. They were both the most famous people around the city and almost everyone knew about them. Even the school's board of directors had a number of their employees.

"What the... What is happening? That... Wasn't that Bao Jingzhong's car?"

"Look over there, Chen... Even Chen Kaihua is here! The two of them is also the most prominent people from this city!"

"What is happening? How can there be such an uproar to bring all the most important people from Rong City together?"

There were unceasing exclamations of shock in the school gate. Everyone was showing a disbelief expression.

In less than ten minutes, all of the big names in Rong City gathered together. It was comparable to Rong City's annual esteemed people gathering.

However, they had a serious expression on their face. Those spectators just couldn't help but wonder if anything huge had happened.

In the principal's meeting room.

Ling Shaohui was getting impatient already and he asked Han Jingru, "Boy, where is your back up? Why aren't they coming yet? I am getting bored already."

"Why do you want to make things so ugly? Just bring Ying Ying and go. This is not a place for you to fool around." The principal breathed a sigh. He isn't looking down on Han Jingru but he simply treated the man like nothing.

Han Jingru was tapping on the meeting desk with his forefinger as he said, "Don't be hasty. I better hope that you have the appetite to stomach what is coming your way. And if you can't, you better be prepared to handle the consequences."

Jiang Ying Ying was the one that had the toughest time because she was worried to cause trouble for Han Jingru. In her opinion, getting expelled was the best case scenario and she would dread to trouble Han Jingru for her issue. The woman had never once thought that Han Jingru could settle her problem for her.

All of the school directors were high and mighty people in Jiang Ying Ying's eyes. Although Han Jingru seemed to be wealthy, Jiang Ying Ying didn't think that money would be enough to handle this situation.

"I think you don't have to trouble yourself. Just tell your friend that you have offended I, Ling Shaohui and see if they dare to come over." Ling Shaohui said.

Han Jingru continued to tap on the meeting desk and he heard a sound of hurried footsteps outside the door. The man chuckled and replied, "There is no need for that, they have reached."

Ling Shaohui tidied his colors and said, "Just great, let me see who are them."

Ling Shaohui was just acting up but the moment he see the first man that entered the room, he was stunned. Because that director was the one that backed him up. And the rest of those who followed inside completely rendered Ling Shaohui speechless out of shock.

But it didn't stop with just the school directors.

Even Lu Hongguang, Ning Xingpeng, Bao Jingzhong and Chen Kaihua came.

When the four men appeared, Ling Shaohui's knees turned weak.

Even the principal and the two school directors were frightful and didn't dare to speak. Either one from the four was enough to suffocate them. But now, they appeared together.

How could that young man be so mighty to even gather the four greatest man in the city?

"Is this enough?" Han Jingru asked Ling Shaohui.

Ling Shaohui was petrified. The man hurriedly nodded like school boy and he couldn't even speak.

"Principal." Han Jingru looked towards the principal.

"Yes, I'm right here." In the principal answered frightfully.

"Do you plan to investigate this matter or not?" Han Jingru asked.

"Of course, I will make sure to see to the end of this matter and give you a satisfactory answer." The principal beat his own chest and guaranteed. His attitude was a hundred and eighty degrees different from earlier.

Ling Shaohui was despaired. Although he was the one that made the mistake, he simply need to keep his accusations and they wouldn't have anything on him. But now that Han Jingru showed such power and influence, if he

doesn't confessed to his crime, not just him, but even his back would be doomed.

"Ling Shaohui, What actually happened? Hurry and tell the truth!" Ling Shaohui's back up had heard about that incident earlier. The man didn't care about the right or wrong earlier, because it was just a student without any background. Even if she was falsely accused, it wouldn't bring any negative impact.

But right now, things had gotten completely out of hand. Lu, Ning, Bao and Chen had appeared together and just by the one of them could cause a storm in Rong City. And if that man could gather the four of them together with just one phone call, he didn't even dare to imagine what kind of social

status he has.

"I... It was my mistake." Ling Shaohui knelt on the floor immediately and even cried, "I was the one that made attempts on Jiang Ying Ying and slandered her."

Ling Shaohui had no choice but to confess. And he didn't dare to deny his crime. It was simply a matter of time if he were to keep up with his accusation and he would be forced to tell the truth sooner or later.

"Have the three of you heard that clearly? And that was the outcome of your previous investigation?" Han Jingru asked the principal and the two directors coldly.

The group of men was just in

remorse. All three of them knew the truth all too well. After all, Ling Shaohui was a scandalous person and according to Jiang Ying Ying's character, how could she have seduced him?

Previously, they had no choice but to side with Ling Shaohui due to his connections. But who could have guessed that Jiang Ying Ying had an even greater connection?

"Sorry, sorry. There was a mistake in our investigation. Don't worry, we will definitely make sure Jiang Ying Ying's case was brought to justice." The principal said.

"And how do you plan to do that?" Han Jingru asked. Since he came, he would make sure to handle the case properly. If he gives them a chance to drag, things might

change after he leaves.

The principal looked at the others. How should he do it? Did he need to go back on his words and embarrass himself?

The school's decision to expel Jiang Ying Ying was already widely known. If they were to change the decision right now, it would humiliate the school. And if they were to go high profile and change the outcome of Jiang Ying Ying's case, The principal himself would just be embarrassed.

However, judging from Han Jingru's attitude, it was impossible to settle things low-key. After all, even Lu, Ning, Bao and Chen came.

"What are you hesitating over

there? Hurry and come up with a satisfactory decision. Otherwise, you should quit being the principal." Bao Jingzhong rebuked.

"Yes yes yes." The principal wiped the cold sweat on his forehead and glanced over at Han Jingru. The man asked diffidently, "Should we get Ling Shaohui to apologize to Jiang Ying Ying?"

When Bao Jingzhong heard that, he erupted in anger. The man walked towards the principal and gave him a kick to the stomach. He didn't care that the principal was an old man and he fumed, "Is this the solution you can come up with? An apology? You seriously planned to settle this with an apology?"

The principal was so afraid and he

hurriedly shook his head to deny.

Even Chen Kaihua walked forward and said coldly, "An apology is fine. But you need to do it publicly in front of all the students and teachers. I don't care if you would embarrass yourself. But if you can't satisfy Jiang Ying Ying, be prepared to quit your position."

Since the two big bosses stepped forward, the principal didn't dare to defy them. Even Ling Shaohui wasn't protesting.

His back was powerful and he could even do anything his way in Rong City. However, the man knew that this time round he had been barking up the wrong tree. Even Bao Jingzhong and Chen Kaihua needed to obey that man, Ling Shaohui had no choice but to

surrender his fate.

Bao Jingzhong and Chen Kaihua exchanged a look and then turned towards Han Jingru.

They didn't know who that young man was, but the central gave their direct orders to satisfy him. The two of them had no choice but to follow orders.

Han Jingru looked at the frightful young girl and asked, "Ying Ying, what do you think?"

"... Ah!" Jiang Ying Ying came back to her senses and everything seemed just like a dream. In her knowledge, the school directors were all powerful and great people. As for Lu, Ning, Bao and Chen, those people were of legendary status. She had

unexpected Han Jingru to be able to gather the four of them together!

So he really wasn't joking when he said he was able to settle her incident!

And he wasn't impulsive when he gatecrashed the school and barged into the meeting room!

"Brother Jingru, I... I don't know." Jiang Ying Ying had never face such a difficult decision in her life. Moreover, she needed to do it in front of so many important people. The young girl didn't know what to do.

Han Jingru stood up and said, "Since you aren't able to make your decision, allow me."

After saying that, he looked towards the principal and said, "Raise the flag and inform every one of your students to come. Let everyone witness your ugly deeds. Make sure you tell that without leaving a single detail out. If you so much as to leave out one punctuation mark, I will not let you guys off the hook."

The principal had a helpless expression. If that incident were to go public, his reputable image would be destroyed. He just wasn't giving him a way out.

However, if he doesn't do as Han Jingru says. He would be finished as well.

Lu, Ning, Bao and Chen wouldn't let him off.

After the school made a broadcast message, all of the students that were curious gathered in the stadium. In about ten minutes, over thousands of people swarmed in the stadium.

"What is happening?"

"Maybe they are announcing the decision to expel Jiang Ying Ying and publicly condemn her. After all, she had sullied our school's name. How could things end up with just an expel?"

"I heard that the girl was quite the pretty one. Not only that, she looked very innocent. What a surprise that she was actually a scandalous person!"

Those girls who blocked Jiang Ying Ying's path by the school

gate came the earliest and they took the front seats. They were just eager to see Jiang Ying Ying's penalty.

"Jiang Ying Ying that bitch, She thought she can find a young wealthy man to handle this? But it turned out to be an even bigger incident!"

"That bumpkin was so cocky earlier and he even gatecrashed inside the school. Now I bet he had learnt his place!"

"Isn't it enough for the school's board of directors to handle a trash like him? I really don't know what the four most prominent men are doing over here. But I bet that bumpkin was just frightened. It just makes me curious about what he was thinking right now!"

"Was it worth it for a girl like Jiang Ying Ying?"

At that time, Han Jingru and Jiang Ying Ying went up the stage first. The crowd got excited and started to make noises.

"Jiang Ying Ying, you have really given our school a bad name. Hurry and scram!" The girl from earlier started to yell.

And her group of friends joined her as well, condemning Jiang Ying Ying and shaming her. Very soon, the crowd was influenced and incited. More and more people started to point fingers and someone was even shouting something as ridiculous as burning her on the stake.

When Jiang Ying Ying heard those, she was feeling sorrowful. The woman had done nothing wrong yet she needed to face so much condemnation. If Han Jingru didn't step forward to help her, this incident would definitely be a stain on her life.

"Have you guys said enough?" Han Jingru spoke indifferently.

"Of course not, she had done something so shameful and she deserves this condemnation. Being her classmate, I felt ashamed as well!" The girl from earlier said.

Han Jingru sneered coldly. At that time, the board of directors from the school and the men that Han Jingru gathered went out the stage as well.

When the crowd of students saw Ling Shaohui, they felt weird. Ling Shaohui was just showing a pained expression and it did not seem like the man was about to punish Jiang Ying Ying. Not only that, even Lu, Ning, Bao and Chen as well as the rest of the directors

were showing a grim expression.

"Why aren't you kneeling down to apologize yet?" Han Jingru said.

When Ling Shaohui heard that, his knees turned weak and he knelt down immediately. The man acted arrogantly because of the directors backing him up. But now, that director was nothing before that young man.

"Sorry, I was the one that falsely accused you and ruined your good name. Please forgive me." Ling Shaohui spoke towards Jiang Ying Ying.

When the students heard that, they were thrown into a furore.

Ling Shaohui knelt down and apologize to Jiang Ying Ying? How

could that be possible!?

A lot of people even rolled their eyes and they thought they were hallucinating.

"What is happening? Ling Shaohui knelt down and apologize to Jiang Ying Ying?"

"What the heck, what a twist in the story, what actually happened?"

"Did Jiang Ying Ying had some kind of powerful backup? Otherwise, why would Ling Shaohui apologize to her?"

As the crowd continued to gossip about the incident, they started to take notice of Han Jingru.

They had heard about a Lamborghini gatecrashing the

school. And in the plot of their imagination, that impulsive young man would be getting punished. How could he turned things around for Jiang Ying Ying?

"Now tell them what actually happened." Han Jingru said.

Ling Shaohui nodded like a schoolboy and he confessed the incident on how he made Jiang Ying Ying the home tutor and he wanted to rape her. After saying that, it caused another furore in the crowd.

After the rumors of Jiang Ying Ying's incident, everyone instinctively thought the girl was at fault. They were accusing and slandering her for being an escort, a whore. But now she was proven to be the victim.

After announcing the truth, the principal stepped forward and explained that they had done a mistaken investigation. He would be taking up all of the responsibilities and he would even quit his position as the principal. Everyone was shocked by the outcome.

Even the principal was dragged down by this happening!

At that time, even the slowest amongst the student took notice of the strangeness of the happening.

If it was just Ling Shaohui's apology, it simply meant that the truth had prevailed. But now that even the principal was resigning, it was obvious that the consequences were far more

serious and it wasn't as simple as it seemed.

A lot of people started to speculate about Han Jingru's identity. At that time, they started to understand the reason Lu, Ning, Bao and Chen came here today. It was most probably under the orders of that young man.

