

His True Colors Novel Chapter 2131 - 2134

Chapter 2131

“But this is the best way.” Qin Shuang said coldly. Although this may bring great pressure from public opinion, Qin Shuang is a person who dares to be.

For the safety of other disciples, it is sometimes necessary to do things harder.

“But this way, many innocent disciples will be implicated. The disciples of Shoufeng and Wuliufeng may not all be the same as their masters.” George Han shook his head.

“The most important thing is that I may use them again in the future.” George Han continued.

“A large part of my group of strange beasts are contract beasts of the Medicine God Pavilion. As long as they tear up the contract, they will die a lot. However, it is not now. Wang Wanzhi will only tear it at the beginning of the war. I was caught off guard. Therefore, it is unrealistic to rely on Qi Beast to lead the people of the Pharmaceutical Pavilion.” George Han said after a moment of contemplation.

“The reason why I don’t use the disciples of the Void Sect is because the previous battle is too complicated. The disciples of the Void Sect are all sent to death for nothing, but it does not mean that they are useless and weaken too much. I am afraid that when I want to use it, the number of people is too few.”

Qin Shuang couldn’t help but frown when he heard this, “However, if you don’t find out the spies, using them may lead to a worse situation.”

“The spies who are facing the enemy must of course be investigated. , However, it is not for us to check.” George Han said softly.

Then, George Han beckoned gently, Qin Shuang approached, and George Han told the two women about his plan.

After listening, the two women chuckled softly, nodded, and then accompanied George Han to continue to tour the mountains and water.

After sunset.

A figure sneakily ran out of Nothingness Sect. Then, hurriedly and cautiously all the way towards the base camp of the Medicine God Pavilion under the mountain.

But before reaching the base camp, the figure was stopped by the guards stationed at the foot of the mountain by Ye Gucheng.

“What’s the matter?” The guard whispered coldly, and he put his sword on the figure’s neck.

The man hurriedly raised his hand while holding a small sign on his right hand: “Uncle forgive me, my own person, my own person.” The

guard looked at the sign in his hand and took it. After confirming each other, the knife was released.

“I want to see Brother Ye, I have something important to report.” The

two guards nodded, put the knife away, and pointed inside without looking back: “Go in.” After

being released, the man walked quickly. Walk towards a tent inside.

Inside the tent, Ye Gucheng was drinking wine. At this time, the person rushed in: “I have seen Brother Ye, I have seen Master and all the uncles and uncles.”

“It’s Mian’er, get up.” Shoufeng The elder said calmly and took a sip of wine. He asked, “Is there any news for you in such a hurry?”

The man buckled his head and said depressed: “In fact, after a complete victory, I will According to Brother Ye’s secret order, he has been monitoring George Han. It is strange to say that George Han took his wife to visit the mountains and water in the afternoon.”

“Traveling in the mountains and playing in the water?” Wu Yan frowned. “You read that right?”

“Uncle, the disciple never dared to look away.”

Ye Gucheng raised his hand and signaled Wu Yan not to distrust his disciple. Leng Ren said to everyone, “This George Han is afraid to return Are you really patient? You still have this mood at this time?”

“Hehe, George Han, who is a trash, really thought that he would really win a small victory?” Elder Wufeng shouted with disdain.

“The waste itself is waste. There is a saying. The villain is aspiring and incoherent. When used in George Han’s body, it is very vivid. Regardless, it depends on when he can be proud and wait for our reinforcements. As soon as he arrives, George Han laughs so happily now, and cries so miserably when the time comes.” Elder Liufeng also shouted angrily.

“That’s right!” Elder Shoufeng echoed.

Ye Gucheng frowned slightly and turned his gaze on Wu Yan, wanting to see what his opinion was.

Intuition tells him that George Han should not be so careless. After all, although he did win and has proud capital, he should also understand that the defeat of the army of the Yakushi Pavilion under the mountain means that at least the threat is still there. .

Wu Yan frowned, thought for a moment, and stood up and said, "I think it's not that simple. We have dealt with George Han a few times. Watching his words and deeds, I'm afraid it is not a reckless person. I am. Doubt..."

"Uncle, you are skeptical, George Han just deliberately blindfolded?" Ye Gucheng said.

In fact, this is exactly what Ye Gucheng suspected, not to mention George Han, people with a little brain might not be so relaxed.

