

# His True Colors Novel Chapter 2191 - 2194

## Chapter 2191

As soon as the words fell, George Han's figure suddenly disappeared, leaving the whole house cold.

Young Master Zhang was stunned by George Han's anger and stood there. When it was reflected, the window was broken, but George Han was no longer there.

"Commander Fuda, I... Did I say something wrong?" Young Master Zhang was trembling in shock.

Fu Mang ignored him and rushed downstairs at this time.

When George Han shot straight out of Tianhu City, Tianhu City was already full of various eyeliners at this time. As he left the city, soon the news reached Futian and the others. in.

"Odd, amazing, George Han actually went out of town." After Futian received the news, he almost ran all the way to the inner hall.

Above the inner hall, Fu Mei and Ye Shijun had been waiting for a long time. They got up and sat here today or even early in the morning, specifically waiting for the so-called tomorrow last night.

When they heard the news of Futian, Fu Mei and Ye Shijun were taken aback for a moment, and then overjoyed: "Really?"

"It's true. I deployed at least a thousand spies outside early in the morning. Many people saw George Han with their own eyes just now. Flying out of the city, the direction is really the direction of Flint City." Futian said with great excitement.

"It seems that Ye Gucheng did not lie to us." Fu Meixi said.

Ye Shijun was also quite excited: "Then let's follow the plan?" The

two nodded.

Then, the three looked at each other and smiled at each other.

At this time, George Han, even though Tianlu Paixiu was gone, he urged the emptiness of the emptiness, his energy was full, without any reservations, and he was not much slower than usual.

In the evening, George Han finally flew to the vicinity of Flint City.

In the distance between the mountains, a looming city is built like magma, surrounded by fire and smoke, covering the city with a veil of mystery. From a distance, the flint city is like being built on a volcano. The city on the mouth is just like a mirage.

“Is this the Flint City?” George Han stood up, and Xiao Bai jumped onto George Han’s shoulders afterwards.

Xiao Tian Lu Pai Yao was caught, Lin Long was seriously injured, Xiao Bai understood that he was George Han’s only helper at this time.

“I really will find a place.” George Han sipped coldly: “Use the power of the mountains to create a formation that connects the central Flint City. You will go in later, you have to be careful. Although I don’t know what formation it is, but, This Flint City is not simple.”

“It does find a place, but unfortunately, they have offended the wrong people, just like me.” Xiaobai gave a wry smile.

No matter how good it is, someone must enjoy it. If no one can enjoy it, what is it? !

Although Flint City is exquisitely constructed and large in size, it is destined to become an isolated city.

“Would you like to ask the brothers to come out and help?” Xiaobai smiled.

“No need.” After George Han finished speaking, his figure moved, the sky fire moon wheel turned into a bow and arrow, and the jade sword straddled his body, suddenly bursting out with an arrow!

call out!

The sky fire moon wheel jade sword was three in one, and with a clear sound, it directly blasted towards the moat barrier of Flint City.

boom! ! !

With a loud noise, the Skyfire Moon Wheel and the Jade Sword slammed into the barrier, and the entire barrier slammed into the air. Then, the three returned to George Han’s hands.

“Damn, this thing is really fucking hard.” Xiaobai whispered.

“Then it seems that his enchantment is hard, or the axe in my hand is hard!” George Han smiled coldly, raising the Pangu axe in his hand and about to get up.

“Who is here!”

At this moment, on the city wall, the colorful lights, the Zhu family masters flew to the city wall one by one, looking at George Han rushing outside through the barrier.

“You dare to come to my Flintstone City to make trouble.” Among the crowd, an old man dressed in white with red vermilion characters printed on his chest shouted angrily, his cultivation reached the terrifying elementary level of the Eight Desolations. It is really a master of masters.

“What I want is your life in Flint City!” George Han sneered, and Pangu axe suddenly shone!

Falling from the sky, breaking the power of Huashan!

drink! ! ! !

boom! ! ! ! !

Under Pangu’s axe, Wanwei dominates, and the entire enchantment is shaken by the powerful vigor.

“Han...George Han?” The white-clothed old man’s complexion changed suddenly, and he shouted angrily: “I will inform you immediately that the tiger is in the cage!”

“Yes!”

“I’m a tiger, you think you are worthy of a rubbish flint city. Are you caged?” George Han smiled grimly, and slammed his axe.

boom! ! ! !