The girl from earlier had a pale expression. She thought that Lu, Ning, Bao and Chen came to cause trouble for Han Jingru. And it was obviously not the case now. The young man didn't seem to be an ordinary wealthy youth.

The girl was rich as well. Otherwise, she wouldn't be able to bribe Jiang Ying Ying's dorm mate to take video of her while she was changing. And now that even the

four most powerful people in the city were backing her up, she didn't dare to imagine the consequences if Jiang Ying Ying wanted to find fault.

The girl sneaked out from the crowd and made a call home, "Dad, I might have gotten myself into some trouble."

"My darling, even if the sky were to fall, daddy will be able to protect you. Don't worry." The voice over the call was calm. The father did not seem to be worried about his daughter causing trouble at all.

"But, but this is quite serious. The person that I offended might be Rong city's Lu, Ning, Bao and Chen..."

"Wha... What!? Who again?!" the

man over the phone was riled immediately.

"Lu Hongguang, Ning Xingpeng, Bao Jingzhong and Chen Kaihua."

"Shen Dan, what have you done?!" the father roared angrily over the phone. He pampered his daughter and gave her everything since she was a little girl. However, he had unexpected Shen Dan to cause such a huge trouble.

Lu, Ning, Bao and Chen were the greatest people in the city. The Shen family couldn't even afford to offend either one of them. But now the daughter offended all four of them together. Was she trying to bring her own family to doom?

"Dad, sorry. I didn't want it as well

but I didn't expect him to be so powerful." Shen Dan sobbed.

After the confession, the truth was told and prevailed. And the rumors targeting Jiang Ying Ying were terminated as well. The students were just infuriated and they were pissed at how the principal handled the situation. Fortunately the man had resigned and he could calm the crowd a little. And according to Bai and Chen, The school will be more careful about situations like this in the future and this incident was concluded.

Jiang Ying Ying looked at Han Jingru with misty eyes. She didn't know how or what she could do to repay Han Jingru. The man had helped her tremendously and it seemed that she just couldn't do anything to repay his help.

"Brother Jingru, thank you so much." Jiang Ying Ying said.

Han Jingru tapped on Jiang Ying Ying's shoulder and said, "It is just a small matter, you don't have to feel burdened. Auntie Ho had a tough time bringing you up, you should make sure to treat her well in the future."

Jiang Ying Ying kept nodding as she broke into tears and couldn't say a word.

After Han Jingru got down the stage, he took out his phone.

"Thank you for your help, I owe you one." Han Jingru said.

"I am just happy that you found me for help. However, I will remember this favor." Shiyan said.

Han Jingru wasn't able to mobilize such a great influence in Rong City. After all, he had never gotten himself involved over here. However, it was a different story for the Han family.

"Who else know about this incident?" Han Jingru asked.

"Don't worry. I have asked someone else to relay the message and no one know that this is related to the Han family." Shiyan said.

"That's good. If there isn't anything else, let's leave it like this."

"Repay your favor during the Chinese New Year. Bring her home and let me take a look." Shiyan said.

Han Jingru was stunned.

Go home?

That was just a strangest word for him.

Home in Yan Jing?

Han Jingru no longer treated that place as his home for a long while now.

"We will talk about it then." After Han Jingru said that, he didn't give Shiyan any chance to talk back and he hung up the call.

Jiang Ying Ying followed after Han Jingru. Right after Han Jingru put his phone back into his pocket, the young girl spoke to Han Jingru, "Brother Jingru, let me treat you for a meal."

"Sure, I am just getting hungry."
Han Jingru rubbed his stomach and said, "But let me be the one to pay."

"How can that be? You have helped me tremendously and how can I let you pay for the meal." Han Jingru had come all the way to Rong City to get her out of trouble. Just simple words of thanks wouldn't be able to show her sincerity. Even a meal wasn't enough. However, that was already the best out of her current abilities.

"When you have a holiday, you should come to Yun city and treat me for a meal. At that time, I will make sure to make your pocket bleed! And do you really plan to bring a rich guy like me to eat by the roadside?" Han Jingru

pretended to complain.

With Jiang Ying Ying's current financial ability, she wasn't able to treat Han Jingru for an expensive meal. Therefore, she just couldn't argue with the man.

There were a lot of hawker stalls and restaurants outside the school. Both high-ends and low ends ones. After all, they needed to cater to the needs of different students.

Right after they sat inside the restaurant, a girl walked towards the two of them with an apologetic face.

"Liang Hong, why did you betray me?" The moment Jiang Ying Ying saw her, she was roused. That Liang Hong was her dorm mate.

And she was the only one present in her room when Ying Ying was changing.

"Ying Ying, sorry. Shen Dan was the one that forced me to do that. If I don't do it, she wouldn't let me go. You know that she is very rich, how do I dare to offend her?" After Liang Hong took the picture and received the pay, she was suffering in her conscience as well. In addition of Jiang Ying Ying getting her name cleared and the power Han Jingru displayed, the friend had no choice but to apologize to Jiang Ying Ying.

"You betrayed me just because she threatened you? I thought of you as my best friend and you treated me that way? How could you live with that?" Jiang Ying Ying was boiling in anger. She was even more upset by this than getting slandered. Because she was the closest to Liang Hong in the entire dormitory. The both of them shared a similar background of single-parenthood, they had been appreciating the company of each other all this while. Jiang Ying Ying even treated Liang Hong as her real sister. And if her friend had any trouble, Jiang Ying Ying would even help her and starved herself. And it was beyond her wildest dream that Liang Hong would harm her.

Liang Hong knew that she had wronged Jiang Ying Ying and she

sobbed, "Ying Ying, I am sorry. Please forgive me."

"Just go, we are no longer friends from now on." Jiang Ying Ying said.

"Ying Ying... I..." Liang Hong was hesitant to speak. The words were right at her first but she was unable to say it. The friend knew that she had no right to ask for forgiveness.

At that time, there was a middle aged man that rushed into the restaurant. He seemed to be anxious and covered in sweat. Not only that, Shen Dan was following right beside him. He was none other than Shen Dan's father, Shen Bin.

After the father came to the

school, Shen Dan had told him everything. When Shen Bin heard what his daughter had done, he almost had a heart attack.

A young man that could even mobilize the four most prominent people in Rong city was a mammoth to him. The man knew that he couldn't afford to offend Han Jingru and he needed to seek his forgiveness as soon as possible.

When Shen Bin saw Han Jingru and Jiang Ying Ying, he hurried to the dining table and bowed respectfully, "Mister, I brought my daughter here to apologize to Jiang Ying Ying. She had made an impulsive mistake and I beg for your forgiveness."

Han Jingru acted as if he saw

nothing and simply picked food for Jiang Ying Ying and said, "Make sure you eat more. You have been wronged so much, make sure you eat it all back."

When Shen Bin saw that Han Jingru ignored him, the man continued to say, "The Shen family is willing to take up our responsibility and we will not run away. Please tell me if you have any demands and I will try my best to do it."

"If you come to apologize, you have to be sincere." Han Jingru said and he didn't even cast another look at Shen Bin.

Shen Bin's heart sunken and he gritted his teeth towards Shen Dan and said, "What are you doing? Hurry and kneel!"

"Dad..." Shen Dan wasn't able to accept kneeling down in public. She was an egoistic woman and she had grown up being spoiled. The little girl had never done anything so humiliating like that.

"Cut your nonsense, I asked you to kneel." Shen Bin glared at Shen Dan furiously. The young man before them could deliver a deadly blow to the Shen family with just one word. If they didn't do what he said and satisfied him, the Shen family would be doomed.

Shen Dan had a helpless expression. She took a glance at Han Jingru and knelt before him.

"What else do you want?" Shen Bin asked.

"Are you sure you have shown

enough sincerity?" Han Jingru asked back.

Shen Bin was stunned and he gnashed his teeth. The man wasn't a nobody in Rong City. And in terms of seniority, he was an elder to Han Jingru. Was he expecting him to kneel as well?

However, the moment he recalled Han Jingru could mobilize Lu, Ning, Bao and Chen, he gave up. If even the four most prominent people showed up under his command. Who was he, Shen Bin in comparison?

Thud

And Shen Bin knelt down as well.

Han Jingru spoke to the nervous Jiang Ying Ying and said, "Don't be

nervous. Just eat. If anyone dares to exact revenge on you, I'll make sure his entire family falls to the deepest abyss."

When Shen Bin heard that, his body tensed up. Han Jingru was obviously warning him.

"In the future... From now on, Jiang Ying Ying is the most esteemed guest of the Shen family. I will treat her with my utmost respect. If anyone dares to bully her, I, Shen Bin will make sure to protect her." Shen Bin said.

Han Jingru smiled as he heard that. That Shen Bin was truly a shrewd one. Han Jingru said that to find Ying Ying a backup in this city lest something like this happen again. After all, she still needed to study in Rong City.

As they were eating, the Shen family father and daughter continued to kneel. All until Han Jingru and Jiang Ying Ying left the restaurant, the two of them were helped by the waitresses to get up as their legs were just numbed.

"Dad, is this matter really settled?" Shen Dan asked frightfully.

Shen Bin breathed a sigh and said, "Since he didn't say anything else, he shouldn't be causing trouble for the Shen family anymore. But who is that young man? How could he has such powerful influence?"

Shen Bin wasn't able to guess his identity. To be able to mobilize all four of Lu, Ning, Bao and Chen must meant he had a much greater status. And how great would that even be?

"Dad, I want to marry him." Shen Dan said suddenly.

Shen Bin was stunned and he shook his head immediately, "I know that you want to marry into a wealthy family. But someone like that was too far above the Shen family. You wouldn't be able to match him and he wouldn't even cast another look at you. Just give up on that."

Shen Dan lowered her head helplessly. The young girl said that out of impulse. After she gave it another thought, she knew the impossibility of the thought. She was a rich young lady. But she was nothing in comparison to Han Jingru.

After getting out of the restaurant, Han Jingru brought Jiang Ying

Ying to the school gate and said to her, "If you want to work part-time, you can go to Shen Bin's company. I think he wouldn't be causing any trouble for you."

"Brother Jingru, thank you for helping me so much!" Jiang Ying Ying said.

"And how many times have you said that? Even if you are not sick of that, my ears are tired. Don't say that anymore." Han Jingru said.

Aside from thanking Han Jingru, Jiang Ying Ying really didn't know how she should thank Han Jingru. Therefore, the girl couldn't help but repeating it over and over again. After she heard what Han Jingru said, she nodded, "When I get my holiday, I'll make sure to work hard in my part time and

treat you for a meal!"

"I shall look forward to that. Make sure you work hard enough. I don't go to cheap places." Han Jingru tidied his collar comically and continued, "After all, I am a rich fellow who drives a Lamborghini!"

When Jiang Ying Ying saw Han Jingru's act, she couldn't help but broke into a chuckle, "Brother Jingru, stop pretending. I know you are different from the other wealthy people."

Han Jingru made a serious face and asked, "What now? Don't I look rich?"

"No." Jiang Ying Ying answered straightforwardly.

Han Jingru gave her an eye roll. It

seemed that he really didn't have the face of a wealthy person. He couldn't even act like one.

"Go back to class now. I want to look around Rong City. After all, this is my first time and I wish to bring some gift back for my wife." Han Jingru said.

Jiang Ying Ying stared at Han Jingru in disbelief and she exclaimed, "Brother Jingru, you... You are married?"

"Yeah, my marriage life is good and my life is good. See you~" Han Jingru turned around and waved goodbye to Jiang Ying Ying. Han Jingru knew that a young girl like that might easily fall for him if he was careless. Therefore, the man said that purposely to stop that from

happening. And of course, he might be just overthinking as well.

After Jiang Ying Ying watched Han Jingru drove away, she went back into the school lifelessly.

He was so young, how could he be married?

Rong City had been developing immensely for the past few years. There were just skyscrapers being built all around and the city was very close in being a top tier city. Probably in just two or three years, it would officially get into the mist of first tier cities.

Han Jingru had never come to this place before but the man was considering to spread his influence into this place as well.

If it were in the past, Han Jingru might not have such a thought. After all, his objective was to replace and surpass the Han family.

But right now, Han Jingru knew that the Han family had a secret and powerful foe. Not only that, the enemy might be holding his grandfather's life. Han Jingru had no choice but to get himself stronger and stronger in the shortest time.