"Yes." Wu Yan nodded.

Ye Gucheng was about to speak. At this moment, there was another announcement outside the door. Then a person hurried in, glanced at everyone present, glanced at the person named Mian'er, and then knelt on the ground: "Senior Brother Ye, the big thing is not good."

Both of them were spies who ran out of the Void Sect, but they were only less than half an hour apart, but their rhetoric was completely different, and the people present were extremely puzzled.

Chapter 2132

Ye Gucheng Jian frowned and said coldly: "What's the matter?"

"George Han spread false news. Touring mountains and rivers is just an illusion. In fact, he took the opportunity to observe the terrain. In order to bypass our siege, secretly lead the elite from the trail to directly map the headquarters of the Lord." The visitor said anxiously.

"Do you really mean this?"

"George Han is already gathering the disciples of the Void Sect. At this time, he has almost set off." Lai Ren said.

"Bang!"

"Fuck, this damn George Han." Hearing the news, Ye Gucheng was furious and smashed the wine table in front of him with a punch.

The talks of the elders of the first peak and the fifth and sixth peaks are gone, and the one is more anxious than one at the moment.

“Gucheng, this George Han is really not as simple as we imagined. It is only to paralyze us to go to the mountains and play fruit. It should not be too late. We quickly send people to intercept, and at the same time, we will return to the base camp to support Wang Yuzhi. Now two The troops before and after the army are stationed at some distance from the base camp. Once George Han is allowed to enter the vacancy, the consequences will be disastrous.” Wu Yan said anxiously at this time.

Ye Gucheng thought for a moment, this is indeed the most important thing right now.

If Wang Shuzhi had any shortcomings, his future for Ye Gucheng would come to an end.

“Fortunately, we have a lot of spies in the Void Sect. George Han can defend one, not two, and even more.” Elder Shoufeng said.

“Bring the map.” Ye Gucheng ignored him, yelled, Wu Yan quickly took out a map and spread it in front of Ye Gucheng.

When Ye Gucheng looked at the map carefully, his whole face was shocked.

Sure enough, there are a few trails in the Void Sect that meander down the mountain.

“Everyone, follow the order.” Ye Gucheng snorted coldly, and after sweeping the crowd, he said with majesty: “Uncle Wu Yan, you will immediately lead ten thousand people and pursue them from the side. Master led ten thousand people to support you at any time. Others followed me and led the army all the way to the base camp.” With

this arrangement, you can sweep from the foot of the Void Sect all the way back to the base camp, ensuring that you will not miss George Han’s troops.

“Yes!”

Everyone took orders and hurriedly arranged.

Soon after, the troops stationed at Ye Gucheng at the foot of Wuwuzong Mountain took advantage of the darkness, divided into three troops, and slowly withdrew all the way towards the base camp.

Ye Gucheng and the others hurriedly stepped forward, for fear that they would not be able to catch up with George Han’s assault troops.

However, after more than half an hour passed, the anxiety of Ye Gucheng and others slowly turned into doubts. After another half an hour, the three armies finally converged one kilometer in front of the base camp.

From a distance, the base camp was calm and there did not seem to be any possibility of an enemy coming.

“Where is George Han?” Ye Gucheng hurriedly asked Wu Yan.

“Since this journey, we haven’t found any trace of the enemy.” Wu Yan said.

Elder Shoufeng also shook his head. The middle road he was in charge of was able to meet the general army on the main road and Wu Yan’s army on the small road at any time. Unfortunately, there has been no surprises and no dangers along the way.

“Where the hell are people?” Ye Gucheng glanced forward impatiently.

Could it be that George Han’s troops, especially the ghost troops? Disappeared out of thin air? !

At this moment, the tent of the base camp opened, and Wang Yanzhi took a few people, and under the guidance of a few disciples, walked all the way towards Ye Gucheng and the others.

After hearing the news from the guarding disciple, Wang Wanzhi felt very strange. When he came to Ye Gucheng, Wang Wanzhi said uncomfortably and strangely: “Gucheng, at this time, shouldn’t you be at the foot of the Void Sect? Why did you run back with the horses?”

Ye Gucheng was a little embarrassed, and he quickly apologized: “Reported to the Lord, and received news that George Han deliberately went to the mountains and waters in the afternoon and made a fake attitude. In fact, he wanted to play secretly and attack our base camp. “

Is there any discovery?” Wang Shuzhi frowned.

