

His True Colors Novel Chapter 2183 - 2186

Chapter 2183

It was Qin Shuang who stood in front of George Han.

“Can you save the ginseng baby?” Qin Shuang looked at George Han with a sad expression, still holding the pot of soil in his hand, and his beautiful face was exhausted, pale and godless. Dark circles under the eyes that were originally pretty.

Seeing her haggard appearance, George Han couldn't help but feel a little distressed, glanced at the potting soil, George Han persuaded: “Ginseng baby is dead, it's a fact, you don't always be like this. Since we can do everything if you do, then you can only wait quietly. But you are always saying this now, even if he lives in the future. Can you hold on to that time? “

George Han knows that Qin Shuang must be day and night, almost looking at the pot of soil madly in a daze, so that everything was ignored, including his body.

Some people, the more they look cold as frost on the surface, but the tenderness in their hearts is as deep as water. But Qin Shuang is precisely this kind of person.

“Then you help it, okay?” Qin Shuang said anxiously.

George Han smiled helplessly: “Why would I not want to help it? From an emotional point of view, it is my good partner. From a professional point of view, although it is to help you out, you are also my senior sister. It happened because of Amelia Su, and the ginseng baby had an accident. Do you think I will leave it alone? But the problem is, I don't know how to help him for the time being. “The

Ginseng baby has a strange background, and no one knows its background. I don't even know what kind of species it is. After its death, it remains in the world in the form of seeds. It is really unclear how to deal with it. Had it not been for Qin Shuang's senior sister in his heart, George Han might not allow anyone else to do anything extra to the seeds of the ginseng baby.

“One day has passed, but the seeds of the ginseng baby have no response at all. I am worried that something will happen to it.” Qin Shuang looked at George Han with great worry: “I thought about it all night last night. I think there is a way. Help it, but I need your help.”

“I know that there is a place on Xianling Island called Corpse Valley. Didn't you rely on it to grow those exotic grasses? The conditions for the growth of those exotic grasses are so complicated and harsh, but Corpse Valley can be completely satisfied. . Then the seeds of ginseng baby...” Qin Shuang said anxiously, as if George Han would not agree.

At this moment, Amelia Su also walked over and looked at Qin Shuang who was worried. He smiled and said: "Sister, in fact, you don't have to worry too much about this. Three thousand people have already proposed to me after the ginseng baby's accident. I would like to see the seeds of the ginseng baby put in the corpse valley and try it."

"Really?" Qin Shuang said excitedly.

George Han nodded: "However, the corpse valley is irrigated with weak water after all, and it used to grow pure plants. Ginseng baby is not a simple plant. If it is planted rashly, I am afraid that there will be any accidents. , Can you give me some time? Although I am now the head of Xianling Island, I don't

know much." When necessary, George Han wanted to go to Han Xiao to find out the situation, although the journey Far away, his old man may have traveled around after the death of his wife. But for the ginseng baby, George Han would never frown even if there are mountains and rivers.

"Yeah. Senior Sister Qin Shuang, don't worry. The Void Sect has just gone through a big battle, and it will take time to set up everything for 3000." Amelia Su also said.

Although the Fu Ye United Army and George Han joined forces to win the battle, but. Many things need to be solved urgently.

Especially above the arming of Nothingness.

Qin Shuang shook his head: "The matter of the Void Sect can be taken care of by Sanyong and others. I want to return to the Void Sect now. Only when I see the Ginseng Baby safe and sound can I feel at ease."

George Han frowned, how did Sanyong and others take care of it? Although the preliminary results have been discussed with the Fuye family at present, if the Wuzong does not have strong defenses, will the Fuye family really feel at ease with the simple way?

Amelia Su was also quite embarrassed, and Qin Shuang was a little foolish.

"I beg you." Finished. Qin Shuang knelt down suddenly.

George Hanliang's eyesight and hands were quick and they quickly helped Qin Shuang up. George Han said anxiously: "Senior Sister Qin Shuang. What are you doing?"

"George Han, Ginseng Baby has been taking care of me since she knew me, even in the end. I also sacrificed myself for me. I have nothing to do for him, I can only beg you." Qin Shuang said, tears are already raining, crying miserably.

George Han was really helpless. At this moment, Amelia Su said: "Why not? Sister Qin Shuang and I will go back to Xianling Island. Anyway, this time the Battle of the Void Sect, I can carry it. Nian'er is obviously very much. I'm tired, and it's good to go back to

the island to take a rest. After you have dealt with the follow-up of the Void Sect, you can go to the master and his old man. Then it will be more convenient to do it alone. “

Amelia Su knows that she doesn't use her own excuse to return to the fairy. As for the island, George Han would definitely not agree.