If his grandpa was still alive, he would do anything to save the man. He was the only one that worth Han Jingru's affection in the Han family. Han Xiuzhi was the one who relied on nothing but both of his hands to create the legacy of the Han family and brought it to prosperity. Han

Jingru didn't just love the man but he admired him greatly as well. In his mind, his grandfather was just his idol.

Terra prison, what kind of place was that? He had mobilized all of his connections but he still didn't get any information about the place at all.

Did he really have no choice but to wait for the enemy to show up to his doorstep?

According to what Mole said, nobody knew the exact location of Terra. Even the convicts were brought by Terra's personnel personally. And even the most important figurehead of a nation was unable to get any substantial information about Terra.

As Han Jingru drove to the most bustling commercial street, his Lamborghini attracted a lot of attention. After he parked his car, a lady in a sexy outfit sashayed towards him.

She had a tall and slender body, almost perfect in any sense. Not only that, she had beautiful look as well. Her subtle make up was graceful and completely unlike those cheap woman with heavy make-ups.

"No one in your passenger seat? I happened to be free tonight, why not you treat me for dinner?" The woman said as she threw a wink to Han Jingru.

Han Jingru examined her from head to toe and answered, "I am the driver."

When the woman heard that, her expression changed immediately. She gritted her teeth and fumed, "Wasted my time. Why didn't you tell me earlier that you are just a stupid driver?"

"Should I hang a sign on my neck saying that I am the driver?" Han Jingru chuckled helplessly.

However, that woman was no longer interested in him. She simply turned away to leave and

couldn't be bothered to say another word.

"Sigh~" Han Jingru breathed a sigh. That was the harsh reality of the society. The woman seemed to be an elegant beauty yet her heart was ugly as sin. She was willing to do just anything for money.

"Damn it, bro, you have wasted your golden opportunity! You could have taken that woman easily, yet you wasted your chance!" Someone beside Han Jingru complained in frustration.

Han Jingru turned to his side. Although the man had changed into a different outfit, he could still remember this man.

"It's you."

"Bloody hell, it is you!" Qing Yun looked at Han Jingru with a shocked expression.

"What are you doing here instead of swindling with your divination?" Han Jingru asked with a frown. This man had pretended to be a Taoist previously and he came up with a 'destiny' speech that made Han Jingru feel that he was a swindler. And now Han Jingru was surprised to see him in Rong City.

"What am I doing? Why not you take a look at the street?" Qing Yun said.

Han Jingru took a careful look around but there wasn't anything special. The man asked in puzzlement, "What about the street?"

"Look at all those alluring women in tiny clothings. Are you visually impaired?" Qing Yun rolled his eyes back.

Han Jingru was rendered speechless. So he was indeed, a swindler.

"Don't you know that this is the most bustling street in Rong City? Isn't it just the feast to the eyes to look at beauties over here? Take a look over there, so many fair and long legs. Where else could you find such a nice sight? Not only that, there are many Internet celebrities came from here." Qing Yun said with a longing face.

"You con artist, why aren't you swindling people? Can you fill your stomach by looking at beautiful girls?" Han Jingru asked.

The moment Qing Yun heard that, he instinctively rubbed his stomach and it growled loudly. The man put his arm around Han Jingru's shoulder and acted very neighborly, "You and I are destined to meet. Do you want me to give you a divination?"

"You want to foretell my romantic encounters? Luck and career? Or what I am about to treat you to eat?" Han Jingru said.

When Qing Yun was exposed, he wasn't the least bit awkward and he continued, "Since you said it, I know there is a famous restaurant in the end of this street. With your financial ability, you shouldn't have any problem at all, Lambo bro."

"And why should I treat you for a meal?" Han Jingru asked.

"Because of your perfect and strong built, handsome and gorgeous look, extraordinary self-control, all rich and talented, charming and likable, classy and striking. Is it enough?" Qing Yun blabbered in one go.

When Han Jingru heard that random and Insincere compliments, he was rendered speechless. When the man took off his Taoist robe, he became an entirely different person. He was no different than a street hooligan.

"But what does it have to do with you? Me being awesome is my personal matter." Han Jingru said.

"Wow, bro, your face is even thicker than mine. Just by this, the both of us are brothers. Let's go, I'll bring you over there." Qing Yun

wrapped his arms around Han Jingru's shoulder. He didn't care if Han Jingru agrees or not and brought him away.

When they came to the restaurant Qing Yun talked about, Han Jingru was speechless again. A broke and poor Taoist like him dares to come to such a high class restaurant to eat? There weren't any dishes lower than four figures in the menu.

"Bro, I am Qing Yun. What is your name?" Qing Yun asked Han Jingru as he was making his orders.

"Han Jingru." After saying that, Han Jingru asked in puzzlement, "You are so broke that you can't even afford a proper meal. Yet you dare to eat in a place like this?"

"Brother Jingru, that is not cool at all. If I go and swindle... *Cough Cough* perform divination, I could make enough money. I don't think I have any trouble coming here once every half a year." Qing Yun said.

Han Jingru was rendered completely speechless and he just couldn't describe this hooligan in Taoist robe.

Qing Yun ordered almost 10 dishes in one go. And the bill would be a minimum of five figures.

When the man was eating, he stuffed everything in his throat as fast as possible. Han Jingru simply stared at him quietly. And the rest of the customers in the restaurant leered at him in

disdain.

"You don't have to be in such a hurry. At least you should care about your own image." Han Jingru reminded him.

Qing Yun shook his head immediately and answered, "One should only mind their image in front of a woman. Why should I do that in front of good food?"

In less than ten minutes, Qing Yun finished with a loud burp. At that time, he noticed that Han Jingru hadn't moved his chopstick at all and he said, "Hurry and eat. Why aren't you eating?"

"And what should I eat?" Han Jingru looked at the empty plate and said with a jumping eyelid.

Qing Yun sighed and spoke to him in an educating tone, "Brother Jingru, do you know what is this called?"

"And what do you have to say again?" Han Jingru asked in perturbation.

"If you are slower, you can't even eat a warm shit. However, I guess it doesn't matter for you. After all, you are guilty rich." Qing Yun said.

Talking about something like that after the meal was just... Han Jingru just couldn't comprehend what kind of junk was in his head.

"Now that you are satisfied, I believe our destiny is done." Han Jingru stood up to pay the bills. Although he lost a little money, he didn't want to lose more time by

being calculative with a swindler like him.

Qing Yun continued to follow behind Han Jingru as he got out the restaurant. He was like a haunting ghost.

"What do you want now?" Han Jingru asked in puzzlement.

"Bro, from today onwards, you are my big bro. As long as you give the word, I will do anything you ask!" Qing Yun hugged his fists and said with a solemn expression.

"Does all those from your line act this way?" Han Jingru spoke speechlessly. Qing Yun was just random and unpredictable. Han Jingru felt that he just couldn't keep up with his thought.

"Big bro, you have misunderstood and this is a discrimination towards my career. However, I don't plan to be a Taoist anymore. Let me follow you." Qing Yun said.

"Go away." Han Jingru said. Spending more time with a crazy man like that would get him crazy as well. It is best to stay as far as possible away from him.

But Qing Yun continued to follow after Han Jingru shamelessly and he was persistent in persuading him, "Bro, how can someone awesome like you don't have an underling to serve you around? Don't worry, aside from physical labor, I can do just about anything!"

Han Jingru stopped his steps and turned back raising his fist

threateningly, "If you continue to follow me, do you believe I will make you puke out everything you just ate with this fist?"

Qing Yun took a few steps back in fright and said, "Bro, I have always have a weakly and sickly body ever since my childhood.

Sometimes I even wonder that if I was made by paper. If you hit me, you might have to do CPR on me and called for help. Why trouble yourself like that?"

Han Jingru lowered his arm helplessly. How did he even get entangled with a fellow like that? It seemed that it could be difficult to shake off a chewing gum like him.

"Why not I call you big brother and you let me go?" Han Jingru asked.

"How can we do that? I don't have any money with me and how can I be your big bro?" While Qing Yun replied, his eyes were ogling around and the man seemed to be up to mischief again.

"Hey beauty, my big bro is driving a Lamborghini, do you want to join us for a ride?"

"Hello sexy, Lamborghini test drive. Free for you, do you want it?"

"My bro is very rich, do you need a boyfriend?"

Whenever a woman or lady walked past Qing Yun, he harassed them with similar questions. Han Jingru felt so embarrassed that he wanted to hide. Where did that crazy fellow

come from!?

"You are just a stupid driver, how dare you cheat around like that? How disgusting!" At that time, the slender woman from earlier looked over and scorned at Han Jingru in disdain.

When Qing Yun heard that, the self proclaimed underling was offended and he said, "You better watch your tongue. My big brother isn't a driver but he simply isn't interested with your looks of wonder."

"You... Are you saying that I am ugly!?" The slender woman gnashed her teeth.

Qing Yun rubbed his nose and said, "I wouldn't say you are ugly, but with someone of my big bro's

level, it is just normal that he couldn't be interested in you."

Han Jingru couldn't let that fellow cause trouble anymore and he hurried forward, "Qing Yun, do you really want to try what does a CPR feels like on you?"

"Stupid driver, your stupid friend had offended me. Just you wait!"
The slender woman fumed.

Han Jingru didn't want to cause trouble and he dragged Qing Yun away.

However, Qing Yun was obviously unwilling to let go and the man was still cussing away: Plastic surgery face, liposuction legs and all kinds of insults. Han Jingru could see that the woman was almost puke in blood of anger.

"Bro, I had unexpected you to be treating me so good. You are afraid that I got into trouble and that was why you drag me away? Don't worry, the woman like that is just too good with her mouth and she wouldn't be able to do anything." Qing Yun said with a smile.

Han Jingru glared at Qing Yun with a cold gaze. Treating him

well, if that fellow were to bring him into trouble, Han Jingru wouldn't even blink if he was beaten to death.

When Qing Yun felt the cold chill from Han Jingru, he shivered uncontrollably and said, "Bro, if you didn't like my showy style, how about I tone it down a little in the future?"

Han Jingru drew a deep breath and said, "Why are you so desperate to follow after me?"

"To fill my stomach." Qing Yun said unhesitantly.

"And aside from that?" Han Jingru continued to ask.

"Bro, despite my age, I have never ever tasted a girl. If you are kind

enough, you can find me a girlfriend as well." Qing Yun said.

"Okay, I'll let you stay by my side. But don't blame me for not reminding you, if you betray me, what awaits you is death." Han Jingru said coldly.

Qing Yun chuckled, "Bro, how can I betray you? Don't worry, someone like me don't have any ambition in life. If I can have a full stomach and a place to stay, even better yet, a woman to warm my bed, I would be satisfied."

The reason Han Jingru agreed to Qing Yun was not just because of his shamelessness. There was one more thing, Qing Yun seemed to have no weight as he walked, but everything was just a pretense he put up. Han Jingru knew that

he was doing that on purpose to hide his power.

In Han Jingru's opinion, He was most definitely not an ordinary person. And he must have some kind of objective to try so hard to stay by his side.

Since he came with an objective, Han Jingru would think of a way to expose him.

"Bro, there is a good place in Rong City. Do you want me to bring you over to that place?" Qing Yun said.

"What kind of good place?"

"It is still early. And you will know it when the sky turns dark. You will not be disappointed~" Qing Yun said mysteriously.

After the sky turned dark, Qing Yun brought Han Jingru to the door of a nightclub. Han Jingru was rendered speechless again. The man was just uninterested to go into a noisy place like that.

"And this is a good place you talked about?" Han Jingru asked.

Qing Yun hugged Han Jingru's shoulder and said, "There are countless beauties inside. This place is famous for having beautiful girls."

"You are a swindling Taoist, how can you be so familiar with things like this?" Han Jingru said.

"Bro, I am a fake one. How can I not be interested in women?"

After getting into the nightclub,

they saw the group of wild figures dancing in trance under the deafening heavy metal music. However, there were indeed a lot of women and it was just a good hunting ground.

"Ning Yu, I happened to meet an idiot today and I don't know where he comes from. Can you avenge me?"

