

His True Colors Novel Chapter 2135 - 2138

Chapter 2135

Although the group of people were stunned, but the head had ordered, the others quickly followed the instructions and notified the rest disciples in the door to gather urgently.

Sanyong hesitated, thinking about Qin Shuang's intentions all the time.

After a while. He can also understand.

Nowadays, there is an army of supporters who break through the siege, and then unite with the nihilism, it is also considered a good army. If the army of the medicine god pavilion is captured below, then the medicine god pavilion can be encircled.

In this war, at least for the moment, losing or winning is unpredictable.

At this time, George Han took Amelia Su back to the Four Peaks, but did not rest. Instead, he walked towards the back mountain of the Four Peaks.

At the foot of the mountain, Ye Gucheng's garrison.

Experienced a night of rushing. The disciples were already exhausted, but before they had time to make any rest adjustments, tens of thousands of troops reinvested in the defense work under the arrangement of Ye Gucheng.

Ye Gucheng's scheduling was also very stable, and he held the three descents of Wuzong, basically blocking the way Wuzong charged down. Several other paths. He also has heavy guards.

After a hundred meters away, there was a tent to support the army, with more than 30,000 people, ready to respond to any emergencies at the frontline guard posts.

As for him, he led the remaining more than 10,000 people and stabilized on the third-tier deployment in an unfixed manner.

The entire defense system is almost like an iron barrel, unbreakable.

Ye Gucheng also knew well that after the elite ambushes on the mountain were defeated, the family-supporting army of Sky Blue City would soon be killed and would most likely join forces with the Void Sect, so he must be treated with caution.

"General Ye, General Chen is here." At this time, a servant came to report.

Hearing this name, Ye Gucheng frowned in dissatisfaction: "What is he doing?" "He

led a lot of people. I heard that the Lord sent him over.”

Ye Gucheng’s face suddenly became cold, and under the guidance of his servants, he brought Wu Yan and others back to the main account.

In front of the main tent, a large number of people stood up, and in front of the crowd was a middle-aged man in his thirties, with a mustache and eagle eyes, with a murderous aura in his evil spirit.

A few staff members followed him, and when Ye Gucheng came over, his thin and long eyebrows lightly raised.

“What are you doing?” Ye Gucheng’s expression was cold, and he said unceremoniously.

“Hehe, what else can you do? The Lord has orders, knowing that you are not reliable, so I specially ordered me to come. In case there are any more accidents.” General Chen said softly.

“The foot of the Voidzong Mountain is armed by me, what can go wrong? I don’t need you here, take your people and leave quickly.” Ye Gucheng said coldly.

There are no two generals in the army. The arrival of General Chen clearly restrained Ye Gucheng’s power, which was obviously not what Ye Gucheng wanted to see.

Hear Ye Gucheng’s sharp drink. General Chen was not angry, and he sneered: “What? We are both equal, and you are still in command of me?”

“I came by the order of the Lord. What qualifications do you have to control me?”

“Let the subordinates All were thrown into defense.”

“Yes!” A subordinate hurriedly took the command. With his move, Elder Head Peak and the others also moved, and the two sides immediately went to war.

How can anyone sleep soundly on the couch!

“Haha, General Ye, everyone is doing things for the Lord. Why are you so nervous? You want us to go back, we can go back, but. Have you figured out how to deal with the Lord? Lord this person, but I hate others who disobey the naming.”

“Besides, the people of Tianlan who support the family are already on it. Once you join the attack with the void, if you can’t hold it, this responsibility. Do you take it again?” At this moment, next to General Chen, there was an old scholar who looked like his master. Chill out.

Upon hearing this, Ye Gucheng looked ugly.

Defying Wang Yanzhi's order will naturally not end well, and if you want to go your own way, in case the guards here have problems, then I don't need to think about the outcome.

"You can stay. However, there will be no two commanders, who will listen to?" Wu Yan said coldly.

"Hehe. Of course I listened to General Chen. Isn't it possible to listen to General Ye? You ran a marathon back and forth all night, and then let you command the response, are you afraid that you can't bear it?" The old scholar laughed.

As soon as this remark came out, everyone around General Chen suddenly burst into laughter. The old scholar actually satirized Ye Gucheng's embarrassed appearance tonight. Who couldn't hear it? !

