

His True Colors Novel Chapter 2123 - 2126

Chapter 2123

A bunch of people don't know why.

Sanyong made a decisive decision: "Don't ask any more. Since he wants it, we'll give it to you. Second Junior Brother, you let the people of the Void Sect gather together, and then immediately draw a detailed map based on the insights of everyone, and I will get it. Nothingness. By the way, Amelia Su, when will Three Thousand want?"

"I don't know, he is out, he will let you prepare before leaving." Amelia Su shook her head.

Sanyong frowned. It's so late, where did George Han go? However, this was not something he wanted to consider. He glanced at a few juniors and said, "What are you doing? Hurry up and prepare."

"It must be done as soon as possible, and he will come and wait to use it later. "

Yes!"

After taking the order, the second elder and others hurriedly retreated to the halls, and then personally went to the peaks to wake up the disciples, and assembled in the training hall of the main hall.

The second elder and others first drew a rough map outline of everything around, and then the disciples added details based on their own understanding, and a group of people were very busy.

At this time, George Han's figure quickly surrounded Wu Wuzong.

Halfway through midnight, it was early morning.

After several hours of hard work, a huge map with the length of a few large tables was drawn by the disciples.

The mountains and rivers above are detailed, and every place is vividly marked. These are summed up based on everyone's insights.

George Han didn't rush back until three o'clock in the morning.

George Han smiled when he saw the huge map.

"You're pretty good at doing things." George Han smiled as he walked to the map.

Everyone grinned reluctantly, George Han was their savior, can he do what he said without thinking? Everyone can count on him to survive tomorrow's catastrophe safely.

"Three thousand, take a look, if you have any questions, you can ask us at any time." The second elder said in a solemn way.

George Han nodded, and then carefully studied the map.

Sanyong also brought nihilism over and placed it next to George Han.

Originally wanted to say something, but seeing George Han looking at the map attentively, he beckoned gently to signal all the disciples to hurry down and don't disturb George Han.

After a while, a group of disciples and several elders, including Sanyong, all left the house, leaving only George Han to study the map silently.

After studying the map, George Han studied nihilism. All night, the training hall was brightly lit. According to the disciples guarding the periphery, George Han pointed and painted on the map all night, and cooperated with each other. Mark the nihilism.

When the sky was twilight, the busy figure in the training hall turned off the light and hurriedly walked out of the house without leaving a word, and then flew away from the void.

The sun rises.

Outside the Void Sect, the sound of drums and screams shook the sky, and a new round of attacks from the Medicine God Pavilion had already begun.

This is anxious for everyone in Nothing.

Because at this time, George Han had been out for an hour or two, but still did not return.

"Head, isn't George Han ran away? Ask us for a map, in fact, I want to see where we can escape quietly around here."

"Yes, although he is very capable, but facing medicine Shen Pavilion is such a dead end, if it is a normal person, it will run away."

At this time, several disciples of the Void Sect were dissatisfied and suspicious.

As soon as this remark came out, other disciples' dissatisfaction was immediately aroused. If that was the case, then George Han would be too hateful, leaving them almost awake all night, and the result was something for him to escape. This was human work. ?

“Don’t talk nonsense, George Han spent a whole day yesterday for the sake of our nihilism. Are you talking about him now, your conscience was eaten by dogs?”

“That’s right, others took out their lives to protect us, we If you want to doubt him, then what is the difference between us and a beast?”

There were other disciples who believed that George Han had not escaped, and immediately countered.

“Huh, it was because he was almost killed yesterday, so he was afraid, so he turned the map to find the way overnight. Otherwise, what would he do when looking at the map?”

“Yes, it must be as detailed as every tree. An inch of grass, when marching and fighting, should it be so fine?”

“Don’t forget, George Han had enemies with us before.”

Disciples of different stances, you can’t argue with each other.

“Okay, shut up.” Sanyong was annoyed: “What are you arguing about there?”

Sanyong yelled, and everyone shut their mouths immediately.

“Brother head, or else, gather all the disciples, let’s deal with it by ourselves first.” The second elder whispered at this time.

“What? Even you believe that George Han is running away?” Sanyong frowned.