And that was a conversation in a seat in the first floor. Only a VIP from this club could book a place over here. Ning Yu has spent more than a hundred thousand monthly over here and became one of the highest class VIP in this nightclub. And the woman that spoke was Qiu Mu, the woman that got insulted by Qing Yun horribly that afternoon.

Qiu Mu and Ning Yu knew each other for a long time already. The woman had always tried to be the girlfriend of Ning Yu. However, Ning Yu was just a scandalous man and he was only interested in new girls. The man had never gotten himself an official girlfriend. Although they had already slept together, after the first experience, Ning Yu was no longer interested in her. If she wasn't shameless enough to wait for him outside the club every day, she wouldn't even have the right to get to the first floor.

In Ning Yu's heart, Qiu Mu wasn't even a spare tyre. The only reason he did not cut ties with Qiu Mu was because the woman had a very good friend. Ning Yu had tried everything but failed to win her.

"I don't mind to help. But you have to convince your best friend to have a meal with me." Ning Yu said.

When Qiu Mu heard that, she was frustrated. The woman thought that the reason she couldn't be Ning Yu's girlfriend was because of her best friend. However, she didn't dare to break off the friendship with her best friend because she knew that she might not even have the chance to even sit together with Ning Yu.

"Ning Yu, she didn't have a better body or face than me, so which part of hers did you favor?" Qiu Mu asked.

"I haven't gotten a taste of her and how can I stand it?" Ning Yu laughed.

"Sure. If you are willing to help me, I'll help you. Now I am staying together with her. Just a little trick and you will be able to have her." Qiu Mu said.

Ning Yu rubbed his chin and said with narrow eyes, "Then isn't she like a dead fish?"

"Isn't a dead fish better than nothing?"

When Ning Yu heard that, he broke into a laughter, "That made sense. She is just unlucky to have a best friend like you. Alright now, tell me who offended you?"

"A fellow that drives a Lamborghini. He seemed to be a driver but the car plate isn't local." Qiu Mu said.

"Not long ago?" Ning Yu's eyebrows knitted closely. The Ning family was powerful and influential in Rong City. But he knew he must be careful outside Rong City. Moreover, if the man could drive a Lamborghini, it proved that he came from a wealthy background as well.

It just wasn't good to offend a passing dragon.

"Ning Yu, don't tell me you plan to go back on your words? And don't tell me if there is someone even you, master Ning doesn't dare to challenge?" Qiu Mu incited the man.

Ning Yu leered at Qiu Mu and said, "Bitch, are you looking down on me, Ning Yu?"

Qiu Mu moved back in fright and said, "Ning Yu, that wasn't what I mean. You are so great, how can there be anyone you can't challenge?"

"It is troublesome if he isn't local. However, it isn't a big issue as well." Ning Yu said.

At that time, Qiu Mu tensed up suddenly. Weren't the two men sat before the bar counter the two men she met earlier?

"Ning Yu, it is them. What a coincidence, now they are just saving us the trouble to look for them!" Qiu Mu pointed at the two men down the bar counter and said.

Ning Yu stood up and went forward. Although the man

couldn't examine their looks from the dimmed lights properly, they didn't seem to be anyone he knew.

"Let's go and avenge you. And while we are at it, let's get your best friend done in the same night as well." Ning Yu said with a chuckle.

Qiu Mu stood up excitedly and the woman had already thought about how to create trouble for Han Jingru and Qing Yun.

She would make sure to beat up the man that insulted her. As for Han Jingru that drove his boss' car out and wasted her time, she would get him to kneel and apologize.

In front of the bar, Qing Yun ordered two cocktails familiarly.

From the look of him, it didn't seem that this is his first time. And Han Jingru was assured that the man wasn't an ordinary person.

If he was simply a swindling Taoist, how could he have any money to visit a place like this?

"I don't drink alcohol, give me a glass of ice water. Thank you." Han Jingru spoke to the female bartender behind the bar counter.

The bartender was surprised. She had never seen someone who doesn't drink in the nightclub.

"We would be charging for the ice water as well." The bartender said.

Han Jingru nodded and took out some cash and shoved it inside

the bartender lady's cleavage.

"Bro, it seems that you are a frequent visitor. You are far more experienced than me!" When Qing Yun saw that, he said with a laughter.

Han Jingru had seen how people gave tips in Mojo. Even if the man wasn't experienced, he had seen enough.

At that time, Han Jingru felt someone slapping the back of his head suddenly.

As he turned around, he saw Ning Yu hugging Qiu Mu and said tauntingly, "Hey dude, you are quite the gutsy one to harass my girl."

Han Jingru took a look at Qiu Mu

and glared at Qing Yun. If it wasn't for that fellow, why would they get into such a trouble?

"It was a misunderstanding. I simply met your girl once today." Han Jingru said.

Ning Yu raised both of his hands suddenly and the music in the nightclub stopped.

"What is happening?"

"DJ, are you crazy? Can't you see that I am having fun?!"

"F**k you! are you trying to get fired!?"

The customers in the nightclub were infuriated and they started cussing.

"Anyone with objection may speak it to my face." Ning Yu raised his voice and said.

When the group of customers saw Ning Yu, all of them shut their mouth.

"Master Ning, sorry about that, we didn't know it was you."

"Master Ning has business to do, hurry and open the lights!"

"Open the lights, open the lights!"

When Han Jingru saw that, he smiled bitterly. That young man who they called master Ning seemed to have an important position in Rong City. Otherwise, he wouldn't be revered by almost everyone in the nightclub.

Master Ning?

Wasn't the most powerful Ning family in Rong City Ning Xingpeng?

"Don't tell... Is your father Ning Xingpeng?" Han Jingru asked.

Han Jingru's words made Ning Yu laughed hard, "I had unexpected a country bumpkin like you from outside the city to know me. If that's the case, you should already know what kind of consequences await you, right?"

"Before you talk about that, why not you give Ning Xingpeng a call and ask him what kind of consequence awaits me?" Han Jingru said. He came to Rong City to settle the problem for Jiang Ying Ying, and then take a look around. The man didn't want to trouble himself with any trouble and he didn't want to have any conflict with Ning Xingpeng. After all, the man had provided help in Jiang Ying Ying's incident.

"Give my dad a call?" Ning Yu sneered, "Who do you think you

are? Do you expect my dad to teach someone like you a lesson? Myself is enough."

"Master Ning, how can someone like you go to your hands? Why not I help you to beat him up?"

"Master Ning, let me do it, I will make sure this kid learns his lesson!"

"Allow me allow me, I can handle this kind of trash with just one hand."

A lot of people were volunteering from the crowd. Doing the hard work for Ning Yu might just be the opportunity to get closer to the man. If they could just promote themselves to be a pawn for Ning Yu, their lives would definitely have a tremendous change. They

just couldn't resist the temptation to have a better life following this rich young master.

"Bro, it seems that you don't have a likable face at all. So many people wanting to beat you up!" Ning Yu laughed mockingly. Such was his influence in Rong City. The man simply needed to raise his hand and he could have hundreds of men dying to help him.

"Bro, my stomach hurts.. Can I go to the toilet for a while?" When Qing Yun saw that things get sour, he wanted to flee.

Although Han Jingru could fight, there were just too many people inside the nightclub. The man alone wouldn't be able to overpower the difference in

quantity. Not only that, he might just end up in trouble.

Now that he was in disadvantage, he had no choice but to consider giving in.

"What do you want?" Han Jingru asked.

When Ning Yu saw Han Jingru conceding, he scoffed in disdain, "You don't even have any pride as the man at all. Don't you want to put up a good fight?"

Han Jingru smiled bitterly and said, "You have so many helpers here, how could I win?"

"At the very least you know your place. Just kneel and apologize to my girl and I will let you go today." Ning Yu said.

Qiu Mu raised her chin and leered at Han Jingru while smirking in disdain, "Stupid driver, now you finally know the consequences of offending me."

Qiu Mu looked just like a triumphant bitch as she barks with her conceited face. Han Jingru simply sneered and spoke towards Qing Yun, "You were the one that caused this trouble, See to it yourself."

Qing Yun was just frustrated and he said with a pained expression, "Bro, my stomach really hurts."

"You have two choices. Apologize or fight our way out. What do you think?" There was mirth in Han Jingru's eyes. This situation was probably insufficient to force Qing Yun to show his hands. However,

Han Jingru would be able to observe his character through this experience.

If he had chosen to kneel and apologize, Han Jingru would be taken by surprise and he would be vigilant around that person.

Qing Yun did not hesitate for even a moment and he knelt down immediately and spoke to Qiu Mu, "My great beauty, I am to blame and I made a mistake. But I suppose someone as pretty as a goddess like you wouldn't trouble yourself with someone pathetic like me. Just let me go."

Han Jingru drew a deep breath. What a wile wolf with stratagem. He seemed to be a difficult problem.

When Qiu Mu saw Qing Yun kneeling, she felt just like a goddess and being exalted.

"What about you?" Qiu Mu asked Han Jingru.

Han Jingru looked at Ning Yu and said, "Young master Ning, I think you should know where to stop. But if you insist to play the game, I'll keep you entertained."

Ning Yu looked at him with a frown. If Han Jingru knew his identity and dared to say something like that, it seemed that he had some kind of important social status as well.

Although the young man didn't seem to come from Rong City and Ning Yu wouldn't be afraid of him, it wasn't Ning Yu's style to cause

trouble for himself for a woman. Moreover, one of them had already knelt down and apologize and they had conceded. There was no point to escalate the matter.

"Bro, I am in a good mood today and I shall let you go this time. However, I advise you to best leave Rong City. Otherwise, you wouldn't be so lucky the next time." Ning Yu said.

Since Han Jingru didn't apologize, Qiu Mu didn't feel good enough and the woman just wouldn't relent. She purred to Ning Yu, "Ning Yu, he offended me as well, how could you..."

"Qiu Mu, am I making the calls here or are you?" Ning Yu said coldly.

When Qiu Mu saw that Ning Yu was getting angry, she lowered her head fearfully and said, "You, of course."

"Since I am the one making the call, if you keep blabbering, I'll beat you up." Ning Yu said.

"Yes, I understand." Qiu Mu answered frightfully.

"Just scram." Ning Yu spoke to Han Jingru.

"Master Ning asked you to scram, what are you doing standing there?"

"Hurry and scram, do not ever appear in this place anymore. Otherwise, all of us wouldn't let you go!"

"Trash, make sure you be careful next time. Master Ning isn't someone you can offend."

In the waves of mocking and insults, Han Jingru brought Qing Yun and left the nightclub.

Qing Yun had an annoyed expression and complained to Han Jingru, "Bro, this is the first day I become your underling and you make me embarrassed like that. Aren't you afraid that I'll run away?"

"The road is open, hurry and run." Han Jingru said.

"Hehe," Qing Yun giggled uncaringly and said, "Bro, actually this humiliation is nothing at all. Isn't that just kneeling and apologize? Easy as pie!"

Qing Yun had guile and resolution to conceal himself. Han Jingru knew that he was bringing a time bomb around him. However, his objectives might just opened new doors for Han Jingru. Therefore, the man was willing to keep Qing Yun despite the danger he would bring.

The both of them found a hotel nearby and rest inside. In the nightclub, since Ning Yu interrupted the customers in the nightclub, he paid for the entire night for everyone to show his apology. That pushed the atmosphere in the nightclub to the peak.

Qiu Mu was feeling great but a little regretful. After all, she didn't manage to make Han Jingru kneel and apologize to her. The woman

just felt that something was missing.

"Qiu Mu, you must make sure to deliver the night." Ning Yu spoke to Qiu Mu.

"Ning Yu, don't worry. I will definitely deliver what I promised." After Qiu Mu said that, she hesitated for a while and continued, "But what else do I get?"

Slap!

Ning Yu slapped Qiu Mu hard and sneered, "Qiu Mu, who do you think you are? Do you have the right to negotiate with me?"

Qiu Mu covered her pulsing face. The woman knew that she wouldn't be able to get together

with Ning Yu and she wanted to take this chance to get a good deal for herself. However, She hadn't expected Ning Yu to show such a huge reaction and she hurriedly said, "Sorry Ning Yu, I was simply blabbering and please don't get serious."

"Scram. I'll contact you at twelve o'clock later. If you can't make it happen, don't blame me for throwing you down the Dragon Bridge." Ning Yu said.