George Han frowned: “You want to go back?”

“George Han. The God of Medicine did not dare to come after such a big defeat, but he must secretly want to get it back. You have to deal with the matter of the Void Sect next. Going to find the master will bring us a bigger goal, we will only distract you.” Amelia Su looked at George Han eagerly.

When Amelia Su used this method, for George Han, any request was not a problem, even for the stars in the sky.

Moreover, Amelia Su did have some truth in what he said.

In particular, I might look for Master Han Xiao everywhere, and the existence of Amelia Su and Han Nian would really slow down the journey. Most importantly, as George Han completely disclosed his identity, he didn't know when Lu Ruoxin would come to trouble him. With Lu Ruoxin's strength and the threat of Dao Twelve and others, Amelia Su stayed beside him. For safety hazards, returning to Xianling Island is the best choice.

Look at Qin Shuang's tears streaming down his face again. George Han couldn't help his wife and senior sister who was kind to him. He nodded emphatically: “Okay, you can go back to Xianling Island first.”

Amelia Su was immediately happy when he heard George Han's promise. The two women were extremely happy when they held Qin Shuang who was equally happy.

“However, as you said, Yaoshen Pavilion will definitely not let it go. You want to go back to Xianling Island. I am not at ease without me by my side.” George Han frowned.

“Then what if there is me?”

At this moment, a nice voice came, and the three of them looked back, and Ming Yu just walked out of the next room at this time.

Chapter 2184

“I happen to be going back. I had to leave after lunch. I wanted to wait for you to say goodbye to myself before leaving.” Ming Yu smiled lightly.

With Mingyu's ability, George Han would indeed feel relieved a lot. With the water circle in her hand, there may be many people who want to win her. But if you want to catch her completely, George Han doesn't think much.

“Three thousand, if there is sister Mingyu to help us, we can rest assured on the road, anyway, she can always escort us to the sea.” Amelia Su said.

George Han nodded: “Then you call Bai Xiaosheng from the rivers and lakes.”

Amelia Su responded and went downstairs to find Bai Xiaosheng in Jianghu. The most important thing about Bai Xiaosheng is that George Han wants to add insurance to this matter.

Let Jianghu Baixiaosheng draw a hidden route back to Xianling Island.

There is no way, Amelia Su and Han Nian need not say how important the position in George Han’s heart is, so no matter how small it is. As long as Amelia Su and Han Nian are involved, George Han must be careful and detailed.

After a short while, Bai Xiaosheng of Jianghu came up with him. After hearing George Han’s request, he didn’t talk nonsense. He took out paper and pen on the spot, and then took out various maps to try carefully. After more than half an hour of research, Jianghu Baixiaosheng finally planned an extremely hidden route.

George Han personally checked this route, and it was almost far from the current Yaoshen Pavilion’s sphere of influence, and many routes were also very hidden. There is no danger at all except that the road is a little difficult to walk.

George Han was very satisfied.

However, for safety, George Han still took Tianlu Paixiu to Amelia Su. At the same time, George Han didn’t mention the news that Qin Shuang and others were leaving. It wasn’t until nightfall that George Han took a few people out of the city in secret.

In order not to make Amelia Su too hard. George Han asked Xing Yao and Qiu Shui to go back with him. Linlong was also with him. Now that Xiao Bai is awake, George Han doesn’t need too many helpers.

Everything is based on the safety of Amelia Su and Han Nian.

Before leaving, George Han fed a lot of jewels to both the big and small Tianlu Pixiu, not only for the previous reward, but also for the next hard work.

“George Han, you must come back earlier, you know?” Amelia Su looked at George Han, a little sad.

In fact, Amelia Su was unwilling to be separated from George Han on the battlefield of life and death, because she clearly knew that in the Bafang world, in order to be with George Han. What life and death have the two experienced. Therefore, the obvious ones are not worried, how could the secret Amelia Su be afraid! ?

just. Amelia Su made sacrifices for Qin Shuang and the dead ginseng baby.

With George Han's IQ, it may not be reflected back then. But soon I can understand Amelia Su's intentions, but George Han also knows Amelia Su's temperament, since she has made a decision, George Han chooses to respect.

"Don't worry, I will come back as soon as possible, and if there is any harm to the seeds of the ginseng baby in Corpse Valley, I can think of some way to come back early." George Han nodded.

"Dad, Nian'er is waiting for you to come back, Dad, come on. Nian'er will always support you." Han Nianren is a small ghost, and obviously can't bear George Han, tears in his small eyes. But still resisted and smiled at George Han.