“Those disciples’ words are not unreasonable. There is really no way to explain the map. Moreover, Yaoshen Pavilion has already sounded the offensive horn. We can’t wait for George Han in vain.” The second elder said.

Sanyong was worried, and then moved his gaze to Lin Mengxi.

Chapter 2124

“Junior sister, what do you think?” San Yong asked.

“Brother, this...” Lin Mengxi didn’t know how to answer.

“What? Are you really dead pigs that are not afraid of boiling water?”

At this moment, a cold drink came, and everyone looked back, and saw Qin Shuang walking over with the ginseng baby.

“Shuang’er, don’t talk nonsense. We are your elders.” The second elder said with an awkward expression.

“Elders? Just because you are the elders, you always like to rely on the old to sell your old ones, do you? You have chosen the wrong one time and time again. George Han has given you opportunities time and time again. Do you really know nothing about cherishing?” Qin Shuang finished speaking, she looked at Ginseng Baby: “You go and let Amelia Su and them all evacuate. If 3000 comes back, let him go with him. This group of people is simply not a pity for death.”

Ginseng Baby nodded, from Qin Shuang's Jumping off his body, he left all the way.

Sanyong hurriedly grabbed Qin Shuang and Ginseng baby, and smiled embarrassingly: “Shuang'er, don't you get angry, your uncle and we don't want to doubt George Han, but there are some things that really can't be explained. . ” “

he loved even his wife and children are here, explain what you need? “Qin Shuang cold voice shouted, Sam Young did not give any face.

In a word, it blocked Sanyong to death.

Everyone lowered their heads involuntarily. Yeah, others even put their own wives and children in the Void Sect. What reason do they have to doubt others? !

“This is the last time I give you a chance. If you are still like this, don't blame me for being ruthless in the future. Three thousand may sell my favor again for the next time, but I, Qin Shuang, has absolutely no face to ask him for the second time. “Qin Shuang dropped a word, turned around and left.

A group of people stared at each other, speechless.

Sanyong sighed, raised his head, looked at everyone, and said, “Is all deaf? Can't you hear what your Senior Sister Qin Shuang said?”

“What should everyone do? If anyone doubts George Han in the future, he should quit the nihilism by himself.” Sanyong also felt guilty and left a word and went back.

The disciples also dispersed quickly.

In a corner of the Void Sect, Bai Xiaosheng and Linlong are hidden there. From a distance, you can see that at the foot of the mountain, countless disciples of the Medicine God Pavilion are supporting the Void Sect. Looking ahead, there are almost all human shadows. .

Seeing this situation, Jianghu Baixiaosheng felt very anxious.

As expected, the other party added a lot of people, but George Han was not there at all at this time, and no one knew where he went after leaving in the morning, including Amelia Su.

Lu Ruoxin, who was in the high mountains in the distance, also took down the concealed energy shield. Not long ago, George Han actually appeared nearby, which surprised Lu Ruoxin and hurriedly dropped the energy shield to hide his whereabouts.

Fortunately, George Han seemed to be in a hurry, and he passed by and found no clues.

“Miss, do you think George Han escaped? I walked so anxiously before, and I haven’t seen him come back for so long.” Chi Meng said.

Lu Ruoxin’s gaze was torch, and after a while, he shook his head: “If you let him run away without children and daughters, he won’t be called George Han.”

“Then, what is he doing?” Chi Meng frowned.

She also believed that George Han didn’t run away, but if he didn’t run away, what did he do? !

Chi Meng thought about it, but couldn’t think of any answers.

Lu Ruoxin was taken aback for a moment, but she lowered her head to see Chi Meng looking at herself eagerly, which made her quite unhappy, and said coldly, “You ask me, who shall I ask?”

After that, Lu Ruoxin sat back with a cold face. Line above the bed.

Chi Mengton felt embarrassed and touched his head. Did this ask about the nails? It turns out that there are people and things that Missy can’t guess.

Lu Ruoxin sat back on the bed, although her face was cold, but her heart was a little strange.

Half an hour later.

The horn of the charge sounded, and 90,000 troops from the back of Yaoshen Pavilion came to support them. The combination of nearly 150,000 troops abruptly blocked the water surrounding the front of Wuzong.

With the sound of the horn, the 150,000 army spread to the three parties, waiting for it.