When Qiu Mu heard that, the woman trembled in fear. The place under the Dragon bridge was a gathering place of homeless men. Two years ago, two women from outside got lost and wandered to Dragon Bridge and they got gang raped by over a dozen homeless men. That made a huge news in

Rong City but since too many people were involved and the police couldn't come up with strong evidences, this matter remained unsolved.

There was a saying in Rong City, after ten o'clock, a woman should never get anywhere near Dragon Bridge. Because that place would turn into hell for them.

Qiu Mu dared not to imagine what would happen to her if she was left over there.

"I'll go back right now. Just wait for my good news." Qiu Mu said.

After leaving the nightclub, Qiu Mu noticed the familiar Lamborghini parking not far away. Due to her anger and resentment towards Han Jingru, Qiu Mu walked

towards the car and give it a good kick.

The poor Lamborghini just came out from the factory and it got injured again. It was probably the most unfortunate luxurious car amongst its peers.

In the hotel.

Han Jingru still didn't know that his car was damaged again. Right when he was going to bed, his doorbell rang.

When he opened the door, it was a stranger with a respectful smile. He delivered an invitation card to Han Jingru.

"What is this?" Han Jingru asked in puzzlement.

"Mr. Han, this is an invitation card for the gathering. Mr. Lu asked me to send this for you."

Mr. Lu, Lu Hongguang?

Han Jingru took a look at the invitation card and it seemed to be something like a businessman gathering. It should be a gathering for the esteemed socialites and the organiser was Lu Hongguang. With his social status in Rong City, it was obvious that only the people from the highest hierarchy could attend.

"Mr. Lu said that Mr. Han must be sure to go."

"Okay." Han Jingru didn't want to turn down their sincerity and he accepted the invitation.

Lu Hongguang would be organizing a gathering for the esteemed socialites annually. Aside from increasing the influence in Rong City, he could also secure his personal connections.

The two giants from the business world in Rong City, the Lu and Ning family seemed to be closely associated with each other but the competition between the two family was great in secret. Both of them wanted to be the better of the other. As the saying goes, there couldn't be two kings in one place. In order for them to compete against each other, they needed to strengthen themselves and also gather supporters.

As a result, the business world in Rong City were divided into two

distinctive forces. And the social gathering was to strengthen the connections.

And of course, not just those from the business world but even those in the governing sectors were invited. The deep and entangled connections were sensitive and not to be pried upon. Otherwise, a lot of people might just get into trouble.

Early the next day, after having breakfast with Qing Yun, Han Jingru planned to drive to the hotel of the gathering. But when the man walked to his car, he laughed bitterly.

"My bro, you have suffered much again." When Han Jingru saw the dent by his driver's door, he mumbled to himself powerlessly.

"Crap, who did that!? This is a Lamborghini! How could they damage it like that? Bro, you must make sure to investigate and dig out the culprit!" Qing Yun said shockingly.

"Are you trying to cause trouble again? Go and call for a cab." Han Jingru glared at Qing Yun and said.

After Han Jingru's previous experience, he understood how women hold grudges. Therefore, he didn't need to think hard to know who was the person that did it. He should blame himself for simply parking the car by the roadside. Had he parked the car into the car park in the hotel, this wouldn't have happened.

After Qing Yun grabbed a cab,

They went to Lufeng hotel. Looking from the name, Han Jingru guessed that it should be Lu Hongguang's asset. And it wasn't a shocking news for a businessman as rich as that to have a hotel to his own.

"Sir, are the two of you going to Lufeng Hotel to camp?" After getting into the cab, the cab driver asked enthusiastically.

"What do you mean by camp?" Qing Yun asked curiously.

"Lu Hongguang would be organizing a business gathering at this day yearly, inviting all of the biggest names in Rong City. Aren't you guys going to camp over there to seek for some sort of business opportunities?" The crowd driver asked with a smile.

"Old man, you have looked down on us. We are participating in the gathering." Qing Yun said conceitedly.

"Participating in the gathering?" The cab driver looked at the two from the rearview mirror and laughed, "Sir, are the two of you joking with me? I have never seen or heard anyone participating local gang's gathering in a cab. If you just take a look outside the hotel entrance, you will see that there will be no car below one million dollars."

"Old man, I am really not kidding with you. Lu Hongguang was the one that sent someone to deliver the invitation personally." Qing Yun said In annoyance.

The cab driver showed a thumbs

up towards Qing Yun and said, "I have seen people bluffing but this is the first time I see someone bluffing so well. I am just impressed."

Qing Yun still wanted to argue but Han Jingru stopped him. because it didn't matter what Qing Yun said, the driver wouldn't be believing him.

After reaching Lufeng Hotel, Han Jingru did noticed that there were a lot of campers. They were probably there to wait for their own business targets. From that observation, Lu Hongguang's gathering seemed to be very impressive and influential.

After Han Jingru and Qing Yun got down from the cab, The driver did not leave immediately. He wanted

to see Qing Yun's bluff getting exposed and the two of them got kicked out from the hotel.

However, he did not see what he expected to see, Han Jingru and Qing Yun was escorted into the hotel.

"Bloody hell, he wasn't bluffing!"
The cab driver had a shocked expression and exclaimed, "What kind of people have I met. They were just too low profile!"

After getting inside the hotel, Han Jingru and Qing Yun were led to the gathering in the top floor. After the person who delivered the invitation card sent them to the lift, He said, "Mr. Han, if you need anything at all, just look for me."

Before Han Jingru, Qing Yun

opened his mouth and said, "I am Mr. Qing."

The man was stunned for a while and he gritted Qing Yun awkwardly, "Mr. Qing."

Qing Yun smiled in contentment and said, "Go and do your stuff. We will look for you if we need anything."

"A swindler is a swindler Indeed. You don't have any trouble putting on an act." Han Jingru spoke to Qing Yun while shaking his head.

Qing Yun stuck out his chest and said with a gentlemanly tone, "Bro, there is an important skill to carry oneself."

"What?" Han Jingru asked in curiosity.

"Even if you don't have a single cent in your pocket, you have to act like a millionaire. Otherwise, people might just look down on you." Qing Yun answered.

"With a face like yours, even if I give you ten million, you wouldn't look like a wealthy person. What is the point of pretending?" Han Jingru scoffed.

Qing Yun was discouraged and he lowered his head and said, "Bro, thank you for taking the good effort to give me such a blow."

"You are welcome. If you need it again, feel free to ask." After saying that, Han Jingru was surprised. He had only associated with Qing Yun for one day and he started talking that way. As expected of a bad influence.

When Han Jingru looked around, everyone was a stranger in the party. But the man knew that these people were all VIP in Rong City. According to the situation in Rong City, these people that had a good relationship with Lu Hongguang must be having a bad relationship with Ning Xingpeng. After all, Han Jingru knew that there couldn't be two power of the same calibre in the same place without fierce competition.

Han Jingru was able to dissect the situation in business perspective. Ever since he was ten years old, the man had been getting himself familiar with the business world. He had witnessed a lot of secret fight and also silent war. The man understood the impact of a war in business.

However, even if these people were under the same group with Lu Hongguang, they had quite a vast difference in status and business line. The best proof was that they gather in groups according to the business class and social status. Even if it was the same business industry, it would create several smaller groups.

The society was always like that. A larger circle over a smaller circle, and also containing several different circles. It would take a great deal to step out and emerge from every bigger circle.

After Han Jingru found a seat in the corner, the man glanced around like a predator and assessed the situation before him.

The cab driver mentioned that a lot of people would be camping outside the hotel. However, this phenomena didn't occur just outside but also inside the hotel. It was simply by different method and objective.

Most of the waitresses in the gathering were female and they generally had good looks and body. They had a uniform of tight dress that insinuated their enticing body figure. These women wasn't the workers from the hotel but they came on ad hoc employment. Their objectives were simple: Find a wealthy man and be their girlfriend, mistress, secret lover or plaything. As long as they could get associated with someone rich, it was considered a success.

Qiu Mu was one of them. The woman was wearing the exact same uniform and wearing a crystal high heels. However, the guile woman made special efforts to make adjustments on her collar and showed off her prideful body.

As she was holding a plate of cocktails, Qiu Mu glanced around to hunt for her target. The woman's focus was very simple. As long as the target doesn't have a female partner and that will do. She wouldn't care about their age and looks. She convinced herself that she simply needs to shut her eyes for a while and she could get all kinds of branded clothes and bags. Why should she complain about the details?

When Qiu Mu saw Han Jingru and Qing Yun, she gnashed her teeth.

How could the two of them sneaked into such a high class gathering!

"I hadn't expected two trashes like you guys can sneak inside. Now that you are exposed, you should hurry and scam. Otherwise, I'll get the security to throw you out!" Qiu Mu walked towards the two and said threateningly.

Han Jingru hadn't thought to see someone he knows, an enemy at that and he said, "You have your own interest. Why not we just keep out of each other's ways?"

"Hmph, I came in through proper channel, unlike the two of you sneaking in. How can we be on equal ground?" Qiu Mu said smugly.

"Coming in through proper channel to find your target? Big sis, isn't your taste just too unrefined? Why not you take a look around, can you even find someone that isn't going bald? Can you stomach old meat like those?" Qing Yun giggled mockingly.

Qiu Mu's expression changed and she sneered, "That has nothing to do with you. Even if they are old, they are much better than trashes like the two of you. Since you refused to go, don't blame me. It happens that I am still not satisfied yesterday!"

After saying that, Qiu Mu took a glass of cocktail and sprayed it on Han Jingru's face and yelled, "Security, security, we have two trashes sneaking in! they did not

have any invitation card, hurry and drag them out!"

The security in this place was very tight. The moment they heard Qiu Mu, a few huge man hurried over.

"Sir, please show me your invitation card." The security head asked that from Han Jingru.

"I don't have it." Han Jingru showed his open palm and said.

"You don't have it?" The security head knitted his eyebrows sternly. Even if they have used Lu Hongguang's invitation card, it had a keepsake value. Because this invitation card signified an honor in Rong City. To be worthy to join Lu Hongguang's social gathering was something to be proud of. Therefore, a lot of people would keep the invitation card carefully. The young men before him said that he didn't have it and that simply meant that he didn't receive an invitation card.

"He sneaked in. Hurry and kick

him out." Qiu Mu sneered.

The security looked at Qiu Mu. If it wasn't for this woman yelling so loudly, the other guests in the room wouldn't have looked over here. If Lu Hongguang were to find out about that, the man might lose his job. Worst case scenario, he would even have a hard time in Rong City in the future.

"You two, don't be causing a scene over here. Just follow me outside quietly. Otherwise, I can't guarantee if the two of you wouldn't get hurt." The security head said.

Han Jingru remained calm as a Hindu cow and he said, "Although I don't have the invitation card, I came under Lu Hong Guang's personal invitation. Before you get

me out, you should seek his instruction."

"I have unexpected a driver like you to be able to bluff like that. Lu Hongguang invited you personally? Who do you think you are? What makes you think you are worth that?" Qiu Mu sneered in disdain.

"This is none of your business. Shut up." The security head fumed at Qiu Mu.

The woman was offended. She felt that she was doing it for the better of the gathering to expose Han Jingru and she just didn't understand the security head's feeling. The man was in charge of the security of the hall. If his higher ups were to know that he allowed someone to sneak into

the party, he would just get penalised.

"Please." The security head showed a gesture to ask them out.

Han Jingru continued to remain unmoving and said, "If I were to go, you would get into an even worse situation. Why not you go and double check if I have the right to be here or not."

The security head drew a deep breath. According to previous times, Lu Hongguang would be appearing at this hour. If he continued to keep these people here, his negligence would be found out.

"I will say this one last time. I hope that you don't make it difficult for me and also yourself." Security

head said.

"Why are you so stubborn? Why can't you just go and double check. If you really kick us out, I am just afraid that you will regret it later." Qing Yun stood up and said with his chin raised.

When Qiu Mu saw the two of them refusing to go, she was secretly elated. The bigger the ruckus they caused, the more trouble and embarrassment Han Jingru would get himself into. The woman was happy to see that.

Amongst the crowd, Qiu Mu realized that Ning Yu was looking over here as well. As long as Ning Yu stepped forward, she could easily expose Han Jingru and Qing Yun and the security head wouldn't hesitate to bring them up

with violent manners.

"Don't listen to the two of them. Young master Ning knew the two of them. He knows what kind of trash they are." Qiu Mu said.