"Nian'er dear, when Dad comes back, Dad will play games with you and tell you stories." George Han nodded.

"Lagogou." Nian'er stretched out her cute little hand and rushed to Han three thousand times.

George Han smiled softly and stretched out his hand. The father and daughter held hands together.

"Xing Yao, take good care of your wife and young lady on the road, Bai Xiaosheng. You are exploring the road ahead of Linlong. Remember, if there is any trouble, you will return on the same road in time. Don't hold any fluke in your heart." George Han Ding said.

Jianghu Baixiaosheng nodded: "Don't worry about George Han, I will be careful. I will not take any risks."

George Han nodded, and then looked at Qiushui and Mingyu: "In order to hide whereabouts this time, I won't send too many people with you. You must protect yourself against the summer on the road. Thank you for your hard work. "

"Leader rest assured, Qiu Shui is here, his wife is here, and Qiu Shui is dead, and his wife must be there." Qiu Shui nodded.

Mingyu also smiled softly.

George Han patted Tianlu Pixiu, big and small, and patted Linlong again: "Thanks for your hard work."

After saying that, George Han turned his back. Although it was a short separation, it was hard to hide his sadness.

"Go!" Bai Xiaosheng yelled softly, riding Linlong to take the lead.

Xiaotian Lu Pixiu carried Amelia Su and Nian'er closely behind them, behind them. Ming Yu flew low in the sky, and the big sky Lu Pixiu carried Qiu Shui slowly away.

Nian'er and Amelia Su kept looking back and waved goodbye to George Han.

For a long time. George Han's eyes were red and swollen, looking back, his hands murmured in the air. However, the figures of the two mothers and daughters have drifted away.

"When we are finished here, we will go back quickly." Fu Mang patted George Han on the shoulder.

George Han nodded, moved his hand, and flew into the city with Fu Mang.

However, the entrance of the inn at this time is not quite peaceful...

Chapter 2185

Dozens of people stood outside the door carrying gifts.

A young man stood proudly at the door, tall and tall.

Several disciples in charge of guarding the gate stopped them outside.

"I've said that, our lord has rested for something tonight. I don't see any guests, please go back." The guard said coldly.

In order to prevent people from knowing to send Amelia Su and the others out of the city tonight, George Han gave the order early and did not see any guests after dark.

But no matter how much I thought, the group of people in front of me was forced to go in and meet George Han, and the guard was naturally unwilling.

But the other party is obviously not in a state of giving up. The people on both sides suddenly became noisy.

Fu Mang frowned, fell first and went to negotiate, while George Han flew back to the inn.

"What's the matter? It's noisy? I don't know that the leader has rested?" Fu Mang shouted angrily. A few steps passed.

"I have seen Zuo Da commander." The guard saw Fu Mang, and he lowered respectfully. And the young man glanced at Fu Mang, his face full of disdain.

"You are?" Fu Mang frowned and said calmly.

"Huh, it's easy to say, Fuyu, the deputy director of the Xiafu family." After speaking, he glanced at the guard in disdain. Said: "I came here to give gifts to George Han by the orders of Chief Futian and Ye Chengzhu."

“Gifts?” Fu Mang frowned: “What gifts?”

“I’m afraid this is not something you can know. , Where is George Han, I want to see him.” After Fu Yu said in a cold voice, she was about to walk into the inn.

Fu Mang stretched out his hand to stop him, and smiled disdainfully: “If I don’t know, can you come in this door?”

” Fu Mang, let me tell you, don’t think I don’t know who you are. It’s just a traitor who helps the family. Do you really think you’re holding a thigh and the chicken feathers are the arrow? “Fu Yu suddenly dissatisfied.

“Pop!” There was

a crisp sound. Fu Mang directly slapped Fu Yu’s face with a slap in the face, which made him pale in shock. Looking at Fu Mang incredulously: “You fucking dare to hit me?”

“If you talk nonsense, you would dare to kill you. But there is a small helper. It’s also your turn to be presumptuous in front of me? Don’t be afraid to tell you, Even if Futian comes, Lao Tzu tells him not to enter, he will not be allowed in. If you have anything to say, let it go as soon as you have a fart!” Fu Mang shouted angrily.

Fuyu suddenly became angry, at this time. The subordinates hurriedly grabbed him, and persuaded: “Brother Fu. The patriarch asked us to apologize. If the trouble continues...”

Hearing this, Fu Yu suddenly lost his temper: “I take orders from the patriarch and At the order of City Lord Ye, send some gifts to apologize to George Han. Everyone has fought against the enemy together. There is no need to be upset because of some misunderstandings. My clan chief has fired the ignorant guard.”