Ye Gucheng's face was cold, and this condition was definitely not something he could agree to. This means that his status will be lowered, and even if it reaches Wang Chuanzhi, Wang Chuanzhi will be disappointed in him, and he may even be marginalized in the future.

"I've figured it out. The troops at the foot of the mountain, the lord's order is to be guarded by me, even if you come. That is to help me. Who is the master, don't you understand?" Ye Gucheng gritted his teeth.

General Chen was obviously dissatisfied and was about to speak. But suddenly a disciple ran over in a hurry.

Immediately afterwards, he knelt on the ground and said anxiously: "Senior Brother Ye, the big thing is not good, I just quietly got down from the Void Sect, Han...George Han has organized all the Void Sect army, and wants to attack us when we are tired. "

Ye Gucheng was taken aback for a moment, what's so special, come again?

Chapter 2136

Ye Gucheng's eyes, while quietly turning to General Chen aside.

General Chen frowned, with a smile on his face, looking at Ye Gucheng faintly.

Obviously, he was waiting for Ye Gucheng's choice.

Ye Gucheng was anxious and angry for a while. Angrily, George Han suddenly acted again at this time, if he believed it. And this information is wrong, then the joke he had previously fooled will be replayed.

But if you don't believe it, if this is true, then you won't be able to eat it and go around.

Just as Ye Gucheng hesitated, General Chen sneered and said: "Oh, what, General Ye doesn't know what to do? Or, let me help you make an idea?"

"General Ye, let me tell you the most It's better to prepare the frontline troops for battle. Otherwise, if the enemy strikes, your people have just ran all night. If you are not ready, the loss can be heavy, and even change the situation of the battle." The old scholar next to General Chen laughed.

Ye Gucheng felt right, but General Chen smiled to the old scholar next to him: "I'm afraid that someone will be tricked twice in the same pit. You know, people can make mistakes, but the same mistakes are made twice. Then that's it. It's not a mistake."

"What did that make?" The old scholar replied funny, but Extension looked at Ye Gucheng deliberately.

"Silly."

"Hahahahaha." Everyone roared with laughter.

Ye Gucheng's face suddenly became blue and red. Did General Chen and the group laugh at him?

If you are really fooled, I am afraid that those ridicules and sarcasm will only come more violently, and even become your own painful feet, let these people grasp at will.

If you don't come early or late, you come here to report the news.

"Gucheng, for the sake of prudence, let all the front-line brothers cheer up and prepare for the other side's raid." Wu Yan gently leaned to Ye Gucheng's ear at this time, and gave an opinion in a low voice.

This is obviously the best way Wu Yan thinks, after all, safety is the top priority.

Ye Gucheng thought for a while, a little unwilling, and said: "Do you believe George Han's broken words? When we are exhausted? Compared to what they have just experienced a battle, we just ran for nothing? Fight. It's me."

"Gucheng, even if it's wrong, at least we're steadfast. At most, we're ridiculed by this group of people, but if we lose our position, then..." Wu Yanji Soundtrack.

Hearing this, Ye Gucheng also felt quite reasonable.

"Order all the brothers on the front line to cheer up and respond to their surprise attack at any time."

"Yes!"

Seeing that Ye Gucheng had made up his mind, General Chen and others sneered at this time.

“What are you doing in a daze? The wind is too cold to blow your mouths crooked? Everyone laughs and won’t move?” Ye Gucheng seized the opportunity to ridicule: “Or are you all deaf? I can’t hear what I said just now. What?”

“General Ye just said, let all the disciples be ready to fight at any time!” The elder Shoufeng snorted bitterly.

Upon hearing this, a group of General Chen’s men became very angry. They wanted to stand up for the theory, but they were stopped by the old scholar with one hand, glanced at Ye Gucheng, and laughed: “Since General Ye said, then we must Help is right, what are you doing in a daze? Follow the schedule. “

After that, he looked at the General Chen next to him respectfully: “General. It’s too early. The tent is set up for you. Let’s rest.”

Chen The general nodded and glanced at Ye Gucheng before leaving. His eyes were full of provocation and disdain.

“Fuck, Chen Rongsheng, do it!” When General Chen left, Wu Yan suddenly roared coldly.