Ye Gucheng shook his head honestly: “It’s strange to say that our troops were divided into three groups and we rushed back all the way, but George Han’s troops seem to have disappeared.”

“Disappeared?” Wang Suzhi frowned. Wrinkle: “It’s easy for one person to hide, but it’s easy for a unit to hide from hundreds of people?”

Boom! ! !

Suddenly, in the darkness, around the distant mountains, while a shocking explosion sounded, a white light illuminated half of the valley.

Vaguely, everyone could faintly hear the sound of shouting and killing everywhere, and under the firelight, there was a shadow of swords and swords.

“That’s bad.” Wang Suzhi screamed at this moment, and his whole expression changed incomparably grim: “That’s the unit we used to ambush Sky Blue City to support our family.”

Ye Gucheng’s face was as gray as death: “We...we ...”

“Fuck.” With

a slap, Wang Shu slapped Ye Gucheng’s face with a slap, and the whole person jumped up and cursed: “We are in the

midst of it.” Ye Gucheng has a figure . Shaking, his eyes staring blankly at the beacon in the distance.

A mouthful of old blood spurted out of Wang Shu’s mouth. If it weren’t for a demigod, he almost couldn’t help it with a single breath.

The Void Sect, looking at each other...

Chapter 2133

Within the Void Sect, most people were obviously at the flames not far away, and they were completely puzzled for a while.

For the first time, they thought it was the army from the Medicine God Pavilion.

But even Wu Wuzong was shocked, and the Medicine God Pavilion was obviously more hesitated at this time.

“This...”

The people in the Medicine God Pavilion looked at each other, their eyes full of shock.

Looking into the distance, the flames soared into the sky. I’m afraid that I want to rush back to support it.

Ye Gucheng felt the fiery pain on his face, and his teeth were crumbling. How could this be! ?

“Anti-intermination, no, double anti-intermacy, George Han must know that we have spies, so he first made an anti-intermacy strategy, let us deliberately be prepared, and then put another anti-intermacy. Achieving double anti-interference, wait until we completely put down our defense Later, he was hit by his plan to adjust the tiger away from the mountain.” Wu frowned, half dead in anger.

This trick of George Han made them almost impossible to guard against.

“George Han, you despicable and shameless slut. You actually played these tricks with me.” Ye Gucheng sullenly, and yelled softly. The anger erupted in his eyes, and he even wanted to burn George Han to ashes directly.

“Wu Yan, immediately take the elite and kill that bitch with me.” With an angry shout, Ye Gucheng was about to drink George Han’s blood and peel off George Han’s skin. After speaking, he was about to fly towards the fire.

“You idiot, don’t you think I’ve lost enough?” At this moment, Wang Su yelled loudly.

What’s the point of rushing again? With the distance from here to Wuwuzong, even a master flew away. It would take at least half an hour, and judging from the current offensive, in half an hour, it is estimated that his small elite troops will be gone.

Ye Gucheng’s visit at that time was equivalent to letting others directly ambush.

“Could it be that we just watched?”

“If you had half of George Han’s brain, you wouldn’t have said this to me now.” Wang Suzhi glared with anger, and his entire body was so angry that his lungs were about to explode: “What else is the genius of the Void Sect? Disciple, but so.” After

leaving a sentence, Wang Suzhi shouted angrily: “What the hell are you doing? After George Han finishes eating the troops I am ambushing, come back and attack us? Quickly roll back to the mountain to defend. Go on.”

“Fuck, a stupid donkey.”

“The genius of the nihilism? Is that how to be played around by a nihilism? Fuck!”

Wang Yan continued to swear, under the persuasion of several of his men. , And then reluctantly go back to the main account.

Ye Gucheng lowered his head and raised his eyes, filled with the disdain and anger of Wang Yanzhi’s group of executives.

“You have a good time to reflect on it. Genius boy, haha!”

“If you make the Lord angry again next time, you just wait.”

“Fuck. Idiots do stupid things, you can go back and reflect.”

“Otherwise If you do, the ghosts of those elite troops will come to you for revenge at night.” What

they did to Ye Gucheng. Obviously he was very dissatisfied, and everyone was working under Wang Slow, and they were all in important positions. Everyone was a competitor

to each other. Seeing that there is an opportunity to take advantage of, how can you miss such a good opportunity to trample on the opponent? !