After speaking, Fu Yu waved his hand, and ten attendants immediately opened the box, which was filled with some Sebu Shanzhen. Satin silk.

“These are the little care of our patriarch and the city lord. I hope that George Han will ignore the predecessors. We will join hands in the future!”

Fu Mang smiled coldly, and then waved his hand, letting the people in Fuyu move things into the inn.

When the things were finished, George Han slowly walked downstairs. When Fu Mang told George Han about the incident, George Han just smiled and did not speak.

“Okay, we have accepted the things, you can go.” Fu Mang replied.

Fuyu and others were very depressed. After giving so many things, I had to coax them out without a word of thanks. However, the task is considered complete anyway. After Fuyu gave a soft drink, we left and left.

But as soon as he came out of the inn, Fuyu ran into a group of acquaintances.

“Isn’t that the eldest of the Wang family?” The subordinate looked strangely at the group of people entering the inn, and couldn’t help but wonder.

And this time.

In the Ye Family Mansion.

They were supposed to turn off the lights, but suddenly the lights turned on at this time, and Futian hurriedly put on their clothes after a notification from the next person, and walked quickly into the inner hall.

Fu Mei was almost awakened, and when she came out she knew that a guest had come from the house. At first, she was quite unhappy, but Futian soon sent another person to spread the word, and invited her and Ye Shijun to the hall together, saying that a happy event had happened.

Only then was Fu Mei depressed and brought Ye Shijun to the main hall.

Above the main hall, Futian was already waiting anxiously, but apart from him and a few people, there were no guests in the hall.

“Where is the person?” Fu Mei said uncomfortably.

“Come here.” Futian finished awkwardly, and at the same time looked out anxiously.

“Are there any rules? Come to bother us in the big evening, and haven’t seen a person for a long time? Even I came out, but they weren’t yet.” Fu Mei sat down angrily.

But as soon as the voice fell, Fu Mei couldn’t help sniffing her nose strangely, because at this time she suddenly smelled a very strange smell. It smells bad, as if standing in a ditch.

“What smells? It smells!” Fu Mei pinched her nose, smelling speechless.

“Hahahaha!”

At this moment, a rough laugh suddenly sounded from the outside, and then, in the dark, a weird man with a strange appearance, a tall stature and a strange clothes slowly walked in

Chapter 2186

Even if there are people in the room, Fu Mei still sees this man and feels terrified.

He is about two meters tall, dressed in reckless clothes, with a variety of weird decorations on his body, with a white face and a green mouth, a snake in his hair, eyes as big as a cow, nose high, face widened, and ears like giant droops. The appearance is really permeating.

As his figure shook, he stepped into the inner hall like a bull.

Surrounded by bright lights, and seeing his appearance in the dark in advance, he was mentally prepared, but when he walked into the inner hall and was close to each other, Ye Shijun and Fumei were still slightly shocked by his appearance.

“Bang!” With a loud noise, the big man directly put a very dry human leg on the table.

Although it is a human leg, it seems that this leg has been specially treated, and the outer layer is wrapped in a layer of golden and transparent something similar to amber. Within the amber, the muscle lines of the human leg can be clearly seen, thick and full of explosive power.

The loud loud noise on the table also shows that this person’s legs are very hard.

“See you, the king of ghouls, I have seen the Futian patriarch, Ye Chengzhu, oh, and the city lord’s wife.” Although he said hello, the body was sitting upright, his eyes looked away, and his tone was full of arrogance. At the last sentence of the city lord’s wife, Wang Jian looked at Fu Mei, but there was no respect in his eyes, only frivolous and provocative.

Fu Mei’s face suddenly became cold, but Ye Shijun next to him couldn’t help but smile at this moment: “It turns out to be the head of the four famous kings in the rivers and lakes, Mr. Wang Jian, the corpse king.”

“Good to say!”

“Isn’t it ?” Suggestions?” Ye Shijun asked.

Futian smiled: “Report to the city lord, that the king of the dead is here to join us.”

“Join us?” Ye Shijun was taken aback, and the next second, suddenly laughed: “If there are four famous rivers and lakes. The king is helping me to help the Ye Lian army. It is simply a great honor for me to help the Ye Lian army. Don’t talk about dominating one side in the future, even if it is the three true gods, it is not impossible.

When Fu Mei heard this, the discomfort on her face was fleeting, with a hypocritical smile: “This is simply a great thing, but why do you see only one king in the four heavenly kings?” The

dead king laughed. Clap your palms.