The sturdy enchantment was under the axe, like powder, with a muffled sound, the golden light of the entire enchantment quickly spread from the axe mouth to the surroundings, and quickly dissipated to the surrounding mountains.

The strong barrier that uses the breath of the mountains is broken!

“George Han, you are so arrogant. Do you really think that no one in this world can take care of you?” The white-clothed old man shouted angrily: “Zhu family generals!”

“Yes!”

” Take me this arrogant child ! ” “

Yes! “

After saying that, over the fortress walls of fire, runs through hundreds of shadows Korea three thousand men.

“Touch my wife and daughter, I want you to be buried with the Zhu family!” George Han yelled, Jin Mang suddenly flashed!

## Chapter 2192

The voice fell off.

A black shadow struck directly like lightning, and it carried the power of destroying the sky and the earth, shocking the audience.

Seeing this, even the larger Zhu family members were all panicked at this time.

What kind of ghost power is this? It's so strong that it feels suffocating!

Although it has long been known that George Han is quite capable, and the Zhu family has already made a good response, at this time, when they really saw this guy's abnormality, they still trembled in their hearts.

"This guy, what the hell? Why is the aura so strong?"

"Is it still a human?"

Before the three thousand Han people arrived, the Zhu family's several masters were already shivering, and some of them were even more eager to retreat.

"Die to me!" With an

angry shout, George Han went down with an axe, and the sky fire and moon wheel burst out at the same time, like a mad dragon sweeping everyone.

boom! !

The Pangu axe lifted down into the sky, and the 100-meter-thick city wall was hard under one axe, and it was directly chopped up to tens of meters. The violent explosion even made the entire city wall shake.

The sky-fire moon wheel is like a fire-dragon and electric jade, across the vertical pendulum, wherever it passes, fire and lightning are entangled, causing countless casualties.

The Zhu family's gang of masters did not even match George Han. At this time, they had been beaten in embarrassment and were tired of coping.

"With your strength alone, you want to fight my Flint Zhu Family. You are too arrogant." The white-clothed old man stamped his foot angrily, and his whole body ejected directly.

Behind him, dozens of Zhu family masters also stabilized their figures, and immediately joined in to encircle George Han.

"Looking for death!"

Boom! !

The golden light on George Han's body was scattered, and the golden light all over his body was directly scattered, like a god and Buddha, with silver hair rising without wind, and swinging.

"I want you to sacrifice to heaven!"

As soon as the voice fell, George Han directly killed the white-clothed old man with a Pangu axe in his hand.

Wuxiang Shen Gong, Tai Xu Shen Step, Tian Yin Shu, left hand to attack it, right hand to attack it, his body is swift and fierce, his power is overbearing, the old man in white has never seen such a fierce offensive, and he hurriedly fought against it. The terrifying strength of the rank naturally does not fall into the wind.

But soon, he discovered that something was wrong.

George Han was only offensive but not defensive at all, which made his offensive very fierce. The old man in white sneered while he was tired of dealing with it, and slapped him with a palm.

I thought that George Han was dead, but I didn't know that the palm was shot on an iron plate. He didn't know how much George Han was injured, but George Han hit him with a backhand at this moment. My injury is not minor.

"Hey, this guy is so strange, everyone be careful." The white-clothed old man was beaten back several meters by George Hanyi and shouted to the people around him in time.

"My little mother!" George Han screamed and rushed directly to the old man in white.

Want to take a breather? It depends on whether I agree or not!

As soon as the voice fell, a golden light and a white figure suddenly rushed together again!

Boom! !

The sky is shaking!

The two masters duel, the fire is everywhere.

Fighting from mid-air to the sky, from the sky to nothingness, in mid-air, lightning flashes and thunder, the anti-Buddha sky is torn apart, and it will step down at any time.

Above the air, the two did not leave anything behind, George Han was extremely brave, and the old man in white also seized the opportunity of George Han not defending, trying to defeat George Han with his own fatal attack.

Above the bottom, Zhu's gang of masters are also always paying attention to the battle above. Once there is any opportunity, they will immediately release the attack and help the white-clothed old man remotely.

But obviously, such opportunities are not many.

George Han under Taixu's steps was erratic, sometimes far away from the white-clothed old man, and sometimes fought against him suddenly. Although a group of people wanted to help, they were afraid of accidentally hurting the white-clothed old man.

"Now, you can go and die!"

