

His True Colors Novel Chapter 2143 - 2146

Chapter 2143

Seeing that the supporters were only scared by George Han's words, Ye Gucheng's mood could no longer be described in words.

"Tell you, Ye Gucheng, you are in my hand. But it's just an ant. How I want to pinch you to death, I can pinch you to death." George Han suddenly warned in a cold voice, and the next second, his hand just moved.

boom!

Ye Gucheng felt like a mountain suddenly pressed on his body, and his whole body flew a few steps backwards. Smashed heavily on the ground.

"Want to live?"

Just about to struggle to get up, George Han rushed to Ye Gucheng's face and stepped directly on Ye Gucheng's face. Ye Gucheng's head was immediately stuck to the ground.

Ye Gucheng felt ashamed. He gritted his teeth and tried to move, but found that he couldn't get rid of the restraints at all. He could only let George Han step on his face like a dead dog.

"What do you want?" Ye Gucheng shouted coldly.

As soon as the voice fell, George Han's feet vigorously forced Ye Gucheng to feel that the other side of his face seemed to be smoothed out.

"This is how you talk to me?" George Han laughed coldly.

"You!!" Ye Gucheng was angry, of course he wanted to survive, but. Asking him to bow his head to George Han, he couldn't do it.

Wu Yan and the four stood on the periphery. They wanted to take advantage of the disciples to come over to help temporarily relieve the siege. How could this be the case, at this time, one by one was stunned not far from George Han, fearing that he might be involved, but also wanting to save Ye. Lonely city.

"Do you really think I dare not kill you? The bill between us should have been forgotten." As soon as George Han's voice fell, Skyfire appeared in his hand. Incarnate into a sword, shoot down with one sword. The left arm of Ye Gucheng in the middle!

Ye Gucheng felt as if his left arm was burned by fire, and he didn't feel much at first. In the next second, the pain was piercing, and he shouted again and again in pain.

“George Han, kill me if there is a species, and torture me in this way, you are a hero.” Ye Gucheng cried out in pain. He could only watch the fire-like sword slit his left arm muscle, and then the muscle wound on his left arm was instantly exposed to high temperature. There was a sizzling sound directly, exuding bursts of meaty fragrance, and then slowly began to charring.

“Killing you? Is it fun to kill ants?” George Han smiled softly: “Besides. You and my grievances will be solved with one knife. Isn’t it cheaper for you?”

“I have a few special subordinates, and they explored. News at night, I’m afraid I’m hungry.” George Han finished speaking, and suddenly whistled.

Next second. Several dark shadows passed through the air, and then stopped beside Ye Gucheng.

See these few shadows. Ye Gucheng’s angry and unwilling eyes were instantly full of terror.

“Magic ant crow!!”

That kind of nocturnal beast the size of a sparrow, with black feathers around its body, eyes like peas, and a mouth like fish hooks. It flies extremely fast and eats raw meat. It often pecks fiercely with its mouth. Into the flesh of the prey. Then use the barb on the mouth to drag the meat out alive.

Just like after catching a fish, you have to forcibly pull the hook out of your mouth.

“Eat.” George Han smiled.

Several demon ant crows immediately flew onto Ye Gucheng’s left arm. Peck the skin directly with his mouth, and then violently pull.

“Ah!!! Ah!!!”

Ye Gucheng suddenly twitched all over his body in pain. Cold sweat was even on his forehead. Because the barb meat is too painful, but this time there are several, as if they were bitten by a few giant ants.

Wu Yan collectively turned their faces to one side, and the scene in front of them was simply too cruel.

“George Han, what do you want to do, you just say it.” Wu Yan finally couldn’t bear Ye Gucheng’s heartbreaking scream, and at this moment, he begged George Han with a sad face.

“Pay attention to your attitude.” George Han smiled softly.

Wu Yan looked down, and Ye Gucheng's painful body under George Han's feet was convulsive and trembling, and his left arm was like honeycomb, full of blood pits.

Without doing what he thought, Wu Yan thumped and knelt directly on the ground: "Then we are begging you, okay?"

"Don't worry, I won't kill him, I'm just helping him. Otherwise, you will just respond like this. When you get to Wang Chuanzhi, will he let you go when he sees you all retreat?" George Han smiled slightly.

Wu Yan got angry, but didn't know how to refute it. The black made this guy call it white, he was clearly torturing Ye Gucheng, but what he said was quite reasonable.