Ye Gucheng trembles slightly with his fists clenched when he hears these abuses and ridicules.

His dignified son of heaven, when will he take his turn to teach himself a bunch of trash? ! Especially, he himself is one of the most important people in this group of mediocre people, and he is also young. The future is boundless.

But tonight, the situation has clearly changed.

” Don’t talk nonsense, we just didn’t expect it. George Han, this dead waste, is so proficient in the art of game, we are careless. “Wu Yan saw that the executives were stubborn, but Wang Wanzhi had already left anyway.

“Yes, Gucheng just disdains to play with him with these despicable means.” The elder of the first peak also protected the calf.

After all, Ye Gucheng is their big tree today.

“Haha. To the effect? It’s not as good as others’ minds to admit it, and

I’m still a dead duck.” “I can also say that I don’t like chasing fame or fortune, otherwise. Which one of the three true gods will get someone else? What’s in my bag.” Another executive smiled, and then suddenly gritted his teeth and shouted: “Bringing B, who can’t fucking do it.”

“You guys!!!” Elder Shoufeng was furious. But it is irrefutable.

“Enough!” Ye Gucheng snorted coldly. Staring at Elder Shoufeng, he said coldly: “Do you still think we are not embarrassing enough? Let’s go!”

After speaking, Ye Gucheng coldly said. Take the troops and rush to the place where they are stationed down the mountain.

Elder Shoufeng looked embarrassed, and hurried to catch up with him a few minutes. After walking for a few minutes, he finally couldn’t help it: “Well, Gucheng, don’t be angry with the master, I just can’t see those sons of a bitch. Usually when you’re prestigious, you’ll be greeted with smiles. It’s a little bit difficult. It’s like every evil dog. I can’t wait to kill you.”

“Yeah, Brother Shoufeng also cares about you. This is not because I don’t want you to be killed. Insulting?”

“According to me. Everything tonight was caused by the damn George Han. Fuck, one day sooner or later. We are going to smash that bitch to pieces.”

Wu Yan's face was cold, Facing Ye Gucheng said: "After this incident, Wang Wanzhi's trust in you has declined, and we must act with care in the future."

"George Han may now meet with the people of Fujia Sky Blue City, and now he may rush down the mountain at any time. , We must be careful, if something goes wrong..."

Wu Yan did not go on, but the meaning was already obvious.

Ye Gucheng coldly nodded, raised his voice and shouted: "Everyone will rush me back to the foot of the mountain right away."

"Yes!"

The army followed off, and rushed towards the foot of the mountain without stopping.

And in the Void Sect.

Just when the gang of Wuzong was panicking and uneasy, at this time, they received a good news from their disciples, and the army of Houshan to support the family suddenly arrived. The Yaoshen Pavilion who was ambushing on the road suddenly shot out, and the two sides began an exchange of fire.

However, what Yaoshen Pavilion's elite troops did not expect was that this family-supporting army that was supposed to be "ambushed" did not panic at all. Instead, they were prepared to fight with them.

Soon afterwards, George Han suddenly led hundreds of strange beasts to charge from behind against the elite troops of Yaoshen Pavilion.

Hearing this, the gang of Wu Wuzong were even more stunned.

At the same time, everyone couldn't help but set their sights on Ruo Yu who was beside Master San Yong.

After today's great victory, all the strange beasts were temporarily placed in the back mountain of the Four Peaks by the Voidzong, and Ruoyu led his disciples to take care of them.

"This...it's impossible, the strange beasts on the back of the Four Peaks haven't moved at all." Ruo Yu said in a very strange and loud voice.

Chapter 2134

"Do you have a mistake?" Sanyongdao.

“Elder, if one or two ran out, Ruoyu and the disciples might have misunderstood it, but if there are hundreds of them, let alone the disciples guarding the Four Peaks. Even the entire Void Sect. Maybe you can’t find it.”

Ruoyu’s words made everyone nod. Yes, hundreds of strange beasts flew out of the Void Sect. It was not a small movement, and it would be impossible to detect it without reason.

“This George Han... how did he bring hundreds of strange beasts to raid the elite troops of the Medicine God Pavilion?” Erfeng Elder was puzzled.