George Han smiled scornfully, looking at the wound on his right arm that was cut by the old man, golden blood flowed, and in the next second, George Han suddenly slapped his right hand with his left hand. The blood was instantly photographed into countless rains of blood, directly blasting the white-clothed old man.

In a hurry, the white-clothed old man only used his own robe to block him.

But this obviously will cost him an extremely heavy price.

And the blood rain that hadn't blocked, but at this time, took advantage of the trend, and directly showered the Zhu family masters below.

When the blood drenched, many people got a few drops of blood on their faces or bodies.

When seeing the golden blood flowing on George Han, a group of executives finally felt relieved.

"Elder Tianxiang is indeed a role model for my generation, haha, just a few times, I have already injured that George Han."

"Hehe, they all say that George Han is a mysterious person. It's amazing, I think, it's nothing. "

That's it." "Although the top of Qishan Mountain is a master contest, this kid shines on it, but people who don't go to the top of Qishan Mountain don't mean that they are not masters. The world of Qishan is extremely big, and Crouching Tiger, Hidden Dragon is even more so. , Coincidence and misfortune, there happened to be a Qianlong in my Zhu family in the wild."

Several Zhu family masters are already full of joy at this time, and they just have a drink to celebrate.

“George Han, Lang got a false name.”

Above the midair, after blocking the blood, the white-clothed old man disdainfully let go of the blocking white-clothes, and said with contempt.

“Do you know me well?” George Han stopped attacking, and stopped gently at this time, looking at the old man in white amusedly.

As far as George Han was concerned, he was just a dead body at the moment, so naturally he was not interested in attacking any more.

“Do you think we will not prepare a little bit? Naturally, we have to understand a little bit about your situation. Knowing ourselves and knowing the enemy can win all battles, are you right?” The white-clothed old man smiled triumphantly.

“Indeed.” George Han smiled and nodded: “Knowing yourself and the enemy can indeed win all battles, but the question is, do you really understand me? If there is a deviation, what should you do? However, this answer, I am afraid you only have I can only taste it slowly in the next life.”

After speaking, George Han waved his hands and made a gesture of goodbye. Regardless of what the white-clothed old man said, he turned and flew directly down the city wall.

The old man in white glared angrily, he was still here, this guy actually wanted to leave if he didn't care?

But he just wanted to chase George Han, but found that his body was completely out of control, and when he looked down subconsciously, his pupils suddenly opened wide!

At this time, his body was filled with all kinds of blood holes. Through those holes, he could even see the sky behind him! !

“This...this...” The white-clothed old man looked at the blood hole in his body incredibly. When did this happen?

Suddenly, he was shocked: “Blood, it's the blood!”

With unwilling eyes, his body suddenly fell from the sky.

The gang of masters on the ground who were helping out were just happy when suddenly many people died suddenly. Their miserable condition was not reflected. They heard that the elders above the sky had fallen. The dead were dead, but the alive. tremble with fear.

At this time, George Han had already plunged into Flint City, killing all the people like a slaughter of demons!

## Chapter 2193

Without the restraint of the master in front, George Han, who ran away, was like a lion rushing into the flock.

Even if Flint City added countless elite soldiers to support after the outbreak of the war, to George Han, these were nothing more than powder.

“Boom!!!”

George Han, carrying the sky fire moon wheel, bombed by the sky fire on his left hand and wrapped around the moon wheel on his right.

In the city, there were fires everywhere, purple electricity entangled, corpses spread across the field, and blood flowed into rivers.

It is difficult to resist George Han with these.

It was even more difficult for George Han who wanted to resist the rage.

The originally beautiful Flint City, but at this time it is like purgatory on earth, crying, crying, everywhere! The horrible roar of the wolf is endless.

George Han stood in the air, with a golden body and silver hair, stepping on the mountains and rivers of blood, like an evil god.

Ten thousand soldiers were killed and wounded, and more than a thousand masters were beaten to a half-handed. At this time, George Han, who was shining with golden light, was also full of blood.

“Hand over Amelia Su and Han Nian, otherwise, I will slaughter you the whole city!” As

soon as the voice fell, a blow was blown! ! !

boom! ! !

Hundreds of people died under the light of the axe, and the 100-meter-long street also left a half-meter deep gully.

Shocked! ! ! !

Even though there were still many soldiers in Flint City, no one dared to move at all.

“Stop!”

At this moment, he shouted angrily.