"Do something for me, I can spare his dog life temporarily. However, it is best not to let me see him next time, otherwise, I will fight once." George Han laughed coldly.

Wu Yan was stunned: "What's the matter?"

George Han's figure suddenly moved. Before Wu Yan could reflect, he appeared next to him, and then whispered a few words in his ear.

Ye Gucheng just wanted to get up, but George Han had already returned and stepped on his head that had just been lifted less than one centimeter from the ground.

The speed is staggering.

"How is it?" George Han smiled slightly.

Wu Yannong frowned and looked at George Han with complicated eyes: "Are you crazy?"

Chapter 2144

"Should it not? My patience is very limited!" As soon as the voice fell, George Han suddenly slashed the moon wheel with his right hand and slashed directly on Ye Gucheng's right arm.

Suddenly, Ye Gucheng was chopped out a huge hole in his right arm. Although it did not shed any blood, the wound as big as a bowl did not even have the slightest amount of flesh, exposing dense bones.

"You!" Wu Yan was anxious and gritted his teeth: "Okay, I promise you."

"Okay!" George Han smiled contemptuously and raised his foot. Released Ye Gucheng.

One side of Ye Gucheng's face was completely covered with heavy footprints, and the other side was covered with mud and withered grass, and the whole person was in a panic.

It can be described as terrible.

Wu Yan quickly drove away a group of magic ants and crows, and then stepped forward to support Ye Gucheng. After that, he quickly instilled a few qi to protect his hands, and then looked at George Han vigilantly and turned around to leave.

"Wait!" At this moment, George Han suddenly said.

Wu Yan and others were taken aback for a moment, wondering what George Han was going to do.

"The terms you exchanged with me, I just promised you not to kill you, and didn't say to let you go." George Han said coldly.

"You!" Wu Yan knotted. Ye Gucheng's expression was even more deserted.

"Forget it, it's not too early, too lazy to talk to you rubbish nonsense, before leaving, you can always say something nice?" George Han smiled.

"You!!"

"Or, I'll break your legs and go again, how about?" George Han smiled.

"It's a nice cry. What do you want us to call you? Father?"

"Hey, don't call it that way. I don't have unfilial sons like you.

"George Han chuckled coldly, towards this group of people. He had no good feelings at all. Several people were so angry that their faces became pale, and it was enough to take advantage. It would be too much to take advantage of it and behave well.

"Forgive your life, you have to say a few words of thanks." George Han finished speaking, looking at Ye Gucheng leisurely.

Ye Gucheng crossed his face, looked at Wu Yan, gritted his teeth: "Thanks a lot."

"Thank you, I have to kneel down to thank you. Also. Why should I thank me for forgiving you? Is it true that I am not a filial son? Teach you for your father?" Although George Han smiled. However, the eyes revealed the coldness, which made several people shudder.

"George Han, don't go too far." Ye Gucheng gritted his teeth and shouted.

He had already made great concessions, but George Han forced him like this.

“Excessive? Compared with the sordid things you did? Excessive? How did you humiliate others before. Today, I will taste how others humiliate you. There is reincarnation in the world, and who is forgiven by heaven?” George Han said indifferently. .

Before Ye Gucheng had any reaction, he was suddenly hit on the knee by a strange force, and his whole person directly knelt on the ground. Wu Yan and the other two elders followed close behind. All knelt in front of George Han.

The four looked at each other and lowered their heads: “Thank you George Han for spare our dog’s life.”

“Learn how to bark. Get out.” George Han said coldly.

The four of them glanced again, and after the bark yelled twice, their eyes were extremely sinister, and they helped Ye Gucheng to quickly retreat with the army to the base camp.

The leader of Chen Da had already withdrawn very far with his troops. For him, although he was sent here by Wang Changzhi to help Ye Gucheng, the failure of the frontline troops was always caused by Ye Gucheng’s wrong decision. How could he be willing to let his brother pay for Ye Gucheng’s mistake?

After a few symbolic resistances, I saw that the general situation was gone. The first to take people back, but when I turned my eyes back, I saw George Han and Ye Gucheng. After frowning and a sneer at the corner of his mouth, he turned and left.

With the departure of Chen Da and Ye Gucheng and others, the already defeated troops under Yaoshen Pavilion were completely defeated, and one by one lost their helmets and armor, and fled in a hurry.

In the camp, there are beasts crying everywhere.