Ning Yu simply wanted to be a bystander to enjoy the drama. Not only that, he attended this party to check things out for Ning Xingpeng, see who was the connections to Lu Hongguang. In another word, Ning Yu was just a spy over here. Now that Qiu Mu attracted attention towards him, he gritted his teeth hatefully.

"Ning Yu, do you know the two of them? Who are they? If they are simply trashes who sneaked inside, you should testify to that and kick them out."

"Ning Yu, this is the party of your uncle Lu, go take a look."

"Don't tell me the two of them are your friends?"

When Ning Yu heard that, he had no choice but to step forward. The man glared at Qiu Mu furiously and said, "Dear all, I do know the two of them. However, they are not my friends. And I, Ning Yu will not have trashes like this as my friend."

At that time, no one saw that Lu Hongguang had walked into the hall.

When his assistant noticed that, he said, "President Lu, it seemed that a misunderstanding is happening. Let me go clear things up."

Lu Hongguang grabbed his assistant's arm. The man had a grim expression as he contemplated for a while and said, "Leave them be. Step in after things escalated."

The assistant was puzzled. Didn't Lu Hongguang treat that young man like his esteemed guest? Why didn't he solve the trouble he was in?

The assistant just wouldn't be able to get the minds of someone like Lu Hongguang.

After competing with Ning Xingpeng so many years, they were almost equally matched. Lu Hongguang had never gotten the upper hand and he had never seen an opportunity as well.

However, what happened over there was just the breakthrough for Lu Hongguang.

He didn't know Han Jingru's identity but he was aware that Han Jingru had a very strong background. If Ning Yu were to offend him, it would be equal to Ning Xingpeng offending him!

That was a golden opportunity. How could someone as cunning as Lu Hongguang miss it?

"With young master Ning as our witness, I believe I do not need to reaffirm your identities. Do you want to leave yourself or do you want me to do that for you?" The security head asked Han Jingru.

Han Jingru looked at Ning Yu and said indifferently, "Ning Yu, I do

not have whatsoever conflict with you. And whatever happens right now has nothing to do with you."

"Of course you have nothing to do with me. I simply couldn't stand a trash like you to ruin uncle Lu's gathering. Just take a look around," Ning Yu pointed around and continued, "all of these people are great people in Rong City. Who do you think you are? And who gives you the right to be in the same place as them?"

That speech had not only derided Han Jingru but also exalted the rest of the guests. That was Ning Yu's tactic to show face to the guests in the gathering indirectly.

When the crowd heard Ning Yu, Almost all of them smiled smugly. Although they were all in Lu

Hongguang's team, Nothing stopped them from feeling a sense of acknowledgement by Ning Yu.

"Ning Yu, the outsiders said that you are young and arrogant. It seems that it wasn't all true."

"Exactly, I think they just have too many prejudices against a rich younger generation like you."

"Those are just rumors. It is just rare to see a young man as prudent as you."

Flattery was always an exchange. Since Ning Yu showed them face, It was only natural for them to return the favor.

Ning Yu had unexpected it to have such an unexpected reward today,

getting the favor of the crowd. The man would have an easier time approaching them in the future. If Ning Xingpeng were to find out about that, the father would definitely give him a few million pocket money again.

"All of you are elders that I respect greatly. Therefore, allow me to kick this trash in your place." After Ning Yu said that, he turned towards Han Jingru and rebuked, "Get out yourself. Do you think trashes like you has the right to stay here?"

"What can you do if we refuse to go?" Qing Yun yelled back.

Ning Yu had a malicious expression and he sneered, "So you refused to leave? Then let's see what you can do!"

When Qing Yun saw Ning Yu walking towards him, he hurriedly hid behind Han Jingru and said, "Bro, you must remember to protect me. I am just a fragile weakling. If he were to get me, I might just have to spend the next decade in the hospital."

When Ning Yu saw Qing Yun hiding, he placed his palm on Han Jingru's shoulder and pulled with great force. The man was preparing to drag Han Jingru out.

However, even as Ning Yu used all of his strength, he still couldn't move Han Jingru one bit. The man just felt that Han Jingru was standing like a mountain.

"You just wouldn't give up, right?" Ning Yu barked with needed teeth.

"I believe that is more suitable to describe you." Han Jingru answered.

Ning Yu was infuriated and he raised his fist towards Han Jingru and yelled, "F**k you. You bring this upon yourself!"

When the bystanders saw that, they all shook their head in a sigh. In their eyes, Han Jingru was just too stubborn and he just didn't know his place. If he continued to offend Ning Yu, could he leave this place unscathed? The man could save himself just by leaving obediently. Now that he forced Ning Yu to take action, he would be embarrassed and also injured. Why the foolishness?

When the fist hurled towards Han Jingru's face, the man simply

moved his head a little and the fist blushed by his face by millimetres. And after that he kicked on Ning Yu's stomach.

Ning Yu yelled in great pain as he backed off several steps and fell to the floor.

"You... How dare you f**ker dare to hit me!" Ning Yu roared angrily at Han Jingru. The man grew up bullying others and no one ever challenged him, moreover, hit him!

He pushed himself up wobblingly and said hatefully, "Today, I don't care who you are and I will make you spend the rest of your life on a wheelchair."

Qiu Mu was grabbing her palms in excitement. Now that Ning Yu had gotten into a personal feud with Han Jingru, she was just elated. She wanted to let that driver know what awaits him after he offended her.

"How dare you even hit Ning Yu? Don't you know his identity?" Qiu Mu stirred it further. She ran towards Ning Yu and pretended to be caring.

Ning Yu had completely lost his rationality and he was filled by rage. The man just wanted to kill Han Jingru on the spot.

The security guards had unexpected Han Jingru to raise his hand towards Ning Yu. Although the Ning family was the opponent of Lu Hongguang, but if

Ning Yu were to get injured in Lufeng hotel, how were they supposed to answer to Ning Xingpeng?

The few security guards charged forward and wanted to subdue Han Jingru. However, there was a stern voice from behind the crowd.

"What are you guys doing!?" Lu Hongguang entered in the most appropriate timing. Ning Yu offended Han Jingru and no one else were involved.

"President Lu."

"President Lu."

"President Lu."

Everyone greeted the man

respectfully. Lu Hongguang walked towards the security head and asked sternly, "What is happening?"

The security head was just frightful and he was just regretful that he wasn't able to hide his negligence. The man lowered his head and said, "Sorry, President Lu. I have made a mistake and let someone without invitation card inside."

The assistant looked over at Lu Hongguang and said towards the security head, "Mr. Han is President Lu's important guest. I have helped him to keep the invitation card. How could there be no invitation card?"

After saying that, the assistant took out that invitation card.

When the crowd saw that, they were taken aback.

Lu Hongguang had three types of invitation card and that signified the guests' class. The card the assistant held was black with golden frames and that was the highest class invitation card. It had been several years since he last used it.

"Black gold invitation card!"

"How can it be the black gold invitation card?!"

"President Lu had not been using that for many years already!"

But that young man was worthy for that invitation card!

The security head were stupefied.

The man had only heard about that Invitation card and never seen it. It was just too rare and too high class that almost no one ever got it.

"President... President Lu, forgive me. I really don't know about that and I made a mistake." The security head lowered his head and said anxiously.

Qiu Mu was stupefied. She had no doubt that Han Jingru sneaked inside. But now it turned out that Han Jingru was invited in the most respected way!

Wasn't he just a driver? Why did Lu Hongguang show him such great respect?!

At that time, Ning Yu walked towards Lu Hongguang gritting his

teeth.

That high class invitation card was only good enough to surprise the crowd. Being the young master of the Ning family, also the son of Ning Xingpeng, he did not need to show face to that invitation card.

"Uncle Lu, your esteemed guest is quite the daring one to even hit me. Shouldn't you give me an explanation?" Ning Yu said coldly.

Lu Hongguang leered at Ning Yu in disdain and said, "Ning Yu, you have been participating in my party every year and I know your objective. I simply shut an eye and let you be. However, today you offended my most esteemed guest and you demand for an explanation? Aren't you too

ruthless?"

"Uncle Lu, what do you mean?"
Ning Yu had a grim face. He didn't believe that Lu Hongguang dared to openly oppose him. After all, that would mean declaring war with Ning Xingpeng.

"Let me give your father a call. This is not something you can handle and you better start praying." After saying that, Lu Hongguang took out his phone and called Ning Xingpeng.

"Ning Xingpeng, your son is causing trouble at my place. Come over yourself and settle it."
Lu Hongguang said.

When Ning Xingpeng heard that, he sneered and said, "How can that silly brat cause trouble in your

place and disrespect you? Why not you help me to teach him a lesson? You are his elder and I don't believe he dares to defy you."

"Ning Xingpeng, maybe you don't understand the gravity of the situation. I advise you to come here personally." Lu Hongguang answered coldly.

Ning Xingpeng's eyebrows knitted closely. In his opinion, even if Ning Yu were to cause trouble, it would be just petty issues. The father knew his own son well. Now that Lu Hongguang was being so forceful, could he be simply trying to cause trouble in this matter?

"Lu Hongguang, you don't have to push so far. Don't tell me you are cheap enough to cause trouble for me with something as petty as

that. Don't you know that there is just no point?" Ning Xingpeng answered in disdain.

Lu Hongguang's lips curled up. The man had anticipated Ning Xingpeng to react like that. Even if Ning Yu were to burn his Lufeng Hotel down, Ning Xingpeng wouldn't care. Maybe the man would even compliments Ning Yu when he gets home. However, the conflict today had involved something entirely different.

"Ning Xingpeng, I am simply giving you my friendly advice. I had went through a lot of trouble to invite Mr. Han. But your son got into a conflict with him and I just can't settle the matter myself." Lu Hongguang said.

"Mr. Han? Who did you say?!" Ning

Xingpeng jumped up from his chair and he had an frightful expression on his face.

"Who else? See you." After saying that, Lu Hongguang hung up the call.

Ning Xingpeng was overcome with fear. Mr. Han, Han Jingru!

Who else could it be but Han Jingru?

Ning Yu that unfilial son, how dared he offend Han Jingru!!

Ning Xingpeng lowered his gaze and saw his hands trembling uncontrollably. He didn't know who that Han Jingru was.

However, the man's power was unmatched in Rong City. Not just the Ning family, but even if they

were to join hands with Lu family, it meant nothing before him.

"Get the car, we are going to Lufeng Hotel!" Ning Xingpeng yelled for his driver.

After hanging up the phone, Lu Hongguang spoke towards Ning Yu, "Your father will be coming very soon. You should start thinking on how you will be explaining to him."

Ning Yu grinned with a conceited expression. When his father came, Lu Hongguang would be the one to give him an explanation.

Qiu Mu was shocked. But after she heard what Lu Hongguang said, she was relieved. As long as Ning Xingpeng comes, everything would be settled. What if the man

was Lu Hongguang's guest? The man wouldn't dare to offend Ning Xingpeng for him.

As the two giants were about to clash, the spectating crowd was just excited. They even felt that the two nemesis might just have a showdown today.

Lu Hongguang walked towards Han Jingru and said apologetically, "Mr. Han, sorry that I came late and caused this misunderstanding."

Han Jingru's eyes lit up and he said indifferently, "Did you really come late, or did you come in the perfect timing? Lu Hongguang, how can someone as cunning as you fail to bring Ning Xingpeng down?"

When Lu Hongguang heard that, he was shocked and he hurriedly said, "I was really busying myself with something else earlier. Mr. Han, please don't misunderstand me."

Han Jingru simply sneered. From the moment Lu Hongguang call Ning Xingpeng, Han Jingru had understood his intention. He knew that the man must have known what happened and he purposely didn't show up.

Lu Hongguang wanted to use him to go against the Ning family. That was actually a good idea.

"Your strategy was not bad. However, using me like a tool was your biggest mistake." Han Jingru said coldly.

Lu Hongguang's back was drenched in cold sweat the moment he heard that. However, with what happened, he had no choice but to deny it. Otherwise, both of the giant in Rong City would be brought down in one night.

In less than ten minutes, Ning Xingpeng came and that meant the show was about to begin.

When Ning Xingpeng was on his way, he was still hopeful, hoping that the Mr. Han Lu Hongguang mentioned wasn't Han Jingru.