Ye Gucheng also had fire in his eyes. Chen Rongsheng, a bitch, has always been at odds with him, and even looked down on him many times because of his background. It used to be all right, now, when I feel a little bit painful, the bastard will go up the pole, which is really hateful.

“Fuck, George Han, you’d better show me to come here tonight.” Ye Gucheng shouted angrily as he looked at the dark mountain in front of him coldly.

And at this time in the Void Sect.

The disciples had already assembled, and Qin Shuang had also counted them. However, after the inventory was completed, Qin Shuang let all the disciples rest in place, while she herself returned to the main hall. I don’t know what I have been busy with.

As for George Han’s side, although the house is bright, there is no one in the house.

Just when Qin Shuang assembles urgently, George Han expects that the traitors will inevitably relax on him, so he took Amelia Su and Nian’er to the back mountain in the evening.

Going back to the back mountain, my mood is complicated.

It was the first time in the Octagon world. Almost a place where life and death are separated.

However, the family of three did not stop, but went all the way through the original fountain to the cave where the Beast King was born.

On the flat ground of the cave. A gang of strange beasts had already been waiting.

A tiger and a lion were led in front of the beasts. After the stone monkey died, they were promoted. From a certain point of view, they can have today because of George Han back then, so their gratitude to George Han is different.

Secondly, George Han is now surrounded by big and small Tianlu Pixiu, who is also a strange beast. How can they not know what level and rank the Tianlu Paixiu is? Even though they are all George Han's pets, they are naturally more convinced by George Han.

Finally, and most importantly, the battle of the nihilism. These strange beasts all knew what George Han was capable of.

"I have seen the Beastmaster!"

"I have seen Madam."

"I have seen Miss!" All the

beasts mingled, and then knelt neatly in front of George Han.

George Han smiled softly, and white light appeared on his arm, and a rabbit with tiger teeth appeared in front of everyone at this time.

"Participate in the Two Beast Kings." I have

n't seen him for a long time, and now the Xiaobai Fang Buddha has grown up a lot. To a certain extent, it was considered to be ill-fated, and it encountered the perversion of George Han before rebirth, and soon encountered George Han after recognizing its lord. After tossing for a while, it has basically been in a difficult state.

Fortunately, the energy absorption in the Bahuang Tianshu during that period finally formed a supplement to it. After such a long time of digestion, Xiao Bai not only regained consciousness, but also became much stronger.

Today reappears among the group of beasts, majestic and majestic.

"Get up all." George Han smiled.

All the beasts started together.

Nian'er looked at the weird and refined animals in front of him, but was not afraid. Soon, because I saw Xiao Bai, I was suddenly attracted by its cute appearance.

Taking advantage of George Han not paying attention, he ran to Xiao Bai's side and set it up.

"Are you a rabbit?"

"But the Bunny I saw when I was a child has two front teeth. Why don't you?"

"Are you naughty? So you knocked the front teeth away?"

"Ah, you These two teeth are so long, or I will fix them for you."

Xiaobai was taken aback for a moment, and then looked weakly at George Han. But before George Han reacted, suddenly...

Chapter 2137

Han Nian suddenly hugged Xiao Bai directly in her arms. She liked this cute rabbit so much.

Being hugged by a petite body like a doll, Xiao Bai's face flushed immediately. Among the beasts, he was an extremely mighty former beast king. But now... because of Han Nian...

Amelia Su and George Han couldn't help but smile bitterly at each other. Seeing Xiaobai's dumb and helpless eyes, Amelia Su shook her head and smiled: "Nian'er, be good, stay with Xiaobai. ...Tuwan. Dad still has business."

"No, mom, Nian'er likes Bunny, and Nian'er wants to play with Bunny." Nian'er said coquettishly. Her big watery eyes also contained tears. Obviously, she liked the little rabbit it thought very much, and she couldn't bear to let it go.

But because of nervousness, when Han Nian answered Amelia Su, the hands holding Xiaobai's neck tightened. Suddenly, Xiaobai leaned forward and his head tilted back. His eyes were filled with shock and helplessness.

George Han glanced at Xiao Bai and smiled helplessly. He was not worried that Xiao Bai would suffer the toss of Nian'er. After all, although Xiao Bai was awakened not long ago, with his ability, even if Han Nian was to cut it with a knife, It is impossible to hurt it at all. What George Han cares more about is whether his daughter's innocence and innocence will cause trouble to Xiao Bai.

if so. George Han naturally did not want to indulge Han Nian's behavior.