When the sky was light, when the disciple of the Wuzong who helped the family and collected the vegetables looked down the mountain, it was only seen that a lone flag was raised on the camp of the Medicine God Pavilion with the three characters of mysterious person on it.

In addition, there was nothing but the corpses of Yaoshen Pavilion disciples everywhere, and people went to the empty camp.

At this time, Ye Gucheng and others were finally getting closer and closer to the base camp where Wang Yanzhi was.

“What kind of terms did George Han exchange with you?” Along the way, Ye Gucheng asked Wu Yan next to him.

Wu Yan whispered a few words in Ye Gucheng's ear, and Ye Gucheng's face was immediately full of anger: "What? This bastard! Fuck, I, Ye Gucheng, will kill him someday, otherwise, I will not be a human being."

When I raised my eyes, I saw the door of the main tent in the distance, Wang Shuzhi stood there with a cold face, beside him, dozens of masters tried their best. Among them, the leader of Chen Da, who was rushing back first, had a vicious look in his eyes. Staring at Ye Gucheng.

Ye Gucheng swallowed his saliva and glanced at Wu Yan next to him: "Han

George Han 's conditions, what do you want?" Wu Yan thought about it. For a moment, he asked: "How do you feel?"

Ye Gucheng's face went cold, as if Holding an idea.

Chapter 2145

With a cold face, Ye Gucheng led the team to Wang Yanzhi's front.

Wang Yanzhi's face was sinking like water, staring at Ye Gucheng who was coming over. Before Ye Gucheng could stand firm, he furiously slapped Ye Gucheng's face with a snap.

This slap was extremely powerful, and Ye Gucheng was slapped onto the ground directly, with his hand covering his hot face, a trace of anger flashed in his eyes, but the next second, he knelt down obediently.

"Trash, trash, you are just a trash, let you guard the foot of the Wuzong mountain, how did you keep it for me?" Wang Suzhi roared.

Before the reinforcements came, the current Yaoshen Pavilion was in danger and was attacked back and forth. Once both sides attacked at the same time, the Yaoshen Pavilion was naturally exhausted, and such a passive situation was caused by Ye Gucheng.

And this, Wang Wanzhi had already greeted him in advance. So now that something happened, how could Wang Shuzhi not be furious.

"Lord, I am not a stumbling block. I just have a comment. This time, Ye Gucheng lost his position and made serious mistakes. Not to mention the loss of position, he was more like a fool who was played around by George Han, and his IQ was almost lost. It's hard to find such a person in one place." Chen Dagui said coldly.

Wang Changzhi turned his eyes slightly, with some doubts.

"In the evening, George Han wanted to make a surprise attack, but Ye Gucheng didn't take it seriously, so when George Han came to kill, the disciples were unprepared. The

leader of Chen Da and I suggested that he should be on guard. , Regardless of whether the other party is true or false, as long as we spend last night, the advantage will always be in our hands. It is a pity...Ye Da commander insists on going his own way, and he still has power.” The old scholar next to Chen Da said.

Leader Chen Da sighed falsely, and said in distress: “Master, I was sent to assist you personally, but as Leader Ye Da said, I just assisted, and everything must be under his command. However, the subordinate is guilty and always It is entrusted by the negative lord, but also asks the lord to condemn.”

After speaking, the leader Chen Da directly knelt down.

This trick is not unrelenting. First he drove himself into the quagmire, and then pulled Ye Gucheng down and stepped on it. How deep he was, Ye Gucheng would only sink deeper than this.

Self-defeating eight hundred, killing a thousand enemies.

Ye Gucheng couldn't tell with a hundred mouths, Chen Da commanded this knife, almost directly into his heart, no matter how he explained it, the meaning would not change anymore.

He could only stare at the leader of Chen Da fiercely.

“Honorable Lord, you have instructed Ye Gucheng to be so careless. If the matter is small, it is a big deal if you don't take your words seriously.” At this time, someone standing on the side of Chen Da's commander couldn't help but say. .

These words immediately caught Wang Shuzhi's eyes, this was his negative scale.

Seeing that Wang Suzhi was so angry, the man quietly looked at Chen Datong and smiled.

“Lord, Gucheng didn't have any daring to disobey your thoughts. We stayed all night, but saw that George Han had been flying in the sky for so long, and it was about to break dawn, so we relaxed our vigilance a little bit. ...” Wu Yan hurriedly pleaded.