Although he knew that the possibility wasn't high, if he didn't think like that, he would be despaired.

However, despair would come late instead of not showing up.

The moment Ning Xingpeng saw Han Jingru, his heart sank.

"Dad, you finally came. Lu Hongguang's guest hit me and the man wanted to hold me responsible. You must avenge me." Ning Yu said.

Ning Xingpeng looked at Han Jingru frightfully and drew a deep breath. After that, the father punched Ning Yu on the face and roared, "You wretched son, do you want to destroy our Ning family!?"

It was beyond Ning Yu wildest dream that the first thing Ning Xingpeng came was to give him a punch, as if he did a mistake.

Not just Ning Yu, but everyone else were perturbed.

Ning Xingpeng was well known for cosseting his son. A lot of people had fallen victim to Ning Yu and the father wouldn't care for right and wrong and he would take the side with Ning Yu. The most serious one time, Ning Yu offended someone from the Central and Ning Xingpeng even spent a fortune to settle the incident. However, this time round Ning Xingpeng's attitude was completely different.

In others' eyes, that was the battle of the giants. After all, the conflict was between the 2 giants in Rong City. The Lu family was powerful but the Ning family was a close competition as well.

Ning Xingpeng giving Ning Yu a punch might just be a trick. After punishing his son, he would stand on a higher moral ground to condemn Lu Hongguang.

When the spectating crowd saw that tactic, they were just amazed. After all, It should take someone like Ning Xingpeng's wits to come up with such a method.

But when they saw Ning Xingpeng walking towards Han Jingru and not Lu Hongguang, they were a little taken aback.

Could he be planning to teach the young man a lesson before finding fault with Lu Hongguang?

"Ning Xingpeng was truly a strategist and schemer. I just couldn't understand what is going on in his mind!"

"If you could do that, would you have such a lowly social status?"

"It is justifiable that Ning Xingpeng could bring the Ning family to such prosperity. Let's just look carefully. I am just keen to see what is in his bag. Maybe Lu Hongguang would be the one apologizing today!"

When the crowd was speculating, Ning Xingpeng had stood in front of Han Jingru. However, what he did was beyond everyone's

expectation. The man bowed and lowered his head.

"Mr. Han, my son is at fault in this matter. Let me apologize in his place." Ning Xingpeng said.

When the crowd heard that, it was like water flowing into a boiling pot of oil!

Ning Xingpeng did not punish the young man and he even apologized to him? What was happening!?

Almost everyone in the hall rubbed their eyes in disbelief, thinking that they had seen wrongly. However, the reality did not change.

Ning Xingpeng was apologizing. Not only that, he was bowing and

holding his head low!

"This... What is happening?"

"Ning Xingpeng apologized!? That was unheard of! Did he hurt his head?"

"You group of dull-witted people. Can't you see that Ning Xingpeng is afraid of the young man?"

"Who is he? To be Lu Hongguang's most esteemed guest and also intimidated Ning Xingpeng like that. We have someone so great in Rong City?"

The crowd was exclaiming in shock. Aside from disbelief, they were also curious about Han Jingru's identity.

Even the two giants seemed to be

lower than him. That kind of social status was beyond their comprehension.

"Yesterday your son asked me to kneel and apologize. I decided to let him go to give you face. But he came causing trouble for me again today. You obviously do not know how to teach your kids, do you want me to do it in your place?" Han Jingru asked indifferently.

When Ning Xingpeng heard that, he felt a cold shudder down his spine. That cursed child even offended Han Jingru yesterday! The man even graciously gave him a chance but why did he cause further trouble again!

"Mr. Han, it is my failure as a father. Please give me a chance

and I will make sure to make him learn his lesson." Ning Xingpeng said.

Ning Yu was stupefied. He had never seen Ning Xingpeng lowering himself so much. How could that young man has any might at all to make his father apologize?

"Dad, what are you doing? Why are you apologizing to him? With our family's power, do you really need to be afraid of him?" Ning Yu walked towards Ning Xingpeng and said in irritation.

The Ning family had the greatest social status in Rong City. They did not need to fear anyone. Ever since Ning Yu was a little boy, he never needed to hold back his ego. When he was still in school,

he dared to barge into the principal's office and beat up the man. After that, nothing happened to him but the principal retired before term. That had proved the Ning family's power. And Ning Yu came to realize that he wouldn't need to be afraid of anyone. A wealthy young man from outside the city? Wasn't that just another insect?

When Ning Xingpeng heard Ning Yu, he almost erupted in anger. The father was trying everything to solve the matter but Ning Yu continued to escalate the matter.

The young man before him might not even need to be afraid of the entire Rong City in whole.

"You cursed kid, what nonsense are you talking about!? Hurry and

apologize to Mr. Han!" Ning Xingpeng gnashed his teeth and barked.

"No, that is impossible. I will not be apologizing to this trash! Dad, since when are you afraid of offending Lu Hongguang?" Ning Yu said in disdain. Until that very moment, he still thought that the reason his father acted that way was because of Lu Hongguang.

But in his opinion, why should they be afraid of Lu Hongguang? He had never seen his father putting Lu Hongguang highly at all.

Ning Xingpeng was overcome with rage and he slapped Ning Yu's face and grabbed his hair. The father fumed, "Kneel before Mr. Han and apologize!"

At that moment, Ning Xingpeng was high strung as if he was walking on thin ice. And underneath the thin layer of ice was the deepest abyss. If he were to fall, his entire family would be doomed.

Ning Yu couldn't understand Ning Xingpeng's feeling. And he didn't get what Ning Xingpeng was afraid about. The young man was egoistic and arrogant, how could he kneel so easily?

Ning Yu would rather die than to give in!

"Dad, I don't know why are you acting so crazy today. But if you want me to kneel before this trash, that is impossible!" Ning Yu said coldly.

Trash?

Ning Xingpeng broke into a laughter out of anger. How could Ning Yu have any right to say Han Jingru was a trash? In Han Jingru's eyes, everyone in the room were trash!

Thud!

Ning Xingpeng knelt down and spoke frightfully to Han Jingru, "Mr. Han, it is all my fault. I had spoiled my son and made him such an arrogant brat. Please give me a chance to teach him."

The entire hall was pin drop silence. Even the silent gossiping stopped. Because everyone's eyes were widened as they stared at Ning Xingpeng kneeling.

If it was simply making Ning Yu apologize, they could still accept it. But if Ning Xingpeng knelt personally, that had went beyond their understanding and imagination.

What kind of person could make Ning Xingpeng kneel?

Even if Bao Jingzhong and Chen Kaihua were to come, Ning Xingpeng could carry himself on equal terms with them.

Did that mean even if Bao Jingzhong and Chen Kaihua were to come, they needed to humble themselves before Han Jingru?

The answer to that question was answered soon. Because Bao Jingzhong and Chen Kaihua came to the gathering as well.

Due to their sensitive position, they had never participated in such business gathering before. However, something huge happened today and they had no choice but to make an appearance.

When Han Jingru saw Bao Jingzhong and Chen Kaihua, his eyebrows lowered in irritation as he looked towards Lu Hongguang.

It was obvious that Lu Hongguang was the person who contacted them. The man just wanted to escalate the matter as much as possible!

When Lu Hongguang felt Han Jingru's gaze, he lowered his head and didn't dare to make eye contact.

The man was trying to escalate the matter to make the entire room know that Ning Xingpeng offended someone great. And those that belonged to Ning Xingpeng's group would be decisive to sever the ties with the Ning family, lest they get involved.

That was Lu Hongguang's plot. He wanted to take that opportunity to bring the Ning family down once and for all. Even if that could possibly offend Han Jingru, he decided to take the risk.

"Mr. Han."

"Mr. Han."

Bao Jingzhong and Chen Kaihua walked towards Han Jingru and greeted the man respectfully.

The crowd in the hall was already dumbstruck and they just couldn't comprehend what was happening. Therefore, they simply gave up to get Han Jingru's identity. Because they knew that with their current exposure, they would never be able to find the answer to that.

Ning Yu finally realized that things weren't right. Even Bao Jingzhong and Chen Kaihua needed to assume a lowly position when they greeted the young man.

When Ning Yu looked back at his father who was kneeling on the floor, despair hit him. Although he was extremely arrogant, he wasn't an idiot. If even Bao Jingzhong and Chen Kaihua paid such great respect to Han Jingru, that simply reflected the terrifying might of that Mr. Han.

"Ning Xingpeng, you are quite the daring man to even offend Mr. Han!" Bao Jingzhong rebuked Ning Xingpeng.

"It seems that you Ning family no longer want to stay in Rong City. If that's the case, you should find a way to end yourself." Chen Kaihua said coldly.

Ning Xingpeng's expression was filled with bitterness and hopelessness. The man had always cosseted Ning Yu because he felt that no matter what kind of trouble Ning Yu caused, as long as it is in Rong City, he would be able to handle it. Not only that, Ning Yu was his only son and the only blood line for his Ning family. Hence, the father pampered him, cosseted him and spoiled him.

However, the Gods have eyes. Ning Yu had done so many immoral things and karma would hit him back eventually.

This time round, the trouble he caused was big enough to bring the Ning family down to dust!

"Mr. Han, the Ning family had fallen in your hands. But I, Ning Xingpeng have no complaint." Ning Xingpeng said that with a lifeless expression and the man seemed to have aged greatly.

What Ning Xingpeng said threw another bomb into the crowd. The man didn't even have the intention to fight back. That simply meant the difference between himself and that Mr. Han was so great that the man felt such powerlessness and helplessness.

But that was understandable as well, the man that could make both Bao Jingzhong and Chen Kaihua appear together. How could Ning Xingpeng had any chance at all?

At that time, Ning Yu went berserk. He realized that his prince-like life would be changed completely after this incident, And the culprit that made it was Qiu Mu. If it wasn't for her, he wouldn't be offending Han Jingru the day before. And if it wasn't for the

woman, he wouldn't be interfering in this matter that had none whatsoever relationship with him.

Ning Yu walked towards Qiu Mu and grabbed her hair, "You bitch! It is all because of you, it is you who made this happen! I will make you die together with me!"

Qiu Mu was long petrified in fear. The moment Ning Xingpeng apologize, she knew things might get complicated. After Ning Xingpeng knelt and both Bao Jingzhong and Chen Kaihua appeared, all her hopes were shattered.

That driver wasn't a driver at all! He was even greater than Ning Yu.

Lu Hongguang treated him as his most esteemed guest and Ning

Xingpeng knelt before him. Even Bao Jingzhong and Chen Kaihua needed to greet him respectfully. Yet that woman wanted to demand an apology from him? What a joke!

"Ning Yu, let me go!" Qiu Mu yelled at Ning Yu. The woman could only kneel and apologize and beg for Han Jingru's forgiveness.

"Let you go?" Ning Yu gnashed with a twisted face, "Bitch, you brought this upon me and you want me to let you go? You must die with me!"

Ning Yu kicked Qiu Mu and grabbed her hair. The man kept banging Qiu Mu's head on the floor as if he was possessed.

Han Jingru had an indifferent

expression. Qiu Mu brought that upon herself and she deserved no pity. Even if she was a woman, Han Jingru wouldn't feel compassionate.

He walked towards Lu Hongguang and said with a low voice, "Using me like a tool?"

Lu Hongguang lowered his head fearfully and muttered, "Mr. Han, I..."

Before he even finished, Han Jingru punched him on the head.

That threw the crowd into another shock.

Wasn't he Lu Hongguang's guest? And from the beginning till the end, Lu Hongguang had been helping him. Why was he beating

Lu Hongguang now?

Did those Important people always acted weird and had unfathomable temper?

"What had Lu Hongguang did to deserve that?"

"His little trick was noticed by Mr. Han."

"Little trick? What do you mean?"

"Can't you guys tell? Lu Hongguang wanted to use this incident to bring Ning Xingpeng down. He was using Mr. Han."

Once the man said that, the crowd sank into a sudden realization. Lu Hongguang and Ning Xingpeng had been competing for so many years and they couldn't have a

winner. This time round, the Ning family offended someone great like Han Jingru and it was understandable that Lu Hongguang seized his chance. Regrettably, Han Jingru knew about his plan.

"Mr. Han, sorry. I was forced to do that." Lu Hongguang said.