Although George Han loves Han Nian very much, George Han never wants to ignore it in terms of education.

Although Xiaobai had despair in his eyes, he still nodded. Although it was the Beastmaster, who made the little princess in front of him so cute? !

George Han nodded gratefully, put aside the dignity of the Beastmaster, and went to accompany his daughter. He also knew that Xiaobai had sacrificed a lot.

What's more, this time the beast army's raid was mostly dependent on Xiao Bai.

That night, I chatted with Amelia Su outside the house, heard the beasts hum, and Amelia Su said that the beasts made George Han think of the army of strange beasts, but the number of strange beasts in the Four Peaks Mountains was always too small. That's why George Han wanted a map to look for the strange beasts that might exist in the nearby mountains.

And to take them for their own use, naturally also rely on Xiaobai, the king who has the breath of the beast king.

"Okay. Let her go." George Han smiled.

"You are used to her." Amelia Su was a little helpless.

George Han smiled, and then looked at all the strange beasts: "This hard fight. Thanks to everyone's concerted efforts."

After speaking, George Han didn't say much, waved his hand, and suddenly appeared in front of an open space. Hundred-headed strange beasts, and these strange beasts are silvery and ruddy, which can be seen from the outside. They are full of energy at this time, and their bodies are full of energy.

"Beastmaster. This is..."

"This is the brothers who went out with you to fight today? They...what happened to them." The

second elder Liger looked at each other. George Han took the "people" out to carry out a raid, and was injured. It is inevitable. But where I can think of it, what is in front of you is not like that, but one by one after just going out to eat a big meal, and enjoying a sun bath by the way, the face is red.

Most importantly, they are still aware of it. These strange beasts only go out at night and they will come back. The cultivation base and level have been greatly improved.

While this shocked a bunch of strange beasts, they were also very envious.

If I knew this, I would go to a battle with the Beastmaster.

And these strange beasts that suddenly changed qualitatively had such a change, naturally because George Han put them in the Eight Desolation Book of Heaven, and the energy in it gave birth to them. Coupled with the change of time difference, can they not change? !

“Thank you Beastmaster.”

The strange beasts that had been moisturized collectively knelt at this time. Completely surrender to George Han.

Han three thousand smiled, Zhang their hands up and they will be eager to look at the other herds in: “We do not worry, you are with me saw combat, can enjoy this natural treatment.”

Hear With this, the entire herd of animals was very boiling. Beasts are different from humans. Although they are powerful and physically strong, the cultivation of beasts is as difficult as reaching the sky. Many beasts have cultivated to a certain extent, and even become humans, leading to the heavens. The purpose is to want to be more suitable for cultivation like human beings.

“Thank you for the kindness of the Beast King, our two beasts are extremely grateful on behalf of all the beasts.”

George Han smiled and made all the strange beasts stand in a row. Then opened the Eight Desolation Book of Heaven, an aperture appeared in front of George Han, and all the strange beasts walked into the aperture honestly.

Enter one by one. In the Bahuang Tianshu, these strange beasts were soon in an extremely strange world, but the energy here was extremely sufficient, making these strange beasts excited.

“This kid, do you think of me as a zoo?” In midair, a voice was so angry and funny.

“Hahahaha.” Another voice chuckled: “The enemy is now,

let him go.” “I want to let him, can I let these strange beasts in? He really thought he had completely conquered me here. Without my consent, how could he be so presumptuous.”

“This kid, why did he come in suddenly?” At this moment, another voice was suddenly full of doubts.

Chapter 2138

Following the eyes of the two, George Han walked in slowly.

“On the Void Sect, so many things, does this kid still have free time to come here?” The first voice said strangely.

“What is that kid doing?” After

George Han walked in at this time, he said something to the two elders, Ligo. Soon after, the two elders walked out with a small strange beast. After that, George Han signed a contract with the strange beast.

After that, he left.

Back to the cave, George Han glanced at Xiaobai and then at Amelia Su, a little nervous, but after pursing his lips, he simply and directly destroyed the contract he had just signed.