In the next second, thousands of soldiers lined up quickly, and another group of masters quickly walked out under the leadership of a few middle-aged people, and at the front of the crowd was the lord of Firestone City, the lord of the Zhu family. Zhu Kaixuan!

“Your Excellency is George Han? I have no grievances with you, so why break into my city and slaughter my Flint City?” Zhu Kaixuan said coldly.

Half of the city of Flintstone was under the fire. The people fled, and the soldiers were all broken. As the owner of the city, how could he sit still? !

“Hand over Amelia Su and others, I will spare you a dog’s life.” George Han’s face was cold.

“George Han, I don’t know what you’re talking about! I didn’t arrest you in Flint City!” Zhu Kaixuan yelled, but it was obvious that the rush that flashed in his eyes had deeply betrayed him.

“No?” George Han smiled evilly, his figure turned into a flash of lightning, and in the next second, he appeared directly in front of Zhu Kaixuan.

As the lord of the party, Zhu Kaixuan’s cultivation is naturally not bad, almost the instant George Han appeared in front of him, he had already withdrawn and left.

boom! ! !

George Han didn’t stop at all, and accelerated violently, directly tore a huge gap in the huge array of thousands of people behind Zhu Kaixuan.

“What kind of perversion is this?” Someone called out a terrifying strange.

“No, he went to the City Lord’s Mansion.” The other person beside Zhu Kaixuan also suddenly reflected at this time.

Zhu Kaixuan’s heart suddenly tightened, and with a big wave of his hand, he quickly rushed to the city lord’s mansion with everyone.

But when he arrived at the City Lord’s Mansion, the mansion’s compound was already full of soldiers and the corpses of the nursing home. The whole graceful and noble mansion was covered with blood at this time, and the screams and crying in the house pierced the eardrums. .

In the big house, hundreds of family members of Zhu’s family had been forced into the corner by George Han at this time.

“George Han, fortunately, you are still a well-known figure in the world. What kind of ability to bully women and children? If you have the ability, come at me!” Zhu Kaixuan shouted and rushed in with someone.

“So you know, what happened to you? What about my wife and daughter?” As soon as the voice fell, George Han moved his right hand, and a family member of Zhu’s family suddenly crooked his neck, fell to the ground, and could no longer move. .

“What’s the matter with you? Don’t you dare to come to me?”

Several family members fell again.

“You!!!” Zhu Kaixuan knotted.

George Han smiled grimly, and moved his hand again, and a family member was directly sucked into his hand by him. When he moved his fingers, he heard a muffled sound in the person’s throat, and then he lost his breath and fell on George Han’s hand.

“George Han, you are a heroic and mysterious person admired by many people in the Octagonal world. Do you really intend to kill these unarmed people all the time?” An old man shouted angrily next to Zhu Kaixuan, trying to suppress George Han with morality.

But it is a pity that he obviously used the wrong person for this trick.

“I, George Han, are never rare to be a hero, let alone a shit hero. If you dare to touch my family, I will want you to be buried in the city. Give me death!” With a

big wave of his hand, George Han was more than twenty behind him. Famous family members died instantly!

The Zhu family suddenly opened their eyes, and the person in front of them, who is a mysterious person, is clearly the devil of hell!

“Dad, don’t talk nonsense with him, let’s kill him together.” At this moment, the son beside Zhu Kaixuan suddenly said anxiously.

When Zhu Kaixuan heard his son talking, he felt anxious and hurriedly wanted to protect his son, but a dark shadow suddenly flashed, and then his son had disappeared in front of his eyes.

“So this is your son?” When George Han appeared, he had already grabbed the kid and stood on top of the inner hall with an evil sneer on his face.

“Have fun?” George Han looked at Zhu Kaixuan.

## **Chapter 2194**

Zhu Kaixuan was taken aback, and his heart was cold, but he didn’t speak yet. Suddenly, George Han suddenly moved his hands.

“Bang!” With

a loud noise, many senior executives behind Zhu Kaixuan and many Zhu family members behind George Han couldn't help but turn their heads aside after seeing this situation.

George Han held Zhu Kaixuan's son in his hand like a stick, stuck it in his throat and lifted it up, and then fell to the ground with a bang.

Zhu Kaixuan's son was so thrown that he curled up on the ground, only opened his mouth, but he couldn't make a sound in pain.

"Don't tell me?"

"Shoo! Bang!!!" It

was another volley catch, and Zhu Kaixuan's son was immediately caught in his hands again, and then he slammed again! !