"Forced?" Han Jingru sneered and set authority to play, "You were forced by circumstances and you used me like a tool? I am simply your pawn in this game. But do you have the right to use me like a pawn?"

When Han Jingru asked the question, Lu Hongguang kept shaking his head. The cold sweat from his forehead was creeping on the floor.

"Mr. Han, please give me a chance. As long as I become the top person in Rong City, I am willing to do everything for you." Lu Hongguang wasn't willing to be under anyone and he had been competing with Ning Xingpeng for so many years. However, this time round he did not have the privilege of choice. If he didn't take the first strike, Lu family might have ended up like the Ning family.

"You should think about the price you should pay for using me. If you don't give me a satisfactory answer, From today onwards Rong City will no longer have Lu and Ning family." After Han Jingru said that, he walked out the place.

"See you, Mr. Han."

"See you, Mr. Han."

"See you, Mr. Han."

Those that belonged to Lu Hongguang's faction lowered their heads and bowed as Han Jingru walked past them. None of them doubted his words and they knew he wasn't joking.

The Ning family was confirmed to go down. And the Lu family would depend on Lu Hongguang's action.

Once both Lu and Ning family were destroyed, the Rong City would be an inviting meat that attracts the wolves and hyenas. Those people that were present had the first hand information and they were planning already. They even hoped that Lu Hongguang would make a mistake and they could get a larger share.

"Bro, you were so cool just now. It is truly my wisest decision to follow you!" When Qing Yun and Han Jingru walked to the hotel entrance, Qing Yun rubbed his hands in excitement and cheered.

Han Jingru had never thought about getting involved with Rong City. However, he was pushed by circumstances and the man had no choice.

He didn't need to do anything to the Ning family. But they would be bankrupt in one month at most. Once this matter went public, all of the Ning family's connection would default. In the end, the Rong City's business world would lose its balance, everyone would be chewing on the blood and bones of Ning family after that.

As for Lu Hongguang, he could take that opportunity to be the number one in Rong City. But that depended greatly if he could give Han Jingru a satisfactory answer.

"This isn't what I want." Han Jingru said.

"Bro, how can you be so good at acting cool? You don't even want Lu Hongguang serving you?" Qing Yun pouted his lips and said.

Han Jingru couldn't be bothered to explain to Qing Yun. And even if he were to say, Qing Yun wouldn't be able to understand him.

What happened in Rong City wasn't because of his own power but because of the connections of Han Family. Therefore, in another word, the bigger the problem, the

more he owes Shiyan.

Han Jingru wanted to sever all ties with the Han family. But after this incident, he would be completely entangled.

Most importantly, Shiyan would be happy to see that.

If Shiyan was happy, Han Jingru would be upset.

"What a shame." Qing Yun exclaimed.

"What is it again?" Han Jingru asked in puzzlement.

"You didn't show your true colors earlier. You should have made both the old and young Ning kneel and apologize to you. And you need to make that Qiu Mu learn

her place. After that, you should also scare that Bao Jingzhong and Chen Kaihua a little, show them how great you are!" Qing Yun said.

"And that is your ambition?" Han Jingru asked in disdain. It was pointless in Han Jingru's mind, to find that sense of security in someone petty like them. Han Jingru would only feel the excitement and thrill when he stepped on those real Titans.

"Yeah, isn't that enough? That was Lu Hongguang and Ning Xingpeng!" Qing Yun said in surprise.

Han Jingru simply smiled. Qing Yun wouldn't need to look at the two at all. The man was simply pretending in front of Han Jingru.

He was such a sly fox but Han Jingru believed that he could expose him sooner or later.

After leaving the hotel, Han Jingru received a call from Ho Ting. The mother thank him over and over again. It seemed that Jiang Ying Ying had told her what happened in the school.

"Auntie Ho, it is just a trivial matter. You don't have to keep thanking me. By the way, how is it at home lately? I might be occupied and can only go back after two days." Han Jingru asked. After Su Yimo took up the responsibility of chairman, he still hadn't ask about Su Company's situation. The man planned to go back the moment he settled Jiang Ying Ying's matter. But it seemed that he still needed more time.

"Yimo was busy lately. She would go to the company early in the morning and come home late in the night." Ho Ting said.

Su Yimo had just taken over the company and the West side project stopped. It must be truly troublesome for her and it was understandable that she was so busy.

"I'm afraid I will have to trouble you to make her more nutritious and nourishing soups to keep her going." Han Jingru said.

"How can that be a trouble? That is my job." Ho Ting hurriedly said. The woman was the maid to the family and it was just her responsibility. How could that be considered a trouble? Moreover, Han Jingru had helped her so

much and she still couldn't get a chance to thank him properly.

"All right then, I'll hang up first. You don't have to worry about Jiang Ying Ying anymore. Nothing will happen in the future as well." Han Jingru said.

"Yeah, I am assured. Thank you very much." After Ho Ting hang up the phone, she was just impassioned. The mother had heard about the matters in Rong City. And now, she was just perturbed. Why would someone as great as Han Jingru marry into the Su family?

Although Su Yimo was beautiful, it wasn't enough to make him suffer so much!

In another man's eyes, what Han Jingru did was difficult to understand. Only the man himself knew that everything was worth it. Thus the saying: One that drinks the water will know if it is warm or cold.

Han Jingru and Su Yimo were the only ones that knew about their relationship. How could anyone else understand the amount of sacrifice and forbearance they had given each other?

After hanging up the phone, Qing Yun asked curiously, "Bro, is sister-in-law pretty?"

Han Jingru leered at Qing Yun and said, "You can make fun of just about anything except her."

Qing Yun hurriedly nodded but he

had a different shine in his eyes.

Han Jingru's expression turned stern immediately. Qing Yun's background and objective were unknown. If he were to learn about Su Yimo's importance, that fellow might do something to harm her.

"If anyone dares to lay a finger on her, I will make sure he regrets ever lived." Han Jingru said.

Qing Yun hid his emotion immediately. What Han Jingru said seemed like a threat directed towards him. However, Qing Yun was confident that he had never shown any signs and weaknesses in front of Han Jingru. Probably the man was trying to tell how much Su Yimo means to him.

"Bro, everything a man does is for

his woman. Back to where I came from, there is a saying: Even if the sky and earth were to be crushed, I will not allow anyone to harm my woman. Are you someone with the same philosophy?" Qing Yun asked with a smile.

"Me?" Han Jingru thought for a while and shook his head, "I don't care if the sky or earth were crushed, I simply wish that she is always good."

Qing Yun raised an eyebrow and said, "Bro, I just couldn't begin to describe my respect towards you, it is just like..."

"I do not need a shoe rubber. If you don't have any use for me, I will not keep you by my side. Just tell me what you can do." Han Jingru said.

Qing Yun rubbed his nose and said awkwardly, "Bro, does cheating and swindling count?"

"As long as you can manage to cheat another person, you are considered capable. However, I do not see how your skill can benefit me." Han Jingru sneered.

Qing Yun drew a deep breath and said, "Bro, just rest assured. I will be learning from you diligently and I will definitely be useful in the future. You must never take me away, otherwise I will be straying by the street, starving and homeless. Wouldn't it disturb your conscience?"

Qing Yun's coquettish look sent goosebumps all over Han Jingru's skin.

The next day, when Han Jingru was still in the hotel, Lu Hongguang came to look for him. After a night of consideration, Lu Hongguang still didn't know what he should do to get Han Jingru's forgiveness. However, for the sake of his future, he was just willing to do anything. Therefore, the man decided to look for Han Jingru and asked for his decision.

"Mr. Han, I, Lu Hongguang can satisfy anything you demand. I only wish that you can let me go and let me set in Rong City. I will be doing everything you ask for from now on. You will be the boss behind the scene and I am willing to be your pawn." Lu Hongguang said.

"In another word, you are willing to be just a pawn?" Han Jingru

asked.

"Yes, I am willing." Lu Hongguang said determinedly.

Han Jingru didn't know if Lu Hongguang could be useful in the future. However, one thing was clear. With Lu Hongguang's social status in Rong City, he was enough to be Han Jingru's pawn. This kind of people would serve as a backup during a time of peace. The moment something happen, he would serve his purpose.

"Okay, I shall give you one chance." Han Jingru said.

Lu Hongguang was impassioned and he nodded hurriedly, "Thank you Mr. Han, thank you Mr. Han!"

"And me as well. Just call me Mr. Qing. And you are welcome." Qing Yun said smugly.

Lu Hongguang didn't know Qing Yun's identity. But if that man was able to stay so closely by Han Jingru's side, he deserved his respect.

"Thank you, Mr. Qing." Lu Hongguang said.

When Qing Yun heard that, it was as if every bone in his body was set right. And he simply felt a strong sense of contentment.

"Alright alright, if you don't have anything else, you may excuse yourself. Don't be disturbing my brother now." Qing Yun waved his hand and said.

Without Han Jingru's approval, Lu Hongguang didn't dare to move. The man simply stared at Han Jingru and waited quietly. After Han Jingru nodded, Lu Hongguang left.

"Qing Yun, are you making the decisions for me now?" After Lu Hongguang left, Han Jingru asked Qing Yun.

When Qing Yun saw the threatening smile on Han Jingru's face, he hurriedly said, "Bro, that isn't what I mean. I simply feel that someone as awesome like you shouldn't trouble yourself too much. Being your underlings, of course I should do the petty things on your behalf."

Qing Yun's lip service was comparable to Han Yu. And that

made Han Jingru wonder how his brother was spending his time in Qing Cheng. Most probably he was given a tough time by Guan Yong.

The moment Han Jingru thought about Guan Yong, he felt a need to visit Yan Jing and get the man out from prison. That fellow was a shot in the past and he would be the best choice to go to Terra prison with Mole.

After everything was settled in Rong City, Han Jingru brought Qing Yun back to Yun city. The Lamborghini was sent back to the factory again and it would take a long time to see Han Jingru again. However, Han Jingru did not have a great need for a car so that wasn't troubling him.

After getting back to Yun city, Han Jingru arranged a place for Qing Yun to stay and he went to Mojo nightclub.

The man had exhausted all of his collections and resources to contact Terra prison. However, he had not gotten anything at all. Although the chances of Molan knowing Terra prison was slim, Han Jingru had no other choice and he decided to give it a try.

Molan had almost secured his position as the number one man in the underworld of Yun city. After all, with the help of Ling Heng and number twelve, nobody could be his enemy in Yun city anymore.

"Terra prison?" After Molan heard what Han Jingru said, his eyebrows knitted closely. He had

never heard about a place like that. It even sounded something out of fantasy. No one knows its location? Molan felt that it just doesn't sound real and he said, "Jingru, are you sure this place really exist?"

Han Jingru nodded unhesitantly. With Mole's understanding towards the prisons across the world, if he said that, it meant Terra prison really existed.

"I am sure. Otherwise, he wouldn't want to go." Han Jingru said.

Molan smiled helplessly and said, "That is truly quite a weird friend you have. He didn't have any better things to do and he likes to get himself into prison? How did he even get that hobby in the first place?"

Han Jingru shook his head and the man was puzzled as well. How could there be anyone who likes to get himself into prison? Not only that, he found great joy in jail breaking across the globe.

Probably, prison break was the most accomplishing and challenging things for Mole.

"I don't understand either. Just like how I don't understand why a gang leader like you would take advantage and steal my cigarette every time you see me." Han Jingru chuckled.

Molan just put Han Jingru's pack of cigarettes into his own pocket. The man wasn't the least bit awkward when he heard that and he said unapologetically, "You are just too filthy rich, if I don't take

When number 12 heard that, his body tensed up noticeably.

Han Jingru's eyebrow lowered. Judging from his reaction, he seemed to know that place!

"Number 12, you know about it?" Han Jingru asked anxiously.

Number 12 drew a deep breath and asked the two, "How would you guys even know about that place? And why are you asking?"

Han Jingru could almost confirm that number twelve knew about Terra prison. He had unexpected that after searching for the prison for so long, the answer was lying next to him all along.

"I have a friend that wants to get inside Terra prison. He finds jail

breaking entertaining and wanted to give it a try." Han Jingru kept Han Xiuzhi a secret because it was just too important. He couldn't even trust Molan in that matter.

"I advise your friend to best give up on that thought. No one can get out from Terra prison after getting in. The place was called living hell and nobody can get out from there alive." Number 12 said with a grim face.