However, after the horn sounded, George Han was nowhere to be seen above the void in the sky.

Only Mingyu and the big and small Tianlu Pixiu, barely challenged.

“Why? Is George Han afraid of being beaten by that dead waste? Don’t dare to play today? Send a woman to deal with us?”

“Long, beautiful and good-looking, little beauty, why use this body to resist us? Where’s the spear and sword? Come down to play with the brothers, otherwise, wouldn’t it be a waste of your capital?”

Seeing that Mingyu is the only one fighting, everyone in Yaoshen Pavilion laughed wildly, and the disciples behind him also laughed and laughed. .

Mingyu’s face was cold, neither angry nor happy, her beautiful eyes just stared at the group of people below.

“With you, do you need him to take action?” Ming Yu said coldly.

“Arrogant!” Someone snorted coldly and rushed directly towards Mingyu.

At this moment, suddenly a figure flashed by, and the figure was shot directly by the figure as soon as he flew in the air.

Chapter 2125

Immediately afterwards, the figure moved and stood in front of everyone.

The jade sword in the left hand, wearing a golden axe, and a plain body with silver hair, looks like frost and murderous.

“Han...George Han?” A

group of people were surprised when they saw George Han suddenly appear.

“I’m a little late.” George Han faintly charged Ming Yu behind him in a soft voice.

As soon as the voice fell, George Han’s figure accelerated sharply, and directly attacked the many disciples of Yaoshen Pavilion.

“Damn, I’m worried about you not coming to grow old.” Wang Suzhi yelled, waved his hand, and his disciple rushed directly to George Han.

With the blessing of Taixu Shenbu, George Han’s body improved a lot after adjusting his breath overnight. His figure was like a ghost. When he entered the position of the disciples of Yaoshen Pavilion, he stirred up the world and screamed constantly. Across the wild.

Above the air, Ming Yu and Da Tian Lu Pai Yao also joined the battle in due course.

And Xiaotian Lu Paixiu caught the moment when George Han finished attacking and got up, flew to George Han’s side, held him up and flew away. In the next second, he snapped back.

For a time, George Han silver-haired jade sword, counting in and out, like a god of war.

But as time went by, when the surrounding Yaoshen Pavilion disciples approached this side one after another, completely surrounded the two people and two beasts, and launched an attack on the inner, third and outer layers.

Their offensive gradually weakened as their physical strength and energy consumption increased.

The number of the opponent is really large and very scattered. The Skyfire Moon Wheel is almost useless in such a place, even the Pangu Axe.

These few extremely powerful things were used in Wang Wanzhi's formation, like a sledgehammer.

Therefore, George Han didn't use the Pangu axe from start to finish, but instead used the jade sword to rampage.

From morning to noon, the two men and two beasts were exhausted by a few hours of fighting, and Yaoshen Pavilion paid the price of death and injury of thousands of people. Even Yu Yaoshen Pavilion has always let his disciples attack by defense, but in the face of ghosts. George Han and Mingyu really didn't have much to deal with.

The sun is heading.

With a breeze, Wang Suzhi smiled coldly: "George Han, go ahead, let me see how much strength you still have."

George Han was panting like a cow, with scars on his body and all the injuries, Ming behind him Yu and Tianlu Pixiu are even worse.

"How much strength do you have? How many people do you have?" George Han looked around. There were already corpses on the ground. Many of the disciples were already terrified and didn't dare to take a step forward.

"I never expected this person to kill you. I said that the old man will never underestimate you who can walk out of the endless abyss." Wang Shuzhi smiled coldly and rushed to the next gesture.

Immediately afterwards, the drums blasted the sky.

From three sides, countless figures suddenly appeared.

"I just sent more than 50,000 people to attack you, so you can't stand it? Look at the back, there are 100,000 people waiting to play with you." Wang Suzhi smiled coldly.

Looking at the dense and black silhouettes on the three sides around him, Ming Yu almost collapsed in his heart.

When you have been working hard for a long time, and even when people are about to die from exhaustion, you realize that what you have done is nothing but a little bit. The feeling of exhaustion and powerlessness in your heart will make you instantly desperate.

Seeing Mingyu's morale low behind George Han, Wang Wenzhi and his gang were immediately very proud.