At this time, he was completely lying on the ground, his limbs twitching.

"Don't tell me!"

"Bang!"

"Bang!"

"Bang!!!"

Zhu Kaixuan closed his eyes tightly, he didn't dare to see the scene in front of him, let alone his own son. How miserable it is to fall back and forth!

After three consecutive times, Zhu Kaixuan's son was already lying on the ground and barely moved. The blood had already stained his whole body, and it was mixed with countless soil, becoming a full clay figure.

The brain fluid wets his hair, making his black hair look a lot of snow white.

The Zhu family are used to taking care of themselves. They have never seen such a battle, and each of them shrank in fright and hugged each other tightly. Even the soldiers who have experienced many battles can't help but take a breath at this moment.

Cruel, it is too cruel.

Everyone couldn't help turning their faces to one side, for fear that they would look at him more than once, and if he saw them, they would torture themselves alive.

"George Han, that's enough, you don't hurt my family anymore, I can only tell you, if you still want to survive, leave here immediately, this is the only message I can give you."

Zhu Kaixuan was scared, he There were only two sons, one died, and the remaining one was among the family members.

“If you can’t hand over someone, do you think I will leave?” George Han said coldly with disdain.

“You want people, I’m afraid it’s impossible. We are just taking orders, don’t blame us.” Zhu Kaixuan sighed and stared at George Han.

Before doing this, he thought he would face George Han’s revenge, but he still dared, naturally because someone supported him.

“Okay, then go to those who ordered you to beg for mercy.” As

soon as the voice fell, George Han’s right hand suddenly attacked Zhu Kaixuan with the moon wheel, and the left hand Tianhuo suddenly slammed into the Zhu family behind him.

Zhu Kaixuan and the soldiers hurriedly resisted the moon wheel, and the other end was already hell on earth.

“Ah!!!”

“Ah!!!”

Above the fire, a hundred people howled miserably, and those family members were like fire men, jumping desperately in place, and the scene was terrible.

“Fight the fire.” Zhu Kaixuan shouted.

Countless soldiers suddenly rushed to save people while fighting the fire.

But soon, not only were these soldiers unable to save people, but there were also a few people in the Zhu family who were burned by the fire because they were too painful and hugged for help. They were caught in the fire and burned alive.

George Han’s sky fire, although George Han deliberately reduced the amount of fire, how could it be extinguished by ordinary people?

Watching his family yelling in the fire, Zhu Kaixuan was full of discomfort and pain. Looking at George Han, he gritted his teeth and said bitterly: “George Han, you kill my family. You are so disgusting.”

Some people don’t pay attention to their bad words at all, and only think that it hurts others to beat him and bite back. The same is true of Zhu’s family.

The human heart is evil. Sometimes, in addition to being unable to look directly at the sun in the sky, one cannot look directly into the human heart.

They did the same to George Han and Amelia Su. George Han was just a backhand sanction, but he was heinous in their eyes.

George Han held up the sky fire with his backhand: “Now, don’t you tell me, where is Amelia Su? This is the last time, the big deal, I will slaughter your Flint City and look for it slowly!”

“Dare you!” Zhu Kaixuan shouted angrily .

“Then try!”

As soon as the words fell, George Han’s hands all sent out the sky fire moon wheel, and at the same time his figure suddenly rushed towards Zhu Kaixuan.

Zhu Kaixuan was also very angry at this time, with the hatred of killing his son and the hatred of seizing the family, and brought a few masters directly to George Han.

Six to one.

The fire was blazing.

At a time, the seven people were fighting in the hall, creating wind and interacting with each other.

At this time, Tianhu City.

The Fuye coalition forces were alive and powerful, and a large number of troops interspersed in the city to hunt down. George Han originally lived in the inn. At this time, it was already devastated and blood flowed. Numerous disciples of the Mysterious Alliance were suddenly besieged by the Fuye coalition, causing heavy casualties.

At this time, the palace of the Wang family was also called for killing. The four evil kings carried the Fuye coalition forces to besiege and kill the Wang family.

Outside the Wuwuzong Mountain, a large number of Fuye coalition forces are also quietly approaching.

Outside Flint City, the Yaoshen Pavilion’s 40,000 troops, the Immortal Sea Area’s 20,000 soldiers, and the Fuye Coalition’s 30,000 troops, crashed into Flint City from three directions.

In the sky, black clouds are pressing down on the city.