The next second, in the Eight Desolate World. George Han came in again and found the two elders of Liger at a very fast speed. In front of the two elders, the strange beast was already seriously injured, but. But still alive.

“Oh, this kid, his mind is still turning very fast.”

“Using the gap between the two worlds in an attempt to break the contract between humans and pets, although he doesn’t know the truth, at least he can be found by mistakes. Method.”

“Yes, once the contract is destroyed, the sacred beast will die immediately, but this immediate death is in the time of the Bafang world, and in the Eight Desolation World, the time of immediate death. It will be magnified a lot. After all, Bafang One second of the world is completely different in the Bahuang Tianshu.”

“It’s quite clever.” The

two voices smiled softly.

George Han went out again soon, and soon after, a larger group of strange beasts entered the Bahuang Tianshu. Most of these strange beasts were pet beasts from the Medicine God Pavilion.

Obviously, George Han’s experimental results gave him an eye-catching and temporary solution.

The rest is how to treat these strange beasts in the shortest time.

This made George Han puzzled, sitting down in front of the bamboo house and thinking.

Amelia Su poured a glass of water into George Han’s hand, looked back at the happy Han Nian playing with Xiaobai in the bamboo house, and patted George Han on the shoulder: “Don’t put too much pressure on yourself.”

George Han took the cup and took a sip: "If Yaoshen Pavilion tears up the contract, a large part of the strange beasts here will die because of it. I don't have to ask them to help me, I just don't want to watch them all die."

Finished. Looking at Amelia Su, George Han said: "These strange beasts were originally meant to help me. They violated the master's will and are now in danger. If I can't save them, I..."

"I understand. That will be. It makes you very guilty. However, anyway, you have entered the Bahuang Tianshu, you still have a lot of time to think about it slowly, don't be too anxious." Amelia Su cared.

George Han nodded.

Now everything is in place, only one cure.

"By the way, what about Senior Sister Qin Shuang? They have been assembled for so long." Amelia Su said with concern.

George Han smiled slightly and disdainfully: "It's okay, don't worry, let them wait to go."

Bafang World.

Several more hours passed.

The assembled disciples were already drowsy, but. Qin Shuang was still in the main hall and didn't know what he was doing. Every time a disciple couldn't help asking when to leave, Qin Shuang's reply was that the time had not arrived.

Even the disciples of Void Sect were even more annoyed by the group of Yaoshen Pavilion disciples who were in charge of the challenge at the foot of the mountain.

Staring at the mountain ahead. From the time he concentrated his attention to the lack of eyelids nowadays, his eyes almost saw the phantom coming.

The cold wind passed by at night was very biting, and a group of disciples couldn't help but wrap their clothes tightly:" Damn it, it's not the bitches of the Void Sect. Do you want to attack us at any time? It's midnight, why is there still no movement? "

"The ghost knows, maybe. This is obviously false news. Anyway, it's not the first time that General Ye has been tricked."

"Damn, he was tricked, so there is no need for us to take the blame?"

"Who said No, damn it!"

And in the main account, Ye Gucheng's expression was cold. Holding the cup with one hand, the whole person clenched his teeth.

“It’s midnight, it’s midnight. Why isn’t there anything in George Han? Damn, that bastard won’t play us again, right?” The elder Shoufeng paced on the spot angrily, shouting angrily.

“That stinky bitch George Han is so shameless, what do you think of us? Are you monkeys?” Elder Wufeng also said angrily.

“Sure enough, waste can only use cheap tricks, there is a kind of head-to-head, let’s see if I don’t kill this bastard.” Elder Liufeng also refused to accept.

Wu Yan frowned, and shouted angrily: “Then he is here now, do you dare to kill him?”

Elder Liufeng suddenly shrank his head. He wanted to dare. The Void Sect had already started.

After Wu Yan finished speaking, Elder Shoufeng said at this time: “Although George Han released the news. But the helper army stationed on the mountain did not move overnight. Could it really be a fake news?” With a

bang.

The whole cup instantly shattered into pieces in Ye Gucheng’s hands.

Ye Gucheng furiously slapped the table: “Fuck, this George Han. A mere trash, but humiliated me again and again. Tonight is playing me again and again, I really want to drink his blood. Pumping his muscles .Master.”

“Yes!”

“Wait!” At this moment, Wu Yan suddenly said.