"Little girl, she's so beautiful, why should you follow this guy to find your own way? Be good, brothers will not treat you badly."

"Anyway, you let us sleep instead of being defeated by us. Strong, it is better to surrender yourself obediently, at least you can still enjoy the enjoyment, there is a saying that it is very good, rather than suffering, it is better to enjoy happiness."

"Yeah, little girl, as long as you surrender, we will let you enjoy the glory and wealth. Brothers don't want to destroy the flowers, don't they, brothers." A

word made the surrounding laughter.

Wang Shuzhi also smiled coldly, and looked at the two people and two beasts above in a playful manner.

Except for a little exhaustion on George Han's face, the whole person was very indifferent, looking at Wang Shuzhi extremely funny.

"Do you really think you won?" George Han smiled.

Wang Shuzhi couldn't help but frowned, followed by a big funny hand: "Could there be any doubt?"

"George Han, you are tired enough, as long as I wave a big hand, one hundred thousand brothers will be killed, you still is there any room for survival?"

"The dead duck will still have a hardened mouth when it arrives."

"The question is, do you dare?" George Han smiled disdainfully: "You can play, but it's just some tricks. Said. It's also funny to come out. It's a magical medicine god pavilion, holding an army of hundreds of thousands, and confronting the two of us

, but I can only win by delay." "I had nothing to say, but you I want to show off confidently in front of me, Wang Wanzhi, are you worthy?" In a

word, Wang Wanzhi's teeth clenched, and George Han's words went straight into the heart, but there was no way to argue.

"What can't the old man dare?" Wang Suzhi gave a cold voice.

Today's George Han must be extremely exhausted after a whole morning of fighting, and he can no longer be able to release those inexplicable but extremely destructive offensives. Even if he underestimates him, how many can he release, but how many?

But it is a powerful crossbow, and dare to be presumptuous in front of him.

"The old

man slaughtered your little animal right now. Inform the army and give it to me." How could Wang Shuzhi allow George Han to humiliate himself so much before his hand, and with a wave of his hand, the army moved together.

"Why don't you withdraw first, Datian Lu Paixiu and I will resist for a while, if you don't withdraw, it will be too late." Ming Yu whispered at this time.

George Han's heart warmed. He did not expect that Mingyu would be willing to sacrifice his life for his own safety at such a critical moment.

Although he doesn't need it.

"None of us need to withdraw." George Han looked at the attacking crowd of Wuyangyang, with a cold smile, the sky fire with his left hand, and the moon wheel with his right hand, aimed at the crowd, and attacked.

At the same time, the jade sword was lightly retracted, and the Pangu axe was used to destroy the world.

A piece of army, crashed and annihilated.

Wang Shuzhi's expression was slightly stunned, and he obviously didn't expect that George Han would be able to continuously release such devastating attacks at this time.

However, he was not worried that the giant beast would have to struggle twice before he died, let alone George Han?

"Struggle, because you will soon have no chance." Wang Suzhi laughed coldly.

"Does it depend on you?" George Han laughed coldly.

"Rely on this."

"Then you may lose." George Han smiled slyly.

But at this moment, among the surrounding mountains behind the army of the Medicine God Pavilion, the mountains shook suddenly, roaring everywhere!

Chapter 2126

Everyone was shocked and looked back.

Among the mountains, the jungle is shaking, dust is everywhere, and all kinds of angry and mighty beasts roar along with it.

In the mountains of the Four Peaks of the Void Sect, a strange scene also appeared at this time, which even surprised the entire Void Sect.

On the mountain behind the four peaks of the Void Sect, those strange beasts flew towards the Void Sect.

“What’s going on? The heavens fall, so the wild birds are scattered?” The second elder looked at the crowds of strange beasts in the sky, and asked in surprise.

The disciples were also speechless, not knowing how to express the shock in their hearts.

Beasts go and birds fly, this has never happened in the history of Nothingness.

“What the hell is going on!?”

“There are all kinds of strange beasts on three sides, and it seems that they are all directed at us.”

“Are these guys crazy?”

“Impossible, there have always been beasts.” Afraid of people, where are people afraid of beasts? Could it be, where is there any change here?” Yaoshenge’s executives stared at each other.