“Yeah, let alone the enemy doesn’t know it, even we don’t know it. The most important thing is that Ye Gucheng’s army under the mountain unexpectedly evacuated suddenly, and then hurried back. I don’t know George Han. What did Qian do to them?”

“Follow him, anyway, the Void Sect is now in his alliance.”

Hearing other people’s words, Sanyong and Lin Mengxi also nodded, simply George Han was not an enemy. Otherwise, it is them who are exhausted from running and mental breakdown caused by various surprise attacks.

Just as a few people were talking, another disciple rushed in, walked in front of Sanyong, and saluted him, saying: “Elder Qi, the head and George Han are back.”

Sanyong smiled and said, “Hurry up, please. .”

The disciple nodded, and shortly after retreating back, George Han slowly flew over with Qin Shuang and Amelia Su.

The Void Sect looked at each other, this...this is not right.

It’s understandable that George Han didn’t bring in the helper army. But why should there be those groups of his entourage and the strange beasts participating in the battle behind him? !

But the problem is that George Han and others are only three people.

George Han didn’t bring Jianghu Baixiaosheng and the others, in fact, because he was afraid that he might startled the snake. When he fell, George Han didn’t stop, leaving only a word and then took Amelia Su back.

Seeing that George Han couldn’t stay, a group of people blocked Qin Shuangwei’s waters.

“Head, what the hell is going on tonight? How...how could it be like this.”

“Yeah, this is too

unbelievable .” Qin Shuang turned his eyes back and looked at the group of ignorant sects. The disciples, including the elders such as San Yong, suddenly couldn't help showing a knowing smile.

In fact, the first time she heard George Han talk about this plan, she was also very shocked. In the afternoon, George Han asked her to pretend to be traveling with the two of them, but during dinner. Qin Shuang went to the bathroom with an excuse.

In fact, George Han fed the pig-like Xiao Tian Lu Pi Xiu in the backyard for a long time, and took her all the way across the mountain to the sky blue city.

The helper was quickly persuaded. After all, this war is closely related to them.

Before the war, they tried to send troops to outflank it several times. However, there were always ambushes on the road to the mountain, and several small troops were ambushed to death, and suffered heavy losses, so it has been difficult to support.

For them, Qin Shuang's persuasion was a risky move, but it was also an opportunity at the same time.

Without support, the Fu Ye family will only get into trouble. This is the foundation of their development. How can they not pay attention to it? !

In the evening. George Han knew that his actions in the afternoon had already been betrayed to Ye Gucheng by some traitors from the Void Sect. This was not surprising to him, because of the afternoon tour. George Han himself did it for them.

But for George Han, this didn't lose anything, Amelia Su was also with him, and he also looked at the actual map of Wu Wuzong.

After that, it was George Han pretending to gather in disguise, and then spread the news that he would raid the base camp of Yaoshen Pavilion.

In this world. True and false, false and true, the truth is not easy to believe. Lies are not easy to deceive, but it is the truth that is the easiest to believe.

A set of double-contradictory schemes, there is truth in the false, and the false in the truth. Once Ye Gucheng is hit, he will be transferred away from the mountain.

As for Han, three thousand and one hundred strange beasts suddenly appeared.

That was when George Han was traveling in Sifeng in the afternoon. He was ready to put a batch of strange beasts into his Eight Desolation Book of Heaven.

Without the knowledge of outsiders, it is natural that they are not clear about the situation.

Seeing him is nothing but a shadow, but suddenly. Can drag out thousands of troops, who is not dumbfounded? !

“Do you want to know?” Qin Shuang was in a good mood and glanced at everyone.

A group of people nodded like garlic, looking at Qin Shuang eagerly.

“I want to tell you too, but now that I don’t have any effort, let all the disciples in the clan gather immediately.” Qin Shuang said.

As soon as these words came out, a group of people looked at each other. What are they doing now?

Sanyong stepped forward and said: “Shuang’er, no. Head, it’s dark at this time, what are you gathering for?”

“Yes. Now the elite troops ambushed by Yaoshen Pavilion have been attacked by us. For the time being, let’s tonight You can recharge your energy.” The second elder also frowned.

“Assemble? Of course, it is going to attack!” Qin Shuang sneered softly: “Let all the disciples come to gather in the hall immediately. Ten minutes later, all the members attacked the army stationed at the Yaoshen Pavilion under the mountain.”