“Yeah, Lord, this George Han has been flying around for a long time in the early hours of the morning, not to mention the frontline troops, in fact, even our base camp is not considered the same thing.” An executive from Ye Gucheng, a certain station. Also interceded.

“This is Han three thousand falsehoods, and indeed, Xu Xu, really hard to determine, although Ye Gucheng is also wrong, but extenuating circumstances.” “Lord,

chicken kill generals, hurt our morale.”

Several Seeing someone stepping forward, the executives also hurriedly spoke out.

“Then according to your wishes, whoever makes a mistake in the future can put the blame on the enemy.”

“Lord, if this matter is not handled seriously, I am afraid that the team will be difficult to take in the future.”

“Knowing that the situation is critical, but so. Relax, is this a mistake that the leader should make? Without an explanation, is it worthy of the dead disciples?”

On the other side, the executives who led the line of Chen Da also choked angrily at the same time.

Wang Wenzhi was so annoyed that he shouted angrily: “Enough!”

In fact, there was a saying that went to Wang Wenzhi’s heart. Even if it was him, after George Han flew around, he completely relaxed his vigilance. , How could I think that this guy would attack suddenly when dawn was about to break.

At this point in time, from a certain point of view, it was too dangerous, because once dawn, George Han’s army would be completely exposed, and at that time would only become a living target.

Moreover, Master Xianling Tai was guarding the Fu Ye coalition forces at the front line. If her lover was beheaded at this time, it would cause even greater trouble.

However, Ye Gucheng made such a mistake, and even plunged the entire army into huge trouble.

If it is not punished, how can it convince the public.

At this moment, Ye Gucheng’s expression became cold: “Master, can the subordinates atone for their crimes?”

Wang Shuzhi frowned: “How to atone for sins?”

“Don’t hide from the Lord, George Han originally wanted to kill me. , But he didn’t. He kept me useful.” After that, Ye Gucheng gritted his teeth and said: “George Han wants me to lie to you, saying that he will raid the base camp from the small road, but he will actually kill it from the big road. If we set up an ambush on the road, we can directly hit George Han by surprise.”

Although George Han threatened himself, if he couldn’t coax Wang Wanzhi to set up ambush on the small road, then the next meeting would definitely make them worse off.

Wu Yan also promised George Han to exchange Ye Gucheng just now.

But these and promises, what counts in the face of today’s position? If Wang Wanzhi punishes himself severely, he will lose everything he has now, but what is promise? !

And if George Han wants to live better than die, at least it is not certain whether it will be realized.

What if Yaoshen Pavilion wins? !

Hearing this, Wang Shuzhi frowned: "Really?"

Ye Gucheng fiercely raised one hand: "Gucheng swears to the sky, if there is a lie, the sky will thunder and thunder, and the whole family will die."

Wu Yan struck the iron while it was hot and said, "Lord Lord, I will be loyal to the Lord and have no two hearts, but this time I lost. It is indeed that George Han was too scheming. Please let the Lord give a lesson."

"Yes ." Ah, Lord, George Han threatened us. If we don't lie to you to set up an ambush on the small road, he will definitely kill us and make us worse than death, but...we still never betrayed you." Elder Shoufeng also hurriedly said.

When Wang Yanzhi heard these words, the anger in his heart eased a lot, but at this moment, the leader of Chen Da suddenly stood up, took a few steps, leaned into Wang Yanzhi's ear, and whispered softly. "Master, don't you worry about Ye Gucheng's fraud?"

Wang Shuzhi frowned, "What do you mean?"

Chapter 2146

Chen Datong snorted coldly, "Honorable Lord, is there such a coincidence? George Han won the raid, but my tribe didn't kill any of them. If it was you, you might Is it?"

"Hiss!" Wang Slowly took a breath.

George Han has done so many things and finally won the victory, but he beheaded but not beheaded. This is really unreasonable.

"Even if he really wants to use Ye Gucheng to fight us, he can just let Ye Gucheng go. Why even let Wu Yan and the others let go? Isn't this the same as letting the tiger return to the mountain? Especially, the two armies are still fighting!" Chen Da Command the cold voice.

When the two armies are at war, they will naturally kill as many high-combatants as they can kill each other. This kind of trade-off is something that individuals will do.

"You mean..." Wang Suzhi frowned.

“I’m afraid that they are all George Han’s dark chess, acting in front of us, let us defend on the road, in fact, they copied the small road to raid us.” The leader of Chen Da said indifferently.