But the next second, when the various strange beasts that rushed out quickly gave them the answer.

Under the iron hoof, there is no perfect person!

Countless strange beasts fiercely attacked from behind the disciples of Yaoshen Pavilion. It was unexpected that the army of Yaoshen Pavilion would be attacked. Suddenly because of the enemy’s back, they were exhausted for a while, and the powerful camp was rushed to seventy eight. Scattered.

“Roar!!!”

“Kill!” For

a while, the entire battlefield shouted and shouted, and the flames were everywhere.

“You...you... these... these strange beasts help you?” Wang Suzhi looked at George Han in amazement, his eyes revealed incredible.

Odd beasts are not uncommon in the Bafang world, because everyone will catch a strange beast as a pet to improve themselves, but those have already known the Lord. It is really rare to attack humans in groups like this in the wild.

It's no wonder everyone present was dumbfounded.

"Do you think you have a helper?" George Han smiled coldly.

On the distant mountains, Chi Meng frowned.

"This George Han is really weird. Where can I find so many strange beasts to help him fight?" Chi Meng said to himself strangely.

Lu Ruoxin is also very strange. Mortals and beasts are really two different species. The strange beasts are actually hostile to humans because they have been enslaved for a long time. It is simply heaven to want to operate so many strange beasts by one person. Night Tan.

"He really makes me more and more curious." Lu Ruoxin seemed to smile.

Chi Meng hard smile: "Miss, do not say you, even I am also very curious about him."

Lu Chi dream curse if the core is not rare, but endorsed nodded: "The fans really as men"

in the cases of nothingness , After seeing tens of thousands of odd beasts fighting with tens of thousands of troops, the entire Void Sect was completely stunned.

"I remembered, I remembered, back then, when the Void Sect was besieging George Han, the strange beasts on the back of the four peaks came out and attacked us. Now, these strange beasts are obviously helping George Han. ""

"It's not just ours from the Void Sect, it seems that all the strange beasts in the mountains near the Void Sect have come out."

"Surely, George Han asked us for a map, just want to see where there are strange beasts nearby? However, he doesn't have much friendship with Qi Beasts, why do these beasts help him?" A

group of people were talking and curious.

"It's the Beastmaster." Qin Shuang said calmly at this time.

"Beastmaster?" San Yong was taken aback.

"Shuang'er, are you talking about the sealed beast king in our back mountain?" The second elder said anxiously.

“Yes!” Qin Shuang said indifferently: “There is one thing you may not know. The Forbidden Land is actually three thousand broken, not me.”

Then, Qin Shuang met the Beast King at first, including later taking the Beast King to save himself. Waiting for the matter, I told everyone about all of them.

“You mean, George Han will harvest the reincarnated Beastmaster as his own pet? Or even become a new round of Beastmaster?” San Yong said in disbelief.

“Yes.” Qin Shuang nodded.

Everyone couldn't help taking a breath of air, no wonder the ten thousand beasts attacked them like death, it turns out that George Han is their king.

However, the Beastmaster's resentment was great, even if he was reincarnated, it was quite powerful, and no one knew the time of reincarnation except for the strange beast, but George Han had the strength and luck to take the Beastmaster as a pet.

This is envious of everyone.

“I didn't expect

San Qian to have this adventure, and it can break my necropolis . This is simply a talent.” “Shuang'er, why didn't you say such a thing earlier.”

“Yes, if we know this. If that is the case, how can there be such a misunderstanding.” Sanyong and the second and third elders shook their heads.

“Hmph, we said, based on your prejudices, will you believe it?” Qin Shuang said coldly.

Elder Sanyong and Ersan immediately lowered their heads, and Lin Mengxi lowered her head and said nothing. It turned out that George Han not only saved her daughter, but also killed herself for the sake of her daughter, and then made the Beast King so precious. Hand it to her. Most importantly, in order to protect his daughter's reputation, he even hid this truth and gave all the credit to his daughter.

With such a disciple, Lin Mengxi felt that she was lucky for three lives, but what about him? But they add up coldly, wanting to feel ashamed.

“I'm sorry.” Lin Mengxi couldn't help looking at the figure of George Han who was fighting in the distance, tears falling down.