Fu Mei and the others only felt a gust of wind hitting, and three strangely-shaped people suddenly appeared at the gate.

The four heavenly kings are good names, and the four evil kings are their original intentions. The corpse kings are capable of refining corpses, the blood gods smash the blood and condense the demons, the bone demons control the skeleton building, the evil demons sacrifice the dead, the four are united, and do no evil. Nothing is bad, it is notorious in the arena as early as, but because of the vicious methods, it is frightened by people.

“Introduce, blood god Zhou Tongtian.” The

body is like a swallow, the skin is like pink, pale and enchanting, and his loose and strange clothes are like a devil in the dark.

“Bone Demon Su Yan!”

His eyes were sunken and lacklustre, his eyes were black and skinny, and his bare hands were like a piece of skin glued to a bone.

“Evil demon Jiangning!”

Among the four, he is the only one who looks at least normal. It can even be said that he is quite beautiful and has a kind of feminine beauty.

“Okay, okay, okay!” Ye Shijun was overjoyed. Although he has never seen the strength of the four evil kings, everyone knows his reputation in the arena. When the four of them stand in front of him, Ye Shijun can feel their uploads. The strong breath coming, this is far from impossible for non-masters.

With such four fierce generals, why is Ye Shijun unhappy? !

“Don’t be eager to be happy, we have one condition to join you.” Seeing that the king of the dead, the corner of his mouth twitched and raised his hand suddenly.

Hearing this, several people were taken aback.

“What conditions?” Futian asked with a frown.

“I want you to do me a favor.” Wang Jian gave a dark smile.

“What’s busy?” Ye Shijun also wondered.

“For you, it’s just a trivial matter.” Wang Jian smiled lightly.

“Our eldest brother wants you to send some troops to help us destroy the Wang family.” The evil demon general Ning laughed coldly.

“The Wang family? You said, but Wang Dong from Tianhu City?” Ye Shijun frowned.

Wang Jian nodded slowly: “Exactly.” The

Futian trio looked at each other immediately, and Ye Shijun frowned. In Tianhu City, the Wang family is everyone, and most importantly, the Wang family has joined the Fu Ye coalition. How do I get rid of this? !

“What hate do you have with the Wang family?” Ye Shijun couldn’t help asking.

“It can’t be said of any hatred. Who in this world dare to fight against our four evil kings? It’s just a matter of getting something from Wang Mang. As for what it is, this is not what you are qualified to know.” Wang Jian dismissed it. Tao.

Ye Shijun’s face suddenly became cold, not so much taking things, I was afraid that something from the Wang family made these four evil eyes greedy. He just said how these four evil kings suddenly wanted to join him so kindly, it turned out that it was just another plan.

However, although the Wang family is now small and not a big power in the Fuye United Army, it is at least an old clan in Tianhu City. There is no excuse for being honest, or there is no benefit that the Fuye United Army wants. Why? Want to fight?

“Zie Wang, are you afraid that you don’t know that the Wang family is also a subordinate of my Fu Ye coalition army, right?” Ye Shijun smiled lightly.

“It’s just because I know that I’m so polite to you, don’t talk nonsense, we will help you for a year, you help me eradicate the Wang family, how about?” Wang Jian said coldly.

Although the four evil kings are fierce, they can deal with the veteran kings, and they are not very sure about it.

Otherwise, given his four personalities, how would they come to discuss it? !

“The Wang family is rich and powerful. Although these four villains are fierce, they are arrogant and arrogant. He wants us to choose one of the two. I think we should choose the Wang family.” Fu Mei whispered.

Ye Shijun was about to nod his head. At this moment, Fuyu led a group of people slowly walking in.

“I have seen the patriarch, the city lord, and the wife of the city lord.” Fu Yu was very depressed, walked in and took a look at the four evil kings. Although he was shocked, he did not say much as a servant.

“Is everything delivered?” Futian asked.

Fuyu nodded: “It’s all delivered, but...”

“But what?” Ye Shijun said anxiously.

“But...” Fuyu rubbed his head depressedly, and then said: “But that Fu Mang is simply too arrogant. There is another thing, the subordinates don’t know whether to say or not.”

“If you have anything, just say it. Now.” Futian said dissatisfied.

The four evil kings are here, and he is not in the mood to listen to Fuyu’s nagging here.

“Yes...” Fuyu nodded: “When I came back, my subordinates saw that Miss Wang’s family also went to the place where George Han was in the evening. Moreover, Miss Wang’s entry into the inn was smoother than the person who gave gifts to me, so The subordinates doubt...Is the Wang family surrendering to the enemy?”

“Is there such a thing?” Ye Shijun frowned suddenly.