Wang Shuzhi’s expression immediately turned on his face, and when Lenovo’s troops fell, Ye Gucheng was teased one after another, it seemed that everything had been said in the past.

After a moment of silence, Wang Shuzhi suddenly raised his head, raised his hand, and let the leader Chen Da go down. Ye Gucheng saw the leader Chen Da sneer at himself, and suddenly had an unknown premonition.

“Okay, Ye Gucheng, I will give you a chance to atone for your sins. You will lead three thousand men and horses to immediately set up ambush on the road.” Wang Suzhi said.

“Three thousand?” Ye Gucheng was taken aback. Three thousand people wanted to support George Han’s army of strange beasts and the reinforcements of Fujia Tianlan City. Is it not enough? !

“Leader Ye Da, the soldiers are not too many but they are fine, and let’s talk about the battle of ambush, why do you use so many people?” Chief Chen Da said with a smile.

“Leader Chen Da, you reintegrate the defeated soldiers on the front line and add your disciples, waiting for your fate.” Wang Suzhi ordered.

“Yes!” The leader of Chen Da was indescribably happy. Ye Gucheng’s defeated troops were scattered with nearly 20,000 people. With the addition of more than 20,000 troops who have been able to preserve their strength and participated in the war, it can be said that they are the strongest base camp today Of troops.

Wang Chuanzhi allowed himself to lead this army, which is enough to show that Wang Chuanzhi has now placed the heavy responsibility on his shoulders. As for waiting, it is needless to say that he is obviously asking him to secretly go to ambush on the path.

Thinking of this, Chen Rongsheng sneered triumphantly.

Xiao Xiaoye Gucheng, want to fight with me too? !

With 10,000 troops from the main account, Ye Gucheng became more and more angry. Although he did not know what Chen Dazhi said to Wang Changzhi, he must have nothing to say, otherwise, Wang Changzhi would not just give it to himself. Three thousand people.

What can three thousand horses do? The battle of monks is also the battle of extraordinary people. There is no need to fight with a single shot. If you encounter a few more masters, they can die with one palm. It is not enough to be cannon fodder, and you still want to ambush?

Isn't this the same as a kid going to ambush a bunch of strong men? !

“Commander Chen is so despicable. When we are a little negligent, he will do us all kinds of things, damn, don't let me seize the opportunity in the future, seize the opportunity to get him to death.” Ye Gucheng waved his hand in dissatisfaction with resentment. Angered.

But because of excessive force, the wound suddenly tore, grinning in pain.

“I have been yin by George Han, and I have to be yin by my own people. The more I want to make people irritated.” Elder Shoufeng echoed.

Wu Yan frowned: “Okay, I won't say a few words. Since the Lord has re-assigned the task, let's do it well.”

“Brother Wu Yan, what do you mean by this? Could it be that we scold George Han? Is there something wrong with the leader of Chen Da?” Wufeng elder dissatisfied.

“Yeah, brother, this is your fault, George Han and Chen Da lead the two sluts who killed our lonely city like this, what happened to them?” Elder Liufeng said dissatisfied.

When they saw George Han just now, they were horrified, and naturally they wouldn't let go of the opportunity to please Ye Gucheng at this time.

“Haha, what can we do if we scold Chen Rongsheng here? Show George Han a dog biting dog scene?” Wu Yan countered with dissatisfaction.

A group of people suddenly closed their mouths.

One by one was extremely depressed and set up ambushes on the road.

At this time, it was dozens of kilometers away from the main road. On the path, the Nothing Sect disciples row after row, holding the banner of the Mysterious People Alliance, vast and mighty.

Behind him is the helpers of Sky Blue City.

At the forefront, Fu Mang rode a flying tiger with hundreds of strange beasts beside him. In the strange beast formation, a colossal elephant carried a luxurious small sedan chair on its head.

The sedan chair was extremely luxurious, but it was covered with golden curtains all around, and it was impossible to see what was inside.

However, it is obvious that the Korean flag on the top of the sedan still shows that its identity naturally belongs to George Han's car.

The team is mighty and plagiarized all the way at a very fast speed.

At the same time, a long silver dragon carrying a person in the sky fell from the sky and dashed all the way to the road.

On the broad road, George Han took Amelia Su, Mingyu, Fuli, Qin Shuang, and other female relatives. At this time, it was like a tourist group, slowly walking.
